HONORED AT REUNION-- Mrs. W. R. Greer of Slaton, right, was honored Saturday as the oldest woman present at the Old Settlers Reunion who had not previously won the award. Mrs. Greer, 87, came to Lynn County in 1923. Shown with her here are two of the owners of firms winning plaques for pioneer-motif window decorations downtown. Mrs. Genny Halford operates Slaton's, which placed second in the contest, and Roy Stice represents Stice Refrigeration, whose window display won third. First place winner Virginia House of The Fabric Place and the oldest man at the reunion, John Price, 88, were not present when the pictures were made.

260 Register At Pioneer Event Here

More than 260 persons turned out for the annual Old Settlers Reunion in Tahoka last Saturday, with Mrs. W. R. Greer of Slaton, 87, and John Price, 88, of Tahoka winning the awards as the oldest persons attending who had not previously won the award.

Mrs. Maud Huffaker, 93, was recognized as the oldest person present, but she had won the award previously.

First place in the window decoration contest went to The Fabric Place, with second to Genny's and third to Stice Refrigeration.

Mr. and Mrs. Ted Chupa, who came to the celebration from New Jersey, 1,900 miles away, were recognized as traveling the longest distance to the event.

New officers of the Old Settlers were elected, with Mike Huffaker named president, Horace Rogers vice president and Beth Huffaker secretary. Current president Gerald Huffaker presided at the Saturday noon program and meal in the school cafeteria.

Two hundred sixty persons were registered for the event and meals were taken to 47 others at the rest home.

Early Copy Next Week

Because the Fourth of July holiday comes on Wednesday next week, the Lynn County News will be published one day earlier than usual. This means all advertising and news copy for next week's issue should be in by 2 p.m. Monday. It would be helpful if copy could be in by Friday.

Rural and out-of-town subscribers will receive their copies of the News on the usual date.

C-C Directors Set Meeting

The monthly directors meeting of the Tahoka Chamber of Commerce will be held Tuesday, July 3 at 11:30 in the back room of the Tahoka Cafeteria. All directors are urged to attend.

Shop Tahoka First!

High Winds, Sand Rip Crops, Property

High Winds blasted some Lynn County crops with a thick sandstorm Saturday afternoon, also causing heavy damage to many homes, fences, roofs and trees in the area.

The winds were estimated at 50 mph or stronger, and

when it was over around 6 p.m. Saturday after blowing about 45 minutes, residents began to assess the damage. There was a feeling by some in the New Home area and in Tahoka that a small tornado was involved, but no one actually reported seeing a funnel. It was quite dark during the wind, sand and rainstorm which came from the north.

BASHED-IN-BEETLE-- This Volkswagen at the Olan Pinkston home, 2227 N. 2nd, was caved in by the roof of the stadium concession stand as it blew over from across the street Saturday. Damage was obviously considerable.

In Tahoka, many television antennas were doubled over to the south, windows and skylights were broken, shingles were ripped up, trees were broken, and many sections of fence were laid down.

At the Tahoka football stadium, the roof of a concession stand was ripped off and it landed across the street on top of a Volkswagen owned by Olan Pinkston, 2227 N. 2nd. The beetle was smashed down almost to floorboard height in the center. The owner reportedly had just installed a new engine in the car, and the engine and the tires were about all that were left usable.

Power companies had poles down in the west part of the county. A trailer house owned by John Stalcup, construction worker on a new home in west Tahoka, was overturned and badly damaged.

Part of the roof of the Baptist Church at New Home was taken off.

Following the first blast of the windstorm came rain that measured .33 inch in Tahoka, and during the night another .80 fell.

This brought the total rainfall in Tahoka for the month of June to 7.26 inches. Added to the sparse 4.68 inches received in the first five months this year, the total now stands at 11.94 inches.

This is the most rainfall recorded in June by the Tahoka observer station since 1938, when 7.68 inches were measured officially.

An even heavier fall was reported in the northwest portion of the county with several farmers reporting over two inches.

Biggest damage from the storm was the complete destruction or bad burning of many farmers' cotton.

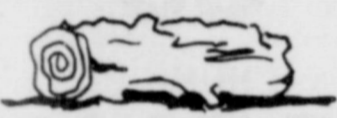

Worst burn damage probably was in the West Point, Three Lakes, Petty, Lakeview and New Home areas and immediately around Tahoka. Some crops were destroyed, while many other received partial damage and may recover or only have spots of complete burning.

Farmers declare that unless the bud of the cotton plant is killed the plant will probably recover.

Although this is almost too late for replanting, some farmers were already replanting cotton early this week.

County Sets Charge On City Prisoners

WOODWORK

by dalton

Starting July 1, the citizens of Tahoka, New Home, Wilson and O'Donnell will have to pay the county for keeping their prisoners in the county jail. Commissioners Monday morning agreed on charges to be made to the cities for this service.

A charge of \$22.50 was established for the first day a city prisoner is kept, with this charge to include booking expenses. After the first day, a charge of \$7.50 per prisoner per day will be assessed.

The commissioners voted unanimously on the charges. During Monday's meeting, the commission also heard Sheriff Norvell Redwine in regard to a replacement for resigning deputy Stanley Krause.

Sheriff Redwine, in answer to a suggestion that the county might get by on just two deputies instead of the usual complement of three, protested that such a cutback would severely damage the operations of the department.

"I've been over there for 23 years," Redwine said. "The people have elected me and I want to continue to give the public the service they're entitled to." After some discussion, the commissioners agreed that Krause's successor should be hired as soon as possible.

Commissioners opened bids on a new car for the sheriff's department, but did not accept either of the two bids submitted until further checking could be done on one of the offers. Bray Chevrolet bid \$5169 on an Impala and McCord Motor Co. bid \$6090 on an Oldsmobile which had extra equipment on it.

AT Texas Tech there's a great museum of the ranch heritage buildings, and also a planetarium which is really something to see. Or, if you're in a hurry, you can go to the planetarium which is really something to see. Or, if you're in a hurry, you can go to the planetarium which is really something to see.

been in and around the Lubbock area since except for three or four years off somewhere and although the planetarium hasn't been there that long, it has been at Tech for quite a few years, first at the old museum location and now in the fancy new one.

we always heard it was interesting and I've always thought that someday I'd go out and see it, but for possibly 15 years or more I just never got around to doing it.

Monday we decided to go out and visit the planetarium, the old ranch buildings and especially the planetarium. Sure enough, the first time I tried to see the thing, it was closed. The sign on the planetarium was closed for remodeling, so I was a little surprised, since the new one had just been out there very long. Maybe they had a war or something in it.

bit disappointed, we figured we'd go ahead and see the other stuff while we were out there, so we first toured the museum, and found it interesting, with a lot of area history illustrated, and one Iranian display which seemed a little out of place (unless they're just trying to show who all of our gas.)

we then proceeded to the place where you start your tour of all the old historical West Texas buildings. A girl stopped us, saying she was sorry, but the buildings were too wet for any visitors Sunday. So we didn't get to see those things either.

yes. Just before we were turned back at the entrance to the building tour, we browsed in a gift shop, or general store, as it is called, and I bought an item I wanted very much. But rather than buy it around through the old sod houses and buildings, I figured I'd pick it up on the way through. They only had one of them, but it was priced pretty high, so I didn't figure there'd be any demand for it.

when we came back 15 minutes later, it was raining. There's no telling when we'll get back out there to see the planetarium. By the time we do, they'll probably be repairing it again.

of course, we should have phoned ahead to find out if it was open. The moral is this: A trip to Texas Tech to view the marvels of the universe is not to be undertaken haphazardly. You gotta

School To Continue Taxes On Cars, Farm Machinery

By DALTON WOOD
Tahoka School Board, facing a loss of about \$22,000 in the coming school year as a result of tax relief measures passed by the recent legislature, last Thursday night voted to continue taxing personal property, including cars and farm machinery, for one more year.

After this year, farm land must be taxed on a basis of how much it produces, but the school board voted not to tax farm land on the basis of productivity until it becomes mandatory.

The board could have instituted the tax based on productivity this year.

New Exemption
Tahoka Independent School District will lose possibly \$22,000 in tax income in the fiscal year starting in September because of new exemptions made mandatory in tax-relief measures. One which will have the greatest effect is a \$5,000 exemption granted to any homestead-to persons living in their homes. Board members observed Thursday that this actually take many of the older homes off the rolls altogether. Persons 65 or older may take an additional \$10,000 exemption on their homesteads, as may persons under certain types of qualifying disabilities, if they apply for them by July 15.

Supt. Jim Coulston and business manager David Roberson both commented that the so-called "tax-relief" measures really provide tax relief for only some persons--for others, it means more taxes, "because

money lost in one place must be made up in another," Coulston said.

Cars, Tractors
Roberson said the district normally collects about \$30,000 in personal property taxes (cars and farm equipment), and that the records on which these taxes are based are not really up-to-date. Board members agreed that the records on such personal property will have to be brought up to current status, which means that more cars, tractors and such will be going on the school tax rolls.

The new state law provides that these personal property taxes may continue to be assessed by the school districts on a year-to-year basis. Each year the board must decide whether to continue the personal prop-

erty tax, but once it decides to drop it, it cannot be reinstated.

To drop the tax would mean a loss of that \$30,000 revenue, none of which would be reimbursed by the state, which is expected to reimburse the district 45 per cent of whatever it stands to lose from the newly-mandated exemptions. In Tahoka's case, it has been estimated that the exemptions would cost the district about \$40,000, and with 45 per cent of this, or \$18,000, reimbursed, the district would go \$22,000 in the hole on this part of the finance measure.

The picture was darkened even further by the superintendent's report that the district will lose more money normally due from the state (see SCHOOL page 4)

O'Donnell Set For Annual 4th Of July Celebration

O'Donnell plans a big fourth of July celebration at the City Park beginning at 6:30 p.m. Activities include swimming matches, games, contests, races, and horse-shoes for which blue ribbons will be awarded to the winners. Organizations and Civic Clubs will sell foods and drinks of all kinds including fried chicken, charburgers, ice cream, cakes, pies and German sausages. An added attraction will be an Afghan auction for the benefit of the Senior Citizen Center.

The program will be presented from an old fashioned "brush arbor" featuring a community choir, a welcome from the Mayor, presentation of colors, and musical specialty numbers. Harry Kennedy will be the featured speaker with an address that carries out the theme of the event "Stand Up, America!" Boy Scouts will be in charge of the fireworks display that will be the finale of the festivities.

Everyone is welcome and encouraged to come, eat, visit, participate, and have fun!

Gunshots Punctuate Dispute At O'Donnell

A Sunday afternoon altercation involving three O'Donnell men in and near that city resulted in all three being jailed, two in Lynn County and one in Dawson. At least three shots were fired during the affray and a house trailer was knocked off its foundation by a pickup traveling backwards at maximum reverse speed.

According to the Lynn County Sheriff's department, the three men, two of them in their early 20s and one about 40, got into a dispute just outside O'Donnell and later moved the altercation into

that city. One of the subjects, driving a pickup, reportedly got a .22 rifle and fired at the other two who were in a car.

Later, according to officers, the man with the rifle gave it to a fourth man, who in turn apparently handed it over to the two who first had been shot at. The man in the pickup started backing his vehicle away rapidly and when he saw one of the other men kneel to fire the rifle, ducked down, causing the pickup to swerve into the house trailer.

The two younger men were brought to Tahoka and jailed.

One of the men posted bond here on charges of aggravated assault, and the other was returned to O'Donnell where he paid a fine of \$200 plus court costs on charges of public intoxication and disorderly conduct. The fine was assessed by City Judge Mrs. Mike Hurst.

Big Spring police Sunday arrested a 16-year-old Tahoka girl and recovered a 1977 Ford stolen in Tahoka early Sunday morning. The girl was returned to Tahoka Monday by Tahoka Police Dept. and was being held in county jail pending a juvenile

hearing in county court on auto theft charges.

Another burglary of a home in the county Monday was being investigated by sheriff's deputies. Burglars took a rifle, record player, jewelry and assorted hand tools, total value about \$400, from the home of Alfred Guzman, just off U.S. 87 12 miles north of Tahoka and a half mile east.

A young girl at New Home was bitten by a dog last week and the dog was ordered held for observation, since it had not been vaccinated.

Two wrecks were investi-

gated by Tahoka Police Dept. during the week. On Friday at S. 4th and Ave. K a 1962 Ford pickup driven by Rutha Velma Tilley and a 1978 Chevrolet driven by Peggy T. Underwood collided. Both are Tahoka residents.

On Saturday at N. 5th and Main a 1978 Ford driven by Susan Kay Lawson of Tahoka and a 1975 Buick driven by Woodrow Wilson Edwards of Tahoka were involved in a collision.

There were no injuries in either accident.

City police answered four prowler calls during the last

week, all in the same general vicinity of town. Two tickets were given, one for speeding and one for following too closely. A CB radio was found on top of a school building, but ownership of it had not been determined.

And last Friday afternoon a woman called police and told them one of her sons had taken his brother's bicycle and she wanted officers to "make him get off the bicycle before he tears it up."

Police advised they could not intervene in that situation.

Sherry Etheredge Says...

Why Jars Don't Seal

Sealing failures in home canning can result from some common mistakes.

Avoid making mistakes in home canning by following these suggestions:

1) Read and follow package instructions for using caps and lids. Don't take it for granted that all home canning caps are alike and are used exactly the same way.

2) Leave correct amount of head space when filling jars.
3) Take time to "knife out" air bubbles before sealing the jar.
4) Remove particles of food, seeds or seasonings from jar top or threads with damp cloth before putting on lid.

Particles left on jar rim can cause lid to seal, then loosen.
5) Screwing band too tight can cause lid to buckle. A band must be tight enough to hold the rubber sealing compound closely against the jar top.

However, if the band is forced as far as it can be turned with a strong hand, the jar cannot vent.

the jar cannot vent, pressure within the jar causes the lid to buckle.

6) Screw bands tight enough.

7) Heat sufficiently to seal the lid. Follow recommended processing time and method.

8) Exhaust (vent) steam-pressure canner for a full 10 minutes, or until a stream of "blue steam" is visible, before closing petcock.

If steam is not exhausted, there is an uneven amount of steam pressure in the canner. As a result, some lids may seal while others in the same canner load may not.

9) Don't let pressure in canner fluctuate. This can cause food particles to be forced between jar and lid which will cause sealing failure.

The same thing may happen if steam is released too quickly after processing. Let pressure in canner reach zero degrees naturally before removing cover. Do not run cold water over canner to reduce pressure.

10) Don't reuse jars in which commercial foods are sold. These jars are designed for use on high speed packing machines and with caps developed especially for that product, but not for home canning.

11) Don't use warped, rusty, worn bands, or old commercial caps.

12) Don't reuse lids. The lid of a two-piece metal cap should not be used more than once. This applies to all brands.

The compound is not guaranteed to seal a second time and the lid itself is often bent or warped when removed the first time.

13) Don't use old jar lids. If

Mr. and Mrs. Arguyle A. McNeely

McNeely Anniversary

All friends and relatives of Mr. and Mrs. Arguyle A. McNeely are invited to a reception honoring their twenty-fifth wedding anniversary. The reception will be hosted by their children and grandchildren on July 1 from two to five p.m. at the First National Bank party room, 1601 South First Street, Tahoka. No gifts please.

Tomorrow's Citizens...

Dena and Jana Engle, daughters of Dewey and Donna Engle.

Eden and Georgia Williams, children of Richard and Glenda Williams.

Stephen Rodriguez, son of Simon and Sylvia Rodriguez.

jar lids are old, the sealing compound may harden and not soften sufficiently to obtain a good seal.

As long as the sealing compound is resilient when mashed with the fingernail, the lid will probably seal. It is preferable to use jar lids the same year as purchased.

When kept longer, they often stick together and must be heated in boiling water to separate them.

If jars do not seal, you may reheat and process over again.

However, the product will be over-cooked and lose food value, flavor and texture.

You may keep a few jars in the refrigerator and use them within a short time instead of reprocessing.

School---

continued from Page 1

because the schools have lost 83 students in average daily attendance from the previous year. State money is paid back to the districts on the basis of the number of students served.

Coulston said that at the end of May this year, Tahoka schools, kindergarten through 12th grade, had average daily attendance of 911.94 students, compared to 995.61 at the end of the 1978 school year. This means the school has lost a total ADA of 83.67 in just one year.

Study Budget

Board members plan to meet to rework budget figures and will adopt a budget and tax rate for next year sometime before Aug. 31. It was indicated that a re-evaluation of property in the district would have to come soon, since the new law also will require this.

Resignations were accepted from teachers Vickie Mayberry, Susan Connally and first assistant coach Clayton McKinnon, who reportedly is taking an industry job. Also, Robert Sexton of San Angelo, hired as a coach at last month's meeting, decided not to accept the post here. The board voted to offer a contract to another San Angelo coach, Gregory Manship, leaving the coaching staff still short two persons.

Also hired were two sixth grade teachers, Laura Cooper and Patricia Ann Barrow. Mrs. Barrow, wife of bank president Frank Barrow, has been teaching in Floydada. Mrs. Louise Clifton, who has been teaching in Newcastle, was hired for junior high math.

The board voted to adopt a student insurance policy from Keystone. Board member Joe Brooks, who questioned the value of the Keystone company's policy, voted against the measure.

The board voted to stop sending a bus outside the district to pick up a student transferring from the O'Donnell district, noting that the cost of going the extra miles for one student are prohibitive.

Appointed to the board of tax equalization, which will meet July 31, were Ivan McWhirter, Roy Stephens and J. T. Miller.

The board approved a preliminary budget increase of \$2600 for the vocational agriculture department, with most of this to go for purchase of a new wire welder.

Present were board members Bob Haney, president, Brooks, Tommy Lawson, Bettye Green, Jay Dee House and Othel Meeks. Marlin Hawthorne was absent.

One-half cup of broccoli-stalks cut into one-half-inch pieces—contains about one-third of the day's need for vitamin A and more than enough vitamin C needed daily, points out a foods and nutrition specialist, Frances Reasonover, with the Texas Agricultural Extension Service, The Texas A&M University System.

Mr. and Mrs. Steve Frazee

Miss Wade is Bride of Steve Dee Frazee

Catherine Annette Wade, O'Donnell and Steve Dee Frazee, Dora, N.M. were united in marriage by Glen Grey of New Home at 3 p.m. at the 3rd and Dwight Street Church of Christ in Monahans on June 9.

The bride's sister, Melissa Wade of Abilene was Maid of Honor. Bridesmaids were Stephanie Wade, Monahans, sister of the bride, and Mrs. Charles Michael Wade, Monahans, sister-in-law of the bride.

Gordon Frazee of Dora, N.M. served his brother as bestman. Groomsman were Jimmie Glenn of Plainview and Damon Richards of Lubbock.

Other wedding party members were Jimmy Dun-

can, Causey, N.M.; John Paul Wade, Abilene; James Hobbs, Lubbock, and Delynda Frazee, Lubbock.

Following a reception at Monahans Country Club the couple's wedding trip was spent at Ruidoso, and Tros Ritos, N.M.

The bride is the daughter of Mr. and Mrs. Charles Wade, Monahans. She attended Abilene Christian University, and UT-Austin. She is employed by Southland Public Schools as a Resource teacher and speech therapist.

Frazee is the son of Mr. and Mrs. Donald Frazee, Dora, N.M. He attended Lubbock Christian College and Texas Tech. He is employed by New Home Public Schools as a Vo. Ag. teacher.

R **FAST DIETING CAN BE UNSAFE**

Losing weight too quickly can be harmful. It can lead to ulceration of the stomach and development of gall stones within a short time. There are other possible complications, particularly if you do not exercise while dieting.

If you are overweight you will be healthier if you reduce. But, you would be wise to consult your physician at least once before dieting to get his professional protective advice.

Lynn County Hospital District
Tahoka, Texas

Offers Day Surgery

In an effort to help control your health care cost, Lynn County Hospital is offering day surgery for certain patients with conditions requiring the following surgery or procedures. The charges shown include hospital and anesthesia charges, but do not include surgeons fee:

Anterior & Posterior culporrhaphy (A&P repair)	\$385.00
Dilation & Curettage (D&C)	\$265.00
Tubal ligation	\$370.00
Cervical cauterization	\$190.00
Cervical conization	\$190.00
Hemorrhoidectomy	\$410.00
Repair of anal fistula	\$335.00
Sigmoidoscopy	\$205.00
Breast biopsy	\$365.00
Excision of cysts	\$340.00
Incision and drainage of abscess	\$340.00
Adult circumcision	\$375.00
Vasectomy	\$220.00
Tonsillectomy and adenoidectomy	\$405.00
Myringotomy	\$335.00

If for some reason the patient is unable to go home on the day of surgery, additional charges would be made. For more information, call Lynn County Hospital in Tahoka, Texas 998-4533.

OB

Charles Townes

Services for Charles Townes, 62 of Tahoka, died at 10:30 a.m. Tuesday at the First United Methodist Church, with the Rev. Newton Starnes, officiating.

Burial was in the cemetery under the care of the White Funeral Home.

Mr. Townes died Sunday at Ruidoso, N.M., where he had been visiting. He was born in Tahoka and attended Texas Tech University and West Texas State University. He served in the U. S. Army during World War II and was in the 45th Infantry Division during its 36-month tour in Europe. He married Freda Fite in 1958, in Albuquerque, N.M. He was the postmaster of Tahoka for many years and worked at the National Bank. He was a member of the Rock Country Club.

OBITUARIES

Tahoka Masonic Lodge, and Rotary Club.

Survivors include his wife; a sister, Mrs. Clint Walker of Tahoka; a brother, Reid Townes of Lubbock and 1 nephew, Townes Walker of Houston.

Pallbearers were W. L. Telford, Dixon White, A. C. Verner, Jim Solomon, Eldon Carroll and James F. Roberts.

Henry Arthur Dial

Services for Henry Arthur Dial, 92, of Amherst and formerly of Lynn County were at 2:30 p.m. Thursday, June 21 in the White Funeral Home Chapel with Wayne Perry, Chaplain Highland Hospital, officiating. Burial was in the Tahoka Cemetery.

Dial was born Sept. 18, 1886 and died June 19 in South Plains Hospital in Amherst following a lengthy illness.

The Hopkins County native attended Wood County schools. He moved to Lynn County in 1909 from Fisher County.

He married Lena Cook in April, 1936 in Lynn County. She preceded him in death in 1953.

Dial was a retired farmer and a member of First Baptist Church.

Survivors include numerous nieces and nephews.

Pallbearers were Billy Ray Smith, Wilton McNabb, Buster Todd, Clint Sikes, W. H. Cook and Bob Clem.

Rogelio Perales

Funeral Services for Rogelio Perales, 22 of

O'Donnell were held Wednesday at 10 a.m. in the O'Donnell Baptist Mission with the Rev. Ramiro Faenz, pastor of O'Donnell Assembly of God, officiating. Burial was in the O'Donnell Cemetery under direction of Branon Funeral Home of Lamesa.

Perales was a native of Mexico and was a farm laborer.

Survivors include his wife, Mary; his mother, Nonhemi Perales of Mexico; two sisters and five brothers.

Tax Rep. To Be in Tahoka

AUSTIN--State Comptroller Bob Bullock announced he is sending a representative from his Lubbock office to Tahoka Tuesday, July 10, 1979 to assist local taxpayers and answer questions about state taxes.

Bullock said Enforcement Officer, Margaret McClung will meet with local taxpayers at the Lynn County Courthouse, Court Room from 10 a.m. to 12 p.m.

"If Tahoka-area merchants, or anyone else for that matter, have any questions about state taxes or need help in preparing tax forms, Mrs. McClung will be there to assist them," Bullock said.

"We're trying to cut the red tape in this office and we believe these face-to-face sessions with taxpayers help do just that," Bullock added.

Bullock reminded those taxpayers who are unable to meet with his representative on Tuesday, July 10 that they can still get their questions answered quickly by calling his TOLL-FREE tax information number in Austin. That number is 1-800-392-3333.

The Lubbock office, headed by Vance A. Porfirio, serves Lubbock and surrounding counties.

New Home News

By Florence Davies

David, Judy, and Jason Gandy were honored with a housewarming, Sunday, June 24, in their new home. Sixtyone guests were registered. The community gift was a sofa table and a silk flower arrangement for the den. Out of town guests included: Gloria Ross, Abernathy; Thena Clarke, Ft. Worth; Denise Gandy, Lamesa; Nelma Gandy and Gerry Ritchey, Colorado City; J. C. and Nell Gandy and J. W. and Audrey Owens, Tahoka; Carl and Irene Fluit, Post; Sheila and Greg Savell, Wilson; Ron, Meldoy, Aleesa and Amy Miller, Plainview; and Doug, Viola, Valerie, and David Davis, Lubbock.

The terrible wind storm Saturday afternoon caused an undetermined amount of damage to crops, some hail also fell in some parts of the communities. Irrigation equipment, trailers and baskets damaged, huge trees were broken and poles blown down. The entire area was in the dark for about five hours, sending us back to the old coal oil lamps and candles. Antennas were bent and a number of fences here in town were blown down. Lightning struck a tree in the yard at Mr. and Mrs. Delbert White's home and a large limb was blown through a north window and into the house. The west wing of the New Home Baptist Church was flooded after a large section of the roof was blown off, causing a lot of damage.

Lit H. Moore is reported in satisfactory condition in the Health Science Medical Center in Lubbock. He was injured near Floydada last week when he lost control of the motorcycle and crashed.

Charlie Hemmeline of Petty was taken to Highland Hospital in Lubbock Tuesday where surgery was performed to repair a badly broken hip. He fell while working in his back yard.

Claude Brown remains in Health Science Hospital.

Sandra Schoppa left Saturday June 16 after visiting here with her father, Elmer Schoppa. Sandra came June 6th to participate in the wedding of a friend, Michele Neunaber in Lubbock. Her home is in New Braunfels, she teaches special education in Seguin. Sandra will leave June 21st for a three weeks stay in the Washington D.C. area.

Mrs. Shine Barnett returned home last week from a five weeks visit in Nuernburg, Germany with her son, Major Robert Barnett and family.

The New Home High School cheerleaders will leave Tuesday for Big Spring to

attend the cheerleaders camp. Girls attending are D. J. Hiracheta, Gena Johnson, Lana Kieth, Mitz McAllister, and Nora Caballero. Mrs. Freddie Kieth will accompany the girls to Big Spring.

Mr. and Mrs. E. M. Rudd visited in Amarillo last week with his sister and brother-in-law Mr. and Mrs. Ross Mathis and with his nephew, James Mathis in the hospital there.

Mrs. Bobbie Fillingim was one of the camp counselors at the Girls Opportunity Camp at the Baptist Encampment Grounds near Floydada. Twenty seven girls and counselors attended June 21-23. Two girls have attended the past four years, even though they are no longer on probation. Each one seemed to receive a special blessing this year from the camp pastor, Rev. Adolph Cleveland. Churches from Lubbock brought the night meals. The New Home Baptist Church has provided craft material the last four years and Mrs. Fillingim helps the girls in this.

The home of Mr. and Mrs. Jack Clements was badly damaged by fire which was discovered about 5 a.m. Sunday. The New Home Fire Department was assisted by the Tahoka Fire Dept. In fighting the fire that was almost out of control when discovered. Jack and Katie were in Kerrville to visit her sister who is ill. They arrived home about 11:15 a.m. Sunday.

They wish to express their thanks to everyone who has helped in any way. One has to lose a home by fire to know the heartbreak of loss of a life time collection of irreplaceable items.

Mrs. Thad Smith of Wilson is reported improving in Mercy Hospital in Slaton.

Mrs. Fred Roper had heart surgery in Methodist Hospital in Lubbock Tuesday June 19th and has been moved from ICU to room 636.

Woodrow and Dot Ables of Seminole visited in Tahoka Saturday with friends, Luther and Nora Belle Wood. Woodrow was employed by the ASC office in Tahoka and moved to Seminole in 1955.

Vacation Bible School at the New Home Baptist Church concluded with commencement Sunday evening. A total enrollment was 97.

Mrs. G. E. Fortenberry fell in her garden last Tuesday and was treated in Saint Mary's Hospital for a shoulder seperation. She returned home Friday. Her daughter, Nita Harrison of Lovington, N.M. is with her.

Thurl Swinson is in Highland Hospital where he underwent surgery last Tuesday.

Lack of consistency and negative examples set by parents, however unintentional, produce confusing situations for young children who do not have the abilities to sort and select "expected behavior," says Diane Welch, a family life education specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Museum Draws Weekend Crowd

Between 250 and 300 people visited the Tahoka Pioneer Museum during Saturday's Lynn County Pioneer Reunion. Mrs. M. R. Stice, museum hostess, estimated.

Completed in time for the annual reunion were an old time blacksmith shop and a farm-ranch tack room, both under direction of Bill Craig; a school room by Mrs. Norvell Redwine and other former teachers; a school playground by Mr. and Mrs. Jess Gurley and a bedroom by the Milliken families.

More than 200 pioneer days pictures also were displayed, including many new ones from such as Jack Alley ranch scenes; A. R. McGonagill and Milliken families; Ira Doak and Barnes-Weathers families; Elton George, Sam Sanford, J. S. Wells, Dr. S. H. Windham, J. V. Dyer, and many others.

Those included early-day ranch and farm and Tahoka street scenes, school buildings and groups, as well as individual pioneers and their families.

Many of the visitors commented on the beauty of More than 40 out of every 100 adult American males are armed forces veterans.

the building interior and the progress being made on the museum project.

Also, many visitors bought Charter Member cards at \$10 each for married couples, and a few large donations were made to the project for museum maintenance.

Special plaques have been placed in the museum honoring Winston C. Wharton, who supervised the remodeling of the building, which has been made available by City of Tahoka under leadership of Mayor Meldon Leslie, and Wharton's late wife, Louise, who was instrumental in reclaiming the upstairs meeting room and purchase of carpeting for the building.

Lynn Bond Sales Report

April sales of Series E & H United States Savings Bonds in Lynn County were reported today by County Bond Chairman F. B. Hegi to be \$3,011. Sales for the four month period totaled \$16,302 for 16 % of the 1979 sales goal of \$105,000.

Texas sales during the month amounted to \$25,102,077, while sales for the first four months of 1979 totaled \$94,005,521 with 32% of the yearly sales goal of 297.2 million achieved.

If a snake bites, here's what to do

COLLEGE STATION — The death rate from snakebite is extremely low, less than 1 percent die from the 2,400 bites annually reported, but it definitely pays to know what to do if you're bitten, says Charles Ramsey, a wildlife specialist at Texas A&M University.

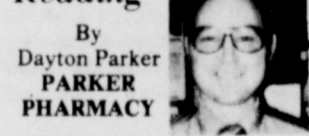

First, try not to panic if you are bitten, he suggests. Do not use home remedies or take alcoholic beverages. Seek medical aid immediately. Ramsey says. Identify the snake if possible since treatment is determined by the species of the snake.

The best advice is to learn to identify the poisonous snakes and leave them alone. Ramsey adds. Snakes are rarely aggressive towards humans.

Save energy by using cold water instead of hot water to operate the sink food disposer, advises Nancy Granovsky, a family resource management specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

PARKER PHARMACY

If you're taking medicine and your eyes begin to look peculiar or if you begin to see unusual colors, tell your doctor. A report was recently released informing doctors that some drugs may affect the eyes in strange ways. Vitamin A, in excessive amounts can cause eyes to turn yellowish, and excessive amounts of nonaspirin painkiller may cause vision problems and sometimes cause blood vessels of the retina to change to a greenish color. Some of the heart medicines can make objects appear to be covered with blue, orange or brown snow, while mild tranquilizers sometimes cause double vision. The "Pill" can cause problems for wearers of contact lenses. Extreme near-sightedness and temporary loss of vision, rarely, but sometimes, result from other drug treatments. Close cooperation with your pharmacist and physician helps you avoid unpleasant side effects from the medications you take.

Operation Motorcide July 4 '79

The Texas Department of Public Safety will be on full alert with all uniform services on roads and highways in the state of Texas to control traffic during the Fourth of July Operation Motorcide 1979. This alert period will begin at 6 p.m. July 3rd, and continue through midnight July 4, 1979. During this time, highway activities are expected to increase. With this anticipation, the Department of Public Safety has estimated that 13 persons will lose their lives in traffic accidents. Operation Motorcide will last 30 hours, and each motorist will be responsible for himself and all others on the Texas

highways. This is a great responsibility placed on the individual driver at this time of highly congestive traffic. The responsible driver will be able to recognize the hazard, understand the defense, and act in time. This will entail recognition of the drinking driver, the tired driver, the speeding driver, and the wreckless driver. Understanding the defense will depend on such things as alertness, knowledge of the road rules, understanding of the physical forces that act upon moving vehicles, and capabilities of the motorist to handle 3000 pounds of moving metal under stress conditions. Acting in time

will be reflected in skillful maneuvering actions by the defensive driver.

The National Safety Council says that accidents occur when one or more conditions are not working properly. The condition of the vehicle can lay a definite part in preventing accidents. Bad breaks, poorly adjusted headlights, and old worn tires certainly contribute to motor vehicle accidents. The condition of light can cause accidents to occur unexpectedly when the bright sunlight shines directly on the driver's eyes. Keep in mind that your Texas Highway Patrol investigates more fatal accidents in the darkness than it does during daylight hours. The condition of the road will effect the safe driving ability of the motorist when warning signs in construction areas are not heeded. A mismarked striping on the pavement could easily be concealed factor in a head-on-crash. The condition of the weather definitely has a large bearing on accidents. When an automobile reaches 55 miles per hour on rainy, wet streets, it hydroplanes, and stopping distance is greatly increased. This is a cause of many crashes. The condition

of traffic is fluid with time. Daytime, at the rush hour in metropolitan complex is extremely hazardous, in the congested areas. Night time makes for sudden unexpected collisions at crossroads in the rural localities. The condition of the driver is the main source of maladjustment for most accidents in both rural and city driving. It is estimated that at least 50 percent of all fatal accidents involve a drinking driver. Those persons who operate motor vehicles for long periods of time without a rest period, develop "Highway Hypnosis". This condition is caused by fatigue and monotonous driving, allowing the mind to wander, in turn reduces alertness and reflexes.

The Fourth of July will produce many extra vehicles on the highways. From these added motorists come traffic snarles, and with traffic snarles come nervous tension and impatience. The best way to make a trip is to plan the trip well in advance. Always understand two things: If you leave late, plan on arriving later, and remember that the most dangerous mile you drive is the next mile ahead. These two maximums really mean: You can't make up time lost on the road by speeding, and only the defensive driver will survive in today's modern mode of transportation.

Major C. W. Bell, Regional Commander of the DPS's 60 counties said, "Defensive Driving is driving to prevent accidents in spite of the incorrect actions of others and adverse conditions". He cautioned the Texas motorist to wear seat belts at all times. The National Safety Council has statistics showing that a person has a five to one chance of surviving if he remains in the auto during violent crashes. These are much better odds than being thrown from the vehicle just before it rolls over you. The human body does not fair too well when that much weight (3000 pounds) is forced upon it under these rollover accidents. Remember, when a person is thrown from a rollover crash, such as can occur at almost any speed, that person will usually be thrown in the path of the vehicle.

Despite the fact that 13

persons are predicted to die in traffic accidents this Fourth of July on this state's highways, your Texas Department of Public Safety will do everything reasonable to help you, the Texas motorist, prevent an accident. If you are in need of directions, or have engine trouble, call upon the trooper on the road to give you assistance. That black and white patrol car can mean the difference between a safe, secure trip, and that of great physical loss in many cases. The Department has a motto of "Courtesy, Service, and Protection".

Major Bell summed up the situation by saying, "We in this Region hope to have the safest Fourth of July on record this year. The American public are the people this celebration is for, and what better way to celebrate than by keeping alive".

Farmer's stock tanks currently under study

COLLEGE STATION — People don't normally expect to find Ph.D.s out digging post-holes and stock tanks.

But that's exactly what Texas A&M University biologist Norman Dronen has done, and it's all part of an unusual study of lifeforms.

Dronen is conducting what is probably the most detailed examination ever of the small aquatic universe most ranchers and farmers in Texas have come to depend on — the stock tank. In time, the information gained may help producers.

Attend 4-H Teen Leader Lab-- Young leaders from Lynn County 4-H clubs participated in the District 2 4-H Teen Leader Lab. The three-day summer workshop was held last week at South Plains College in Levelland. Attending from Lynn County were, from left, Jim Cawman, Travis Mires, Perry Dunlap, Cara Monk and Billy Whitaker, Asst. County Extension Agent. Front Row from left, Marci Miller, Ben Edwards, Jubal Dunlap and Todd Pebbworth.

Area 4-H'ers Participate In District Horse Show

Four Lynn County 4-H Horse Club Members participated in the District 2 4-H Horse Show held June 26-27 in Lubbock. Those participating were Sissy Guin, Brenda

Barnett, Donette Hancock and Ben Edwards.

The event brings together 4-H club members from throughout the 20-county district to participate in 15 halter, showmanship and performance classes. Trophies and ribbons were presented to top exhibitors. The annual event was held

at the livestock pavilion of the Panhandle-South Plains Fairgrounds. Judging in showmanship and halter were held June 26 and the performance classes June 27. Twenty horses and exhibitors were qualified to participate in the State 4-H Horse Show to be held June 25-27 at Odessa.

Tahoka Chamber Of Commerce Business Of The Week

Phillip's Termite and Pest Control is the Chamber of Commerce business of the week. Pictured from left are Allen Elrod, service man, Larry Phillips, owner, and Wanda Elrod, secretary. The business is located at 2128 Main St. and has been open since July 1977. Phillips is licensed for all services in pest control, tree spraying, termite service, commercial and residential pest control. Phillips and his wife, Nancy, moved from Amarillo in 1977. They have two children, Lori, 5, and Amy, 2.

Ranchers benefitting from satellite study

COLLEGE STATION — A team of Texas A&M University scientists believe they have a profile of the average Texas rancher.

He is an older man. The average age is 45, with 30 percent 60 years or older. He's an educated man. Almost a third have college degrees and more than 68 percent have more than a high school education.

Usually, he doesn't wade in oil money or live off hunting leases. His ranching operation averages between 2,500 and 10,000 acres.

Those are some of the conclusions reached by a team of scientists led by Harold Chilton of Texas A&M's Industrial Economics Research Division and Dr. James Harlan of the Remote Sensing Center.

The scientists obtained the information by sending questionnaires to 3,600 ranchers and agribusiness people in the 115-mile-wide area from Quanah to Comstock.

The Texas A&M team is interested in Texas ranchers due in part to a National Aeronautics and Space Administration contract to utilize the information gathered by the space agency's Earth Resources Technology Satellite, or LANDSAT.

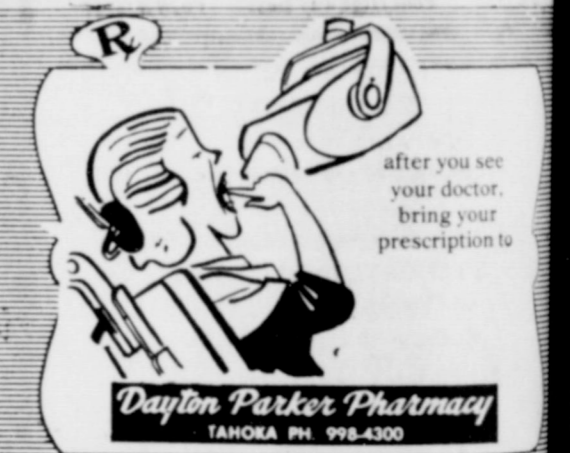

Chilton says once every 18 days, 520 miles above the Earth, the 2,100-pound package of electronic cameras sweeps over a 115-mile-wide area of West Texas rangelands. It is the Texas A&M Remote Sensing Center's job to convert this information from a computer image to something farmers and ranchers can use for their benefit.

A Visit With Your County Agent

By Stanley Young

Due to this year's high rainfall, sorghum cystitis could be a problem in horses grazing sorghum hybrids. Cases of sorghum cystitis frequently occur from June to November in the southwestern United States during periods of medium to high rainfall.

All equine breeds and ages are affected, with the majority being two and three-year-olds.

Affected horses have normally grazed hybrids of sorghum or Johnsongrass mixed with native pastures.

While sorghum cystitis usually results when horses graze young and rapidly-growing plants, mature and second-growth pastures may also cause the syndrome. Horses fed well-cured sor-

ghum hay generally aren't affected.

Incoordination of the rear legs is the first symptom of the problem, followed by uncontrolled urination. Urine may drip continually, becoming intensified if the animal moves suddenly.

In mares, the most obvious signs include opening and closing of the vulva and dribbling of urine. Hair may shed on the inner hind legs due to "urine scalding". Mares may also abort.

Geldings may show hair loss near the prepuce due to urine scalding.

Complete recoveries have not been reported. However, horses have improved after being removed from pasture and fed a balanced ration. Uncontrolled urination and loss of coordination have remained with some animals for three years.

Rescue Tool To Be Shown

Tahoka Volunteer Fire Department will have a demonstration of the Hurst Power Rescue Tool July 2 at the Tahoka fire station at 7:30 p.m.

"This could prove to be a valuable piece of equipment in case of a major accident. We would like for the people in Lynn County and surrounding area to see this tool in action," said VFD representative Jimmy McMillian.

In mares, the most obvious signs include opening and closing of the vulva and dribbling of urine. Hair may shed on the inner hind legs due to "urine scalding". Mares may also abort.

Geldings may show hair loss near the prepuce due to urine scalding.

Complete recoveries have not been reported. However, horses have improved after being removed from pasture and fed a balanced ration. Uncontrolled urination and loss of coordination have remained with some animals for three years.

DAMAGE-- This section of fence at the Barry Weaver home, 4th and Ave. R, was typical of fencing in Tahoka after last Saturday night's high winds caused widespread damage.

Implement Firm Joining Computerized Parts Plan

A computerized system designed to keep farm implement parts in stock at times has been adopted by Wade Implement Co. of

Tahoka, according to Hershel Wade, owner.

Wade said the firm has joined the International Harvester Parts Inventory

Management System known as SPIM. The computer is told when a part is sold and the part is automatically replenished, he said.

According to Wade, orders for parts needed for the next season, such as planting or harvesting, are also automatically prepared, "thus assuring that the farmer's needs are met before the next season." He said orders for cotton stripper parts now are being written.

"This new system makes use of our experience, it will make our new facilities more responsive to farmer needs, and makes it possible for us to draw on the nationwide inventory of IH so parts are available when needed," Wade said.

Rural women said untapped labor force

COLLEGE STATION — Rural women, roughly one-third of the female population, represent the greatest untapped labor force in America today, a study by a Texas A&M University sociologist shows.

While the resource is great, few women participate in jobs outside the home even though

many farm incomes are operating at or below the poverty level. Why don't they participate?

"You've got to have the opportunity first," explains the researcher, Dr. Elizabeth Maret. "There are just fewer job opportunities for women in rural areas and the jobs are relatively low paying."

Ms. Maret stresses that rural women represent a tremendous reserve of potential and, given the opportunities, could become a viable part of America's supply of labor.

Here's a tasty way to conserve energy...

Install a Gas Grill

They're on sale now!

Gas cooking outdoors is a tasty way to conserve energy. It keeps your cool indoors by taking cooking heat out. It doesn't put a strain on your air conditioning system, which saves on the amount of energy needed to cool your home. And gas cooking outdoors lets you cook full family meals, everything your indoor range or oven can cook, with that great outdoor flavor.

Gas grills from Pioneer are ruggedly built of heavy duty cast aluminum to resist rust and weather, and post mounted for stability. Quality

components from inside to out assure long lasting use and value. And parts, if ever needed, are readily available.

Get in on good fun, great taste and energy savings! Choose from five top quality models, and if you install now you'll save even more.

Ask any Pioneer employee.

Save \$50 if you buy before August 1, 1979.

Wilson News

By Marsha Chisum

Cindy and Christi Slone competed in the High Plains Kiwanis Track and Field Classic competition last Saturday at Dick Bivins Stadium in Amarillo. There were about 600 competitors in the meet. Cindy placed first in the 800 meter dash and second in the 400 dash. Christi placed 6th in the 440 relay, 7th in the 880 dash, and competed in the 100. The girls will run in Lubbock this Saturday in the state qualifiers meet for the divisions of 14 years and older. A first or second place

must be received in the event to qualify for the state meet to be held in Waco later in July.

Trisha Houchin, daughter of Mr. and Mrs. Gary Houchin, and Angela Morton, daughter of Mr. and Mrs. Don Morton, attended the Flying Queens Basketball Camp at Wayland College in Plainview this week.

Craig Morton, son of Mr. and Mrs. Don Morton, and Keith and Greg Spears, sons of Mrs. Joy Spears, attended the Gerald Myers Basketball Clinic at LCC in Lubbock this week.

The youth of the First Baptist Church of Wilson will attend the Youth Evangelism Conference in Ft. Worth this weekend. Seventh graders and older will be included in the group which will leave Wilson at noon on Friday and return Saturday night.

Members of the O'Daniel family who were present for the reunion were: Billy O'Daniel and son of Carlsbad, New Mexico; Gary Bearden of Arlington; Ranae, Kay and Michell Burns of Hobbs, New Mexico; Mr. and Mrs. George Burns of Hobbs; Sue Piegh of Cocoa, Florida; Mr. and Mrs. Pete Reeves of Quanah; Mr. and Mrs. Duane Reeves of Quanah; and Mr. and Mrs. Denver Redwine of Childress.

were: Mr. and Mrs. Woody Carpenter of Lubbock, and Mr. and Mrs. Carl Carpenter of Seattle, Washington. Grandchildren and their families who were at the reunion were: Mr. and Mrs. John Edwards, Nelta, Tommy, and grandson Troy Hall of Clear, Alaska; Mr. and Mrs. Mitch Raindl and Brent of Lubbock; Mr. and Mrs. C. W. Slone, Cherie, Cindy, and Christi of Wilson; Mr. and Mrs. Lloyd Slone, Keith, Bobby, Kyle, and Steven of Temple; Mr. and Mrs. Willie Cox and Penny of Lubbock; Lynn Stabeno of Slaton, Debbie Miller of Lubbock, Trent Sooter of Lubbock, and a sister-in-law Opal Dillard of Slaton. Troy Hall and Brent Raindl are Mrs. Carpenter's great-grandsons.

Two names were left out of the news last week who participated in the children's Fireman Track Meet in Lubbock. Bradley Mouser placed third in the bean bag throw and Cody Chisum placed first in the long jump, first in the bean bag throw, and third in the 50 yard dash.

Congressman

Charles W. Stenholm

WASHINGTON, D.C. — American foreign policy in Africa has often contained misconceptions and misunderstandings. Western civilization does not fully comprehend the tribal culture that pervades African society. Europeans colonized and exploited this continent during the 19th and early part of the 20th centuries. After World War II a wave of nationalism swept Africa and forced many European countries to abandon their former colonies. The move toward independence was sometimes rapid and when the colonists moved out, the permanent inhabitants were left with few leaders able to run a national economy. Rival factions in some countries clashed for power and violence erupted in several places. In 1961 a civil war in the Congo nearly forced a Soviet-

AID ELDERLY— These Lynn County Homemakers Service personnel served older persons who could not go through the line at the annual Old Settlers Reunion noon meal in the school cafeteria. From left are Mrs. Leo Dullin, coordinator, Naomi Altman, Geraldine Martin and Dixie Newsom. Not shown was Evelyn Burr, who had to leave early.

often in Africa there has not been a peaceful transition to majority rule. Human rights and fundamental liberties in many areas have proved an elusive concept.

We are now faced with one of the most sensitive issues confronting U.S.-African relations — whether or not to lift the economic sanctions

against the country of Zimbabwe-Rhodesia. These sanctions were imposed internationally after the United Nations Security Council designated the government there illegally formed. However on April 22, 1979, nearly two million Rhodesians (64% of the eligible voters) cast ballots for a new government. Based upon the information I have received and studied, I feel that the recent elections held in Zimbabwe-Rhodesia and the subsequent government, now installed, constitutes an adequate transition to the majority rule we all favor. In these elections, the balloting was secret,

there was genuine competition, and no political parties were barred from participation in the elections.

Though the present situation in Rhodesia may seem to remain somewhat "unfair," I feel that supporting this transition to democracy by lifting the sanctions is a better direction to take than to demand the continuation of sanctions on the proclaimed Marxist force called the Patriotic Front, an equal role in a new government. They refused to participate in the recent elections and seem to prefer the use of force to accomplish their goals.

Strike, Spare and Split — A Poet's Debut

by Jess Ganus

Former New Home resident is author of new book of poems.

Jess Ganus, former automotive electrician and service station operator in New Home, seeking a hobby for indoor entertainment after retirement, began writing poetry for fun — and challenge. The more than 100 poems were written over a period of six years. They are clean, easy to read, easy to understand. Author also started bowling two years ago and now has a firm 160 average. He knows the heartbreak of splits, and the elation of spares and strikes — hence the title combining the two hobbies. This limited edition (1,000 numbered books, hardback, 96 pages) sold only by the author at \$6.45, tax and postage paid. P. O. Box 3100; San Angelo, Texas 76901.
