3 Accidents In County

The Texas Highway Patrol investigated three accidents on rural highways in Lynn County during the month of October, 1975, according to Sergeant H.E. Pirtle, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and no persons injured. The rural traffic accident summary for this county during the first ten months of 1975 shows a total of 45 accidents resulting in two persons killed and 18 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for October, 1975, shows a total of 543 accidents resulting in 18 persons killed and 283 persons injured, as compared to October, 1974, with 502 accidents resulting in 19 persons killed and 215 persons injured. This was 41 more accidents, one less killed, and 68 more injured in 1975 at the same period of time.

The traffic deaths (18) for the month of October, 1975, occurred in the following counties: Five in Parker; two each in Stonewall, Castro, and Randall; and one each in Baylor, Crosby, Lamb, Palo Pinto, Wise, Armstrong, and Motley.

Basketball Season Opens Here Friday

Tahoka High opens the 1975-'76 basketball season in the local gymnasium Friday night against the Spur teams. With games starting at 5 p.m., the Junior Varsity girls will play first, followed by the Varsity girls team and

then the A-team Bulldogs. Monday, November 24, the Seventh, Eight and Ninth grade girls will play Roosevelt here with the first game starting at 5:30 p.m. The same night, the A-team girls and JV-girls will play at New Deal.

Tahoka Bulldogs Basketball Schedule
Nov. 18, A&JV Girls, play Seagraves, There at 6:00 p.m.
Nov. 21, play Spur, A Boys, A & JV Girls, Here at 5:00 p.m.
Nov. 24, play Roosevelt, Here at 5:30, 7-8-9 Girls.
Nov. 24, play New Deal, A & JV Girls, There at 5:00, at 5:00.
Nov. 25, play O'Donnell, A Boys & A & JV Girls, There at 5:00.

Charges Filed Against Larry Harris

Mable Burton remains in critical condition at Lubbock's Methodist Hospital following surgery of a gunshot wound to the head. A 22 caliber bullet was removed during surgery Monday. Charges of aggravated assault with a deadly weapon have been filed against Larry Harris, 22, of Tahoka in the shooting of 23 year old Mabel Burton, also of Tahoka. The shooting occurred in east Tahoka, approximately 1:30 a.m. Monday.

County 4-H Food Show Set

Interested 4-Hers will focus on typical foods of Early American when the Lynn County 4-H Food Show gets underway Nov. 22 with 16 competing in senior and junior divisions.

Following the "Heritage Foods" theme, local youth will prepare main dishes, side dishes, breads and desserts, or snacks and beverages as they choose one of the four entry classes for competition.

Food entry exhibits will be on display for the public from 2 to 3 p.m. Youth ages 14-19 will compete in the senior division, while the junior division contest involves ages 9 - 13, or younger.

"Both the senior and junior divisions will offer a first, and alternate places in each of the four entry classes," the agent explained.

"Because our foods program emphasizes nutrition, contestants will be asked to demonstrate knowledge of nutrition, meal planning, food buying and meal service as well as the ability to prepare food," she added.

Lynn County 4-H Food Show is sponsored by the Texas Agricultural Extension Service, The Texas A&M University System and The Morrison Milling Company, Denton, Texas.

Bicentennial Community Thanksgiving Service

You are invited to attend the Community Thanksgiving Service as we celebrate our 200th birthday as a nation. The service will be held at the First United Methodist Church on Sun-

day, November 23, at 7:00 p.m. Rev. Jim Turner of the First Baptist Church will be bringing the message. The public is invited. A nursery will be provided for those in need of one.

Lunch Honors Senior Citizens

Last Tuesday, November 11, Phebe K. Warner Club honored the Senior Citizens of Tahoka, for their contributions to the Tahoka community, with a luncheon served at the United Methodist Church. About ninety guests signed the register.

Following the luncheon there was a program. Johnny Wells lead the group in the singing of some favorite old songs. Next there was a skit by club members telling of pioneer days but it didn't exactly go by the history books. The main part of the program was a talk by Judge Trvett

Smith. He told many entertaining stories and jokes.

At the conclusion of the program, Mrs. Jim Wells, president, recognized Mrs. W.C. Huffaker as the oldest woman present, Mr. Hall Robinson as the oldest man present, and Mrs. H.W. Edwards as the one with most children.

Mrs. Sandra Brown was in charge of the tables and decorations. Mrs. Maurice Huffaker, food, Mrs. Robert Abbe, publicity, and Mrs. Elmer Owens transportation.

OLDEST MAN - Pictured above is Mr. Hall Robinson, who was the oldest man attending the Phebe K's Senior Citizens luncheon. Standing behind Robinson is Mrs. Oscar Rutledge, a Tahoka Senior Citizen, who recited a poem at the luncheon.

OLDEST WOMAN - Shown above is Mrs. W. C. Huffaker, Sr. As she received the award for being the oldest woman attending the Senior Citizens luncheon held Nov. 11. Presenting her award was Mrs. Jim Wells, president of the Phebe K. Warner Study Club, Mrs. Huffaker's granddaughter.

MOST CHILDREN - Mrs. H. W. Edwards was recognized as having the most children at the Senior Citizens luncheon. Standing behind Mrs. Edwards is her daughter, Mrs. Roy LeMond.

Speaker Explains Energy Situation

The oil, gas, and electrical industries have been warning the government and the public ever since the Truman administration of 1940's that an energy crisis was coming. Robert O. Mills of Amarillo, director of public relations for Pioneer Natural Gas Company, told Tahoka Rotarians in a talk before the club last Thursday.

"But, nobody has done anything about it, and Congress is still dragging its heels on the situation," he declared. "In fact, Congress and the administrations, dominated by Eastern and Northern State leaders who know nothing about the oil industry, have done almost everything possible to discourage development of new sources of energy."

Furthermore, Harris polls show 24 to 30 percent of the people don't believe there is a crisis, he said. Back in 1940's, the oil and gas industry began seeking all encouragement possible to develop more exploration to little avail. In the 1950's the Federal government limited the price of well-head oil and gas. Congress passed an anti-strip mining bill, and removed the depletion allowance to cause less exploration, and the Arabs have cut off our oil supply from the Middle East. There have been added delays at behest of the environmentalists in building of the Alaskan pipeline. Costs of fuel have gone up because of inflation and competition.

Because of the present gas shortage, there was an attempt to limit gas for irrigation on the Plains, but this was fought successfully and for the time being there probably will be sufficient gas for such farmers. California fought the use of gas for irrigation, but, Mills declared a survey that showed people of that state use more gas to heat swimming pools than three Southwestern States use for irrigation.

Today, 14 of the largest companies are 30 percent deficient in gas supplies, and 40 companies are limiting their customers. Our leaders talk about saving, but you hear little or nothing from them about production. In spite of this shortage, Pioneer is in excellent shape -- best in the nation at the present. The company has acquired new gas sources, but at a much higher wellhead price. Pioneer is building a new 120 - mile pipeline at a cost of \$35 million, which will probably insure sufficient gas for this area. Tahoka, being in the middle of the distribution system, will profit from this increase in supply. Pioneer serves 35,000 irrigation wells over its territory. Importance of gas was illustrated by the fact that 98 percent of all electricity is generated by gas-heat boilers. An attack is being made on the major oil companies, but only 12 percent of the oil and gas is produced by the small independent companies. What our nation needs, Mr. Mills thinks, is a master plan with everyone working together to allocate energies and to develop all types, including gas, oil, electricity, coal, waste, solar, and nuclear. Ben Gwin, local Pioneer manager, was in charge of the program and introduced the speaker.

Ben Gwin, local Pioneer manager, was in charge of the program and introduced the speaker.

Brecheen Honored

Cole Brecheen of Tahoka High School has been cited for outstanding performance in writing. The National Council of Teachers of English has named him a winner of a 1975 NCTE Achievement Award in Writing. The NCTE writing contest is held annually beginning in January.

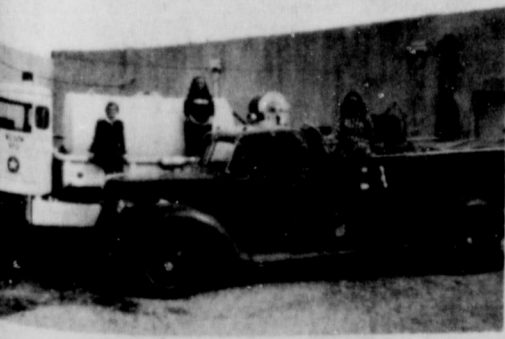

Over 7,000 students were nominated last February by their English teachers for NCTE Achievement Awards in writing. Each nominee submitted a sample of his/her best writing and an impromptu essay. These compositions were evaluated by state judging teams of both high school and college English teachers. The approximately 850 winners selected each year represent high schools in all 50 states, the District of Columbia, and American schools abroad. The number of possible winners for each state is keyed to state population.

The Council recommends the award winner, now seniors, for college scholarships in 1975, should they need such assistance. Names of the students are sent to admissions officers and English department chairmen at U.S. two- and four-year colleges and universities.

The National Council of Teachers of English is a professional organization of individual and institutional members at all levels of instruction. Its goal is to increase the effectiveness of the teaching of English language and literature in the nation's schools and colleges. NCTE furnishes such teaching aids as books and recordings, and publishes several professional journals, among them College English and English Journal.

Record Hop Saturday

The Jr. Class will sponsor a Record Hop, Sat. night from 9:00 - 1:00 at the Tahoka Community Center. Come on out and listen to your favorite music from KSEL!

MARKET & BAKE SALE - Pictured above are Lessia Hopkins Cook and Shelly Cook on the Wilson Fire Dept. The Ladies Auxiliary of the Wilson Volunteer Fire Dept. will sponsor a flea market and bake sale, Nov. 22 from 9 to 5 at Wilson City Hall. Proceeds will go to the Wilson Fire Dept. This will be the Auxiliary's fundraising project of the year.

AROUND TOWN

BY LEONA WALDRIP
Call 998-4496

On Tuesday of last week, Mrs. Faye Thayer went to Lubbock to spend a few days with her daughters' family and to have her regular check-up with her doctor.

The "Years of Wisdom" luncheon on Tuesday at the Fellowship Hall of Methodist Church, was a huge success according to those who attended. Guests were all

persons 60 years old or older and the affair was hosted by the Phebe K. Warner Study Club. Table decorations and plate favors were patterned after the pioneer days, and food was the best and in great abundance. The program was very interesting and entertaining, and brought many laughs. Prizes were given to the oldest

man, oldest lady and the one having had the most children.

Rebekah Lodge met in regular session on Tuesday night with 13 members present. Trudy Schuknecht and Ruth Reece were hostesses. Nominations were opened for new officers and will remain open for 3 meetings. Members were urged to try to have all the pecans sold and money in by next meeting night. Plans were made for a holiday benevolent work and a committee was appointed to bring details of the project at next meeting.

The Golden Age Group met Wednesday at 2 p.m. at Community Center. About 40 persons were in attendance. A committee is working this week on a slate of officers to be voted on at the next meeting. Any person 60 or over who has not attended one of these meetings is invited to come out and get involved. A varied program of fun, fellowship and services is in store for the future meetings. The club hopes to get a permanent building to call their own in the near future also.

I taught in Wilson High School on Wed. Tahoka 5th on Thurs. and again at Wilson in 4th grade on Monday.

Guests in the home of Thelma Dewbre on Saturday for a meal at noon were Teddie Kelley, Leona Waldrip and Mrs. Louise Shook from O'Donnell. A lovely meal was enjoyed.

Visiting here with relatives, a few days last week was Rosmary Neims of Lubbock. She spent one day and night with her old friend, Mrs. D.V. Smith. She is of one of Tahoka's pioneer families and worked as City Secretary for many years before moving to Lubbock.

It was certainly a singing weekend for Mrs. Mary Lou Boggus of Corpus Christi who along with her husband and 3 children were guests of her parents, Mr. and Mrs. Charlie Lichey. Mary Lou spent an hour Saturday afternoon singing at Colonial Nursing Home. Sunday morning she sang two beautiful songs for church services at First Baptist Church. Sunday night at 6:30 in United Methodist Church she was featured in an hour long Gospel Music Concert enjoyed by both the Methodist and Baptist Congregations. Many visitors from out of town were present. Mr. and Mrs. Lichey also enjoyed having as a guest her sister, Mrs. Gladys Halder of Big Spring for the weekend.

My sister, Leta Brown of Lubbock visited on Sunday afternoon.

Visiting Mrs. Gladys Cobb on Saturday and Sunday was her daughter, Nancy Tuttle and her daughter, Laura from San Antonio and Mrs. Cobb's sister, Ima Jo Ellis of Littlefield. They all returned to their homes on Monday.

The Past Noble Grand Club meets in the home of Louise Wyatt this Thursday night at 7:00 p.m. The club still has fruit cakes for sale. These are the 3# Benson

Cakes and are sold only through organizations. Call a Rebekah if you need one for your Thanksgiving Dinner.

Mrs. Margaret Nash is able to be back home after nearly 2 months with Herbert and Lucille in Muleshoe.

Mrs. Ehlers Funeral Held

Mrs. Edna Ehlers, 63, of Rt. 2, Wilson, died about 12:15 p.m. Sunday at the Lubbock residence of a son, Justice of the Peace Wayne LeCroy ruled death due to natural causes.

Services were held at 2:30 p.m. Tuesday in St. John Lutheran Church in Wilson with the Rev. Bobby Zacharias, pastor, officiating.

Burial was in Green Memorial Park under direction of White Funeral Home of Tahoka. She was born in Winters and attended school there before moving with her family to Lynn County in 1928. She married Herbert H. Ehlers July 26, 1933, in Wilson. Her husband preceded her in death in 1969.

She was a longtime member of St. John Lutheran Church in Wilson.

Survivors include two daughters, Mrs. Onita Steinhauer of Wilson and Mrs. Verlene Stegemoller of O'Brien; three sons, Arlis Ehlers of Lubbock, Milton Ehlers of Tahoka and Ray Ehlers of Rt. 2, Wilson; four brothers, W.F. Ernst of Akron, Colo., Oswald Ernst of Pampa, Rinehard Ernst of Sequin and B.L. Ernst of New Home; 14 grandchildren and one great-grandchild.

Pallbearers were Melvin Walter, Alton Ernst, Robert Abbe Jr., Gilbert Steinhauer, Donald Klaus, James Wuensche and Delmar Wilke.

The family suggests memorials to either the St. John Lutheran Church building fund or the American Cancer Society.

Rites For Eli Mims

Services for Eli Mims Sr., 83, of Tahoka were held at 10 a.m. Monday at Pleasant Grove Baptist Church in Tahoka, with the Rev. M.S. Brown officiating.

Burial was in Tahoka Cemetery under direction of White Funeral Home.

Mims died Thursday in Lynn County Hospital following an extended illness.

Mims was born June 14, 1892 in Robertson County. He married Clara Cook Dec. 26, 1923, in Robertson County. They moved to Lynn County in 1939 from Lamesa. He was a Pleasant Grove Baptist Church deacon.

Survivors include his wife of Tahoka; two daughters, Mrs. Mattie Lee Johnson of Phoenix, Ariz., and Mrs. Jewel Lee Jelks of Houston; two sons, Albert Mims of Phoenix, Ariz., and Eli Mims Jr. of Denver, Colo.; 35 grandchildren; and 42 great-grandchildren.

Pallbearers were Tommy Graves, Roosevelt Moore, Lee Lave, Robert Hood, Ervin Hatchet and T.C. White.

Infants Rites Held Saturday

Graveside rites were held in the Tahoka Cemetery under the direction of White Funeral Home at 4 p.m. Saturday for David Mendoza, 3 month old son of Mr. and Mrs. Pedro Mendoza Jr. of New Home. Rev. A.C. Castillo officiated.

The baby died in Lynn County Hospital. He was born in Michigan and the family moved from Wesleyco to New Home.

Survivors other than the parents include one brother and grandparents.

Bridge Winners

Last weeks winners in duplicate bridge play at T-Bar were: Mrs. Bobby Stone and Frank Hill, first; Mrs. Meldon Leslie and Mrs. Sue Barron of Tatum, N.M. second; Mrs. Jacquie Chesshir and Mrs. Klydie Scudday, Brownfield, third; and tied for fourth and fifth were Mrs. Coye Collier and Bobby Stone and Mrs. Winston Wharton and Mrs. Wendell Norman of Plains.

INSUR-MATION

Robert Harvick
Lynn County Farm Bureau, 998-4320

Why do some insurance policies pay dividends? Which ones do?

Life insurance policies are either participating or non-participating. Participating policies pay dividends. The premium is set at a slightly higher amount than is expected will be necessary. Each year the excess is returned to you as a dividend. Dividends vary, depending on what the company's costs and profits were. You may use this money to pay towards next year's premium, take the money in cash or buy more coverage. The dividend may also be left with the company to accumulate interest. Non-participating policies cost an exact amount and are cheaper at the onset. However, if you feel dividends will be high, participating policies may be cheaper by giving you "investment money" or extra money at the end of the year.

New Home Volleyball

New Home School News Volleyball

Wednesday, November 5, the girls volleyball teams played in the district tournament at Ropes. The high school girls defeated Meadow for first and the jr. high girls placed second. Mr. Mike Wallace coached the high school team and Mrs. Melvin Reynolds coached the jr. high. The high school team will play Union on November 17, for bi-district.

New Home Trips 'Lopes

Unleashing their fury with a 20-point scoring rally in the first quarter, the New Home Leopards went on to smother the Whiteface Antelopes 34-15 Friday in the final District 2-B battle for both.

New Home made it good with two Roy Villarreal scores in the first quarter, followed by bad kicks. Whiteface bounced back when quarterback Randy Johnson ran for 12 and a kick sailed true. Then New Home's Roman Zavala took the Whiteface kick-off and crammed it down their throat-racing 85 yards for a score.

After two more quarters, a late scoring flurry in the final stanza saw New Home's alternate signal caller, Marty McClintock sneak over from the 1. Whiteface's Johnson sailed a spiral to Sims then ran for two with 3:51 left. New Home's McClintock got the last score, passing to Allen Nettles. Tillman ran for two.

FARM FACTS

Compiled By The National Cotton Council

A Turning Point
The first billion-bushel wheat crop was produced in the United States in 1915.

The Big Four
Top markets for U.S. farm exports during the past four years have been Japan, the Netherlands, West Germany, and Canada.

The Greenhouse State
Ohio produces more greenhouse vegetables than any other state in the nation.

Who's Little Acre?
Farm real estate values now range from \$69 an acre in New Mexico to \$1,737 in Connecticut. National average is \$354, up 80% from 1970.

A Century Of Ag Research
This year marks the first century of research by state-supported agricultural experiment stations. The nation's first station was established in Connecticut in 1875.

Many Happy Returns
It has been estimated that insect-resistant varieties of crop plants return between \$300 and \$600 for every \$1 invested in research for their development.

A Natural Recruit
Cotton supplied about 83% of the nation's military needs for textiles during World War II.

An Aggie Mother Writing To Son

Submitted By Christine Askew

Dear Son

Just a few lines to let you know that I'm still alive. I'm writing this letter slowly because I know that you cannot read fast. You won't know the house when you come home-we've moved.

About your father-he has a new job. He has 300 men under him. He is cutting the grass at the cemetery.

There was a washing machine in the new house when we moved in, but it isn't working too good. Last week I put 14 shirts into it, pulled the chain, and I haven't seen the shirts since.

Your sister Mary had a baby this morning. I haven't found out whether it is a boy or girl, so I don't know whether you are an Aunt or Uncle.

Your Uncle Dick drowned last week in a vat of whiskey in the Dublin Brewery. Some of his workmates dived in to save him, but he fought them off bravely. We cremated his body, and it took three days to put out the fire.

Your father didn't have much to drink at Christmas. I put a bottle of Caster Oil in his pint of beer, it kept him going till New Years Day. I went to the doctor on Thursday and your father came with me. The Doctor put a small tube into my mouth and told me to keep it

shut for 10 minutes. Your father offered to buy it from him.

It only rained twice last week. First for 3 days and then for 4 days. Monday it was so windy that one of our chickens laid the same egg four times.

We had a letter yesterday from the undertaker. He said of the last installment wasn't paid on your grandmother within 4 days, UP SHE COMES!

Your Loving Mother.
P.S. I was going to send you \$10.00 but I had already sealed the envelope.

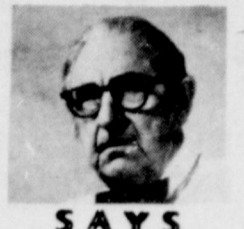

Robin Stark

DECA Thoroughfare For Freedom

Robin Stark, 17, is the daughter of Mr. and Mrs. Jack Stark. Robin is employed at the Fabric Place owned by Virginia House. Robin is an active member in F.H.A. Head Varsity Cheerleader and member of basketball and track team. Some of her duties are to wait on customers, cut out material, order and put up buttons, notions and patterns.

FINNEY

SAYS

Water Makes Payment

Mr. John Williams, General Manager of the Canadian River Municipal Water Authority, delivered the Authority's seventh annual payment for construction costs of the Canadian River Project to Mr. James A. Bradley, Southwest Regional Director of the Bureau of Reclamation, October 30, 1975. This check was in the amount of \$2,366,951.28, which with advance payments and other credits makes up the total payment of \$2,377,692.

The repayment contract requires that the Authority will repay the cost of the project, plus interest during construction, over a 50-year period with interest at the rate of 2.632 percent. The Bureau of Reclamation previously reported that the actual costs payable by the Authority total \$83,358,280 compared to the original estimate of \$99,114,000.

Including this payment, the total amount repaid to date is \$15,699,789, which includes interest on the principal amount.

Water from Lake Meredith has been delivered to the 11 member cities (Borger, Pampa, Amarillo, Plainview, Lubbock, Levelland, Brownfield, Slaton, Tahoka, O'Donnell, and Lamesa) since April 1, 1968.

Love is the sole reason for the existence for men and women, philosophers have argued about this for ages.....but C. Edmund Finney knows that Love is the true answer to it all.

A photographers business is built around pride and love.

If you have someone you love very dearly, what nicer gift is there than a photographic portrait in full glowing color by that master craftsman C. Edmund Finney.

However, you must hurry. Christmas is closer than you think, and we can only accept a few more portrait appointments, for Christmas gift giving.

If the man in your life will not come to the studio for a family portrait, sneak up on the 'ole boy, get him shaved and dressed, and we will come to your home to do your family portrait, for a small extra fee.

Call Audrey at 998-4142 and make your appointment very soon.

C. Edmund Finney

PHOTOGRAPHER

don't forget, Christmas is coming... & we make portraits.

On Tuesday of last week, Mrs. Faye Thayer went to Lubbock to spend a few days with her daughters' family and to have her regular check-up with her doctor.

The "Years of Wisdom" luncheon on Tuesday at the Fellowship Hall of Methodist Church, was a huge success according to those who attended. Guests were all

persons 60 years old or older and the affair was hosted by the Phebe K. Warner Study Club. Table decorations and plate favors were patterned after the pioneer days, and food was the best and in great abundance. The program was very interesting and entertaining, and brought many laughs. Prizes were given to the oldest

man, oldest lady and the one having had the most children.

Rebekah Lodge met in regular session on Tuesday night with 13 members present. Trudy Schuknecht and Ruth Reece were hostesses. Nominations were opened for new officers and will remain open for 3 meetings. Members were urged to try to have all the pecans sold and money in by next meeting night. Plans were made for a holiday benevolent work and a committee was appointed to bring details of the project at next meeting.

The Golden Age Group met Wednesday at 2 p.m. at Community Center. About 40 persons were in attendance. A committee is working this week on a slate of officers to be voted on at the next meeting. Any person 60 or over who has not attended one of these meetings is invited to come out and get involved. A varied program of fun, fellowship and services is in store for the future meetings. The club hopes to get a permanent building to call their own in the near future also.

I taught in Wilson High School on Wed. Tahoka 5th on Thurs. and again at Wilson in 4th grade on Monday.

Guests in the home of Thelma Dewbre on Saturday for a meal at noon were Teddie Kelley, Leona Waldrip and Mrs. Louise Shook from O'Donnell. A lovely meal was enjoyed.

Visiting here with relatives, a few days last week was Rosmary Nelms of Lubbock. She spent one day and night with her old friend, Mrs. D.V. Smith. She is of one of Tahoka's pioneer families and worked as City Secretary for many years before moving to Lubbock.

It was certainly a singing weekend for Mrs. Mary Lou Boggus of Corpus Christi who along with her husband and 3 children were guests of her parents, Mr. and Mrs. Charlie Lichey. Mary Lou spent an hour Saturday afternoon singing at Colonial Nursing Home. Sunday morning she sang two beautiful songs for church services at First Baptist Church. Sunday night at 6:30 in United Methodist Church she was featured in an hour long Gospel Music Concert enjoyed by both the Methodist and Baptist Congregations. Many visitors from out of town were present. Mr. and Mrs. Lichey also enjoyed having as a guest her sister, Mrs. Gladys Halder of Big Spring for the weekend.

My sister, Leta Brown of Lubbock visited on Sunday afternoon.

Visiting Mrs. Gladys Cobb on Saturday and Sunday was her daughter, Nancy Tuttle and her daughter, Laura from San Antonio and Mrs. Cobb's sister, Ima Jo Ellis of Littlefield. They all returned to their homes on Monday.

The Past Noble Grand Club meets in the home of Louise Wyatt this Thursday night at 7:00 p.m. The club still has fruit cakes for sale. These are the 3# Benson

Lynn County News

Cakes and are sold only through organizations. Call a Rebekah if you need one for your Thanksgiving Dinner.

Mrs. Margaret Nash is able to be back home after nearly 2 months with Herbert and Lucille in Muleshoe.

Mrs. Ehlers Funeral Held

Mrs. Edna Ehlers, 63, of Rt. 2, Wilson, died about 12:15 p.m. Sunday at the Lubbock residence of a son, Justice of the Peace Wayne LeCroy ruled death due to natural causes.

Services were held at 2:30 p.m. Tuesday in St. John Lutheran Church in Wilson with the Rev. Bobby Zacharias, pastor, officiating.

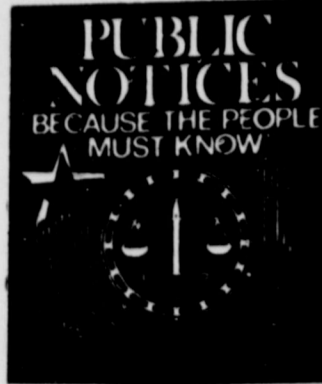

Burial was in Green Memorial Park under direction of White Funeral Home of Tahoka. She was born in Winters and attended school there before moving with her family to Lynn County in 1928. She married Herbert H. Ehlers July 26, 1933, in Wilson. Her husband preceded her in death in 1969.

She was a longtime member of St. John Lutheran Church in Wilson.

Survivors include two daughters, Mrs. Onita Steinhauer of Wilson and Mrs. Verlene Stegemoller of O'Brien; three sons, Arlis Ehlers of Lubbock, Milton Ehlers of Tahoka and Ray Ehlers of Rt. 2, Wilson; four brothers, W.F. Ernst of Akron, Colo., Oswald Ernst of Pampa, Rinehard Ernst of Sequin and B.L. Ernst of New Home; 14 grandchildren and one great-grandchild.

Pallbearers were Melvin Walter, Alton Ernst, Robert Abbe Jr., Gilbert Steinhauer, Donald Klaus, James Wuensche and Delmar Wilke.

The family suggests memorials to either the St. John Lutheran Church building fund or the American Cancer Society.

RETIREMENT SHELTER

If you are not covered by a retirement plan — do something wonderful for yourself today!

Let our Specialists show you how to establish a First Federal TAX FREE RETIREMENT SHELTER tailored to your needs.

FIRST FEDERAL'S SELF EMPLOYED RETIREMENT SHELTER... A retirement shelter which allows yearly contributions up to \$7,500 Tax Free. This is a Keogh plan.

FIRST FEDERAL'S INDIVIDUAL RETIREMENT ACCOUNT SHELTER... A retirement shelter available to employees, self employed, part-time workers — anyone with earned income. It's a Retirement Shelter which allows yearly contributions up to \$1,500 Tax Free.

Both Retirement Shelters can be opened with a nominal amount. Systematic deposits can be added during the year until the amount eligible for Tax Free Shelter is reached.

CLIP AND MAIL

Please let me know how I can establish a Tax Free Retirement Plan with retirement savings paying highest rates of interest.

I am interested in:
 1. Self Employed Retirement Plan
 2. Individual Retirement Plan
 3. Other Savings Plans

INSUR-MATION

Robert Harvick
 Lynn County Farm Bureau, 998-4320

Why do some insurance policies pay dividends? Which ones do?

Life insurance policies are either participating or non-participating. Participating policies pay dividends. The premium is set at a slightly higher amount than is expected will be necessary. Each year the excess is returned to you as a dividend. Dividends vary, depending on what the company's costs and profits were. You may use this money to pay towards next year's premium, take the money in cash or buy more coverage. The dividend may also be left with the company to accumulate interest. Non-participating policies cost an exact amount and are cheaper at the onset. However, if you feel dividends will be high, participating policies may be cheaper by giving you "investment money" or extra money at the end of the year.

Rites For Eli Mims

Services for Eli Mims Sr., 83, of Tahoka were held at 10 a.m. Monday at Pleasant Grove Baptist Church in Tahoka, with the Rev. M.S. Brown officiating.

Burial was in Tahoka Cemetery under direction of White Funeral Home.

Mims died Thursday in Lynn County Hospital following an extended illness.

Mims was born June 14, 1892 in Robertson County. He married Clara Cook Dec. 26, 1923, in Robertson County. They moved to Lynn County in 1939 from Lamesa. He was a Pleasant Grove Baptist Church deacon.

Survivors include his wife of Tahoka; two daughters, Mrs. Mattie Lee Johnson of Phoenix, Ariz., and Mrs. Jewel Lee Jelks of Houston; two sons, Albert Mims of Phoenix, Ariz., and Eli Mims Jr. of Denver, Colo.; 35 grandchildren; and 42 great-grandchildren.

Pallbearers were Tommy Graves, Roosevelt Moore, Lee Lave, Robert Hood, Ervin Hatchet and T.C. White.

The Veterans Administration's dental training center has produced 230 films for use by dentists and allied personnel throughout the United States.

The Veterans Administration treated about one million patients in its 171 hospitals last year. Another 12 million received outpatient treatment.

Graveside rites were held in the Tahoka Cemetery under the direction of White Funeral Home at 4 p.m. Saturday for David Mendoza, 3 month old son of Mr. and Mrs. Pedro Mendoza Jr. of New Home. Rev. A.C. Castillo officiated.

The baby died in Lynn County Hospital. He was born in Michigan and the family moved from Wesleyco to New Home.

Survivors other than the parents include one brother and grandparents.

Infants Rites Held Saturday

Graveside rites were held in the Tahoka Cemetery under the direction of White Funeral Home at 4 p.m. Saturday for David Mendoza, 3 month old son of Mr. and Mrs. Pedro Mendoza Jr. of New Home. Rev. A.C. Castillo officiated.

Water Makes Payment

Mr. John Williams, General Manager of the Canadian River Municipal Water Authority, delivered the Authority's seventh annual payment for construction costs of the Canadian River Project to Mr. James A. Bradley, Southwest Regional Director of the Bureau of Reclamation, October 30, 1975. This check was in the amount of \$2,366,951.28, which with advance payments and other credits makes up the total payment of \$2,377,692. The repayment contract requires that the Authority will repay the cost of the project, plus interest during construction, over a 50-year period with interest at the rate of 2.632 percent. The Bureau of Reclamation previously reported that the actual costs payable by the Authority total \$83,358,280 compared to the original estimate of \$99,114,000. Including this payment, the total amount repaid to date is \$15,699,789, which includes interest on the principal amount. Water from Lake Meredith has been delivered to the 11 member cities (Borger, Pampa, Amarillo, Plainview, Lubbock, Levelland, Brownfield, Slaton, Tahoka, O'Donnell, and Lamesa) since April 1, 1968.

Love is the sole reason for the existence for men and women, philosophers have argued about this for ages.....but C. Edmund Finney knows that Love is the true answer to it all. A photographers business is built around pride and love. If you have someone you love very dearly, what nicer gift is there than a photographic portrait in full glowing color by that master craftsman C. Edmund Finney. However, you must hurry, Christmas is closer than you think, and we can only accept a few more portrait appointments, for Christmas gift giving. If the man in your life will not come to the studio for a family portrait, sneak up on the 'ole boy, get him shaved and dressed, and we will come to your home to do your family portrait, for a small extra fee. Call Audrey at 998-4142 and make your appointment very soon.

C. Edmund Finney PHOTOGRAPHER don't forget, Christmas is coming-- & we make portraits.

Sherry Etheredge Says . . .

Cooking frozen meats takes longer. Busy homemakers can cook meat without defrosting -- it just takes a little longer. Extra cooking time needed depends on size, shape and thickness of meat. Large frozen roasts may take up to one and a half times as long to cook as unfrozen cuts of the same weight and shape. And smaller roasts usually require more extra time per pound than larger roasts. Inserting a meat thermometer when the meat has thawed will help determine doneness. Frozen steaks and chops require up to one and a half times longer to broil than

thawed ones. They should be placed at least four inches from the source of heat to prevent overbrowning. If time permits, thaw frozen meat in the refrigerator, then cook it as fresh meat. Large roasts take four to seven hours per pound to thaw, and small roasts take three to five hours per pound. Cooking time for meat thawed at refrigerator temperature is the same as for meat never frozen. But frozen meat combination dishes are best when reheated without thawing first. Those in watertight containers can be thawed partially by immersing the package in lukewarm water for a few minutes -- just long enough to make it easy to remove the food from the container. Complete thawing of meat combination dishes at room temperature may permit growth of dangerous bacteria, so it's best to put these foods in the oven while still at least partially frozen. If you serve ham, beef, veal, fish or poultry for your holiday festive meal, you will be giving your family that all important nutrient, PROTEIN. Protein builds and repairs every cell in your body. Be sure to plan a well balanced meal around the Basic 4 food groups. We hope that your Thanksgiving meal is delicious and nutritious. Remember: Poultry is good all year, not just for holidays. Poultry includes chicken, turkey, goose or duck. To prepare poultry for roasting: If bird is frozen, thaw in the refrigerator. It takes about 2 days to thaw in the refrigerator. Clean cavity of bird with water. Dry inside of bird. Stuff bird if desired. Grease bird all over with melted fat. Place in a shallow pan. You may cook bird uncovered or covered with a lid or a piece of aluminum foil. **To Roast Poultry** Weight of Stuffed Bird, 8 - 10 lbs. Temperature 325 degrees, Roasting Time, 20 - 25 minutes per pound 3 - 3 1/2 hours, 10 - 14 lbs. 325 degrees, 18 - 20 minutes per pound 3 1/2 - 4 hours, 15 - 18 lbs. 300 degrees, 16 - 18 minutes per pound 4 - 4 1/2 hours. **Cornbread Dressing** 1 1/2 cups onion, chopped, 2 cups celery, chopped, 1/2 cup fat, melted, 6 cups cornbread, 1 tablespoon salt, black pepper, as desired, 1 1/2 cups hot broth, 4 eggs (2 uncooked and 2 hard-cooked) 3 teaspoons baking powder. Brown onions and celery in fat. Add cornbread, salt, pepper and broth. Add the 2 beaten uncooked eggs and 2 chopped hard-cooked eggs. Add baking powder. Mix well and stuff bird. Make broth by simmering neck and giblets of bird in about 2 cups of water. (Add salt, pepper and pieces of celery and onion to water.) **With Leftover Meat make A Casserole:** 2 cups of cooked meat, 1 cup milk, 2 eggs, 2 slices bread, 2 teaspoons salt, 1 stalk celery. Heat oven to 350 degrees F. Chop meat, add milk, eggs, bread (cut into small pieces), chopped celery and salt.

Lisa Atwell - Cheryl Cole

Local Girls Angelettes

Lisa Atwell and Cheryl Cole graduates of Tahoka High School are currently serving as members of the Angelettes, a precision drill team at Angelo State University in San Angelo, Texas. Ms. Atwell is a freshman physical education major at ASU. Ms. Cole is a freshman business major at ASU. There are currently 30 coeds serving in the colorful performing unit. The girls compete for membership in troupes that are held at the start of each semester. The girls also compete for a limited number of scholarships that are available to the unit. They also receive one semester hour credit in fine arts for their participation for each semester they are in the unit. The Angelettes provide an extra touch of color to all home football games played by the Rams of Angelo State. In addition to performing during football season, the Angelettes also take part in various local and area parades, they perform at home basketball games, at pep rallies and they serve the community of San Angelo by assisting at various civic functions.

Shower Honors Betty Curry

Betty Curry, bride elect of Gary Stennett, was honored with a miscellaneous wedding shower Saturday, November 8, in the home of Mrs. Calloway Huffaker. Hostesses were Mmes. Huffaker, H.B. McCord, Jr., James Brookshire, Clyde Spruiell, Gerald Huffaker, Jack Fenton, Robert Abbe, Sr., E.L. Short, Ray Adams, and Jack Robinson. Approximately 75 guest registered including special out-of-town guests, the mother, grandmother and sister of the future groom. Betty Curry, bride elect of Gary Stennett, was honored with a miscellaneous wedding shower Saturday, November 8, in the home of Mrs. Calloway Huffaker. Hostesses were Mmes. Huffaker, H.B. McCord, Jr., James Brookshire, Clyde Spruiell, Gerald Huffaker, Jack Fenton, Robert Abbe, Sr., E.L. Short, Ray Adams, and Jack Robinson. Phebe K's Meeting

Phebe K. Warner Club met Tuesday, October 28, in the home of Mrs. Binie White. Mrs. Wendall Patterson served as co-hostess. During the business meeting Mrs. Jim Wells, reported on the Board Meeting for Caprock District which was held in Gilstown, also she told about the club members going to Post to visit with the Womens Culture Club there. To open the program, Mrs. Nam Adams played a medley of patriotic songs, ending with "This is my Country." As part of the program members answered the roll call with a "show and tell." Each member had brought something out of the past and told why it meant a great deal to her in her heritage. Mrs. Truett Smith summarized the reports and praised the club members for their appreciation of our great heritage. The meeting ended with a prayer.

Arts & Crafts Fair At Post

The Texas Agricultural Extension Service is sponsoring a Cultural Arts and Crafts Fair, Friday and Saturday, November 21 & 22nd. The fair will open at 1:00 p.m. Friday and close at 7:00 p.m. Saturday the fair will open at 9:00 a.m. and close at 4:00 p.m. Indian jewelry, art, all kinds of hand made crafts and other items, and baked goods will be featured at the fair. There is no charge for attending, the public is cordially invited to attend. The Garza County Home Demonstration Council and Clubs are assisting with the fair. (The fair resemble a flea market - only all items will be new.)

Immunize Against Diphtheria

Diphtheria isn't dead yet -- outbreaks do occur in all age groups, and national statistics show many cases are severe with five to ten per cent fatal, Carla Shearer, a health education specialist says. She's with the Texas Agricultural Extension Service, The Texas A & M University System. "Immunization is the only effective protection against diphtheria. Babies can be immunized at about two months of age, but aren't fully protected until they have all three doses of the series. "Diphtheria vaccine is almost always combined with pertussis (whooping cough) and tetanus vaccines. After the basic series, regular booster doses of diphtheria vaccine are necessary to stay immunized. "Although often thought of as a childhood disease, diphtheria also strikes adults. The Texas Department of Health Resource suggests that adults diphtheria booster usually combined tetanus vaccine, every 10 years," the specialist said. Of symptoms, Miss Shearer said diphtheria like a cold with the sore throat and fever, these symptoms rapidly worsen, and the patient have difficulty swallowing, heart damage, disability or even death result, the specialist said.

Wilson Sch Menu

- Monday**

- Wednesday**
Meat and cheese wiches, pork & beans, lettuce and tomatoe cherry cobbler.
- Thursday**
No School
- Friday**
No School

HOW TO KNOW DECEPTION

John warned "Beloved, believe not every spirit, but prove the spirits, whether they are of God, because many false prophets are gone out into the world" (1 John 4:1). Although John was writing specifically in respect to anti-christ, all false teachers can be proven through the apostles' doctrine. Verse six of first John states "We are from God, he who knows God listens to us; he who is not from God does not listen to us. By this we know the spirit of truth and the spirit of error." The "we" and "us" in the above verse is in reference to the apostles and the followers of truth. Cultists traveling in pairs, going from door to door, say that we must pray to determine whether or not they have a "latter day revelation of the faith." The Bible states in Romans 10:17, "faith comes from hearing, and hearing by the word of Christ." Faith comes from hearing God's word, not from praying for it. Jude wrote in the latter part of the first century that "the faith" has been once and for all delivered to the saints. (Jude 3) We do need to pray, not for a modern revelation or faith, but for the precious souls of men who have been deceived into thinking the Bible is incomplete as a rule of faith and practice. We do need to prayerfully thank God for His inspired Word, that we may be adequate, equipped for every good work. (2 Tim. 3:16, 17) Let us be as the noble minded Bereans and receive the New Testament teaching with great eagerness, examining the Scriptures daily, to see whether things being taught are so. Please read Matt. 7:20 - 24, Heb. 1:2, and Galatians 1:6 - 9.

Sympathy is extended to Mrs. Hautence Parker in the loss of a niece.

Sympathy is extended to Mrs. Edna Ehlers Family in the loss of their loved one.

Hospital

Mrs. Charlie Campbell, fell this last week and broke her leg. She is in the Methodist Hospital in Lubbock.

Bond Sales Total \$73,337

In releasing Treasury figures, County Bond Chairman F.B. Hegi, announced today that sales of Series E and H United States Savings Bonds in Lynn County during September totaled \$2,109. Sales for the nine-month period were \$73,337 for 56% of the yearly sales goal of 130,000.

Sales in Texas during the month amounted to \$19,479, 856 --- while the year-to-date sales totaled \$181,535,171 with 77 % of the \$234.3 million sales goal achieved.

Locals

Mrs. Jess Gurley recently returned from a visit with her son, Ronnie, in Washington, D.C.

The nation's veteran population is expected to peak at 29.7 million in fiscal year 1979, according to the Veterans Administration.

Wilson Students Are Honored

Student members of the various teams which represent Texas Tech and the College of Agricultural Sciences in national and international competitions were recognized at the Pig Roast.

Students honored include: From Wilson, Michael Bednarz, son of Tommy Bednarz, Rt. 2, \$1,000 Houston Livestock Show and Rodeo Scholarship; Steven T. Bednarz, son of Tommy Bednarz, recipient of \$100 Plains Ginners Assn. Scholarship; and Gary Moore,

son of Russell Moore, member Senior Livestock Team; Gregory C. Weid, son of Jo Nan Weid, recipient of \$1,000 Houston Livestock Show and Rodeo Scholarship.

Jose Mendoza

Mendoza Completes A.F. Basic

Airman Jose Mendoza, son of Mr. and Mrs. Refugio G. Mendoza of Rt. 4, Tahoka, Texas, has completed Air Force basic training at Lackland AFB, Tex.

During his six weeks training, he studied the Air Force mission, organization and customs and received special instruction in human relations.

The airman is remaining at Lackland for specialized training in the security police field.

Airman Mendoza is a 1975 graduate of New Home (Tex.) High School.

TEXAS TALK
By Fred Myers

Salt water ponds made of plastic may be the answer to solar energy supplies for farm buildings. Such a pond would be designed as a solar heat trap. Research on such a contraption is now underway at Ohio State University where they are using a 150-thousand gallon model with a depth of nine feet. Solar ponds are special in that they utilize a black plastic lining and are filled with salt water. The lining attracts and absorbs more heat . . . salt water keeps the heat from rising to the surface. Fresh, cool water is then pumped through plastic tubes at the bottom of the pond . . . that water is heated then pumped back through the floor of a building to provide natural heat. Scientists warn of one problem in trying to utilize the pond as a swimming pool . . . temperatures at the bottom have been measured as high as 194 degrees.

FIRE DEPT. 998-4122

By the end of November the leaves will be gone from the High Plains cotton crop, billowing dust will rise around mechanical strippers in almost every field, and the time for farmers to make all-important marketing decisions will be at hand.

This is a good time, according to W.B. Criswell of Idalou, for each producer to take a good look at his per-pound production costs. Criswell, himself a cotton producer in east Lubbock County, is President of Plains Cotton Growers, Inc., an organization with membership in 25 counties surrounding Lubbock.

The investment a farmer has in his crop cannot alone dictate the "sell now or sell later" decision, Criswell cautions, "but it certainly is a factor and should be clear in the producer's mind before the decision is made."

To this end, Criswell advises producers who may not be experienced in cost analysis to call, write or visit Marvin Sartin, Area Agricultural Economist, Texas Agricultural Extension Service, located at the Research & Extension Center north of Lubbock (Route 3, Box 213AA, Lubbock, Tx. 79401). County Extension Agents in each county may also be contacted for assistance.

In late 1974, Sartin projected 1975 production costs and possible returns from High Plains cotton farms under dryland conditions, various irrigation schemes and different levels of management. His figures are available on request and can be useful as guidelines in the calculations of individual farmers, Criswell points out.

Per-pound cost of production, of course, is affected by yield per acre. "And the cost figure for 1975, considering the below average yields expected, may surprise a lot of people," the PCG President says.

Sartin has separated "variable" and "fixed" costs in his calculations. Variables include seed, fertilizer, herbicides, hail insurance, machinery operation, labor, interest on capital, harvesting, hauling, ginning, bagging and ties. Fixed costs include tractors and other machinery, irrigation equipment and land.

Looking at only one of Sartin's examples, which assumes preplant and one post plant row irrigation with typical management, variable costs are estimated at \$118.33 per acre and fixed costs at \$51.66, for a total of \$169.99 per acre. Should the farm yield be equal to the 352 pound average recently estimated for the Plains, per-pound cost would come to 48.3 cents.

On either side of this example, from a dryland crop to one irrigated four times, per-pound costs in Sartin's projections range from about 28 cents to over 60 cents.

Assuming prices are not acceptable at harvest time, some farmers may want to hold cotton in the government loan until some time in 1976. The base 1975 loan rate at Plains area warehouses is 36 cents per pound, basis Strict Low Middling 1-1/16 inch cotton, 3.5 to 4.9 micronaire. The final date for putting 1975 crop cotton into the loan will be May 31, 1976, and producers can hold title to cotton in the loan for up to 10 months from the first day of the month the loan is issued. Current interest rate on Commodity Credit Corporation loans is 7.5%, but the rate will be reviewed on April 1 next year and could be adjusted up or down at that time.

National DECA Week Nov. 16-22

The Tahoka Deca Chapter 389 will be observing National Deca week from November 16 to 22. The purpose of the observance is to point out to the many and varied careers available within the field of merchandise distribution. Special programs will be conducted during the week by members of Tahoka Deca Club.

November 18 and 20.

On Tuesday, Nov. 18, and Thursday, Nov. 20, the Deca Chapter will present "True Blue and Trusted," a one act melodrama.

The play will be at 10:51 a.m. both Tuesday and Thursday in the High School Auditorium. Admission will be 25 cents.

Tick Research Building Begun

Construction has begun on a research building at Falcon Heights, Texas, which will be used for developing means of protecting cattle from tick fever, Agriculture Commissioner John C. White has announced.

Researchers at the Falcon Heights facility will be seeking an effective and inexpensive inoculation to produce immunity to tick fever. Results of the research will be shared with cattlemen throughout the world.

Falcon Heights could eventually open extensive tropical markets for Texas cattle exports, the Commissioner predicted.

The center is located on the U.S. Department of Agriculture facility on an isolated peninsula below Falcon Dam on the Rio Grande River, south of Laredo. Construction is expected to be completed in January 1976.

FACTS FOR YOU

from Texas Farm Bureau

State Comptroller Report

The month of September saw a change in operations that had a significant impact on the state's financial position. Although revenues increased 25 percent over September 1974 levels to \$422 million, the big story was the level of expenditures for the month. September expenditures totaled \$722 million, an increase of 32 percent over the same month in 1974. The result was a significant decrease in the cash position of the state. (COMPTROLLER OF PUBLIC ACCOUNTS FINANCIAL STATEMENT, Sept. 1975)

Cotton Program - 1976

Secretary of Agriculture has announced some of the major provisions with regard to the 1976 upland and extra long staple cotton programs. The announcement includes the following major provisions (previous year's comparative figures in parentheses):

(1) A preliminary upland cotton loan rate of 37.12 cents (34.27) per pound.

applicable to middling one-inch (micronaire 3.5 through 4.9) net weight, at average location in the U.S.

(2) A preliminary ELS cotton national average loan rate of 73.24 cents (67.34) per pound.

(3) A preliminary ELS cotton payment rate of 1.51 cents (6.36) per pound.

(4) A seed cotton loan program for upland and ELS cotton.

(5) An upland cotton national production goal of 12,376,000 standard bales of 480 pounds net weight.

(6) An upland cotton national base acreage allotment of 11,000,000 acres. -- upland cotton state base acreage allotments. (TEXAS NOTICE (1975) - Im-50)

Other major provisions of the program announced on August 21, include: (1) no acreage set aside or conservation base requirements under the upland cotton feed grain and wheat programs. (2) An extra long staple cotton national marketing quota of 82,481 bales (standard bales are 480 lbs. net weight) and the national acreage allotment of 83,732 acres and the referendum period for December 8 - 12, 1975.

(1) A preliminary upland cotton loan rate of 37.12 cents (34.27) per pound.

exports to the U.S. in November and December. Irish beef exports to the U.S. are minimal so far this year (1.1 million pounds through September) since profits from sales to West Germany and into intervention appear to have been larger.

Poultry Condemned

September issue 1975 of USDA'S POULTRY SLAUGHTER REPORT indicates that inspectors condemned 4.1 million lbs. live weight unfit for human consumption which represents 0.31 % of the total quantity inspected. This condemnation compares to 0.34% a year ago. Condemnations after death for September was 23.2 million lbs. New York Dressed weight, representing 1.98 % of the total quantities inspected. September's condemnations at 1.98 % was considerably below the 2.37 % reported for September 1974.

Grain Stocks

The Crop Reporting Board October 1 GRAIN STOCKS REPORTS reveals that the stocks of grain sorghum, corn, oats and rye are below a year ago while wheat, barley and flaxseed stocks are larger. The stocks of the four feedgrains, corn, oats, barley and sorghum, in all positions total 26.9 million metric tons, 10% less than holdings of October 1, 1974. The following table is a summary of the October 1, 1975 stocks compared to July 1, 1975 and October 1, 1974.

GRAIN STOCK
OCTOBER 1, 1975,
COMPARED TO
OCTOBER 1, 1974
Commodity - Stocks on Oct. 1, 1975, (1,000 bu.) - Corn, 358,516. Sorghum, 35,038. Oats, 642,448. Barley, 349, 525. All Wheat, 1,873,626. Rye, 16,005. Flax Seed, 14,252.

Nov. 1, 1975 (1,000 bu.) - Corn, 1,146,387. Sorghum, 95,326. Oats, 184,603. Barley, 75,576. All Wheat, 320,113. Rye, 5,845. Flax Seed, 2,080.

Oct. 1, 1974, (1,000 bu.) - Corn, 482,732. Sorghum, 61,376. Oats, 651,575. Barley, 308,505. All Wheat, 1,550,084. Rye, 20,460. Flax Seed, 11,421.

Paragraph 1 as a % of paragraph 2 - Corn, 74.3. Sorghum, 57.1. Oats, 98.6. Barley, 113.3. All Wheat, 120.9. Rye, 78.2. Flax Seed, 124.8.

Federal Finance

The U.S. government reported that expenditures for the first two months of the 1976 fiscal year (July, August, 1975) at \$61.9 billion was \$18.1 billion in excess of federal receipts of 43.8 billion. If this rate of debt continues for the entire fiscal year, the deficit will be \$108.6 billion.

The federal debt at the end of August 1975 was \$558.6 billion compared to \$493.6 billion on the same day a year ago indicating a 13% increase. The public held \$411.9 billion of the public debt or 73.74% of the total.

The message is that so long as government continues to spend more than it takes, prices will continue to soar.

Practical Politics

The U.S. Department of Transportation announced on July 16, 1975 award of grants worth \$20,837,412 to 47 states, the District of Columbia and the commonwealth of Puerto Rico for district transit assistance to elderly and handicapped persons. A check with the U.S. Department of Transportation revealed that Texas received \$932,000 of the total and that this grant was distributed through 41 state organizations. The State Department of Highways and Public Transportation, Austin, Texas is the Texas base for handling these grants. A check with the Texas office reveals 38 organizations whose applications have been approved by the Urban Mass Transportation Administration for this type of loan.

The lesson is that these organizations, their employees, those supported, friends and families become a formidable political voice to continue and expand such programs.

Egg Check-Off

Texas egg producers between November 3 and November 28, 1975 will have the opportunity by referendum to cast their ballots by mail for or against an egg research and promotion order. The purpose of the referendum is to determine if egg producers wish to have a national egg research and promotion order which would authorize the assessment of egg producers at the rate of not more than 5c per 30 dozen case of eggs sold.

The producers that are eligible to vote in the referendum and will be assessed for the programs they support are producers that own a flock of laying hens consisting of more than 3,000 hens used for commercial egg production and not primarily used in production of hatching eggs for baby chicks.

The 5 cents assessment collected from producers by handlers would be used to establish finance, carry out coordinated programs of research, producer and consumer education and promotion of eggs.

The programs would be administered by an 18-member egg board appointed for two-year terms, by the Secretary of Agriculture, from certified egg organizations. The 18-member board would be selected from 6 geographic areas of the United States. Texas would be in area 5 designated as the South Central states, which consist of Kentucky, Tennessee, Alabama, Mississippi, Arkansas, Louisiana, Oklahoma and Texas. Area 5 is allowed to have 4 representatives on the egg board. Voter approval must be by at least 2/3 of the producers voting in the

referendum or by majority of the producers voting, if they produce at least 2/3 of the commercial eggs produced between June 1, 1975 and August 31, 1975. If the referendum passes, egg producers who do not wish to contribute to the fund may demand a refund from the egg board. The producer must make the refund request within 90 days after the assessment, and the board must make the refund within 60 days after receiving the request.

If an eligible egg producer has not received a ballot in the mail by November 3, 1975, ballots may be obtained from the county Agricultural Stabilization and Conservation Service or from the Director of Poultry Division, AMS, USDA, Washington, D.C. 20250.

Meat Production

Commercial production of red meat in the United States totaled slightly over 3 billion pounds in September, about the same as a year ago, but 17 percent above September 1973. Commercial meat production includes slaughter in Federally inspected and other slaughter plants, but excludes Labor Day and 4 Saturdays; compared with 20 weekdays, excluding Labor Day and 4 Saturdays for September 1974 and 19 weekdays excluding Labor Day and 5 Saturdays for 1973.

Beef production totaled 2.1 billion pounds, 11 percent above September last year and 26 percent above September 1973. Cattle kill totaled 3,672,100 head, 19 percent above last year and 41 percent above September 1973. Live weight per head averaged 974 pounds, 39 pounds less than September 1974 and 72 pounds below September 1973.

There were 82 million pounds of veal produced in September, 74 percent above the 47 million pounds produced in September 1974. Calf slaughter at 514,600 head was up 80 percent from a year ago and more than triple the September 1973 total. Live weight per head averaged 284 pounds compared with 285 for September 1974, but was 19 pounds below September 1973.

Pork production totaled 901 million pounds in September, 20 percent behind a year ago and 3 percent below September 1973. Hog kill totaled 5,467,800 head, 21 percent behind last year and 3 percent less than September 1973. Live weight per head averaged 238 pounds, 4 pounds below September 1974 and one pound below September 1973. Lard rendered per 100 pounds live weight was 5.8 pounds compared with 6.7 pounds in September 1974.

There were 40 million pounds of lamb and mutton produced in September, a decline of 7 percent from a year earlier. Sheep and lamb slaughter totaled 785,400 head, 10 percent less than a year ago and 4 percent behind September 1973. Average live weight was 104 pounds, 2 pounds more than last year and the same as 1973.

Federally inspected slaughter as a present of total commercial slaughter in September 1975 and September 1974 was as follows: Cattle, 90.4 and 90.2; calves, 74.8 and 74.2; hogs 95.4 and 94.8; sheep and lambs, 96.5 and 96.8 percent.

Texas commercial slaughtering plants produced 286 million pounds of red meat during September, according to the Texas Crop and Livestock Reporting Service. This is 8 percent above last month and 32 percent above the 216 million pounds produced in September 1974.

Red meat production for the first nine months of this year was 2,187 million pounds compared with 1,763 million a year ago, an increase of 24 percent.

September cattle slaughter at 510,000 head was 46,000 more than last month and 136,000 more than a year ago. There were 3,773,000 head of cattle slaughtered during the first nine months of 1975, up 33 percent from the same period in 1974.

The calf kill for September was 62,500 head, 4,000 more than a month ago and 41,800 more than September last year. The January - September total kill was 439,500 head, nearly four times the number killed during the same period a year ago.

Hog slaughter, at 78,000

was up 3,500 head from August, but 31,000 fewer than a year ago. The nine month hog kill (January - September) was 857,000 head, down 18 percent from the previous year.

Sheep and lambs killed totaled 127,000 head in September 20,000 above last month but the same as September 1974. There were 1,128,500 sheep and lambs slaughtered during the first nine months of 1975, one percent above the same period last year.

The live weight of cattle slaughtered during September averaged 873 pounds compared with 888 both a month ago and in September 1974. The average live weight of calves was 480 pounds, 7 pounds lighter than last month and 39 pounds lighter than a year ago.

The September average live weight of hogs was 247 pounds, compared with 226 in August and 249 in September 1974. Sheep and lambs averaged 94 pounds, 3 pounds more than a month ago and one pound heavier than 1974 at this time.

(TEXAS LIVESTOCK SLAUGHTER, September 1975)

Cotton Prices Were Steady

Grower prices were steady to firm during the week ending November 14, according to Paul R. Dickson, in charge of the Lubbock Cotton Classing Office.

The USDA's Agricultural Marketing Service reported trading was slow and growers offered small lots of new crop cotton in very light volume.

They sold small mixed new crop lots of mostly grades 41 and 51; staples 30 through 32; mike 3.3 through 4.9 for 42.00 to 43.00 cents per pound. Mixed lots of mostly grades 41 and 51; staples 31 and 32; mikes 2.7 through 3.2 brought 38.25 cents.

Demand was moderate to light. Most lots offered were 1974 crop cotton, Dickson said. Prices paid growers for cottonseed ranged from 77.50 - 90 dollars per ton. Grades 41, 32 and 42 were predominate qualities in this week's classings. Grade 41 was 16 percent, grade 32 - 14 percent and grade 42 - 38 percent. Bark reductions were assigned to 21 percent of the samples classed.

Staples 29, 30, and 31 were predominate lengths accounting for 27 percent, 27 percent and 15 percent respectively.

Mike readings 3.5 through 4.9 amounted to 23 percent of the total. Mike group 3.3 through 3.4 accounted for 16 percent, 3.0 through 3.2 range 23 percent, mike 2.7 through 2.9 was 23 percent, and 2.6 and below was 5 percent.

Pressure tests indicated breaking strengths at Lubbock averaged 87,000 pounds per square inch.

Ginning increased throughout the South Plains and about 34,000 samples were classed by the Lubbock Classing Office during the week ending November 14. This season total stands at 63,000 samples compared to 1,400 on the same date a year ago.

More than 30,000 Vietnam-era veterans are employed by the Veterans Administration.

BILL GRIFFIN SAYS

To accomplish the shift of income for tax reporting with deferred-sale contracts, certain specific conditions must be met. The contract should be a written one which definitely precludes the taxpayer from receiving payment until a specific date. These contracts must also explicitly indicate that they are not assignable. Thus, if the contract is a bona fide arm's - length transaction, provides a small down payment, fixes the dates of subsequent payments and declares that it is nonassignable, the right to the income does not arise until the contract date of payment.

"a point to keep in mind is that the mere postponement of payment will not push income into a later year," he says. "It is essential that the right to income be postponed. A condition employed by the taxpayer solely for tax juggling is usually insufficient to postpone constructive receipt without the benefit of at least some business reason for the action. Also, a risk may be involved if a contract is made with an unknown party for payment at a later date. Know the other party because you are trusting them with your money."

The advance purchase of items to be used in the farm business can be used in years of high income. A tax-conscious farmer can choose the times when buildings are repaired, additional small tools are purchased, soil and water conservation expenses are incurred, fertilizer is applied in the fall, and seed in purchased early.

With commercial livestock feeding programs increasing, questions have been raised about the deductibility of the prepayment for large quantities of feed. Currently, legislation is being considered that could limit the deductions from agricultural business for those persons who have nonfarm incomes. The final outcome of this bill and when it will become effective

allowed on qualified equipment purchases. Generally, any depreciable asset used in the business for the production of income will qualify except for real estate. If any purchases of potentially qualifying equipment have been made in 1975, bring them to the attention of your tax practitioner.

Professional consultation usually a profitable investment of most farmers. However, income tax consultants can help only if they are contacted early, before the end of the tax year.

An Income - Tax meeting will be held in Lynn County Dec. 4, 7:00 p.m. in the Lyntegar Room, Tahoka, Tex.

Everyone is invited to attend this meeting. It is open to the public.

are unknown at this time. Besides advance purchases of inputs, farmers can shift their expenses by delaying items already used. In years of below normal income, it is so possible to delay items until after the end of the year to shift the expense to the following period. If it is paid on the following payment, the interest is deductible.

Other items to reduce taxpayers' memories - Interest can be advanced and deducted as current expense. The Internal Revenue Service ordinarily allow a deduction for the payment of interest for not to exceed 12 months.

Lease payments on ordinary current expenses. In the area of leasing farm machinery, some agreements actually amount to conditional sales contracts. If the lease is in fact a contract, the annual lease payments are not current deductions. The asset must be depreciated just as similar implement purchased with cash.

Investment credit allowed on qualified equipment purchases. Generally, any depreciable asset used in the business for the production of income will qualify except for real estate. If any purchases of potentially qualifying equipment have been made in 1975, bring them to the attention of your tax practitioner.

Professional consultation usually a profitable investment of most farmers. However, income tax consultants can help only if they are contacted early, before the end of the tax year.

An Income - Tax meeting will be held in Lynn County Dec. 4, 7:00 p.m. in the Lyntegar Room, Tahoka, Tex.

Everyone is invited to attend this meeting. It is open to the public.

LEGAL NOTICE

NOTICE OF INTENT TO ENGAGE IN WEATHER MODIFICATION ACTIVITIES

Notice is hereby given that the Colorado River Municipal Water District, 400 East 24th Street, Big Spring, Texas 79720, who holds License No. 76-5 of the State of Texas, issued December 18, 1974, and renewed September 1, 1975, intends to engage in an operation to change or attempt to change by artificial methods the natural development of atmospheric cloud forms for and on behalf of the Colorado River Municipal Water District P.O. Box 869, Big Spring, Texas 79720, and will conduct the program of weather modification designed to increase precipitation by means of the aerial application of silver iodide or other artificial nuclei as follows:

1. The area over, or within which, equipment may be operated shall include the counties of Lynn, Garza, Kent, Dawson, Borden, Scurry, Fisher, Martin, Howard, Mitchell, Nolan, Glasscock, Sterling and Coke.

2. The target area, within which the precipitation is intended to be enhanced, can be described as follows:

The boundary may be described by a line beginning at a point of origin at Big Spring, Texas, and running along Highway 87 in a northwesterly direction to Lamesa, thence north-northeast on Highway 87 to the north border of Dawson County, thence east along the north border of Dawson, Borden and Scurry Counties to Highway 84; thence southeast along Highway 84

to Roscoe, in Nolan County; thence south-southeast to Maryneal; thence southwest to Sliver in Coke County; thence south-southwest to Highway 87 at a point approximately 13 miles northwest of Sterling City; thence northwesterly along Highway 87 to the point of origin at Big Spring, Texas.

3. The materials, equipment and methods to be used in conducting the operation within this area of approximately 3500 square miles include a 3 cm radar system, cloud seeding aircraft, and the application of silver iodide ice nuclei, hygroscopic nuclei or other nuclei considered appropriate to the artificial nucleation of clouds or weather systems.

4. The person in charge of this program shall be Owen H. Ivie, Colorado River Municipal Water District, Big Spring, Texas.

5. The program will be operational during the period from March 1st to November 30 during the years 1976, 1977, 1978 and 1979.

6. Any persons who feel they may be affected in some adverse way by this program may file a complaint with the Texas Water Development Board, P.O. Box 13087, Capitol Station, Austin, Texas, 78711.

Signed: Owen H. Ivie, Colorado River Municipal Water District 47-3tc
