## County Marks Record-Low Temperature For November

PIONEER GAS COMPANY in Tahoka has recently moved into new office space at their original location on North Main Street. The building has 1,000 square feet and was constructed by Tusha Buildings, Inc. in Lubbock. Ben W. Gwin is manager of Pioneer in Tahoka and two other employees in this office are Larry Monk and Sylvia Rodriguez.

Cold winds and rain, beginning on Thursday of last week, halted harvest operations and by Friday afternoon, snow began to fall throughout the South Plains area.

The near-blizzard conditions on Friday night made roads extremely hazardous and by Saturday morning, four inches of snow had covered a wide area.

Snow fell throughout the day and night on Saturday and a low of 4 degrees on Sunday, the 14th, kept ice and snow on streets and highways until late the next day. Even as late as Tuesday morning, the streets and overpasses were considered dangerous by highway department officials.

Dense fog caused hazardous driving conditions on Monday night and Tuesday morning of this week.

Sunshine, melting snow and ice, beginning at mid-morning on Tuesday promised eventual drying

conditions needed by many farmers who have a great deal of cotton in the field and by some who were awaiting a hard freeze to start their cotton stripping for the season.

### The Spectator...

By Mary Breechen

Those who would publish pictures and literature for decent people are determined to run the show with the stuff.

It's almost a lost cause to find a movie where you would want to be seen--to say nothing of the fact that is on television. Even school textbooks are not immune and neither are car bumper stickers--I could go on and on.

Maybe I know what a minority group is--minority in the sense that there are so few of them that they don't voice an opinion about what is happening. I would like to have known Patrick Henry--or Thomas Paine. He (Paine) is the one who made the statement, "These are times that try men's souls." I think it would be interesting to talk to those times--in comparison to our times.

What it's worth, I'm weary of such.

Have you ever stop to think who, of our statesmen, are the pages of history books in fifty years? What characteristics make a person great? I would like to have known Patrick Henry--or Thomas Paine. He (Paine) is the one who made the statement, "These are times that try men's souls." I think it would be interesting to talk to those times--in comparison to our times.

Howell, the oldtimer on North Second Street, tells me that worry is interest on a debt of honor that is rarely ever presented for payment.

He likes to hear his definition for "healthy worry"--a better-sounding word than worry.

### Housing Unit Construction To Begin Soon

The Tahoka Industrial Housing Association has accepted a \$149,700 bid by King Builders of Lubbock for the construction of six duplex units in northwest Tahoka.

Whitaker and Hall, Lubbock architectural firm, drafted plans for the project which will consist of twelve rental units--four 1-bedroom units and eight 2-bedroom units.

According to Dwain Lusk, president of the Housing Association, actual construction should begin within the month of December and the builders have said the structure should be completed in 190 days after construction begins.

### Next Week's News Deadline Monday Noon

## County's November Snowfall Provides Play, Problems, And Pleasant Memories

A snowstorm in mid-November in Lynn County provides different things to people. For the youngster, the snow-covered streets mean sledding and games and maybe a snow machine. For the adult, the blizzard-like snow made the last game of the season a memorable one, for sure. For the gardener, the snow provides valuable nutrients for

The farmer does appreciate the moisture, but wishes for the sun to dry things out so he can complete his harvest. He gets a bit anxious when he knows that he has hundreds of bales of cotton either in the field or in a trailer on the gin yard.

Time was when snow and ice on streets and highways weren't the problem they are today. Highway crews feel the pressure to get salt on

heavily traveled roads to eliminate the danger for motorists.

And for the oldtimers, a snowstorm brings memories of times when the family stayed home, popped corn, played games, and waited on Mother Nature to melt the snow and ice.

Frank Hill, erstwhile editor of The Lynn County News, has been keeping official weather records in Tahoka since 1953 and he also provided the picture of the 1940 snowfall, the picture taken by the late Paul J. Lawson.

According to Hill, the March 14, 15, 16, 1969 snowfall of twelve inches has been the biggest in recent years. Also, in January of 1958 and December of 1960, Tahoka measured nine inches of snow.

One for the history books, according to his records, is the all-time low November temperature of 4 degrees, recorded on November 14th of this year. The October snowfall this year was the first measurable October snow since 1911.

Belton Howell, who has seen several winters in Lynn

County, says that one of the worst mid-November snows he remembers was in 1908. He was freighting from Big Spring at the time and vows that some snow stayed on the ground from November until March of the next year.

And again in 1926, the area saw another heavy snowfall--not so cold, but lots of snow.

Believe it or not, Howell says, there were even some Thanksgiving sandstorms in the early 1930's.

One not-so-pleasant memory Howell has of a snowstorm was in January or February of 1918 during the flu epidemic. According to him, Crawford Edwards' first wife died as a result of the epidemic, in Fort Worth, and he (Howell) went in a Model T Ford to the T-Bar Ranch headquarters to get the father of Crawford, Cass, and get him to the train station in Slaton so that he could make the journey to Fort Worth.

Regardless of what the weather brings, one can be assured that in West Texas, a change will be in the making before a great deal of time elapses.

THE ABOVE PICTURE was taken by the late Paul J. Lawson east of Tahoka on February 18, 1940.

"AS PRETTY AS PICTURES" were the homes of Mr. and Mrs. F. B. Hegi, above, and Dr. and Mrs. Kenneth Chambler, on Sunday morning after snow had fallen intermittently since Friday afternoon.

LOCKABY, right, son of Mr. and Mrs. Dan Lockaby, cousin, Ward Garner of Lubbock, had great fun on the horse-drawn sleigh in the aftermath of the big snow.

ON THE RIGHT is Ronnie Clary, son of Mr. and Mrs. Clary, who took advantage of the record-low temperature on November 14 and the heavy snowfall. The snow on the left was still intact the next day.

THE ONLY THING that marred the pretty snow was the knowledge that hundreds of bales of cotton were in trailers on gin yards, as shown above, and even more than that was still in the fields waiting to be harvested.

PENNY WITT

### Penny Witt Is Named FFA Sweetheart

At the November 9th meeting of the Tahoka chapter of Future Farmers of America, Penny Witt was named chapter sweetheart for 1976-77.

Miss Witt is the daughter of Mr. and Mrs. Guy Witt and is a junior at Tahoka High School.

In other business at the meeting, it was announced that the Dale Lay and Joe Paul Nichols Show will be December 2nd, tickets to be \$1.00 for adults and 50 cents for students, both to be 50 cents higher at the door.

All entries for the stock shows are to be turned in by December 15th.

Persons wishing to buy oranges or grapefruit from the FFA boys must contact an FFA member before November 16th.

The chapter plans to buy four 100-foot water hoses to use at the ag farm.

Greenhand installations will be held at the next convenient Bulldog Time during school hours.

The last junior high football game for both 7th and 8th grade went by fast, but not good.

The 7th grade boys lost to Frenship 22-8. Making our touchdown and extra points was Mark Hudlin. This leaves their season record 2-2-4.

In the 8th-grade game, we lost 30-14. Making our points were Tino Chapa and Charles Bryson.

Eighth-grade record for this year is slightly better than last year, 2-6, but we hope to do much better in basketball than football. We plan to win district as the 8th-grade boys tied 2nd in district last year.

Our first game is November 22 against Roosevelt, boys here and girls there. Both games begin at 5:30. Come and watch us win!

The eighth-grade girls re-matched the JV on Wednesday, November 10, and tied 18-18. Making our points were Stina Bryson, 14, and Sandra Womack. The JV girls were ahead by a good ways, but in the 4th quarter, we pitched in about ten extra points!

Second-quarter notebook winners in Mrs. Cox's English class are 7th grade, David Hartman, Maria Hernandez, Rajeania House, first; Jeff Jennings, Kathy Austin, Danette Phillips, second; and Roddy Williams, Rebecca Sastre, and Belen Saldana, third.

Eighth-grade notebook winners were first, Estella Rodriguez, Marci Raindl, Debby Gwin; second, Nora Villareal, Kris Gass, Elena DelToro; third, Lupe Saldana, Sally Alvarado, Mari-tia Fowlkes.

On November 15th, 7th and 8th-grade girl athletes joined the high school girl athletes at a party hosted by the Booster Club, honoring the girl athletes.

We appreciate the Tahoka Boosters for giving this party of recognition.

### Social Security Publishes Regulations

HEW has published final regulations which provide a uniform time period of 60 days during which a person claiming benefits can request reconsideration of an

adverse decision or request a hearing on a reconsidered decision.

The regulations apply to the retirement, survivors, disability, black lung, hospital insurance, and supplemental security income programs administered by the Social Security Administration.

The regulations provide the same time period for requesting reconsideration as provided by P.L. 94-202, enacted January 2, 1976, which established a period of 60 days for requesting a hearing.

To protect claimants in cases where a time limit has expired, SSA has procedures under which an initial

determination may be reopened. In addition, SSA regulations provide for an extension of time if good cause is established for not filing on time.

The amendments became effective with publication in the **Federal Register** on November 1, 1976.

### Letter To Editor

Letters to the editor do not necessarily express the views of this newspaper. All correspondence must be signed and in good taste before it will be published; however, the writer may request that his name be withheld. Letters are not edited as to grammar and punctuation.

Dear Editor:

I am concerned about our community, about 50% of our people spend their money in distant towns and pay a sales tax of which the city gets a percent that isn't worth anything to us.

In one of our distant towns they pay their fire dept. a very liberal wage of which we help to pay with the city tax that we pay.

At home our fire dept. works free and we don't even send them a Xmas card.

We help pay their police dept. that is of no service to us. They have a school cost of \$39,000,000 and our tax helps on that.

We plead with you to spend your money at home and improve our community. Come on down to the local stores and mingle with your neighbors. Let us pat you on the back and ask about your health. Say a little hello to the people that love you.

#### LETTER TO THE EDITOR...

To the editor,

I am writing in reference to Mary Brecheen's column in Thurs. Nov. 11, 76 Lynn Co News.

We don't condemn anyone the right and priveledge to support the candidate of their choice. But we do think she has belittled the majority of the voters in this county by her comments in that article!

We do, however, feel since the election has been over for two weeks now and President Ford and his party have excepted the defeat graciously, that she should do also. She should start looking forward instead of backward.

As far as being "sucked under" (as she puts it) by the T.V. appearances of Carter in a pair of dungarees (levi's, Mrs. Brecheen, to us rural folks!) and work boots--that statement is too shallow to even comment on! I dont think we'er quiet as dumb as she implies, (most of us do know how to pronounce de-pot!!!)

The crowning blow (as she puts it) is absurd and under-mining to any father, no matter how powerful or how many Secret Service people he might have around him, to feel protective of his daughter.

No, Mrs. Brecheen, we (funny folks) just went to the polls, cast our votes and pray for the future of this country as we've always done in the past.

Thank you,

We voters,  
/s/ Harry & Bobbie Short, Route 3, Grassland, Texas

## Tahoka High Juniors Re-Enact Assassination Of Julius Caesar

Roaming about the halls of THS on November 10 were four very conspicuous Roman VIPs. Clad in togas of Caesar's day were Wynne Brookshire, Jodie Brecheen, Gary White, and Curtis Stewart.

The four presented a dramatization of the assassination of Julius Caesar, but a very different approach was taken, that of an episode of the TV series "Dragnet."

Sergeant Friday (Gary) and his partner Smith

(Wynne) conducted the investigation in a very unique way. Caesar's wife, Calpurnia (Jodie), and Senator Cicero (Curtis) added dimension to the presentation and Bridget Fowlkes portrayed a slave girl. Improvising with bed-sheets for togas and evergreen for the formosa wreaths, the production was exclusive.

Terry Bell quite ably coordinated the sound effects.

GARY WHITE, left, high school junior, and Wynne Brookshire, also a junior, relive the assassination of Julius Caesar in a skit they did for their World History class.

LEFT TO RIGHT, Wynne Brookshire portrays an investigator; Jodie Brecheen, Caesar's wife; Curtis Stewart, Senator Cicero; and Gary White, an investigator. The group presented a dramatization of Caesar's assassination in Mrs. Connie Boyle's World History class at Tahoka High.

Cancer Society Announces A Special Gift

Mack Turner, Memorial Chairman for the Lynn County Unit of the American Cancer Society, has announced a special Thanksgiving Day/Gift of Life Program.

In the spirit of Thanksgiving, all Texans are asked to give a Gift of Life in honor of the progress being made in cancer control.

The ability to cure and control ten kinds of cancer has been developed since 1960. These cancers frequently occur in children, cause great emotional and economic strains and a staggering loss in years of life. The facts show that some cancers like Hodgkin's disease have changed from an almost-100-percent fatality rate to approximately 85 percent cure rate if the patients are treated by a team of surgeons, medical oncologists, immunologists, and chemotherapists.

According to National Cancer Institute figures, over three million Americans have now been saved from cancer. Mrs. Turner has indicated that all contributions given during the Thanksgiving Day/Gift of Life campaign would be used to support the three-part program of Research, Education, and Service to cancer patients.

The Lynn County Unit of the ACS met Tuesday, November 16th. Following committee reports, the film, "Investment in Life," was shown to those present.

### Card Of Thanks

Dear Friends:  
During our time of sorrow, there were so many acts of kindness, words of encouragement, and deeds of help that we cannot possibly express our thoughts. Please know your thoughtfulness made our burden more bearable. At times like this, we recall many memories and friends like you have made these memories pleasant ones. Please accept this note as our expression of sincere gratitude and appreciation.

The Allie White Family

The family of Mrs. H. E. (Cornelia) Mock wishes to express our sincere appreciation for all the acts of kindness extended during our time of sorrow. Even with the bad weather, people came and did so much. We are deeply grateful.

Fred Mock, Pauline Walters, and Mildred Walker 47-1tp

### Area Scouts Stage Shows

More than three thousand boys and young adults participated in five big Scout-O-Rama shows on the South Plains Saturday, November 6. Shows were held in Lubbock, Ralls, Lamesa, Plainview, and Levelland.

Boys and families and the general public from 21 counties in the South Plains Council attended the various shows. Bill McAllister of Lubbock, 1976 Scout-O-Rama chairman, said that 136 live-action displays and numerous stage shows let the public see Scouting as it is today.

Building on the theme "Scouting Heritage '76", participating Cub Scout Packs, Scout Troops, and Explorer Posts presented exhibits and live demonstrations ranging from Cub Scout Pinewood Derbies to outdoor cooking and co-ed high adventure with mountain climbing and canoeing. Live demonstrations of first aid were realistic, and Cub Scouts demonstrating physical fitness programs were tired but enthusiastic.

Indian dancing, gospel singing, and a needlework display are a few examples of how varied today's Scouting program is and all were a part of this year's Scout-O-Ramas.

Units were judged on action, subject, presentation and other points, and all received either blue, red, or white ribbons.
