### Women Investigate Accidents Tahoka During Last Week

Tahoka policemen investigated accidents on June 21, 22 and 25th with an injury reported in the June 22nd accident. On that day, at the intersection of Highways 87 and 100, Paul Mendoza of Lubbock, driving a 1973 Ford wagon, collided with Beverly, 17-year-old daughter of Mr. and Mrs. Royce who was riding a Honda motorcycle. The accident received a serious wound to a foot and is now under treatment in Methodist Hospital.

### The Spectator...

By Mary Brecheen

Weekend was one of those rare times when superlatives can be used to describe the goings-on. It was really the best with the mostest. And the greatest part of it was so obviously a result of the joining of talents and elbow grease from the community and county.

Mrs. Virginia House, Nadine Dunlap, Jeannie Stice, Reid, Sherry Tilley, Ray Mason, Don Long, Jo Carol Long, Bettye Green--and on the list could go--put together an event that down in the records as "one of the really great ones." And of course they will be the first to say it was the help they had that put the thing together.

Time there is an occasion for reminiscing, it will bring to mind some sadness. When a large number of senior citizens gather each year, there remains no doubt that there'll be a few who can't make it back the next year. (I do not mean to say that to senior citizens, certainly).

Reminds me of what the Scottish poet, Robert Burns, said in his ode "To A Mouse." The farmer, plowing in his field one day, turned up a mouse's nest and, in his apology to the "lady of the house," he said some sobering things. "Imagine that it went something like this: 'I'm sorry that I have torn your nest; however, in so many ways, you have benefited. Being human, I do remember the past (and I am sad) and I am anxious about the future, little mouse, have only the capacity to be concerned about today.'

**MRS. VIRGINIA HOUSE won second place in the Window Decorating Contest with her display at the Fabric Place.**

**BELTON HOWELL, left, won third place in the Window Decorating Contest, his display being in the Stice Texaco building, and Mrs. Bonnie Askew won first place for her display at Bonnie A's.**

### O'Donnell Looks Forward To Its Annual July 4th Gala Celebration

### Cadet Troop #396 Will Take Jet To California On July 5th

Cadet Troop #396 will realize a dream that came true when they boarded a jet plane in Lubbock on July 5th, bound for California. The scouts and leaders will be gone five days and four nights and will be making tours of Knotts Berry Farm, Disneyland, NBC Television Studios, Universal City, and Marineland.

"The girls have worked diligently and are very deserving of this trip," said Mrs. Jerry Brown, leader. "However," she continued, "it would not be possible without the help of so many people."

**MRS. THALIA BURKS is congratulated by Gene Michelin, professor of Business Administration at John Carroll University, at the completion of the "Free Enterprise Economics" seminar held on the LCC campus.**

### Mrs. Melvin Burks Attends Workshop On Free Enterprise

Mrs. Melvin Burks, teacher in Tahoka schools, has completed a four-day seminar on "Free Enterprise Economics" held at Lubbock Christian College June 20-23. Sponsored by the South Plains Heritage Program under the direction of Dr. C. L. Kay, project director, the workshop was designed to give teachers an opportunity to gain a better understanding of the free enterprise system and insure a dynamic program in their respective schools.

### June 20-21 Court Session Finds Two Guilty; One Pleads Guilty

### They're Calling It A Day...

### Billmans Bring Blossoms To Lynn County Folks For Thirty-One Years

A rose may smell as sweet called by any other name, but a flower shop in Tahoka without Joe Bob and Anita Billman will not be the same.

Thirty-one years ago they were a young(er) couple, ready to start a business and they came "back home" to do so. Since then they have been a vital part of the makeup of Tahoka. But today, June 30, they will turn their floral duties over to someone else.

She was born in Chico and he at Crawford, but their paths crossed when she came to Tahoka after high school graduation, at the age of sixteen, with her parents, Mr. and Mrs. W. A. Reddell.

Joe Bob's parents are the late Mr. and Mrs. F. M. Billman and he finished high school at Tahoka in 1935. He attended Draughon's Business College and Anita attended Mary Hardin Baylor at Belton and Texas Tech University.

In May of 1944 they were married in Miami, Florida where he was in military service and it was after that duty that they returned to Tahoka.

**JOE BOB AND ANITA BILLMAN, having been top-shelf florists and friends-to-many, are retiring from the business--after thirty-one years.**

At one time, they also had a nursery on the same property as the shop. The Billman's only child, Jimmy, is a petroleum engineer in Odessa, employed by United Chemical. They've provided floral services for scores and scores of weddings, funerals, banquets, Mothers' Days, Christmases, and many other special occasions in the last thirty-one years in Tahoka and the surrounding area. They've worked together in the business and he has worked for other people at times. At the present, he works with

iced. Palmer is an attorney in Vernon where the couple lives. The Billman's excellence in the business has been recognized outside their hometown also. They are justifiably proud of a plaque which reads "Distinguished Award Presented To House of Flowers And Gifts In Recognition Of 25 Years Of Consistent And Meritorious Service As A Member Of Florists' Transworld Delivery Association."

Their lifestyle will have only one drastic change, really. She says the days are over for her to go to work at three o'clock in the morning to prepare for a ten o'clock funeral, maybe a two o'clock funeral, a banquet that night, and Mother's Day, on top of that.

Her plans call for a bit of relaxation, in addition to being able to spend more time with her parents. The business has been sold to a wholesale florist in Lubbock and will be operated by local people. "We're so very grateful for the association we've had with people in Tahoka. Our situation is no different than other hometown businesses in that our customers are what kept us going," Anita Billman said.

# The Way We Were---June 24, 25, 26, 1977 43rd Old Settlers Reunion & 1st Summer Festival

\*\*\*\*\* The idea to combine two celebrations into one giant weekend was conceived in the minds of a new organization--the Women's Division of the Tahoka Chamber of Commerce.

Mr. and Mrs. Robert Edwards, president and secretary of the Lynn County Pioneers, and Mrs. Virginia House, president of the Chamberettes, combined forces and plans were "off and running" by mid-April and early May.

Mrs. Jake Dunlap was general chairman of the Summer Festival phase of the weekend.

As is the case in any such undertaking, it took "all hands on deck" and the entire community and county pitched in to make it a once-in-a-lifetime occasion.

**Shelley Howle And Joel Carter  
Wed In Breckenridge Church**

Shelley Annette Howle of Breckenridge and Joel Curtis Carter of Tahoka were united in marriage in a double-ring ceremony Saturday, June 11, at seven o'clock in the evening, with Reverend Edwin G. Johnson officiating at the Christian Church in Breckenridge. The bride and Mrs. Arlen Guy, Jr. of Breckenridge were the parents of the bride and the groom are Mrs. Sam Carter of

Simmons, both from Breckenridge, serving as vocalists. Music prior to the ceremony, played by Miss Logee, included *Jesu, Joy of Man's Desiring, Praise to the Lord, Now Thank We All Our God, and What God Ordained Is Always Good*. Miss Pittman sang *If and Mr. Simmons sang Annie's Song*. During the ceremony, as duets, they sang *Wedding Song, The Lord's Prayer, and Oh Lord, Most Bountiful*.

The Wedding Candle was lighted at the conclusion of the ceremony, by the bride and groom, signifying that Christ was the light and unity of their marriage.

The bride was given in marriage by her father. She wore a Balene gown, Pandora, designed by Kathy Gibson. The A-line gown was made of white satsheer with an empire of beaded alencon lace, banded neckline and bishop sleeves of illusion and repeated beaded lace. Her waltz-length veil was of matching lace on a Camelot hat and was held by English illusion enhanced with lace around the edge, and lace motifs.

For her something old and borrowed, the bride wore her maternal grandmother's diamond earrings. Her something new was a diamond necklace, a wedding gift from the groom. She wore the traditional blue garter with a sixpence and a penny in her shoe.

She carried a cascade of white sweetheart roses with feathered carnations, blue silk flowers, and draped streamers of English ivy.

Mrs. Yolanda Killion of Breckenridge was her sister's matron of honor. Her gown was a floor-length blue and white stripe A-line with empire waist and brief sleeves.

The bridesmaids were Holly Howle of Breckenridge, sister of the bride, Juanita Doyle of Lubbock, and Christy Holder of Wichita Falls. Their floor-length gowns were floral print with blue-stripe ruffles marking U-necklines, and forming caps for brief sleeves and sash. Deep ruffles marked the hemlines. The matron of honor and bridesmaids wore identical white picture hats adorned with silk flowers and blue satin ribbon. They carried nosegays of spring flowers.

Casey Howle, sister of the bride, was the flower girl and her floor-length gown was designed identical to the bridesmaids' dresses. She wore spring silk flowers in her hair and carried a basket of rose petals.

The groom wore a white tuxedo with white ruffled shirt and tie and the other male attendants wore pale blue tuxedos.

Ushers were Tony Botkin of Tahoka, Jimmy Anderson, Bobby Morrison, Floyd Ray Vick, Jr., and Bobby Parker, all of Breckenridge.

Ring bearer, Koby Killion, nephew of the bride, was dressed in a blue tuxedo with white ruffled shirt. He carried a white satin pillow, edged in lace and clustered with lillies-of-the-valley.

The mother of the bride wore a full-length ice blue gown and matching long-sleeved sheath coat of satin-faced fabric with a

V-neck empire silhouette, banded at the bust with sequins and bugle beads.

The groom's mother wore a powder blue polyester satin floor-length dress featuring a natural waistline accented by a pleated cummerbund and enhanced by small fabric-covered buttons, closed at the neck with a self tie. The sheer sleeves gave a feminine look to the tuxedo-fashioned vest. Both mothers wore corsages of white orchids, tied with blue ribbons.

The reception was held at the Breckenridge Country Club. Members of the houseparty were Mmes. Dan Trigg, Patrick Thompson, Tommy Wimberley, Lance Kitchens, Norman Morrison, Evans Conner, Jack White, C. H. The bride's table was covered with a white floor-length cloth with draped scallops and centered with a pyramid of spring flowers in a silver centerpiece. The side-bar was decorated with greenery and two silver candelabra. The bridesmaids' bouquets lay at the base and completed the arrangement. The three-tier wedding cake was decorated with miniature spring flowers and topped with white wedding bells.

Mrs. Lillian McCord of Tahoka provided organ music throughout the reception.

A 1975 graduate of Breckenridge High School, the bride attended Western Texas College at Snyder and Texas Tech in Lubbock.

Of all drugs manufactured probably none has to meet any stricter control standards than one of the most common... insulin.

At this time only two companies in the United States manufacture the life-sustaining drug, Eli Lilly and Company and E.R. Squibb and Sons. Each must meet the rigid standards set by Congress in special legislation established in 1941.

All insulin is produced from the pancreas of cattle or swine by a complicated process which takes an average of eight months from the slaughter of the animals to the injection of the insulin. It takes thirty-two head of livestock a year to provide enough insulin for each diabetic. Exact control regulations are critically important because of the wide use of the drug and the necessity of absolute standards of potency.

## 100-Year-Old County Pioneer, Mrs. W. H. May, Dies June 25

MRS. W. H. MAY

BY FRANK HILL

Mrs. Walter H. (Kate) May, 100, who settled here in 1903, died Saturday at 2 p.m. in Methodist Hospital just as the Lynn County Pioneer meeting she so dearly loved to attend was coming to a close. She had lived at 3311 24th Street in Lubbock.

Funeral services were Monday at 2 p.m. in Lubbock's First Baptist Church with Dr. Jaroy Weber, pastor, officiating, assisted by Rev. E. K. Shepherd, pastor of Wilson Baptist Church. Burial followed in Green Cemetery at Wilson.

She was born Kate Brown

on February 7, 1877 in Hamilton County, attended country school, and at age 19 was married to Walter May on August 23, 1896. The young couple moved to Floyd County in a covered wagon, lived there two years, came to Lubbock County in 1901, and two years later, in 1903, established their permanent home east of Tahoka Lake, southeast of Wilson, in a two-room "shack."

As a pioneer in a sparsely settled area, Mrs. May and her husband experienced just about every hardship, including breaking out sod to get a start, "feasting on jackrabbit gravy," as she once declared, and weathered sandstorms, droughts, prairie fires, and insect plagues. "We just did the best we could with what we had," she once declared.

Mr. and Mrs. May, from a small start, built up a large holding of lands, including the pasture land around Tahoka Lake, and several sections of farmland east of the lake, raising cotton, milo, and Hereford cattle.

The couple moved to Lubbock in 1950 and he passed away in 1955. Her only son, Edwin, passed away in 1950 and her eldest daughter, Mrs. Vernon (Clara) Shaw, in 1954.

All her life, Mrs. May was a regular attendant to Baptist Churches, particularly at Wilson and Lubbock. She was a regular attendant at the Lynn County Pioneer Reunion and many friends expressed concern here Saturday about her condition and her inability to attend this year's meeting.

Until just recently, Mrs. May had done her own housekeeping, had driven her own car, and she took pride in the fact that she got along without eyeglasses or hearing aid. She never admitted she had retired.

She is survived by one daughter, Mrs. B. W. (Celia) Baker of Lubbock; two sisters, Mrs. S. A. Cummings of Wilson and Mrs. Belle Newman of Santa Paula, California; five grandchildren; thirteen great-grandchildren; and two great-great-grandchildren.

## Sherry Etheredge Says

Charcoal fire is ready for outdoor cooking once it is a rosy bed of coals covered with grey ash—but if flames are still visible, the fire is not ready.

Achieving a good bed of coals for meal preparation depends on several basic steps, says Marilyn Haggard, a foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A & M University System.

Preparing To 'Fire' Start the fire 30-60 minutes ahead of time so flames can die down and the coals turn gray.

To begin, stack briquettes in a pyramid, soak lightly with charcoal lighter fluid, let stand one minute, and then light. Never use fuel oil, kerosene or gasoline to start a fire—as they are highly flammable, and the smoke leaves an oily taste on the food.

## THURSDAY, JUNE 28

Add Dash Of Hickory Hickory chips add distinctive flavor to coaled meats, so if they in the outdoor cooking prepare them early overnight soaking in water. After the fire is lit, the chips and place a mound of them in the center—a handful is sufficient.

Long-term cooking larger meat cuts may require additional chips later.

Fire Control To keep the fire burn protect it from drafts might cause overheating "hot spots."

If more charcoal needed, place new pieces the fire edge and move into the center once green covers them. For quick heat, simply knock accumulation of ash from burning charcoal.

To control flames duced by fat dripping hot coals, keep a spray of water handy—or a baking soda.

## Cadettes

(cont. from page 1)

Mike Edwards donated the use of his ice crusher so the troop could sell snow cones, and Jim Bob Porterfield donated chemical so that alleys could be sprayed after they were cleaned by the girls.

Also, items for a garage sale were donated by Carole Lawson, Beth Huffaker, Margaret Stone, Letha Porterfield, Nancy Monk, JoAnn Adamson, Grace Huffaker, Dora Torres, and Irma Blanco.

Walter Terry and Billy Tomlinson gave the girls jobs hoeing cotton while other odd-jobs were given by the city of Tahoka, Mr. and Mrs. Jim Bob Porterfield, Mr. and Mrs. Ike Carter, Mr. and Mrs. Edward Bartley, Mrs. Lillian McCord, Mr. and Mrs. Robert Draper, Mr. and Mrs. Clint Sikes, Dr. and Mrs. Richard White, Mr. and Mrs. W. R. McNeely, Mr. and Mrs. Bill Barham, Mrs. Gus Porterfield, and Pete Todd.

"We offer our sincere thanks to folks for donating, giving us jobs, and supporting us," leaders said. "We are indebted to those who donated coke bottles, bought goodies at our bake sale and garage sale, and to our faithful snow cone customers," said Mrs. Brown.

BILL GRIFFIN

**Screwworm Cases Move To New Counties**

Screwworm cases are beginning to spread across new areas of Texas and Arizona and livestock producers are reminded to double their efforts in the current battle against the costly livestock pest.

The total numbers of cases are still low when compared to previous years; however, the worst part of the screwworm season is still ahead and all precautions should be taken.

Texas entered June with just 22 screwworm cases reported in 10 counties during the first five months of 1977. By June 15, nine more cases were added. Although many of these cases have been confirmed in Hidalgo County, others have moved up from South Texas into the Central Texas county of San Saba and into Brewster and Terrell Counties in Big Bend-Trans-Pecos areas.

Arizona's cases had climbed to 15 by June 15. New Mexico had recorded four cases by that date and California one, to bring the nation's total to 29 by mid-June.

This compares to 1,968 by the same date last year. "Producer cooperation is really needed in the next four months to hold the line on screwworm cases this year, and make the 'Mission '77: Stamp Out Screwworms' program a success," he adds.

Producers should check their animals at least twice a week, collect larvae or egg masses found in or near wounds, and send the samples to the USDA Laboratory at Mission for identification. Then treat all wounds found with an EPA-labeled effective insecticide.

George Bernard Shaw, the famous British playwright, was a vegetarian.

SEDIMENT DEPOSITS is a terrible example of a valuable natural resource out of place. It hurts the land where it comes from, it hurts the lakes and water where it goes, and it hurts the roads and fields along the way. This erosion problem may be alleviated by contacting the Soil Conservation Service in Tahoka. Money will be available soon to develop Great Plains contracts in Lynn County. Good financial assistance is provided under this program to help control wind and water erosion.

**1977-78 Wilson Lions Officers Installed There On June 16th**

Eual G. Davis was installed as President and Lion Boss at the June 16 meeting of the Wilson Lions Club.

Other officers, effective July 1st, are Thomas Autry, first vice-president; Keith Wied, second vice-president; Dean Daniell, third vice-president; B. L. Hatchell, secretary-treasurer; Don Klaus, Lion Tamer; Glynn Moore, Tail Twister; Roy Kahlich, Lion Saver; and Alvin Kitten, Curtis Wilke, Ronnie Nettles, Gary Houchin, and James Wuensche, directors.

Three members of the Littlefield "Mafia" and their mauls invaded Wilson on Thursday night to take part in the installation—"Godfather" Kip Kutchall, Jim "Tom Cat" Jones, and Dirty Tom Tollits.

According to reliable sources, several other members of the gang started the hazardous trip from Littlefield to Wilson, but only three made it. It seems that someone furnished them with a road map showing how to get to Wilson the long

way. They went through a number of well-known places like Amarillo, Wichita Falls, Dallas, Austin, Aggie-land, Houston, Corpus, Laredo, Huntsville, Del Rio, Van Horn, Big Spring, and Lamesa. Along the way, they lost many a good member and may never find them all again, sources said.

**OSHA Threat Is Danger To Plains Country**

"If OSHA imposes its so-called Cotton Dust Standards on this area's cotton industry, every person in the Plains country will be drastically affected."

This was the warning issued by Rex McKinney, manager of the giant Farmers Co-op Compress in Lubbock, in a talk before the Rotary Club last Thursday.

Only pressure from the public can prevent imposition of OSHA standards, he said, and everyone concerned, as everyone on the Plains should be, should write President Carter, Texas Senators, and Representatives now, protesting the proposed move.

The Occupational Safety and Health Act, sponsored by the Labor Department, was passed by Congress with little opposition in 1971. OSHA set up four or five thousand regulations, among them Standards for Cotton Dust, which became law by publication in 1976 in the Federal Registry. OSHA claims a disease of the lungs called byssinosis is caused by breathing lint by workers. Affected would be all handlers of cotton after leaving the field, including cotton gins, compresses, oil

mills, and textile mills. Cotton experts contend there is not sufficient long-time annual exposure by workers in any field, except possibly the textile mills, to contract the ailment.

If gins, oil mills, etc. were to install equipment to lessen cotton dust sufficiently to meet the standards, the cost would be prohibitive and the price of cotton would have to rise so high that mills would have to turn to synthetics altogether and there would be little need for cotton.

McKinney has been associated with cotton all his life, having been reared at Klondike, graduated from Texas Tech in 1953, and worked at Farmers Co-op Compress for years and becoming assistant manager in 1963 and manager in 1973.

Jesse Dorman was in charge of the program and Don Clary of the local Farmers Co-op Gin introduced the speaker.

**Pete Mendoza On Honor Roll At Amarillo**

Pete Mendoza, graduate of New Home High School and the son of Mr. and Mrs. Refugio Mendoza, was recently named to the Vice-President's Honor Roll at the Mid-Continent Campus of Texas State Technical Institute, according to Lovell A. Pillow, general manager of the Amarillo campus.

Membership to the honor roll is attained by maintaining a 3.5 grade average. Mendoza is majoring in Auto Body Repair.

**Dairy Queen Is Home-Owned, Effective July 1**

Effective Friday, July 1st, the local Dairy Queen, which was opened in October 1975, is entirely home-owned.

Dan Connally, a former employee of the local schools, has bought the business from Hollis Jones of Decatur who owns about twenty Dairy Queens in West Texas. Mrs. Connally will continue as a teacher in the local system. The couple has a two-year-old son.

Connally is a native of Wise County and he and his wife came to the Tahoka schools in the 1975-76 school year. He trained at Ralls in the Dairy Queen operation and last February bought an interest in the local business.

Dairy Queen in Tahoka has had a succession of managers since its opening, but Mr. Connally, as owner, expects to become a permanent Tahoka resident and improve the business.

**DPS July 4th Forecast Is Morbid**

Wilson E. Speir, Director of the Texas Department of Public Safety, reported this week that the DPS Statistical Services estimates a large number of persons will die in traffic accidents during the upcoming Fourth of July holiday. Speir said, "Deaths so far during 1977 are running higher than expected due to excessive use of alcohol and speed."

Traffic fatalities will be announced three times daily throughout the weekend in order to keep safety uppermost in the minds of drivers.

Region 5 of the Texas DPS will have all available uniformed officers on patrol during the Fourth of July holiday. There will be an increase in surveillance over the heavy holiday traffic, with special emphasis on apprehension of the drinking drivers and speeders.

**Bridge Winners**

Winners at T-Bar Duplicate Bridge last week were Mrs. Winston Wharton and Mrs. Clint Walker, first; Mr. and Mrs. Frank Hill, second; John Curry and Mrs. Bill Cords, third; Mrs. Ima Jo Ellis of Levelland and Mrs. Audie Norman, fourth.

**Jacobs Move To Wilson**

Superintendent and Mrs. L. F. Jacobs, formerly of Tahoka, last week moved from Bovina to Wilson where he is the new head of the Wilson schools. Mrs. Jacobs, the former Patricia Hill, has accepted a position as librarian of the Roosevelt schools.

**Country Club Sets Play Day For July 4th**

T-Bar Country Club's July 4th Play Day will get underway at 10 a.m., shotgun start, play best ball, followed by a salad luncheon.

Entry fee is two dollars and there will be a drawing for partners.

**Man's future 'up in the air'**

AUSTIN, Texas (Spl.) — Mankind's future is up in the air, a University of Texas astronomer believes.

Dr. Harlan Smith predicts that on a timetable of three to 25 years man will be colonizing space — beginning with the use of "erector-set technology" to build lightweight orbiting solar power satellites (to harness the energy of the sun and beam it back to earth) and continuing to huge earth-orbiting space colonies with trees, birds, streams, shopping centers, homes and wilderness areas.

The habitats Dr. Smith envisions for community living in space would be structures perhaps as large as five miles in diameter and 50 miles in length.

LEADERS FROM LYNN COUNTY 4-H CLUBS who participated in the District 2 4-H Leader Lab last week at South Plains College are, left to right, back row, Greg Curry, Doug Barham, Randy Wood, Darren Smith. Front row, Terri Franklin, Charmi Wood, Doris Franklin, and Denise Curry. The annual leader lab helps 4-H youth to develop skills working with younger club members and provides an opportunity for them to broaden their friendships and develop leadership qualities.

**Vegetable Crop Income in '76 Hit Hard by Wavering Market**

AUSTIN—Cash receipts from vegetable crops in Texas dropped \$25.7 million below those of the previous year, according to the Texas Department of Agriculture.

Agriculture Commissioner Reagan V. Brown explained that while crop production was at an average level, "the market just didn't hold up to the level of 1975." He noted that prices paid in 1975 were "unusually good."

Vegetable cash values in 1976 totaled \$206,871,000. Greatest decline was shown by onions, down \$15 million from the previous year. Also hard hit were carrots, down \$6 million; cantaloups, down \$4 million; tomatoes and sweet potatoes, both down \$2 million and watermelons, down \$1 million.

Significant gains in cash values were shown by the

Texas Crop and Livestock Reporting Service, cabbage, up \$6 million; cucumbers, up \$1.5 million; and lettuce, up \$1.6 million.

## Card Of Thanks

I wish to thank everyone who donated money that helped me to win baseball queen.

I want to thank the Royals for nominating and supporting me and the Babe Ruth League for the flowers and the beautiful necklace.

I appreciate Mrs. Genevieve Fowlkes, Mrs. Doris Stotts, and Mr. Lionel Miller who gave so much of their time to the organizing of the contest.

Gratefully,  
Lani Brown 26-1tc

Many people have told me that last Saturday's parade was the best in Tahoka's history and I am anxious to recognize those who were instrumental in its success.

Those who served on the Parade Committee are Arnetta Miller, Debbie Miller, Marci Miller, and Jo Carol Long.

Judges were Oran Short, Cleve Littlepage, Marvin Pierce, Sue Inman, Ruby Shepherd, and Andra Solomon.

Billy Miller did an exceptional job with the announcing and I owe a special debt of gratitude to J. T. and Jack Miller for their help in getting the parade entrants lined up and for helping with many, many more tasks.

Without the above named people, the parade would have been almost impossible to organize and certainly would not have been the undisputed success it was.

I do thank each of you-very, very much.

Sincerely,  
Sherry Tilley 26-1tc

It offers students 24-hour-a-day access to 150 short tape-recorded messages that help them with problems of everyday life - from coping with stress to the sophomore blues. The tapes, each five to eight minutes long, cover a variety of topics from health to studying difficulties. The most-called-for tape is "Love and Infatuation."

No less than 100 calls are received daily in the telephone tape program of UT's Counseling and Psychological Services Center. The program recently was judged the most innovative of its kind in an 11-state area of the South.

Then when it's time for your loved ones to go away to school (or back to school), have a new house or a family vacation, you can take it a little easier.

So go ahead. Take it out on the wife and kids. Buy U.S. Savings Bonds. Your loved ones will love you for it.

E Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Interest is not subject to state or local income taxes and federal tax may be deferred until redemption.
