### Man Charged After Attempted Break-In

One wreck, several burglaries and the arrest of a suspect in an attempted break-in at a woman's home are among incidents worked by Tahoka Police Dept. and Lynn County Sheriff's Office during the last week. Both agencies worked on a case which resulted in charges of attempted break-in and entering filed against Robert Garza, 32, of Tahoka, after his arrest following several prowler calls. The suspect was charged with attempting to break into a home in the south part of town. Police questioned a sus-

pect in regard to a break-in at Shook Tire Co. on U.S. 380 east last Friday night. Four tires had been recovered by Tuesday, with at least two dozen tires missing, officers said. Investigation was continuing, and police said charges should be filed within the next few days.

A wreck just after noon Friday near Lockwood and Ave. K involved a 1974 Ford station wagon driven by Fannie T. Hagins of Lamesa and a gooseneck trailer pulled by a pickup driven by Ernest W. Mitchell of Lubbock.

Police also issued four tickets for parking on roadway and one for running a stop sign.

Two burglaries were investigated by the sheriff's office. On Tuesday a burglary was reported at the Grover Bruster residence south of Gordon Gin. The family was away, but a microwave oven and TV were believed to be among the items missing. At the country club last Thursday night, several golf cart houses were burglarized, and four golf clubs were reported missing. Also some tires on carts were slashed.

WELCOME TO  
HARVEST FESTIVAL!

### WOODWORK

by dalton

UNDER CONSIDERATION here was an idea of having some kind of parallel between the big homecoming and Harvest Festival weekend in town here with the Biblical story of the prodigal son, but after some thought, I figured this might cause some problems.

After all, those Tahoka High School exes who are somewhere else and who will be coming back to the activities surely haven't been engaged in a life of sin (even though I do know one guy who spends quite a bit of time out there with the hogs).

Anyway, the Friday-Saturday whingding is not for those who are coming back, although they certainly are welcome guests, but for everybody. A lot of people are putting a lot of time and effort in making Saturday's Festival a big success. There will be things going on all day, starting about 10 a.m., and all those who have booths, run contests, play music, dance, eat and play games are hoping for a good turnout.

Around here it appears we have the festival before the harvest. We're expecting that it will be a super festival, and we sure hope the harvest coming up is just as good.

THE FOOTBALL Nut on Fifth St. watched Mustang and Cleveland awhile last Sunday on TV, then watched Houston and St. Louis, and finally watched Dallas and Minnesota until he fell asleep in the chair in the fourth quarter and slept there all night. When his wife arose in the morning, she was afraid he'd be late for work.

"Get up, Romeo," she said. "It's twenty to ten."

"He was wide awake immediately. "In whose room?" he shouted.

A LITTLE GIRL desperately wanted a new bike, not only because a friend had a new one, but her father denied her request for the time being despite all her pleas and tantrums. That night, when she said her prayers, she concluded with: "and please don't give daddy any more children. I don't know how to treat the ones he has."

IN A CROWD--These Bulldogs and Pirates are all together in action from last Friday's district opener won handily by Tahoka. It's hard to say who has the ball, but the identifiable Bulldogs are Luchion Thompson (70), Freddy Garcia (60) and Greg Williams (71).

### Dogs Flatten Cooper 49-0, Face Eagles At Homecoming

By DALTON WOOD  
Improving every game and taking advantage of Cooper's ineptness, the

Tahoka Bulldogs pounded the puncheonless Pirates 49-0 last Friday night and this week will await Roosevelt Eagles for a homecoming district clash.

The Bulldogs again will be strong favorites to win again over the Eagles, who were blitzed 41-0 last week by rugged Seminole. Elsewhere in the district opening games last week, Post surprised Denver City 20-2 and Slaton squeaked by Frenship 9-7.

Tracy White scored three touchdowns, on runs of 48 and 19 yards and an 18-yard pass play from Quarterback Todd Brown, who also scored one TD himself. Clifford Oages ran 51 yards from scrimmage for the first Tahoka score with 4:03 left in the first quarter, and even before that there was little doubt about who was going to win the game.

#### Elmore Accurate

The next time Tahoka got the ball, White ripped away on his 48-yarder, and it was 14-0 at the end of the first quarter. Bulldog guard Kevin Elmore kicked a perfect 7 out of 7 extra points during the game. Ricky Chapa intercepted a Glenn Smith pass to halt a Pirate move in the first.

Early in the second quarter Cooper made two first downs in a row and drove to the Bulldog 31, mostly on the running of Mike Kemp, but Tahoka held on downs and that was to be Cooper's deepest drive of the night.

Late in the half Brown passed to Tracy White 18 yards for a score and it was 21-0 at intermission.

In the third period, White returned a punt to the Pirate 25 and from there Tahoka scored again, with Brown running 5 yards. Lyndell Martin recovered a fumble for Tahoka on the Cooper 26 later in the quarter and Brown hit Tracy White with a 25-yard pass to the 1, from where Kenny Scott drove in for the touchdown.

In the fourth a couple of blocked punts resulted in the final two touchdowns. Oages blocked one and End Brad White grabbed it for a Tahoka touchdown, and then Martin blocked another to set up the Bulldogs at the Pirate

5. After a penalty, Tracy White ran 19 to score.

On defense, Tackle Doug Barham, Linebacks Jacky Jolly and Brown kept knocking Pirates down, and good work also was recorded by Brad White, Johnny McKibben and by Oages and Willie Ray Mitchell in the secondary. The defense held Cooper to just 57 yards net on the ground during the entire game, and only 5 yards passing.

Oages led the Bulldogs in rushing with 108 yards in 13 carries, while Tracy White netted 76 yards in 10 tries. Coaches also credited End Johnny Alvarado and Guards Barham and Jolly with doing a good job of carrying out offensive blocking assignments.

Tahoka is now 3-1 for the year.

### Weekend Celebration Schedule Is Full Here

It's homecoming time for Tahoka High School ex-students and Harvest Festival time for everybody in Lynn County and surrounding area this weekend as a full two days of activities are scheduled in the city Friday and Saturday.

Friday will be the big day for homecoming, but the parade Friday afternoon also will have the flavor of the Harvest Festival, which gets underway at 10 a.m. Saturday and goes on until at least a few hours after dark.

A football homecoming queen will be crowned at the Roosevelt-Tahoka game here Friday night and a Harvest Festival queen will be chosen in ceremonies on the downtown square Saturday afternoon.

Actually there will be a bonfire and pep rally tonight (Thursday) to kick things off.

During the weekend, merchants will have special sales and are offering a lot of free prizes at drawings, for which persons may register in any participating business up to 5 p.m. Friday. Prizes given by 77 merchants will be drawn hourly Saturday from a hopper and trailer supplied by Lyntegar Electric Co-op.

A county fair, queens contest, bicycle race, street dance, food and game booths, Explorer Scouts swinging around on the side of the courthouse, bluegrass music all day on the square, competition games for school age youngsters and other activities also are on tap for Saturday.

See complete homecoming and festival schedule on page 5

On Friday, ex-students will have a program in the high school auditorium

starting around 1 p.m., with Mrs. Clint Walker, former teacher of the honor class of 1959, to speak. Billy Tomlinson, secretary of that class, will be master of ceremonies, and the Kennel staff will model clothing of that year furnished by 1959 class members.

The parade will start forming as school is dismissed at 2:30 p.m. and will go from the school to downtown, where there will be a pep rally on the square. After the pep rally, the 1959 class will meet at the bank.

From 5 to 7 p.m. the National Honor Society will serve a supper in the school cafeteria. The game starts at 7:30, with the homecoming queen to be crowned at halftime.

All exes will meet at Lyntegar Co-op meeting room for election of new officers after the football game. Following that brief meeting will be group meetings of exes from various years back, at different locations over the city. And the junior class is sponsoring a homecoming dance at the Community Center after the game.

The county fair, and most of the booths operated by clubs and various groups downtown will open at 10 a.m. Saturday, with the fair in the old Anthonys building to last until 4 p.m., with a variety of exhibits in competition for awards in many categories.

The Flatland Bluegrass Band from Lubbock will play on the square throughout the day, and when the street dance starts at 8 p.m., the people will be dancing to

music of Weldon Reed and the Solid Country Band.

Queens were still selling tickets this week, with the top sellers to be finalists in the contest, and selection of queen to be made in ceremonies starting at 2 p.m. on the north side of the courthouse. The children's games will start at 3:30 p.m. and the popular bicycle relay race around the courthouse square will start at 4:30 p.m., with various organizations fielding teams in the competition.

All booths except the food booth of the Tahoka Rotary Club will close at 6 p.m.

### Drainage Problem Discussed

Drainage problems which cause a washout of a county road leading from Tahoka to the country club were discussed by Lynn County Commissioners Monday, and the group in regular session also voted to buy a new range for the county jail.

Tahoka resident Arlys Askew appeared before the commission to inquire about the drainage situation and commissioners said the road was in the process of being repaired. Admitting that repairs are a temporary measure, the county officials pointed out that any paving or permanent work on the road would have to be a joint project of the city and county, since part of the road is in the city limits. It also was remarked that neither governing body has funds for paving the road at present.

County Atty. Gerald Huffaker consulted with the commission briefly regarding a damage suit against the county scheduled for jury trial Monday. The county was sued by Santa Fe Railroad following a derailment in 1975.

The commission voted to buy a new range for the jail to replace one which has been in service for 18 years. Sheriff Norvell Redwine said it now is necessary to use a broomstick to prop the door of the old range closed.

### Criminal, Civil Cases Called For Trials Here

Five criminal cases and 11 civil cases are docketed for jury trials starting Monday afternoon in 106th Judicial District Court in Tahoka, including the trial of a former manager of a Wilson gin accused of theft.

It was indicated that several of the civil cases might be settled before actually coming to trial, and also that some of the criminal cases might be disposed of before being tried by jury.

Jury panel is to report at 10 a.m. with the jury to report back for any cases to be tried at 1:30 p.m. before District Judge George Hansard of Lamesa.

Criminal cases docketed for trial include those of defendants Pedro De LaRosa Flores and Cruz Rivas, accused of aggravated assault on a peace officer in October, 1976; Don Rogers, former manager of Farmers Gin, Inc. of Wilson, charged with thefts of money totaling \$18,566.93 from Harlan Dean in 1978; Bill Lentz, charged with thefts totaling \$17,037.45 from Roy LeMond in 1976 and 1977; and Larry Don Moore, charged with possession of marijuana in

April of this year.

Among civil cases cases scheduled is that of plaintiff Johnny De LaRosa Flores, who sued Rimrock Grocery for \$5580.000 damages as a result of an alleged mishap in the store April 23, 1978.

Still another case on the docket is a suit by 12 plaintiffs--10 of them Lynn County residents--against Wells Farmers Cooperative Gin, Acuff Co-op Gin and Plains Co-op Oil Mill, related to sunflower growing contracts in 1975. A total of \$45,773 in damages is sought.

Other cases are styled as follows:

Barbara Genevieve Blair Harless and Jewel Lanell Blair Warnke vs. Don Ray Blair and others.

Luther Breuer vs. Virginia Sosa and Richard Sosa.

First National Bank of Zapata, Texas, vs. Leobardo Torres and Jose Torres.

Roy L. Simmons vs. Lynn

### C-C Breakfast

The Chamber of Commerce will have their monthly breakfast Tuesday, Oct. 16 at 7 a.m. in the Tahoka Cafeteria.

All members are urged to attend.

HOMEcoming QUEENS--Tahoka High football players will choose a homecoming football queen from these four class candidates. In front is Starrlyn Knox, senior. Standing from left are Andri Draper, sophomore; Lani Brown, junior; and Barbara Williamson, freshman.

**PUNCH SET PRESENTED**--Taboka Garden Club Tuesday presented a new punch bowl and serving set to First National Bank of Tahoka to be used in the Community Room of the bank, utilized by various groups in the community. Two bank officers are shown here with Garden Club officers. From left are Pete Hegl, chairman of the bank board; Thelma Sherrod, secretary-treasurer; Clifford Tankersley, president of the club; Hazel Proffitt, reporter; and bank President Frank Barrow.

reclaim, whereas those containing less than 4% crude oil may be reclaimed within 1 year under ideal conditions of moisture, nutrition, temperature and aeration for native, soil microorganisms.

Excessive soil salinity (saltiness) will increase the time required to restore soils since excess salt alone can prevent plant growth.

"The basic requirement in reclaiming oil-contaminated land," Turner says, "is to develop the ideal physical and chemical conditions in the soil that will enhance growth of the microbes which biodegrade the crude oil.

"Amounts of nutrients needed to enhance the reclamation rate are somewhat dependent on the soils' ability to supply nutrients. Generally, about five parts nitrogen and 0.5 part phosphorus fertilizer per 100 parts carbon in the crude oil are required to speed the rate of reclamation.

"The fertilizer supplies the soil microbes with the necessary nitrogen and phosphorus needed to decompose the organic material in the oil.

"The organisms work best when the soil contains just the right amount of moisture. Usually, this is the amount that's also best for plant growth.

*Editor's Note.* -- Any questions regarding this column should be addressed to Science Writer, Dept. of Agricultural Communications, Texas A&M University, College Station, Texas 77843.

## DRIVELINE

No wonder you had to wait in line . . . There are 800,000 mechanics in America. Sounds good, until you realize there are over 140 million vehicles . . .

Q: When the oil light starts glowing on my dashboard, how long can I continue driving before getting more oil? -- O.A., El Paso

A: Stop immediately. Don't drive another minute, unless you want to risk buying a new engine. If the warning light is working correctly, your car has lost oil pressure and is probably out of oil. Turn your engine off and check the oil level with the dipstick. If no level shows, don't drive until you've added oil. A good precaution on long trips is to keep a quart of oil in your trunk. And check your oil regularly, everytime you buy gas.

Notable quotes from insurance company accident reports:

"I was thrown from my car as it left the road. I was later found in a ditch by some cows."

"I thought my window was down, but I found out it was up when I put my hand through it."

*Think the 55 mph speed limit isn't safer?* When the new limit was enacted in 1974, Texas traffic fatalities promptly began to fall -- 18 percent in the first year alone. It was the first decrease since 1967. The total number of deaths has gradually increased since then -- because of population growth -- but the highway death rate (accidents per miles driven) remain far lower than in the pre-55 years.

Sometimes the fact that a car works at all seems like a minor miracle. For instance . . . at 55 mph, each piston in your engine moves up and down inside its cylinder about 35 times per second. Piston temperatures reach 400 degrees, and bearing pressures exceed 1,000 pounds a square inch. What keeps the engine from grinding itself to pieces? A film of motor oil thinner than this page.

Bet you didn't know . . . Almost one-sixth of the fatal traffic accidents in Texas involve vehicles striking pedestrians. Most frequent victims are the very young, the elderly, and persons who have been drinking.

Share your questions, anecdotes and observations with us. Write to: Texas Office of Traffic Safety State Department of Highways and Public Transportation Austin, Texas 78701

**NEW BUSINESS**--Mason Hawkins plant breeder for Ranger Seed Co. is holding a business plaque presented to him by the Tahoka Chamber of Commerce. Ranger Seed Co. is owned by Burt Bryant and Wanda and John Smith of Tahoka and is located on the Lubbock Highway. The company does research and develops certified seed varieties. Hawkins and his wife Mary Jo are residents of Lubbock.

## Clean Up of Oil-spill Land Hastened By A New Process

By Robert L. Haney  
TAES Science Writer

Oil spills, one of the industry's messiest problems, may be easier to handle in the future with help of a process developed by a soil scientist in Texas.

Dr. Fred Turner, with the Texas A&M University Research and Extension Center at Beaumont, has developed a relatively low-cost method that encourages natural soil microorganisms to decompose the crude.

His experiments show that

3 to 4% crude oil in soil is the critical level. Any more than that will severely restrict or prevent growth of most plants.

Three percent crude oil in soil is equivalent to 3,500 gallons of crude oil spread in a 2½-inch surface layer covering an acre, according to the Experiment Station scientist. Soils containing 10% crude oil may require 2 years to

## Scout Event Is Scheduled In Lubbock Nov. 3

The South Plains Council, Boy Scouts of America will stage their annual Scout-O-Rama on Saturday November 3rd in the Lubbock Memorial Civic Center from 1 to 5 p.m. The Scouting movement is a family centered program and packed with fun. Thus the 1979 Scout-O-Rama theme reflects this idea with the headline "Family Fun Fair".

Byrnie Bass is the general chairman for the Family Fun Fair Scout-O-Rama.

Special features will include a continuous stage show featuring regional talent and Scout contests. Displays and demonstrations detailing various Scout

activities will round out the afternoon program.

Among the demonstrations detailing various Scout activities will round out the afternoon program.

Among the demonstrations are rappelling, sand painting, totem pole making, lumberjacking, marshal arts and silk screen printing press.

The Scout-O-Rama is one of the largest youth shows staged on the South Plains. Tickets are available from area Scouts and sell for \$1.

GO BIG BLUE!

## Read-a-Thon For MS Is Begun Here

The Multiple Sclerosis Read-a-thon has begun at Tahoka Elementary Schools. This educational and fund raising program was started by the National Multiple Sclerosis Society in 1979 and now school children all over the world are Mystery Sleuths who "read for the need of other." They improve their reading skills and at the same time help to solve the mystery of MS, the crippler of young adults.

For 4 weeks the Mystery Sleuths read as many books as they can and ask parents and friends to sponsor them. When the reading period is

over, they collect from their sponsors and bring their completed READ-a-thon kits back to school. This money is used for patient services including wheelchairs, crutches, leg braces, patient programs and the free MS Clinic at Methodist Hospital in the 23 county area that the South Plains Texas Chapter serves. It also supports research to help find the cause and cure of MS.

Each student who completes the MS READ-a-thon receives an official Mystery Sleuth certificate and is eligible for prizes such as MS T-Shirts, Mystery Sleuth stuffed dogs and Star Wars R2D2 frisbees.

The reading period for Tahoka Elementary Schools begins on Oct. 18 and will end on Nov. 15. Happy "reading for the need of others."

## Wilson Church Conference

The annual Charge Conference of the Wilson Methodist Church will be conducted this Sunday, October 14, at the 9:30 a.m. worship service. Rev. Bill Fleming, District Superintendent of the Lubbock District, will preach and conduct the conference. Officers for the new year will be elected, and other business will be conducted. Rev. Newton Starnes serves as pastor at the Wilson Church. Elmer Blankenship is chairman of the Administrative Board, Mrs. Sam Gatzki is treasurer, and Chester Swope is Chairman of the Board of Trustees.

## Bridge Winners

Last week's Tuesday Duplicate Bridge winners were: Mrs. Audie Norman and Mrs. Wilson Edwards, first; Mrs. Margie Peltier and James McAllister, Lamesa, second; Mrs. Doris Burleson and Mrs. Carol Maule, Lamesa, third; Mrs. Jess Gurley and Mrs. Roy LeMond, fourth.

Shop Tahoka First!

MR. AND MRS. J.M. PATTERSON

## Mr. and Mrs. James Patterson Honored on 50th Anniversary

Mr. and Mrs. James M. Patterson will observe their 50th wedding anniversary at a reception Sunday, Oct. 14 from 2 to 4 p.m. in Grassland at the Community Center. Their children and families will host the reception.

The former Ruby Gribble and James M. Patterson were married Oct. 12, 1929 in the home of the bride near

Redwine. They have lived in Lynn County 48 years of their married life. Their children are: Billie Reed, Grassland; Joyce Bevers, Hereford; Sue Melton, Ropesville; Joe and Bobby Patterson, Tahoka. They have 16 grandchildren and three great-grandchildren.

All friends and relatives are invited to attend. No gifts.

## Band Concession Workers

Oct. 12 - Mr. and Mrs. Larry Pollard, Mr. and Mrs. Johnnie Valentine, and Mr. and Mrs. Dickie Randolph.

Oct. 18 - Mr. and Mrs. John Draper, Mr. and Mrs. Stanley Krause, Mr. and Mrs. Lynn Cook.

Oct. 25 - Mr. and Mrs. John Ed Redwine, Mr. and Mrs. Larry Owens, Mr. and Mrs. W. V. Caswell.

Oct. 26 - Mr. and Mrs. Don Clary, Mr. and Mrs. R. E. Edwards, Loretta Webster, Betty Chavaria.

If you cannot work on date assigned, you are responsible to find someone to take your place.

## Community Choir Plans Cantata

The call goes out for all singers to join the Community Choir when it presents the annual Christmas cantata on Sunday, Dec. 9. Rehearsals will begin Wednesday, Oct. 17, at 8 p.m. in the Sanctuary of the United Methodist Church and will continue every Wednesday evening at the same time and place.

The cantata this year will be "The Story of Christmas" by John Peterson. It uses a four part choir with organ, piano and handbell accompaniment, and a narrator.

All senior high and adult singers are encouraged to participate in this worship experience.

## SWPS Will Honor Roberts

Harold Roberts, manager of Southwestern Public Service Company in Tahoka, will receive an award for 30 years service at a dinner on Tuesday 16, at the Lubbock Country Club. The award will be presented by Berl M.

Springer, president and chief operating officer of the electric company.

This will be the first of four service award dinners to be held throughout the company's territory. A total of 322 employees with a combined service of 5,325 years will be honored.

Roberts has been in Tahoka 18 years, serving with SWPS in Levelland before coming here.

## OEA Student Of The Week

This week's OEA Student of the Week is Amy McNeil. Amy is the daughter of Mr. and Mrs. Willis McNeil. Amy is enrolled in her second year of VOE and is currently serving as secretary-reporter of the club. This year in VOE Amy is specializing in the typist field.

Amy's other activities include National Honor Society (reporter), Varsity Cheerleading, Science Club, Varsity Golf, Lions Club Sweetheart.

After graduation, Amy plans to attend college.

## Grassland Hobby Club

The Grassland Hobby Club met Oct. 2, with 14 members present. The meeting opened with a prayer led by Mrs. W.L. Gribble. Mrs. J. C. Allen and Mrs. Yeatts were hostesses.

Several dolls and home made doll clothes were made doll clothes and bedspreads and quilts were shown.

The next meeting will be Nov. 6 with Mrs. C.E. Short in Tahoka.

**WILSON CHURCH TO CELEBRATE**--The First Baptist Church of Wilson will celebrate its 65th Anniversary on Sunday. Craig Hughes, Minister of Music and Youth at Trinity Baptist Church in Fort Worth, will be special guest for the day. During the morning worship service he will give his testimony through songs he has written. A covered dish luncheon will follow. Hughes will then present a special program in the afternoon. There will be no evening service. Of the 16 charter members, one, Mrs. Callie Lumsden, is still a member of First Baptist. Everyone is invited to this special day, said Rev. Phillip McDonald, pastor of the Wilson Church.

**Around Town**

By Leona Waldrip

Eight members of Tahoka Rebekah Lodge attended a district meeting in Lamesa on Wednesday night, Oct. 3, hosted by Berta H. Porter Lodge there. The affair was held in the Farm Bureau Building and Jerry Miller, Rebekah Assembly President of Dallas was the featured speaker. A catered salad supper was served to district members from Lamesa #90 Lodge, Brownfield Lodge, Seminole Lodge and Tahoka. Those attending from Tahoka included Leona Waldrip, Zella Taylor, Audrey Adkin, Louise Wyatt, Evelyn Burr, Callie Massey, Willie Childress and Iline McMillan.

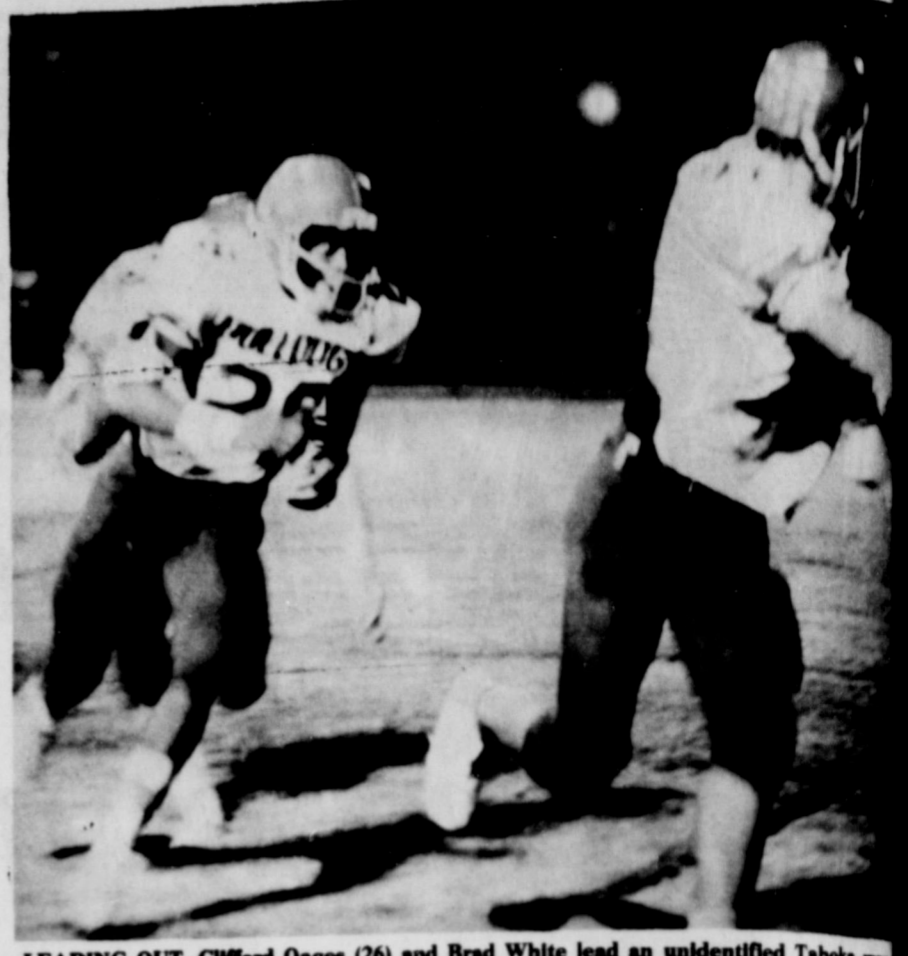

Teddie B. Kelley and Leona Waldrip attended a Management Workshop at Texas Tech University all day Saturday in cooperation with the Office on Aging and the Tech School of Continuing Education. Workshop instructor was Ed Belah from Penn State University. This is the second in a series of this nature that these ladies have attended.

Visiting Mrs. Vesta Appling the past weekend was her daughter, Jean, and husband from Ft. Worth.

Mrs. Gladys Holden of Big Spring visited her sister Ava Lichey last week. On Sunday they all visited the brother's family, the R. W. McCrarys in Denver City, Mrs. Holden remaining there to visit a few days.

There are no classless societies, points out a family life education specialist, Dorothy Taylor, with the Texas Agricultural Extension Service, The Texas A&M University System. Social class is determined by occupation, source of income, neighborhood and type of house lived in, the specialist explains.

Shop Tahoka First!

**LEADING OUT**--Clifford Oages (26) and Brad White lead an unidentified Tahoka team around right end against Cooper. Both scored touchdowns of their own during the game.

About 35 persons registered for Friday's noon luncheon at Lynn Co. Pioneer Club. Mr. N.E. Woods, president was ill and not able to attend. Mrs. Vesta Appling drew the "Lucky Member" gift.

Eleven members have birthdays in the month of October and the Birthday Party will be held this Friday, Oct. 12 at 2:30 p.m. Mrs. Abbe will furnish the birthday cake.

The Club is planning a Garage Sale and Arts and Crafts Show and Sale on Friday and Saturday, Oct. 26 - 27. Anyone having items to donate to the garage sale may bring them by the center any weekday or call 998-5264 to have them picked up. Any one wishing to show their own crafts on those days may call the center to make arrangements for a display table. This will be an excellent time to buy or place orders for Christmas gifts.

Visiting with Mr. and Mrs. W.E. Shawn are her sister Mrs. Effie Dodson and Mr. and Mrs. Roy Kerr, all from Decatur.

Friendship night was observed on Monday night by Lamesa Rebekah Lodge #90, with five members from Tahoka Lodge attending. 38 persons enjoyed the program and supper. Menu consisted of beans, cornbread, pickles, onions and cobbler. Those going from Tahoka were Zella Taylor, Evelyn Burr, Bertha Williams, Leona Waldrip and Louise Wyatt.

Our thanks to all those who have expressed themselves as missing this column while I was gone on my 17 day visit with my son Bill and family in Philadelphia. I promise not to be gone so long again soon.

The trip was fantastic, with good weather the whole time. Foilage was beginning to turn so the woods were beautiful.

I enjoyed a 2 day stop-over with relatives in Dallas on the way over.

Program for the next luncheon meeting of Lynn Co. Pioneer Club will include a slide presentation by Denese Pillans, working with

DEDT out of Lubbock. This is a program relating to volunteers helping handicapped and slow children ages 1-3. Interested persons are invited to attend at 11:30 and stay for the luncheon.

Clean old hardware covered with paint or varnish is soaking for about 24 hours in a solution of half mineral spirits and half alcohol, says Pat Seaman, a housing and home furnishings specialist with the Texas Agricultural Extension Service, The Texas A&M University System. Then rinse with warm water and buff with fine steel wool, she recommends.

**Diaper Data**

Mr. and Mrs. Glenn Slyke of Lubbock are parents of a baby girl, Vanessa Leigh born Oct. 10 at Methodist Hospital, Lubbock. She weighed 7 pounds 14 1/2 ounces and was 19 inches long. Grandparents are Jack Carolyn Phernetton of Ed Texas and great-grandparents are Mr. and Mrs. C.E. Birdwell of Tahoka.

## New Home Woman's Grandson Draws Uganda Assignment

Kenneth Chapman, a 29-year-old resident of Borger and a member of Wesley United Methodist Church, recently completed 14 weeks of intensive training in preparation for a two-year assignment in Kampala, Uganda.

Ken is the son of Mr. and Mrs. W. G. Chapman of Borger and the grandson of Mrs. J. R. Strain of New Home. Mr. Chapman is employed at Phillips Petroleum Company as a chemical engineer. Mrs. Chapman is a music teacher at Phillips Elementary School.

As a staff member of The Agape Movement, Ken will work as a dentist at the Mengo Anglican Hospital in Kampala, Uganda. He will be assisted in his work by an

Agape nurse who has been working in Kenya.

Ken attended Borger High School and then majored in pre-dentistry at Frank Phillips College. He was graduated from the Houston Dental School of the University of Texas.

Before joining the staff of Campus Crusade for Christ, he practiced dentistry with Dr. E. E. Novak in Spearman, Texas. Ken recently spent 7 months in Liberia, West Africa, working in a program with The Missionary Dentist, Inc.

The Agape Movement is a specialized vocational ministry of Campus Crusade for Christ International, an interdenominational movement that presently spans more than 100 countries and

proctorates around the world.

The Agape Movement is specifically designed to assist in meeting the physical and social needs in overseas communities through the use of specialized vocational and professional skills. Since the program began in February,

About 35 percent of all food shoppers begin sets—such as china or encyclopedias—at supermarkets, reports a family resource management specialist, Lillian Chenoweth, with the Texas Agricultural Extension Service, The Texas A&M University System.

Only one in three who start buying ever complete the set, she adds.

1973, requests for more than 3,000 Agape staff have come from 25 countries.

In addition to his professional responsibilities, Ken will help meet the spiritual needs among the people of the community. He sees his profession as a natural springboard for communicating the message of Jesus Christ to the nationals he will meet.

When asked why he was excited about using his profession, Ken said, "I am excited about this ministry because I can minister to people's physical needs and have an impact in reaching people for Christ."

Ken will be leaving for Uganda about August 31. He will be in the Borger area until then.

### Chapel, Art Objects At Museum

Two new exhibits are featured at Tahoka Museum, both on display this week.

One is the new church chapel booth and an art display of tapestry weaving. The chapel sponsored by the Will Montgomery daughters, features an old-time organ, two pews or benches typical of those used in churches years ago, a stained-glass window, and a pulpit (yet to be installed), an altar, and some old-time books.

Also placed on display this week are a number of colorful tapestry weavings by Mrs. Euel (Janet) Wilson and her husband, who live in Tahoka. Ladies, especially interested in these. A number of these tapestries have been hung on the walls downstairs and upstairs in the Louise Wharton room. The exhibit was brought here Monday by the Davises from Scurry County Museum at Borger, where they were on

display for a month.

Two other exhibits were put on display last week at the local Museum, a collection of Lynn County fossils and a collection of Indian artifacts, both by Frank Hill.

The Will Montgomery girls—Miss Marietta, Mrs. Lois White, and Mrs. Paul (Grace) Kiser—purchased the organ, finished in golden oak, which was manufactured in Chicago in the 1890-1900 period, and completely restored in playing condition by Harlan Fisk Lubbock, a retired Army officer who was raised in the music business. They also purchased two church benches in Lubbock for the exhibit. The stained glass church window, which will have a light behind it, was given by Mrs. G.V. (Margaret) Fulton of Lubbock, a daughter of the late Mr. and Mrs. Elie Lan, who lived here from about 1914 until the late 1920's. The window was formerly in the Sudan Methodist Church, and is "In Memory of Evadall, 1915-1920, daughter of Mr. and Mrs. E. Lam," who died here and is buried in Tahoka Cemetery.

An old pulpit from some

earlier Lynn County church still is needed to complete the church booth.

Other items are being brought to the Museum almost every week, and are being placed on display. In fact, the Museum is being filled very rapidly. People who have not visited the project recently will be surprised with the rapidity with which the Museum is being filled with exhibits.

### Tahokans Join State Session

Several Tahoka residents were in San Antonio last weekend for the joint annual convention of the Texas Association of School Boards and Texas Association of School Administrators.

Attending were Mr. and Mrs. Jim Coulston, Mr. and Mrs. Harold Green, Mr. and Mrs. Bob Haney, Tommy Lawson and Jay Dee House.

Mrs. Green, official delegate of the Tahoka school board, reported an interesting meeting which included passage of several resolutions, including one controversial one related to the mandatory school breakfast program.

The school board group passed the resolution proposing that the breakfast program could be discontinued in any school where fewer than 50 per cent of the eligible students participate in an given 60-day period.

Also attending as a delegate from Wilson School was Tommy Bednarz.

### Mrs. Spence Initiated Into Sorority

Mrs. Jean Ann Spence, teacher in Slaton West Ward Elementary School has been initiated into the Kappa Kappa Iota Sorority. This is a social organization for teachers in good standing, and is a national sorority of the Delta Conclave.

Mrs. Spence is the former Jean Ann Littlepage, daughter of Mr. and Mrs. Cleve Littlepage of Tahoka.

### Study Club Hears Senator On Amendment Proposals

State Sen. E.L. Short discussed three proposed amendments to the Texas Constitution on which voters will mark ballots Nov. 6, as the senator spoke to members and guests of Phebe K. Warner Study Club in the home of Mrs. G.M. Stewart Wednesday.

Sen. Short explained that the 1979 Legislature actually proposed 12 amendments for voter consideration, with three to be voted on in November, and the other nine to appear on the ballot next November. The three amendments coming up for consideration next month, he told the group, involve (1) statewide appointments of notaries public, (2) legislative review of state agency

rulemaking and (3) farm and ranch guaranteed loan program.

In each case, the senator listed the arguments for and against the amendments. The farm and ranch loan program proposal, which Short sponsored in the senate, is intended to aid farmers and ranchers, particularly young persons, who cannot now afford high down payments to get into ownership of agricultural property. The state would guarantee loans.

Short pointed out that the loan guarantee program is patterned after a successful Minnesota program started in 1976 and which, through Feb. 8, 1979, had guaranteed 109 loans with no defaults.

He also noted that the amendment is supported by state banking groups, the Farm Bureau, American Agriculture Movement, Farmers Union and others.

## OBITUARIES

JOE CALVILLO, SR.

### Joe G. Calvillo, Sr.

Services for Joe G. Calvillo Sr. 56, Tahoka were held at 11 a.m. Wednesday at St. Jude Catholic Church, with Rev. Pat Hoffman officiating. Burial was in Tahoka Cemetery under direction of White Funeral Home of Tahoka.

Calvillo died Sunday, Oct. 7 in Lynn County Hospital after a brief illness.

He was born March 19, 1923 in San Luis Potosi, Mexico. Calvillo came to Tahoka from Charlotte, Texas in 1954. He married Erlinda Vacca in Jourdanton, Texas July 26, 1948. He was a retired farmer.

Survivors include his wife; his father, Antonio Calvillo of Charlotte; four daughters, Mrs. Paul Saldana and Mrs. Juan Calvillo both of Tahoka, Mrs. Manuel Lechuga of Lubbock, and Mrs. Edwardo Rodriguez of San Antonio; three sons, Joe Cavillo, Jr and Ysidro Alvarado both of San Antonio, Juan Alvarado of Tahoka; one sister, Mrs. Rumaldo Salinas of Tahoka; two brothers, Juan Calvillo of Houston; 22 grandchildren and 2 great-grandchildren.

Pallbearers were Johnny Calvillo, Johnny Gaime, Domingo Ray Rodriguez,

R.C. Calderon, Jr., Roy Solorzano, Johnny Alvarado Jr.

### Mrs. Ben (Addie) Moore

Services for Addie Moore, 85, O'Donnell resident whose parents were co-founders of O'Donnell, were held Sunday at 3 p.m. in the First United Methodist Church O'Donnell, with the Rev. Olan Butler, pastor of Northridge Methodist Church of Lamesa, officiating.

Burial was in O'Donnell Cemetery under the direction of White Funeral Home of Tahoka.

Mrs. Moore died Thursday in Lamesa's Medical Arts Center after a long illness.

The pioneer woman was born in Coleman County and moved to what would become Lynn County in 1901. Her parents, Mr. and Mrs. Henry Baldrige, circulated the petition that led to the organizing of Lynn County, and were co-founders of O'Donnell.

Mrs. Moore married Ben More Sr. in O'Donnell April 2, 1911, and was a founder of the O'Donnell Order of the Eastern Star and a member of the First United Methodist Church.

Survivors include a daughter, Oleta Smith of O'Donnell; two sons, Ben and Elvin, both of O'Donnell; two sisters, Ima Terry of Memphis, Tenn., and Cricket Dale of Long Beach, Calif.; a brother, H.E. Baldrige of Garfield, Ark.; nine grandchildren and eight great-grandchildren.

Pallbearers were James Ray Moore, Benny Bob Moore, Denzal Smith, David M. Smith, Larry Don Moore, Charles Elvin Moore.

### Nina Wheat

Services for Nina M. Wheat, 74, former longtime resident of O'Donnell and Brownfield, were held Saturday in the Second Baptist Church of Lamesa, with the

Rev. Clifton Igo, pastor, officiating.

Burial was in Lamesa Memorial Park.

Mrs. Wheat died at 7:40 p.m. Thursday in Central Plains Regional Hospital in Plainview after a lengthy illness.

A native of Hill County, Texas, she married Joe L. Wheat Sr. June 7, 1924 in Ballinger.

She lived in O'Donnell 20 years, moving to Brownfield in 1969, where she lived until moving to Plainview two months ago because of ill health.

Survivors include five daughters, Sue Williams and Mrs. Jerry Rogers, both of Lubbock, Billy McDonald of Sanderson, Gloria Fannon of Plainview, and Jeanell Young of Austin; three sons, Joe Jr. of Breckenridge, John of Lamesa, and Jack of San Angelo; a sister, Ruth Henry of Rockdale; 21 grandchildren and nine great-grandchildren.

### Bazaar Scheduled At Slaton

The Athenian Study Club of Slaton, Texas, will sponsor their annual Holiday Bazaar at the Slaton Junior High Cafeteria on Saturday, Nov. 17, from 9 a.m. to 4 p.m. Anyone wishing to rent a booth for the bazaar should notify Mrs. Tim Bourn at 828-6503 or 828-6302 in Slaton, Texas. The booth rent will be \$10 for the day.

### Social Security Imposters Reported Swindling Elderly

Social Security officials in the five-state Dallas Region have issued warning of a growing number of cases of swindlers who prey on older people by posing as social security representatives. "In the past two weeks, reports indicate at least eight cases of swindlers operating in New Mexico, Oklahoma, and Texas," said Laura Peacock, district manager of the Lubbock social security office.

"A con man posing as a social security representative, took \$1,358 of an 87-year-old New Mexico man telling the man he would get him more social security benefits. As soon as the con man got the man's savings, he promptly disappeared," she continued.

Similar instances occurred in other Spanish speaking communities in New Mexico.

She said a 64-year-old man lost \$800 the same day the 87-year-old lost his savings. Another man lost \$600 a week earlier, and an aged couple in Broken Bow, Okla. lost \$260 to two swindlers posing as social security representatives.

"One man posing as a doctor, said he would do a physical examination and if the persons health were poor enough, would get the contact a raise of \$100 to \$125 per month."

In one case, three imposters entered a couple's home on the pretense that social security wanted to buy them a new carpet to help

their arthritis. The Lubbock Social Security Administration has everyone to be extra cautious of anyone appearing at their home claiming a social security representative.

Before admitting anyone into their homes, identification of the caller should be made. All social security administration employees who call on the public in homes have identification cards and will readily show identification cards if requested.

If anyone has a question about social security representatives calling on them, a call to the security office at Lubbock 806-762-7365 can be made to verify if a representative is in the area.

**Pythian Sisters News**

Pythian Sisters of Lynn Temple #45 met Tuesday, Oct. 2 at 6:30 p.m. for a salad supper honoring the Grand Chief of Texas, Merol Lee Hunson of Longview. Her chosen colors of pink and cranberry were used in table decorations.

She described her project which is improving the boys' dorm at the Childrens' Home in Weatherford. The Temple voted to make a contribution to it.

Five Sisters of Lamesa Temple #42 attended the supper making a total of 33 for the occasion. Florene McCracken and Nina Short were the hostesses.

The District #9 Convention will be held in Tahoka Saturday, Oct. 13, with registration beginning at 9:30 a.m. and the luncheon will be at First United Methodist Church.

**DRIVELINE**

**Understanding Yourself**

*Only Hurts When We Laugh Dept.* The following statements are exactly as they appeared on car insurance claims filed by some unlucky — and still angry — motorists:

"To avoid hitting the bumper of the car in front, I struck the pedestrian."  
"An invisible car came out of nowhere, struck my vehicle, and vanished."

"I saw the slow-moving, sad-faced gentleman who bounced off the hood of my car."  
"The indirect cause of this accident was a little girl in a small car with a big mouth."

Americans spend over \$35 billion a year in vehicle repairs. Now, is that a good reason for you to stop around for quality work at a reasonable price?

You may be able to see more colors than you know.

This new Artmatic collection includes 12 shades of Frosty Eyeshadow, eight new shades of Multi Eyeshadow Mini Kits and the Blush & Shadow Mini Kit. All come with applicators for around two dollars and under. These and other beauty products from the Arthur Matney Company are available in drug, retail, chain and discount department stores.

It might be a good idea to keep an eye out for such colorful ways to save.

HANGING AROUND—Bryan Simpson is a new rappeller.

**Explorers News**

Small savers can now pool their funds to buy \$10,000 six-month market certificates which pay nine percent interest rate, says a family resource management specialist, Linda McCormack, with the Texas Agricultural Extension Service, The Texas A&M University System.

Many Texans have developed a fast-food lifestyle, points out Mary K. Sweeten, a foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Consumers need to know how to balance foods eaten away from home with those eaten at home so that they can have a nutritionally balanced diet, she adds.

Saturday, Oct. 29 the Explorers traveled to Camp Haynes, 15 miles east of Silverton, to rappel which is descending from a mountain on a rope. Here the Explorers began on a 30 foot cliff and ended their outing by rappelling off 150 foot cliffs. They also learned to rescue rappellers which certifies them and allows them to teach others this skill.

This trip was made especially enjoyable because of the use of the fire truck of the City of Tahoka. A special thanks goes to J.T. Miller and the Tahoka Fire Department who made this possible.

Those attending this outing were Ronny and Pam

Vaughn, Rudy and Betty Johnston, Carl Reynolds, Sandy Oliver, Dustie Cook, Ellen Hutsell, Lisa Perkins, John Curry, Roddy Williams, Cal Huffaker and Bryan Simpson.

Watch for these Explorers Saturday, Oct. 13 at the Lynn County Harvest Festival as they plan to show you their ability as they rappel off the courthouse.

For children, learning about responsibility in the home is a prerequisite for accepting responsibility in the larger environment, says Diane Welch, a family life education specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

HOLDING ROPE—Dustie Cook and Lisa Perkins hold the rappelling rope.

The Bureau of Labor Statistics reports 56 percent of all women of working age hold jobs.

arthritis. Lubbock Social Security Administration has some to be extended to anyone applying for home claiming social security benefits.

before admitting to their homes, identify the caller should be. All social security administration employees call on the public in cases have identity will readily show identification cards if needed.

anyone has a question about social security representatives calling in, a call to the district office at Lubbock, 762-7365 can be made if a representative area.

**WELLS SHOW HE**

to believe... in 1925 when there was a lot of traffic, U.S. highway fatalities happened at a rate of 17.5 per 100 million vehicle miles. In 1977, with 50 times more drivers and 20 times more cars, the death rate is 3.8 per 100 million miles driven. Experts say one of the chief reasons is safer highway design, plus traffic control systems such as stop lights, access roads, etc.

that the weather is changing for the worse, here are some tips that will help while driving:  
1. When driving through fog, use low beams.  
2. Don't drive at top speed in the rain; slow down to prevent hydroplaning and skidding.  
3. Try to avoid sudden turns or moves while driving on wet roads; it can be very dangerous.

Financial failures

AUSTIN, Texas (Spl.) — A University of Texas finance professor is convinced that "mismanagement of financial affairs" is the chief cause of failure among small firms.

Dr. Ernest Walker, a national authority on the financing of small businesses, says lack of knowledge about managing cash flow is one of the major shortcomings, but others include getting the wrong kind of debt mix, having too much money tied up in accounts receivable and not expanding the management staff once the firm begins to grow.

He teaches a graduate course on Financing the Dynamic Small Firm, wherein students use small business firms in the Austin area as their "laboratories."

Chinese at Texas

AUSTIN, Texas (Spl.) — Six employees of the China Petroleum Corporation are spending a year at The University of Texas to gain additional training in their field.

They are the first representatives from China to come to the State of Texas for an extended period of study. As part of their technical training in U.T.'s Petroleum Engineering Department, the Chinese visitors are auditing courses related to oil refining, natural gas production, well logging, oil field mechanics and computer applications. They also will make trips to Texas oil fields and refineries.

### Tahoka Student Among Honor Scholars At WTSU

More than 150 West Texas State University students, each received \$100 of the President's Honor Scholarships last year, have returned to campus for the semester.

Those 154 President's Honor Scholars, who were in a group of 213 recipients for the first year of the program, were joined by 322 recent recipients. Keith Williams of Tahoka, son of Mr. and Mrs. David Williams, is one of the honor scholars.

Retention rate for the scholars from last year to this year is 72.3 percent, said WTSU director.

The program has been successful, he said. Recipients of the scholarships are chosen from the top

students in area high schools who are members of National Honor Society or equivalent organizations. The scholarships are offered to entering freshman students.

For the 1979-80 academic year, invitations were extended to students in Texas High Schools and high schools in New Mexico, Oklahoma, southern Kansas and southeastern Colorado, Winters said. The 322 students represent 123 high schools.

"Salutatorians and valedictorians are always recognized," said Winters. "but the other top students are not. The program brings in good students with good ACT and SAT scores and they challenge the professors to do a better job."

Money for the scholarships has come from the President's Development Fund. Persons contributing \$100 or more, Winters said, have scholarships offered in their names.

The "healthy academic program" has encouraged professors to donate to the fund, Winters said.

Cost of the program for the fall semester of this year has been \$32,200 or \$100 scholarships for each of 322 recipients.

The program has generated \$833.00 for the university from the 154 students returning and the 322 new students, according to calculations by Delton Moore, director of institutional research at WTSU.

Officials have announced that ultra-low volume Malathion will be applied in the sixteenth year of the High Plains Boll Weevil Control Program at a contract cost of \$3.59 per gallon.

The price was revealed by Ed Dean, Field Service Director of Plains Cotton Growers, Inc., Lubbock, following competitive bid openings at the PCG offices October 3. Ten bids were received, ranging in price from the \$3.59 low to a high of \$8.10 per gallon, with the contract awarded to low bidder Scam Flying Service of Panhandle, Texas.

In 1978 two contractors were used in the program, one at \$2.24 and the other at \$2.28 per gallon.

Three things account for the higher price this year, Dean says. "The price of aviation gasoline has almost doubled, indications are that the number of acres to be sprayed this year will be considerably less than last, and the fields to be sprayed by a single contractor are scattered from Briscoe County on the north to Dawson County on the south."

The first application this year will involve four applicator planes, to take the air October 8. Subsequent sprayings, weather permitting, will cover all weevil-infested cotton every seven days until the weevils' food supply is destroyed by frost, Dean said.

Scouting teams have been surveying the control zone for the past six weeks and have targeted about 20,000 acres for spraying in the initial application. The first spraying in 1978, beginning on September 27, was aimed at almost 200,000 acres.

Aggregate acreage sprayed last year came to about 600,000. "But with the smaller weevil numbers this year and the later start," Dean states, "it's a virtual certainty that the total acres sprayed this year will fall far below that figure."

Weather-induced late plantings in the control zone along the eastern edge of the High Plains and the Low Plains just below the Caprock was one of the big factors keeping weevil populations below normal this spring, entomologists say. Weevils emerging from hibernation in the early spring, they explain, soon starved to death because there was no cotton on which to feed.

The Boll Weevil Control Program was organized by PCG in 1963 to stop the spread of boll weevils from below the Caprock across the vast acreage of cotton on the Plains to the west. It is jointly financed by High Plains cotton producers in PCG's 25 counties and the U.S. and Texas Departments of Agriculture.

### New Home News

Mrs. Don Sharp, brought her kindergarten class on a field trip to the New Home Post Office Monday, Oct. 1. The children enjoyed seeing how the mail is taken care of in a post office and Mrs. Davies made pictures of the group when they were ready to return to school.

C.G. Kieth and J.W. Edwards were in Post Sunday for the OS Ranch Steer Roping at the historic OS Ranch 13 miles southeast of Post.

Bob Poer was dismissed from Methodist Hospital and returned home Thursday, after undergoing open heart surgery on Tuesday, Sept. 25.

Jim and Betty Jenkins of Half Moon Bay, Calif. came Sunday to visit his sister, Mrs. J. W. Edwards and family. Monday, Ina Mae, Jim and Betty went to Post to see their sister, Edith Crispin.

Mrs. Don Sharp entered Highland Hospital Friday afternoon and had an emergency appendectomy. She was dismissed and returned home Sunday and expects to be back with her kindergarten class next Monday.

Mr. and Mrs. J.W. Redding of Dallas and T.J. Poer, Haskell were here a few days with Mr. and Mrs. Bob Poer.

Mr. and Mrs. E.M. Rudd and Mr. and Mrs. Marlow Rudd and children were in Ruidoso, New Mexico the weekend.

Laura Nettles was hostess at a Lingerie Luncheon in the Gold Room at Hemphill Wells in Lubbock Saturday, Oct. 6, honoring Zona Renea Zant, bride elect of Dow Furgerson of Sterling City. Other guests were Mrs. Dale Zant, Terry Young, Susan Zant, Anne Grey, Peggy Morrow, Ann Wyatt, Vicki

Zant, and Mitzi Blake.

Mr. John Jacobs was taken to the Lynn County Hospital by the Tahoka ambulance about midnight Thursday, after being injured when the van he was driving home from work overturned. John is employed by the Triple A Coffee Co.

Mr. and Mrs. Alton Hobbs of Lubbock visited here Sunday with his sister, Mrs. Louie Holt and attended evening services in the New Home Baptist Church.

Mr. and Mrs. Darrell Smith returned home last week from a visit with Mr. and Mrs. D.W. Harris in Shawnee, Okla. and with Mr. and Mrs. Wade Smith in Calico Rock, Ark.

Mr. and Mrs. Cip Estrada visited her mother, Mrs. Martina Martinez at College Station last week from Saturday until Wednesday.

Everyone is invited to a Turkey Shoot Saturday, Oct. 13 at 10 a.m. 2 1/2 miles north of New Home sponsored by the Lubbock Saddle Club. Charlie Hemmeline remains in the Highland Hospital, Room 159.

We were in Irving over the weekend with Dan and Jane Cowan.

### Homemakers Club Meets

Liberty Belles Extension Homemakers Club met in the home of Karen Taylor in Tahoka on Monday night, Oct. 1.

There were 23 members present and one visitor.

Officers were elected for next year. They are president, Judy Gandy; vice-presidents, Karon Durham and Katy Gatzki; secretary-treasurer, Viola Davis; reporter, Gerry Turner; social chairman, Sheila Fillingim; council delegates, Judy Fillingim and Pam Nettles; alternate, Teresa Armes; Stock Show Chairman, Sherree Morris.

The club voted to have the bread booth again at the Harvest Festival in Tahoka on October 13.

The next meeting will be Nov. 5 at Judy Gandy's. Karon Durham will present a program on Christmas Decorations. Secret Sisters will be revealed with the exchanging of Christmas presents.

It was reported that the Christmas Party would be at the Country Squire Dinner Theatre on Dec. 8.

When buying life insurance, consider the "waiver-of-premium" option which frees you from paying your annual premium if you become disabled, advises Linda McCormack, a family resource management specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

**Firewood Buying Tips--**  
When searching for firewood, shop wisely and buy the right kind of wood, advises a forestry specialist with the Texas Agricultural Extension Service, Texas A&M University System. A standard cord contains 128 cubic feet (8feet x 4 feet x 4 feet) while a face cord, or "short cord," measures 1/2 to 3/4 of a standard cord. Buy dry, lightweight wood. Live oak, hickory, white oak, post oak, red oak and pecan are long-burning woods with a high heat output.

### Amherst Defeats New Home

The New Home Leopards were defeated Friday night 37 - 9 by the Amherst Bulldogs.

A field goal by Mickey Kieth in the second quarter and a fourth quarter touchdown run by Robert Estrada accounted for all the scoring. The Leopards ended the night with 14 first downs and 222 net yards, 139 rushing and 83 passing.

Leading rushers for New Home were Robert Estrada with 54 and Billy Paul with 53. Defensively, Stoney Gill led the Leopards with 16 tackles; Ricky Roberson had 14.

New Home will meet Klondike there October 12 at 7:30 p.m. The Leopards start district with a 3-2 record.

Power tools can make work easier, says Claudia Kerbel, a consumer information specialist with the Texas Agricultural Extension Service, The Texas A&M University System. But misused, they can be a source of danger, she cautions.

# COTTON TODAY

A NATIONAL COTTON COUNCIL SERVICE

**Insect Research Slated:** The Environmental Protection Agency is providing \$3 million per year to a group of 15 universities to develop new pest control strategies for cotton, soybeans, apples, and alfalfa. The project will be under the direction of Drs. Perry Lee Adkisson and Ray E. Frisbie of Texas A&M University.

**Korea Gets Cotton Credit:** The Commodity Credit Corporation has established \$50 million in direct credit to Korea to finance the sales of about 150,000 running bales of cotton. Deliveries must be completed by August 31, 1980. CCC also has announced up to \$100 million in protection for private financing to U.S. exporters who sell cotton to Korea.

**Export Sales Rise:** Sales of 181,800 running bales of cotton during the week ended September 23 brought the current season's total commitments to 4,630,200. The principal buyers were China, 57,000 bales; Korea, 42,300; Taiwan, 15,900; and

Japan, 14,900. The week's exports of 101,600 running bales brought the total shipments to 772,300 thus far this season, compared with 824,000 a year ago.

**Cotton Conferences Set:** St. Louis will be the site for the 1980 Beltwide Cotton Production Research Conferences in January. The conferences are sponsored by the National Cotton Council and The Cotton Foundation in cooperation with other groups.

**And Cotton Yesterday:** Texas cotton farmers produced over 6 million bales in 1949—an all-time high.

Despite the current fashion emphasis on skinny-leg fashions, 18- to 23-inch-wide pant legs are currently the best sellers, reports a clothing specialist, Beverly Rhoades, with the Texas Agricultural Extension Service, The Texas A&M University System.

**ASCS OFFICE HONORED--**The Tahoka office of the ASCS recently received a Certificate of Merit Award for outstanding service. Shown with the award here is the entire office staff. From left are Geanne Forsythe, Mary Williamson, Sharron Smith, manager Jimmy Woodard, Brenda Isbell, Nedra Young and Betty Harston.

## Tahoka ASCS Office Earns Merit Award

The Tahoka office of ASCS has been presented a Certificate of Merit Award for outstanding service by the employees of the Lynn County office to agriculture. Jimmy W. Woodard, county executive director, accepted the award at ceremonies at the Texas state ASCS office in College Station in September. Lynn was one of three counties in

the state recognized for outstanding service to farmers from August 1978 through July 1979. During this time 730 producers in the county received \$8.5 million disaster and deficiency payments for the 1978 crop year. Seven employees staff the Lynn County office which serves 1,457 farms, according to Woodard. In addition to helping

farmers obtain payments for drouth losses as in 1978, the ASCS also serves through price support programs, with the cotton loan program used by several county farmers. Loans are made on cotton from the Commodity Credit Corporation through the local office, which also administers the Agriculture Conservation Program and other emergency programs, Woodard said.

FRIDAY- Fish with tartar sauce, seasoned blackeyed peas, buttered potatoes, cornbread, and peanut butter cake.

WELCOME TO HARVEST FESTIVAL!

## A Visit With Your County Agent

By Stanley Young

Once this year's crops are in, you can get a jump on the 1980 season by getting your soil tested and then arranging for your fertilizer needs.

Soil testing is one of the wisest moves a farmer can make. It provides a "blueprint" for fertilization practices for the coming season's crops.

Knowing your fertilizer needs for the 1980 season may be particularly helpful this fall for several reasons.

First, you may want to make arrangements or contract for your fertilizer supplies as soon as possible since prices will likely go up in the months ahead as demand increases. Fertilizer use is expected to go up next spring due to increased production as a result of no government set-aside programs for spring crops.

You can also reduce your 1979 taxable income by purchasing next year's fertilizer before the end of the year. Due to improved crop prices and the likelihood of higher farm profits this year, advance buying of fertilizer could be a wise move. This is particularly true if cash is available so that high interest rates for borrowed money can be avoided.

In addition to these reasons for fall soil testing, another plus is that fall is usually a better time to take soil samples due to more favorable weather conditions. And fall soil testing beats the spring rush.

You may come by the county Extension office to

pick up soil test cartons along with instructions and information sheets.

Since each field should be sampled every two or three years, make certain you are "up to date" on your sampling procedure. Also, when you receive your soil test results, compare them to the last results from the same field to see if any changes in fertilizer needs have taken place. Soil test results provide valuable records.

## N.H.S. News

The National Honor Society will host a Homecoming Supper in the school cafeteria. The supper will consist of black-eyed peas, cornbread, and ham. Salads and desserts will also be served.

Tickets may be purchased from any NHS member. The price will be \$3 for adults and \$1.50 for children.

## Billy Whitaker

Assistant County Extension Agent

Says...

"Opportunity" is calling for Texas youth. Whether or not they answer the call can have an important effect on their experiences down the pathway of life.

That opportunity is 4-H, a youth development program for boys and girls between the ages of 9 and 19 conducted by the Texas Agricultural Extension Service, Texas A&M University System.

And, now during National 4-H Week, is an excellent time for interested youth to learn more about 4-H and its action-oriented, learning-by-doing, programs.

4-H provides youngsters an opportunity to learn something that will help them in everyday life, such as health, safety, conservation, leadership, citizenship and nutrition. Then there are learning opportunities that may lead to a fuller and richer life, such as knowing how to tune a small engine, how to grow vegetables, how to cook and sew, and how to raise and train an animal, to name only a few.

And there's a uniqueness about 4-H that makes it a special type of program. 4-H is something different to everybody because of the different backgrounds and

experiences of each every member. Thus, boys and girls learn from another by sharing their experiences, plus they have additional experiences their own through guidance from adult leaders and Extension professionals. Extension professional staff backing up the program offers another unique advantage. In whatever area a youngster's interests lie, there is knowledgeable specialist provide background and training to guide the youth along the way.

4-H also involves youth's family—it's a family affair. Many 4-H experiences happen at home, and where 4-H'ers actually work with their projects. So you and their families work learn together. Hopefully, these experiences will become more open and become more close-knit.

4-H provides an opportunity for youngsters to "practice" for the real experiences they will encounter in the future.

Any youth or parent interested in the program are encouraged to contact the county Extension office.

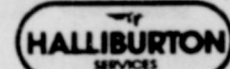

## WANTED: OIL FIELD EQUIPMENT OPERATORS

Halliburton Services has openings for Oil Field Equipment Operators. Job responsibilities include driving a truck to deliver bulk cement to an oilfield location, transferring cement to field storage bins or mixing equipment, and operation and maintenance of assigned equipment.

Applicants should be 19 or over, in good health, have or get a commercial driver's license, have good driving record and have some mechanical aptitude. Experience would be helpful but is not required. Halliburton Services offers generous wage and benefit plan.

Apply in person and talk to Joe Fowler or Joe Risenhoover at the Snyder yard, located at the intersection of Highway 1611 and Highway 161, approximately 8 miles north of Snyder.
