THURSDAY, MARCH 11, 1976

NUMBER 11

Mini-Park For Tahoka

According to information received from State Representative E. L. Short, Tahoka residents can be reasonably sure that a new Mini-Park applied for

through the City of Tahoka and the Tahoka Bicentennial Committee will become a reality in Tahoka within a short period of time.

The grant for \$9375.00 has been included in the Texas Parks and Wildlife Budget, but will not be finalized until a public hearing on March 18.

The Mini-Park which will be located just north of city hall include playground and picnic facilities along with one tennis court, with hopes of a second court to be added in the future.

Mel Leslie, Mayor of the City of Tahoka and Chloie Jan Wells, President of the Tahoka Bicentennial Committee along with other residents have worked hard to achieve this goal and should be commended for their efforts.

County To Elect PCG Director

Lynn County cotton producers and agribusinessmen will elect a Businessman Director to Plains Cotton Growers, Inc. at 8:00 p.m. Monday, March 15 in the Lyntegar Room, Tahoka.

Announcement of election arrangements comes from Joe D. Unfred of New Home, Lynn County Producer Director and Secretary - Treasurer to the 25 - county commodity organization, and C. T. Louder of Tahoka, current Businessman Director. Each of the counties in PCG territory has two directors, one a businessman and the other a cotton producer. They are elected on alternate years to serve two - year terms. Each is eligible for re - election every second year.

Unfred and Louder are urging all interested parties to attend and take part in the election, in which both farmers and businessmen are eligible to vote.

A member of the PCG staff will conduct the election, present a brief summary of PCG objectives and activities, and answer any questions concerning the commodity organization and its work.

Softball To Meet Tonight

The Tahoka Softball League will hold a meeting Thursday, March 11 (tonight) at 8 p.m. at Chaney & Son Service Station.

All interested persons are urged to attend.

T-Bar Ladies Golf To Meet March 16

The T-Bar Ladies Golf Association will meet Tuesday - March 16th for their first luncheon and business meeting for the summer months. An election of officers for the coming year will be held, and the officers elected will take office with the first meeting in April.

Monthly luncheons are held on the third Tuesday of each month unless otherwise specified, and each Tuesday is ladies' golf day and special activities are planned - weather permitting.

T - Bar Ladies are members of the South Plains Women's Golf Association, which is composed of Lubbock Country Club, Hillcrest Country Club, Meadowbrook Country Club, Plainview Country Club, Brownfield Country Club. Monthly play day for the South Plains Association is the first Wednesday in each month - unless other - wise specified by the local club.

Mary Wright, Representative from T - Bar to the South Plains Association advised that September was selected for local play - which will be Wednesday - September 1st.

Members of the T - Bar Ladies Golf Association are urged to attend - and invite prospective members of the Ladies Golf Association. Lots of golfing activities are planned for the summer months.

FIRST PLACE ENGLISH CROSS - Pictured above is Tracy Clark of O'Donnell as she shows the first place English Cross Steer at the Houston Livestock Show. Karla James showed the 7th place Charlois. In the Swine Division, Marci Miller placed 2nd with a Poland China; Randy Wood 3rd, Hampshire and 3rd, Melinda Terry, Duroc. All these animals sold for a dollar a pound.

City Election To Be Held

Four candidates have been filed for three places on the Tahoka City Council in the election set for April 3.

Filing for re - election are James F. (Sonny) Roberts, Jesse Dorman, and John Ed Redwine, while the fourth candidate is Tom Cloe.

Holdover members of the Council are Mayor Meldon Leslie, H. B. McCord, and Ed Hamilton.

Absentee votes may be cast at the City Hall from March 15 through March 30.

Farmer-Businessman Banquet Tonight

Tahoka's annual Farmer - Businessman banquet tonight, Thursday, at 7:30 in the school cafeteria is open to the public and will feature an outstanding program.

Principal speaker is Bob Cox of Denison, recognized as a very popular humorist and philosopher, whose experience ranges from farmer and rancher to teacher and athlete, lumberjack and preacher.

Special music will be furnished by Gary White and

Mrs. Bettye Green.

Also, at the meeting, new Chamber of Commerce officers and directors will be introduced, and presentations made to Tahoka's "Citizen of the year," the outstanding Conservation Farmer, Homemaker, and Conservation Essay winners.

Some tickets are still available at \$5.00 each, which may be obtained at the door by persons who have not already bought tickets.

Welfare Dept. New Phone No

The State Department of Public Welfare has a new phone number, which is 998 - 4553.

School Trustee Election To Be Held

The names of six candidates have been filed to fill two places on the Tahoka school board in the election Saturday, April 3.

Those filed are: Lyndell Wood, Billy Tomlinson, Jacky Henry, A. E. (Bob) Haney, Jay Dee House, and Kenneth Farr.

Vacancies to be filled are those of Dayton Parker and Roy Stephens. The latter is filling out the unexpired term of J. D. Atwell.

Holdover board members are: Kenneth Turner, Othell Meeks, Joe Brooks, Mrs. Mary Brecheen, and Marlin Hawthorne.

Voters may cast absentee ballots from March 15 through March 30 at the school business office.

Tahoka Players Named To All District Team

Tommy Botkin, David Graves, and Ernest Bailey have been named to the 5 - AA District boys team. Danny Moore received honorable mention.

Named to the 5 - AA District girls team was Cindy Craig and Beverly Bryson received honorable mention.

CB Meeting Tonight

The second meeting of the Tahoka C B Club will be held Thursday, March 11, (tonight) at 7:30 p.m. in the Tahoka Community Center. Bring your radios if you would like your Drivers License number put on them with an electric pen. Several persons have offered to bring their pens.

Also, there will be a showing of burglar alarms for your car, pickup or tool boxes.

Parker Pharmacy Wins Fourth

Dayton Parker Pharmacy won fourth place in the O'Donnell volleyball tournament. They were beaten by Tall City of Midland and Prathers Sheet Metal of Brownfield. Dayton Parker Pharmacy began play at 9:00 a.m. Saturday against Wilson State Bank. After winning the first game, the Pharmacy defeated Wayland Taylor, Inc. of O'Donnell at noon. At 2:00 p.m. the team lost 2 out of 3 games to Tall City of Midland. At 5:00 p.m. Dayton Parker Pharmacy defeated Spur, after Spur defeated Dalby Cattle of Post. In the fifth game of the afternoon for Dayton Parker Pharmacy, they were defeated by Prather's Sheet Metal of Brownfield.

Sunray Flying Service of Dumas won the tournament being beaten only once by the Midland team while they beat the Midland team twice. Prathers won third place after being beat by Midland in the semi - finals. They had lost earlier to Dumas.

Members of the Dayton Parker Pharmacy playing were: Sandy Teaff, Ellen Wilson, Leslie Beatty, Alta Hale, Jackie Douglas, Patsy Brooks. The team will participate in the Tahoka Lions Tournament this Saturday, March 13.

Little Dribbler Tryouts Begin

Girls Little Dribbler Tryouts are scheduled for Monday, March 15. The 9 and 10 year old will begin at 7:00 p.m. The 11 and 12 year olds will be at 7:30 and the 13 and 14 year olds will be held at a later date.

Be sure to bring your tennis shoes and play clothes.

Coaches for these groups will choose the players and choose teams. Every girl will be on a team and get to play.

If you have not signed up for Little Dribblers yet, you may do so at this time. You will need your birth certificate, one of your parents or guardians signature, and \$5.00 membership fee.

If you have signed up and can't be there, please contact Doris Pollard 998 - 4043.

A one day double elimination volleyball tournament for women has been

Hospital Board Election Set

The Lynn County Hospital Board Election will be held at the Tahoka Community Center along with the City and school elections.

The terms of Larry Hagood, Roy Lynn Kalich, of Wilson; and Elvin Moore of O'Donnell expire. Moore is not seeking election and Julian Pirtle is seeking election in his place. Larry Hagood and Roy Kalich are seeking re - election.

Other members of the board are Dr. David Midkiff, Monte Dodson, Joe D. Unfred, and Betsy Wells. Gerald Moore is Administrator of the Hospital.

scheduled for Saturday, March 13th. Tahoka Lions will host and sponsor the torney.

Individual trophies will be awarded to the second and third place teams.

Teams from Dumas, Brownfield, Post, Wilson, Midland, Big Spring, O'Donnell, Lamesa and Tahoka have entered.

Admission will be \$1.00 for adults and 50c for school age children with proceeds going toward Lion projects locally and throughout the world.

TEJANO DAY ORATORY WINNERS NAMED- Adam Rodriguez of Maple was runner - up and Pauline Antu of Tahoka was first - place winner in the Tejano Day oratory competition at South Plains College. Adam, a student at Three - Way High School, was awarded a \$25 scholarship to attend SPC. He is the son of Mr. and Mrs. Joe Rodriguez of Maple. Pauline, sponsored by the Tahoka High School Spanish Club, was the recipient of a \$50 SPC scholarship for her winning oration. She is the daughter of Mr. and Mrs. John Antu of Tahoka.

Sherry Etheredge Says

In our recipes, flour refers to wheat flour unless otherwise specified. It comes in a number of different forms, and because they cannot be used interchangeably, it is important to use the kind called for in the recipe.

All-purpose flour, sometimes called the general-purpose flour, is most common and is used in most general baking and as a thickening agent in gravies and sauces. It is made from hard and soft wheats, or a blend of the two, and is generally enriched with thiamine, niacin, riboflavin and iron as indicated on the label. Bag sizes range from 2

to 100 pounds.

Instant flour is all-purpose flour which has been processed to make it fine and granular. Because it blends readily with liquids, it is particularly suitable for thickening gravies and sauces. Use only with specially developed recipes. It is packaged in convenient shakers and in 2- and 5-pound bags.

Cake flour, blended from soft-wheat has a textured softener than most all-purpose flour. It is packaged in 32 ounce boxes.

Self-rising flour is all-purpose flour to which leavening agents and salt have been added in

proportions suitable for much general baking - not, however, for yeast breads, popovers, and egg-leavened cakes such as angel food and sponge cake. To use, follow the package instructions.

Whole-wheat flour is also called graham flour or entire wheat flour. It contains all the components of the entire, cleaned wheat grain in the same natural proportions. It is sold in 2-pound boxes and 5-pound bags. Do not sift before measuring.

Other flours which are not so common are buckwheat, corn, potato, rice, rye, and soy. These are used in special recipes or in special diets and can be obtained in specialty or health-food stores and occasionally in supermarkets. Follow package recipes carefully when using.

After opening, transfer flour to an air-tight container and store in a cool, dry place for up to one year.

Try this recipe:

Whole Wheat Bread
3/4 cup milk, 3 tablespoon sugar, 4 teaspoons salt, 1/3 cup shortening, 1/3 cup molasses, 11/2 cups lukewarm water, 2 packages of cakes yeast, 4 1/2 cups whole wheat flour, 2 cups white flour.

Scald milk. Stir in sugar, salt, shortening, and molasses; cool to lukewarm. Sprinkle or crumble yeast into water; add to mild mixture. Add half of flour mixture and beat until smooth. Stir in remaining flour mixture. Turn dough out on lightly floured board or pastry cloth. Knead until smooth and elastic. Place in greased bowl; brush top with soft shortening. Cover. Let rise in warm place, free from draft, until doubled in bulk, about 1 hour and 15 minutes.

Punch down. Divide dough into half; shape into loaves. Place in greased bread pans. Cover. Let rise in warm place, free from draft, until center is slightly higher than edge of pan, about 1 hour. Bake at 400 degrees F. about 50 minutes. Make 2 loaves.

Lub Burk Services Held

Services for L. B. "Lub" Burk, 82, of Tahoka were held at 3 p.m. Tuesday in the Tahoka Church of Christ with Bill Looney, minister of the church, officiating. Burial was in Grassland Cemetery under the direction of White Funeral Home.

Burk died Monday in Lynn County Hospital following a lengthy illness. He was a native of Milan County and attended school in Jones County. He married Mary Etta Chapman in Gail Aug. 17, 1924. They came to Lynn County in 1921 from Jones County where he was a farmer in the Grassland Community until his retirement.

He was a veteran of World War I and a member of the Church of Christ.

Survivors include his wife; two sons, Joack H. and Michael Dan both of Lubbock; a brother, James Howell Burk of Abilene; and one grandchild.

Pallbearers were Wendall Medlin, Leslie Jones, Gerald Norman, Jim Norman, James Aten and W. H. Childs.

The Texas Education Agency, largest single purchaser of textbooks in the world, provides at least one brand new book each year to each of the nearly 2.9 million students enrolled in the state's public schools.

Premiums and discounts for the cotton loan schedule are all that's needed to complete the set of figures applicable to the 1976 farm program, notes Donald Johnson, Executive Vice President of Lubbock-based Plains Cotton Growers, Inc. "And," he adds, "the loan levels and target prices that have been announced may have a more significant effect on farm income this year than many are expecting."

Loan rates for the major High Plains crops have been raised 8.3 percent to 13.6 percent above 1975 levels. The 1976 rates, with 1975 rates in parentheses, are 37.12 cents per pound (34.27 cents) for cotton, \$1.19 per bushel (\$1.05) for grain sorghum, \$1.25 per bushel (\$1.10) for corn, and \$1.50 per bushel (\$1.37) for wheat. The soybean loan program, dropped for the year 1975, has been reinstated at \$2.50 a bushel, up from \$2.25 in 1974.

The 37.2-cent cotton loan is for Middling one-inch, 3.5 to 4.9 micronaire cotton at average location. This will be converted by U.S.D.A. to a base loan price for Strict Low Middling inch-and-a-sixteenth cotton and premiums and discounts for qualities above and below that base will be announced later, Johnson says.

Target prices for 1976, percentage-wise, are up by about the same amount. The new targets include cotton, 43.2 cents a pound (38 cents); grain sorghum, \$1.49 a bushel (\$1.31); corn, \$1.57 a bushel (\$1.38), and wheat, \$2.29 a bushel (\$2.05). Soybeans are not included in the target price provisions of current farm law.

Target prices for cotton, wheat and feed grains are used to determine the amount of payments made to producers when the national average price paid to farmers during the year is below the target for that particular commodity.

At the present time no one expects market prices to fall low enough to make farmers eligible for target price payments. But there is also a "disaster clause" in the law, instigated by PCG when the present program was written, which is affected by the target price. The disaster clause calls for payments to producers who are prevented from planting a crop or whose yields are substantially reduced by weather conditions or other natural disaster.

"This payment is made at a rate not less than one-third of the target price for each crop," Johnson explains, "meaning the payment rate on cotton losses, for example, in 1976 will be 14.4 cents per pound instead of the 12.7 cents paid in 1975." Similar increases in the disaster payment rate, because of higher target prices, will apply for the other commodities, excluding soybeans.

Loan rates, like target prices, are well below current and expected market values and probably will have no significant effect on commodity prices. "However," Johnson points out, "some producers will want to delay sale of at least a part of 1976 production until some time in 1977, and the higher loan will be helpful in that regard."

The interest rate on commodity loans and on storage facility and drying equipment loans, U.S.D.A. has announced, will remain at the current level of 7 1/2 percent through March 31, 1977.

GIRL SCOUTS- Girl Scout Troop #158 is led by Mrs. Mack and Mrs. Wanda Anderson. The girls are back row: Shelia, Cassandra Hatchett, D'Anna Womack, Esmeralda, Janet Anderson, Tammie Hood, Carla Ash, Jacqui, and Christy Smith, not pictured. The troop has been making decorations as a craft. Another project was making several members attended church together Sunday. They are all looking forward to the Father-Daughter

Pay no heed to the shape he be, each customer is a V.I.P.

BILL GRIFFIN SAYS.....

Salmonellosis or calf scours, a highly contagious disease that affects young, weak or stressed animals, continued to be a major problem for cattlemen.

The disease, which is caused by salmonella bacteria, can be congenital (acquired at birth) or can be spread by an infected animal. Healthy animals pick up the bacteria by eating the feces of an infected animal or by eating rodent feces. They can also get the disease from contaminated feed.

Once an animal is infected, the bacteria multiply rapidly in the animal's intestines, then enter the blood stream and may localize in the lymph nodes, liver, spleen or some other organ.

Animals with scours will show signs of depression, loss of appetite, and dehydration and may have a temperature as high as 107. They will have yellowish green diarrhea which may contain blood or mucus. Infected stock may also have a rough coat and lose weight.

Call a veterinarian immediately if you notice any of these symptoms. Then separate sick animals from the rest of the herd and keep infected animals off milk for two to three days. Keep calves that have been exposed to the disease in open areas with shelter available.

To maintain the body temperature of infected animals, consider using heat lamps, dry bedding and burlap sacks. As the animal's condition improves, gradually feed milk.

Fluid therapy is one treatment for scours. Alkalinizing solutions or gastrointestinal preparations are given to coat and soothe the animal's stomach and decrease the absorption of bacterial toxins into the bloodstream. Giving A, D,

E, and B vitamins is another method of treatment.

Finding and eliminating the source of contamination is most effective to prevent spread of scours. Good sanitary and management practices will go a long way to reduce the incidence of scours in your cattle herds.

Cotton Prices Are Steady

Grower prices were steady during the week ending March 5, according to Paul R. Dickson in charge of the Lubbock Cotton Classing Office. Farmers sold mixed lots of mostly grades 42, 43 and 53; staples 30 and 31; mikes 2.6 and below for 40.50 to 41.50 cents per pound. Mixed lots of mostly grades 42, 52, staples 30 and 31; mikes 2.9 and lower brought 41.00 to 42.00 cents.

The USDA's Agricultural Marketing Service reported trading was moderate to slow and growers offered cotton in light volume, Dickson said.

Demand was light to moderate. Grade 44 was the predominate grade classed this week in the Lubbock territory. Grade 44 accounted for 50 percent. No bark reductions were assigned the samples.

Staples 26 and 28 were the predominate lengths. Staple 26 amounted to 67 percent and staple 28 was 38 percent.

All samples miked 2.6 and below.

High Plains samples classed totaled 350 for the week. Seasons total stands at 1,228,000. Total on this same date last year was 1,102,000. the USDA's Agricultural Marketing Service reported Friday.

Dawson County Livestock Show March 11-13

The Annual Dawson County Junior Livestock Show will be open to all active FFA and 4 - H members in Dawson County and Klondike, O'Donnell, Ackerly, Welch and Lamesa School Districts. Animals purchased after December 1, 1975 are ineligible to be exhibited.

The show schedule is as follows:

Wednesday, March 10, 8:00 a.m. - Barn will be open to receive animals.

Thursday, March 11, 8:00 a.m. - 7:00 p.m. - Weighing of all livestock.

Friday, March 12, 9:00 a.m. - Classifying of all lambs will begin. 1:00 p.m. -

Judging of Swine. 7:30 p.m. - Judging of Steers. Saturday, March 13, 1976 - 9:00 a.m. - Judging of Lambs.

T-Bar Duplicate

Last week's winners at T-Bar Duplicate Club were: Mrs. W. H. Cords, and Mrs. Jess Gurley, first; Mrs. Klydie Scudday of Brownfield and Mrs. Winston Wharton, second; Mrs. Coye Collier and Mrs. Lillian McCord, third.

New Home News

On Tuesday evening, 7:30 p.m. in the fellowship hall of the New Home Baptist Church the New Home Lions Club was organized.

Twenty-seven members signed up as charter members, and elected Dwayne Smith as "Boss" Lion, Ronnie Dulin was installed as secretary, treasurer, & Don Smith as "Tail Twister."

The New Home Club was sponsored by the Lubbock Lion's Club.

Future meetings will be at the Wagon Wheel Restaurant in New Home, with the meeting days on the 1st and

3rd Thursday of each month at 8:00 p.m.

Card Of Thanks

We want to thank all our friends and neighbors for their kindness, thoughtfulness, and love during our time of sorrow.

God Bless each of you.

The family of Charles B. Armontrout.

Among the out of town friends and relatives, other than the immediate families here last Wednesday for funeral services for Charles Armontrout were, Mr. and Mrs. Richard Palmer, Big Springs, Brodie Caudle, Eden, Texas, Mr. and Mrs.

Mackie Caudle, and children, Midland, Pat Caudle, Dallas, Mr. and Mrs. Ronold Raney, Welch, Mr. and Mrs. Dwayne Walker, Bronte, Texas, Mr. and Mrs. Richard Glasgow, Sweetwater, Mr. and Mrs. Ronnie Green, Levelland, Ronnie Smith, Waco, Rev. Marvin Glasgow, Sweetwater, and many other from Lubbock, Wilson, Tahoka and other area towns.

Mr. and Mrs. Bob Parker had dinner Sunday with his nephew, Howard Parker and family in Anton and also visited with his brother and sister - in - law, Mr. and Mrs. Philmon Parker.

Miss Sandra Schoppa of Sequine was home last weekend with her father Elmer Schoppa while here they attended a birthday party for Scott Holder at his home in Lubbock. Family

members helped Scott Celebrate being two year old. Sandra returned to Sequine, Sunday afternoon, where she teaches Special Education.

Mr. and Mrs. Gayland James were in Ft. Worth, Friday - Sunday for the tractor pull, held in the Tarrant County Convention Center. Kay's mother Mrs. Viola Pate of Lubbock was here with Kyle and Coby.

Mrs. Harold Crooks is in Room 210 Brownfield General Hospital where she is being treated for Pneumonia, she became ill with the flu Friday and entered the hospital Sunday.

Mr. and Mrs. Luther Forester were honored on their 26th Wedding Anniversary, Feb. 25th when Elmer Schoppa hosted a dinner and show at the Hayloft Theater in Lubbock.

Lynn County News

Thirty-nine members of the Theta - Kappa Gama met in the high school library in New Home Monday evening, March 8th, Margaret Wilson from the Tech Athletic Department spoke to the members about the status of Women in education, her closing statement was from an old song, "You Gotta Accentaute the Positive, Eliminate the Negative, and don't Fool with MS inbetween". Mary Rowlett, area director for DKG spoke about her duties as area director and about the Golden Gift Fund each member needs to donate to. Strawberry motif was used in decoration, Strawberry pie, Strawberry punch and coffee was served.

The Son Shine Group, thirty young people under direction of Jim Lasiter from the First Baptist Church in

Seagraves presented a musical program in the New Home Baptist Church Sunday night, six adults accompanied them. After the services a fellowship hour was enjoyed. Refreshments were served.

We were in Snyder Sunday with our daughter, Mrs. Wayland Walton and family, others visiting there were, their daughter, Wayla Ann and family from Los Angeles, Calif., Billie and Charles Freeman, Sue and Newton, Liz and Chris Wink and Kieth from Kermit.

Eight members of the Liberty Bell Home Demonstration Club and Sherry Etheredge, Lynn County Home Demonstration Agent met Monday, night, March 1st in the home of Donna Foreman. A program of Clothing Accessories was presented by Shelia Fillinim and Patty Harmonson. Oatmeal squares and punch was served.

Congratulations to Mr. and Mrs. Gerry Smith of Freeport on the birth of a son, born 8:00 a.m. Monday, Feb. 16th in Community Hospital in Freeport. He weighed 7 1/2 lbs. and his name is Robert Craig. He has one big brother, five year old Krystal. Grandparents are, Mrs. Jean Ewing, New Home, and Mr. and Mrs. Gerald Smith, Austin. Great - grandparents are, Mrs. Bessie Fuller, Ardmore, Oklahoma., Mrs. Mattie Ewing, Oklahoma, City, and Mr. and Mrs. G. G. Smith, Pasedena, Texas. Jean spent two weeks with the family in Freeport.

Mr. and Mrs. Aubrey Smith visited in Amarillo, Tuesday and Wednesday with their daughter, Kay Brown and family.

Congratulations to Mr. and Mrs. Danny Nettles on the birth of a daughter, Leslie Deann was born 10:15 a.m. Saturday, Feb. 28th, in St. Marys Hospital in Lubbock. She weighed 8 lbs., 3 oz. Big sister, 4 year old Rachelle is especially proud of her baby sister. Grandparents are, Mr. and Mrs. George Sealy, and Mr. and Mrs. Leonard Nettles, New Home. Great - grandmothers, Mrs. Jim Beavers, Snyder and Mrs. O. R. Phifer Sr. Lubbock.

Bobbie Bevers is in Room 206 Highland Hospital in Lubbock. He was injured in a skiing accident, Saturday, Feb. 28th at Red River in New Mexico where he and his family had gone to spend the week - end. After he was injured his wife Donna drove at great speed, with assistance from the highway patrolmen, to get him back to Lubbock, surgery was performed Monday morning.

More than 8,000 young adults are enrolled in Young Homemakers of Texas and Young Farmers of Texas, two organizations sponsored by the Texas Education Agency to continue the vocational efforts of men and women now out of school.

Local Girls In SJLS Contest

The names of the 40 young ladies competing for the title of 4 - H Princess and FFA Princess of the Southwest Junior Livestock Show were released today by Mr. Johnny Bob Carruth, General Chairman of the Show.

The contestants, all from South Plains area, will compete Sunday, March 14, in the Coliseum of the Panhandle South Plains Fair Grounds. The contest, scheduled to start at 2:30 p.m., will serve as the kick - off for this year's Show, which is the 42nd in the history of this Show. The Southwest Junior Livestock Show, one of the largest of its kind in the nation, will run for four days with over one thousand youngsters entering nearly two thousand animals in various categories.

The two winners of the Princess Contest will receive complete accommodations during this four day trip stay plus an expense paid wardrobe of western clothing. The two Princesses will attend all of the Show events and be on hand to present winner's ribbons and act as the official hostesses of the

THURSDAY, MARCH 11

show. Lynn County Participants are: Connie Childress representing the O'Donoghue FFA Chapter, the daughter of Mr. and Mrs. E. Mr. & Mrs. John L. Ford
50th Anniversary

Mr. & Mrs. J. L. Ford To Be Honored Sunday

A reception from 2 p.m. to 5:30 p.m. Sunday the 14th of March 1976 will honor Mr. and Mrs. John L. Ford in their home at 1729 South 2nd St. in Tahoka, in observance of their Golden Wedding Anniversary.

They moved to Lynn County in 1943 where Mr. Ford was engaged in farming until his retirement in 1974.

The couple has four sons, Harry Ford of Lubbock, Jerry Ford of Tahoka, John Harvey Ford of New Home, and Nick Ford of Denver City Texas. They, their families, and grand-daughters, Mrs. Ann Adams of Albuquerque, New Mexico and Mrs. Judy Sharp of San Angelo, Texas, daughters, of the late Faye (Ford) Gossett will be host for the event.

Hazel Harvey & John L. Ford were married March 12, 1926 at Cookville, Texas.

The color theme will be the traditional white & gold. All friends and relatives are cordially invited.

Goodpasture, Inc. To Rebuild Houston Ship Channel

Remnants of the vast Goodpasture, Inc., grain elevators on the Houston Ship Channel are slowly being reduced to rubble by Tompkins & Company of Oklahoma City, to make way for the new structure that will rise on the site where a devastating explosion and fire claimed nine lives and caused an estimated 50 million dollars in damage on February 22.

"We will start on new plans as soon as the rubble is cleared and investigators into the unknown cause of the blast and fire give us the go ahead," said Goodpasture President Ken Muldrow of Brownfield, Texas. We have been adding new safety features, that were reasonably adaptable, into our elevator operations since the plant was built back in the sixties. We will incorporate in the new structure any technical innovations which are more proven -- both in safety and in operations.

Mrs. Molly Goodpasture, chairman of the board and widow of the founder, Grady Goodpasture, praised the work and help of hundreds who responded moments after the explosion shook the Ship Channel area on an otherwise quiet Sunday afternoon.

"We, at Goodpasture, wish to express our deep concern and distress over the loss of eight courageous men and one small boy who lost their lives," said the Brownfield, Texas, widow. "We want the bereaved families to know we share with them in their grief and loss. May we hope the families will gather comfort and strength from the Creator who is the Master of our destiny and fate in their most trying hour."

"It seems that sometimes a disaster such as this brings out the strength and fortitude in people," she said. "After the shattering explosion, you came to our aid just as a neighbor would if a friend's barn caught fire on the plains of West Texas, where Grady, my late husband, started the business back during the depression."

"The courage and loyalty of so many of you went beyond the call of duty, endangering your own lives in the rescue operations," Mrs. Goodpasture said.

Truitt Kennedy, executive vice president and head of the Houston plant, said that the grain still smolders in the ruins, but that danger of further explosion is remote. He estimated that about ten percent of the grain in the house at the time of the explosion had been salvaged. Kennedy also said the loss of the Goodpasture

elevators will severely dent the movement of grain from the Houston port until they are replaced. However, two other Houston elevators, and others in Corpus Christi and Galveston ports are cooperating with the Goodpasture interests, which handle grain in the Panhandle, West Texas, Oklahoma, Kansas and New Mexico.

Brecheen Is Speaker

Cole Brecheen, Tahoka High School senior, was the speaker at the Rotary Club last Thursday noon, telling the importance of the speech program in developing young people.

A local athlete and senior, Cole is president of the school Speech Club, was a successful debater last year, and this year won the district Bicentennial Youth Debate and placed second in the sectional contest at Wichita Falls. This contest is a national affair.

Cole said competitive speech such as debates, extemporaneous speaking, persuasive speaking and orations, helps young people prepare for good citizenship by becoming acquainted with public affairs.

He pointed how speech helps a student develop his intellect, character, knowledge, organization of ideas, logic, and the ability to organize ideas.

Johnny Wells was in charge of the program, and introduced the speaker.

Farm-facts
A Weekly Report Of Agri-Business News

Compiled From Sources Of The
TEXAS DEPARTMENT OF AGRICULTURE
John C. White, Commissioner

Not Just Pin Money... It's More Than Chicken Feed... It's All About Poultry.

Time was when the poultry industry in Texas was composed mainly of backyard flocks. Virtually every farm home had a small flock of laying hens. More often than not, the lady of the house had charge of the operation, and what money she made was referred to as "pin money." That was also, to a smaller degree, the situation with turkey production in the state.

But take a look at today's poultry business, and you find it is big business. It's one of the most efficient enterprises of all agricultural pursuits. Broiler producers have led the way in teaching others the efficiency in feed conversion to pounds of meat. Dramatic advances have also been made in breeding for laying hens. And that old, tough turkey you used to eat is now replaced with a nutritious, delicious year-round staple.

The monetary value of one segment of the Texas poultry industry can be seen in a report from the Texas Crop and Livestock Reporting Service. All chickens, hens, and pullets of laying age had a value of more than \$17,000,000 in 1975. On a per-head basis, that amounts to \$1.45 for 1975 compared to \$1.40 in 1973 and \$1.70 in 1974.

Egg production in Texas for last year in Texas totaled 201,000,000. This is three per cent above 1974 and is also three per cent above a month ago.

TEXAS IS IN THE TOP 10 STATES in several categories in poultry enterprises. Texas is ninth in number of hens and pullets of laying age; it is tenth in egg production; Texas is seventh in production of broilers and it is fifth in turkey production.

Commercial broiler production is in the eastern half of the state. The top 10 counties in broiler production are Shelby, Nacogdoches, Gonzales, San Augustine, Panola, Sabine, Upshur, Camp, Cass, and Kleberg.

Turkey production in the state is largely in the central area. Top turkey-producing counties are Gonzales, Bell, Gillespie, McLennan, Hill, Leon, San Saba, Brown, Blanco, and DeWitt.

EGG PRODUCTION is located in all parts of the state. The top 10 egg producing counties are Gonzales, Shelby, Fayette, Nacogdoches, Denton, Camp, Caldwell, Brazos, Bexar, and Tarrant.

Counties with the most hens and pullets of laying age are Gonzales, Shelby, Denton, Camp, Nacogdoches, Caldwell, Fayette, Brazos, Dickens, and Bexar.

Poultry producers in Texas and throughout the nation are continuing to do their part to provide consumers with ample supplies at lowest possible cost.

Texas broiler chick production during January is up 18 per cent from a year ago and eight per cent above a month ago. Turkey poult hatchings are up 30 per cent from a year ago.

Poultry supplies are expected to be plentiful throughout the year.

Caged Tomatoes For Greater Use

Instead of staking and pruning tomatoes this year, Bill Griffin, county agent with the Texas Agricultural Extension Service, suggests using wire cages to support the plants.

Caging rather than staking and pruning offers home gardeners in Lynn County several advantages, including less sunburn of the fruit, fewer disease problems, and higher yields, all with much less work.

According to Griffin, the cages can be constructed from concrete reinforcing wire, hog wire or any other sturdy wire mesh that has openings of at least four to six inches and is three - and - a - half to five feet tall. Cut and bend the mesh material into cylinders 16 to 20 inches in diameter, fasten the ends together, and snip off the bottom ring so that the cages can be pushed into the ground about six inches deep for support.

When using wire cages for growing tomatoes, space the plants about two - and - a half to three feet apart in the row and allow four to five feet between rows.

Griffin suggests planting a vining or semi - vining type tomato variety when using cages although bush - types can also be used.

After tomato plants have been set in the garden, place a wire cage over each plant and make sure it is well anchored in the ground. The plant will grow up through the cage and the wire mesh will support it. No suckering, pruning or training will be

necessary. Ripe fruit can be picked through the cage openings.

Cost of the cages will vary from 30 to 50 cents each, but they can be stored and used for several years. Certain other crops such as cucumbers and pole beans can also be grown using the wire cage method, adds Bill Griffin.

Public school students in Texas are provided an average of six textbooks costing \$21.74, according to the most recent figures compiled by the Texas Education Agency.

The Texas Department of Corrections, under contract to the Texas Education Agency, prepares braille textbooks for Texas public school students who are blind or have limited vision.

PUBLIC NOTICES
BECAUSE THE PEOPLE MUST KNOW

Notice To Bidders

Lynn County will receive bids until 10:00 o'clock a.m. March 22, 1976 on the following equipment:

One new tandem drive motorgrader with the following specifications:

- 135 H.P. Diesel Engine (6 Cylinder), 14' Moldboard, Power Shift Transmission, Articulated Frame Steering, Differential Lock - Unlock, 22' Turning Radius, All Hydraulic Blade Controls and Machine Controls, Closed Center Hydraulics, Oscillating Front Axle and Rear Tandem, Hydraulic Front - Wheel Lean, R.O.P.S. Cab, Turn Signals, Horn, Deluxe Seat, Air Filter Indicator, Work Lights, Transistorized Voltage Regulator, Mechanical Hour-meter, Ether Starting Aid, Vandal Protection, Full Set of Guages, Precleaner, Front and rear Windshield Wipers, Heater & Defroster, Floor Mat, Engine Side Shields, Bottom Guard, Tool Box, Articulation Indicator, & Drawbar.

Words on Water
TEXAS WATER QUALITY BOARD
AUSTIN, TEXAS 78711

WANT TO TRY FOR 100?

We asked a high school student a few days ago to name the rivers that form Texas boundaries, and the only one he knew was the Rio Grande "because that's where Falcon Lake is." Turned out that he and his father had been on fishing trips to well stocked Falcon. Evidently they hadn't taken their rods and reels to Toledo Bend on the Sabine River between Texas and Louisiana, or Lake Texoma which fences off Oklahoma.

Perhaps that fellow ought to take our "20 Questions" Quiz and if you'd like to try your luck, you can get a copy of it by writing to the TWQB, P.O. Box 13246, Austin 78711.

For example, how would you answer this one: You can tell if the water in a stream is polluted by looking at it. True; False. (Nope, you don't get the answers in this column.)

Or this multiple choice query: Discharge from a sewage treatment plant is called Effluent; Affluent.

Or: BOD stands for biological oxygen demand.

Or: If a stream is pretty and clear, you can be sure the water is safe for swimming. True; False.

Also: The State of Texas has been working to protect the state's waters for about 5; 10; 20; 30; 40 years.

Most people are not very well-informed about the quality of the waters in their state, and some others possess a great deal of misinformation. Even though water pollution abatement and water quality management are highly technical matters, it isn't difficult to understand the basic facts, and we think it's important that people know what is going on in their state so far as water quality is concerned.

For example, a man who had lived in Houston all of his life was astonished the other day when he was informed that the quality of the water in the "dirty old Houston Ship Channel" was 75 percent better now than it was six or seven years ago. He couldn't believe it when he was told that tarpon and dolphins were swimming around among the ships that visit the Port of Houston from all over the world.

But then, some pretty well-educated people, even those in scientific fields, have not done too well on the "20 Questions."

Answers on the quiz tell you not only whether your answer was right or wrong, but most of them explain why. So if you want to try your luck, drop us a card. There's no charge.

'75 Texas Crop Value Rises to \$3.2 Billion

AUSTIN—During 1975, Texas farmers raised the production value of the state's crop to almost \$3.2 billion, placing Texas fourth in national ranking.

According to Agriculture Commissioner John C. White, 1975 crops were \$400 million above 1974's \$2.8 billion total, a 15 percent increase in crop value. Higher overall production accounted for most of the increase since unit prices for most crops remained at or below 1974 levels.

California ranked first in the nation with \$5.2 billion, followed by Illinois with \$4.9 billion and Iowa with \$4.2 billion.

Cotton and grain farmers produced approximately \$2.9 billion of the total crop value, with sorghum, cotton and wheat representing most of the figure.

The value of the state's second largest sorghum crop reached \$891 million, an increase of \$36 million from 1974. American Pima farmers produced an estimated \$4 million cotton crop, while total value of the upland cotton crop exceeded \$495 million. Statewide value of cottonseed was \$82 million. The wheat crop, which reached a record 131.1 million last year, was valued at \$432.6 million.

The 9-million bushel soybean crop was valued at only \$38.5 million, compared with \$51.7 million for the 7.8 million bushels produced in 1974, while barley, oats and rye, three of the state's small grain crops, had a combined value of \$35.9 million.

The 1975 rice crop, which accounted for seven percent of the total Texas crop value, was worth \$229.9 million to coastal farmers.

Time To Register Vehicles

Starting in February, it will be "something old, something new" for most Texas License plates.

The something old will be the five-year license plate issued in 1975 already mounted on the vehicle. The plates were designed to last for at least five years, being made with more durable materials than the one-year plates issued in earlier years.

The something new will be a red, white and blue validation sticker to be affixed in the embossed rectangle at the upper left-hand corner of the license plate issued a year ago. Affixing the sticker will make the plate good for another year's driving.

The new system not only saves the State Department of Highways and Public Transportation \$8.5 million over the five-year period, but it relieves the burden of learning a new license number for most of the state's vehicle owners, not to mention the chore of removing and replacing the entire license tag.

HOLDERS of personalized plates and other special license plates will receive a new plate, but the majority of Texas vehicle owners will receive stickers and keep the same registration numbers.

Opening February 1, the vehicle registration season continues through March. The new stickers must be affixed by midnight April 1 or drivers will be subject to arrest and penalties.

Vehicles must be registered with the county tax assessor-collector of the county of the owner's residence. Most counties operate substations where registration fees may be paid.

Vehicle owners received computerized three-part registration forms for their vehicles by mail during January. All that is needed for registration is to bring the three-part form and the registration fee to the county tax assessor-collector's office or to one of the many substations that will be in operation during the registration season.

Vehicles can be registered by mail through the month of February by sending the registration form, the fee, plus \$1 (per vehicle) for handling to the county tax office. Owners should allow at least 30 days for delivery.

Get a Mower ...and more.

Get our International® Cadet lawn tractor for year 'round economy.

It's economical because the 36" rotary mower is included as standard equipment. It's more than just economical, because cutting the grass is what the Cadet lawn tractor does best. Smooth, even... without scalping or high spots thanks to IH floating action. It's all fast, easy work with mower operation and cutting height controlled on the go.

But you also get more than a mower. You can choose among a dozen or so work attachments to keep your Cadet working long after the grass stops growing. Choose the 7 hp model with hard transmission or the 8 hp with hydrostatic drive. Come in and choose today. See for yourself how more tractor you get when it carries the IH bol of dependable quality.

INTERNATIONAL HARVESTER

Only one cotton herbicide really fits the sandy soil conditions in West Texas.

Sencap® The cotton herbicide made for sand, loamy sands and sandy loams. Made for the soil conditions that make growing cotton in West Texas different from most any other place in the world.

Sencap controls your toughest weed problems. Carelessweeds and Russian thistle.

And Sencap does the job without injuring your cotton. Just follow the label. There's no guesswork about rates—no worry about applying too much or too little.

So build your weed control program around Sencap this year. Then watch your cotton come through clean and healthy. Because now you've got a herbicide that really fits your conditions.

CIBA-GEIGY

AROUND TOWN

By Leona Waldrip

998-4496

Notice!
Pioneer Club Members, The trip set for Friday to tour the Post - Tex Mill in Post has been canceled for now because of the illness of some who were sponsoring the trip. Perhaps the trip can be rescheduled at another time. Next meeting will be March 19th at the Community Center and will be a covered dish luncheon. Bring a friend.

Doctor and Mrs. Louis Cole of Morton were in town on business Wednesday.

Mrs. Myrtle Lovelady, who recently had major surgery at Methodist Hospital was able to be brought home Thursday after an 8 day stay there. A daughter from Muleshoe has been visiting with her this week.

Mrs. Margret Nash has gone to Clarksville, Texas to visit a sister.

Thelma Dewbre spent Saturday night and Sunday with Mr. and Mrs. Don

McKibben and family in Lubbock.

My sister, Leta Brown of Lubbock and I were snowbound in Amarillo for a few hours early Monday morning. We had gone there Saturday to spend the weekend, expecting to return early Monday. Surprised to see the 2 or 3 inch coverage at daybreak, and the heavy fall that continued until noon, we waited for clearing that came about one p.m. Snow reached as far south as Plainview and we saw very little moisture from there on home, we visited her daughter and my son there and attended Paramount Baptist Church on Sunday. There was light rain most of Sunday in Amarillo also.

Sympathy is extended to the Harper families on the loss of their mother and to Mrs. Dora Carpenter on losing her sister, Carrie Dillard.

Connie Seay-Keith Williams

Seay-Williams Engagement

Mr. and Mrs. Weldon Seay of Star Route 4, Lamesa, announce the engagement and approaching marriage of their daughter, Connie Lynn, to Albert Keith Williams of Tahoka.

Miss Seay is a graduate of Lamesa High School and South Plains College where she received a diploma in

secretarial work. She is employed as an assistant buyer for Sports Toggery in Lamesa.

Williams is a graduate of Tahoka High School. He is employed as a material clerk for Lyntegar Electric in Tahoka.

The wedding is planned for June 4, in the Seay home.

Grain Grading Highlights Annual GSPA Meeting

Cost of production, grain grading problems, and grain marketing potentials are topics which will highlight the annual membership meeting of Grain Sorghum Producers Association on March 12.

The day - long session will begin with registration at 9 a.m. at the Hilton Inn, 4th St. and Ave. Q, and will continue through the morning with talks by agricultural representatives. Presiding will be GSPA vice president Mabry Foreman of Felt, Okla.

The afternoon business session will be devoted to discussion and adoption of policies for the coming year. GSPA president A. W. (Dub) Anthony, Jr. of Friona, Tex. will preside. The business session will be followed by an executive committee

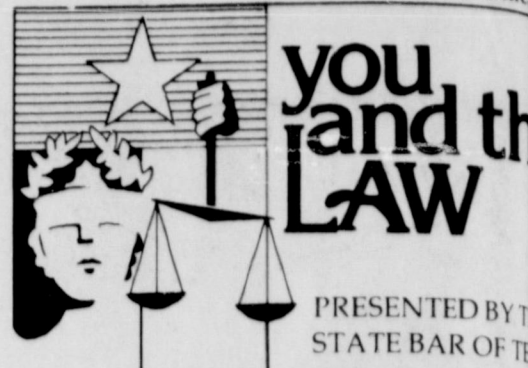

meeting, which is open only to committee members.

Dr. Burton French of Washington, D. C., chairman of the USDA task force which conducted the nationwide cost of production study, will discuss findings of the survey.

Ross R. Stuard of Ft. Worth, Tex., a federal grain inspector, will discuss recent grain grading problems and their possible solutions.

Hubert Dyke of Washington, D. C., vice president of U. S. Feed Grains Council, will discuss the financial responsibility of the producer in overseas market development.

GSPA directors will elect new officers and the executive committee for the coming year.

Q: I bought a pair of boots under a lay-away plan, but am unable to complete the payments. Can I demand a refund of my payments made so far?

A: No. There is no law requiring the merchant to refund your payments on lay-away purchases. You should ask the merchant whether he will make such a refund before you begin making payments. If the merchant agrees and makes refunds, this agreement should be made in writing and a copy retained by the consumer.

Q: When I opened my new business, I was required to post a surety bond of what I considered to be a large amount before I could be issued a sales tax permit. A friend of mine in a similar business was required to post a much smaller bond. Why are bonding requirements different?

A: The bond is required under the Texas Sales Tax law for all new retail businesses. Normally, the bond amount is equal to three times the level of sales tax that the merchant estimates he will collect during three months. If that estimate proves too high or too low, his bond will be adjusted up or down to reflect his actual tax collections level. This adjustment will be made by the State Comptroller of Public Accounts through the Comptroller's field offices around the state. If the new retail merchant remits his sales tax collections properly during a two-year period, the bond

requirement can be removed.

Q: Is it necessary for me to appoint more than one executor in my will, in case the executor dies before I do?

A: No, but under Texas law it is advisable. If the only person named as executor in your will dies before you die, or dies before your estate has been settled, the court can appoint an administrator for the estate when a qualified person applies. However, it will be much less expensive and much more simple to settle your estate if your will names a second person who will take

over as independent in case the first person before your estate settled. A court administrator, usually dependent executor, post a surety bond.

Walk - A - Thon

March 15th, 1976 at 10:00 to 12:00 residents of Colonial of Tahoka will be conducting a Senior Walk - A - Thon at South Plains Mall in Lubbock to benefit the March of Dimes.

Residents will be marching and some will be wheeling to help the March of Dimes fight against birth defects.

"Our residents want to demonstrate that they can continue to be working, contributing members of this community, and we could think of no better way to prove it than through the March of Dimes campaign. The work of this organization is close to all our hearts, and we hope that everyone will help us to support their efforts to overcome birth defects," says Doris Fayo, Administrator.

Colonial of Tahoka is seeking sponsors for the Senior Walkers. Anyone wishing to sponsor a participant should call Doris Fayo or Jean Villarreal at Colonial of Tahoka Nursing Home and the telephone number is 998-4148.

We thank the Lions Club very much for the two year subscription of the Reader's Digest.

We would like to take this time to thank Piggly Wiggly for donating candy, Dayton Parker, Tahoka Drug, and the House of Flowers for the beautiful flowers for the successful Valentine King and Queen Party for the residents.

Winners were Roy Campbell, Valentine King, and Corine Izard, Valentine Queen.

Thanks to Noamie Sunday School Class for the cookies.

Local Girls On W.T.S.U. Dean's List

Two students from Tahoka area have been named to the Dean's and President's honor rolls for the fall semesters at West Texas State University in Canyon.

To be on the president's honor roll, students must have at least a 2.85 grade point average on a 3.00 scale. Students with at least a 2.25 grade point average qualify for the dean's honor roll.

Donna G. Moerbe, senior, data processing and computer science major, has been named to both honor rolls. She is the daughter of Mr. and Mrs. Kenneth Moerbe of Route 1, Wilson.

Anita Arellano, senior, elementary education and Spanish major, has been named to the dean's honor roll. Her parents are Mr. and Mrs. Gilberto Arellano of Tahoka.

CHEESE ONION BAKE

2 lbs. small white Texas onions (10-1/2 oz.) can cream of mushroom soup
1 cup shredded Cheddar cheese
1 cup cheese-flavored cracker crumbs, finely crushed
1/2 tsp. pepper
Paprika

Peel onions and cook in boiling water until tender. Combine soup, 1/2 cup cheese, 1/2 cup cracker crumbs and pepper. Drain onions and place in a 1-1/2 quart casserole dish. Pour mushroom sauce over onions. Sprinkle top with remaining 1/2 cup cheese and 1/2 cup cracker crumbs. Sprinkle with paprika. Bake at 350 degrees 25 to 30 minutes. Yield: 8-10 servings.

For additional onion recipes write Commissioner John C. White, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711.

David McLaurin

McLaurin Promoted

Marine Private First Class David B. McLaurin, 21, son of Mr. and Mrs. B. J. McLaurin of O'Donnell, Tex., has been meritoriously promoted to his present rank upon graduation from recruit training at the Marine Corps Recruit Depot, San Diego.

He received the early promotion for his superior performance in all phases of the training, which emphasizes physical conditioning, discipline and teamwork.

Wed. Bridge Club Winners

Mable Gurley and Betty Hancock placed first at the Wednesday Bridge Club. Second was Daonne Curry and Alta Thomas; third Judy Caswell and Sue Besshire; and fourth, Christine Askew and Polly Cords. The club collected \$8.00 for the heart fund.
