Short Is Head Of The Water Importation

CAROLYN'S CLATTER

by Carolyn Klaus

After setting the All-South Plains football for the past two weeks the words offense and defense stuck in my mind. The meaning of offense, according to the dictionary, is "designating or of the side that is seeking to score in any contest." A translation would be, being concerned about getting their best in a chosen field.

The meaning of defense, according to the dictionary, is "a defending against attack or danger." A translation of this would be, being afraid that someone would stand in the way of a particular endeavor.

For a while I considered offense and defense as usually acted out by most people. The meaning given by the action of people in offense is unaware of enemies and defense is expecting everyone as an enemy.

Therefore the population can be divided into two categories--defensive and offensive. The major characteristics can be explained by the following story.

In a group discussion the comment, "people become financially embarrassed because of their mental attitude," was usually stated by one of the group.

The defensive person, fearful of an attack, with limited means, immediately pounces on a spokesman. "What's in your head doesn't make you better, it's all the bad breaks that do it. It doesn't mean I haven't tried," he defends himself because he fears being belittled for his abilities.

The offensive person with approximately the same financial stability thoughtfully considers the statement and it's possibility. He never once considers the statement to be directed at him and his abilities. He seriously listens at the statement to check it for merit for his own life.

Actually an offensive person is more open to ready to look at himself objectively because he doesn't feel it's necessary to defend his actions.

Tahoka's Water And Sewer Systems Are In Need Of Repairs

For some time, Tahoka City Council has been discussing the need for repairs and repair of the city's water and sewer systems, with the help of an engineer and a financial planner.

Many lines laid thirty or more years ago have aged, rusted out, or are insufficient size to carry enough water to supply the growing town, and are becoming very expensive to maintain, states Ray Mason, City Administrator.

In fact, many residents especially on North First, Second, and Fifth Streets, at present receive only a trickle of water through the lines. And for new line installations are not helping the problem, especially in the Roberts Addition.

A recent inspection of the water towers reveals that two of these reservoirs are rusted, pitted and dirty and must be repaired soon or the loss will be great. Flushing and patching reservoir interiors has been estimated to cost about \$200,000.

Extensions need to be made to serve a growing number of new homes for

both sewer and water, and an additional lift station is needed to serve the extreme west part of town.

Although costs of extensions to the newly enlarged Roberts Addition will be charged to the City, the City must have funds available to make these extensions.

Funds are also needed for improvement of lines to the northeast and south areas of the town.

A financial advisor and the City's engineer are advising a revenue bond issue of \$250,000 to make improvements needed, which would necessitate no increase in City taxes if present minimum water, sewer and garbage rates were raised from \$10 to \$11.

Unlike some neighboring South Plains towns, Tahoka does not have a water shortage. Mr. Mason says, due to the fact that it is a member of the Canadian River Municipal Water Authority. Just recently, the CRMWA granted Tahoka a new allotment which totals 138 million gallons a year. In summer, during heavy water demand, the City's wells are

E. L. SHORT, STATE SENATOR

E. L. Short, newly elected Democratic State Senator, recently began work on the duties of the office. He was appointed to several committees and one in particular that is extremely critical for this area.

Wilson Racks Up Four On The All-South Plains Team, Class B

Every team on the South Plains eagerly awaits the Avalanche Journal's selection of the All-South Plains teams. Last week the A-J announced the Class B honors and Wilson took four positions which was only matched by one other school, Valley, Jayton, the bi-district winners over Wilson, only managed to claim two such positions.

Calvin Wilke, a 5' 11" Senior weighing 185 pounds, was chosen on both the offensive and defensive teams. Wilke also gave Darrell Dowd, the player of the year, a close race for that honor. On the offensive team he was chosen as running-back and on the defensive team he was chosen as defensive back. The All-District honors for those positions were also earned by Wilke. Calvin, a Mustang captain, scored 82 points during the year, rushed for 1,170 yards, received 100 yards in passes, and made 91 tackles.

David Weaver, a 5' 8" Junior weighing 150 pounds, was named as an All-South Plains offensive guard and Honorable Mention defensive noseguard. He also received All-District honors with a unanimous selection both ways. During the year

Church Hosts Handbell Mini-Festival

On Saturday, January 27, a Handbell Mini-Festival will be held in Fellowship Hall at the First United Methodist Church. Handbell choirs and directors that will be participating are from Post, Patty Kirkpatrick; Brownfield, Debbie Wright Debusk; Lamesa, Rick Smith; Midland, George L. Dettart; and Tahoka, Bettye Green.

Beginning at 9:30 a.m. the combined choirs will rehearse ringing together with George L. DeHart as the Clinician and Conductor. During the day individual choirs will perform.

At 2:30 in the afternoon a short concert will be given with all choirs playing together. The public is invited to attend this performance and hear some fifty bells ringing together.

Tahoka Tries For A Day Care Center

There will be a meeting Monday, January 22, at 7 p.m. in the SPS Reddy Room for all interested in a Day Care Center for Tahoka. At a workshop conducted here last Thursday night by SPAG, all who attended expressed a need for such a facility in Tahoka.

Pioneer Club Directors Meet Is Changed

Because of a conflict with the Community Action Board meeting, the Board of Directors meeting for Lynn County Pioneer Club will be held Monday night, January 29, at 7 p.m.

Lucio Trevino, a 5' 7" Senior weighing 150 pounds, has just been named to the Second Team, All-State on offense. He was selected as All-South Plains offensive end and All-District offensive end and Honorable Mention, secondary. During the year Trevino scored 76 points, received a total of 628 yards in passes and made 111 tackles.

Mike Nettles, a 6' Senior weighing 165 pounds, was named as All-South Plains Honorable Mention quarterback and defensive back. His All-District honors were as quarterback and secondary defensive back. Nettles, a Mustang captain, scored 58 points during the season, passed for 750 yards, rushed for 404 yards and claimed 45 tackles.

Quintin Talkmitt, a 6' Junior weighing 175 pounds, was honored with All-South Plains Honorable Mention linebacker. He received All-District honors as an offensive tackle and defensive linebacker. During the year Talkmitt, a Mustang Captain, led his teammates with 150 tackles. Guys like Talkmitt and Weaver will be decided assets to the Wilson Mustangs next year.

Mr. Short's talents were not limited to this one area. In all he has been appointed to a total of 6 different committees in Austin.

He will serve on the committee on administration which is a hand selected committee of the Lt. governor and quite an honor.

The sub-committee on rules will be another of the groups requiring his attention and time.

ALICE LANGLEY

Alice Langley Named As New Postmistress In Tahoka Office

Mrs. Lawrence (Alice) Langley was installed late Friday as postmistress for Tahoka. She succeeds Charles Townes, who retired last year and took a position with First National Bank.

Mrs. Langley, who won the appointment here over several other applicants, is a native of Florida, but calls the Plains her home. The past six months she has served as acting postmistress at Ralls. She had been a carrier in Lubbock for four years prior to that.

She and her husband have six children, the two

youngest still at home. They are a boy, Dale, age 17, and a girl, Linda, age 13. Mr. Langley is assistant manager of Lubbock Rendering Company. They expect to move to Tahoka as soon as they can find suitable living quarters.

Mrs. Langley's postal career started in Winterhaven, Florida, on March 23, 1968. On November 9, 1974, she transferred to Lubbock as a carrier. Since 1974, she has worked 6 months in

Chisum started learning about football and the importance of attitude when he was in junior high school in Stinnett. He played football in Stinnett during junior high and high school and then finished off his playing experience with 1 1/2 years of play at Texas Tech.

His interest in sports remained and he felt the likely occupation for him would be connected with sports. Since he enjoyed being around kids so much he chose coaching as his vocation.

He has been coaching for seven short years and has already received the biggest and most envied honor for coaches on the South Plains. In case anyone doubts the

importance of the honor it is necessary to consider the size of area the "South Plains" covers. All Class B schools in an area from Sterling City and Garden City to Roby and throughout Motley County and to Turkey and Quitaque are considered.

Small schools the size of Wilson maintain a rugged schedule for students and coaches. When asked how he manages to keep himself going at such a pace he answered,

"If I held just a 'job' I couldn't do it but coaching is like going fishing for me--it doesn't make me as tired as most normal jobs because I love it so much."

This is the type of man that was able to turn a job of building up a winning football team, which normally takes about 5 years, into a process that has lasted only 2 years. Again Chisum gives credit to "his kids".

"You can't cut those years of getting ready short unless you have some kids really ready to put out that extra effort like Wilson," Chisum explained.

Most television and movie renditions of the coach and his team usually portray the

State Play-offs are April 11, 12, & 13 and the National Tournament is April 18, 19, 20 & 21. John Havlicek, star of the Boston Celtics, plans to be at the National Tournament this year to help celebrate Little Dribblers tenth anniversary.

Registration will be Thursday, January 18, at the Community Center at 7:30 p.m. Parents need to sign for their child to play. The child does not have to be at the registration, only the try-outs.

No one will be allowed to register after Sunday, January 21, unless a player is needed to make the teams even. The reason for this is because we need to know how many boys are playing so we will know how many coaches are needed at tryouts.

Registration fee will be \$10 per child to cover charter fees of \$100 per division, insurance of \$10 per team, scorebooks, balls, patches, suits and etc. Birth certificates are needed at registration only if your child has not participated in Little Dribblers before.

Tryouts for coaches to choose teams will be Thursday, January 25, at 7:30 p.m. in the old gym.

Anyone interested in helping coach or in any capacity are asked to call Doris Pollard at 998-4043, including last year's coaches.

The boys Regional Tournament will be April 5, 6, & 7.

BERT BALLENGEE

SPSC Elects New Executive Vice-President

Bert M. Springer, president and chief operating officer of Southwestern Public Service Company, has announced that at a meeting of the Board of Directors held January 10 in Amarillo, Bert Ballengee was elected executive vice-president of the Amarillo-based utility company.

A native of Amarillo, Ballengee is a graduate of Amarillo High School and the University of Texas where he earned a degree in Business Administration.

Ballengée began his work with SPS in 1949 as a clerk in the accounting department in the Amarillo office. He became chief clerk in 1951 and in 1957 was named the Company's personnel manager. With the acquisition of the Company's first data processing computer in 1961, Ballengee was named director of data processing.

In April 1972, Ballengee was appointed director of finance and in January 1974, he was elected financial vice-president.

Ballengée has served on the budget committee of the Amarillo United Way, Board of Directors of the Amarillo Club, the Red Cross and the Finance Committee of the Edison Electric Institute. He is also currently serving as financial vice-president of the Llano Estacado Council of the Boy Scouts of America in Amarillo.

Springer said that a successor to Ballengee as financial vice-president will be announced at a later date.

Tahoka Organizes Mexican-American Committee For Public Relations

The Tahoka Mexican-American Committee for Public Relations was organized about 1 1/2 months ago.

It is a local organization that has been created with the main objective being to raise money for scholarships for Mexican-American kids. The group started off with a bang by sponsoring a banquet-reception by invitation only for E. L. Short in the Tahoka school cafeteria. The group prepared the meal themselves with funds from their own pockets so the number of guests had to be limited. A secondary objective of the group is to improve relations between the people in the community.

The group began with a committee and then was opened to membership. The group remains small at this time but it is hoped by the president, Fidel Blanco, that the membership will grow as more people become aware of the organization. The vice-president of the group is John Chapa Jr.

It is planned to be a non-profit organization with dues set at 50 cents per month per member.

Anyone can belong, not only Mexican-Americans.

Tahoka's Mayor Mel Leslie has stated that he and members of the City Council give their full endorsement to the objectives which the committee hopes to achieve.

Jim Rudd Is Sworn Into Office

State Representative Jim D. Rudd took the oath of office before a gallery of more than 800 relatives, friends and other interested citizens, as the 66th legislature convened Tuesday, January 9, in Austin.

Rep. Rudd begins his second term as state representative from District 77.

Rudd's wife Brenda, her parents and brother, and children Tiffany, Trevor and Tyler were among those present at the capitol for the official swearing-in ceremony on the first day of the scheduled 140 day session.

After the oath of office was administered, the house elected Rep. Bill Clayton for his third consecutive term as Speaker of the House. On Wednesday resolutions concerning housekeeping and rules were passed by the house. Still to be decided upon is the matter of newly-elected Rep. Don Cartwright of San Antonio, whose election has been contested by his defeated Republican opponent.

County Green Thumbers Go To Luncheon

Texas Farmers Union Green Thumb workers Joe Rodriguez, Grace Bohall, and Thioe Young from Wilson, another group from Tahoka and one from O'Donnell, all totaling 12 persons, recently attended an appreciation luncheon for over 140 Green Thumbers in the Lubbock Civic Center.

The luncheon was provided by the Lubbock Title VII Meals Program under the direction of coordinator, Ms. Dorothy Dailey.

Workers from sixteen surrounding counties were recognized for their outstanding contributions to their communities and to the success of the Green Thumb program.

Texas Green Thumb, sponsored by Texas Farmers Union, is a federally-funded employment program serving the rural elderly. The program provides older workers the opportunity to exhibit their skills and years of experience through worthwhile community betterment and conservation projects for non-profit organizations.

Notables attending the luncheon were John A. Baker, Green Thumb Executive Vice-President, Washington, D.C.; Jay I. Naman, Texas Farmers Union President, Waco; Texas Farmers Union Executive Board Members; and David M. Hartwig, Texas Green Thumb State Director, Waco. Numerous Green Thumb sponsors were also in attendance.

Keynoting the group was Ms. Gail House, Professor, Home Economics, Texas Tech University, Lubbock; who spoke on the topic "Aging: The Fulfillment of Life."

The City of Wilson City Secretary, Naoma Moore, the sponsor for the Green Thumb workers from Wilson was in attendance.

Leona Waldrip, the sponsor for the Green Thumb workers from Lynn County Pioneer Club, was unable to attend the meeting.

used to prevent any seasonal shortage.

At last count, Tahoka had 1,197 water taps, which, if the bond plan is decided upon by the Council and the voters, would bring in nearly \$1,200 a month, enough to retire the bonds. Mason says water, sewer and garbage bills are collected at about 98 percent.

The Council, Mason says, is laying the problem before the Tahoka public in the hope that the citizens will approve the plan if a bond election is the only solution.

Postmistress

Crosbyton and in 1978 she was appointed Officer-in-Charge for the Ralls post office.

Mrs. Langley has taken Postal Service Training Courses and vocational training to enhance her actual job experience and preparation for the duties and responsibilities of the position of Postmaster.

Postmaster selections are made on the basis of merit from a list of qualified candidates submitted to the Regional Management Selection Board. The Board, composed of a representative of the United States Civil Service Commission, a Postal District Manager and two postmasters, selects and recommends to the Postmaster General the best qualified person for appointment to each vacancy.

Cities Are Allocated Their City Taxes

State Comptroller Bob Bullock Monday said the January allocation of the local option one percent sales tax to Texas cities will exceed \$18.1 million.

This month's rebate is about \$300,000 less than the state paid to some 900 Texas cities during the same one-month period last year.

Texas cities received a record \$424.8 million during 1978 as their share of the city sales tax, an increase of 17 percent over the previous year, Bullock said.

The sales tax is collected by merchants and other sales tax permit holders along with the state sales tax and is rebated monthly to cities in which it is collected by the Comptroller's Office.

Tahoka is the only city in the county that was allocated any payment this period ending 12-29-78. Their net payment this period was \$675.19 as compared to \$1,671.95 net payment made the same period last year. Their 1979 payments to date total \$675.19, 1978 payments to date total \$1,671.95, and their percentage to date is 59%.

Driving Errors Costly To Texas Drivers

"Vehicle accidents cost Texas one billion dollars a year in property damage, and about half of these wrecks are caused by drinking drivers," Sgt. Bert Sinclair of the Texas Department of Public Safety stated in a talk at the Rotary Club last Thursday.

"Not counting the loss of lives and the crippling of many others, motor vehicle accidents are very costly to every citizen," he said.

Mr. Sinclair has been directing the current Tahoka School Safe Driving program in cooperation with local school officials.

Next week, Department of Public Safety people will give a Defensive Driving Course for adults on Monday and Thursday nights at 6 p.m. in the Lyntegar Community room. Those taking the course will qualify for a 10 percent reduction on their automobile insurance for the next three years.

Prior to his talk, two members of the Tahoka City Council, Dr. Richard White and Jim Solomon, told of the need for Tahoka to vote revenue bonds to make repairs and extension in the town's water distribution system. More about this proposal may be found in another story in this issue of The News.

School Superintendent Jim Coulston was in charge of the Rotary program.

coach as giving fantasy talks to his team. Chisum admits he doesn't practice very often because he says, "For every hour I have to have a low stay away from giving talks."

Instead Chisum wants to treat the game like a business and rely on ability than on pep talks do have them and he is ready to use them when it is necessary. Chisum said when he would rather use pep talks, he would rather use pep talks, he would rather use pep talks, he would rather use pep talks.

"I want to thank my community, schools and family, Wilson and kids for their support because without them their interest none would have been possible. Chisum said when he had anything to say, he wanted to say."

Luncheon For Women's Cotton Club

The District Women's Cotton Promotion Luncheon will have a date, Wednesday, January 24, at 12 noon, at the Wyatt Cafeteria in the Plains Mall in Lubbock.

The two main business items at the luncheon will be to elect 1979 officers and discuss the "Sew It Cotton Contest" for 1979.

The program will be "What You Want is What You Get" and will be presented by buyers from local stores.

Each county should voting delegates as many members possible. So, support and attend the luncheon.

Tahoka Rebekah Lodge met in regular session on Tuesday night. Time for installation of new officers was set for the first meeting night in February, the 13th, at 7:30 p.m.

Green Thumb workers in Lynn County attended a luncheon and meeting at noon Friday, held in connection with national Farmer's Union week.

The affair was held in the Civic Center in Lubbock. There was a total of 12 workers going from Tahoka, O'Donnell and Wilson. The Senior Citizens van was used for transportation. Green Thumb workers are sponsored by Farmers Union.

Mrs. Ruth Koch of Roff, Oklahoma, returned to her home Friday after visiting relatives here and in Lubbock for the past three weeks.

Orban Aycock is home after having had surgery in Methodist Hospital two weeks ago.

Weekend visitors in the home of Mary Lancaster were her son's family, Mr. and Mrs. Doyle Lancaster of Muleshoe and two children, and her nephew and wife, Mr. and Mrs. Melvin Hartman of Lockney.

Mrs. Cleatus Freeman was surprised Monday night when a good neighbor brought in a birthday cake, sang "Happy Birthday" and took her picture. As there were no candles on the cake, there was no way to determine how many birthdays there had been before this one but someone who knew said it was 51 plus.

Hostesses for Friday's noon luncheon at Lynn County Pioneer Club will be Rutha Tilley, Lucy Brice and Leona Portley. The Club is having a quilt show on Wednesday, February 24, all day from 9 a.m. until 4 p.m. Anyone having very old or fancy quilts are welcome to bring them to the Center on Tuesday for the display. The public is invited to visit the show. The van will be available to pick up those who do not have transportation. Anyone interested in the "art of quilt making" is invited to come by for a cup of coffee and get some pointers.

The Club is planning an old fashioned box supper in February.

People once believed that if their palms itched they would receive money.

TAHOKA DRUG

Sherry Etheredge Says

Malnutrition can occur when people take over-the-counter... they risk allowing those drugs to interfere with the body's use of nutrients.

Some "self-prescribers" also risk added reactions if they already are taking a doctor-prescribed drug, since many drugs are not safe when taken together.

DRUGS, EFFECTS
Following are some over-the-counter drugs that do affect the body's nutritional status:

*** Antacids**

These drugs interfere with the body's ability to absorb nutrients. Excessive amounts of antacids can cause a Vitamin D deficiency.

*** Laxatives**

These also interfere with the body's ability to absorb nutrients. An excess of laxatives can lead to multiple nutrient deficiencies—especially a potassium deficiency.

*** Aspirin**

If taken with already-prescribed sulfa drugs, aspirin

can change the body's process of absorbing food.

*** Appetite suppressant**
These drugs, of course, can cause a loss of appetite, but they also may act as a stimulant to the central nervous system or they can cause nausea in some cases after food is eaten—which can keep the body from using even the small amounts of nutrients that were consumed.

Also, if these drugs are misused by parents who give them to children for hyperactivity, they may stunt the child's growth.

Remember if you are interested in the mailout series on weight control energy conservation or food fads, contact the county agents office, 998-4650 or send your name and mailing address to Sherry Etheredge, Box 669, Tahoka, 79373.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN—Texas lawmakers, in their first week on the job, waded through rules and committee appointment preliminaries—and heard outgoing Gov. Dolph Briscoe recommend a \$1 billion tax cut.

What they were really interested in, however, was the message they would get later after new Republican Gov. Bill Clements' inauguration January 16.

Briscoe handed lawmakers in joint session a \$19.8 billion proposed budget for 1980-81.

The legislators already had the Legislative Budget Board version of the new budget—a billion dollars higher—or \$20.8 billion. Hearings were scheduled to begin on it this week.

Clements, like Briscoe, also will push for a tax cut in the neighborhood of \$1 billion.

Both also urged legislators to adopt a constitutional amendment to allow Texans to initiate or veto major tax legislation.

Lt. Gov. Bill Hobby, moving out the first day of the 66th session, named a full roster of standing committees which process legislation.

The budget-writing finance committee is headed by Sen. Grant Jones of Abilene. Hobby switched Sen. A. R. "Babe" Schwartz from chairmanship of jurisprudence to natural resources, and named Sen. Ray Farabee of Wichita Falls chairman of jurisprudence. The latter committee will hold hearings on the controversial initiative and referendum legislation.

MRS. RUSSELL KEITH LAM
...nee Vickie Lynette Brown

Miss Brown And Mr. Lam Exchange Vows In Plainview

Miss Vickie Lynette Brown became the bride of Russell Keith Lam Saturday, December 30, at 7:30 p.m. in the First Methodist Church Chapel in Plainview.

Performing the double-ring ceremony was Terry Brown, the bride's uncle from Lubbock. He is the minister of Southside Church of Christ.

Parents of the bride are Mr. and Mrs. Jimmy Brown of 1811 Jefferson in Plainview and formerly of New Home. Parents of the groom are Mr. and Mrs. Carl Lam of 2016 W. 21st in Plainview.

Organist for the occasion was Mrs. Tommy Clements of Plainview. Soloists were Danny Ellis and Mrs. Bobby Ketchersid of Plainview.

The church altar was decorated with an arch of white mums, baby's breath and greenery. On each side of the arch were spiral candelabras with tapers. A memory candle was in the center of the archway.

Given in marriage by her father the bride wore a white organza gown of chantilly lace with a fitted bodice. It had Victorian neckline and sleeves with five tiers of chantilly lace and a bouffant silhouette of organza trimmed with chantilly lace. It formed a brush train. On her head, the bride wore a floppy hat covered in chantilly lace. She carried feathered carnations with red sweetheart roses, baby's

breath greenery.

Serving the bride as maid of honor was Vanessa Brown, the bride's sister from Irving. Bridesmaids were Jan Norman of Dallas, Cindy Norlander of Phoenix, Arizona, Marcee Roberts of Albuquerque and Lori Runyan of Abilene.

They wore gowns of pale pink featuring the Victorian look. The gowns were made of cotton blended georgette. A lace inserted yolk was accented with a ruffle and long bishop sleeves. They carried pink and burgundy carnations with baby's breath and real greenery cascades.

Christie Hall of Plainview was flower girl; Jonna Gayle Long of Lubbock was candlelighter.

Serving the groom as best man was Barry Glover of Plainview. Groomsman were Alan Wofford of Dawn, Paul Waggoner of Arlington, Randy Clark of Lake Charles, Louisiana and Mark Lam of Plainview. Ushers were Lonny Cordell of Lubbock and Wayne Moss of Albuquerque.

The reception was held in the First Methodist Church parlor. Assisting were Miss Jill Armstrong, Mrs. Aubrey Hooper, Miss Kim Welch, Miss Latrea Mallow, and Mrs. Ray Sooter and Mrs. C. E. Ketchersid of Plainview. The bride's table was covered with a white lace cloth over burgundy and centered with a three-tiered white cake with pink and

burgundy decorations. It was encircled with six smaller cakes. Gold epergne with crystal bowl filled with flowers in pink and burgundy were used. Burgundy and pink tapers were used also. Doves were used on the table as a symbol of love and purity.

The bride and groom will be home in San Angelo after January 2.

The bride is a graduate of Plainview High School and attended Abilene Christian University and Texas Tech University. The groom is a graduate of Plainview High School and attended Angelo State University. The bride has been employed with Central Plains Regional Hospital and the groom is employed with San Angelo Compress Warehouse.

The groom's parents hosted a rehearsal dinner in the fellowship hall of Garland Street Church of Christ.

Among the courtesies the bride was given a miscellaneous shower in the home of Mrs. C. E. Ketchersid. Other hostesses were Mmes. Ray Sooter, Bill Wilson, Kent Leech, James Watson, Robert Deisher, Buddy Caddell, Bill Cartwright, R. C. Stevens, Jim Lindsey, A. T. Finch, Charles Cypert, Jimmy Ketchersid, Elmer Lee Criswell and Henry Snell. A lingerie shower was given in the home of Mrs. Jimmy Ketchersid Thursday, December 21.

Answers to your questions from the Texas Department of Health

QUESTION: Just what is a cold?

ANSWER: The common cold is a name given to any of a number of short-lived viral infections of the nose and throat. Sometimes these infections are called other names, which simply tell you what part of the upper respiratory tract is particularly affected. For example, rhinitis affects the nose, pharyngitis the throat, and laryngitis the voice box.

QUESTION: How do you catch a cold?

ANSWER: Even though science doesn't know exactly how or why, a number of conditions seem to increase your susceptibility. People seem to catch colds more indoors and more during colder months. Fatigue, chilling, and poor physical conditioning seem to give the virus a better foothold.

A pleasure . . . and a challenge!

That's the way Ben McMullin, PRINCIPAL STRUCTURAL ENGINEER for Southwestern Public Service, sees his job . . . his role in the boy scouts . . . and life!

"You know, I've got some 30 years in scouting. I've done it all—workin' with the boys and the adult leaders. Lookin' back, I think the highlight in scouting for me was taking 11 boys to the National Jamboree in Idaho. Now that was an experience! It's been a pleasure . . . and a challenge. Same as my job at SPS I'm the Principal Structural Engineer in charge of the power plant group—that's the steel and concrete that holds up the place, you might say. It's very exacting work. We combine past experiences with research on new and better materials and products . . . trying to make the next power plant we build more efficient than the last one. It's a real challenge but that's what it's all about—keeping the costs down for everybody. I've been at it 25 years now and I'm glad to be part of that team. We're doing the job we set out to do.

SPS has encouraged me in my job and in all my civic activities. You bet I'm proud to work for SPS . . . and for my community. For me, it's hard to imagine one without the other."

As the legal agent of the state, the local board is the only organization in your community responsible for establishing school budgets, setting goals, hiring personnel, providing facilities and equipment, approving contracts, and many other matters involving school policy and operation.

School board members are not professional educators. That is the role of superintendents, principals and teachers who are hired by the board.

Board members themselves come from all walks of life. But they have one characteristic in common: they are laymen in education, just like the citizens in the community they represent.

That's the way our Founding Fathers wanted it. They felt that non-professionals should be responsible for the education system in the community. It's a principle that has worked.

School boards, in fact, are often referred to as the purest form of representative government.

In most cases, school board members are elected and, as elected officials, they must be receptive to the needs of the community.

That's why the National School Boards Association, representing board members in the nation's 16,000 school districts, believes that responsibility for school policies should be kept close to home, and not be controlled by far-off state capitals or even farther off in Washington.

Your School Board

About 95,000 men and women are working on ways to make sure your child gets as much as he or she can from school. Who are they? They're the members of your local school board.

These people are public education officials who, across the nation, usually serve without pay. They're dedicated to the idea that America's youth deserves the best education the community can provide.

Blood pressure is measured by the amount of pressure your blood exerts upon a column of mercury in a measuring device. The reading is expressed as two numbers, such as 120/80. The higher number represents the systolic pressure and the lower the diastolic pressure. The systolic reading occurs when the heart contracts and the left ventricle empties into the aorta, forcing the mercury to its highest point. The mercury falls while the heart refills with blood. The diastolic reading is the lowest point recorded before the heart contracts again. No actual combination of numbers announces: "you have high blood pressure," but there are some ranges that are used as guidelines. For adults, blood pressure is generally considered in the "normal range" up to 140/90. "Borderline" readings are between 140/90 and 160/95. Hypertension is suspected in readings over 160/95 but no diagnosis should be made on one reading alone. If you suspect you may have high blood pressure, consult your doctor.

1978 Yearbook Of Agriculture Published
"Living on a Few Acres," the 1978 Yearbook of Agriculture, describes both the pitfalls and satisfactions of living in the country. The yearbook is intended as a practical guide to country living. It is mainly for those who do not intend to gain their principal income from the land but rather have a job in town or some other source of income.

The book's 48 chapters were written mainly by specialists from the U.S. Department of Agriculture and state land grant universities. The articles cover many aspects of part-time farming, including production for family use or supplemental income. Five sections of the book include information on pluses and minuses, acquiring the right spot, improvements, how to make the most of the land, and selling the property. There are specific articles on raising vegetables, grapes, berries,

ornamental plants, herbs, nuts, poultry, pigs, goats, rabbits, Christmas trees and earthworms. Copies of the 472-page yearbook, which includes 32 pages of color photos, may be purchased for \$7 from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402. Ask for stock number 001-000-03809-5. Members of Congress have limited copies of the 1978 yearbook for free distribution to constituents.

Cattle May Need Supplemental Vitamin A
Drouth conditions and a lack of green forages often lead to vitamin A deficiency in cattle. Thus producers may want to supply a supplemental source of vitamin A for cows grazing dry, bleached pastures with little or no green hay or silage this winter. Vitamin A promotes growth, stimulates appetite, aids in reproduction and lactation, keeps the mucous membranes of respiratory and other tracts in healthy condition, and makes for

normal vision. Deficiencies of vitamin A during pregnancy may cause cows to abort or give birth to dead or weak calves. Extreme deficiencies may also impair the ability of cows to conceive. Bulls receiving insufficient vitamin A show a decline in sexual activity and semen quality.

Carotene, which supplies vitamin A, is contained in all green parts of growing plants. Good pastures always provide liberal and rich supplies of carotene and thus have a high vitamin A value. However, vitamin value decreases after the plant's bloom stage and much of the carotene is destroyed in hay by oxidation during field curing. The degree of greenness in a roughage is usually a good index of its carotene content, but hay over one year old (regardless of color) is usually not an adequate source of carotene or vitamin A.

The vitamin A requirement of breeding, growing and finishing beef cattle can be met by carotene in feedstuffs such as green pastures, grass or legume silages, hay not over a year old, or by supplementary vitamin A either by intramuscular injection or orally.

Growing and finishing steers and heifers require 1000 International Units of vitamin A per pound of dry diet; pregnant heifers and cows, 1270; and lactating cows and breeding bulls, 1770. The intramuscular injection of emulsified vitamin A at the rate of one million units apparently provides sufficient vitamin A to prevent deficiency signs for two to four months in growing or breeding beef cattle.

Agricultural Chemicals, Topic Of Meet

The usage of chemicals, herbicides and fertilizers in agricultural production will be the subject for discussion at a breakfast meeting at 7 a.m. on January 29, at the Tahoka Cafeteria. The meeting is being sponsored by Tatum Brothers represented by Leighton Knox and the Texas Agricultural Extension Service. Dr. James Supak, cotton specialist and Dr. Dale Pennington, soil chemist, both with the Texas Agricultural Extension Service, will be present to give the program on the usage of herbicides and fertilizer in crop production. New as well as old chemicals will be reviewed.

All interested persons are invited to attend this meeting. The meeting is open to everyone regardless of age, socio-economic levels, race, color, sex, religion or national origin.

Cotton Prices Are Mixed

High Plains cotton prices were \$1.25 higher to \$6.25 per bale lower the week ended January 11, according to Paul R. Dickson, Area Director at Lubbock's Marketing Services Office.

Growers sold mixed lots of mostly grades 42 and better, staples 30-33, mikes 35-49 around \$4.40 cents per pound. New crop lots of mostly grades 43 and 53, staples 30 and 31, mikes 35-49 brought about \$1.85 cents per pound, Dickson said.

Gins paid High Plains growers \$115 to \$130 per ton for cottonseed.

USDA's High Plains Marketing Services Offices graded 163,000 samples this week, bringing this season's total to 1,506,000. This compares to 2,859,000 graded by January 12 last year.

Predominant High Plains grades this week were grade 41 at 12 percent, grade 51 accounted for 12 percent, grade 42 amounted to 38 percent and grade 52 was 24 percent. Thirty-two percent were reduced one grade because of bark.

Staple lengths were mostly staple 31 at 26 percent, staple 32 was 40 percent and staple 33 accounted for 21 percent, according to USDA's Agricultural Marketing Service.

Micronaire was mostly in the desirable 35-49 range at 66 percent of the total. Thirty-four percent was lower.

Breaking strength averaged 85,000 pounds per square inch.

Reagan Brown To Speak In Lubbock

Texas Agriculture Commissioner Reagan V. Brown will be the luncheon speaker at the 12th Annual Membership Meeting of Water, Inc., in Lubbock next month.

The commissioner will speak at noon, Saturday, February 17, following the morning program in the Lubbock Memorial Civic Center. The meeting pro-

gram will focus on the area's crucial water problem and its agricultural productivity.

Brown was appointed Commissioner of Agriculture by Governor Dolph Briscoe in early 1977 to replace long-time commissioner John C. White, who resigned to take a position as U.S. Deputy Secretary of Agriculture. Brown was subsequently elected to a term as commissioner in the 1978 elections.

Since becoming commissioner, Brown has become one of the most highly sought speakers among state elected officials because of his unique brand of humor.

Registration for the Water, Inc., meeting is \$7.50 per person and may be made in advance by writing Water, Inc., P.O. Box 367, Lubbock, 79408. The registration fee covers the cost of the noon luncheon.

Water, Inc., is a non-profit corporation promoting water importation for the High Plains of West Texas and Eastern New Mexico.

Apply Now For Plainview Arts Show

Applications for participation in the fifth annual Running Water Draw Arts and Crafts Festival are now being accepted, according to Festival director Rob Strong. The Festival will feature the handcrafted work of 125 artists and craftsmen on October 12, 13, and 14th at the Hale County Agricultural Center in Plainview.

All proceeds benefit Llano Estacado Museum and Plainview Rotary Club projects.

All applications are submitted to a jurying committee. Deadline for application should write to Rob Strong at Wayland College, Plainview, 79072.

4-H'ers Dress For Energy Savings

Dress for energy savings by wearing fabrics that "breathe," colors that "fit" the weather, and layers that can be added or subtracted as temperatures change.

Energy-conscious young people in the national 4-H fashion revue program suggest wearing natural fiber fabrics—wool, cotton, silk and linen—or blends with a high natural fiber content, next to the skin. These fabrics "breathe" by increasing air penetration and moisture absorption.

Dark colors, like the new burnt sienna and vintage plum, are good choices for winter because they absorb heat from the sun.

4-H'ers also recommend "layering" for the latest in fashion and energy conservation. Start with a cowl or turtle-neck sweater, add a blouson big top, and complete the look with a boxy, unstructured vest. Air trapped between the layers of clothing acts as an insulator, so several light layers may be warmer and more comfortable than one heavy garment.

Girls and boys 9-19 learn-by-doing how to dress for all seasons and all occasions in 4-H fashion revue, an educational feature of the over-all 4-H clothing program.

Fashion revue projects and activities stress development of skills in choosing,

Tahoka Taking Leasing Bids On Farm Land

The city of Tahoka is now taking cash bids to lease the city farm land north of town. These bids will need to be in prior to Friday, January 19.

On Friday, January 19, the city council will be at 3 p.m. to open the bids. If any other information is needed contact Ray Mason at city hall.

Post FFA Agricultural Mechanics

The Post FFA Agricultural Mechanics Contest will be held in Tahoka on January 10. This contest is sponsored by Lyntegar Electric and is open to all students from the FFA chapters in the Tahoka area. The contest has three divisions which are welding, painting and electrical. Fourth division is identification of tools and materials. Teams from Brownfield, Dawson, Tahoka, and Lamesa participated in the contest.
