Golden Age Meet Nov. 12

A meeting to organize a "Golden Age" unit will be held on Wednesday, November 12, 1975, in the Community Center Building, at 2:00 o'clock. Anybody and everybody who has reached the age of sixty is eligible to participate in this endeavor. There are many activities and benefits available to an organization such as this, so come out and get involved.

Football Season Is Nearing End

Tahoka Bulldogs journey to Denver City this Friday to meet the Mustangs and wind up the year the following Friday meeting the Antelopes at Post.

Last Friday night, in the final home game of the season, the Bulldogs were over-powered 35 to 8 by the Roosevelt Eagles.

Roosevelt returned the opening kick-off to their own 36, and then drove 64 yards in five first downs to score. Lowell Bridges drove over the goal line to score with 4:29 left in the first quarter. Adams kick was good, and the Eagles led 7-0.

After taking the kick-off and moving for one first down, Tahoka's Tommy Botkin punted to the Roosevelt 21. The Eagles promptly drove 79 yards for another TD with Roy Sansom going the final 15 yards. Adams kick was good again and the visitors led 14-0.

Tahoka received the kick-off, returned the ball to the 29, fumbled, and Roosevelt recovered. On the third play of the second quarter, Roosevelt scored again, this time on a pass from QB Roger Daniel to Richard Adams. The place-kick was good for conversion. Roosevelt led 21-0.

Tahoka then received, moved to the Eagle 27 but lost the ball there on downs. The Eagles then drove 73 yards with Charles Baker going in from the one with 29 seconds left in the half. Adams kick was good. Score at half 28-0.

The third quarter was scoreless, but on the second play of the fourth quarter Roosevelt's Eaker went in from the one, and the PAT

was good again. Eagles 35-0.

Roosevelt's kick-off was returned by Mitch Raindl 47 yards to the Eagle 27. Two plays later, QB David Glenn passed to Split End Raindl in the end zone for the Bulldogs' only TD. Glenn then passed to Tight End Jim Bragg for the two-point conversion. Roosevelt now led 35-8, the final score of the game.

Immunization Month

Four-year-old Johnny will live with the effects of rubella the rest of his life.

He's suffering with a birth defect, caused when his mother contracted rubella while pregnant with the youngster.

Rubella is a disease which doesn't have to happen. There are immunizations for this and other so-called childhood diseases which can protect all youngsters.

Emphasis on immunizations is getting a nationwide push during October, designated for the third consecutive year as Immunization Action Month.

Texas has had great success in lowering the incidence of immunizable diseases, which have been declining nationwide with the advent of immunizing agents. But, over the years immunization levels in the United States in preschool children have been declining.

It has only been a few years since large epidemics struck throughout the nation and in Texas.

The rubella epidemic of 1963-64 resulted in an estimated 30,000 miscarriages, serious disabilities in 20,000 babies, and an estimated cost of \$1.5 billion. Yet, the statistics for the United States show that only 56 per cent of children aged one to four were protected against rubella in 1973, while 60 per cent were protected in 1974.

During polio epidemics of the 1950's thousands of children were permanently crippled by the disease. Everyone knew what an iron lung looked like, and families lined up to get the vaccine as it became available. Texas in 1950 had 2,778 cases of paralytic polio.

But, people forget. While 84 per cent of preschoolers in 1963 were immunized against polio, the percentage dropped to only 60 per cent in 1973 nationwide. Last year there was a three per cent increase—the first in more than 10 years. And, Texas this year had had its first case of polio in more than 2½ years.

The immunization levels for polio, DTP, measles, and rubella in the preschool child is estimated to be 80 per cent while mumps are near 40 per cent.

Immunizations against diphtheria, polio, measles, rubella, whooping cough, mumps, and tetanus (lock-jaw) are available from your local doctor or public health clinic. Dr. Fratis L. Duff, Director of the Texas Department of Health Resources, urges all parents to have their children protected—NOW.

Arts And Crafts Rotary Subject

Arts and Crafts was the topic of the program at the Rotary Club last Thursday.

With Photographer C. Edmund Finney acting as moderator, talks and displays of some of their arts and crafts were presented by Bill Craig and son, Randy, Stu Rice, and Mrs. Donna Roberson. The program

proved to be very interesting and instructive, and helped promote the annual Arts and Crafts Fair which was held here last Saturday and Sunday.

Wilson Band Wins 1

The Wilson H.S. Marching Band earned a one (1) rating in U.I.L. competition Tues. Nov. 4.

The contest was held in Jones Stadium in Lubbock.

The band is under the direction of Mike Chance.

Girl Scouts Are Selling Calendars

Girl Scout Troop # 396 has received some Bicentennial desk calendars to sell as a money-making project. These calendars are attractive, as well as useful, and sell for only one dollar.

If the girls fail to contact you, and you would like one of these calendars, call 998-4875 or 998-5060

NEW BUSINESS PLAQUE - Pictured above is Monty Dodson, Chamber of Commerce President, as he presents "The First Buck" plaque to Mrs. Amelia Gonzalez, after she and her husband Frank opened the El Sarape Restaurant. The Gonzalez' goal is to give you a wide variety of superior foods at reasonable prices and fast courteous service. Their specialty is a delicious variety of Mexican food. They want you to come in and give them a try. They think you will be pleasantly surprised. Frank was formerly a butcher at Tahoka Food Mart and is therefore an authority on quality meats.

Lynn Co. To Improve Employment

Congressman Omar Burlison announces that the Department of Commerce Economic Development Administration has just designated Lynn County, by official order, as a Title IV redevelopment area under the Public Works and Economic Development Act of 1965.

Local officials may now work with the Economic Development Administration in carrying out programs to improve employment and economic conditions in the Lynn County area.

Marilyn Thomas

Miss Thomas To Vie For Miss TT

Miss Marilyn Thomas of Tahoka, a freshman at Texas Tech University has been elected as one of the nominees for the Miss Texas Tech pageant.

Miss Thomas was elected by her own sorority, Kappa Kappa Gamma, sponsored by Tech Fraternity, Delta Tau Delta, at their lodge.

The preliminary pageant will be held Sunday, Nov. 9 at 2 p.m. in the Delta Tau Delta lodge. The ten finalist will be chosen from the preliminary and the final pageant will be held Tuesday, Nov. 11, at 7:30 p.m. Miss Texas Tech will be chosen on appearance and poise, modeling in a casual suit and a long evening dress.

Wilson Board Regular Meet

At the regular monthly meeting October 21st of the Wilson ISD Board of Education the following items of business were conducted:

The minutes of the September 16, 1975 meeting were read and approved as corrected. The accounts payable for October 75 were paid.

The Consolidated Application Funds and general audit were presented by Mr. Robert Abbe, C.P.A. and accepted by the Board.

Mr. Robert Abbe, C.P.A., Tahoka, Texas was re-employed by the board to handle the 1976 school audits.

The Board voted to employ for the remainder of this school year, Mrs. Darcy Dee Wilkinson as Title I Junior High teacher. Mrs. Peggy Morton was employed as Title I aide.

Mrs. Elvira Mendez was employed as Kindergarten teacher aide.

The Board voted to participate in the non-food assistance program for the purchase of one freezer and one deep fryer.

The Board voted to trade the Vo - Ag pickup off for a new model.

The Board voted to adopt an educational deprivation policy as official school policy.

The Board discussed the proposed state constitution and school district associations.

Una Faye Rogers

Mrs. Rogers Completes Sewing Class

Una Faye Rogers completed Basic Sewing Classes held during October at the Community Action Center. She made two piece knit garments and was under the supervision of Mrs. Sherry Etheredge, County Extension Agent.

Brinegar New Conservationist

David Brinegar

The Soil Conservation Service has assigned a new Soil Conservationist to Tahoka. He is David Brinegar. He and his wife Betty come to Tahoka after 11 months at Eden with the SCS. David, originally from Lampasas, is a 1974 graduate of Southwest Texas State University with a BS in Agricultural Business. Betty is a SWT graduate with a BS in History and English, is from Abbott, Texas.

Brinegar says that he is looking forward to gaining new experience here as this country is quite a bit different from Eden. The couple is enjoying living here and looking forward to meeting new friends.

JV Football

Freshman team of High School defeated Roosevelt 36-6 in a game last Tuesday. The team are undefeated.

Doctor Visits

NEW HOME NEWS
 by FLORENCE DAVIES
 Rev. O.A. McBrayer, District Superintendent of the North West Texas Conference was the speaker Sunday evening Oct. 26th in the New Home Methodist

Taylor, James Foster of Lubbock visited with the family, Sunday and they all attended morning services in the New Home Baptist Church.

Mrs. Manuela Lopez is a new resident here moving from Corpus Christi. Mr. and Mrs. Robert Poer made their annual trip to Huntsville, Texas to attend the Huntsville Prison Rodeo. Leaving here Friday they spent the night with his brother and sister-in-law, Mr. and Mrs. T.J. Poer in Haskell, and Saturday night in Conroe, going on to Huntsville Sunday for the rodeo. They went on to Houston to visit another

Church. For the annual conference, The Wilson Methodist Church members were also in attendance. After the meeting a salad supper and social hour was enjoyed.

Mrs. Sue Eakin and children, Jennifer and Curtis of Midland spent the weekend here with her mother, Mrs. Imogene

brother, Hugh Poer and his family returning home, Wednesday.

Don McBrayer was in Midland Saturday for the pigeon show, out of twenty-five birds, Don had twenty first place winners.

Loyd Evan and LouElla Bell and children are new residents in our community, moving last week from Lubbock to the Nettles' Farm. LouAnn is a junior and Randy a 7th grade student started classes in the New Home School Monday morning.

Richard and Gailyn Palmer of Big Spring were in Lubbock, Saturday for the Texas Tech Homecoming game with Rice and spent the night here with her parents, Mr. and Mrs. Joe Mac Armontrout and sister, Jolene.

A group of children met in Fellowship Hall, New Home Baptist Church Friday evening for a Halloween party. After games, hot chocolate and cookies were served by the sponsors, Charlene Kiech, Joy Smith and Carolyn Haley.

John Balch of Big Spring was honored on his 82nd birthday Saturday evening in Bush's Steak House in Lubbock. Hosted by his nephews and nieces and only sister, Mrs. Nettie Blair.

Those attending were John and Ermene Balch, Big Spring, Bobbie and Fernie Fillingim, Mike and Shelia and Blain Fillingim, Steve and G.G. Fillingim, Dorothy, Jerry and Shelia McNeely and Brenda Parker all from New Home. Helen and Harold Reynolds, Morton, Nettie Blair, Farwell, Tex. Walter and Dora Eubanks, Amarillo, Don, Nell, Laurie and Gregg, Balch, June and Pete White and Patricia, Gay and Max White, Frank Timmons, Lubbock, Pam and Wyatt Blackburn, Amarillo.

Mrs. Quincy Menchew and her sister Mrs. Rachel Mabry of Slide went to Portales, New Mexico, last Friday to visit Rachels' sister-in-law, Mrs. Lola Stan Ford, and also a cousin, Everett Schultz in Clovis, they returned home Sunday.

Junior Follis and son, of O'Donnell visited his parents, Mr. and Mrs. Ed Follis here Sunday.

Funeral services for Mrs. Franc. Irene Deffenbach of Snyder were held in the First United Methodist Church at 2 p.m. Friday. Mrs. Deffenbach age 73 died at 7:45 a.m. Wednesday in the Cogdell Memorial Hospital. Survivors include her husband, one son, William of El Paso and a daughter, Mrs. Tommie Williams of Snyder, one brother and five grandchildren.

Services for Mrs. Robert Long, age 63 of Slaton were at 2 p.m. Monday, Oct. 27th in the Church of Christ in Slaton. Mrs. Long died at 8:30 a.m. Friday at her home.

Mrs. Long was an aunt of Mrs. Emil Rainold of Tahoka. Mrs. Long's father, J.H. Poindexter died the following Tuesday at his home in Lubbock.

Mrs. J. T. Swinson spent eight days in Artesia, New Mexico with her three grandchildren while her daughter and her husband, Mr. and Mrs. Don Moore, attended a State Farm Insurance Convention in San Francisco, California. Thurl went to Artesia for the weekend.

Mr. and Mrs. Claude Brown were in Cloudcroft, New Mexico, Monday until Thursday.

Mr. and Mrs. Joe Reep of Sweetwater and Mrs. Lottie Morton of Snyder visited Sunday in Tahoka with the Reeps' daughter, Mrs. Travis Inman and family.

From one to two inches of rain has been reported in our community, and some damage by hail. Less than an inch was measured here Saturday night.

Coy and Karen Cook and two year old T'Auna of Sunray came Monday to visit Karens parents, Mr. and Mrs. Dale Zant and family.

A surprise bridal shower for Lisa Martinez was given in the home of Mrs. Oscar Roman, Sunday afternoon, Nov. 2nd. Hostess gift was a set of dinner ware and stainless cook wear. Lisa and Eddie Maldonado of Encinal will be married Saturday, Nov. 8th in the New Home Baptist Church.

Mrs. Jack Clements, and Mrs. Shine Barnett spent last week at the Clements ranch home near Mangum, Oklahoma, Jack and Shirley went up on Friday. Jackie came from Greensboro, North Carolina to take over at the ranch for a couple of months.

Mr. and Mrs. Bobbie Fillingim, Mr. and Mrs. Corky Smith and Rev. Leo Cole were in Seminole, Thursday for funeral services for Mr. Marvin Holt. Mr. Holt, father of Mrs. Melba Armes, died from injuries received in a wreck Tuesday morning. Mrs. Holt remains in serious condition in Methodist Hospital.

Rev. Leo Cole, Pastor, of the New Home Baptist Church and Rev. Norris Taylor, pastor of the Spur Church, went to Dallas Tuesday for the Baptist General Convention of Texas, in session, Oct. 28 - 30th. But they returned home Wednesday after learning of the death of Mr. Marvin Holt.

Mr. and Mrs. Don B. Rudd and baby are here with their parents, Mr. and Mrs. Foy Swinson, and Mr. and Mrs. E.M. Rudd until they can find a suitable house in Andrews, where Don B. will be on the law force. Joy Smith went to Bedford, on Sunday to help her sister in the move.

Mr. and Mrs. Hubert Tankersley and son, H.R. of Tahoka visited here Sunday with their daughter, Mrs. Mike Fillingim and family and attended morning services in the New Home Baptist Church.

The spooks were really after the Leopards Friday night in Wilson and the Mustangs took them for a cleaning 21 to 6. We were sorry to hear that Wilsons Coach Charlie Seagler was injured during the game when boys collided with him on the side line. He has a fractured bone in the knee and it was not known at this writing if surgery will be needed.

Maj. James Robert Barnett and family of Ft. Hood, Texas spent the Veterans Day Weekend here with his mother, Mrs. Shine Barnett. Mr. and Mrs. Joe Downey and Carol went to Galveston, Thursday to visit Mr. and Mrs. Brandon Blair. Brandon remains under treatment in the John Sealy Hospital there, and is responding to treatment.

"The Sun - Shine Company" A youth directed service from the First Baptist Church of Brownfield will present the program Sunday evening Nov. 9th, in the New Home Baptist Church.

Cherry Etheredge Says . . .

Are you over-cleaning your house? If the grocery bill shows too much money spent on non-food items, "limites-use" cleaning products may be the problem.

Consumers can save money by making cleaning products from a few basic supplies such as ammonia, vinegar, baking soda and washing soda.

Try some of these solutions for cleaning windows and mirrors. --for heavy, greasy soil, add four tablespoons ammonia to one quart warm water. --for hard water spots, add two tablespoons vinegar to one quart of warm water. And lemon juice works wonders to remove rust stains on the porcelain enamel on sinks, bathtubs, and toilets.

For sluggish drain pipes, flush with one-half pound washing soda dissolved in two cups boiling water.

Keep furniture clean with "dustless" cloths that gather dust instead of scattering it. To make a treated cloth, put a few drops of cleaning wax in a jar, coating the sides. Place a soft cloth inside the jar, cap tightly and leave overnight.

For cleaning ovens, place a small dish filled with ammonia in a cool oven and leave several hours to loosen grease film. Later wipe clean.

The following recipe is excellent for holiday baking and was given to me by Mrs. Milt Draper.

Hershey Bar Cake
2 sticks oleo - 1 cup, 2 cups sugar, 8 oz. hershey bar - melt, 4 eggs, 4 oz. can hershey syrup, 1 teaspoon red food coloring, 2 teaspoons vanilla, 1/2 cup chopped nuts (optional)
Cream oleo and sugar. Add melted chocolate to creamed mixture and add 1 egg at a time. Add 1/2 teaspoon soda to 1 cup buttermilk. Add alternately with 2 1/2 cups flour then add 4 ounce can hershey syrup. Add food coloring, 2 teaspoons vanilla. Add pecans if desired. Bake 1 1/2 hours 325 degrees. Let pan cool at least 10 minutes before removing.

Eastern Star Say Thanks

Eastern Star chapter 743 and the Rainbow Girls wish to thank the people that brought food to the ex-student supper. The dishes are at the Masonic Hall, call Mrs. W. T. Kidwell, Worthy Matron, Eastern Star, and she will go with you to get your dishes. They are unmarked so we do not know where they belong. Thanks very much.

Mrs. Bruce Vaughn
...nee Cathy Calhoun

Calhoun - Vaughn Pledge Double Vows

Miss Cathy Denise Calhoun and Michael Bruce Vaughn pledged marriage vows in the chapel of the First Baptist Church in Lamesa, Saturday, Nov. 1st at 7:30 p.m. Rev. Dorman G. Kinard, Baptist minister, performed the double ring ceremony. Parents of the couple are Mr. and Mrs. G.D. Vaughn, Mr. and Mrs. Jim Faulkenberry and Wayne Calhoun, all of Lamesa.

The bride was given in marriage by Jim Faulkenberry. Mrs. Don Dingus played the organ and Mrs. Dorman Kinard played the piano.

Maid of honor was Lisa Barringer of Lubbock and bridesmaid was Gwen Landers of San Angelo. Flower girl was Dene Valentine, and candlelighter Les'lie Valentine, and registering guests was Jona Valentine, all nieces of the bride from Tahoka.

Brad Vaughn served his brother as best man and

Bridge Club Met Wed.

The Sunshine Bridge Club met Wednesday at the home of Alta Thomas. A lovely seafood luncheon was served to twelve members and guests.

Bridge guests included Christine Askew, Dink Short, Jean Dorman, and Nina Huffaker. Luncheon guests included Nadine Dunlap, Bitsie Wells, and Mrs. Cliff Thomas.

High score for the day was won by Jeanne McCord, second high by Weesie Carroll, and the Sunshine Prize was won by Rachel Huffaker.

Alta would like to thank the Volunteer Fire Department for making her party a roaring success.

Letter To Editor

The views expressed in "Letters to the Editor" are not necessarily those of this newspaper.

Dear Editor,
I recently attended the Tahoka High Homecoming football game, and I was very upset that the THS Band has dwindled to such a small number. To think that a school the size of Tahoka would have such a small interest in music education is terrible. I think that the reason the THS Band has become so few in number lies in the school's policy that prevents athletes from participating in the band. Tahoka is the only school I know of, or have ever heard of, that has such a policy. Very few students continue athletics past high school, but a musical education will

last a person a lifetime. I am in no way demeaning athletics because physical fitness is very important and some athletes could become outstanding musicians if they were given the chance to participate in the band.

Granted the band is not a money-making project like football and basketball, but a school's primary objective is education, not making money through extra-curricular activities, and, perhaps, if more students were in the band, more parents would come to the games to see and hear their children in the band, and if the students will stop and think, a school with a good football team usually also has a good band. This is probably due to pride and a unified spirit of team work through-out the school.

HOSPITAL NEWS

Oct. 28 thru Nov. 3

Admissions
Eli Mims, Joan Thompson, Beulah Hubbard, Myrtle Miller, Cornelia Mock, Adam Riley, Julia Arriaga, Myrtle Connolly, Phillip Zuniga, David Stephens, Genovevo Almandarez

Dismissals
Carlos Garcia, Dovie Dillard, Pearl Keddell, Dock Dockery, Georgia Cook, Mary Cawthron, Janet Porterfield, Gertrude Polk, Terry Noble, Fermin Arriaga, Jeanette Roseberry, Kent Bruton, Elbert King, Eli Mims, Joan Thompson, Beulah Hubbard, Myrtle Miller, Adam Riley, Myrtle Connolly

Remaining
Mary Hood, A. G. Cawthron

I think those students in the band should receive special praise and I hope that someday the talents of the Bulldog Band will receive the same attention that the Bulldog athletic teams do.

Sincerely,
Jeanie McDonald
1970 THS Graduate
Pecos, Texas

Note from editor.
Although perhaps this was the policy in the past, or perhaps was discouraged, it is the understanding of this newspaper that all students are encouraged to participate in all activities. Hopefully in the next few years under the direction of our new band director, Mr. McClaskey we will see a marked improvement.

Everything Coming Up Diamonds

1976 is the DIAMOND year for DECA. Beginning in 1947 with only 800 members in 17 charter states, the Distributive Education Clubs of America has grown to approximately 170,000 members from 50 states, the District of Columbia and Puerto Rico.

What is DECA? DECA identifies the program of Student Activities relating to DE, and is designed to developing future leaders for marketing and distribution. DECA, is the only national student organization operating within the nation's schools to attract young people to careers in marketing, merchandising, and management.

National DECA Week is being observed during the week of November 16 to the 22. More than 5,500 Chapters where Distributive Education is taught in the public school system, will be observing this date and Tahoka Chapter 389 will be one of these 5,500 observing it with special events.

Mary Davis has just returned from St. Mary's Hospital, Lubbock, Texas following eye surgery. She is reported doing fine and will have to have the other eye operated on as soon as possible.

Chevette Coupe

That's right. 40 mpg highway, 28 mpg city, as rated by the U.S. Government in EPA tests. Remember, these mileage figures are estimates. The actual mileage you get will vary depending on the type of driving you do, your driving habits, your car's condition, and optional equipment. (Ratings are based on the 1.4-litre engine and 4-speed transmission—both standard.)

Chevette also offers impressive corrosion treatments, a surprisingly roomy interior, sound insulation plus economical price.

FACTS FOR YOU

from Texas Farm Bureau

CONSTITUTIONAL REVISION - BILLS VETOED

Will it be easier for the State Legislature to override the Governor's veto under the provisions of the new proposals? Section 13 of Article 4 of the present Constitution provides that the first house to consider a vetoed bill may pass it by a vote of "two-thirds" (66 2/3 per cent) of the number present, but the second house must obtain a vote of "two-thirds" (66 2/3 per cent) of the members "present and voting" to pass a bill over the veto of the Governor.

The new proposal in Article 3 (The Legislature) Section 12 requires that both houses must obtain a vote of three-fifths (60 per cent) of its membership in order to override the Governor's veto. The veto section of the new proposal is in the Executive Article of the present Constitution. The new proposal provides that the State Legislature by petition of three-fifths (60 per cent) of the membership of each house may convene in a veto session on the first Monday following the 50th day after adjournment solely for the purpose of reconsidering bills or resolutions for passage over the Governor's veto.

In summary, the new proposal, if approved on November 4, 1975, will

provide that the State Legislature may override the Governor's veto by a three-fifths (60 per cent) vote of the membership of both houses and a special session for the purpose of voting on bills vetoed by the Governor may be called when three-fifths (60 per cent) of the membership of each house votes favorably by petition. The present Constitution provides that if the State Legislature is in session, vetoed bills are to be returned to the House originating the bill. If the originating house votes to override the Governor's veto by a two-thirds (66 2/3 per cent) of all members. The present Constitution provides that parts of an appropriation bill vetoed by the Governor can be overridden by a two-thirds (66 2/3 per cent) vote of both Houses present and voting. As the system operates under present Constitutional authority the State Legislature is usually not in session and vetoed bills do not become law.

New Livestock Payment Law

There is a new Texas livestock law entitled "Livestock - Purchase for Slaughter - Method and Time of Payment", coded as Article 6910b that requires packers (meat processors) who purchase Texas cattle to adhere to certain buying practices.

The new law defines a

meat processor as a person, corporation, association, or other legal entity engaged in the business of slaughtering cattle, sheep, goats, or hogs in processing or packing them for sale as meat.

Meat processors that purchase cattle for slaughter are required to pay the seller by cash or check on the day and at the location where physical transfer of ownership takes place. Meat processors who handle financial transactions by wire are required to make wire transfer to the seller on the same day the buyer takes possession of the animals, but transactions after normal banking hours must be sent by the close of the next business day. Buyers that buy on the basis of grade and yield are required to make the wire transfer of funds by the close of the first business day after determination of grade and yield. The meat processor payment requirements can be altered, added to or completely deleted by an agreement in writing between the seller and buyer. The agreement must state that if the agreement is cancelled, the buyer is required to abide by the law.

Buyers that fail to make payments or intentionally retard the payment for livestock purchased are liable to pay the owner the price at which the livestock was sold, plus damages of 12 per cent of the purchase price, plus interest on the purchase price at the highest legal rate from the time of transfer of ownership until payment is made. The processor is liable for the prosecution of cases filed for the purpose of collecting payment. The seller also has a lien on the livestock until payment is received. The lien will have priority over all other liens or perfected security interest in the livestock.

The new law is an attempt to acquire timely payments, collection of funds owned to the seller and damages due to the seller when the buyer defaults. It will affect meat processors who buy Texas

animals for slaughter except when the seller and purchaser make agreements between themselves concerning livestock selling. The new law seeks to make meat processors (packers) abide by certain buying practices, which the Packers and Stockyards Act, a federal law, exempts packers from being bonded or making prompt payment.

CCC OWNED STOCKS OF GRAIN

The Commodity Credit Corporation reported that, as of September 30, 1975, their inventories revealed the following stocks of grain: wheat 277,000 bushels; corn 355,000 bushels; barley 2,000 bushels; oats 36,709 bushels; rye 18,000 bushels; grain sorghum 59,000 bushels.

LIBERTY

"God grants liberty only to those who love it, and are always ready to guard and defend it." --Daniel Webster

"The inescapable price of liberty is an ability to preserve it from destruction." --General Douglas MacArthur

"Those who would give up essential liberty to purchase a little temporary safety, deserve neither liberty or safety." --Benjamin Franklin

"Liberty is the only thing you cannot have unless you are willing to give it to others." --William Allen White

"Reason and virtue alone can bestow liberty." --Anthony A. C. Shaftesbury

"With some the word liberty may mean for each man to do as he pleases with himself, and the product of his labor, while with others the same word may mean for some men to do as they please with other men, and the product of other's men's labor." --Abraham Lincoln

(Reprinted from THE LOVE OF LIBERTY by Leonard E. Read, The Foundation for Economic Education, Inc.)

Cotton Prices Are Steady

Grower prices were steady to firm during the week ending October 31, according to Paul R. Dickson, in charge of the Lubbock and Stockyards Act, a federal law, exempts packers from being bonded or making prompt payment.

Trading was slow. Growers offered small lots of new crop cotton in very light volume.

They sold small mixed lots of mostly grade 41 and 51; staples 32 to 33; mike 3.5 through 4.9 for about 45.00 cents per pound.

Most trading was for mixed lots of mostly grades 42 and better; staples 3.3 through 3.4; mikes 2.7 through 4.9, Dickson said. These lots brought 41.00 to 42.00 cents per pound.

Grades 31, 41 and 51 were predominate qualities in this week's classings and accounted for 22 percent, 45 percent and 19 percent respectively.

Staples 30, 31, 32 and 33 were predominate lengths accounting for 18 percent, 24 percent, 19 percent and 12 percent respectively.

Mike readings 3.5 through 4.9 amounted to 28 percent of the total. Mike group 3.3 through 3.4 accounted for 18 percent and 3.0 through 3.2 range 30 percent. Mike 2.7 through 2.9 was 13 percent.

Pressly tests indicated breaking strengths at Lubbock averaged 84,000 pounds per square inch.

Ginning increased throughout the South Plains and about 6400 samples were classed by the Lubbock Classing Office during the week ending October 31.

This season's total stands at 7,900 samples compared to 264 on the same date a year ago; according to the USDA's Agricultural Marketing Service.

U.S. Department of Agriculture announced preliminary 1976 upland crop loan of 37.12 cents per pound for grade 31, staple 32, mike 3.5 through 4.9.

Upland cotton national base allotment for 1976 is 11,000,000 (million) acres with production goal of 12,376,000 bales.

saver for farmers. "This practice," said Davis, "has especially high potential for feed grains, cereals, soybeans, and cotton - the crops most in demand on the world market."

In Texas, a switch for conventional tillage to minimum tillage saves an average of about 5 gallons of tractor fuel per acre per year. Since some 456,000 acres were farmed with minimum tillage last year, this amounted to a saving of some 2.3 million gallons of tractor fuel.

USDA predicts that by the year 2000, minimum tillage could account for annual fuel savings of 850 million gallons in machinery operations.

Another energy saver is better management of irrigation water. According to Davis, SCS estimates that by increasing the efficiency of both delivery systems and on-farm irrigation, farmers could save more than 230 million gallons of fuel each year.

"Although we can save a substantial amount of petroleum using the knowledge we have now," Davis said, "USDA and private groups are researching ways to save even more. And USDA is researching other energy sources, such as solar energy for drying crops and livestock wastes."

Davis appealed to soil and water conservation district officials to stay abreast of continuing research on new energy-saving practices and of all the possible benefits and drawbacks involved.

"By keeping informed of current developments in agriculture, SCS and district people can help farmers use fuel more efficiently without cutting agricultural production," Davis concluded.

Hospital Convention

The 48th Annual Convention of the Northwest Texas Hospital Association was held at the South Park Inn on October 22nd, 23rd and 24th. This association is made up of some 200 hospitals West of Ft. Worth, Texas.

Officers for the coming year are as follows: President - Stanley Hupfeld, El Paso, incoming President - Cy Miller, Snyder, Vice - President - Jerry Howard, Lubbock, Trustee - Dale Arms - Mineral Wells, Trustee - Robert Meeks - Chillicothe, Trustee - Gerald Moore - Tahoka, Trustee - Ronald Smint - Ft. Worth.

First Application Relieves Itchy Skin Rash

Also Helps Promote Healing Medicated Zemo quickly relieves itching, irritated skin. Then Zemo helps nature heal and clear red, scaly skin rashes externally caused. For fast relief, get Zemo Ointment or Liquid.

Farmers To Conserve Fuel

Change is inevitable in the farmer's search for ways to conserve fuel and maintain yields in the wake of petroleum shortages and higher prices, the national leader of the Soil Conservation Service, says.

"Some farming systems will increase rapidly and others will be virtually abandoned," R.M. Davis, Soil Conservation Service administrator, said in the October issue of Soil Conservation magazine.

Minimum tillage, including no-till, is emerging as the most promising fuel

BILL GRIFFIN SAYS

Having the soil on your crop or pastureland tested now can save you a time and money later.

That's why the Extension Service, U.S. Department of Agriculture, and the Fertilizer Institute have launched a campaign to encourage soil testing this fall. Theme of the campaign is "Soil Test in '75, Profit in '76."

A soil test is an analysis of soil that measures nutrient levels, acidity, and the amount of soluble salts in the soil. It pinpoints deficiencies in the soil and can help you determine how much lime and fertilizer to use next year.

And, a regular testing program is important as it provides a field history that

is much more useful than a single test.

Sample all fields to four year interval sampling a fourth of field annually to determine changes in fertility levels and to determine fertilizer and practice for profit reduction. Annual test be necessary where rates of manure or are applied.

Testing early is management sense in how much fertilizer the soil needs you more time to decisions and order amount of fertilizer. Furthermore, both fertilizing as well as fertilizing reduce production.

If you wait until test soil, it could take to get results. Testing labs are much busier in the adds the county agent. So get the jump on 1976 crop year by your soil tested. Materials for submitting samples are available in office.

Funeral For Ida Kornegay

Services for Mrs. J.H. (Ida) Kornegay, 87, of Portland and formerly of Brownfield were held at 10 a.m. Saturday in the First Baptist Church chapel here with the Rev. Pat Cummins, pastor, officiating.

Burial was in Terry County Memorial Cemetery under the direction of Brownfield Funeral Home.

Mrs. Kornegay was born in Tarrant County, Texas, Aug. 4, 1920 in Comanche. They moved to the New Home area in 1925 and to Brownfield in 1956. Her husband died Nov. 9, 1969. She moved to Portland in 1972.

Survivors include three daughters, Mrs. Johnnie Lewis of Brownfield, Mrs. Katie Kearby of Ingleside and Miss Sudie Kornegay of Portland; three brothers, F.P. Broughton of Denton, Belah Broughton of McGregor and Joe Broughton of Corpus Christi; three grandchildren and five great-grandchildren.

"\$15,000 MACHINE CAN CUT TAXES BY \$6,000"

BY BOB DUNAWAY

"MY NEW tractor cost plenty," reports an aggressive young Texas farmer. "But I figure I'll get about \$6000 worth of tax savings out of it."

He didn't buy the tractor just to save taxes. He needed it anyway. But the tax cuts sure make the \$15,000 price a lot easier to swallow. His banker thinks so, too.

New machinery gives bigger tax savings than ever this year. With the 10 percent Investment Credit now, plus extra first year depreciation, he can chop off \$5980 from that price tag over the next 8 years. That's 39.9 percent of the cost—and he gets nearly half of it the first year.

Tax angles should always be a part of decision-making on machinery purchases. The steps and examples here make it easy for you to budget it out. And your banker should be impressed.

Let's run thru the 3 ways taxes help trim machinery costs.

INVESTMENT CREDIT. Right now, this direct credit against your tax bill is 10 percent. It's scheduled to drop back to 7 percent at the end of the year. So it may be better to buy now.

In dollars, that means \$15,000 worth of equipment would shave \$1500 right off the top of your federal income tax bill.

You have to figure a useful life of at least 7 years to get the 10 percent credit on full purchase price. If you figure 5 or 6 years, two-thirds of the amount qualifies for the 10 percent. And if you figure 3 or 4 years, one-third qualifies. Watch this when you trade in machines if you took investment credit on them. You may have to figure some recapture.

In other words, if you figured a 6-year life on \$15,000 worth of machinery, you would take the credit on \$10,000 [two-thirds of \$15,000]. Tax cut would then be \$1000 [10,000 x 10 percent].

You can take the credit on both new and used machinery you buy. On trades, figure the credit on the undepreciated value of the machine being traded, plus the cash boot you pay. On machinery purchased outright, figure 10 percent on the price you pay.

EXTRA FIRST YEAR DEPRECIATION. This is 20 percent 'fast depreciation' the first year you buy and depreciate new or used machinery. The extra depreciation is 20 percent of the cash boot you pay on trades. It's 20 percent of the amount you pay for machinery without a trade. The machinery has to have a useful life of at least 6 years on your depreciation schedule to

On \$15,000 worth of machinery bought outright, the extra first year depreciation would be \$3000 [15,000 x 20 percent]. In a 32 percent federal tax bracket, that \$3000 extra depreciation will cut your taxes by \$960.

REGULAR DEPRECIATION. You'll get a little regular depreciation the first year you buy and the rest during the remaining years of the machine's life.

You have several choices, though. You can eliminate salvage value if you figure the machine will be worth less than 10 percent of its new value when you are through with it. You can also use faster depreciation methods such as double declining balance or sum-of-the-years-digits method.

The straight line method is more commonly used.

On a \$15,000 tractor bought outright, for example, you first have to deduct the \$3000 first year depreciation. That leaves \$12,000 to depreciate. If you use an 8-year life, that's \$1500 a year.

If you buy that tractor now, you may take only one-third of a year's depreciation, or \$500. At the 32 percent rate, that's still \$160 less tax.

Then, you could take regular depreciation each of the next 7 years, that figures out to \$3360. There would still be \$1000 to depreciate the next year or figure for salvage value.

Here's a summary of your tax savings on \$15,000 worth of machinery and equipment:

Investment Credit	\$1500
Extra First Year Depreciation	960
Regular Depreciation This Year	160
Total This Year	\$2620

When you subtract that amount saved from the original \$15,000 price tag, you find the after-tax cost would be \$9020."

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

Total of \$1,430,947,000 came to 25 High Plains counties receipts from farm sales in 1974, down from what was the all-time high of \$1,799,103,000 from 1973 sales. The totals were put together by Plains Cotton Growers, Inc., a 25 county organization, using as the source a statewide report from the Texas Crop & Livestock Reporting Service.

The facts in this report emphasize the tremendous wealth for agriculture in this area," notes PCG Executive Vice President Donald Johnson, adding "and the figures are even more impressive when it is considered that agriculture is the only source of new wealth."

Texas totals for 1973 and 1974, respectively, were \$2,321,000 and \$5,999,942,000. The High Plains contribution to the state total for the two years came to 23.8 percent, respectively, with the Plains area having seven of the top ten income producing counties in the State for 1974. The State in 1974 farm marketings was Hidalgo County with a total from crops, livestock and government of \$203,121,000. Deaf Smith, Parmer, Castro, Hale, Lamb and Swisher Counties—all in PCG territory—ranked the second through eighth spots, respectively.

Returns from crops alone, the High Plains also supplied five of the top ten. Parmer County led the Plains area in this category, but was second to Hidalgo County on a statewide basis. The High Plains had only six of the ten counties producing more income from livestock and livestock products. Deaf Smith County led the State, followed in the number two and three spots by Gonzales and Hopkins Counties.

It should be kept in mind that the figures are cash marketings of the calendar year, not to be confused with the crop year sales. The 1974 calendar year cash receipts result from marketings of 1973 crops sold in 1974 as well as marketings of 1974 production, and 1973 receipts include the sale of 1972 production.

Below are the 25 High Plains Counties represented by county by each county's 1974 cash marketings of crops and livestock, plus the totals for both 1974 and 1973, including government payments. Counties are listed in the order of total receipts for 1974.

HIGH PLAINS CASH RECEIPTS FROM FARM MARKETINGS (in 1,000 dollars)

Total Government payments, totaling \$79,896,000 in 1974 and \$177,205,000 in 1973.

Kelly's 5 Generations

Mrs. Kelly Honored

Mrs. Lula Kelly, Hurst Texas, celebrated her 87th birthday Sat. Oct. 25th in the home of her son, Mr. and Mrs. Vernon Kelley, 1721 South 5th Street, Tahoka. Five generations helped her celebrate. All of her family except a great grandson were present. Those attending were son, Mr. and Mrs. Vernon Kelley, their children, Mr. and Mrs. Bill Kelley Alvin, their son, Mr. and Mrs. Lynn Kelly, Conroe.

Mr. and Mrs. Truitt Schneider, Lamesa, their children, Mr. and Mrs. Doyle Schneider, Lubbock, Mr. and Mrs. Jerry Maney and sons, Dean and Todd, Lubbock, Mr. and Mrs. Ronnie Schneider and daughter Chastity, Lamesa, Mr. and Mrs. Jerry Kelley and daughter, Mirty, Lubbock, Mr. and Mrs. Troy Hagar and daughters, Kay and Kim of Girard, a son, Mr. and Mrs. Earl Kelley Dublin, and their daughter, Camilla Trout, and children Rocky and Kelley, and Twila, of Gustine, a daughter, Mrs. Mildred Fisher and her daughter, Mr. and Mrs. Gene Burns and daughter, Anette of Eastland.

Other relatives and friends from, San Antonio.

Introducing

Mr. and Mrs. Abel Vega are the proud parents of a 7 lb. baby girl born October 25. She has been named Felicia Anne and has two older brothers, Mark and Abraham.

Grandparents are Mrs. Sulema Vega of Seagraves and Mr. and Mrs. Victor Garcia of Tahoka.

Brownfield, Ralls, Loop, Lubbock and Tahoka brought the number of well wishers to more than 70, for a fish fry.

The honoree was presented a money tree. The tree was metal art, made by Glen Hophins of O'Donnell. The tree will be used as a family tree.

Tahoka School Menu

November 10 - 14, 1975

Monday
Pizza, buttered corn, tossed salad, strawberry jello w/fruit

Tuesday
Fried chicken, seasoned greenbeans, mashed potatoes, cheese sticks, hot rolls, applesauce

Wednesday
Hotdog w/chili, seasoned pinto beans, cole slaw, peanutbutter cookies

Thursday
Beef steak, mashed potatoes, buttered English peas & carrots, hot rolls, plum cake

Friday
Hamburger, French fries, lettuce, onion, pickles, peach cobbler

Ricky Head Day Sat.

Denver City City Council has declared November 8, 1975, as Ricky Head Day. Ricky Head is the four-year-old son of a Denver City policeman, and the little boy has a malignant brain tumor. The local community and the surrounding areas have combined their efforts to help the tragedy-stricken family pay part of the mounting medical bills.

To honor the little fellow, on November 8, there will be gospel and country and western music starting at 1:00 p.m. in the J.W. Jones Auditorium. Masters of Ceremony will be Harold Tant -- Gospel Music's Best Friend, and "Hi - Pockets" Duncan of KRAN Radio Station of Morton, formerly of KSEL and KDAV in Lubbock.

Bands scheduled at this time include The Ballard Quartet, Cindy Key and The Hazel Family from Lubbock, The Singing Disciples from Abernathy, The Whites, The Kays, Tina Darby, Marilyn Clarkson, and The Starks from Hobbs, New Mexico.

At 5:00 p.m., there will be a break in the action for a chili supper at the Denver City Community Building with entertainment by The Kitchen Band from Lovington. Tickets for the Chili Supper will be \$1.50 for adults and \$.75 for children under 12, and will be available at Jim's 7-11, Modern Way Grocery, Arco National Supply, ARCO Pipeline Office, Dunigan Tool and Supply, and the Denver City Press in Denver City, and at KRAN Radio Station in Morton.

At 7:00 p.m., the music will resume at the Auditorium with The Echo Valley Boys from Brownfield, followed by Little Jimmy Henley, World's Champion Banjo Player, and the Casaways from Hobbs. Other bands will perform, and then the evening will be closed out by the Country Express from Hobbs.

All proceeds and donations will go to pay Ricky Head's medical expenses. Further information can be obtained from Jack Webb at 592-2551 or 592-2149, or from Ellis Finch, Denver City Press at 592-2141. The day offers an extremely good time and good food and a chance to help in a very worthy cause. We would like to see everyone in the area help make Ricky Head Day a big success.

AROUND TOWN

BY LEONA WALDRIP
Call 998-4496

After spending eight days here with her mother, Mrs. Viola Swafford and other relatives, Mrs. Dale Thurene returned to her home in Sherrard, Ill. last Tuesday. The former Billie Swafford grew up in Tahoka and married Dale during the World War Two days. They owned and operated a farm store here for several years and later moved to Illinois. They both work in the greater Chicago area. Mrs. Charles (Alice) Reid, of Plainview, a cousin of Billie's came down and spent a couple of days while she was here.

Five members of Tahoka Rebekah Lodge visited with Berta H. Porter Lodge in Lamesa on Tuesday night. The affair was their Friendship night and there were visitors from two other lodges. The hall was gaily decorated in a Halloween Motif, and games and skits made up the program. A delightful meal was served featuring Homemade Mexican enchiladas and witches brew. Those attending from Tahoka were Mr. and Mrs. Floyd Reece, Zella Taylor, Thelma Dewbre and Leona Waldrip.

Visiting here from California, Mrs. Floyd Brasher has spent a few days with her mother-in-law, Mrs. Edna Brasher, and her sister Mrs. Frank Jones in Lubbock. The ladies will be remembered as Mary Alice and "Boody" Roberts when they were in school here several years ago. Their parents lived in the Draw Community.

Sixteen officers and board members met in the regular meeting of the Community Action Committee at 7:30 Monday night. Mr. Russell Howell, Pres. presided for the first time. Mrs. Mildred Abbe is the new Secretary replacing Rosaura Acuna. Robert Abbe is the past president. One new office worker was chosen from among 10 applicants and will go to work immediately.

Mrs. W. P. Dillard is recovering from gall-bladder surgery, performed in Lynn County Hospital last week.

Large crowds are in attendance for the first services of the revival at First Baptist Church. Saturday night the emphasis will be on youth and the public is invited to all services.

Newest residents at Golden Manor are Mr. and Mrs. James P. Morgan from the

Draw Community. At present, Mr. Morgan is progressing nicely after surgery at Veteran's Hospital in Albuquerque, New Mexico but they expect to get settled soon in the apartment recently vacated by Mrs. Leona Ashcraft.

Those persons 60 years old or older interested in getting a Senior Citizen's Club organized, don't forget to meet Wednesday, Nov. 12 at 2:00 p.m. in the Community Center. Refreshments will be served. This meeting is open for everyone in Lynn County.

The mother of one teenager caught on fast to jive talk. Her daughter asked, "Mama, may I hit the flick?" "I'm afraid I don't read you". "Oh, Mother," said the youngster, you mean you don't know? Hit the flick is teen talk for "go to the movie". "In that case, ask me again after you rub the tub, scour the shower, spread the bed and swish the dish".

Teacher (on phone): You say Johnny has a cold and can't come to school today? Who's calling, please? Voice: This is my father.

Garden Clubs Flower Show

Tahoka Garden Club held its annual flower show at Lyntegar Hospitality room Thursday, Oct. 30th, from 4 to 7 p.m. The theme this year was "The American Dream. (Texas Interpretation)". The four divisions of the show were horticulture,

artistic, mens and juniors. A large number of guests registered. The judges were Mrs. Ann Arrington, Mrs. Ola B. Williams and Mrs. Paul Cook, all of Lubbock. They had high praise for the horticulture division and gave first awards to nearly

all potted plants and hanging baskets on exhibit and to numerous individual items. They stated the exhibit was one of the best they had judged. Mrs. A.C. Weaver won the tri-color award in the artistic division and Mrs. Hubert Tankersley won the award of distinction in the dried arrangements division

and award of merit in the horticulture division. Betty Maret also won award of Merit for horticulture specimen.

Winners in the artistic division were Mrs. A.C. Weaver, Mrs. R.M. Stewart, Mrs. Opal Hines, Mrs. Oscar Roberts, Mrs. N.M. Wyatt, Mrs. LaRue Tippit and, Mrs. Clifford Tankersley won blue award and winning red awards were Mrs. Leslie Paris, Mrs. R.M. Stewart, Mrs. C.M. Greer, Mrs. Vera Witt, Mrs. Tankersley, Mrs. J.B. Oliver, Mrs. L.C. Haney, Mrs. D.R. Proffit, Mrs. Roy Appling, Mrs. Opal Hines and Mrs. W.C. Huffman. Yellow awards were won by Mrs. Stewart, Mrs. Maxine Paris and Mrs. Roy Appling.

Lynn County News

In the mens division, Johnny Wells won three blue awards and Mr. A.C. Weaver one.

In the childrens division, blue awards were won by Kelly Paris and Tammy Kelley. Also Kelly won a red award and Rebecca Baier won a yellow award.

Winners in the horticulture division were, Mrs. A.C. Weaver, Mrs. Carl Williams, Mrs. R.E. Appling, Mrs. L.C. Haney, Mrs. Bernice Roberts, Mrs. C.M. Greer, Mrs. Mittie Walker, Mrs. K.R. Durham, Mrs. Gladys Stokes, Mrs. Johnny Maret, Mrs. Louella Crain, Mrs. Jack Stard, Mrs. W.T. Kidwell, Mrs. Opal Hines, Mrs. Leona Holden, Mrs. Vera Witt, Mrs. Mike Huffaker, Mrs. O.J. Stanley, Mrs. Lena Short, Mrs. Clifton Gardner, Mrs. W.C. Huffaker, Sr., Mrs. Natt Park, Mrs. Marshal Stewart, Mrs. Pug Paris, Mrs. Oscar Whitaker and Mrs. Hubert Tankersley.

The club president and flower show chairman wish to express their appreciation to Mrs. Lois Greathouse for her assistance and to Lyntegar for providing the building for the show.

A sincere thanks to the hospitality committee for the lovely refreshment table and to each person that participated in the show or helped in any way. Also to the non club members of the community for their many exhibits in the horticulture division, which included a large variety of beautiful Macrame hanging baskets, potted plants, Terrariums, Dion gardens and vegetables all of which contributed to making this division one of the best in several years.

ring to water quality. It is the measure of the amount of oxygen needed to stabilize waste material in the water. A high reading means the quality is not so good-low readings, the opposite. But everything has a BOD measure. Blood for example, has a reading of about 100,000 mg/l.

A river or stream, in good condition, will average about 5 mg/l. Well treated sewage from a sewage treatment plant reads about 20 mg/l, or less if treatment is especially good.

Mg/l? that is "engineer" for "milligrams per liter," and is the measure used to express quantities of substances in water. One mg/l, for example, is equivalent to one gallon of salt, or sugar, or whatever, in one million gallons of water.

Then there's DO, meaning "dissolved oxygen," which is necessary in water in order

for fish to live, and some fish make it if the water has a DO reading of 4.0 mg/l. Oxygen is absorbed into water from the atmosphere and also is given off by plant life in the water during daylight hours. A healthy stream normally will show dissolved oxygen levels of 4 mg/l or more. State standards for most segments of Texas streams is 5 mg/l.

TDS? That stands for "total dissolved solids." Sugar and salt are examples of dissolved solids, while coffee grounds and similar substances are examples of TSS, or total suspended solids.

So that brings us to the pH reading in your glass of water. This is the term which indicates the acidity or alkalinity of the water, with a reading of 7 being neutral. Lower numbers indicate that the water is acidic and higher numbers indicate alkalinity (lemon juice, 1.5; egg white, 8.0). A stream in good condition should have a pH reading in the 6.5 to 8.5 range, though some standards vary slightly from those numbers due to natural conditions.

There are other terms used in water quality management work. Effluent, for example, is the wastewater discharged from sewage treatment plants. It is frequently confused with affluent which refers to someone who has a sizeable chunk of money in the bank.

HALLOWEEN PARTY - Girl Scouts Troop # 396 Halloween Party. Those attending were, Amy P. Lani Brown, Suzanne Brooks, Karen Stewart, Elena Cathy Meeks, Alma Hallmark, Kim White, Kim Cindy Chancy, Teresa Arellano, Denice Dodson, Mason, Shana Haynes, Lori Lipton, Monica M. Shelly Brooks, Julie Meeks, Amy Coats, Ty Botkin,

Girl Scouts Have Party

Girl Scout Troop # 396 gave a Halloween party on Thursday, Oct. 30. They invited as their guest, children between the ages of four and seven.

The girls made the invitations, decorated the Scout Hut, and provided games such as Pumpkin Throw, Sock it to the Witch, Go Fishing, Feed the Elephant, Ghost Pond, Ring Toss, and Fortune Telling.

After the guest had tried their luck at the games, the Girl Scouts joined them for

refreshments. Scout leader is Porterfield, assisted by Pierce Hallmark, Tomlinson, and N. Brown.

Give a lasting tribute loved one the living Memorial Mrs. Kenneth Box 975 - Tahoka, Tex.

TEXAS TALK

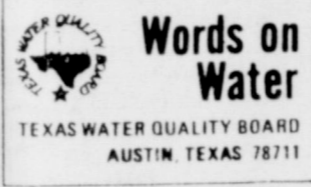

By Fred Myers

One good reason for the upturn in the economy and the strengthening of the dollar is the efficiency of the American farmer. While a lot of segments of the economy remained stagnant during the past year the farmer was working... working to produce a new all time high in productivity for agriculture... working to produce a record harvest... working to bring more dollars into this country than went out. Record keepers in Washington now tell us that for this year the farmer's output was seven percent above 1974. American farmers provided this kind of efficiency in one of the worst possible atmospheres... prospects dim. But the farmer didn't quit. Work went on. Records were broken and a chain of business started which boosted employment and sales throughout the agribusiness sector. This in turn has had a positive economic effect for the entire nation. Well done farmers.

Fourth Grad Takes An "Off Campus Learning Experience Trip"

The fourth grade students have been studying about pigeons. During their studies Mr. McBrayer invited the class to visit his pigeon clutch.

Mr. McBrayer is a certified breeder of Birmingham Pension Rollers, a special breed of pigeons. The children were informed

of the processes of raising hybrid pigeons and of the many work chores involved with sanitation and health of the birds.

After viewing the clutches of the pigeons, Mr. McBrayer turned several birds loose to perform for the 4th graders. The birds lived up to their names "Rollers", as they climbed into the sky, circled several times, they stopped in flight and did a backward somersault.

Title I Officers

FROM LEFT TO RIGHT - Mrs. Annie Roman treasurer; Mr. Edward Canacy, President; Mrs. Stella Correa, reporter; Mrs. Adela Flores, secretary; and not pictured, Mr. Oscar Roman, vice-president.

The 1975 - 76 Title One officers will hold office till new program officers are elected in May 1976.

Title I includes both reading and migrant phases of instruction. Meetings are held once a month in the evening to discuss policies,

provide input from the community, and to give direction to the programs. One of the added benefits is the fellowship at the close of the meeting. All parents with children in title programs are urged to attend each meeting.

DR. BUTLER AND THREE OF HIS STUDENTS

New Home Elementary Involved In Texas Tech Reading Study

Dr. I. G. Butler, assistant professor of Reading at Texas Tech University is presently conducting a basic reading study, which New Home Elementary has become involved. Dr. Butler study will attempt to determine how many words a child's vocabulary consist

at grade entrance. The study is being conducted on a random basis in the kindergarten and first grades. The study consists of television words, everyday words, such as names of candies, cereals, and soft drinks.

The results will be helpful in future building of elementary vocabulary. If we should find significance awareness of outside words we possibly can adapt our teaching to include outside words, rather than using new words.

Dr. Butler's study is an attempt to functionalize a basic reading approach and to utilize existing home, church, community, and media exposure to make the elementary student feel comfortable and to experience success in a reading program.

New Home Elementary Starts Soup Label Campaign
The New Home Elementary is asking for a community wide effort to amass Campbell's Soup labels. These labels can be redeemed by the school for audio - visual aids. Collecting labels include Campbell's soups # 1 can, Campbell soup 26 oz. can, Campbell's soup 50 oz. can, Campbell's chunky soup and six kinds of Campbell beans.

We will need to gather several thousand of these labels to receive a worthwhile piece of equipment. If when you open a can of Campbell soup, pull the label off and send it to school, or save them up and drop them by the elementary principal office.

Once the labels have been collected we will redeem them for a piece of equipment for our school.

First Application Relieves Itchy Skin Rash

Medicated Zemo quickly relieves itching, irritated skin. Then Zemo helps nature heal and clear red, scaly skin rashes externally caused. For fast relief, get Zemo Ointment or Liquid.

Genealogy Meeting At Lubbock

American Indian ancestral research will be the subject discussed at the South Plains Genealogical Society meeting, 7:30 p.m. Thursday, November 13 in the Municipal Garden & Arts Center, 4215 University Avenue, Lubbock.

Guest speaker will be Toni Turk, assistant professor of history and government at Western Texas College, Snyder, who has Indian ancestry, states Lewis Jones, president of the South Plains Genealogical Society.

Turk is an experienced genealogist who after extensive research in Indian records of Oklahoma, Washington, D.C. and various Federal Records Centers, has established that he is a descendant of the Lumbee Cherokees in the southeastern section of the United States.

These were the native people found along the Virginia - Carolina coastline by English colonists sent over by Sir Walter Raleigh in the years 1583 to 1588. Jones said. In 1956, the United States Senate established the name "Lumbee" for the more than 4,000 Indians living in Robeson County, N.C. who claimed descendancy from those discovered by Raleigh's unfortunate colonists.

In addition to Indian

research, Turk is a specialist in Slavic genealogical research and has worked in the records of Russia, Poland and Czechoslovakia. He is an accredited genealogist by the Genealogical Society of Salt Lake City to do research in southern states.

No admission fee is charged and all persons interested are invited to attend the lecture. Jones said.

Card of Thanks

Words cannot express our thanks to our many friends for the flowers and food during the loss of our loved one. Our thanks to Rev. Frank Oglesby for conducting graveside rites at the cemetery, and to Eldon and Mary Ellen Gattis for serving the meals in their home.

May God bless each of you.
Mrs. Jim Bob McAtee
Mrs. Janie Hagood & Family
Mrs. Mae Aycox & Family
Sue Robertson
Virgia Cobb

I wish to express my sincere thanks to Dr. Wright, Dr. Soler, and to all the wonderful nurses. A special thanks to all my little helpers who were so kind and patient with me. Oh! yes, thanks to the "vampires" who were so patient with me also. Thanks for the beautiful flowers and cards I received. Thanks for your prayers and those who visited me while in the hospital. May God Bless each one of you.
Dovie Dillard 45-1tp

Good News For Livestock Feeders . . . Citrus Harvest Gains Momentum . . . Chick Placements Show Decline.
It's been a long time in coming, and there probably will be some rough spots continuing, but all in all, it appears things are going to get better for the livestock feeder. Take a look at the cattle on feed situation. Even though it is down seven per cent from a year ago here in Texas, it is 11 per cent above a month ago.

Texas cattle and calves on feed as of Oct. 1 totaled 1,488,000 head. Cattle feeders now are talking about a lot better market coming during the latter part of 1976. It may be down some until then, but after that, cattle feeders are expecting to see better times to come.

Nationwide, cattle on feed in the seven major states are one per cent above a year ago and 12 per cent above a month ago.

Cattle and calves on feed in the 23 major cattle feeding states show a two per cent increase over a year ago.

In Texas, feedlot operators report intentions to market 750,000 fed cattle from now through December. This would be 50 per cent of the number on feed as of Oct. 1 and represents a decrease of 13 per cent from marketings during the same period in 1974.

A QUALITY CITRUS CROP is now being harvested in the Rio Grande Valley. Grapefruit volume continues to increase; the quality of the crop continues to be very good. Trees remain in excellent condition.

While citrus harvest is beginning in the south, seeding of wheat and oats in the northern half of the state is nearing completion. Wheat seeding for the state is now nearing the final stages. Oat seeding is also nearing the finishing mark.

Corn and sorghum harvest are in the final stages. Harvest of cotton is about a third finished, and peanut harvest is more than 80 per cent complete.

Soybean harvest is more than a third of the way through while pecan harvest is underway.

POULTRY PRODUCTION THROUGHOUT THE STATE shows an increase in broiler chicks, a decrease in egg-type chicks, and an increase in egg production. Turkey poult hatching is up seven per cent from a year ago.

The September egg-type hatch was down 15 per cent from a month ago. Broiler chick hatchings were 11 per cent above a year ago.

Egg production in the state is seven per cent higher than a year ago at this time.

SCREWWORMS ARE CONTINUING TO PLAGUE many parts of Texas. Authorities at the fly lab in Mission continue to urge all producers to check livestock regularly, treat wounds on livestock with approved screwworm control remedies, delay surgery on livestock as long as possible, and submit suspected samples to the fly lab at Mission.

You can get the vials with which to mail the samples at your county agent's office.

Meanwhile, cooperation of all livestock producers is needed in order for the program to be as effective as possible.
