Heavy deluges have hit parts of the county, especially the south part. and some fields have been washed and playa lakes filled.

But few farmers are complaining, since the July rains have been crop savers to most. Hailed-out areas have been hit the worst, as farmers of hail-damaged fields have not been able to get back into the fields.

In spite of the cool, wet weather, cotton and milo are both growing remarkably

This wet spell began with light .01 drizzle on Saturday which continued through Sunday, with .07 measured at 7:30 that day, followed by 1.07 at the reading Monday morning, .57 Tuesday morning, and .10 Wednesday morning, with drizzle continuing at that time.

There will be a Junior Class meeting Tuesday, July 20, at 7:30 p.m. at the home of Richard Cranford, 2201 North Main. All members are urged to attend. Summer projects vill be discussed.

As stated above, many areas received much heavier showers.

This came following the 4.18 inches received on July 2, 3, and 4 and brought rainfall for this month to 6.02 inches and for the year to 12.08, or about 2.5 inches above normal, as recorded by the Tahoka observer for the National Weather Ser-

#### Tahoka ISD Trustees Meet July 8

Resignations of professional staff members Jim Haynes, Dan Connally, Judi Larmer, and Shirley Stigler were accepted at the July 8 meeting of Tahoka Independent School District Board of Education.

Monthly bills were approved for payment and other routine matters were discussed.

Board members were informed of a policy development workshop to be held in Tahoka on July 12, conducted by the Texas Association of School Boards. Administrators and board members from several area schools were invited to

Tahoka ISD board members present at the July 8 meeting were Othell Meeks, Mary Brecheen, Bob Haney, Joe Brooks. Marlin Hawthorne, Jav Dee House, and Superintendent Edwin Rob-

Several people have inquired as to when the most rainfall came in July here and when the heaviest rains have fallen.

According to local Weather Service records, Tahoka received a total of 6.76 inches in July last year, 6.59 in July 1960, 5.63 in July 1944, and 5.23 in July 1955.

On July 19, 1955, Tahoka recorded 3.85 inches of rainfall in 15 hours. That was the big rain that brought a 10 to 12-inch downpour in the Draw area, where water overflowed lake to lake until it ran off the caprock in Borden and Garza Counties.

But one of the hardest rains in Tahoka came on May 31, 1963 when 3.48 inches was recorded in 1 hour and 15 minutes and 8.24 inches for the month. That time, Wilson and New Home areas received 10 to 14 inches. Jearrel Crowson, 22. of Wilson, was washed from his pickup and drowned on FM 400 between here and Wilson at the head of the draw to North springs of Tahoka Lake, and a Mexican youth drowned in a lake south of New Home.

All-time high rainfall for one month in Tahoka was September 1936, when total precipitation was 13.58 inches. That month 11.15 inches fell in Tahoka in one day, and during a 3-inch sudden downpour, a number of downtown business houses were flooded.

Tahoka's wettest year was 1941, when the Weather Service gauge recorded a total of exactly 40 inches.

# The Spectator By Many Brecheen

The great poet Robert Frost entitled one of his short poems "Nothing Gold Can Stay" and I am reminded of it when I see the many changes in our lifestyle.

A favorite pastime of educators is "remembering when"--remember when every student (oh, maybe there were one or two dissenters) really wanted to go to school and really wanted to learn (a dirty word now, think)--remember when an uncooperative student could be reprimanded straightway and the 'reprimander'' had no reason to doubt that he had contributed greatly to the "learning process" of that student--remember when school was so simple and so pleasant--

It just "ain't so no more"--things have changed. I'm not saying it is all bad and certainly not all good. It's a necessary change, a sign of the times.

Our state education association has ruled that every school district will have, by the 1976-77 school year, a codified policy manual. We live in a time when our policies must be legalized--the day is gone when an Abe Lincoln will walk miles to school for a chance at an education and when his parents wholeheartedly support discipline as administered in the best judgment of a teacher or principal. Good or bad, students are questioning the authority of educators. The law, in many instances, is sympathetic with the student.

That is change--and to help local school boards cope with it, the Texas Association of School Boards is offering the services of its staff, which includes three attorneys, to help a school district get "on solid ground" with its policy making.

Tahoka ISD trustees have availed themselves of the TASB services and are desirous of writing policies most conducive to sound education for the students in our schools. The guidelines apply not only to students, but to every aspect of policy making on the part of a local board of education. It will require some concentration and dedication-and time and effort, by the way--from local board members and administrators.

#### Tahoka Girls Will Be In 4-H Dress Revue

The new Lubbock Regional Airport is the setting for this year's District 2 4-H Dress Revue which gets underway Thursday, July

"Flight Into Fashion" is the theme, according to Catherine B. Crawford, district Extension agent for home economics, and Wynon Mayes, Hale County Extension agent and dress revue chairman.

Young 4-H ladies from each of the 20 counties in Texas Agricultural Extension District 2 will model their own creations as they compete for honors and the right to represent the district in state competition.

Already the lasses are winners of county competition. Contestants are judged on their sewing and construction skills, overall appearance, modeling abilities, and their 4-H record

A dinner will be served for dress revue participants,

parents, and guests, following a special 6 p.m. tour of the new airport facilities. Revue and presentation of awards begin at 8 o'clock. Mr. Edward Breihan, manager of Plains Co-op Oil Mill,

will present the honors. In addition to the naming of the top seniors who will compete in the State 4-H Dress Revue at San Antonio this September 17-18, awards also will include the recognition of the girl making the best all-cotton outfit and the best all-wool

garment. A junior level contest will be staged at the same time as senior competition. These younger lasses, ages 9 to 14, will not compete beyond the district level. For them, the event offers experience and

leadership development. Parents, 4-H leaders, and special guests will be on hand for the occasion. The public is invited to the 8 p.m. revue on the upper level of the airport complex west

Representing Lynn County will be Sheree Jerden, senior division; and Perry Dunlap, junior division.

And, this year's crop is unusually large, according to the U.S. Department of Agriculture. In fact, production in the nine Southern peach states is estimated at 41 percent more than last year. Nationwide, the peach crop, excluding California Clings, likely will be up 8 percent from last year and 13 percent more than the 1973-75 average. The delightful Colorado peaches will appear in mid-August

and September. A crop like we have this year should insure good eating through the summer. In fact, USDA's Agricultural Marketing Service has issued a special Food Alert to proclaim the abundance.

Fresh peaches are worth their weight in nutrients and are low in calories--about 50 in the average-size peach. They blend well with other foods and are good mixed with salads and desserts. Many people think they are best when eaten out of hand.

If you want something new and interesting for dessert, try Fresh Peach Delight. You'll need:

11/2 cup mashed peaches (3 or 4 peaches)

1/4 cup sugar 1/4 teaspoon almond extract 2 cups (4 oz.) miniature

#### Proclamation By The County Judge Of Lynn County TO ALL OF WHOM THESE PRESENTS SHALL COME:

I, V. F. Jones, County Judge of Lynn County, do hereby declare the week of July 25-21, 1976 as FARM AND RANCH SAFETY WEEK in Lynn County, for the following reasons:

Lynn County are proud of our farm and ranch families from whom comes our abundance of food and fiber; therefore, our citizens are deeply concerned about the safety and well being of this segment of our population; and WHEREAS, records show that at least 300 farm and ranch people died during 1975 at the following rates: traffic--123; tractors--35; drownings--28; firearms--21; fires

and burns--16; machinery--14; animals--14; falls--11;

WHEREAS, during this Bicentennial Year, the citizens of

electric current--10; other vehicles (trailers)--9; suffocation--6; poisoning--6; lightning--3; tornadoes--3; other and unspecified -- 3; struck by object -- 2; and stepped on nail--2. Lynn County recorded no farm/ranch deaths; and WHEREAS, only a very small percentage of the total farm and ranch accidents are employment related. The federal agency governing occupational safety and health programs continue to promulgate more new "OSHA--Agriculture

Safety Standards" -- such as the "ROPS" (Roll-Over Protective Structures for Agricultural Tractors and Guarding of Farm Field Equipment, Farmstead Equipment

WHEREAS, during this week, a renewed emphasis on rural accident prevention education is being undertaken by the Texas Farm Bureau, the Texas Farm and Ranch Safety Council, the Texas Safety Association, the Texas and Lynn County Agricultural Extension Services, Texas 4-H Clubs, Community Improvement Associations, Texas Future Farmers of America, Young Farmers and Young Homemakers of Texas and the Lynn County Farm Bureau with the theme, "EDUCATE FOR SAFETY"; and

WHEREAS, "EDUCATE FOR SAFETY" means - SEE the hazard - KNOW the defense - and ACT in time. Farm and ranch families should: Read safety articles, items in magazines and newspapers which feature safety; Read and heed instruction manuals and product labels; Be informed on what to do in case of emergencies such as severe weather, fire, poisoning, bleeding, drowning, etc.; Learn first aid and resuscitation methods; Enroll in the NSC's Defensive Driving Course, the (NRA) - Hunter & Home Firearm Safety Courses, (ARC) Basic First Aid Course, and Basic Learn to Swim Course; Volunteer your services; and Work for a safer community.

The views expressed in "Letters to the Editor" are not necessarily those of this newspaper.

I would like to express how proud I am of our county and community during this Bicentennial effort. A special thanks to ail the 'husbands of the wives' and "wives of the husbands" who have worked on this committee, without whose sacrifices we could not have worked. I have never seen so much cooperation by so many and that is what made our celebration a huge success Old acquaintances have been renewed, new ones made, and we have a better appreciation of God, country, and community.

I was really ignorant of the talent and resources of our community and it was a delight to me to learn of them and I hope to see more of them. With all the talent we have in Lynn County, we could have something in the way of arts and entertainment regularly; we could put New York in the shade. I'll tell you, we'd better hang on tight to Nadine Dunlap because the Miss America officials will want her to help stage it if they get wind of her abilities. And Chloie Jan, why just about everybody will be calling her because she does everything well. Look out. David and Lexi, the World Fair officials will be calling, and Brother Jim and Brother Frank, the Crusades will be calling on you for your many abilities and because you're both wonderful men of God.

Seriously, all these people

are very qualified for the jobs I've named jokingly, but they're ours and we'll not let them go.

I'd like to thank the Lynn County News and all its wonderful staff. The New York Tribune cannot hold a light to you. To Mary Brecheen, you're fantastic and we love you. Please. when all the big newspapers start calling you, tell them no because Tahoka loves you and needs you.

Thanks to everyone; we

have had fun. Mary Beth McKibben
