October 5-11 Fire Prevention & 4-H Week

Fire Prevention Contest Winners Named

The local Fire Department contest for all kindergartens through 4th grade. Winners and prizes were announced at the Tahoka school on Oct. 7th.

Prizes were \$5 for 1st, \$3 for second and \$2 for third place in each grade.

Jackie Jaquess, Jimmy Todd, Kent Shepherd and Ed Redwine, local firemen, presented a program with the fire truck to students in Tubb Elementary and North Elementary.

4-H Week Oct. 5 - 11

The 4-H program has a proud heritage, and the upcoming National 4-H Week observance, Oct. 5 - 11, provides a good opportunity to reflect on its history, its current status, and the new horizons that lay ahead, says Dr. Stormer, state 4-H and youth leader with the Texas Agricultural Extension Service.

More than 215,000 Texas 4-H boys and girls will join the 7.2 million 4-Hers across the nation in special events and activities keyed to this year's theme, "4-H--'76.... Spirit of Tomorrow."

"But in looking to and planning for tomorrow, 4-Hers are also reflecting on the past, and Texas played a big part in the 4-H heritage," notes Stormer.

"For it was in 1908 that a Corn Club was formed in Jack County by part-time county Extension agent T.M. Marks to teach farm boys about corn production because he was having little success reaching the farmers themselves. The club started with 111 boys, and the results that Marks achieved drew nationwide acclaim. This club was a forerunner of 4-H as it is known today."

So 4-H grew out of a need to make education more practical and interesting to farm youth. It provided enriching, real-life learning experiences through the "learning by doing" concept, and today's programs offer similar experiences although the projects and activities have changed.

"By encouraging high standards and setting of meaningful goals, 4-H lays a broad and firm base for a lifetime of personal growth," points out Stormer.

"As today's youth grow to adulthood, they face a world unlike the one most of us grew up in. There will be more people and fewer resources. And there will be vital issues in government that call for wise decision-making. 4-H prepares young people to assume the responsibilities of adulthood in a changing society."

With more than 60 different projects and activity areas now attracting 4-H members through Texas and the nation, 4-H has indeed come a long way since 1908.

4-H Is Distinctly American

The 4-H program receives widespread financial support from various businesses, corporations and foundations all over the nation. In this state the Texas 4-H Youth Development Foundation garners support from the private sector, both individual and business, to support many 4-H activities.

National 4-H Week provides an opportunity to look back at all the success that the 4-H program has enjoyed in the past, points out Bill Griffin. It also is a time when the groundwork must be laid to face the challenges that lay ahead. And challenges there are plenty, as 4-H strives to assist youth along the road of life and to prepare them to be the leaders of tomorrow's America.

New Home Supper Oct. 10

The New Home Booster Club is sponsoring a Homecoming Spaghetti supper Friday, Oct. 10 from 5 to 7 p.m. in the school cafeteria.

Ticket prices will be \$2.00 for adults and \$1.25 for children.

Garden Club Bicentennial Display

The Tahoka Garden Club will have its Bicentennial display all during the month of October. The display will be a showing of antiques and will be in the old Post Office building.

On October 10th the building will be opened 9 a.m. for a pantry and bake sale.

Everyone is urged to come in and view the display at close range and buy cakes, pies and other goodies.

Daddy Date Nite Held September 30

"Daddy, you're the Sunshine of my Life" was the theme for the 1975 Daddy Date Nite held in the school cafeteria on September 30. The invocation was given by Teal Corley and the FHA President, Sheree Jerden, gave the opening ritual. Debbie Nettles presented the welcome and introduced Mrs. Sherry Etheredge, a member of the Advisory Council. Debbie and Sheree also read poems about 'dad' and the group participated in some fun games. Mrs. Carolyn Virgin presented special entertainment by singing several songs and inviting the dads and daughters to sing along. Everyone enjoyed cake and homemade ice cream furnished by the FHA girls. Sheree gave the closing ritual and Deanya Wood gave the benediction.

Daddy Date Nite is held every year for FHA members to honor their dads.

Grain Sorghum Election

Texas Grain Sorghum Producers Board, High Plains Area, will hold its third biennial election on October 16, 1975. The terms of four present board members will expire at that time. Any person within the following counties who is engaged in the business of producing, or causing to be produced, grain sorghum for tenants and share croppers, if such person is required to pay the assessment that is collected on grain sorghum within the following counties: Armstrong, Bailey, Briscoe, Carson, Castro, Cochran, Crosby, Dallam, Dawson, Deaf Smith, Floyd, Gaines, Hale, Hansford, Hartley, Hockley, Hutchinson, Lamb, Lubbock, Lynn, Moore, Oldham, Parmer, Potter, Randall, Sherman, Swisher, Terry and Yoakum.

Any person qualifying to vote in the election may have his name placed in nomination for membership on the Texas Grain Sorghum Producers Board by application to the above organization, signed by himself and at least ten other persons eligible to vote in the election. Such applications must be filed at least 30 days prior to the election date in order to have the names printed on the ballot. Application forms may be obtained from the TGSPB office, 1708-A 15th Street, Lubbock, Texas 79401.

The election will be held by mail ballot. Ballots will be sent to all eligible voters not later than 15 days prior to the election and must be mailed to the TGSPB office in Lubbock before midnight on the date of the election.

Any person qualified to vote who does not receive a ballot by October 2, 1975, may obtain one at his local County Agent's office.

Tech To Honor Wilmer Smith

Wilmer Smith of New Home is one of four Texas Tech graduates to receive the "Distinguished Alumnus" award at an Ex-Students Association dinner this Friday night. He is being honored as one who has given outstanding service to the nation in the field of agriculture.

Smith graduated from Tech in 1937 with a major in government. After teaching school a while, he began farming in the community where he was reared, New Home, and oversees the operation of his 880 acres of land.

For many years, Wilmer Smith has been active in area and national agricultural affairs, has been frequently and advisor to Congressional committees, the Department of Agriculture, and just two weeks ago met with President Ford to urge expansion of foreign trade for farm products.

Currently, Smith is vice chairman of the Central Bank for Cooperatives of Denver, Colo., chairman of the Advisory Committee for the Natural Fibers and Food Protein Commission of Texas, a director of the Texas Federation of Cooperatives, president of the Texas Lung Association, and a director of West Texas Savings Association.

In the past, he has served on the Texas Tech Board of Regents, president of the Texas Ex-Students Association, and as chairman of the Tech Century Club, and has had many other positions of trust and honor.

His wife, Lola, was honored in 1972 as a "Distinguished Woman" by Tech, and also has held many positions of trust including president of the National Home Demonstration Association.

The other three men being honored by Tech this Friday are Arthur Winston Busch of San Antonio, vice president of Environmental Affairs, Southwest Research Institute; R. Trent Campbell, chief executive officer of Mosher Steel Company; and J. Doyle Settlex of Dallas, chairman of the board of Setco Glove Award Corporation.

Rev. & Mrs. Bob Zacharias & Rebecca

New Pastor At Wilson

Sunday was a joyous day for St. John Lutheran Church of Wilson as they installed Rev. Bob Zacharias as their new pastor.

He graduated from Texas Lutheran College in 1962 and received his theological degree from Wartburg Seminary in Dubuque, Iowa in 1966.

From 1966-69 he served

the Beasley-Wallis congregation as Pastor. He then moved to Georgetown, Texas and served as pastor until he was called to serve in Wilson.

He is married to the former Linda Maklmann and they have one daughter, Rebecca age 3.

St. John Lutheran invites everyone to our Sunday worship services with Sunday School at 9:30 a.m. and church service at 10:45 a.m.

First-Class Mail Service Improvement Program

The U.S. Postal Service first-class mail service improvement program will go into effect at Tahoka Post Office on October 11. Postmaster Charles Townes said today.

Under the program, first-class mail will receive service that is equal to or better than airmail.

The major, new service step will extend to all first-class mail weighing 13 ounces or less. "In practical terms, what this service improvement means is that domestic first-class postage now will purchase the level of service that previously only airmail could buy," said postmaster Townes.

Under the new program, there no longer will be an advantage in purchasing airmail postage for domestic delivery," he said.

Priority mail (now starting at weight in excess of 13 ounces), which included air parcel service, and international airmail are unaffected by the improvement program and continue in their present form, the postmaster said.

Airmail stamps will be sold for use on priority and international airmail. They can also be used in various combinations with other stamps for first-class mail," he said.

Customers can exchange airmail stamps, and stamped envelopes and cards at full postage value for ordinary stamps, stamped envelopes and cards. Stationary bearing airmail indicia will be allowed to be mailed at the first-class rate, the postmaster said.

To aid postal customers, maps showing the cities and areas targeted for next and second day delivery for mail from Tahoka will be on display in the post office lobby, the postmaster said.

Bulldogs To Play Frenship Friday

Tahoka Bulldogs and the Frenship Tigers open their 1975 District 5-AA conference season this Friday night at 7:30 on Kelly Field here in Tahoka.

Tahoka is 1-3 in conference play, while Frenship is 1-4, and each team will be trying to start conference play with a win.

The Bulldogs had an open date this past week, and the coaches have been trying to get the boys in shape to start off conference play with a better performance.

The local team looked good in winning its opening game against Stanton here, but since has lost to Abernathy, Idalou and Dimmitt.

The Tigers also won their opening game over Hale Center, but since then has lost to Lockney, Tulia, Morton and Roosevelt. Last week they dropped a 34-6 decision to Roosevelt.

Frenship, like Tahoka, has several inexperienced players, and the team is said to be lighter in weight than usual but is depending more on quickness. They have 10 seniors and 16 juniors on their squad.

The game here Friday should be an interesting one, and local fans are hoping for a victory. Fans are reminded the game start at 7:30 p.m. thirty minutes earlier than the non-conference affairs.

Bridge Benefit Set For Oct. 21

All Lynn County bridge players are invited to participate in a game for benefit of the Cancer Fund on Tuesday, Oct. 21, at 7:30 p.m. at T-Bar Country Club. Admission is \$1.50 per person, and tickets may be secured from Tahoka Drug, Mr. Clint Walker, Mrs. Kenneth (Macky) Turner, or Mrs. W.H. Cords, according to Mae and Frank Hill, directors.

Cords and Mrs. Meldon Leslie and Mrs. Clint Walker and Mrs. N.B. Hancock, tied for fourth and fifth.

Winners the week before were: Mrs. Clint Walker and Mrs. Wilmer Smith and Mrs. N.B. Hancock and Frank Hill, tied for first and second; Mrs. Scudday and Mrs. Jacque Chesshir of Brownfield, third; and Mrs. W.H. Cords and Mrs. Wharton, fourth.

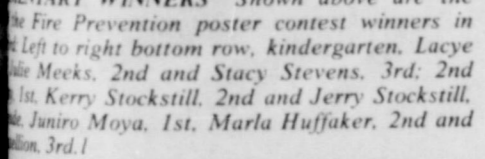

Faith Circle Meets Oct. 6

Faith Circle met Monday, October 6, at the Methodist Church.

Mrs. G.M. Stewart leader of the study called on Mrs. Georgia Cook for the opening prayer. She then read from the book of John.

Mrs. Stewart was assisted in lesson by Mrs. Letha Porterfield who reviewed the book, "To Love or to Perish," and Mrs. W.M. Mathis gave a summation of the story which has been on Faith or Fear for the Future. If we have solid and living faith in God and use Jesus as our model for helping those in need, we have no need to fear the future. Faith can help us look for God's hand in the changes of our times and find hope and courage.

Deer Chili

How about a menu for one of the best dishes in Texas, using one of the most popular meats, venison. Here's our recipe for deer chili. 1/2 lb. pinto beans, 5 cups tomatoes, 1 lb. chopped green peppers, 1 1/2 tbs. salad oil, 2 crushed garlics, 1/2 cup chopped parsley, 1/2 cup butter, 2 1/2 lbs. venison, 1 lb. ground pork, 1/2 cup chili pdwr., 2 tbs. salt, 1 1/2 tsp. pepper, 1 1/2 lbs. chopped onions. Wash beans and soak overnight, then cook and don't drain. Add tomatoes and simmer 5 min., add onions and cook until tender. Add garlic and parsley, mixing in browned green peppers. Brown meat in skillet and stir in chili powder and cook 10 minutes. Add all this with beans, mix in spices, and simmer for 1 hour, cook uncovered for 30 minutes. Take it from me ... it's great.

Sherry Etheredge Says . . .

Most homesewers find the "economic advantage" of making their own clothes, other than the fact that they add fashion to the dollars they save. Sherry Etheredge, Extension Agent, says that homesewers can make their own clothes as her own. She says that purchasing counter-top styles change frequently as current styles change. In fact, many European and American designers create new styles especially for the homesewers.

Also, over-the-counter fashion fabrics and inner fabrics offer homesewers the same quality and type of fabric available to ready-to-wear manufacturers.

Today's woman can sew faster and easier than ever by using clever, quick and easy techniques, along with new notions, tools and sewing aids-- such as fusible products--which eliminate many steps toward garment completion.

Turning again to the "economics" of homesewing, she said that making garments at home can save

60-70 per cent or more, when compared to purchasing ready mades. Also fabric quality and workmanship are better and lower priced than similar-quality ready to wear.

Other frequently-mentioned motivations for sewing are better fit, a creative expression, individuality in coordinating style, fabric, and trim or designing ones own garment, and productive use of leisure time.

Quilted fabrics will make fashionable cold weather clothing this year, Mrs. Becky Culp, a clothing specialist, reports.

Quilted vests and jackets, garment details such as yokes, pockets, collars or cuffs, and accessories such as hats and bags are in the limelight, she noted.

Mrs. Culp is an area specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

"In buying quilted fabrics by the yard, consider weight, thickness and texture most suitable for the garment's design."

"Also, the inside batting should be an even thickness throughout. The stitch length of the quilting threads should be short enough to avoid catching or snagging while wearing or cleaning. When stretched diagonally, quilting threads should give with the fabric without breaking," she pointed out.

Doing your own quilting can give custom or unique detail effect. Sandwich a lightweight batting, such as polyester fleece, between the fashion fabric and the backing of lightweight material, such as muslin. Baste layers together so they won't shift during quilting.

"Quilt by hand or machine, outlining designs in the fashion fabric or create an original design with matching or contrasting thread. A quilting foot on the machine is a useful and time-saving guide for stitching straight designs such as diagonal squares. Designs also can be marked or drawn on the backing fabric," the specialist said.

Other sewing hints especially helpful and quilted fabrics include: --Experiment with machine pressure, tension and stitch length adjustments to achieve the most satisfactory stitch. --Always finish quilting before laying and cutting out the pattern since quilting reduces the size of the fabric. --Eliminate extra bulk in seams and darts by trimming away the batting layer in the seam allowance.

County Tour For October 21

The Farm and Home Management Subcommittee of the Lynn County Program Building Committee will sponsor a county-wide tour October 21 according to Sherry Etheredge, County Extension Agent (Home Economics).

The tour will leave from the north side of the Courthouse in Tahoka on a chartered bus at 9:00 a.m. and will return to Tahoka at 4:30 p.m. The bus is being sponsored by Farmers Co-op Assn. No. 1, Tahoka Co-op Gin, Louder Gin Co. and Haney Gin, all of Tahoka.

The tour will go through Jones Station during the morning hours, eat lunch, and tour Feather Fabrics during the afternoon. There will be no charge, except that each person is responsible for their lunch.

In order that there will be enough room for everyone to attend, people need to pre-register and return information to the county Extension office, Box 669, Tahoka by Oct. 17. If you have any question concerning the tour, call the office, 998-4650.

Send your name, phone number, and address to the County Extension office, no later than Oct. 17, 1975.

The L.C. Unfreds have recently returned from a trip through Eastern Europe which took them to several countries behind the Iron Curtain.

They spent several days in Prague Czechoslovakia, visiting many interesting landmarks, as well as spending some time in a small typical village. From Prague, L.C. and Natalie went to Warsaw Poland, which proved to be one of the most interesting aspect of their trip. Warsaw was t 85 percent destroyed during World War 11, yet it is now a modern progressive city, but still with signs of rebuilding in evidence. From Poland they went to Russia. Their first stop in Russia was Moscow, and while there they toured the Kremlin, Red Square, St. Basil and several other beautiful Cathedrals which are now used as Museums. one morning was spent at the Exhibition of Economic Achievements. These 500 Acres are devoted to the economic achievements of the 15 Soviet Republics, and of particular interest to L.C.

was the Agricultural Pavilion. Another highlight was the modern and outstanding Subway System. They attended a performance of the world famous Russian Circus. Several days were spent in Leningrad and visited the Hermitage Winter Palace galleries and the Hermitage museum. Going out from Leningrad they drove along the Gulf of Finland to Petrodvorets with its magnificent fountains, parks and palaces.

The Unfreds next stop was at Budapest Hungary, a beautiful old city located on the Danube River. There L.C. & Natalie traveled through the countryside of the Danube Bend, visiting a collective farm, and many scenic towns along the way.

They returned home by way of Amsterdam and Montreal, stopping in Dallas where L.C. attended an executive meeting of Cotton Incorporated, and then to Austin for the Texas Tech-Texas University football game.

Clark and Mary Tennant and Bruce of Plano Tex. came Thursday to visit friends, Roger and Bobbie Blakney and girls. On Saturday evening a group got together for a cookout at the BG & L Headquarters.

Those enjoying the pleasant evening out were, Mr. and Mrs. Mike Gatzki, Michel, Scott, Kent, Mr. and Mrs. Roy Lynn Kahlick, Timmy & Ricky, Mr. and Mrs. Weldon Meador, Mr. and Mrs. Sam Gatzki, Jimmy & Kay all from Wilson. Also the Tennants and Blakneys, the Tennants left Sun. morning.

Cadette Troop #396

Tahoka Girl Scouts Go To Lubbock

Cadette Troop #396 headed for Lubbock after school on Tues. Oct. 6. The troop ate an early supper at McDonald's and spent some time at a park before going on to the YWCA for a swimming good time. Of course, everyone was hungry after swimming so they made a stop at Mister Donut for snacks before returning to Tahoka at 10 p.m.

The troop has been meeting on Thursday's at 4 p.m. They are working on their Social Dependability challenge, and several badges that go along with it. In earning these the troop will learn about health and good looks, know how as a hostess and know how as a guest. They will be required to plan, prepare and give 4 parties or dinners for different age groups before

earning the challenge plan. Members of the troop, as they appear in the picture, are Teresa Arellano, Elena Del Toro, Sandra Womack, Cindy Chancy, Suzanne Brooks, Kim White, Sheri Tomlinson, Cathy Weeks, Lani Brown, Denise Alma Hallmark, Arterfield, Sandra Brown, Connie Hallmark.

A confession of faith and a church manual have an identical quotation. "This perseverance of the saints depend not upon their own free will, but upon the immutability of the decree of election". This quotation originates from John Calvin's "Institutes of the Christian Religion" (3:21:5). It simply means that once a person receives salvation he cannot so sin as to fall from grace because he is not a free moral agent, but one of God's elect. Calvin believed that some men are predestined to eternal life and others to eternal destruction according to God's good pleasure. In order to support this doctrine of unconditional election it was necessary for Calvin to add four more decrees which are as follows: (1) a limited atonement (Christ died for only chosen men and they were chosen before his death), (2) total depravity (inability to respond to the gospel without divine assistance), (3) irresistible grace (repentance unnecessary), and (4) the inevitable perseverance of the elect (once saved, always saved). The latter of these decrees, number four, will be dealt with in detail for next several weeks. If it can be successfully denied, all of the other decrees of Calvin will fall by necessity.

Let me say now that there is an "elect of God" taught in the scriptures, but it is a corporate Christ centered election. Paul stated that Jews and Gentiles together are "reconciled to God in one body on the cross" (Eph. 2:16). Believers are not elected in isolation, but as members of the body of the elect. Christ is the elect and the body of the elect is His body or church (Col. 1:18). Paul instructed Timothy "there is one God, and one mediator between God and men, the man Christ Jesus, who gave himself a ransom for All" (1 Tim. 2:5,6).

TEXAS TALK

By Fred Myers

Initial reports on a new acid delinting process for cotton are all positive. Called the "dilute sulfuric acid delinting process", the new method of removing lint from cottonseed promises several things. Most significant for the farmer is the prospect of lower delinting costs and higher quality planting seed. Cotton Incorporated of Raleigh, North Carolina, is developer of the process they say will revolutionize delinting. Currently wet acid processes are threatened by Environmental Protection Agency action because of the large amount of sulphuric acid used in the delinting. According to first reports, the new process will consume only about 20 pounds of sulphuric acid per ton of cottonseed delinted. Backers of the operation say that quality of the seed will be improved, with no deterioration of the seed coat and with water uptake levels during germination equivalent to gir run seed.

GRAIN PRICE SUPPORT PROGRAM

USDA'S GRAIN

MARKET NEWS for September 19, 1975 reported that there was none of the 1974 crop of grain delivered to CCC because of non-payment of loans made under the authority of the price support program.

COMMUNISM

Few people of the world show any indication that they have the necessary information or will to stop the spread of communism. Alexandr I. Solhenitsny has done an excellent job of warning American citizens with regard to the communist threat. Two of the Russian writer's speeches have been reprinted in

pamphlet form by the Church League of America, 422 N. Prospect Street, Wheaton, Illinois 60187, and are available at a cost of 75c each, or \$60.00 per hundred to non-contributors. Those who contribute to the Church League of America can purchase a pamphlet for 50c each, or \$40.00 per hundred.

LABOR AND AGRICULTURE

AFL-CIO President George Meany, in a letter to state AFL-CIO officers on September 3, 1975, made some interesting comments with regard to labor's support of farmers.

By way of resolution, labor says: "For working farmers, there must be a solid guarantee that increased production will bring adequate income. Income guarantees must be made effective for them along with curbs on the speculative greed of agri-business corporations."

The ALF-CIO did support the higher "target price" farm bill this year.

Labor also supported the establishment of a national food policy that will take into account both the vital needs of the consumer and farmers as well as the world's need for food. Labor has suggested the establishment of a government agency with sole marketing authority for dealing with communists and other dictator countries. Such an agency could purchase grain from American farmers at a fair price and then bargain, on a government-to-government basis with the Soviets.

Labor wants only government-to-government negotiations.

In summary, labor would like for government to establish prices, priorities, sales, etc. and labor intends to direct government.

TEXAS FERTILIZER DISTRIBUTION

The Texas Feed and Fertilizer Control Service reported that 616,248.31 tons of fertilizer were distributed in Texas during the months of April, May and June 1975. Of this amount, 592,255.58 tons were used on farms and 23,999.73 tons were reported as non-farm use. These figures reveal that for the period of April, May and June 1975, 96.1 percent of the fertilizer distributed was used on farms and 3.9 percent was distributed for non-farm use.

This information is presented to reveal that the non-farm use of fertilizer in Texas is a very small part of the total.

FARM LABOR UNIONIZATION

The **DAILY WORLD** of September 13, 1975, a publication of the American Communist Party reported that the United Auto Workers was assigning 24 organizers and \$5,000 per week to aid the United Farm Workers in their election campaigns in California.

Whale's Scarcity May Give Rise To New Crops

Who'd ever think a whale could make a difference in what kind of crops farmers grow?

Farfetched as it sounds, the sperm whale could turn out to be the father of some new crops in this country. Since the federal government placed the sperm whale on the endangered species list in 1971 and banned imports of its products, scientists have been trying to come up with a substitute for the oil which once was used in everything from cosmetics to automatic car transmissions. Oil stockpiles accumulated before the law took effect are expected to run out in about two more years.

Agricultural scientists are giving close study to three oil-seed plants that may yield suitable substitutes for sperm oil, and provide farmers with profitable new crops.

One of the most promising is crambe, an annual that's native to the Mediterranean and Africa. Field research at Purdue University indicates the plant might actually be better suited to Indiana's climate and soil conditions than corn or soybeans, now the state's main crops.

Another annual being given close scientific scrutiny is Limnanthes or "meadowfoam." Native to northern California and southern Oregon, it contains a unique vegetable oil that can be chemically converted into a liquid wax ester similar to that of sperm whale oil.

The third possibility is jojoba, which grows wild in the semi-arid regions of California and Arizona. Because it takes five years to reach maturity, U.S. agricultural scientists feel jojoba has the least potential although its liquid wax ester is almost identical to sperm oil. While much research remains to be done, scientists think there's good potential that at least one or more of the three plants will reach new crop status in the future.

Mrs. Gordon Terry ...nee LuAnne Fondy

Fondy-Terry Exchange Vows

LuAnne Fondy and Gordon Lane Terry exchanged wedding vows at 7:00 p.m. Saturday in First Baptist Church of Slaton, Texas.

The Reverend J.L. Cartwright, minister of the First Baptist Church, officiated at the double ring ceremony. The bride is the daughter of Mr. and Mrs. Joe B. Fondy of 645 South 17th street in Slaton. The bridegroom is the son of Mr. and Mrs. C.B. Terry of route 4, Tahoka.

The bride, given away by her father, wore a formal length gown of white bridal satin, fashioned with scalloped Venice lace at the high Victorian neckline and outlining the deep "V" yoke and encircled the empire bodice. Long sheer bishop sleeves with lace appliques and deep satin cuffs edged in the scalloped lace complimented the A-line skirt that extended into the back fullness that swept into a chapel length train. Scalloped lace encircled the hemline with lace appliques above the hemline. Matching lace Juliet headpiece held a veil of imported illusion.

The bridal attendants were dressed in light blue floorlength gowns.

The attendants of the bride were: Miss Kay Stephens, maid of honor, of Slaton; Mrs. Floyd Kitten, Matron of honor, Slaton; Miss Nancy St. Clair of Mertzon; and Miss Cindy Woods, niece of the groom, of Tahoka. Miss Susan Hopper of Slaton and Miss Teri Steen of Wilson were candlelighters.

The attendants of the groom were: best man was Charles Terry, brother of the groom of Houston; Walt Haygood of Tahoka; Bruce Parsons of Lamesa; and David Gandy of Tahoka.

Ushers were Joe W. Fondy and Wesley P. Fondy, brothers of the bride and Kevin Gary and Stephen Gary, cousins of the groom.

Instrumentalists for the wedding were: Miss Lisa Opheim, piano; Mrs. J.A. Wright, organ and Mrs. Mike Bingham, Soloist.

Registering guests were Miss Helen Underwood of Dallas and Miss Kayla Curry of Seminole.

Serving the reception at

the brides table were: Mrs. Joe W. Fondy; Mrs. Wesley Fondy; Mrs. Frank Benson and Mrs. Kenny Schuette.

Serving at the grooms table were, Mrs. Doug Fowler and Miss Doris Meurer.

Miss Linda Robison provided the music at the reception and Julie Self distributed the rice bags.

Following a wedding trip to Colorado, the couple will live in Tahoka. The bride is employed by Modern Chevrolet in Lubbock. The groom is in business with his father in Tahoka.

Rehersal Dinner The rehersal dinner for the wedding party of LuAnne Fondy and Gordon Terry was held at Goodners Steak House in Lubbock, Fri. Oct. 4. Her chosen colors of blue and white were carried out in the decorations. A birthday cake was used as the center piece in honor of the bride to be. Twenty-seven persons enjoyed the occasion.

Thursdays Fried chicken potatoes, seasonal peas, cheddar fruit salad, hot rolls.

Fridays Hamburgers, lettuce, onions, peach cobbler.

INSUR-MATION

Robert Harvick
Lynn County Farm Bureau, 998-4320

I am a self-employed male, age 45, with an annual income of \$50,000. How can I use HR-10 to provide myself with a good income at age 65?

With HR-10, the maximum income allowed for computation is \$100,000 and the lessor of 15% of this or \$7,500; however, you can't exceed your actual income. Many choose to use a smaller percentage. For example, a man, 45, with 3 employees has earned income above \$50,000. His 3 employees earn \$21,600 annually. 7% of \$50,000 is \$3,500 and 7% of \$21,600 is \$1,512... a total of \$5,012 off the top of his income. This is a fair and legal application of HR-10, yet 70% of the total contributions go to him. Money, invested at age 45, in a flexible annuity paying 7% will yield a monthly income at 65 of \$1,175.
