10 PAGES IN 1 SECTION

CARNIVAL TIME- Tahoka Lions Club is sponsoring a carnival through Saturday night near the Tahoka Swimming pool, with funds to aid the lions in community and other service projects. At left the back side of the Ferris wheel makes a starlike pattern against the sky. At right, Lions

President Robble Roberson is shown with Lions Club Sweetheart Amy McNeil as the Tahoka High School senior prepares to toss the volleyball in the Lions Club booth. Miss McNeil, 17, is the daughter of Mr. and Mrs. Willis McNeil.

Newmoore Box Is Reinstated

Lynn County Commissioners Court Monday voted to buy a new car for the sheriff's office, agreed to take part in a juvenile detention center operation at Lubbock next year, reinstated a voting box at Newmoore and set a public hearing on proposed use of

revenue sharing funds for next year.

For the sheriff's office, the commissioners voted to accept the low bid of Bray Chevrolet Co. on an Impala Chevrolet at a price of \$5169 equipped according to specifications in the bid notice. The bid was about \$850 less

than the other bid received from McCord Motor Co., which bid on an Oldsmobile. Main difference in the bids, it was noted, was that the Oldsmobile included extra equipment not specified by the county, but had been submitted because the company had one in stock, according to commissioners.

Vote on the sheriff's car, to be paid for out of revenue sharing funds, was unanimous by the three commissioners present, Ed Stone, E. R. Blakney and J. C. Gandy. Commissioner Bart Anderson was absent because of illness.

Revenue Funds

A public hearing on the proposed use of \$77,385 of expected revenue sharing funds next year is scheduled for the next regular meeting of the commissioners July 23. County Judge Melvin Burks observed that much of the money already has been allocated for such items as the sheriff's car, and that another \$32,000 may be needed for the precinct road and bridge funds unless money taken away from the county road repair funds by a gubernatorial veto is restored in a special session of the legislature.

Commissioners went on record as requesting that the precinct funds be restored in any special session which may be called.

Thirty-two registered voters in the Newmoore area petitioned for reinstatement of a voting box there, and the commissioners agreed to do this.

Cost To County

The contract with the Lubbock juvenile detention center would require Lynn County to pay \$1,288 each six months for use of a bed half the time, or the equivalent thereof during the period. Commissioners voted to accept the contract on the recommendation of Judge Burks, who said that further approval of the Lynn County jail as a juvenile detention facility likely would be difficult to obtain. He also said that at present the county sometimes does not jail juveniles because of lack of facilities.

The Lubbock facility is expected to be completed by late summer next year. Counties other than Lynn also are expected to participate on the same basis as agreed here Monday.

The county also endorsed the Comprehensive Education Training Act (CETA) program operated by the South Plains Community Action agency at no cost to the county.

Confusion On School Tax Exemptions Is Reported

Some confusion among the taxpayers as to how much exemption a person may claim on school taxes if he or she is 65 or over has been reported by Tahoka Independent School District officials. The tax office this week announced that the date for signing up for the various exemptions has been extended to July 20.

\$5,000 homestead exemption or the \$15,000 exemption must reapply every year or lose it.

Officers Check On Thefts

Sheriff's officers and Tahoka city policemen investigated a few thefts and some minor incidents during the week, but for the most part, activity on the crime front was subdued.

Tools were reported stolen from a tractor belonging to Junior Meeks over the weekend, as the tractor was in a field southeast of town.

The sheriff's office also continued investigation into theft of a large quantity of irrigation pipe on June 28. Twenty-two joints of 4-inch pipe, 30-feet long, were stolen in the north part of the county, just at the Lubbock County line. The pipe was stolen from Freddie Keith.

An evaporative air conditioner was stolen from the window of a vacant house owned by L. C. Unfred over the weekend. The house is two miles south of Lakeview and a quarter of a mile east.

City officers investigated a wreck at S. 1st and Ave. L Tuesday. A 1976 Oldsmobile driven by Linda Morales Vasquez and a 1972 Pontiac driven by Leonardo Aleman collided. Both drivers are Tahoka residents.

Two cases of soft drinks were reported stolen from a storage building near Jif-E-Mart, and vandalism to the building, with glass broken, also was reported over the weekend.

Police broke up a fight in the street on the downtown square about 3:30 a.m. Monday. No charges were filed.

WOODWORK

by dalton

LAST WEDNESDAY was a national holiday, and everybody relaxed the way I did, most of them probably haven't recovered from it yet.

First of all, I played six sets of tennis, starting at 7 a.m., and by the time I finished that, it was about 10 a.m., and plenty hot to be stumbling around out in the sun chasing little yellow balls.

Really didn't intend to play that much, but after I finished the three sets I had planned, some men came out to me as I was leaving the courts that needed a fourth for doubles. So I played three more sets, and by then I had enjoyed about as much of the game as I could stand for one day.

After that we went out to the park in Slaton for the Fourth shindig. I ate two burgers, drank two cokes, ate two cups of ice cream, potato chips and talked to 139 people who asked me what I was doing back in Slaton and how come I wasn't over at home where I belonged.

Explained that Tahoka doesn't have any July Fourth picnics, and I was sorry I was still in Slaton, but I'd never let it happen again, and besides we lived in Slaton because the Federal Housing Administration doesn't like me and wouldn't let me move into our new home in Tahoka.

At mid-afternoon I came back to Tahoka, because I supposed to go to Stanton to visit some folks at 5 p.m. and play something we call music. I decided to stop by O'Donnell and take some presents at the Fourth of July celebration there, but I was reading the Lynn County News again, I discovered things didn't start happening over at Stanton until 6:30 p.m. that day. A little late, too, because I had planned to buy some ice cream if any were available.

Finally I made it to Stanton and we made more or less harmonious noises until about midnight. It was 2 a.m. before I got home. My feet hurt and my legs weighed 37 pounds. If it had been a two-day holiday, I never would have survived it.

COURSE, I know of some folks who did even more strenuous things than I did on the Fourth of July. Some people from Tahoka ran in the footraces on the townfield, one mile to 10 miles. No fooling, they really did, and one youngster from here, Jim Brown, even won a ribbon in his division and is to be congratulated and greatly admired. It's quite an accomplishment to place fourth in such a race. Of course, you expect young people to be able to do things like that, but there were some folks from the far side of 30 who entered the 3-mile and 10-mile races, too.

I can't imagine anyone running 10 miles on the townfield. I don't think I could run more than 100 yards unless Godzilla were after me.

If I had entered a 10-mile race on July 4, I probably would have finished before Tuesday

Wind, Hail Hit Area Monday

Rain, hail and high winds late Monday evening left some damage to crops and gardens over parts of Lynn County and to some property in North and East Tahoka.

Crop damage is not believed to have been too severe except on a few individual fields. Most of the hail was large stones which did limit damage to young cotton north, northeast and southeast of Tahoka, in town, and at Wilson. Principal damage in Tahoka was to gardens. A very high wind that lasted only a short time, did some property damage.

Some damage to buildings and trees was reported in town. A plate glass window at Wade Implement was broken when a cotton trailer was launched from across U.S. 380 by the high wind, smashing into the Wade building.

Tahoka was in the edge of the mild storm. Up to .25 to .75 inch of rain was reported in east and North Tahoka, while in extreme west Tahoka there was not even a sprinkle.

A half inch or more of rain fell in the Wilson, New Lynn, and Grassland areas, and to the north of Tahoka, while up to an inch or more was reported in the Six Mile Station area east of Tahoka.

Tahoka weather observer reported .33 of an inch total beginning the evening of July 4th, bringing the year's total to 12.27 inches.

Although late, most cotton, except in sand burned

areas, is reported to be growing off rapidly, and prospects at this stage are very good barring an unusually early fall.

Museum Soon To Be Open On Sundays

The Pioneer Museum will start opening on Sunday afternoons starting Aug. 5, with volunteers to keep the museum open from 1 p.m. to 5 p.m. each Sunday, it was announced this week.

More volunteer help is needed to keep the museum open on Sundays, and any organizations or individuals interested in helping do this are asked to contact Dr. K. R. Durham.

The display of an old-time kitchen will be completed soon and Mrs. Clint Walker is planning to set an old-time doctor's office, it was reported.

Regular museum hours are Mondays from 1 to 5 p.m., and other weekdays from noon to 5 p.m., except Saturday, when the museum is closed.

Citywide Cleanup Campaign Planned

A citywide cleanup campaign during the week of July 23-27, Monday through Friday, is being sponsored by the beautification committee of the Tahoka Chamber of Commerce.

During the week, the city will make special pickup of trash and items which should not be placed in dumpsters or normally would not be picked up. These include tree limbs, pieces of junk, and other such things which could damage the trash compactor.

When someone needs a pickup of

such articles, he should call the city hall during the cleanup week, according to Winston Wharton, beautification committee chairman.

Also serving on the chamber committee are Larry Phillips and Ronald Roberts.

"We'd like to see everyone take pride in the town and help make both the business and residential areas look better," said Wharton, urging a special effort to spruce up the city.

STORM BREAKS THINGS-- Briefly violent high winds struck the east side of Tahoka Monday evening, causing damage, and there also was some hail damage in that part of the city to gardens and other plants. Above left, Janie Ramirez stands by her car in what was her

garage in the southeast part of town, near the end of Ave. E. The wind lifted the shed roof off the car, then deposited it on top of the front of the vehicle. At right Hershel Wade of Wade Implement Co., right, still can smile after a trailer blew across U.S. 380 and smashed a plate glass window in the implement company building.

Auxiliary To Host Reception

We, the members of the Lynn County Hospital Auxiliary would like to invite the people of Lynn county to an introduction reception for the doctors of Lynn County Clinic. We now have three doctors and we would like for you to have a chance to meet these men. The reception will be held at the First National Bank Party Room from 3 to 5 on July 15, 1979.

Chamber Breakfast

The Chamber of Commerce breakfast will be Tuesday, July 17 at 7 a.m. in the Tahoka Cafeteria.

Although there is no cure for high blood pressure, it is a controllable disease.

If you are on medication for hypertension, be sure to take the medication regularly, urges Carla Shearer, a health education specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

LONG GASOLINE LINES in many of Texas' larger cities have meant headaches for motorists, but they have also caused problems for Texas Department of Agriculture weights and measures inspectors, whose job it is to see that all pumps in the state are dispensing gas accurately.

According to Agriculture Commissioner Reagan V. Brown, inspections are conducted by dispensing gasoline into calibrated five-gallon measuring cans. This reveals whether a pump is giving more or less than the amount indicated, or whether it is putting out just the right amount (as most are).

However, some motorists seem to resent the fact that the inspectors must take up pump space to perform this task, and occasionally must break into line in order to complete their inspection and move on.

"Although our inspectors try to avoid peak gasoline

SCAT CAT RIDE-- These young women enjoy a ride on the Scat Cat, one of the attractions at the Lions Club-sponsored Carnival nightly through Saturday near the Little League park.

demand hours to conduct these inspections, sometimes they have no choice," said Brown. "Each test usually takes no more than a few minutes, and the assurance that you're getting exactly as much as you pay for is well worth the small inconvenience involved."

The Department's inspectors, who perform a wide range of agriculture and consumer-related duties, checked 104,340 retail gasoline pumps in Texas last year. An average of 92 percent of these were found to be accurate to within six-tenths of one percent, which is required under state law.

"With gasoline prices continuing to spiral, it is more important than ever that consumers get every precious drop they pay for," Brown said. "And, from the retailer's point of view, a pump that is dispensing more than it should is costing him money."

Be on Lookout for So-called Bargain Stolen Herbicides

AUSTIN--So-called "bargain" herbicides may really be stolen goods, warns Agriculture Commissioner Reagan

V. Brown.

Brown said thefts of herbicides are up this year in Texas and asked farmers to buy the weed killers from reputable dealers only.

Though some herbicides are sold for \$6-\$10 a gallon, those used on row crops range from \$20-\$70 a gallon.

"Farmers may find a bargain," said the Commissioner, "but may not get the product they think they are buying. Anyone who steals is also likely to water the product or contaminate it in some way. The only way you can be sure of getting what you pay for is to buy from a reliable dealer."

Turkey Items

AUSTIN--Consumers who pass up various processed turkey items in the supermarket "because they're different," are missing out on an economical and nutritious summer meal maker, advises the Texas Department of Agriculture Home Economist.

"Turkey is now being processed into some unusual items," says Fran Gerling. "Turkey ham really does taste like the more familiar pork product and can be used in similar recipes. Processed turkey breast is available in loaf form or sliced and is great for summer meal planning."

Other turkey items available include turkey bologna, pastrami, salami and turkey franks.

HOW TO CUT YOUR DRIVING BY 15 MILES A WEEK

President Carter has asked us all to drive 15 miles less every week. And if you're like most drivers, you can save 15 miles—and probably a lot more—just by changing your driving habits and planning ahead. Here are some easy tips to help you save 15 miles a week:

Set aside one day a week as your "car-free" day.

Is there one day each week when you could leave your car at home and find other ways to get where you want to go?

Join a work pool, school pool or shopping pool.

Carpooling can save you a lot of miles and money—as much as \$650 in gas every year.

Trim your driving by two miles a day.

Keep a street map handy to be sure you're taking the shortest routes. Try to run errands closer to home.

Before you grab your car keys, think ahead.

How many trips could you combine? Are you sure each trip is necessary?

Ride with someone who's already on the road—the bus driver.

Check out your local bus system and let someone else do the driving.

For a free booklet with more ways to save energy and money, mail the coupon below or write "Energy," Box 62, Oak Ridge, TN 37830.

Mr. and Mrs. Mario Chapa, of Altus, Okla., are the proud parents of a 21 1/2 inch, 7 pound 4 oz. baby boy, named Eric Christopher, born July 2, 1979 at 12:16 p.m.

Grandparents are Mr and Mrs. John Chapa Jr. and Mr. and Mrs. Eustacio Valerio. Great grandparents are Mr and Mrs. John Chapa Sr. and Mr. Jose Alafa.

The father is employed by SIC Credit Co.

Mr. and Mrs. David Schuknecht of Lubbock are the parents of a son born July 4th, at 4:38 in Lubbock's Health Science Center Hospital. He weighed 5 lbs. 12 1/2 ozs, was 19 inches long and has been named David Christopher.

He has an older brother, Shoaan, age 9. Grandparents are Mr. and Mrs. Frank Makovy of Lubbock, formerly of Tahoka and Mrs. Trudy Schuknecht of Tahoka.

Tasting Tea Set For Sunday

The New Home Liberty Bell's Home Extension Club would like to invite everyone to a Tasting Tea on Sunday July 15th. It will be on the Homemaking Cottage from 2-4. The tickets are \$1 and can be purchased in advance or at the door. There will be a lot of good food to taste and the recipes to buy.

Engagement Told

Mr. and Mrs. Frank R. Thomas are very pleased to announce the engagement and forthcoming marriage of their daughter, Inola, to Chuck F. Hoskins. Inola and Chuck are both Tahoka graduates. Inola was previously employed by Dr. Ron Smith, D.D.S. in Lubbock, and Mr. Hoskins is a farmer.

The couple plan an Aug. 9 wedding in the First Baptist Church of Tahoka.

Methodist Women Meet

Faith Circle of United Methodist Women met in Fellowship Hall of the church for the July salad luncheon Monday, July 9, with Marietta Montgomery presiding.

Following the luncheon a brief business meeting was held. Lucille Stewart gave the devotional on prayer. Fifteen members and one visitor attended the luncheon.

Local

O. W. (Dub) Powers is reported to be improving in Saint Mary's Hospital in Lubbock after breaking his hip Saturday afternoon.

MR. AND MRS. GREG THOMAS

Andrea Margaret Blake, Weds Greg Lynn Thomas

Andrea Margaret Blake and Greg Lynn Thomas were united in marriage on June 16, 1979 at the First Presbyterian Church in the Davis Chapel, Ft. Worth, with Rev. Leal Dobesh of St. James Presbyterian Church officiating.

Parents of the couple are Mr. and Mrs. Roger C. Blake of 5818 Chimneywood Dr., and Mr. and Mrs. Kenneth R. Thomas of Tahoka.

Given in marriage by her father, the bride wore a formal length gown of white organza with Alencon lace, trimming the empire bodice's yoke, high neckline, and deep cuffs. The full skirt and chapel train were edged by a wide band of matching lace. Her fingertip veil of illusion, edged by lace, fell from beneath a jeweled tiara. A cascading bouquet of white roses, white and blue carnations mixed with baby's breath and delicate fern were carried by the bride.

Honor attendants for the bride were her sisters, Francie Blake and Constance Blake. They wore azure

gowns with a matching cloche. Cascades of white roses, miniature blue and white carnations with baby's breath and delicate fern were carried by the bridal attendants.

Best Man was Larry Thomas, brother of the groom of Arlington and groomsman was Roy Thomas, brother of the groom, also from Arlington.

Ushers were Gary Thomas, brother of the groom and Jim McCord.

Friends and relatives from outside the city and state attended the wedding and reception held in the church's parlor. Serving in the reception were Miss Paula Lowe, Mrs. Brian Vassallo, Miss Joanne Durham and Miss Debbie McDonald.

Both the bride and groom graduated from Texas Tech. She received a BBA in marketing, and he a BBA in accounting.

Rehearsal dinner was held on Friday evening in the backyard of Larry Thomas.

Fashion Revue Winners

Lynn county was represented at the District 4-H Fashion Revue by Rajeania House, Marla Huffaker, and Patricia Davis. A total of nine

persons attended from Lynn County. The theme of the district show was "Fashion Fever". Awards received were Rajeania House, Sr. Division, Red Ribbon; Marla Huffaker, Jr. II Division, Blue Ribbon; and Patricia Davis, Jr. I Division, Blue Ribbon.

Around Town

By Leona Waldrip

Mable Morgan returned Sunday after spending the 4th holidays with relatives in Friona and Dumas.

Leona Waldrip spent July 4th with her sister and brothers' families in Lubbock.

Visitors in the E. A. Howle home Sunday were their son's family from Eules, Texas.

Mrs. Gladys Holder of Big Spring is visiting in the Charlie Lichey home this week. They all visited their brother R. W. McCrary in Denver City on Saturday.

Mrs. Pauline Walters has been a patient in Lynn Co. Hospital the past 2 weeks.

Mrs. Thelma Dewbre entered Lynn Co. Hospital on Monday.

Helen Biggerstaff is back home after having hand surgery last week in Lubbock.

Myrtle Lovelady left Monday to spend a few days with her daughter in Muleshoe. On Monday next week she will be leaving for Rensselaer, Ind. where she will make her home with her daughter there. Mrs. Lovelady has lived at Golden Manor Apts. the past 4 years and has been employed as a Green Thumber for nearly 3 years.

The Wilson Sewing Club met on Monday afternoon with Mrs. Williamson and Eva as hostesses. There were 9 members and 2 visitors present. They were: Gladys Comer from Ft. Worth and Gladys Holder from Big Spring. Attending from Tahoka were Mrs. Elmer Rice and Mrs. Charlie Lichey.

Mrs. Audrey Akin began duties as a Green Thumb worker at Lynn Co. Pioneer Club on Tuesday. The regular Birthday Party for July will be this Friday at 3 p.m. Those having birthdays in July will be special guests.

A large group of members and former members of Hazel Bennett's S.S. Class met Monday night at 7:30 in Fellowship Hall of First Baptist Church for a salad supper honoring her. Mrs. Bennett is retiring from teaching in the Adult Department after 35 years of teaching what was formerly known as the Dorcas Class.

Gifts of books and a pot plant were presented and Lucille Smith read a "tribute to Hazel". Mrs. Bennett will continue to teach in another department of the S.S.

ment of the S.S. At the regular luncheon on Friday at Lynn Co. Pioneer Club, there were about 35 persons present with 4 visitors, two from Brownfield one from Hobbs and one from Muleshoe, N. E. Woodard new president presided and appointed committees for the coming year. Mrs. Willie Thomas deposed the "lucky member" for the Next luncheon day will be July 20.

Stacy Lawson Gill and Patricia Ann Woodard

Miss Woodard To Wed Stacy Lawson Gill

Mr. and Mrs. Raymond R. Woodard of Seminole and Mr. and Mrs. Robbie Gill of New Home are announcing the engagement and forthcoming marriage of their children, Patricia Ann Woodard and Stacy Lawson Gill. The marriage is planned for Aug. 18 at 5 p.m. in the South Seminole Baptist Church. Miss Woodard is a graduate of Seminole High

School, attended Texas University and Odessa College, and is employed secretary at the Seminole Baptist Church.

The future bridegroom is a graduate of New Home High School and a graduate of Texas A&M University. He plan to live in New Home where he is engaged in farming.

SAVING TIPS on electric air conditioning

CENTRAL SYSTEMS

- Set thermostat on 78° or higher during the summer.
- Check filters every 30 days.
- Close draperies and blinds to keep out solar heat.
- Trim trees, shrubs & leaves away from outside compressor unit.

WINDOW UNITS

- Keep windows closed. Open outside doors as little as possible.
- Keep the damper on your fireplace closed.
- Have a qualified serviceman check your unit seasonally.

the cost of air conditioning. Make your home more energy efficient . . . and your energy dollar will go further this summer.

For more energy & money saving tips, call or write for our free booklets.

SHERRY ETHEREDGE SAYS...

Although the aroma of charcoal-cooked meat is mouth-watering, the meat itself can become dry and tough if not cooked properly. Follow these suggestions

for cooking meat on the grill: --Select cuts of beef or pork that are well-marbled or baste less tender cuts with butter or your favorite marinade. --Use tongs to turn the meat. Avoid the use of forks which pierce the meat and allow juice to escape. --Cook slowly on an even

bed of coals. Slow cooking helps to retain moisture and prevent burning.

--Leave the skin on poultry. It acts as a natural "baste" and prevents drying.

--Turn fish only once. It cooks quickly and may fall apart if disturbed often.

--Heat link sausage and weiners just until heated throughly.

--If the meat is done, but you and your guests are not ready to eat, wrap the meat in foil and place on the warming shelf of the grill or move the coals to one side to prevent over-cooking.

Try these recipes:

All-American Vanilla Ice Cream (Makes about 1 1/4 qts)

1 envelope unflavored gelatin

1 cup cool water

1 can Eagle Brand Sweetened Condensed Milk

2 cups (1 pint) light cream

1 tablespoon vanilla extract

In small saucepan, soften gelatin in 1/2 cup water; heat and stir until dissolved. Stir in remaining water. Proceed according to desired method. **Electric or hand-turned ice cream freezer method:** Combine softened gelatin and remaining ingredients in ice cream freezer container; proceed according to manufacturer's instructions.

Refrigerator-freezer method: In large bowl, combine softened gelatin and remaining ingredients; blend well. Turn into 13 x 9-inch baking pan; freeze to a firm mush (about 1 hour). Break into pieces and turn into chilled, large mixer bowl; beat until smooth. Return to pan. Cover with foil and freeze until firm.

Fudgy Chocolate

Combine 2 (1-oz.) squares unsweetened chocolate and sweetened condensed milk in top of double boiler. Cook

and stir over boiling water until chocolate is melted and mixture is thickened. Cool to room temperature and proceed as for "All-American Vanilla Ice Cream".

Fresh 'n' Fancy Strawberry

Add 2 cups well-mashed fresh strawberries to "All-American Vanilla Ice Cream".

Posh Pistachio

Add 1/2 cup shelled, blanched, and chopped pistachios, substitute 1 teaspoon almond extract for the vanilla, and add green food coloring to desired color. Proceed as in "All-American Vanilla Ice Cream".

Sumptuous Coconut-Sherry:

Omit vanilla, add 3 tablespoons sherry wine, and 1 1/2 cups crushed macaroon cookies to "All-American Vanilla Ice Cream".

Georgia Peach

Reduce vanilla to 2 teaspoons and add 1 teaspoon almond extract; add 1 cup mashed fresh peaches or 1 (16-oz.) can peaches, drained and finely chopped, to "All-American Vanilla Ice Cream".

New Home Church Plans Lesson Series

Gary Evans, instructor of Bible at Lubbock Christian College, will speak nightly to the public at the New Home Church of Christ next week, July 15-19.

The featured speaker for this gospel meeting is well known as a speaker in churches in Mississippi, Arkansas and Texas, and at seminars, meetings and retreats throughout the nation, according to the New Home church minister, Glenn Gray.

There will be dinner on the grounds at the church Sunday morning following the services, and after Thursday evening's concluding service there will be an ice cream supper.

"Everyone is invited to hear Mr. Evans in this exciting series of lessons from the Bible," Gray said.

Party Honors Mrs. Cobb

A luncheon and 42 party was given in honor of Mrs. Gladys Cobb on her birthday, in the home of her daughter, Nancy Tuttle of San Antonio.

Mrs. Cobb would like to thank all her friends in Tahoka for their cards and letters.

Thornton 50th Anniversary Sunday

Mr. and Mrs. H. M. (Dock) Thornton will be honored in a reception celebrating their 50th wedding anniversary Sunday, July 22nd at the O'Donnell Community Center from 2 to 4 p.m. Hosts will be the couple's children. All friends and relatives are cordially invited to the reception.

CPR Course In August

The Lynn County Hospital Auxiliary is sponsoring a C.P.R. life saving course. The Red Cross from Lubbock will send a representative to teach the course on Tuesday and Thursday, the 14th and 16th of August. It will be taught at night for the benefit of those who work. The eight hour course will be broken down into two 4 hour night classes. There will be a \$3 charge paid directly to the Red Cross for books and supplies. If you are interested please call Joy Brookshire, Ann Roberts, or Jo Carol Long.

Smith Re-Enlists

July 5-Navy Cryptologic Technician Second Class Roy L. Smith, son of Don R. Smith and Inez G. Smith of New Home has reenlisted for four years while serving at the U. S. Naval Communication Station, Rota, Spain.

A 1970 graduate of New Home High School, he joined the Navy in October 1974. He wife is the former Eunice Smith of Tahoka.

Bridge Winners

Last week's winners in T-Bar Tuesday night duplicate bridge were: Mrs. Carol Maule and James McAllister, Lamesa; first; Mrs. Meldon Leslie and Mrs. Roy LeMond, second; Mrs. Sandy Wilson and Mrs. Jan Childs, Lamesa, third; Mrs. Tommy Leverett and Mrs. Frank Hill, fourth.

Supper At Grassland

The regular monthly covered dish supper at the Grassland Community Center will be Thursday, July 12 at 8 p.m. Everyone is invited to attend.

Many accidents involving children happen because the parents are unaware of the child's curiosity toward his immediate surroundings, says Diane Welch, a family life education specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Eighty percent of all Americans spent 70 percent of their income on for basic necessities--food, housing, health care and energy, reports Nancy Granovsky, a family resource management specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Teenage boys need more calories than girls the same age--so boys can eat considerably more food, a foods and nutrition specialist says.

Because teenage girls need fewer calories to maintain normal weight, they must choose foods more carefully to meet nutrient needs, explains Frances Reasonover with the Texas Agricultural Extension Service, The Texas A&M University System.

Don't confuse hypertension with nervous tension.

A very calm person may still have high blood pressure, explains a health education specialist, Carla Shearer, with the Texas Agricultural Extension Service, The Texas A&M University System.

Charles W. Stenholm

Washington, D.C. -- In ancient Greece the messenger of bad news was often beaten and sometimes even killed. In 5000 years of civilization human nature has changed very little and we still often accuse the messenger instead of the culprit.

For many years now energy experts have been telling us that if we continue the current regulatory policy of allowing cheap energy, we will eventually face a large shortage of hydrocarbon fuels. This is what is happening today. We are consuming fossil fuels at a rate that is one million times faster than it took nature to produce them and nothing will change the reality of the shortage -- no matter who we blame or how much the issue becomes a victim to demagoguery.

The decisions on how to deal with the current shortage now rest with our elected officials. President Carter recently proposed a plan to decontrol oil prices which I support. This proposal will save thousands of marginal wells which only produce 35 barrels a day or less. These wells have been abandoned in past years because they were losing money. Federal pricing policies only allow them to receive \$5.86 a barrel while we were paying many times that for foreign oil. This new policy will allow domestic producers to recover billions of barrels of oil that otherwise would not have been retrieved. There will be a small inflationary effect but this will be offset by a reduc-

tion in import costs and a strengthening of the dollar. When President Carter announced his decontrol decision it was hailed by most leaders of industrialized countries and confidence in the dollar was increased. Our energy goals should be conservation, increased production, less reliance on imported oil, and development of alternative sources of energy -- all of these aims would be enhanced by decontrol.

Most of the increased production will be done by the independents. These people are usually small businessmen who take great risks, often with borrowed money. 90% of all exploratory wells have been drilled by the independents. Eight of nine holes they drill are dry and those that are successful pay over half of their profits in taxes. It is my belief we should encourage these people to find more hydrocarbon fuels. If we continue to restrain the rate of return it will force many companies out of the market and we will have a centralized industry with little competition, very high prices.

If America is going to remain the dominant power in the world, we must become economically independent of foreign suppliers. Whether we can solve our energy needs will be one of our greatest tests as a Nation. If we do not, our defense, economy, way of life, and even our freedom will be in the hands of forces beyond our control.

\$100 REWARD

for information leading to the arrest and conviction of the person or persons who broke windows out of a storage building on Main St., next to Jif-E-Mart, last weekend.

All information given me will be in strictest confidence and the \$100 will be paid in cash upon conviction of the guilty persons. Please contact me personally and your name will not be revealed to any other persons.

New Home News

By Florence Davies

Mrs. Josephine Spikes and Jim of Lubbock visited here with us Friday evening.

Mrs. Fred Roper was dismissed from Methodist Hospital Friday and returned home. She had heart surgery Tuesday, June 19th.

A group of men and women worked Friday at the New Home Baptist Church cabin at the Plains Baptist Assembly Grounds near Floydada. Repairing the building in preparation for the group of youngsters and their sponsors who are leaving this Monday for the youth camp. Girls going are Paige Pridmore, Lana Kieth, Michelle Smith, Patty Webster, Rebecca Kitchens, Kelly Smith, Lisa McBrayer, and Tommie McBrayer, accompanying them are Rev. Lee, Julia Gill, and Lisa Lisebmy.

Mr. and Mrs. Wayman Smith and Mr. and Mrs. Bill White attended the annual Leavitt family reunion at New Deal Sunday.

Lit Moore was dismissed from the Health Science

Medical Center in Lubbock and returned home Saturday.

A fellowship after prayer meeting Wednesday evening in the Lakeview church was enjoyed by a good group of members and visitors to celebrate the 4th.

Mrs. Della Thomas of Pasadena, Texas and Grace Estes of Mesa, Arizona are here visiting their brothers Delbert and Bill White and their families and other relatives.

A brunch in the home of Mr. and Mrs. Leonard Nettles Tuesday July 17th 10 to 11:30 a.m. will honor Mr. and Mrs. Steve Frazee. All friends are invited.

Mr. Charlie Hemmeline was dismissed from High Hospital and returned home Thursday.

The 4th seemed to be just another work day here but after prayer meeting about 70 people gathered at the home of Mr. and Mrs. J. W. Edwards for a pot luck dinner served picnic style outside.

Such a bountiful dinner, everything good from fried chicken, roast, many kinds of vegetables, salads, desserts, and drinks. Topped off with homemade ice cream and watermelon. The street was blocked off to give a safe place for the youngsters to put on a fireworks display.

Congratulations to Mr and Mrs. Alex Gonzales of Lubbock on the birth of a daughter, Sunday, May 20th in the Methodist Hospital. Weighing 7 lbs. 8 oz, her name is Rachel Gwen. Grandparents are Mr. and Mrs. Facundo Hirecheta, New Home and Mrs. Elizabeth Gonzales of Colorado Springs, Colo.

Mrs. John Inman of Abilene is reported doing good after open heart surgery July 5th in Methodist Hospital. She remains in the ICU Cardiac Monitor Room.

News is brief this week as we were in Waco the weekend for the wedding of our grandson, Brad Cowan and Miss Christine DuPart. (picture and write up next week.) Other family members attending the wedding and later having a get together at the Best Western Motel where all were staying were Mr. and Mrs. V. F. Jones, and Mrs. Carl Griffin of Tahoka, Mr. and Mrs. William G. Hooks, Holly and Eric of New York, Mr. and Mrs. Charles Freeman, Crosbyton, and Roger Freeman, Lubbock, Mr. and Mrs. Wayland Walton, Snyder, Mr. and Mrs. Dan Cowan, of Irving, Connie and Denton Cowan, Durango, Colo.

The Church of Christ will be having a Gospel Meeting July 15th through 19th at 7:30 nightly. The speaker will be Gary Evans of Lubbock. Mr. Evans has preached in churches in Mississippi, Arkansas, and

Texas, and has held meetings, seminars, and retreats throughout the United States. At the present time, he is an instructor of Bible at Lubbock Christian College.

Mr. Evans' love for truth has caused him to search for the answers to life's problems. He has found the answer to be Christ. You are invited to attend the meetings nightly. His topics will be: Burdens of Joy, Sunday 9:30; Christlikeness, Sunday 6:00; Power Of The Gospel, Monday; Fellowship, Tuesday; Doers or Hearers?, Wednesday; Spiritual Commitment, Thursday.

Short Named To Assembly

State Senator E. L. Short (D-28th Senatorial District) has been named to the National Conference of State Legislatures State/Federal Assembly, according to NCSL Chairman, John Bragg of Tennessee. Short was nominated for this appointment by Lt. Governor Bill Hobby, who had previously named Short Chairman of the Special Subcommittee on Diesel Fuel Shortage for Agriculture.

Short will serve on the NCSL's Committee on Energy, one of the nine standing Committees.

According to Short, "the State/Federal Assembly has a rare opportunity to address the most pressing State/Federal policies, to lobby Congress and the Federal Executive, guide NCSL Washington Staff activities, and encourage State Legislative attention".

The State/Federal Assembly has the primary responsibility for developing NCSL public policy position on national issues of importance to State Legislatures.

Short, who also serves as Chairman of the Natural Resources' Water Subcommittee said today he will be attending an important meeting of the Natural Resources Committee, chaired by Senator A. R. (Babe) Schwartz, (D-Galveston), in Austin, July 14. Discussion of the Federal State roles of fuel allocation problems in Texas and public testimony concerning solutions will highlight the meeting.

Senator Short stated, "I am honored to have been named to this important Committee on energy. Certainly with today's pressing energy problems, it is important for Federal/State officials to meet together and find solutions to our problems." Short concluded, "it is of interest to mention that 19 million barrels of oil are used in the United States per day. One-half of this amount is imported from OPEC at an approximate cost of \$25 per barrel. This in itself is a loss of 60 billion dollars in deficit trade payments."

PARKER PHARMACY

A routine described in a beauty magazine is being used to counteract hair loss, the distressing side effect of cancer chemotherapy. Nurses at the University of Arizona Health Sciences Center have tried wrapping ice packs around patients' heads before and during anticancer drug treatments. The results... the patients studied have retained 50% or more of their hair. Ice packs are applied five minutes before treatment and left on for a half hour. Apparently, the procedure slows circulation to the scalp so that when the drug passes through the body the first time (when the drug is most active) the scalp is spared. Some of the individuals studied were "iced" through three courses of chemotherapy. The nurses have been experimenting with this technique since 1978 when the idea was suggested to them by a patient who had successfully followed a similar routine.

OBITUARIES

Myrtle J. Newton

Services for Myrtle Jane Newton, 81, of Tahoka were Monday, July 9, 1979 in White Funeral Home Memorial Chapel with the Rev. Grover Hall of Sweet Street Baptist Church officiating.

Burial was in Tahoka Cemetery under the direction of White Funeral Home.

Mrs. Newton died Saturday night at Lynn County Hospital after a lengthy illness.

The Madisonville native was born July 24, 1897, she attended school in Hill County. She moved to Lynn County in 1927 from Prairie Hill.

Survivors include a sister, Vera Johnson of Welch; 25 nieces and nephews; and 37 great-nieces and great-nephews.

Mrs. Newton was a member of the Baptist Church.

Charles Campbell

Services for Charles Elmer Campbell, 86, of Wilson were held at 10:30 Saturday in the Wilson Baptist Church with the Rev. Herschel Thurston officiating, assisted by the Rev. Newton Starnes.

Burial was in the Green Memorial Cemetery under

the direction of White Funeral Home.

Campbell was born Sept. 16, 1892 in Kaufman County. He died at 3:15 a.m. July 5, 1979 in the Plains Convalescent Home in Plainview after a lengthy illness.

A resident of Wilson for 49 years, Campbell was a member of the Wilson United Methodist Church and The Lions Club. He attended school in Jones County. He was married to the former Floy Ernestine Huffaker Jan. 3, 1915, in Avoca, Texas.

Survivors include his wife; three daughters, Mrs. John T. Fountain of Amarillo, Mrs. R. D. MacDougall of Lubbock, and Mrs. James White of Plainview; seven grandchildren; 17 great grandchildren; and a great-great grandchild. He is also survived by two sisters, Mrs. Roy E. Appling and Mrs. Avis Henry, both of Tahoka.

Pallbearers were his grandsons Charles White, Tom Fountain, Bob White, Dan MacDougall, Gerald White, Bill Martin, and Dean Thomas.

Wilbur D. Harmon

Wilbur Dyer Harmon, 76, died Monday, July 9 in the Independence Hospital, Independence, Missouri after a brief illness.

Harmon was born July 6, 1903 in Sedan, Mo. He

resided in Tahoka from 1952 to 1974 where he served as manager of Poka Lambro Telephone Coop. for many years.

Memorial service is scheduled for 2 p.m. July 13 at Country Club Christian Church, Kansas City, Mo. Interment will be Saturday at Wellington, Kansas under the direction of V. W. Newcomer and Sons of Kansas City, Mo.

Survivors include his wife, Alberta Harmon of 1621 Harris, Bartlesville, Okla.; 1 son William R. Harmon of San Francisco; 1 brother, Roy Harmon of Kansas; 2 sisters Margaret Dryden of Florida and Dena Mae Putnam of San Diego.

Mr. Harmon was a member of the Masonic Lodge.

W. P. Newman

Services for W. P. "Billie" Newman, 72, of Idalou will be at 11 a.m. Thursday at Lubbock's First Baptist Church with the Rev. I. D. Walker, assistant pastor, and the Rev. Richard Waters, pastor of Highland Baptist Church, officiating.

Burial will be in Resthaven Memorial Park under direction of Sanders Funeral Home.

Newman died at 9 a.m. Tuesday at Methodist Hospital after a long illness.

A native of Rockdale, Newman lived in Lubbock from 1945 until 1970 when he moved to Idalou. He was a retired farmer and a member of Lubbock First Baptist Church and Downtown Bible Class.

Survivors include his wife,

Lois; two daughters, Mrs. Berwyn Tisdell of Lubbock and Mrs. A. N. McQuary of Pauls Valley, Okla.; four brothers, Henry of Brownfield, Homer of Oklahoma City, Okla., Hubert of Amarillo and Melvin of Denver City; a sister, Mrs. W. A. Farmer of Andrews; five grandchildren and two great grandchildren.

Mr. Newman lived in the Lakeview area many years, moving away in the middle thirties.

Wilson Trio Joins Session

Lee Moore, Nathan Moore and Renea Zant, all of Wilson, were among Federal Crop Insurance Corporation (FCIC) employees from across the South Plains who recently participated in a training session in Abilene to prepare for the 1979 crop year.

The group took part in a review of loss adjustment procedures for cotton, grain sorghum and wheat, as well as general field operations. They also received information on changes in the 1979 wheat program and will be available to explain the program to all interested producers. One new feature involves three levels of coverage which, when combined with three production elections, provides producers with nine coverage options.

An agency of the U.S. Department of Agriculture, FCIC provides all-risk protection on all major crops. Coverage is based on a long-time average yield for each farm.

Public Notice

Notice is hereby given that a public hearing will begin at 9 a.m. on July 24, 1979, in the offices of the Texas Public Utility Commission in Austin, Texas, on a proposal by Southwestern Bell Telephone Co. to make certain changes in the format of selected Texas telephone directories.

The principal proposed changes are: (1) to separate business and residential listings in the white pages, with residential surnames listed once in boldface type followed by the alphabetical listing of the individuals' given names in regular type; and (2) to add, in addition to the "white pages" business and residential listings and the Yellow Pages business listings, a third set of "blue pages" listing the numbers of selected governmental and public service agencies.

Inquiries may be addressed to the Texas Public Utility Commission, 7800 Shoal Creek Blvd., Austin, Texas 78757.

Small Cards and Envelopes Soon To Be Illegal

July 15 is the deadline mailers have to use up small and undersized envelopes and cards, Tahoka Postmaster, Alice Langley reminds customers.

Starting that date, the Postal Service makes its new standards effective. Cards and envelopes measuring less than 3 1/2 inches high or 5 inches long, no longer will be mailable and will be returned to sender.

Extra large First-Class envelopes, more than 6 1/8 by 11 1/2 inches will incur a 7 cent surcharge if they weigh one ounce or less. Postmaster Langley advises these oversized pieces will be returned to the sender if they do not carry the 7 cent surcharge but can be remailed if the surcharge

postage then is affixed. However, delays for these pieces can be avoided if mailers make sure that sufficient postage has been applied.

The new regulation also will prohibit thin or flimsy cards. After July 15, the cards must be at least seven thousandths (.007) of an inch thick.

"Small envelopes and flimsy cards tend to jam mail processing equipment and cause damage to other mail as well," explained Postmaster Langley. "The surcharge on oversized or odd-shaped pieces is intended to cover the added cost of handling such pieces which must be processed manually," she said. "These standards have been established to allow the Postal Service to process mail more efficiently and this will mean better service for customers."

4-H'ers In Playday

Three 4-H'ers from Lynn County participated in the Yoakum County Horse Playday on Saturday, July 7 at the Plains Rodeo Arena. These 4-H'ers are Ben Edwards, O'Donnell 4-H; Donette Hancock and Brenda Barnett, New Home 4-H Club. The placings are as follows: Registered Mares: Donette Hancock 5th; Registered Gelding, Ben Edwards 4th; and Grade Gelding, Brenda Barnett 2nd.

The other classes were broken into age groups with Ben Edwards being in Intermediate and Donette Hancock and Brenda Barnett in the Senior Group.

Western Pleasure: Ben Edwards, 3rd; Donette 3rd and Brenda 6th.

Reining: Ben 6th; Donette 2nd and Brenda 3rd.

Western Horsemanship: Brenda 1st; Donette 4th; and Ben 6th.

Pole Bending: Ben 7th; Brenda 7th.

Barrels: Ben 3rd; Brenda 5th and Donette 8th.

Flags: Ben 4th, Donette 5th and Brenda 7th.

Ladies' Golf Play Day

The T-Bar Ladies Golf Association will host a Ladies' Partnership golf play day on Tuesday, July 17th. All members are urged to invite an out-of-town friend and come out and play. Names should be turned in to Vinita Hamilton for pairing.

Also, the Women's Play Day West Golf Association will meet at the T-Bar Country Club on July 24th for golf and lunch. Names for this play day should be turned in to Judy Caswell.

Tee-off time for the July 17th play day is 9:30 a.m. and for the July 24th 9:00.

CLASSIFIED ADDS SELL Lions Elect New International President

Lloyd Morgan, of Market Grove, Lower Hutt, New Zealand was elected President of The International Association of Lions Clubs at the organization's 62nd Annual Convention held June 20-23, 1979 in Montreal, Quebec, Canada.

As President of the world's largest service club organization, Morgan will travel around the world representing the Association, observing local service activities sponsored by many of the more than 33,000 Lions Clubs in 151 countries and geographic areas, and meeting with heads of state and communities to promote Lionism and the theme of his own Presidential program: A WORLD TOGETHER.

A Lion for more than 18 years, Morgan is the proprietor and manager of a motor inn. He has been a member of the Committee of Management of the New Zealand Hotel Association for several years and has represented it on special national committees for travel and tourism.

Officials of Plains Cotton Growers, Inc., Lubbock, are asking for a change in what they call a "totally unfair" rule under which the 1979 farm program is now being administered.

"It's a procedure which, if followed, is going to cause more than a few of our people to be declared ineligible for any farm program benefits for reasons over which they have no control and in a number of instances won't even be aware of until they receive notices of ineligibility," says PCG Executive Vice President Donald Johnson.

The problem arises when a producer fails to certify all acreage classified as "cropland" by the Agricultural Stabilization and Conservation Service (ASCS). In such cases, his failure to certify, as would be expected, makes that farmer ineligible for any program benefits. "But that is only the beginning," Johnson complains.

"Not only is that farm ineligible, but all other farms in which either the operator or the landlord has an interest are also out of the program along with the different landlords and/or tenants on those other farms."

For clarification, Johnson uses the following example: T.L. Landlord is the owner of Farms A, B and C in Bailey County, on each of which a different operator has program crops planted and is in full compliance with all program regulations. Mr. Landlord also owns Farm D in Midland County, operated by another tenant but with grass for a grazing operation planted on all his cropland.

Because the Midland County farmer is not participating in the farm program in any way, he does not think it necessary to certify what his cropland is being used for — a fact which is of no consequence to the operator or Mr. Landlord on the Midland County farm.

However, the failure of the Midland County operator to certify his cropland also causes Mr. Landlord and his tenants on Farms A, B and C in Bailey County to be denied use of the government loan and makes them ineligible for any low yield or price deficiency payments that may become due.

"This means the three Bailey County farmers will be penalized for the inaction of a farmer in Midland County over whom they have no control and may not even know exists," Johnson states.

And, he explains, the same would be true if Mr. Landlord has a fourth tenant in Lubbock who failed to certify wheat he had growing in borrow ditches, on terraces or on turnrows. In contrast, Johnson notes further, if the fourth farmer overplants his normal crop acreage, fails to have adequate set-aside or is declared out of compliance for any other reason besides non-certification, eligibility of the Bailey County farmers would not be affected.

YARD OF THE MONTH - Tahoka Garden Club has selected the yard of White Funeral Home on Main St. as the Yard of the Month for July.

Letter To Editor

Letters to the editor do not necessarily express the views of this newspaper. All correspondence must be signed and in good taste before it will be published, and the name of the writer must be published also. Letters to the editor may not be more than two double-spaced typewritten pages.

Get Your Office Supplies At The Lynn County News

We the Lynn County Farm Bureau were appalled at the removal of agriculture's No. 1 priority of diesel fuel allocation.

Most of our members have had extreme difficulty in purchasing adequate supplies and in fact many have been completely out. This critical shortage has occurred when agriculture has had No. 1 priority. We can only imagine the disastrous consequences that will occur when agriculture no longer has No. 1 priority and the more powerful industries fill their storage tanks to capacity.

We urge each of you to write your Congressman requesting immediate action on the reinstatement of No. 1 priority to agriculture.

COTTON TODAY

A NATIONAL COTTON COUNCIL SERVICE

Gas Priority Filing Date Extended: The Federal Energy Regulatory Commission has extended the deadline for filing for natural gas priority to July 15 from June 15. Cotton production - including irrigation, gins, compresses and warehouses, and cottonseed processors - has been assigned natural gas priority based on 100 percent of current requirements.

Russians Cotton To U.S. Jeans: The Soviet Union is negotiating with three U.S. firms to build a plant to turn out millions of brand-name denims. A contract is expected to be signed this year or early in 1980. The decision to woo American firms is a clear admission that the Soviet's attempt to turn out jeans was a dismal failure. Soviet teenagers, reports indicate, snub local products for American jeans, paying as much as \$200 on the black market.

Rule Reform Needed: The National Cotton Council has emphasized the need for regulatory reform in testimony submitted to the Senate Government Affairs Committee. NCC President Hoke Leggett expressed strong support for the "one-house veto" approach, saying all agencies should ultimately answer to Congress which created them.

"Only with this kind of answering to society through its representatives can reason be brought into government regulation," he stated. Leggett also urged adoption of the "sunset" law, but warned that it could not take the place of giving Congress a week-by-week opportunity to reject a particular set of regulations.

Exports Reported: Exports of 109-900 running bales during the week ended June 24 brought the season's total to 5,374,500, compared with 4,736,400 a year ago. The week's new sales of 4,200 bales pushed total commitments for the current marketing year to 6,849,300, compared with 6,489,800 a year ago. New sales of 93,500 running bales for 1979-80 delivery brought the total to 1,873,300 thus far. Thailand, Japan, and Hong Kong were the principal buyers.

And Cotton Yesterday: Cotton fabric was used to cover the wings of the Wright Brothers airplane in 1903.

Grain Target Price Raised

Grain Sorghum Producers Association was informed last week that the 1979 sorghum target price has been increased 4 cents, thus raising it to \$2.34 per bushel. This announcement came in a USDA press release dated June 29, following GSPA's request for an investigation into USDA's failure to comply with the intent of the law, as stated in the Agricultural Act of 1977.

Rudd Draws Top Rating

One of the state's leading general farm organizations which represents principally the family farmer has acknowledged District 77 Rep. Jim Rudd's voting

record as one of the best out of the recently adjourned 66th session.

Rudd was one of 28 out of 150 House members who had a perfect or near perfect score on seven issues relating to the agricultural legislation in the state legislature. The record was published in the official Texas Farmers Union publication, The Texas Family Farmer.

Among the issues scored was a bill to provide a state program of guaranteed loans for young farmers entering agriculture, tax relief for farmers based on productivity rather than market values, and an unsuccessful bill that would have prohibited alien ownership of Texas farm land. The state guaranteed loan program for young farmers, the Family Farm Security Act, will appear on a November referendum ballot to allow issuance of revenue bonds for funding of the act.

"It was a tough, special interest session," said Jay Naman President of TFU. "It oftentimes took a strong, conscientious commitment to stand strongly with the 'little guy', and we are pleased and proud that Rep. Rudd did just that."

Scout Charter Given Rotary

E. B. Gaither, chairman of the local Boy Scout committee, presented the new charter to the sponsoring agent, Tahoka Rotary Club at the club meeting last Thursday noon.

Guy Witt, who has been in Scouting since age 12 and attained the highest rank of Eagle Scout, in an interesting talk before the club, told of the many Boy Scout activities since January 1, and declared these boys today are receiving training that will fit them to become the leaders of tomorrow.

The local Boy Scout Troop will attend the annual summer camp in the New Mexico mountains at Tres Ritos on July 21-29.

Fred McGinty made a brief talk emphasizing the importance of better attendance by Rotary Club members. The club now has 53 members, a near all-time high membership.

Serving at his first club meeting as the new president, Jim Solomon introduced the new club sweetheart, Miss Connie Chambers, daughter of Mr. and Mrs. Jim Chambers. He also called attention to the visit of the District Governor which will be on August 8 and 9.

Tahoka's newest physician, Dr. Lawrence Jones, formerly of Alpine, and college student daughter, were club guests.

Screwworm Regulations Affect Livestock Shipments

Since Texas has been designated as a recurring screwworm infestation area by the USDA Animal and Plant Health Inspection Service, producers must follow certain precautions when shipping livestock.

All livestock moving from Texas have to be examined and certified as screwworm-free within 72 hours before shipment. This is done by a state or federal inspector or an accredited veterinarian before crossing state lines.

Prior to entering Alabama, Arkansas, Florida, Georgia, Louisiana, Mississippi, South Carolina, Tennessee, the Commonwealth of Puerto Rico and U.S. Virgin Islands, livestock must be sprayed or dipped with pesticides at the point of origination of interstate movement.

USDA-approved pesticides, include Co-Ral (coumaphos) 25 percent wettable powder used as a 20 percent to 24 percent spray,

dip or wound treatment; Co-Ral emulsifiable insecticide used as a 20 percent to 25 percent spray or wound treatment; and Korlan 24E used as a 45 percent to 50 percent spray or wound treatment. The latter should not be applied to beef cattle within one week of slaughter.

Inspectors may withhold certification if they suspect a screwworm infestation and if animals can't be adequately treated to prevent spread of the infestation.

Livestock movement into states other than those listed above differs slightly. In addition to inspection and certification, livestock must be free of open wounds. If an animal is screwworm-free but has open wounds, it must be treated with an approved pesticide.

Any animal in a group may not be moved interstate until it is free of screwworms. Remaining animals may be moved only if they have been sprayed or dipped with an approved pesticide.

Assistant County Extension Agent

Says...

"Energy" to highlight state 4-H Congress 4-H youth from across Texas will gather July 19-22 to try to come to grips with the energy situation.

Some 500 4-H members will be hearing about and exploring current and future sources of energy and management methods during the 1979 Texas 4-H Congress at the Shamrock Hilton Hotel.

Theme of the congress will be "4-H and Energy: Partners for Progress," points out Dr. Warren Mauk, 4-H and youth specialist with the Texas Agricultural Extension Service, Texas A&M University System. The Extension Service is the parent organization of 4-H.

4-H youth will tour the ARCO Refinery and NASA Space Center to get a firsthand look at current energy production systems as well as to gain some insight into new areas of energy development, such as nuclear and solar energy and bio-mas conversion, the changing of animal and plant waste into energy.

Among featured speakers addressing the congress will be D. A. Buell with Houston Lighting and Power Co., Dr. John McKetta with the University of Texas, and Ken Murphy with Gulf Oil Corp.

Harris County Judge John Lindsay and State Extension

Director Dr. Daniel C. Pfannstiel will address the opening assembly on July 19 at 5:30 p.m.

A host of speakers will also address a number of special workshop sessions, points out Mauk. These include Rick Etheredge, Lyntegar Electric Coop.; Carly Hayes, West Texas Utilities Co.; Orlan Ihms, Texas Power and Light Co.; Lou Allen Spurger, Bluebonnet Electric

Coop.; Ed Kasper, Gulf States Utilities Co.; and Bill Cranford, Central Power and Light Co.

4-H delegates will also have an opportunity to view a multitude of exhibits and displays on energy production, conversion and use. These will be designed to enable 4-H'ers to develop workshop settings on future 4-H energy programs in their own clubs and communities, explains Mauk.

A highlight of the congress banquet on July 20 at 8 p.m. will be the installation of officers and members of the Texas 4-H Council.

4-H'ers from Lynn County attending will be Karen Stewart, Tahoka 4-H; Terri Franklin and Travis Mires, O'Donnell 4-H.

Farmers Need To Request Gas Priority

AUSTIN--Farmers who purchase interstate natural gas for agricultural purposes will not be eligible for priority use requirements unless they file a request with their local distributors by July 15, Texas Attorney General Mark White said Monday.

White said many High Plains farmers may not be aware that they need to request Priority 2 treatment by that date.

The Priority 2 classification entitles all essential agricultural users of natural gas purchased from interstate pipelines to 100 percent of their current requirements.

The new classification system is part of a natural gas curtailment plan adopted by the Federal Energy Regulatory Commission. The plan is scheduled to go into effect Nov. 1.

White said that after users file their requests with their local distributors, the requests will be reviewed and forwarded to their interstate pipeline suppliers by July 30.

Tigers' Center Fielder Hurt

Abel Vega, centerfielder for the Tigers, was injured Thursday night during the top of the sixth inning. He was caught in a squeeze play on third base.

The game was a very tight one played between the Tigers and Tatum and was a hard played game from the very first ball thrown till the last score. Final score being 3 to 2 in favor of the Tigers.

The game was delayed for a short period due to Vega being hurt. He remained on base even though he could not use the injured foot.

Then a base hit was made by Jim Wells and Vega made it into home plate on one foot and this tied the game at 2-2. Abel is small but he covers centerfield like a giant.

Final and winning score was made by Jim Wells when Steve Miller slammed one

past short and second base. This win brings the Tigers two games up on first place.

The final games of the season will be a battle between the teams for places. Tahoka is proud of the men playing in these games and the men are proud of the support of the fans.

Jack & Jill Tournery Set

Ladies get your two Jacks and come on out for the annual T-Bar Country Club Jack & Jill tournament July 15.

Play will begin promptly at 1:30 p.m. and cost is \$5 each. Please bring a salad for supper after play.

IT'S VACATION TIME BE PREPARED

Here are a few hints to make it a more enjoyable one. First get a check-up from your physician and any needed preventive shots. Next take with you medicines you regularly use, plus one for indigestion, diarrhea, constipation and a good healing antiseptic. We can help you select good products.

Stop in and get from us your favorite brands of toilet articles. We have them and you may not be able to get them in distant places.

A GREAT MANY PEOPLE ENTRUST US with their prescriptions, health needs and other pharmacy products. We consider this trust a privilege and a duty. May we be your personal family pharmacy?

CHEVROLET DEALERS ASSOCIATION

WANT TO CUT DOWN YOUR COST ON HOE HANDS THIS SUMMER? EASY HOE IS YOUR ANSWER!

*Easy Hoe mounts directly on your cultivator. Eliminates unnecessary expense (an extra tractor and people needed to operate hand sprayers) Available in 4, 6, 8, or 10 rows.

*It selectively sprays most weeds extending 3" or more above crops.

*Sprayer is activated by the weed itself. It automatically de-activates the spraying action when the sensor loses contact with the weed.

*A very accurate calibration for positive weed control the trip across your field (Some applicators require tires backtracking over the same rows)

*Utilize your present spray equipment such as pump tanks.

*100 gallons of chemical mix easily covers 200 to 250 acres.

*Each INDIVIDUAL row can be activated from cab for spraying; for example, Morning Glory, Devils Claw, Johnson Grass, etc.

Seersucker for menswear trends toward vertical designs, crisp summer cords in suits and sportswear, an interest in texture, and light and pastel colors, a clothing specialist reports. This lightweight, easy-care fabric comes in polyester, cotton and blends such as 75/25 polyester/cotton and 65/35 polyester/cotton, says Nancy Brown with the Texas Agricultural Extension Service, The Texas A&M University System.

Card of Thanks

We want to thank each of you for your prayers, visits and every act of concern and kindness shown us during our time of great needs. We deeply appreciate our friends and loved ones. The Dick Franklin Family 28-1tp
