CAROLYN'S CLATTER

by Carolyn Klaus

Recently I heard a man state the philosophy of the American people and thought it may be the majority of Americans considering the financial situation of the United States. He said to get anywhere today you just have to borrow money and go ahead like it doesn't bother you. He said to get ahead today you have to stick your neck out as far as possible and hope it doesn't get chopped off. The economy today requires people from every walk of life to charge and borrow. The art is knowing how much and how long. But, many people are abusing the system and themselves in financial trouble. When the same people turn right around and claim that state and government spending is out of control. That is probably true so it's time to take a good look at the situation and possibly change gears. There is certainly no easy answer and the solution to the problem or it would have been found long ago. So, here I offer one opinion to the pot. We cannot control our family spending, when considering rising costs and other things, how can we expect government to do something we are unable to do ourselves. They are faced with the same costs and problems and everyone, including us, are ready for some help. It seems if everyone would make an effort to do what he makes and we demand that officials run the government in the manner it would be a start. Wage and controls seem to put us just one step away from communism. Naturally we can't let the problem to be corrected overnight. Start must be made somewhere. Why do we have the age old question, "Is this really democracy?" must be applied to our lives and government again. People expect "government", as a vague thing off in the distance and really never to solve all our problems. It's time to get on it. We are government and we are the government through elected officials, to solve the problem.

Tahoka Individual Class Pictures Taken October 11

Tahoka High School and Tahoka High School individual pictures will be taken on October 11. A \$2 deposit will be collected on October 3 and 4 for those who want a packet of pictures. These pictures will be called to pictures made first. Those who do not pay a \$2 deposit will have a black and white picture taken for the day. These students will be called after all color pictures have been taken. A student who does not pay a \$2 deposit will not have a color picture taken. A black and white picture for the day.

Prices of the picture will include: 1 8x10 \$2.00, 2 4x5 enlargements \$3.00, 1 16x20 \$4.00, 1 16x20 \$5.00, 1 16x20 \$2.00, 1 16x20 \$2.00. A collection of a \$2 for a color picture has become necessary because of the rising prices of the pictures and the cost of those pictures not taken by students. A student who does not want individual pictures after

paying a \$2 deposit will receive a refund. Every student will need to have a picture made so they will have one in the yearbook. Pictures from other companies or photographers will not be accepted. This excludes Seniors who have pictures made by Mr. Finney. A make-up picture day will be announced at a later date. Students who were absent on picture day or who had a black and white picture made only may pay a \$2 deposit and have a color picture made on this day.

Tahoka Booster Club Holds Meeting

The 1978-79 Tahoka Bulldog Booster Club met Tuesday, September 12, 1978, in the school cafeteria. President Bill Barham presided over the approximately 40 people present. The Stanton game film was shown. The Bulldog Booster Club now has 177 members. We would like to invite everyone to join the Booster Club. It helps all athletes of Tahoka High School. The regular meeting is held every Tuesday night at 7:30 p.m. in the school cafeteria.

Wilson Museum Becomes Gathering Place For Community

THE GREEN BUILDING in its original face. The name will probably always remain as a part of history to one of the "best built" buildings in Lynn County.

RESIDENTS OF THE COMMUNITY, left to right, E. O. Montgomery, Chester Swope, and Harry Hewlett, gather at the museum now to visit, even young people come in and enjoy the past.

Doctor Rouchdy Shenouda Enters Practice In Lynn County

Gerald Moore, administrator of Lynn County Hospital, announced this week that Rouchdy Shenouda, M.D., has moved to Tahoka. Dr. Shenouda will assume the medical practice of Kenneth Chamberler, M.D., who is returning to England. Dr. Shenouda received his medical degree in Egypt. He later completed a four year

surgical residency in Edinburgh England. After coming to the United States in 1970, Dr. Shenouda completed a three year surgical residency in Ohio and New Jersey.

Cystic Fibrosis Group To Have Money Drive

The Cystic Fibrosis organization will have a money drive in Tahoka beginning September 20 and going through September 23. There will be an account at Tahoka's First National Bank for the convenience of anyone wishing to make a contribution in that manner. Most of the money, 55%, goes toward medical care and research for children that have CF. CF is inherited, incurable and the number one genetic killer of children. CF affects more than 100,000 people in the United States. It also involves the gastrointestinal system and other body functions. It is believed that one of every 20 Americans is a carrier of the recessive gene which can cause CF. One of every 1,500 children born will have CF. At this time, average life span for CF patients is 14 years. Fifty percent of the CF children are living past age 18.

Season Tickets For Tahoka Football

Season football tickets are for HIGH SCHOOL FOOTBALL games only. These are not to be used for other games or sports.

No Parking Rules For Tahoka Field

In compliance with the University Interscholastic League rules a restraining fence has been built around the football field. Therefore, there will be no parking inside the football field except school buses, emergency vehicles, and official law enforcement vehicles. These vehicles shall enter the south gate only.

By Carolyn Klaus
Memories and habits are hard to break and the Wilson community is in the process of breaking a 50 year habit of referring to the present museum as the "Mercantile".

During my childhood days the old mercantile was a place of awe and wonder for me. The huge four-bladed fans hung from the ceiling and lazily stirred the thick, musty air which comes from a building being overcrowded. That store had all sorts of clothes, food and equipment. One could wander through the aisles for hours, gazing at the merchandise and letting your hopes soar in expectation.

The original owners were William Green, Lonnie Lumsden, and Tom Williams. According to architects and townspeople it is the "best-built" building in the county. There must be truth to the statement because the original building has never been altered. When it first opened this building housed the bank, post office, John Deere agency, grocery store, dry goods, and meat market.

So, the building itself is an antique museum of its own because of such things as one of the first "lockers" in West Texas and other meat processing equipment in the back of the museum.

In the early 1930's S. A. Cummings bought the Mercantile and then in 1945 it was purchased by A. A. Tienert who kept it until sometime in the middle to late 1950's. At that time all or most of the merchandise was sold and many of the store furnishings and fixtures were auctioned off to various people.

O'Donnell Young Farmer Gets State Post

David M. Smith, O'Donnell Young Farmer, was chosen to serve a two year term as State Officer for the Young Farmers of Texas State Association.

The election came at the Area convention of the organization held in Midland, Saturday, September 9. The honorable John Towler, senior Senator from Texas keynoted the confab and this year's award winners were announced at the evening banquet.

David is a graduate of O'Donnell High School and pursued his undergraduate and graduate work at Texas Tech University. He has served as an Area officer for the past two years and filled various offices, including President, at the local level. Smith's advisor is long-time O'Donnell agriculture teacher, James W. Reed.

The Young Farmers of Texas, an educational service organization, will be celebrating their 25th anniversary in January of next year.

DAVID M. SMITH

After that the building lost its awe and wonder as a series of grocery dealers maintained the store as a plain grocery store instead of a mercantile.

Mrs. Miriam Green, of Lubbock, once again captured that state of wonder and expectation when she furnished the building in its original style and turned it into a museum.

It is furnished with numerous antiques of a by-gone era with added pieces from the Wilson community. When she opened the museum she held a grand opening in the "old" style with lots of free food and drink and music to match. The community turned out in large number to welcome the new addition to the town and because of curiosity. For several years Mrs. Green absorbed the cost of maintaining the museum and then donated it to the city of Wilson.

Recently, according to Wilson Mayor Virgil Henderson, Dub Rushing, of Lubbock, bought the building and deeded it and its contents to the city of Wilson free of any charge. The city took possession of the building in April and has already moved the city offices into the back.

Now each day E. O. Montgomery, a retired cattle buyer, opens the building and serves as host to the constant stream of visitors. Free coffee is always available and already the people in the community are learning to gather at the museum and discuss activities and problems of the day.

Since April there have been visitors from Seminole, Lubbock, Slaton, Seagraves, Harlingen, Midland, Vernon, Lamesa, and as far

(see Wilson, page 6)

Tahoka C Of C Talks Window Decorating

The Tahoka Chamber of Commerce requests that all merchants decorate their windows for the Harvest Festival October 6 and 7.

According to Dr. Richard White and Mrs. Jay Dee House, general chairmen of the Festival, the windows will be judged on appropriateness to the harvest theme or a Bulldog Spirit theme.

The Student Council is in charge of the Spirit window decorations. Plaques will be given for the best decorated window in each category. The windows will be judged October 5.

Harvest Festival Game Offers

The contests and games being offered at the Harvest Festival this year are as follows: bicycle race, men and women; wheel barrel race, mixed; Frisbee throwing contest; tug of war, men and women; and tug of war, boys and girls.

All events are team events with the exception of the Frisbee contest. You have to be 20 years of age or older to qualify for the bicycle race. There is no age limit on the other events.

A bicycle race for the younger people was discussed but decided there was not enough time to do it.

THE WILSON MUSEUM is so authentic even a bonnet of yesteryear hangs in readiness beside the pot-bellied stove and wooden Indian. Chairs are gathered round, waiting to be filled by citizens reliving the past and dreaming of the future.

CANDY JARS of the past still remain on the counter of the Wilson Museum to remind people of the days when it was a mercantile.

New Home Sets SWCD Election

An election for a director to serve in Zone 5 on the Lynn County Soil and Water Conservation District Board is scheduled for October 5, at the New Home Co-op Gin announced Lit Moore, chairman of the board. The election will be held at 10 a.m.

State law decrees that to be eligible to vote in a soil and water conservation district director's election, a person must own agricultural land within the subdivision where the election is being held. The person must also live in a county all or any part of which is in the district and the voter must be 21 years old.

Legal qualifications state that a candidate for the office of soil and water conservation district director must own land in the zone he

Pie Supper After Game In Tahoka

The Tahoka High School Band announces that they will sponsor a pie supper Friday night after the Dimmitt ballgame. The supper will follow the game immediately and will be in the school cafeteria. Everyone is welcome to come out and enjoy homemade pie and coffee. This will be a regular feature after every home football game.

New Booster Club officers for the band have been elected and are: Mrs. Alton (Wanita) Kelly, President; Mrs. Billy (Jolene) Tomlinson, Vice-President; Mrs. Lynn (Pat) Cook, Vice-President; Mrs. Olan (Margaret) Pinkston, Secretary; Mrs. Orville (Johnette) Havens, Treasurer; and Mrs. Paul (Carole) Lawson, Reporter.

The band is also selling summer sausage and cheese. You may contact any band member and they will deliver your order. The band will be selling homemade ice cream and will have a game booth at the Harvest Festival.

represents, he 21 years of age and be actively engaged in farming or ranching. He must also live in a county all or part of which is in the district.

Zone 5 of the district is approximately the northwest quarter of Lynn County. Current members of the board of directors of the Lynn County SWCD are: Lit Moore, Chairman, New Home; W. R. Steen, vice-chairman, Wilson; W. V. Caswell, secretary-treasurer, Draw; T. B. Mason, member, Tahoka; and J. H. Sanders, member, O'Donnell.

The purpose of the Lynn County SWCD, with headquarters in Tahoka is to promote sound soil and water conservation programs on farms and ranch lands within the district and to serve as a voice for farmers and ranchers on conservation matters and other issues affecting private property rights of landowners.

The district board of directors coordinates the conservation efforts of various local, state and federal agencies and other organizations and has authority to enter into working agreements with these governments.

(see New Home, page 6)

Tahoka Class Of 1958 Reception

The class of 1958 of Tahoka High School is planning a reception to be held in the First National Bank Party room following the Homecoming Pep Rally on October 6.

All members are urged to attend. Mrs. E. M. Hammonds, Jr. may be contacted for further information.

According to Mrs. E. M. Hammonds, Jr. a reception has also been planned for the Class of 1958 after the Homecoming Football game on October 6 at the T-Bar County Club.

Wilson Crushes Ropes 40-0

The Wilson Mustangs led in every quarter to win the Class A Ropes game last Friday night. With 11:08 remaining on the clock in the first quarter, senior tailback Mike Wilke broke for a 58 yard touchdown run. Senior Trevino kicked the point to begin a scoring drive that grew greater as the game progressed. With 10 minutes left in that quarter, senior quarterback Mike Nettles carried for the yard needed for the second touchdown and Trevino again added the point to make the score 14-0.

ful extra point kick of the evening making the halftime score 27-0 in favor of the Mighty Mustangs.

Nettle's second touchdown came in the third quarter when he broke for a 52 yard run. Then Garcia ran 79 yards for his second touchdown during the fourth quarter.

The Mustangs had 19 first downs to the Eagles 9. The offensive team totaled 407 yards rushing to Rope's 128. Leading rusher for the Mustangs was Wilke who gained 201 yards in 23 carries, followed by Garcia with 119 yards in 8 carries, and Nettles with 89 yards in 10 carries. End Lucio Trevino caught a 19 yard pass for the yardage by air while Ropes had 13 yards passing. The offensive line did an outstanding job throughout the ballgame.

On the defensive side, junior noseguard David

Weaver led his teammates with 12 tackles followed by junior Robbie Autry who had 10. Juniors Robert Ortiz and Tony Garcia each had 8 tackles.

The Mustangs record is now 1-1. They will meet the highly ranked Class B Amherst Bulldogs at home Friday evening. Kick-off time is 8:00 p.m.

O'Donnell FHA/HERO

The O'Donnell Chapter of the Future Homemakers of America held their first meeting of the year, Monday night, September 11, in the homemaking department.

Laura McDaniel, vice-president of programs presented the yearbooks. Her theme for the year is FHA/HERO: Something for Everyone. Each year the members elect club parents, club sweetheart, and club mascots. These special individuals provide the members with additional community involvement and aid in interpreting the program.

Club parents for this year are Mr. and Mrs. Maurice Jackson; Club Sweetheart is Lanny Jackson; and Mascots are Brandie Inklebarger, daughter of Mr. and Mrs. Joel Inklebarger, and Monty McCormick, son of Mr. and Mrs. Kenneth Vestal. The highlight of the meeting was the installation of the 1978-79 officers.

Officers are: Leigh Ann Moore, president; Laura McDaniel, vice-president; Ferrel Bessire, secretary-treasurer and Area officer; Penny Gass, reporter-historian; Doris Franklin, parliamentarian; Terri Franklin, choir director; and Pattie Jackson, chairman of Encounter and State officer.

The next meeting will be a joint meeting with the Young Homemakers, October 9, 7 p.m. in the homemaking department.

RANDELL STOTTS and LISA PERKINS

MELANIE TEKELL and LANE TEKELL

Tahoka Tennis Tournament

The Tahoka Tennis Association had a Round Robin Mixed Scrambles tennis tournament Saturday, September 16.

Lane and Melanie Tekell won over Randell Stotts and Lisa Perkins 6-4, 5-7, 10-8 in the final match.

Other participants in the event were the teams of Larry Pollard and Chloe Jan Wells; Jim Solomon and Beth Huffaker; Joe Downy and Pat Knight; Bill Cranford and Judy Caswell; Jim Wells and Andra Solomon; Mike Huffaker and Barbara Stice. Everyone enjoyed the Round Robin playing the 8-game pro-sets.

The next tournament is scheduled Saturday, October 14. It will be a men's singles and a women's singles.

Bridge Winners

Seven tables of players turned out for T-Bar Duplicate Club Tuesday night of last week.

Winners were: Mrs. Audie Norman and Mrs. C. R. Bureleson, first; Mrs. Jess Gurley and James McAllister, Lamesa, second; Mrs. Coye Collier and Mrs. Frank Hill, third; Mrs. H. B. McCord and Mrs. Bill Cords, fourth; Mrs. Wilson Edwards and Jerry Bureleson, fifth; and Mrs. Wilmer Smith and Frank Hill, sixth.

Lions Collect Eye Glasses

The Lions Clubs of District 212 are offering a unique opportunity to all residents of this area to help in a very special Sight Conservation Program according to Truett Mayes of Plainview, Chairman.

Eye glasses are desperately needed by people in Old Mexico and Central America in small villages that are not served by optometrists or doctors.

Eye glasses are collected by Lions Club members, states Mr. Mayes, and are

distributed on a no cost basis to anyone who is in need of them.

If you have eye glasses that are no longer of use to you, please call any local Lions Club member and they will be picked up, states Mr. Mayes, Sight Conservation Chairman.

Tahoka residents are asked to call Lion President Pat Patterson, 998-4385; Lion Jack Jaquess, 998-4975; Lion Bill Chancy, 998-4434; Lion Ed Redwine, 998-5250 or any Lion for eye glass pickup.

HEAT PUMP

YOUR CONSTANT COMPANION FOR HEATING & COOLING EFFICIENCY

No matter what the weather outside, the heat pump works quietly... efficiently... automatically to keep your family comfortable. Since it pulls much of its heat right out of thin air, the heat pump actually saves energy as it works. In fact, it delivers as much as two units of heat for every one heat unit of electricity it uses. Costs are the lowest of any electric heating/cooling system available.

For year round heating and cooling efficiency, the heat pump is your constant climate control companion. Call us today for more information.

PARKER PHARMACY

Long trips can bring on aching legs or even more serious vascular problems unless you're careful. Sitting for extended periods of time, either in a car, bus, plane or train slows the flow of blood in the legs. Pressure on the calves, from crossed legs or from a seat edge, can also bring on dangerous pulmonary embolisms, sometimes within hours of a three to twenty-four hour journey. When on an auto journey make regular stops to avoid the problem. Get out of the car and walk around for a few minutes, every few hours. Bus, train and plane travelers should walk up and down the aisle occasionally and change sitting posture frequently. Don't keep your legs crossed for long periods and drink lots of liquids so that the blood does not become too concentrated.

Lynn County News

DAMAGE RAN pretty high to two buildings in Wilson Saturday afternoon, September 16, when a car with two occupants ran out of control after colliding with another vehicle at the main intersection in the city. The car swerved back and forth several times and came to rest at the Wilson State Bank. The bank received minor damage. Fortunately the streets were usually deserted and no one was injured.

surgery sometime this week.

Friday's noon luncheon of the Lynn County Pioneer Club was well attended by 32 registered persons. Mrs. Cora Carlisle of Baird was a visitor and Teddie B. Kelley won the "lucky member" prize at the drawing which followed the business session.

The group plans a day at the Lubbock Fair on next Thursday, which has been designated as "Senior Citizens" Day. Those planning to ride the bus should call the center for information.

September birthdays will be celebrated with a party this Friday at 3 p.m. Those needing a ride for the party should call Friday morning for a pick-up. The bus will also be making a trip to Lubbock on Monday, September 25.

Past Noble Grand Club will meet Thursday, September 21 at 7:30 p.m. in the home of Thelma Dewbre. Members are reminded to bring their copy of the constitution and by-laws for study.

Dinner guests in my home on Thursday night were my brother and wife, Mr. and Mrs. Weldon Lemon of Lubbock.

Visiting in the home of Mr. and Mrs. Dave Hubbard last weekend were Mrs. Cecil Johnson of Brownwood, Mr. and Mrs. Robert Young of Plains, Mrs. Wilma Young of Brownfield, Mr. and Mrs. Bill Hubbard and girls of Lorenzo, and Katie Luchini of Lubbock.

Bertha Jolly reports she enjoyed her vacation with her daughters, Glenda Funk of Artesia, New Mexico and Nell Fulbright of Hobbs, New Mexico.

They visited Graceland in Memphis Tennessee, took thermal baths in Hot Springs, Arkansas, and visited the Crater of Diamonds. She says they did not find any diamonds in Arkansas but had been shopping in White Haven Shopping Center on Elvis Presley Boulevard two hours prior to the tornado that struck there Tuesday and destroyed the shopping center.

night on September 12 in connection with the regular lodge session. A salad supper was served at 7:30 p.m. and the regular meeting followed with ten members present, fourteen visitors from Brownfield and four from Lamesa.

Mrs. Vera Mae Harston of Slide, Dorothy McCoullough of New Home, and Lela Wood and Jewel O'Neil, both of Tahoka, recently visited Mrs. O'Neil's two daughters in Odessa. The occasion was Mrs. O'Neil's birthday. The group had dinner out at Furr's Cafeteria.

Glays Holder of Big Spring is still visiting in the home of her sister, Ava Lichey. They visited a brother, R. W. McCrary, in Denver City on Friday.

Mrs. Thelma Dewbre received word Sunday afternoon of the death, in Brownwood, of an aunt of her late husband. Funeral services were held Monday. She and a cousin from Abernathy left immediately for Brownwood and returned Tuesday.

Walter Lichey entered Methodist Hospital on Sunday afternoon for possible

Fluoride Helpful To Teeth Only In Proper Proportions

Many people in the West Texas area are concerned about the fluoride content in our water supply and the problems associated with an overabundance of the element in our drinking water. There are many misconceptions of fluoride and its good and bad points. This article will attempt to explain some of these things.

Fluoride is a very useful agent in the fight to prevent tooth decay. It makes teeth less susceptible to cavities. That is why fluoride is added to toothpastes and is often applied by the dentist after he cleans a person's teeth. Many cities throughout the United States add fluoride to their water supply to further help people prevent tooth decay. Adding the element to the water supply is an excellent way to obtain fluoride.

West Texas is unique in that fluoride is present in our natural underground water. In fact, there is often too much fluoride present in our water. The fluoride is not harmful to the body, but can cause staining of children's teeth. Because of this, it is often necessary to try to filter out the excess fluoride in the water. Some cities in our area have been able to successfully do this and some have not.

The result of an extended use of excessively fluoridated water in children is a mottling or brown staining of the enamel surface of the teeth. This is a serious problem, because the stains cannot be cleaned off. The teeth can be bleached, but still don't look as good as they would if the damage from the fluoride had not been done. The teeth can be capped, but this is an expensive procedure, and while caps are a marvelous dental service, they still can't compare to healthy, natural teeth.

The best way to combat dental fluorosis is to stop the problem before it starts. If you live in an area that has more than 1.0 parts fluoride for every one million parts of water, your children should be placed on bottled water from the time you realize the mother is expecting until the child is about eight years old. It is a good idea to make sure that the bottled water

has the proper amount of fluoride added to it to prevent cavities.

A good guideline to use to decide whether or not to put your children on bottled water is to find out the source of the water you are drinking. If it is well water or non-city water in the South Plains area you would be well advised to delay no longer and put your children on bottled water. If it is city water you should find out from your water department how much fluoride is in your water. Here is a list of towns that, according to a study done by the Department of Health in 1977, are known to be excessive in their water's fluoride content. Also listed is a group of communities whose water supply is acceptable at this time, according to this study. Remember, a little precaution now can save a lot of dental headaches and cosmetic problems later.

Excessive Fluoride In Water Abernathy, Amherst, Bledsoe, Buffalo Spring Lake, Cotton Center, Crosbyton, Denver City, Floydada, Hale Center, Idalou, Littlefield, Loop, Lorenzo, Lubbock Children's Home, Lubbock Cooper, Meadow, Morton, Muleshoe, New Deal, New Home, Petersburg, Plains, Post, Ralls, Ropesville, Seagraves, Shallowater, Slaton, Southland, Spur, Sundown, Whiteharral, Whiteface, Wilson, Wolforth, Yellowhouse Canyon.

Acceptable Fluoride In Water Brownfield, Lamesa, Levelland, Lubbock, O'Donnell, Plainview, and Tahoka.

This article was provided by the South Plains District Dental Society as a public service for our readers.

Wilson News

By Marsha Chisum

The Wilson Schools would like to welcome between new students this year. They are sophomore and freshmen. Shipley from Littlefield, Ray Cruz from O'Donnell, seventh graders Alfred Cruz, fourth graders Shelly Lawson, fifth Hart, and Wade Graham; third graders Wesley Guzman and Lupe Guzman; second graders Michael Guzman and Alicia Guzman; and first graders Mrs. Castro, Jennie Law, and Andy Don.

The most informative programs ever seen at a high school football game regardless of class of the school and they are free-something very rare these days. This organization has many worth-while projects around our community and often does not receive the recognition and praise due to them. Thanks also to the many advertisers of the Wilson Mustang program.

The junior high football players opened their season last Thursday evening at Ropes. The sixth graders played first, battling to a 0-0 tie in a scrimmage-like game. Each team had 10 plays apiece. Joel Velasquez had a 60 yard run to bring the Mustangs close to a touchdown but a fumble in the end zone later prevented a score.

The junior high players defeated Ropes junior high 14-6 in a hard fought game. Both touchdowns came from leading rusher tailback Kendall Wilke. Quarterback Keith Spears ran for the two-point conversion after the first touchdown. Outstanding defensive players were Ricky Hall, Mark Wuensche, David Gonzales, and Kendall Wilke.

There is an added attraction in the stands at football games this year. The Wilson Pep Club members are wearing matching blue and white shirts with "Wilson Pep Club" printed on the front. Officers for the club are Mrs. Garcia as president, Mrs. Hernandez as secretary-treasurer, and Janie Gaston as organizer. Miss Gaston sponsors the pep.

The junior high teams will play at Amherst, Thursday, September 21, with the sixth graders playing at 5:00 p.m. followed by the 7th and 8th graders at 5:30 p.m.

The First Baptist Church Wilson had an after-game pep assembly for the young people of the community last evening following the Ropes ballgame. Special guests were two students from Tech, Thomas Green and Stanley Smith. Sandwiches, dips and chips were served to a group of about 35 young people.

The "voice of the Mustangs" was at work again last Friday night. If you did not recognize the announcer it was Mr. Floyd Heck. He freely volunteers his time and service to announce at the Wilson home ballgames. He does an excellent job and we, the fans, greatly appreciate and wish to thank him.

Mrs. James Lee, Mrs. Joshua, and Mrs. Crowson.

Thirteen high school football players stood on the sidelines Friday night and watched their teammates defeat Ropes 40-0. These players were saved for a third ballgame against the Ropes Eagles. The two junior varsity teams met Saturday morning at Ropes ending in a 12-12 tie. Wilson's first score came from a 6 yard run by freshman quarterback Billy Bishop. The second touchdown was made by sophomore Donald Freitag who recovered a blocked punt in the end zone. Outstanding defensive players were sophomores Rick Swertner,

Glen Lopez, and Donald Freitag, and freshman Bobby Garcia and Robert Nolte.

key to a winning team and these 13 boys got some of that experience Saturday morning. Other members of this "Dirty Dozen plus One" are Jay Ross, John Shipley, Glenn Finnell, Fabian Gutierrez, Mike Burch, Phillip Hernandez, and Ray Cruz.

Concession workers for the Amherst ballgame on Friday night are Mr. and Mrs. Tom Freitag, Mr. and Mrs. Dean Daniell, Mr. and Mrs. Ray Crispin, Mr. and Mrs. Ronnie Nettles, Mr. and Mrs. Jerry Don Ross, and Mr. and Mrs. Joe Hernandez.

Men responsible for working the chain are Mr. Shipley, Mr. Ray Ehlers, and Mr. James Wuensche.

Concession workers for the first home junior high football game against Smyer on Thursday, September 28, are Mr. and Mrs. Donald Klaus, Mr. and Mrs. Rudy Swertner, Mr. and Mrs. Kenneth Cawthron, Mr. and Mrs. Roy Lynn Kahlich, Joy Spears, and Linda Lopez.

Phebe K's Honor Local Member

Phebe K. Warner study club met in the home of Betty Owens, September 12, with Jimmie Wyatt and Louise Wyatt as co-hostesses.

The meeting was called to order by the president, Beth Huffaker. Chloe Jan Wells gave an informative program on Texas Federation Heritage. She pointed out that federated clubs have been instrumental in getting useful laws passed and they also participate in many beneficial projects on the state and local levels.

It was also "Bettye Green Day". Bettye is past president of Caprock District, and now holds the state office as second vice-president. She was presented a beautiful gold bracelet. Grace Huffaker made the presentation.

Visitors for the meeting were Mrs. E. H. Boedeker, Caprock District President, Lubbock; Mrs. Jack Arken, District Chairman, FREE; Mrs. C. A. Bickley, trustee, both of Denver City; Mrs. Jon L. Tippit and Mrs. Gene Ingle of Tahoka.

Activities have included such activities on camping excursions as white water and lake canoeing, water and snow skiing, spelunking, mountain climbing, photography, and camping out in the Colorado Rockies when the temperature reached 20 degrees below zero.

An interesting film of the activities was presented along with the program. Ray Mason arranged the program and introduced the speakers. President Monte Dodson announced committees for the Tahoka Harvest Festival project to be held October 7. The annual Rotary banquet for school personnel will be on Thursday night, October 26.

Lynn County News

MR. AND MRS. FRANK MAKOVY

Frank Makovy's Are Honored On Their 35th Anniversary

Mr. and Mrs. Frank Makovy of Lubbock, and formerly of Tahoka, were honored on their 35th wedding anniversary September 9th with a dinner and dance at A. B. Davis party house in Lubbock.

The couple has 3 grandchildren; Michele and Melissa Powers and Shoan Schuknecht. Tahoka residents attending the affair were; Mr. and Mrs. Johnny Raindl, Mr. and Mrs. Edwin Pebsworth, Mrs. Trudy Schuknecht, Mrs. Mary Lois Smith, Mr. and Mrs. Emil Raindl, Mr. and Mrs. Dub Powers, Mrs. Leo Dulin, and Mr. and Mrs. B. L. Miller.

Country Club Play Day September 24

The T-Bar Country Club Play Day will be Sunday, September 24. Tee off time is 1:30 p.m. Entry fee is \$3 each.

Other out of town guests included Mr. and Mrs. Dusty Bailey of Morton, Friends and relatives from West, Plainview, Canyon, Woodrow, Slaton, Bellmead, Elm Mott and Amarillo also attended.

Co-ed Explorer Scout Program At Rotary

Three leaders from Lubbock Explorer Post 806 of Boy Scouts of America came to the Tahoka Rotary Club regular meeting and told of the relatively new Co-ed Explorer program which has been very successful in "high adventure activities".

Farmworkers Group To Have New Location

The Llano Estacado Farmworkers, de Tejas, Inc. will be moving to a new location. The location will be at the office at St. Jude's Catholic church on South 4th Street. They will be moving sometime this week.

Principal speaker was John Vandenburg, with additional comments by Carolyn Copenhaver and Dave Glosson, all leaders in the Lubbock program.

C of C Group Visit Local Art Studio

Following Tuesday's Chamber of Commerce breakfast meeting at Tahoka Cafeteria, the 35 members in attendance visited Bill Craig's art studio and brass foundry.

Scouting had its beginning in the U.S. 65 years ago, followed by Senior Scouting, and about 15 years ago research was started on bringing young ladies into the Explorer program. Since approval of girls in the Explorer program there have been "zero problems", Vandenburg declared.

Craig put on a demonstration of casting a steer's head in bronze metal which had been heated to 2300 degrees. The group also viewed a number of his bronze castings and oil paintings and came away amazed at the demonstration, his elaborate shop, and his art objects.

Activities have included such activities on camping excursions as white water and lake canoeing, water and snow skiing, spelunking, mountain climbing, photography, and camping out in the Colorado Rockies when the temperature reached 20 degrees below zero.

C. of C. president Winston Wharton and Mayor Meldon Leslie invited all who are interested and can go to join a group that will visit museums in Ralls, Crosbyton, and Floydada today, Thursday. Transportation will be furnished, and the group will leave from the local museum building at 1 p.m. The purpose of the trip is to get ideas for developing the Tahoka Pioneer Museum.

Hints On Buying & Operating Microwaves And Save Energy Too

Busier times prompt added reason to use time and energy wisely. Management practices with available equipment can make for efficient energy and save money.

Cooking habits and practices while using conventional ranges can jeopardize energy use.

One's style and pattern habits for cooking can make a difference. Microwave ovens are so prominent now. Let's talk about them. First, microwave ovens can cut cooking time for many dishes as much as 75%. These are some suggestions to help make the most of the microwave oven.

Some ideas about temperature cooking: Food may be cooked to a desired temperature in microwave ovens. Soups, stews, casseroles-140-150 degrees F. Beverages-180, meats-140 degrees for rare, 150 degrees for medium and 160 degrees for medim well and 170 degrees for well done. Tough cuts of meat can be tenderized by holding the meat at a desired temperature. Casserole and one dish meals are very popular because of wise use of energy practices.

Begin by assembling a few tools. These are the Use and Care Manual, cookbook and any food you're going to cook. Become familiar with the features. This helps to have complete confidence in what the oven will do.

Portable microwave ovens should be plugged into a standard 115 volt three prong outlet that is grounded. (Do not remove the grounding prong from the plug). The oven should be operated on a separate circuit.

1. Know that microwave ovens afford simple conveniences such as reheating foods and cooking vegetables, poultry and casseroles fast and saves the number of dishes used to prepare meals. You'll be quick to discover you'll use your dishwasher less; thus saving energy.

One thought regarding purchasing decisions for specific styles has to do with door openings. Check the way the door opens or swings on the microwave oven you're considering. This can save some disappointments plus the fact you will use the oven more if it is convenient.

2. Power setting selections influences the speed food may be cooked and will range from a fraction power to full power, thus cooking the type choice food the way the cook wishes. Microwave cooking is meant to supplement and complement conventional cooking and at the present time is not intended to replace conventional cooking. Some foods require longer, slower cooking to develop full flavor and texture. This can be accomplished more satisfactorily with conventional cooking procedures.

For microwave recipes or other help in using the microwave oven, write or call your local Southwestern Public Service office or write Vivian Limer, Home Service Advisor, Southwestern Public Service, Box 634, Lubbock, 79408.

3. How do operating costs compare? Little over a penny will operate a 1450 Watt microwave oven for about 20 minutes. Little over three pennies will cook a meal on a standard range. Cost is comparable depending on one's habits for cooking. The microwave oven is on only while food is cooking.

3. Cookbook guide for cooking all foods should be followed for best results with specific selected microwave ovens. Not only may foods be cooked to desired temperature, but dinner may be held at serving temperature. Varied selected cook-

NEW HOME NEWS

by Florence Davies

Funeral services for Harold Davies of Cisco were in the Cisco Funeral Chapel at 2 p.m. Saturday, September 9. Harold, age 70, died from an apparent heart attack at his home in Cisco Wednesday night. Survivors include his wife, Jewel; three daughters, Joyce Drennon of Abilene, Anita of Denver City, and Tira Davies of the home; two sons, Harold of Alaska and Darrell of Conroe; three brothers, Elbert of Abilene, Clarence of California, and Garland of Post.

Harold was a rural mail carrier at Post and Cisco for 40 years. His parents, the late, Mr. and Mrs. Henry Davies were pioneer settlers of the Southland, Post area.

Rev. Leo Cole left Lubbock by plane early Saturday after learning of the death of his

brother, Glenn E. Cole, in Big Bear Lake, California. Funeral services were Wednesday, September 20.

Dewey Brown was dismissed from the Lynn County Hospital Sunday and returned to his home.

The first bale of cotton ginned at the New Home Co-op Gin was ginned September 13. It was from the L. L. Lawson farm and was stripped by E. R. Blakney. The \$20 pound bale produced 820 pounds of seed with a 22 percent turnout. The bale graded S L M with 15/16 staple and 3.8 mike. The season is fast approaching and ginning should get started by October 1.

Mr. and Mrs. Calvin Phillips and Murel Nickels of Jacksboro visited here last week with Mr. and Mrs. Bob Parker.

Mr. and Mrs. Kenny Timmons and girls of Seminole are here with her parents, Mr. and Mrs. Robbie Gill. Kenny is doing some remodeling of the Gill's home.

Mrs. Bob Parker and I were in Brownfield Tuesday and visited my sister, Mrs. J. W. Nelson.

Twelve members of the Liberty Bells Home Demonstration Club attended the appreciation luncheon in Tahoka Monday, September 11. After the luncheon each club had individual meetings. Members of the Liberty Bell Club attending were Julia Gill, Carolyn Haley, Patti Harmonson, Debra Williams, Shelia Fillingim, Sandy Smith, Barbara Rudd, G-G Fillingim, Judy Gandy, Sherry Morris, Lisa Fillingim and Lu'Jean Lane, a new member.

Next meeting will be with Laura Nettles when new officers for 1979 will be elected and the Christmas party discussed.

Mr. and Mrs. Wesley Hancock of Slaton visited here with us Wednesday.

Wanda Gill's father, Mr. S. W. Martin of Lubbock is in the Health Science

spent the weekend here with his parents, Mr. and Mrs. Claude Brown, and attended the mission school at the Sunset Church of Christ in Lubbock. They all visited in Tahoka with Mrs. C. M. Greer.

Mr. and Mrs. Bob Poer were at Hot Springs, New Mexico Tuesday until Thursday.

Mrs. Thurl Swinson and Mrs. Nan Fortenberry visited Nella's sister, Mrs. D. E. Castleberry, in Lovington, New Mexico, Saturday, September 9.

Mr. and Mrs. John Edwards, Mrs. Larry Durham and Kary spent a few days at Fun Valley and Creed, Colorado.

Mrs. Winnie Copeland of Plains was here Thursday until Sunday with her sister, Mrs. A. C. Fillingim Sr. and family.

C. B. Nowlin has been moved to a private room in Methodist Hospital and is reported to be improving each day.

The Tahoka 4-H Club met on Monday, September 18th, at the Mini-park for the family night picnic. Approximately 25 members attended in addition to parents and guests.

Adult leaders and 4-H president Dennis Haley led the members in forming a chain symbolizing the strength of a 4-H Club and the role each member plays in the club.

President Melinda Terry presided over the business meeting at which time plans were discussed for National 4-H Week, October 1-7. Each member was urged to enter the poster contest held during that week.

A 100% attendance award was presented to Perry Dunlap. Those receiving Citizenship Awards were Roddy Williams, Melinda and Curt Terry and Marcie Miller.

The meeting was adjourned and everyone had a picnic supper and visited.

Hospital in Lubbock for tests and treatment.

Mrs. Mark (Georgia) Clem is another of our young people attending Texas Tech.

Mr. and Mrs. Barney Mayfield returned home Tuesday, September 13 after visiting relatives in Sardin, Tennessee. Pauline's sister, Mrs. Melva Lax of Detroit, Michigan, met them there.

Mr. and Mrs. John Edwards, Mrs. Larry Durham and Kary spent a few days at Fun Valley and Creed, Colorado.

Mrs. Winnie Copeland of Plains was here Thursday until Sunday with her sister, Mrs. A. C. Fillingim Sr. and family.

C. B. Nowlin has been moved to a private room in Methodist Hospital and is reported to be improving each day.

MR. AND MRS. KIM ALAN PATTON
...nee Deanna Carol Wuensche

Miss Wuensche & Mr. Patton Exchange Vows In Lubbock

Deanna Carol Wuensche and Kim Alan Patton were united in marriage on September 9th, at 4:00 p.m. in Shepherd of the Plains Lutheran Church of Lubbock. Rev. Robert L. Sawall, pastor, performed the double ring ceremony.

Parents of the couple are Mr. and Mrs. Gilbert Wuensche of New Home, and Mr. and Mrs. Don Patton of Hobbs, New Mexico.

Mrs. Cheryl Boeder of Lubbock sang "The King of Love My Shepherd Is". She was accompanied on the organ by Mrs. Gilbert Wuensche.

The bride, presented in marriage by her father, wore a formal length gown of white lace organza fashioned with a Queen Anne

neckline. The bodice had wide bands of lace encrusted with pearls. The full bishop sleeves had bands of lace encircling them and wide lace cuffs. The skirt was accented with lace encrusted with pearls and cascaded into a chapel length train.

The head piece was made of white silk rosebuds and the chapel length veil was encircled in lace.

The bride carried a white Bible, belonging to her mother, topped with a bouquet of white miniature carnations, light blue baby's breath, yellow daisies, and pale blue and yellow ribbon streamers.

Mrs. Bonnie Betts, sister of the bride, was matron of honor. Bridesmatron was Mrs. Linda Patton, sister-in-law of the groom. Michelle Patton served as flower girl and Lance Patton was ringbearer.

The bride's attendants wore pale yellow long gowns featuring draped necklines and laced bodices. They wore yellow silk flowers in their hair and carried nosegays of yellow daisies with baby's breath and pale blue starflowers fashioned after the bridal bouquet. Each bouquet had long streamers of yellow ribbon.

The best man was Dennis Patton of Levelland, brother of the groom. Groomsman was Len Betts of Lubbock, brother-in-law of the bride. The groom wore a cream colored tuxedo with black lapels and yoke with black trousers. His ruffled shirt was also cream colored. The groomsmen wore baby blue tuxedos with black lapels and black trousers. Their ruffled shirts were baby blue.

The ushers were Randy Hambright and Brian Nelson, both of Hobbs, New Mexico.

The reception was held at Vann's Catering. The wedding cake was a traditional cake decorated in pale yellow, pale blue, and white. It was flanked by the attendants' bouquets on a lace covered table.

Following a wedding trip to Ruidoso, New Mexico, the couple will reside in Hobbs, New Mexico.

National Honor Society Holds Tahoka Meet

By Brenda Nieman

The Tahoka National Honor Society held its first meeting Monday, September 10th in the home of Cal Huffaker.

Members watched a film entitled "The Society of People", elected new officers for 1978-79, and discussed plans for the coming school year.

Officers elected are: President, Carlton Ash; Vice-President, Cal Huffaker; Secretary, D'Ann Phillips; Treasurer, Darryl Stotts; Reporter, Brenda Nieman; and Parliamentarian, Bryan Moore.

The object of this chapter will be to create enthusiasm for scholarship, to stimulate a desire to render service, to promote worthy leadership, and to encourage the development of character in the pupils of Tahoka High School.

YOU NEED ALL THE HELP YOU CAN GET

Every year there are about five to ten million adverse drug reactions in this country. And, sad to say, a good many of them are preventable. Your pharmacist is in a good position to advise you when two drugs you might be taking are incompatible. Prescription drugs react with non-prescription drugs and even common aspirin and antacids cannot be safely taken with many prescription medications.

Our pharmacy is anxious to help you watch out for adverse drug reactions. So, please ask us about the medicines you are taking.

A GREAT MANY PEOPLE ENTRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy?

GO GET 'EM BIG BLUE

GO GET 'EM

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

INSURANCE—Now the State of Insurance has approved a 3.2 per cent statewide average increase in insurance rates effective November 1.

The latest raise will boost these premiums \$35 overall for private passenger vehicle coverage. The 2.8 per cent statewide increase was also approved by the board in special coverages which include those premiums for \$27 million. The increase had sought a 28.9 per cent boost in that category.

Auto insurance rates have not changed since 1976. Companies then asked for a 10 per cent raise and the staff recommended a 7 per cent increase. The insurance board chair continued to approve increases by counties.

County, up \$14; County, up \$17; County, up \$7; County, down \$2; El County, down \$6; Orange County, up \$16; Nueces County, up \$16; Bowie County, no change; East Texas oil field area, up \$4; Lubbock County, up \$4; Taylor County, up \$4; Webb County, up \$4; Brazos County, down \$4; and Randall County, up \$17; Rio Grande Valley, up \$4; Tom Green County, down \$1; Bexar County, down \$1; Galveston, up \$12; Harris County, up \$13; Texas oil field area, up \$7; Kaufman County, down \$15; Liberty County, up \$7; Brazoria County, up \$10 and Montgomery County, up \$13.

Interest Up
State Treasurer Warren G. Harding said interest income from investment of state funds during his first year in office will amount to more than \$130 million.

Harding said the percentage of funds invested has increased steadily from 84.8 per cent to an unprecedented average monthly percentage of 93.5 per cent during the month of August 1978.

Interest rates have increased from six per cent to seven per cent, and total interest earned on the state's operating funds amounted to nearly \$117.8 million during the last 11 months—an increase of 30.8 per cent over the previous 11 months. Interest earned from state funds amounted to \$13.4 million last month, an all time record.

Exports Climb
Exports by Texas farmers and ranchers increased 16 per cent during 1977, according to Agriculture Commissioner Reagan V. Brown.

Brown predicted Texas will provide a large share of the \$26.6 billion in agriculture exports the U.S. will originate this year. Texas exports increased an estimated 16 per cent last year over 1976. Value of 16 selected major commodities totalled nearly \$1.2 billion, Brown said.

Brown reported Texas farmers now harvest one in every three acres for the export market.

Cotton led exports from Texas last year, with a total of nearly \$560 million.

Texas cotton production may drop to 3.7 million bales this year, however, from 5.5 million bales in 1977.

Grain sorghum was the second big money maker, with a value estimated at \$191 million.

GOP Wants Primary
Texas Republicans revised their party rules to provide for a presidential preference primary in 1980.

In effect, the GOP defied the Democratic-controlled legislature which is not expected to approve a preference primary due to opposition from all Demo factions. Republican leaders, in their state convention, said they are prepared to go to court if necessary to protect their right to choose presidential nominating delegates in a direct election.

Texas has had only one experience with a presidential preference primary for both parties—in 1976. That primary was approved in 1975, but the legislature inserted a self-destruct provision which provided that the authorization would not extend beyond the 1976 election year.

Lawmakers tried to revive the primary bill in 1977, but the effort died in the Senate.

Income Taxable
State employees must pay income taxes on additional take-home due to the state's paying their Social Security contributions, the Internal Revenue Service has ruled. That means the employees won't get as big a pay raise as they anticipated this fiscal year.

The legislature voted to give the employees an across the board pay boost of 3.4 per cent in 1977 and to assume the 5.85 per cent contribution (on the first \$16,500 of salary) to Social Security.

Lawmakers attempted to make the contribution tax free in a special law approved during the August special session, but IRS wouldn't go along.

Short Snorts

A district court here held there is no clear prohibition against the state's doing its own printing. Commercial printers challenged the state's big printing operation.

A massive revision of the complex Texas Election Code is being undertaken by a commission.

Horse racing advocates are launching a new drive to win legislative approval of pari-mutuel wagering on a local option basis at non-profit tracks.

A commissioners court is not authorized to direct payment of a claim made without an appropriate purchase order, and a county auditor is prohibited from paying

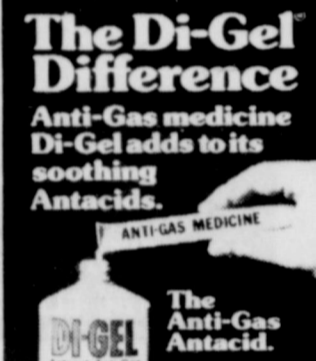

Lynn County News

such a claim, Attorney General John Hill said in a new opinion.

Securities registered for public sale in Texas during the last fiscal year soared over the two and a half billion dollar mark last fiscal year for the first time in the 21-year history of the State Securities Board.

State Board of Education approved a \$1.2 million grant to help pre-school handicapped children prepare for the future.

The European corn borer, a corn and grain sorghum pest, has been discovered in Moore County in the Texas Panhandle for the first time in more than a decade.

Plains Cotton Growers, Inc., Lubbock, has announced the employment of Paul Bennett of Littlefield as a Field Representative.

Bennett, a retired ginners, has long been active in various industry organizations and is well known to a large segment of High Plains cotton people. He is assisting current PCG field man Bill Henderson of Lubbock in a stepped-up effort to better acquaint producers, ginners and others in the industry with PCG and its activities on their behalf.

"Bennett's knowledge of the High Plains cotton industry and its people should enhance our ability to communicate effectively with representing their interests," said PCG Executive Vice President Donald Johnson.

Bennett, whose employment was authorized at a PCG Board meeting July 12, began work with the association September 11.

The 1976 annual meeting of Plains Ginners' Association will be held on Saturday, September 23, at the Lubbock Country Club from 9:30 a.m. to 2:00 p.m. according to the organization's secretary, Roy Phinott of Lubbock.

Over 300 High Plains ginners and allied industry people are expected to attend.

The meeting will feature a luncheon address by Reagan Brown, Texas Commissioner of Agriculture and widely acclaimed after dinner speaker.

On the morning program are Donald A. Johnson, Executive Vice President of Plains Cotton Growers, Inc., Lubbock; Tony Price, Executive Vice President of the Texas Cotton Ginners' Association, Dallas, and Macon Edwards, Vice President for Washington Operations of the National Cotton Council.

Joe Ellison of Sudan, PGA President, will give the annual report to the membership. Wayne Crossland of Savage is the association vice president. All officers have another year to serve on current terms, but there will be an election of directors.

Philpott said the three morning speakers are expected to review recent and pending legislative and regulatory actions in Washington which hold far-reaching implications for cotton ginners and their producer customers.

Preceding the PGA business meeting on Saturday will be the association's annual golf tournament, with players teeing off at the Lubbock Country Club from 9:00 a.m. to 11:00 a.m. on Friday, September 22.

Bill Fisher Candidate For Congress

Former President Gerald Ford appeared with and endorsed Bill Fisher, 17th Congressional District Candidate in Big Spring September 13.

Bill Fisher is a Certified Public Accountant and Tax Attorney from Abilene. Fisher entered Abilene Christian University in 1961 and received his bachelors degree in Accounting in 1965. Fisher worked his way through college by working for Sears and an Abilene C.P.A.

After graduation, Bill and his wife, Pat, moved to Houston where he worked for a C.P.A. firm. In 1966, Fisher entered the Army and was discharged in 1968 as a Specialist Fifth Class. Fisher returned to the C.P.A. firm in Houston and became a licensed C.P.A. in 1969.

Fisher entered law school at the University of Houston in 1970. During the day he worked his way up to

assistant vice-president of a mortgage banking firm and attended law classes at night. He received his law degree in 1974, and entered law practice in Houston.

In January 1976, he entered law practice with the C. G. Whitten firm in Abilene. He currently practices in his own law firm.

Fisher is a member of the Kiwanis Club, director of the Abilene Heart Association and director of the Business and Estate Planning Council. He has served as chairman of the Taylor County Republican Party. He also works with the Abilene Chamber of Commerce, and Citizens Against Crime Committee investigating ways to help children in trouble.

Bill Fisher was born in Gladewater, August 30, 1943. He and his family are presently members of the Highland Church of Christ where both Bill and Pat serve as Bible school teachers and supervisors.

Sherry Etheredge Says...

Acrylics "stand-in" for wool in some fashions because they are soft, warm and lightweight. Fashions they make include sweaters, socks, caps--and anything you like from a hand-knitting yarn. Acrylic can stand alone or team with other fibers in blends--for dresses, skirts, slacks, lounge wear and ski wear. Acrylic 'Pro's' Acrylic is resistant to sunlight, weather, oils and chemicals. That makes it useful for sportswear and work clothes. Other positive qualities include color-fastness, plect retention, easy

Southwest Real Estate & FARM AND RANCH LOANS

ROLAND CLEM Salesman Office 998-5162 Res. 998-4462

washability and moderate abrasion resistance.
Acrylic Problems
 Two problems with acrylic are heat sensitivity and a tendency to "pill", form tiny balls, especially when knitted.
Trade Names
 Four popular trade names for acrylic fibers and yarns are Acrilan, Creslan, Orlon and Zefran.
Acrylic Care
 Wash most acrylic fabrics in warm water. Then dry them flat. Some will machine dry at low temperatures--but remove them immediately when the dryer stops. To reduce static build-up, use a fabric softener in every third or fourth washing. Be sure to squeeze--not wring--hand-laundered items. Dry them flat, unless the care label says otherwise. Since care instructions may be different for each acrylic fabric or garment, be sure to follow directions exactly. ttt

Pear Cake
 3 eggs
 2 cups sugar
 2 teaspoons vanilla
 1 cup cooking oil
 3 cups flour
 1/2 teaspoon salt
 1 teaspoon soda
 2 teaspoons cinnamon
 1 cup chopped pecans
 3 cups chopped pears.
 Preheat oven to 350 degrees.
 Beat eggs. Add sugar, vanilla and oil. Beat well. Add flour, salt, soda, and cinnamon and beat well. Batter is very thick. Stir in pecans and pears. Pour into greased and floured tube pan and bake 50 to 60 minutes or until done.

Many have been calling me wanting information regarding pears. Here is an excellent pear cake given to me by a German homemaker from Brenham.
