Museum Drawing Many Vacationers

Though open for just two months, more than 350 visitors have signed the registration book as visitors to the Pioneer Museum, Tahoka Pioneer Museum, Annie Belle Stice, Tahoka, this week. Many visitors have failed to register, she said.

The surprising fact is the number of vacationers who have visited the museum. Nearly 100 out of town and many people have visited the place as have local visitors from at least 15 states and one foreign country have come from California, Colorado, New Mexico, Alaska, Kansas, New Jersey, Oklahoma, Arizona, Virginia, and the Union of South Africa.

Acquisition of displayable material has been coming in at a rapid rate recently. There are yet many gaps to be filled, Indian relics being one of them. A pioneer home is in the process of being installed by Mrs. Ivan Hart, and a peace pipe exhibit is being installed by Police Chief Miller.

Directors are attempting to make the Museum a place to the pioneers who lived in Lynn County. Pictures of many of the pioneers are still desired.

During the recent Pioneer Home, Mrs. Mozelle of San Angelo made a memorial gift honoring her parents, the late Mr. and Mrs. J. V. Dyer, who settled a few miles east of Tahoka in 1905.

The Museum is open each afternoon of the week except Saturday and Sunday. Local people especially are invited to visit the building and see the progress being made. Admission is free.

Music Events Planned Here
Starting July 28 there will be a musical event each fourth Saturday night at the Community Center in Tahoka, sponsored by Circle M Feed Store.

Sponsors said there would be no admission charge to those who want to come and listen. Country and bluegrass music will be featured, and persons who wish to join in playing also are invited.

WOODWORK
by dalton

THOSE WHO know me well are aware that I know much about things that grow in the ground, or at least about the process of growing them. The only kind of tree I recognize is a Christmas tree, which I can tell by the colored lights, and I can just barely tell cotton from turnip leaves.

My wife has a garden which I stay out of because I don't want to mess it up. We have an arrangement under which she does all the planting and gardening and harvesting and eating of the vegetables, and then I eat them. She does her part well and I take care of my end of things pretty well, too.

OLD TIME BLACKSMITH SHOP- This blacksmith shop in Tahoka Pioneer Museum has been restored by Bill Craig, local artist, and features a forge and pedal grinder donated by the Owens family, anvil and vise by N. E. Wood, drill press by R. C. and Eldon Carroll, wagon wheel by Jess Gurley, and other tools by these and also by Lewis Byrd, R. L. Craig and Bill, and old lumber for walls by Cleve Littlepage and Jack Miller. Craig also displays an old tack room with saddle, harness, etc., in an adjoining booth.

N. 5th Residents Due More Water Pressure

City councilmen Monday night took action to give temporary help to a group of residents on N. 5th who have had continuing problems of low water pressure.

Kenneth Turner presented a petition signed by about a dozen residents of the 1700-1800 blocks of N. 5th, complaining that water pressure is low at all times in that area. Councilmen agreed that something needed to be done now, although they noted that this problem and others of similar nature in the city should be taken care of when water and sewer improvements voted recently in a bond election here were made.

The council decided to install a temporary water line

Tahoka FFA Members Due Honor

Six Tahoka FFA members will receive Lone Star Farmer degrees at the state FFA convention in Lubbock July 11-13, chapter advisors Mike Reid and Danny Preston said this week.

Ronnie Craig, president of the chapter, is one of the six who will receive the degree, and he also has been chosen to receive a Santa Fe Education Award for 1979-80.

The Santa Fe award consists of a trip to the 1979 National FFA Convention Nov. 6-9 in Kansas City, Mo. Craig, who will be a senior this fall at Tahoka High School, is the son of Mr. and Mrs. Wayland Craig.

Other Tahoka members who are to receive the Lone Star Farmer degrees are Bill Cranford, Brad Hammonds, Bryan Harston, Rance House and Don Porterfield.

Mark Baker of Arlington, state FFA president, will preside at the Lubbock sessions which will include addresses by former state presidents Elvin Caraway and Fred McClure, who now is a law student at Baylor.

Friday morning the dele-

gates will hear Brian Hall, former Texas Tech football star kicker, and former Area 1 state vice president. The convention is expected to attract 5,000 delegates and members.

4-H'ers In Horse Show

Two 4-H'ers participated in the Borden County Horse Show, June 30 at Gail, Texas. These 4-H'ers were Ben Edwards from O'Donnell and Donette Hancock from New Home. Ben placed 2nd in western pleasure, 2nd in pole bending, 4th in barrel racing, 5th in halter regular gelding class, 6th in showmanship. Donette placed 3rd in western pleasure, 4th in reining and 6th in barrels.

Thefts, Disturbance Calls Investigated

Thefts, a burglary, auto accidents and several disturbance calls highlighted the last week of reports investigated by Tahoka Police Dept. At least five persons were charged in the county as a result of the disturbance calls Sunday, one of which involved a fight on S. 1st St., one a family altercation in the south part of town, and one a fight at a service station.

Watches, a jewelry box and several small items were stolen in a burglary at the home of Mrs. Dixie Newsom, 1828 S. 5th. And a 1974 Chevrolet pickup owned by C. D. Bradshaw was reported stolen Saturday morning from 1529 N. 6th. The pickup was found abandoned in Lubbock Saturday night.

On Thursday a 1974 Dodge driven by O. J. Stanley, Rt. 4, collided with a parked 1972 Oldsmobile owned by

driven by Woody McMillan of Tahoka struck a fire hydrant on Lockwood, causing a rupture of the water line and subsequent loss of water which took more than 12 hours to repair. The entire city was with little or no water pressure Friday morning and until the break was repaired about mid-afternoon Friday.

Rotary Installs New President Jim Solomon

Jim Solomon was installed as the new president of Tahoka Rotary Club Thursday night at the club's annual ladies night-installation meeting on the back yard lawn of the new Gerald Huffaker home. The new club year begins on July 1. Solomon succeeds Monte Dodson.

Also installed were Carl Reynolds as vice-president and two new directors, Jim Coulston and Frank Barrow, succeeding Clint Walker and Reynolds; and re-elected Johnny Wells as secretary and George McCracken as treasurer. Gerald Moore and Dr. Richard White are the holdover directors. Miss Connie Chambers is the new club sweetheart, succeeding Miss Robin Taylor.

Dr. J. Davis Armistead, 1979-'80 governor of the 573 district of Rotary International, was the installing officer. In his talk, Armistead

Governor's Veto Costly To County

Lynn County officials this week joined other county judges and commissioners over the state in expressing dismay over the veto of state assistance for county roads for fiscal 1981 by Gov. Bill Clements, and expressed hope that the funds can be restored in a special session of the legislature.

The money vetoed by the governor had been budgeted for use in keeping roads and bridges in good repair, and in Lynn County the loss will be more than \$32,000, according to county officials who said this would put a big strain on the 1980 county budget, because this money will not be received in September 1980 and the county tax rate and assessment ratio for 1980 already have been set.

"Gov. Clements' veto of this bill is certainly a blow to Lynn County as our commissioners are already in a bind with rising fuel and equipment repair costs," said County Judge Melvin Burks. "Unless a special session of the legislature replaces lateral road money, Lynn County will be faced a tax increase next year to recoup the loss caused by the veto."

Judge Burks said he would recommend to the commissioners court at the July 9 meeting that the court go on record requesting the governor to call a special session to consider the lateral road money for counties.

County officials pointed

praised the Tahoka Club as one of the best in Northwest Texas and for the outstanding leadership he said it has enjoyed over its 43 years.

The speaker emphasized the theme of International Rotary president Jim Bomar "service will light the way".

Solomon points out the Tahoka club has increased its membership the past two years from 42 to 54 members. He says better attendance and more emphasis on classification programs are goals for the coming year.

Prior to the installation program, a dinner was served to 85 members and wives in attendance.

out that under the state constitution the money affected by the veto cannot be transferred into the state general revenue fund anyway, so the money would just remain in the state treasury without being used.

The money normally used to repair roads in the counties comes from motor fuel tax, a portion of which is set aside by law for that purpose and no other, unless the legislature enacts a new law.

New Doctor Now Seeing Patients Here

Dr. Lawrence Jones, formerly of Alpine, has opened practice in Tahoka, family practice and obstetrics, with offices at the Lynn County Clinic.

A graduate of the University of Texas and Health Science Center in Dallas, Dr. Jones is a native of Terre Haute, Indiana. He has practiced in Nacogdoches, Texas, in Indiana and in Louisiana.

The addition of Dr. Jones makes a total of three physicians in Tahoka.

"We're very pleased to have Dr. Jones in Tahoka. With three good doctors here, we are now in a position to give even better medical service to the people of Lynn County," said Gerald Moore, Lynn County Hospital administrator.

Juan M. Ruiz, Rt. 4, on Piggly-Wiggly parking lot. Just before midnight Thursday a 1968 Cadillac

driven by Woody McMillan of Tahoka struck a fire hydrant on Lockwood, causing a rupture of the water line and subsequent loss of water which took more than 12 hours to repair. The entire city was with little or no water pressure Friday morning and until the break was repaired about mid-afternoon Friday.

AFTER THE FLOOD- City workers spent a trying time Thursday night and most of the day Friday attempting to stop the flood of water released after a vehicle struck a fire hydrant on Lockwood Thursday night, leaving much of the city with little or no water pressure and streets all downtown with little rivers next to sidewalks. Here Police Chief Jack Miller directs traffic during the work, which had a couple of men standing in a waterhole with water up to their shoulders.

On Saturday night officers were called to S. 7th and Ave. L where they found a juvenile Mexican male lying on the ground drunk and apparently beaten. The following night the same juvenile was found drunk lying on Piggly-Wiggly parking lot. He was turned over to juvenile authorities.

Police issued two tickets for contest of speed during the week.

A 16-year-old Tahoka girl who had been charged with theft of a car here was sent to a detention home at Brownwood this week for an indefinite term.

Sheriff's deputies and officers of the Alcoholic Beverage Commission Friday night arrested a 42-year-old man and his wife after a raid on a home in the south part of the county. Officers said 11 and a half cases of beer were confiscated. The man was charged with selling alcoholic beverages in a dry area and his wife was charged with possession of alcoholic beverages. Both were scheduled to appear before County Judge Melvin Burks Tuesday.

BORDEN DAVIS

YEARS OF SERVICE- Borden C. Davis of Tahoka has received a plaque honoring him for 50 years service as a funeral director in Texas, an honor which only 20 other persons ever have received. Davis, shown here with his plaque, has worked for various funeral homes in Tahoka since receiving his license in June 1929. The plaque was presented by the Texas Funeral Directors Assn.

Mrs. Lupe Resendez
nee Flora Antu

**Miss Antu, Mr. Resendez
Exchange Vows June 16**

Miss Flora Antu and Guadalupe Resendez were united in marriage on June 16 at 3 p.m. in the St. Jude Catholic Church. Father Pat Hoffmann of O'Donnell officiated.

Parents of the couple are Mr. and Mrs. Juan Antu and Mr. and Mrs. Guadalupe Resendez, all of Tahoka.

The bride's father presented her in marriage. Teresa Arellano of Tahoka played wedding selections.

Other attendants were Mr. and Mrs. Juan Calville; Richard Calvillo and Gerald Antu, brother of the bride served as altar boys.

The bride wore a full-length gown of lace and silk organza, fashioned in a demi-bell silhouette. The bodice was formfitted with a Victorian neckline to pedal

point sleeves. The teared ruffled skirt was fashioned with a cathedral trail. From her silk illusion veil a crystal and pear crown was attached. She carried a bouquet of carnations trimmed in ivy.

Mrs. Resendez is a 1979 graduate of Tahoka High School. Her husband is also a 79 graduate of THS and is employed at Piggly Wiggly in Snyder.

Following a reception hosted by the couples' parents, they went to Snyder where they will be living at 1918 Coleman Apartment 4. The groom will be attending Western Texas College (WTC) this fall.

Sherry Etheredge Says...

Juicy and succulent, cantaloupe is a great summertime cooler. In addition, half of one cantaloupe contains only 60 calories yet furnishes the entire day's supply of vitamins A and C for healthy gums, tissues and skin, and normal growth and vision.

SELECTION
Try the five-point test for good cantaloupe eating--which means, examining the netting, slip, color, firmness

NETTING
For peak flavor, the cantaloupe should be well netted. The netting is the raised, grey-brown pattern over the surface that stands out above the green or yellow skin color.

The best-eating melons have high, raised netting over some part of the surface.

And, it will not have large areas that are "slick" without any netting--except for the side that lay on the ground.

You may also see "stripes" of green or yellow--or in riper melons, even stripes of a brownish color.

SLIP
Look for a "full slip." This is a circular scar where the stem was detached when the ripe melon was picked.

A stem scar that retains part of the stem or has been gouged out of the melon indicates that the melon was not ripe when picked from the vine.

COLOR
A cantaloupe is usually at its tastiest when the skin color is yellow or turning yellow. Green color on a well-netted melon with full slip indicates that the melon is not ready to eat.

FIRMNESS
To check for firmness, squeeze the melon gently. You may need to use both hands to keep from bruising it.

If it yields a little, it is ripe. But avoid a really soft melon or one with large, soft bruises.

AROMA
Aroma may or may not be present. If it is present, and in combination with the other points for good cantaloupe eating, you can expect a tasty melon.

STORAGE
Store cantaloupes in the refrigerator in a closed plastic bag or container. The melon's odor is taken up by other foods if not stored in a closed container during refrigeration storage.

FREEZING
You may wish to freeze a few melon balls for later use while they are in peak season and at their lowest price. Use only top-quality fruit.

Cut into cubes or melon balls. Cover with a cold sugar syrup using two cups sugar to four cups water or pack in bags with no sugar. Expel as much air as possible from the bag, seal and freeze immediately.

When using frozen melon balls, serve them partially thawed, especially those frozen without sugar. Melon frozen in sugar syrup will maintain texture better and stay firmer after thawing.

Explorers Elect Leaders

On Thursday, the 28th, the Explorers held a regular monthly meeting. It was called to order at 8 p.m. We discussed and planned our one night campout that is coming up on July 7th, we also elected four crew leaders, these are Richard Cranford, Bill Cranford, Reggie House and Andra Draper.

The next night the officers and crew leaders held a meeting at Dustie Cook's house at 6 p.m. to discuss the swimming party and to plan our trip to Six Flags. We also divided the members into four groups, each of them are under a crew leader. The officers that attended were Dustie Cook, Terry Botkin, Jhoni Caswell and Cal Huffaker. The adult leaders were Pam and Ronny Vaughn and Carl Reynolds. Jhoni Caswell, reporter

Overman Is On Deans List

New Home native, Rodney C. Overman, has been named to the Dean's List for the spring, 1979 semester at The University of Texas at San Antonio.

He is a junior accounting major.

The 1972 graduate of New Home High School was also named to the Dean's List for the fall, 1978 semester.

The student is the son of Mrs. Ruby Overman, Route 1, Wilson.

The Dean's List recognizes undergraduate students who are enrolled for at least 12 hours of credit and who have achieved a grade-point average of 3.75 or higher on a 4-point scale.

Shop Tahoka First!

Swann Earns Law Degree

Tommy Javan Swann of Wilson was one of 196 law students graduated from the Texas Tech University School of Law this spring.

Swann received a Bachelor of Science from Texas Tech University in 1969. He graduated with honors.

Texas Tech University is one of the four major state university systems in the state and is made up of six colleges and two schools. They are the colleges of Agricultural Sciences, Arts and Sciences, Business Administration, Education, Engineering and Home Economics, and the Law School and Graduate School.

Longterm enrollment is more than 22,500 students.

Piper Foster

Tahoka Girl Is FHA Delegate

Piper Foster, junior at Tahoka High School, will be one of the 195 Texas delegates attending the 1979 Future Homemakers of America (FHA/HERO) National Youth Leadership Meeting, July 9-12, at the Washington Hilton Hotel in Washington, D.C. Representing more than 65,000 members of the Texas FHA Association, she will be among approximately 2,000 delegates throughout the nation attending the four-day conference.

Planned to correlate with the theme "Future Unknown - Dare to Determine Your Own," the meeting's objective is to help Future Homemakers explore their future and the future of the family. Convention delegates will participate in sessions focusing on the future and how one plans for it, and resources and aids to chapter planning. They will visit their congressmen at the Capitol and other governmental and educational agencies.

Piper is the area vice-president in charge of encounter and in the local FHA chapter is the vice president in charge of recreation.

Wilson News

By Marsha Chisum

Roy Lynn and Joyce Kahlich returned recently from Montreal, Canada where they attended the Lion's International Convention. There were approximately 60,000 Lion members at the convention. Ebb Grindstaff of Ballinger was elected 3rd Vice President which will entitle him to be president in 4 years.

The Kahlich's were gone 10 days and briefly visited Quebec City and Ontario. They said they were really impressed with the beauty and cleanliness of Montreal.

Six young people from the First Baptist Church of Wilson attended the Youth Evangelism Conference in Ft. Worth last weekend. Those attending were: Randy Hobbs, Ricky Kahlich, David Cook, Jay Ross, Waynell Little, and Tracy Bartley. The group was sponsored by Brother Phil McDonald, his wife Linda, and Mr. and Mrs. Rex Little.

Coach Don Morton's Little League team has a 3-1 record with 6 remaining games in the season. The players are: Jason Bartley, Adam Vaca,

Tahoka Netter Wins Tourney

A Tahoka housewife teamed up with a Big Spring player and pulled off a big upset tennis victory over two Texas Tech players at the Levelland tennis tournament last weekend, then went on to win the championship in the women's doubles.

Mrs. Larry (Doris) Pollard of Tahoka and Sherry Walker of Big Spring upset the top-seeded Tech duo, which included Debbie Donley, a member of the Tech tennis team, 6-2, 7-5 in the semifinals. Pollard and Walker then beat the Lubbock team of Susan Adams and Cathy Quest in the finals 7-6, 6-0.

Mrs. Pollard teamed with Mike Williamson of Tahoka in mixed doubles and they did very well in that division also, losing in the finals to Mrs. Walker and Carlos Byrd, 6-2, 7-6.

Stork Market

Born to Mr. and Mrs. Waymouth Roberts of Tahoka, a girl, Amanda Faye, weighing 6 pounds at 4:50 p.m. Friday at Health Science Center Hospital in Lubbock.

Grandparents are Mr. and Mrs. C. W. Roberts of Tahoka, and Mr. and Mrs. Josh McCurdy of Granite, Okla.

Congratulations to Mr. and Mrs. Tol Thomas of Seagraves on the birth of a son, Toliver Johnson, on June 30 at 3:54 p.m. in Methodist Hospital, Lubbock, weighing 9 lbs. 1 oz.

Maternal grandparents are Mr. and Mrs. Ray Adams, and paternal grandparents are Mr. and Mrs. Wayne Thomas of Post.

Great grandparents are Mr. and Mrs. Willis Pennington, and Mrs. P. D. Adams; Mrs. L. G. Thuet of Post.

Jon Stone, Jennifer Ross, Dusty Hart and Kenda Chisum.

†††
The TAAF Track and Field Meet was held at the Coronado High School track Saturday in Lubbock. Cindy Slone placed 2nd in the 800 meter dash and 1st in the 400 meter dash enabling her to compete in both events at the State Meet in Waco July 27 and 28. Cindy will run at Berger this Saturday in the first step towards qualifying for the Nationals.

Christi Slone also competed in Lubbock Saturday. She placed 5th in the 880 and ran on the Lubbock Striders 440 Relay team.

PASS UP FIREWORKS AT HOME

Everyone knows jumping out of windows can be dangerous and everyone keeps poisonous substances under lock and key (we hope). But what about fireworks? Many people ignore warnings and think they'll have some fun. Sometimes it's the last thing they ever do think.

If you want to celebrate the fourth in an explosive way, attend a public fireworks display rather than detonating your own. Fireworks aren't toys. Don't wait 'til it's too late to find this out. We value your health and do all we can to help you keep it. Please give us the chance.

A GREAT MANY PEOPLE ENTRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy?

back injury suffered several weeks ago.

Mrs. Ina Slover returned home Saturday from De Ridder, La., where she traveled by plane to spend two weeks with her son, Steve Slover, his wife Frances and two sons, 14 year old Shawn and 11 year old Wesley.

We drove to Snyder Saturday to visit with Wayland, Ann, Scott and Bryan Walton and Chris Oliver. Other members of our family having dinner with us there were Jack Inman, Snyder, Richard, Marta and Kathy Hanks, Ira, Alvin, Liz, Zane and Wesley Neely, Wink.

Mrs. Charles Ridley and Amanda went to Midland Friday to visit Granny Hoppy. Evelyn returned home Saturday, Amanda stayed for a longer visit.

Mr. H. C. Hemmeline remains in Highland Hospital but is reported making good recovery from surgery Friday June 22, to repair a badly broken hip. Their daughter, Peggy and her daughters, Robin and Syd of Harrold, Tx., are here this week. Royce and Jewel Dean of Denver City have been with his family and at his father's bedside.

Mr. and Mrs. Bob Parker vacationed a week in La Fayette, La., with friends Mr. and Mrs. Paul Boyd and with Vada's niece, Mrs. Bobbie Pete and family in Corpus Christi.

Mr. and Mrs. Leroy Nettles spent Friday night in Sweetwater with the McClungs going on to Eastland to visit her brother, Preston McWhorter and his wife.

Mr. and Mrs. O. S. Davis and Cletus of Willows, Oklahoma spent the weekend with their son and brother, Doug Davis and family and attended morning services in the New Home Baptist Church.

Mrs. M. P. Harmonson's brother Henry Perry remains in the Highland Hospital after surgery two weeks ago. His condition is poor.

Mr. and Mrs. Bob Parker visited in Welch Sunday with his sister, Mrs. Arvil Hughlett and family and attended morning services in the Welch Methodist church.

Mr. and Mrs. John Edwards returned home Saturday after a weeks vacation at Lake City, Colo. Mr. and Mrs. Joe Downey and their grandchildren of Wilson visited with them there and with Glen, Ann, and Angie Grey who were there.

Rev. Oscar Newell who has been interim pastor for several months at the Lakeview Baptist Church has accepted the pastorate there. He and his wife Mary will continue living in Lubbock for the present time.

Thurl Swinson returned home Tuesday from St. Mary's Hospital, and is doing good.

Our sister-in-law, Mrs.

John (Vera) Inman of Abilene is in Methodist Hospital where she is to undergo open heart surgery Tuesday.

Legal Notice

PUBLIC NOTICE CITY OF TAHOKA COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM

The City of Tahoka's application for Community Development Block Grant funds in the amount of \$500,000 was accepted for processing by the U.S. Department of Housing and Urban Development on July 2, 1979.

In accordance with Section 570.300 (b) of the Consolidated Community Development Block Grant regulations, this application is available for inspection at the Tahoka City Hall. Handicapped individuals who may have difficulty in getting to City Hall should contact the City Hall to make appropriate arrangements to review the City's application.

Persons who have objections to the City's CDBG application should submit details of these objections to the Dallas HUD Area Office: 2001 Bryan Tower, Dallas, Texas 75201. HUD will only consider objections on the following basis: (1) The City has incorrectly described its needs and objectives; (2) the proposed project is inappropriate to meeting the City's needs and objectives; or (3) the City's application does not comply with CDBG regulations. All objections must be submitted within 30 days of this notice.

For further information, contact the Tahoka City Hall at 998-4211.

32 Teams Take Part In Member-Guest Golf

T-Bar Country Club Men's Member-Guest Partnership held June 30 and July 1 had a full 32 teams to participate. Harold Gene Franklin was closest to the pin on #3 Saturday after teeing off a bedspring. Martin Warren was closest to the pin on #3 Sunday. He received a portable color TV donated by Taylor Tractor and Equip. of Tahoka, Wayland Taylor Inc. of O'Donnell, and O'Donnell Oil and Butane of O'Donnell.

Also on Sunday closest to the pin on #7 was Robert Draper. He received a 24 carat golf putter donated by McCord Motor Co.

Flight results are as follows:
Championship:
1st place, Tommy Sterling and guest Avey McBride (133).
2nd place Willis McNeil and guest Jerry Thuett (135) won playoff.
3rd place Jimmy Bragg and guest Pete Edwards (135).

First Flight:
1st place Martin Warren and guest Burle Pigg (140) won playoff.
2nd place Jerry Brown and guest Chester Weaver (140).
3rd place Arlys Askew and guest Carl Hoge (142).

Second Flight:
1st place Eldon Carroll and guest Jock Brownfield (147) won playoff.
2nd place John Curry and guest Robbie Gill (147).
3rd place Bruce Franklin and guest Charlie McAuley Jr. (149).

Third Flight:
1st place Charlie Louder and guest Charlie McAuley

EARLY-DAY GETUP-- Mrs. Cordie Swann was all decked out in bonnet and long dress, the style of the pioneers, at the annual Lynn County Old Settlers Reunion in Tahoka Saturday.

ANNOUNCING

EFFECTIVE JULY 1...

- ★ New 4-Year Money Market Certificates Now Are Available At First National Bank Of Tahoka
- ★ Interest On Passbook Savings Accounts Also Has Been Increased

*Regular 6-month Money Market Certificate and other savings plans also are still available.

Maximum interest for the new 4-Year Money Market Certificate is one and one quarter percent below the average 4-year yield for United States Treasury securities. Interest rate is set the first day of every month by the U.S. Treasury Department and is guaranteed for the full life of the certificate. These certificates require a one thousand dollar minimum with a 4-year maturity date. For current rates, call Katherine Moore in our Savings Department. Law requires an interest penalty for early withdrawal.

"Helping You Change Things For The Better"

Small Texas towns still alive today

COLLEGE STATION — Once depicted as an endangered species, the small Texas town is now very much alive and well, according to Dr. Robert Skrabanek, a demographer with the Texas Real Estate Research Center at Texas A&M University.

Between 1970 and 1975, three-fourths of all Texas towns with 100 to 500 inhabitants recorded population increases, he said. Of the 268 of this size, 194 had population gains. Only 74 had losses.

Skrabanek sees no end to the move to the country in the near future. He cites crime, pollution, congestion, drugs, delinquency and other related problems as reasons for dissatisfaction with big cities.

A Visit With Your County Agent

By Stanley Young

Control Spider Mites In Gardens

Spider mites, or red spiders, are probably the most difficult pests to control in vegetable gardens. With hot dry weather approaching, gardeners should be on the lookout for this pest by checking the underside of plant leaves.

Although spider mites will attack almost any plant, among their preferred hosts are beans, tomatoes, peas, eggplants and corn.

Actually, spider mites are not insects but are eight-legged relatives of ticks and spiders. Their small size, about 1/60 of an inch, makes them difficult to see without a magnifying lens. They range in color from red, green and yellow to white and brown. Spider mites deposit their eggs on the underside of leaves. These hatch in about five days.

There may be 10 to 15 or more generations per year.

Mites can cause considerable plant damage by sticking their needle-like mouthparts into leaf tissue and sucking out the juice while injecting a toxic substance into the leaf. Heavy infestations will cause leaves to appear blotched or spotted, turn pale or yellowish in color, curl up, turn brown and eventually drop off. A thin webbing may cover leaves and stems.

Begin a control program as soon as spider mites are detected and before plant damage is obvious. A light infestation of spider mites can be reduced and kept at low levels by spraying plants with a strong stream of cool water every few days.

If chemicals must be used, select from such effective materials as Kelthane, diazinon and malathion. Two

to four applications may be needed at five-day intervals. Always follow directions on the pesticide label.

Fleas! Fleas! Fleas!

Fleas are everywhere this spring due to prolonged cool, wet conditions.

Flea problems are widespread on pets, in homes and in home landscapes. And a dedicated effort is necessary to get rid of flea infestations.

Fleas are blood feeders in the adult stage and can become a health problem in the immature stage, fleas feed on organic matters in the soil. The larvae worm stage of the flea hatches from a small egg into a pearly white worm about 1/16 of an inch long. Fleas produce a new generation every two weeks to two months, depending on weather conditions.

Successful control procedures must include both population reduction and continuing preventive measures. This two-phase control program must include good sanitation and chemical applications as follows:

1. Chemical control of adult fleas on pets and in and around the home is the first order of business. This all must take place at the same time. Wash pets with a medicated soap or dust them with an approved flea preparation. Extend residual kill with a flea collar. It may be desirable to contact a licensed exterminator to treat infested carpets. Use Propoxor (Baygon), for spot sprays in the home. Use ronnel as an area spray.

2. Treat infested yard areas with carbaryl (Sevin), propoxor (Baygon), ronnel or diazinon. Be sure not to contaminate food stuff or pet feed.

3. Give special attention to treating resting or bedding areas used by pets. Replace old bedding material.

4. To rid fleas from the home, begin with a good cleaning before applying insecticides. Vacuum carpets and remove any debris from cracks and crevices. Be sure to properly discard trash

collected in the vacuuming process.

5. Retreatment of infested premises is extremely important to keep fleas under control. Retreat at 10-14 day intervals until flea problems have been eliminated. A thorough effort will reduce the number of treatments required.

As with all chemical, remember the importance of reading and following label directions.

ASCS News

Certification of Crops - July 16 is the final date to certify crops for 1979. As of this date very few have been in to certify. If you are where you can let me encourage you to come on in and certify and miss the rush that will be as we get closer to the final date. You need to be as accurate as possible. If you miss acres by more and the larger of 1.0 acre or 5% a penalty will be assessed but if by more than the larger of 2.0 acres or 10% the farm is out of compliance and no program benefits may be received.

All farms in all counties in which you have an interest must be certified even if no NCA crops are planted on that farm. Failure to certify any farm makes you ineligible to participate on all of your farms.

Failed Cotton - If you have lost any cotton due to a natural disaster, and to be eligible to draw any kind of disaster payments, you must certify all cotton acres planted. You then must file and give the acres that have failed before destroying what is left of the crop. An appraisal must be made before another crop can be planted to those acres.

Low Yield Wheat - If your wheat is low yield, you must file an application for low yield and bring in a statement of production from the elevator within 15 days after completion of harvest. Even if the wheat is not low yield, you should bring in your production so it can be used for providing the yield

in future years. If you have failed wheat acres you must file on these acres before destroying the crop evidence.

New Hours for FmHA - The Lynn County FmHA office has new hours. They re-open to the public 9 to 12 and

1 to 5 Monday thru Friday. The new hours will begin July 2.

Eligibility for participating in all programs administered by the ASCS is established under law without regard to race, color, creed, sex, or national origin.

Billy Whitaker

Assistant County Extension Agent

Says...

4-H Shooting Sports - A 'For Life' Activity

4-H Shooting Sports involves youth in more than half of Texas' 254 counties--and it's teaching them a lifetime activity.

With Texas the leader in this new 4-H project, the two-year-old program is catching on nationwide, and other states are looking to the Lone Star State for guidelines.

Special training for volun-

4-H'ers In Dist. Fashion Revue

4-H members from Lynn County will model their own fashions in this year's District 24-H Fashion Revue Friday, July 6, at Texas Tech University in Lubbock.

Members from 4-H Clubs in 20 South Plains counties will compete for honors and the right to represent the district in state competition.

The theme for this year's event is "Fashion Fever". The contest and revue will be held in the Home Economics Building at Tech.

Representing Lynn County will be Sr. Rajeania House; Jr. Il Marla Huffaker; and Jr. I, Patricia Davis.

Already these entrants have won in county competition. Contestants are judged on their sewing and construction skills, overall appearance, modeling abilities and their 4-H record books.

Contestants in the district competition will register at the Tech Home Economics Building at 2 p.m. Judging will begin at 2:30 p.m. At 5:30 p.m., participants and their parents will be guests of Plains Co-op Oil Mill at a dinner in the University Center ballroom.

The contestants will model their fashions in a revue at 7 p.m. in the home economics auditorium. The revue is open to the public.

In addition to naming the top seniors who will compete in the State 4-H Fashion Revue this September in Waco, awards also will go to the contestants making the best all-cotton outfit and the best all-wool/mohair garment, and those having the best record books.

Two junior level contests will be staged at the same time as senior competition. These younger 4-H members, ages 9-11 and 12-14, will not compete beyond the district level.

Awards to the participants will be presented by the Plains Co-op Oil Mill.

PARKER PHARMACY

If you're taking medicine and your eyes begin to look peculiar or if you begin to see unusual colors, tell your doctor. A report was recently released informing doctors that some drugs may affect the eyes in strange ways. Vitamin A, in excessive amounts can cause eyes to turn yellowish, and excessive amounts of nonaspirin painkillers may cause vision problems and sometimes cause blood vessels of the retina to change to a greenish color. Some of the heart medicines can make objects appear to be covered with blue, orange or brown snow, while mild tranquilizers sometimes cause double vision. The "Pill" can cause problems for wearers of contact lenses. Extreme nearsightedness and temporary loss of vision, rarely, but sometimes, result from other drug treatments. Close cooperation with your pharmacist and physician helps you avoid unpleasant side effects from the medications you take.

teer leaders, a focus area of the Texas program, gives the new project its strength and popularity among other states.

Four advisory groups provide expertise for the program. They include the National Rifle Association, Texas State Rifle Association, Texas Skeet Shooters Association and Amateur Trap Shooters Association.

Through their help, training programs have been established that combine complete information and "learn-by-doing" teaching methods.

Special training for volunteers, with the help of the four advisory groups, usually is conducted at the Texas 4-H Center near Brownwood.

Beside learning technical knowhow in shooting sports, youth get four "extras" from the 4-H program. The project teaches responsibility and encourages family unity--a major 4-H goal. It's a project in which all family members can participate, and it's a lifetime sport--one you can pursue even in older years.

So, for an exciting as well as self-satisfying project 4-H'ers are encouraged to join in shooting sports for an activity that will last for life.

COTTON TODAY

NATIONAL COTTON COUNCIL

Rail Bill Pitfalls Hit: National Cotton Council President Hoke Leggett recently told a Senate committee the cotton industry is concerned about inadequate rate and service protection in a railroad deregulation bill. Rate stability, he said, is essential to orderly cotton marketing, and the rails' free rein to change rates without adequate notice would ultimately hurt producer prices.

Leggett also told the Senate the cotton industry opposes the proposed loss of ICC power to set joint-line rates. Commodity shippers would be forced to negotiate rates with each line participating in a multiple-line shipment if the present bill passes. He urged the committee to withhold a final decision until the Presidential Rural Transportation Advisory Task Force completes its final recommendations in January, 1980.

Cotton Research Funds: U. S. House of Representatives has passed the Agriculture Appropriations Bill. It restores nearly \$1.6 million in cotton research funds which had been deleted in the President's budget request. The Senate has a similar bill under consideration.

Fuel Watch Urged: Following the termination of the agriculture priority for diesel fuel, National Cotton Council President Hoke Leggett stated: "Certainly we recognize the widespread problems caused by the growing fuel shortage. However, it must also be recognized that an adequate and dependable supply of diesel fuel is absolutely essential for full food and fiber production."

He urged that any suspension or modification in agricultural priority be only temporary and that agriculture's fuel supplies continue to be closely monitored. As conditions warrant, agriculture priority should be

immediately re-implemented to prevent any delay in harvesting this year's crops, including cotton, he stated.

Cotton Exports Rise: Exports of 131,800 running bales during the week ended June 10 brought the season's total to 5,109,800 compared with 4,417,500 a year ago. The week's new sales of 18,300 bales pushed total commitments for the current marketing year to 6,807,700 compared with 6,439,700 year ago. New sales of 52,800 running bales for 1979-80 delivery brought the total to 1,735,300 thus far.

And Cotton Yesterday: In 1949 Texas cotton farmers produced a record cotton crop--six million bales.

Pick up meat and poultry last at the supermarket.

Have the clerk package them together so they stay colder longer, suggests a consumer marketing information specialist.

Take them straight home and store immediately, says Gwendolyn Clyatt with the Texas Agriculture Extension Service, The Texas A&M University System.

When Charcoal cooking outside, never "freshen up" a fire by pouring a combustible liquid over smoldering coals.

Instead, moisten a few pieces of charcoal separately with lighter fluid, then carefully add them to the

grill, recommends Claude Kerbel, a consumer information specialist with the Texas Agriculture Extension Service, The Texas A&M University System.

To prevent puckering of home-sewn permanent press garments when they are washed and dried, remember to preshrink zipper, tape and any interfacing used, says Nancy Brown with the Texas Agricultural Extension Service, The Texas A&M University System.

Working with cotton-ester polyester thread is helpful because it gives the fabric, points out the clothing specialist.
