## WOODWORK

by dalton

SOMEONE ASKED us the other day where the "blue moon" originated, and, of course, we had no idea. Like most other folks, we've heard phrases like "once in a blue moon" (indicating a fairly unusual or rare happening), and phrases like "The Moon Is Blue," or "Blue Moon of Kentucky, keep on shining..." or just plain old "Blue Moon".

In those song and movie titles, the term appears to mean a kind of feeling, rather than a color. It's good because anybody who isn't color blind sees the moon is yellow, not blue.

From an old Spike Jones record, we understand Danube isn't blue, either. Maybe you remember the song: "It's time we all came clean; Danube isn't blue, it's green."

\*\*\*

IN LUBBOCK some gink the other day was saying that it isn't true that most people want to say prayers or otherwise worship God in public schools. He said lots of folks are opposed to any kind of religious aspect in schools, but they're afraid to say so, because folks would look down on them.

Of course, all those who scream everytime somebody whispers a prayer or carries a Bible to school should be looked down on.

It's kind of like the psychiatrist telling his patient: "The reason for your inferiority complex is because you are inferior."

\*\*\*

CARE VERY little about professional baseball, I really wasn't sure who was playing in the World Series until the second game or so. However, I do think the Series is a great thing for American sports, for one simple reason: it gets Howard Cosell off the football games for a week or two.

\*\*\*

FOLKS around here are pretty excited about the Bulldogs' chances of beating Seminole down there Friday night, and a lot of fans are likely to be on hand to support the team down in Indian Territory.

We thought the line we're using on the football this week was catchy ("You can bet your bottom dollar..."), but perhaps we should say that we're really not advocating that you do this. And if you do, don't let the county attorney catch you at it.

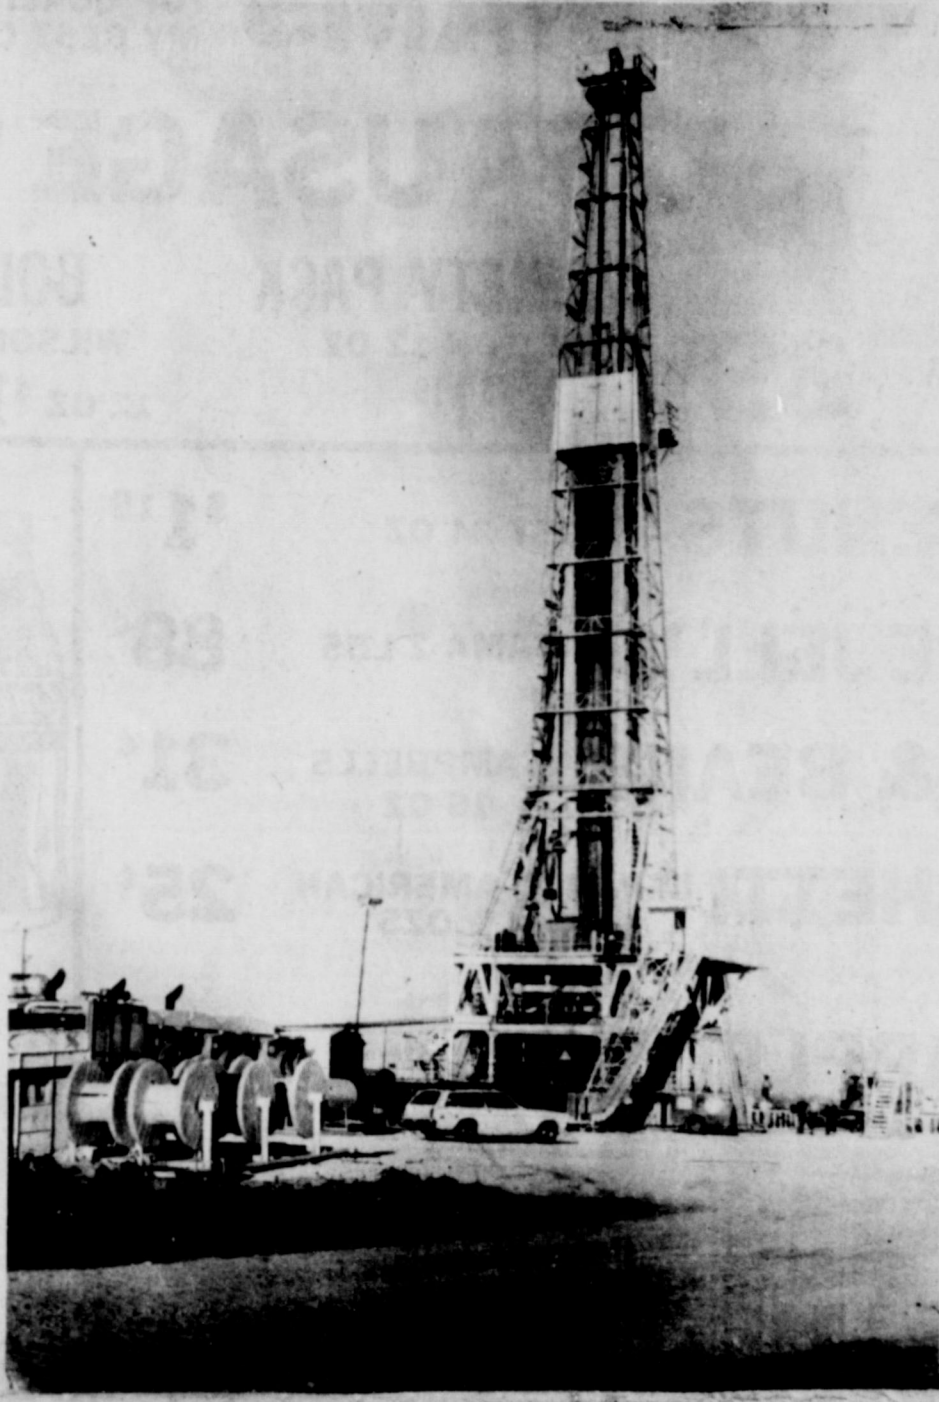

\*\*\*

THE JOKER on Ave. J says when a habit begins to cost money, it's called a hobby.

\*\*\*

ONE OF THE WOMEN at First National Bank had her necklace caught in a typewriter the other day, and couldn't get it out. The gold chain somehow got down in between and under the keyboard and just wouldn't budge.

Once she might be a bit embarrassed, we won't blame her, but if you go to the bank, she's easy to spot. She's the one with a typewriter hanging around her neck.

**BIG RIG**--Reaching 167 feet into the sky is Rig 10 of Santa Fe Drilling Corp., which has been drilling a test oil well southeast of Tahoka. It is believed to be the largest rig ever used in Lynn County.

## Tahoka Man Sentenced In Lynn Operation

Police investigated four accidents in the city during the last week, and a man previously charged with attempted burglary pleaded guilty of that charge and drew a probation sentence plus a fine.

Ruben Garza, 32, of Tahoka, waived grand jury indictment and pleaded guilty before District Judge George Hansard. He was assessed a five-year jail term, probation, and fined \$500 plus court costs and restitution of \$30 for damages to a home he attempted to enter the previous week.

Saturday night at Ave. J and S. 2nd a 1964 Ford driven by Ruben Isidro Fuentes of Tahoka and a 1978 Chevrolet pickup driven by Mary Ferguson Morgan of Denver City collided.

On Tuesday afternoon a collision at S. 1st and Ave. J involved a 1966 Pontiac driven by Karen Dee Chapa of Tahoka and a 1978 Mercury driven by Sudqi Alayyan of Lubbock.

No reports on the other two accidents were available. Officers broke up a disturbance between a Tahoka man and his wife at a

drilling on a test well three miles southeast of Tahoka was expected to be halted at a depth just over 10,000 feet this week as operators assess the results of the exploration. Drilling reached 10,050 feet Monday, according to a Tahoka man involved in the venture.

The oil rig owned by Santa Fe Drilling Corp. has been drilling the Shell-Huffaker No. 1-469 well, and is believed to be the largest rig ever to drill for oil in Lynn County. The drilling platform is 25 feet above the ground and the mast is 167 feet high. Supporting the rig is a solid

concrete slab 40x60 feet. Power for the rig is electricity generated by five diesel motors of approximately 1700 horsepower each, with the big motors burning about 1,000 gallons of diesel fuel daily. It took 50 trucks to move the rig to its location, it was reported. The rig has a capability of drilling to a depth of 24,000 feet.

Four six-man crews who operate the rig live in Odessa and Monahans and most of them have been with the rig for several years. They are all proud of the rig, which several times has won the designation of "rig of the month" as shown by plaques on the rig, and they wash and clean the rig and all of its support equipment almost daily with kerosene, soap and water.

The rig has operated mostly in the Permian Basin area and in New Mexico. Crew members agreed, though, that "Tahoka people are the friendliest we have ever met."

GO BIG BLUE!

## Cool Customers Enjoy Harvest Festival Here

Lynn County's fourth annual Harvest Festival took place on a cool breezy Saturday, but lots of folks turned out to buy things at booths around the square, visit the fair, hear the bands, dance and do all the other things which are part of the activities, and festival sponsors said it all was a big success.

Winners in the Friday parade--a combination Harvest Festival and Homecoming event--were senior class in the class division, followed by sophomore and then freshman floats. In the organization division, DECA float was first, with Spanish Club second and Future Homemakers of America third. Honorable mention floats went to Class of 1959, 1990 Harvest Festival Queens, Boy Scouts, Tahoka Daisy, Cub Scouts and Tahoka Auto. Timothy Young was judged as having the best bike in the parade.

Josie Alvarado, a Tahoka High School sophomore, was named Harvest Festival Queen Saturday. From the queens contest, Wilson Booster Club netted \$316.24 from ticket sales by Wilson candidates and New Home Fire Dept. got \$158.12 from sales by New Home candidates.

Tahoka Firemen won the men's bicycle race, with New Home Firemen second, Tahoka Rotary Club third and Bulldog Booster Club fourth. In the women's race, Pridmore Aerial Service won first, and Explorers were second.

At the fair, the Best of Show award went to Mrs. Bernice Clem for an oil painting. Most Original entry was Steve Greer's exhibit of a model John Deere cotton stripper. The Fabric Place won the

Spirit Window Award. Hall winners at school were junior class, first; followed by seniors, sophomores and freshmen. Door winners were also named at school.

The eighth grade class won the title of "Superstars" in competition with five other classes at school. Sponsors of that portion of the two-day celebration said the eighth grade won with 1,277 tokens.

Seventh grade was second with 819, and behind them in order were 10th, 9th, 12th, and 11th grades. Students participating in this event raised approximately \$100, sponsors said.

The Harvest Festival portion began at 10 a.m. Saturday and went all day, closing just before midnight with the end of the street dance.

**FESTIVAL QUEEN**--Josie Alvarado, 15-year-old sophomore at Tahoka High School, and daughter of Mr. and Mrs. Jesse Alvarado, was selected by a panel of judges as the 1979 Harvest Festival Queen Saturday. Selection by the out-of-town judges was made after six finalists were questioned onstage at the pageant on the courthouse lawn.

## Jury Hears Railroad Suit Against County

A 106th District Court jury was to decide Wednesday in a suit against Lynn County by Atchison, Topeka and Santa Fe Railway Co., seeking judgment of \$27,602 against the county as a result of derailment of a locomotive and six rail cars at a crossing on FM 213 southeast of Tahoka on Aug. 4, 1975.

Jury was chosen Monday in the case heard in the court of Judge George Hansard of Lamesa, and testimony was heard Monday and Tuesday. Testimony wound up Tuesday.

Alleging that the derailment was a result of damage to the rails caused by a county road grader, the railroad's attorneys called several witnesses, including the train's engineer, and presented by deposition

testimony of a man employed by the county as a grader operator at the time of the incident. Owen McWhorter of the Lubbock firm of McWhorter, Cobb and Johnson, was lead attorney for the plaintiffs, and the defense was led by County Atty. Gerald Huffaker, with Harold Green assisting.

Although five criminal cases and several other civil cases were on the docket for jury trials here this week, no other jury trials were held.

One defendant, Larry Don Moore, pleaded guilty of a charge of possession of marijuana and was assessed a penalty of five years in prison, probation. Hearings were reset for Nov. 12 in the cases of two former area gin managers accused of thefts. The two are Don Rogers,

formerly manager of Farmers Gin, Inc. of Wilson, and Bill Lentz, who was manager of Producers Co-op Gin at Grassland.

Ten other civil cases on the docket were passed to the next term of court, including a lawsuit by Johnny DeLaRosa Flores against Rim Rock Grocery, seeking \$580,000 as a result of an alleged fall in the store in 1978.

A plea of privilege was scheduled to be heard today (Thursday) in the case of 12 farmers suing three cooperatives for damages totaling \$45,773 in relation to sunflower growing contracts in 1975.

One case, that of Roy Simmons against Lynn County Hospital, was dismissed at the request of the plaintiff.

### \$1,000 DONATION PROVIDES BIG BOOST

## County Library Seeks Fund Support, Plans To Open More Hours

Starting Nov. 2, the Lynn County Library will be open afternoons a week, from 12:30 to 5:30 p.m. in order to serve library patrons better, it was announced this week.

The library now also has available books from the Texas Library System, meaning that reference or material needed by patrons, for example, in genealogical research, may be obtained without charge, although a few days notice in

advance of what is needed will need to be given to the librarian.

These were among developments announced at a meeting of the library board last Thursday afternoon, as the board members discussed new plans to obtain permanent financing to get more books, keep the library open more and otherwise qualify the library for permanent membership in the WTLS.

A committee to organize a Friends of the Library group, to raise funds to supplement the amounts paid to the library by the city and county was named, and it was discussed how to keep the library going until donations start coming in on a regular basis.

The board was surprised and pleased as Mrs. Lady Stewart, longtime supporter of the library and member of the board since it was

organized in 1935, announced that she would give \$1,000 to start off the library expansion fund "to save it for now." Board chairman Biney White and members present Thursday expressed appreciation to Mrs. Stewart for the gift, and she explained that she was doing it in the hope that others would be motivated to give to the library fund also.

Mrs. Glo Hays, chairman of the committee to organize

contributions to Mrs. Joyce Kahlich. "If we can get enough people to give \$5 or \$10 a month to the library, we can operate it more hours, pay the librarian's salary and still have more money for books," Mrs. Hays said. She added that one-time donations of any amount also will be welcome, from businesses or individuals. It was noted that all donations to the library are tax-deductible.

The library currently receives \$200 per month from the county and \$50 per month from the city.

At present the library is open just 8 hours a week. The 15-hour schedule starts in November, and plans are to expand to 20 hours or more next year.

Among those who already have donated to the library, other than Mrs. Stewart, are former librarian Mrs. Anne Kaddatz, now living in

Portland, Ore., the Tahoka Chamber of Commerce and the Lynn County News.

Librarian Mildred Sherrill reported that 164 adult books and 24 children's books were checked out during September. Much greater usage of the library is expected once parents and teachers become aware that current reference material may be obtained through the WTLS, and once the library is open from 12:30 to 5:30 p.m. Monday, Wednesday and Friday.

# Dogs Rack Eagles 26-0, Head For Indian Territory

By DALTON WOOD  
So far as the Tahoka Bulldogs are concerned, this show down time in District AAA, the chips are down, the biggest game of the season so far, and all that is left to do is to win. Because the Bulldogs are going down to Seminole to face the rugged Indians who most people think are the team to be favored in the district race.

Only common foe of the two teams is Roosevelt, whom the Bulldogs blanked last Friday night to win their second district game in a 4-1 season. Seminole beat Roosevelt 41-0 the previous week, and stopped Denver 14-0 last Friday.

## Tahokans See Action At Texas Tech

Two Texas Tech football players from Tahoka saw a lot of action as the Picadors met a 42-7 decision to Houston freshman in Lubbock Monday night, and Clifford Bailey was the leading rusher for Tech, gaining 81 yards in 14 carries.

The other Tahoka player, Jerry Hatchett, played most of the game on defense, in a secondary. He was injured once, but came back later.

6 Penetrations	0

ability to beat Seminole, but all know that the Bulldogs will have to play their very best and avoid mistakes to do it.

It was Roosevelt which made most of the errors last Friday at Tahoka's homecoming game, losing the ball four times on fumbles and twice on interceptions, by Tracy White and Ricky Chapa.

**White Effective**  
White rambled for 219 yards on 24 carries and scored touchdowns on crowd-pleasing runs of 55 and 75 yards. Clifford Oages, the Dogs' other top running back, gained 120 yards in 26 carries and played a terrific game on defense, delivering some hits that made onlookers wince and Eagles groggy.

In addition, Quarterback Todd Brown gained 59 yards in just six carries, including a 16-yard touchdown run on the first play of the fourth quarter.

Altogether Tahoka gained 398 net yards rushing while holding the Eagles to 126 yards total offense. Tahoka did not complete a pass in the game.

Tahoka mounted a good

drive in the first quarter which was stopped by a penalty, but with 2:11 left White made a nice 55-yard run, showing excellent balance after the last man for Roosevelt hit his ankles, and then getting away for the touchdown. Guard Kevin Elmore kicked the point and it was 7-0.

With just 43 seconds left in the first, an Eagle runner was hit by End Brad White, and fumbled. The ball was kicked around toward the Eagle goal line by several players trying to get it, and finally Bulldog tackle Luchion Thompson fell on it in the end zone to realize the lineman's dream of scoring a

touchdown. Elmore kicked again, and it was 14-0.

Thompson played a terrific game on defense, as did Oages, middle linebacker Jacky Jolly and several others. For Roosevelt, good defensive work was turned in by down lineman Feliciano Romo and outside linebacker Al Thompson.

Roosevelt put on its best drive in the second quarter, going down to the Tahoka 31, but Danny Thompson recovered a fumble to stop it there. Brown broke loose on a 32-yard run to the Roosevelt 18 a little later, but the drive died on downs at the 11. Tahoka moved to the 5 where a fake field goal with

7 seconds left lost 10 yards as Tracy White couldn't find the handle, so it was still 14-0 at the half.

At halftime, Starrlyn Knox, a senior and daughter of Mr. and Mrs. Leighton Knox, was crowned homecoming queen.

The third period also was scoreless, but Brown opened the fourth by running 16 yards untouched behind a good block by Jolly, who plays guard on offense. This try for point and a later one were both muffed.

The fourth period featured several exchanges as Tahoka Tackle Doug Barham recovered a fumble, Romo

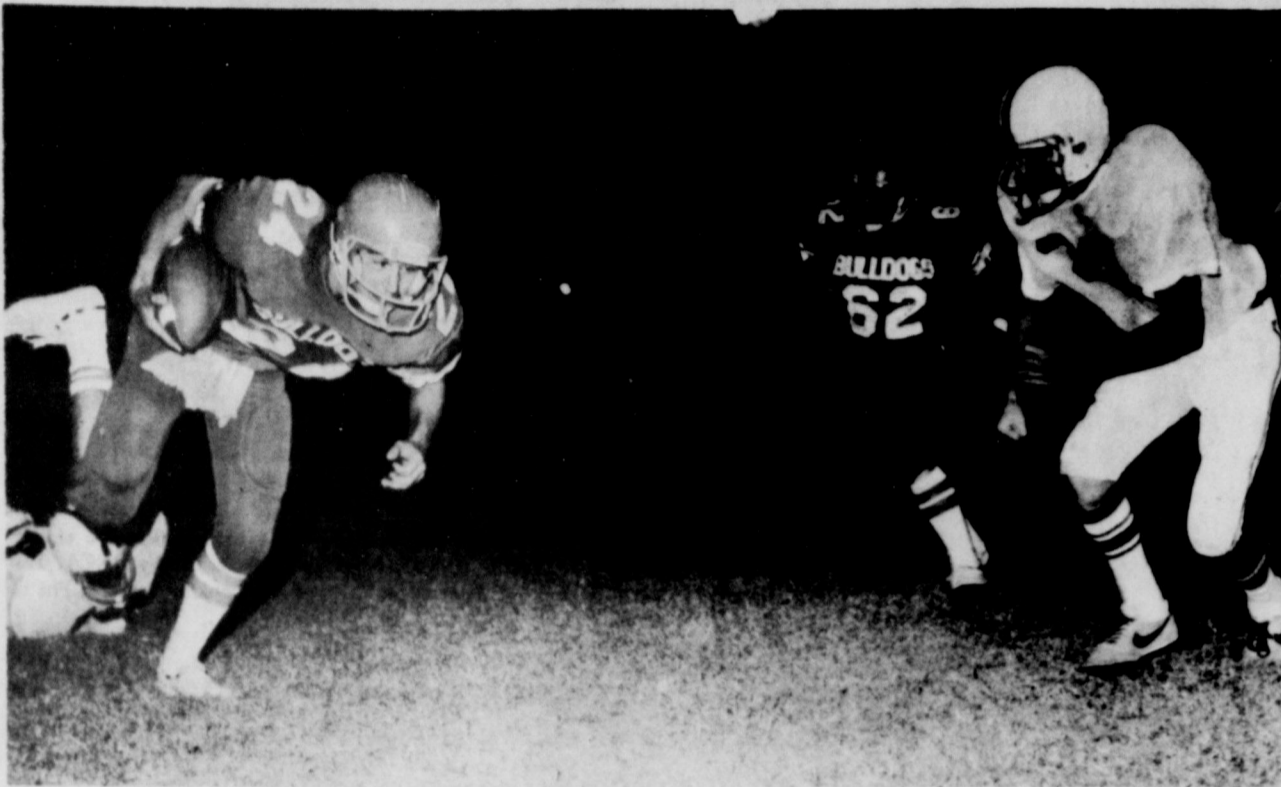

recovered one for Roosevelt and Tracy White intercepted a pass to halt a Roosevelt drive. White capped things off with a 75-yard run, showing his heels to a pursuer with just 55 seconds left to wrap it up at 26-0. Alan Curry recovered an Eagle fumble on the ensuing kickoff to end the action.

## Sales Tax Returned To City

State Comptroller Bob Bullock Monday said Texas cities shared \$22.2 million in rebates from the one-percent local option sales tax for October. Tahoka's net payment this period was \$1,635.69, down \$163.56 from the same period last year.

O'Donnell's net payment to date for 1979 is \$8,321.92. Wilson's 1979 payments to date are \$2,828.30.

Tahoka's 1979 payments to date are \$35,717.41.

**BROWN COVERS GROUND**--Bulldog Quarterback Todd Brown runs for a good gain against Roosevelt as the Dogs beat the Eagles 26-0 Friday night. At right are Tackle Kelly Gass and Roosevelt End Deck Goddard. Tahoka plays at Seminole Friday night. (Photo by Charlie Holland)

## Advisory Unit Sets Meeting

A meeting of the Title I Regular and Title I Migrant district-wide Parent Advisory Council is scheduled Oct. 29, at 7 p.m. in the school cafeteria.

All interested parents are encouraged to attend.

## School Enrollment Trails 1978 Total

Total enrollment in Tahoka Public Schools is up slightly from a month ago, but still is

### New OIC At Tahoka

Lubbock Sectional Center Manager, Postmaster Elmer J. Reed, Jr., announced that effective Oct. 6, John J. Kemp was appointed Officer-in-Charge at Tahoka, Texas.

Kemp is 39 years of age, has 18 years of service, and is a native of Post, Texas. He began his postal career at Post, Texas in 1961, as a clerk. His experience includes carrier and supervisor duties.

Kemp attended West Texas State, and has taken numerous Postal Service management courses. He is married, has two daughters, and his hobby is hunting. He

is a member of the First Baptist Church in Post, Texas.

Kemp will serve as OIC until a new postmaster is selected.

School board members went into closed session to discuss a personnel matter, and after the session was opened voted to hire Miss Jerri Wyatt to teach junior high mathematics. Miss Wyatt taught at McAdoo the last two years.

The board voted to change its meeting time next month to Nov. 15, instead of Nov. 8, and to start at 7:30 p.m. from now on.

Business manager David Roberson gave a financial report. It was noted that the school recently borrowed \$120,000 to operate on until taxes start coming in. The note is to be paid off in 90 days. The action is customary for this time of year.

Jeff Brandon has been appointed as the school board's representative to the new countywide tax appraisal board. He joins Larry Hagood, appointed to represent the City of Tahoka and Lynn County; Cates Zant, representing New Home city and schools; Tommy Woolam, representing O'Donnell city and schools; and Tom Freitag, Wilson city and schools.

It was reported that the taxing agencies in the county have entered into contract with McMorris appraisal firm of Hereford to reappraise property in the county at a cost of \$83,500.

### Jr. Class Offers Refund

The Tahoka High School Junior Class wishes to apologize to those people who ordered mums and did not receive them and to those whose orders were incorrect. Due to circumstances beyond our control, some of the flowers were not available for delivery.

Those who did not receive their corsages and wish a refund need to go by the House of Flowers.

## LIFESAVER.

"Whether you're lost in a strange neighborhood, or just going to be late for dinner, a telephone booth is a welcome sight. That's why it's important that we keep them in working order. In my job, I do more than collect the change from the coin box. I also make sure that the instrument is working correctly. If it needs minor repairs I do them on the spot. That way, we make sure that you get a working phone when you need it. That's one reason I'm proud to be one of the people General Telephone is talking about when they say 'We keep you talking.'"

Dean Winkles, Coin Telephone Collector, Texarkana, AR. One of the 100,000 GTE professionals who are working to bring you better and more efficient telephone service.

# Scenes From The Fourth Annual Lynn County Harvest Festival

Homecoming Queen Starrlyn Knox is barely visible as she is crowned by last year's queen, Blynn Roberson, but at least brother Jayson Knox can be seen in background. Looking on is Jolene Mayberry Hawkins, queen of the 1959 homecoming, which was the honor class.

FLOAT WINNERS--First place winners in the homecoming float competition are shown here. Winner in the organizations division is shown above, the float made by DECA. The senior class float at bottom won first in the class division. It said "Looking for Our Pot of Gold".

Tracy White zips along.

Finalists in the Harvest Festival Queen contest are onstage for questioning by Emcee Craig Smith, whose head we chopped off as penalty for hiding finalist Amy McNeil behind him. The other finalists, from left, are Denissa McNeely of Wilson, Connie Chambers, Andra Draper, Cheri Bragg and Josie Alvarado, who was chosen queen.

Eviction Notice Given.

COMING SOON! SCOUT'S HALLOWEEN CARNIVAL.

## Wilson News

By Marsha Chisum

The 1980 Corral, the school annual, is now on sale. If you are interested in ordering one of these new edition books, contact Marsha Chisum at 628-2801 or by the school any day. Any annual staff members can also take your order.

This year's annual will be the summer annual. This year's annual will be the summer annual. This year's annual will be the summer annual.

The price for the book is \$1.00. If you wish to have a custom cover for your book, add 50 cents and for a name in gold on the cover, add \$1. Any combination is possible.

Orders accompanied by payment for these 1980 books will be accepted through Oct. 26. Don't wait. Order yours today.

The junior high Mustangs defeated Sands 20-0 last Friday night in their opening game. Sammy Nava was the first touchdown scorer with a 52 yard run from Nava to Joel Speizer. Keith Spears had a 25 yard touchdown and the two point conversion was a pass from Nava to David Ehlers. The outstanding defender was Roland who led in tackles and

intercepted two passes. The win brought the Mustang record to 4-0 for the season. They will meet Meadow at home this Thursday in a crucial district test. Meadow is also undefeated this year.

Concession workers are reminded to bring sandwiches to the junior high games and buns and weiners to the high school games. If you are unable to work please find a replacement. Thank you.

Several ladies from the St. John Lutheran Church attended the American Lutheran Church Women Southern District 7th Tri-Annual Convention October 12-14 at the Marriott Hotel near the Astro Dome in Houston. Those attending were Charlotte Freitag, Linda Wilke, Carolyn Klaus, Mary Wilke, Oneita Steinhauer, Yuanell Breiger, and Betty Ehlers.

The Athletic Booster Club is meeting at 7:30 p.m. now in the school cafeteria on Tuesday.

### Wilson Captures First District Win

The Wilson Mustangs opened district play at home last Friday night with a 36-8 victory over the Sands Mustangs. On their first

possession of the game Wilson drove the ball to the 1 yard line where junior tailback Randy Hall scored. Donald Freitag added the extra point to give Wilson an early 7-0 lead.

On their next possession Bobby Garcia scored for the Mustangs from 4 yards out and Jon Cox carried for the extra two points. With 2:32 remaining on the clock in the first quarter, Hall returned a punt 55 yards to paydirt. Seconds later Freitag and Cox tackled the Sands quarterback in the end zone for a safety ending the first quarter scoring 23-0 in Wilson's favor.

The Blue and White got on the scoreboard again early in the third quarter when Garcia intercepted a Sands pass and scored from 30 yards out. Mitch Bartley added the extra point kick. With 6:53 on the clock in the third quarter Hall broke for a 45-yard run and the final touchdown for Wilson. Late in the 4th quarter Sands was able to score and add a two point conversion.

Hall was the leading Wilson rusher with 86 yards on 9 carries followed by Tim Bednarz with 32 yards on 7 carries. Bednarz connected passes to Cox for 8 yards, Freitag for 21 yards, and Hall for 15. Defensively, Quintin Talkmitt had 16 tackles followed by Rick Schwertner, 13, Cox with 12, Freitag with 11, and Kendall Wilke with 10.

Team totals showed Wilson with 11 first downs, 176 yards rushing, 44 yards passing. Sands had 13 first downs, 87 yards rushing and 50 passing.

The Wilson Mustangs now 4-2 for the season, travel to Meadow this Friday night for their second district clash. Meadow is undefeated this season. Kick-off is set for 7:30 p.m.

### Wilson Man Is Re-Elected

W. R. STEEN  
W. R. Steen of Wilson recently was re-elected to serve his second term on the Lynn County Soil and Water Conservation District board of directors. He represents Zone 1 of the district which is approximately the northeast quarter of Lynn County.

There are five zones in the district with a director from each zone who is elected by the land owners of that zone. One director is elected each year in numerical rotation and will serve for five years before he is up for re-election. Steen was first elected in October 1974. He is presently serving as chairman of the board.

Vicki Kahlich, bride elect of Ricky Summitt was honored Oct. 6 with a bridal shower in the home of Mrs. Tom Autry in Wilson. The hostess gift was a set of stainless steel cookware.

Special guests were the honoree's mother, Mrs. Roy Lynn Kahlich of Wilson; Mrs. Marlow H. Summitt, mother of Ricky Summitt; Mrs. W. J. Whitaker, grandmother of Summitt; Miss Martha Whittaker of Lubbock and Miss Jenny Mae Whitaker of Midland, aunts of Summitt; Mrs. Randy Carpenter of Bryan and Miss Tammy Kahlich of College Station, sisters of the bride-elect.

## Letter To Editor

Letters to the editor do not necessarily express the views of this newspaper. All correspondence must be signed, and in good taste before it will be published, and the name of the writer must be published also. Letters to the editor may not be more than two double-spaced typewritten pages.

Dear Editor:

Saturday was one of the most fun-filled days I've experienced in a long time. The Harvest Festival was well organized, well attended and just plain fun. When plans for the Festival were underway, four of our Tahoka teachers felt the need to give our children something to do during the Festival. These teachers, Vivian McAfee, Leta Pearce, Hedy Bufe, and Pam Vaughn, along with students Ronnie Craig, Dusty Cook, and Perry Dunlap planned and executed a tremendous carnival called "Superstars". "Superstars" did indeed entertain a large number of people Saturday; also, "Superstars" earned \$99.04 which was turned over to the Chamber of Commerce office.

Enough praise cannot be lavished upon these teachers that worked so hard. Three of them did not even have children to entertain. Two of them drove from Lubbock to attend planning meetings and the Festival. These teachers are a tremendous credit to Tahoka Independent School District and to Tahoka. My personal thanks to each of them for making Saturday such a fun day for my children.

Another group of people that need to be thanked for their help in making "Superstar" a success is each businessman that contributed to "Superstars". Lankford's was so cooperative! Jim Huckabee of Higginbotham-Bartlett helped so much! Dalton Wood cooperated by advertising for "Superstars". And thanks to our diligent City Manager, Carl Reynolds, for erecting the canopy for "Superstars". A great big thank you to every one of you!

We all know that the eighth grade won the "Superstars" competition; but then we all know too that the fifth graders and the third graders and the kindergartners didn't get to compete this year. Beware eighth graders! These kids are coming up and they'll be tough to beat next year!

Sincerely,  
s/s Glo Hays

Deadline for News Items  
Noon Tuesday

Dear Mr. Wood:  
This letter should be addressed to the citizens of Tahoka, not just the Editor.

This Friday night our citizens will have an opportunity to witness a "Happening." This "Happening" will be known as an "Indian Massacre". To those of you who do not know what this is, it is a football game between the Bulldogs of Tahoka and the Seminole Indians. If you have not seen the Bulldogs play this will be a "Happening" you will not want to miss. The Bulldog football team is as fine a group of young men you will ever see on a football field. Our coaching staff will prepare these young men, both mentally and physically for the task that lies ahead. These young men will give of themselves 150% or more. The entire student body, the band, the faculty, the administrative staff support these boys with all of their energies. All that the Bulldogs need is 100% support from you, the citizens of Tahoka. I urge you to support these young men in their efforts. They will not let you down. Remember, the Bulldog football team represents not only themselves, their school, but the entire community.

See you at the "Indian Massacre" in Seminole.

Sincerely,  
A Bulldog Booster  
Dwain Lusk

FIVE GENERATIONS--Shown above are five generations of the same family. They are Mrs. Dora Carpenter of Tahoka, great-great-grandmother; Mrs. Bessie Stone of Wilson, great-grandmother; Mrs. Juanell Fort of Midland, grandmother; and Mitch Raindl of Lubbock, father; and son Brent Raindl.

## Wilson School Menu

### Breakfast

MONDAY - Donut, pink applesauce, and milk.  
TUESDAY - Waffle with syrup and butter, pineapple juice, and milk.  
WEDNESDAY - Hot biscuits with scrambled eggs, sausage, diced peaches, and milk.

## A Visit With Your County Agent

By Stanley Young

Frost will be hitting Lynn County before long, and this could lead to prussic acid poisoning in livestock grazing certain pasture grasses and forages.

Although many plants contain the toxic material that causes poisoning, those causing the highest mortality in livestock when grazed after they have been frozen and wilted are Johnson and Sudan grasses and sorghum or hybrids of these.

The most dangerous time as far as the grazing of these plants is concerned is following frost when the plant material begins to wilt. Livestock should not be allowed access to the wilted material until it has dried

completely. This usually takes three or four days of good sunlight. New plant growth usually becomes nontoxic and can be grazed within 10 days to two weeks following a rain.

As far as prussic acid poisoning is concerned, the poison acts rapidly and can kill animals within minutes. In most acute cases, animals become affected within 10-15 minutes after eating toxic material and can die in two to three minutes. Symptoms may include a brief period of stimulation followed by depression and paralysis. Signs of colic may be present. Stupor (loss of sensibility), difficult breathing and frequent convulsions

may result. Death is caused by suffocation since oxygen remains in the blood and is not exchanged to the tissues. This also causes the blood to appear bright red.

Steps to prevent prussic acid poisoning in livestock are:

1. Allow plant material affected by frost to dry thoroughly before grazing. This may require a week or more of good sunlight.
2. Feed animals hay or a supplement before turning them in on plants that may contain prussic acid. Animals that are not hungry will not be affected as seriously by toxic material since their intake will be limited.

3. Remove all animals from the pasture if one in the herd shows any signs of poisoning.
4. Call a veterinarian immediately if an animal appears to be poisoned. An antidote to treat affected animals in highly efficient if given early. This product is available from veterinarians.

5. Have suspect plant material checked by the Texas Veterinary Medical Diagnostic Laboratories at College Station or Amarillo. Local veterinarians will be happy to submit samples for you.

The overall key to preventing prussic acid poisoning in livestock is to be aware of plant materials that may cause poisoning and then to keep cattle from grazing such plants until a safe period has passed.

The U.S. Department of Agriculture's projection for a record-high \$32 billion in farm exports this year means a 17 percent increase in value over last year's foreign farm trade.

Japan is the leading single-country buyer of U.S. farm commodities, accounting for 15 percent of the export market.

# COTTON TODAY

A NATIONAL COTTON COUNCIL SERVICE

**WEEVIL BAIT OKAYED:** The Environmental Protection Agency has approved a commercial biological product that uses sexual lures to interfere with boll weevil matings. The product duplicates sex-attracting scents emitted by female weevils on sticky tapes. These tapes would be placed on traps to lure and catch weevils.

**NEW BALE RULES LIKELY:** The public comment period on the new U.S. regulation for cotton bale sampling ended recently with all comments received supporting the proposed rule. As a result, the regulation will probably be adopted and placed into effect Aug. 1, 1980, a U.S. Department of Agriculture source said. The new rule would limit sampling to one cut per side upon initial receipt at the warehouse. More than one sample may be drawn from the same hole. The rule would not prevent cutting additional samples later.

**TEXTILE EXECUTIVES BEGIN TOUR:** Customers representing nine major Far East markets for U.S. cotton this week began a two-week tour of the Cotton Belt. The visit by foreign textile executives is sponsored by Cotton Council International, National Cotton Council, and USDA's Foreign Agricultural Service to increase the U.S. industry's share of overseas markets. The group will be in the Lubbock area the latter part of the week to observe cotton operations from field to fabric.

**EXPORTS CONTINUE STRONG:** Sales of 212,000 running bales of upland cotton during the week

ended Sept. 30 brought the current season's total commitments to 4,842,200, compared with 3,808,700 a year ago. The principal buyers were Korea, 59,200 bales; China, 52,200; Taiwan, 22,400; Indonesia, 16,100; Hong Kong, 15,800; and Bangladesh, 15,000. The week's exports of 81,600 bales brought total shipments to 853,900 thus far this season.

**AND COTTON YESTERDAY:** The first stormproof cotton strain in Texas was discovered in 1930.

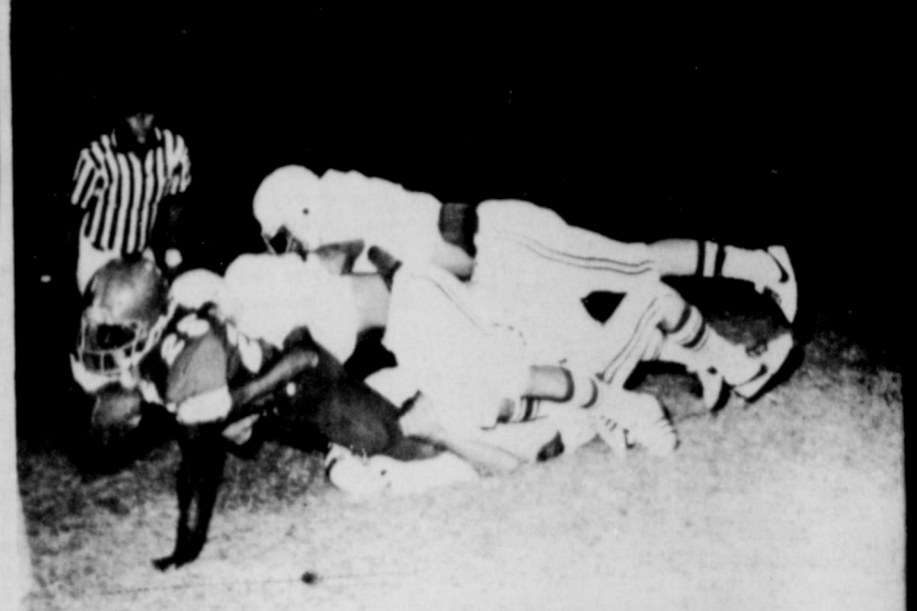

## Get Home Ready For Cold Weather

Getting your home ready for the winter months can help lower energy costs. Home care and management can save time, worries and expense. Careful check in the home is very important now before winter comes.

Zero in on managing energy wisely every way you can. Energy consumption in the home depends on certain characteristics such as home type. Is your home one story? What about the wall construction? What is the exterior color? Roof color? And is there shaded areas around the house? Are the doors and other openings weather stripped? How many people are generally in your home day and night? Is the thermostat setting maintained the same at night and day, or is it adjusted at night? Know that ones living habits and life style influence management usage and reflects cost.

After a check is made in the home, it is helpful to compare the expected savings with the dollar investment you will have to make.

Filters should be checked monthly. Check outside condenser coils to see that they are not blocked by leaves, dirt or shrubs. Heating cost can be less if one simply resets the thermostat to 68 to 72 during the day with someone at home and 60 to 65 at night. Kits are available for hot water heater insulation. More K.W.H. of electricity can be saved and the price of

**DOGPILE--** And the Bulldog is on the bottom, but maybe that's because it takes that many stop Tahoka running back Tracy White, who rambled for 219 yards and two touchdowns in this game against Roosevelt. Tahoka won the game 26-0.

the kit would be paid back in savings in a possible two years. Wrap around blankets made of fiber glass are available. If an electric water heater is being replaced, efficient energy heaters are available.

Storm windows save energy. If regular storm windows are too expensive to install, consider plastic storm windows. They're less expensive and effective.

Ceiling fans and portable fans help circulate air and save on heating and cooling cost. There are practical ways to manage energy wisely and have the satisfaction of not wasting it. Cost to run appliances depend on the user.

Common sense appliance use is helpful. Small efforts such as knowing what you're looking for and where before opening the refrigerator will help conserve energy. Avoid leaving the refrigerator door completely open or ajar. Check closing seal often. If the refrigerator has an energy switch, keep it in the "Normal" position. If you notice moisture on the outside of the door, that is the signal to change to the alternate position until the weather changes. Defrost refrigerators and freezers as often as needed. Frost should not build up to over 3/4 to 1 inch. More energy is required to keep contents in freezer at correct temperature - 0 degrees or lower.

Use small portable ovens when possible. Do not leave oven door ajar for extra heat in the kitchen. Make use of other small appliances such as the electric skillet to cook main dish meals as well as complete course meals.

Know that microwave ovens are energy efficient to use.

Here are the prime targets for savings. Air conditioning and heating; hot water heater; lighting; and appliance use. For further information and help write: Vivian Liner, Home Service Advisor, Box 631, Lubbock, Texas 79408. Ask for your free consumer copies titled "What You Should Know About Electric Heating", "What You Should Know About Lighting", "What You Should Know About Portable Appliances", and "What You Should Know About Electric Ranges."

## OBITUARIES

### Vernon O. Caswell

Services for Vernon O. Caswell, 68, of O'Donnell were held Tuesday at 3 p.m. in the First United Methodist Church of O'Donnell with the Rev. Norman Patton, pastor, officiating.

Burial was in the O'Donnell Cemetery under the direction of White Funeral Home in Tahoka.

Caswell was dead at 8:30 p.m. Sunday on arrival at Lynn County Hospital in Tahoka after an apparent heart attack. He had been under a doctor's care.

He was born April 24, 1911 in Sunset, Texas and moved to Lynn County in 1926. He attended school at Draw and Draughtons Business College in Lubbock. He married Mamie Juanita Tidwell on May 28, 1939 in O'Donnell. He was a farmer and a member of the First United Methodist Church in O'Donnell.

Survivors include his wife; three daughters, Judith Kay Summers of Denver City, Maria Beth Rexrode of Alamogordo, N.M., and Jan Ann Hughes of O'Donnell; a son, Walter Venson of Draw; two sisters, Leona Cook of O'Donnell and Fern Barnes of Draw; two brothers, Bervin of Roswell and Noel of Draw; and six grandchildren.

Pallbearers were Cecil Kizer, Bobby Noel Caswell, Bobby Mack Furlow, Neal Caswell, Tom Ed Vestal, Melvin Edwards, Holland Simpson and Weldon Brownlow.

Honorary pallbearers were Weldon Martin, Buck Martin, Gus Sherrill, J. T. Middleton, Roy Lines, and Shag Garrett.

### David Baker

Services for David Baker, 18, of Slaton were held at 2 p.m. Friday, Oct. 12 at Westview Baptist Church with the Rev. Jim Wilkerson, pastor officiating.

Burial was in Englewood Cemetery.

Baker was found unconscious in a neighbor's yard about noon Wednesday and was taken by ambulance to University Hospital in Lubbock, where he was pronounced dead by Justice of the Peace Wayne LeCroy. LeCroy is withholding a

ruling on the cause of death, pending the results of an autopsy.

Baker was born in Slaton and attended the Slaton schools. He was a member of the Westview Baptist Church.

Survivors include his parents, Mr. and Mrs. Kenneth E. Baker of Slaton; his grandparents, Mr. and Mrs. H.L. Preston of Slaton and Mr. and Mrs. Ira Clary of Wilson; and a sister, Patsy Johnston of Slaton.

Anyone interested in more details of available services is asked to contact Mrs. Vardeman at 998-4852.

## Cancer Unit Offers Aids

Several services are available to Lynn County cancer patients from the American Cancer Society, according to Karen Vardeman, director of services for the Lynn County unit of ACS.

Among the services offered are volunteer transportation for local patients to treatment centers, rehabilitation, blood services, hospital and patient equipment for loan, dressings and comfort items and others, she said.

Anyone interested in more details of available services is asked to contact Mrs. Vardeman at 998-4852.

# MAKITS

Creative fun projects for kids of all ages. Original drawings are preserved in decorative and useful one-of-a-kind plates, mugs or place mats in two easy steps.

## MAKE A MUG

The young artists make their drawings on the paper arcs provided in kits. Collages or photographs may be pasted on arcs instead of making drawings. Sent to factory in return envelope provided, the finished arcs will be sealed into insulated, thermal mugs and returned. Mugs are top-rack dishwasher safe and practical for every day use... the kids love them!

Mugs . . . . . \$3.50

## MAKE A PLATE

In this program the young Rembrandts make their drawings with water color pens on the paper discs provided in the kit. Finished drawings are sent to the factory in the return envelope provided where they are milled permanently into 10" melamine plates and returned. Plates are break-resistant and dishwasher safe. They make great gifts, wall decorations, or dinnerware for every day use.

Plates . . . . . \$5.00

## MAKE A MAT

Drawings by the small fry are made on the large paper mats provided in the kit. When returned to the factory in the envelope provided they are laminated into plastic place mats and returned. Place mats can be hung as decorations or used at the table; they wipe clean with a wet sponge. This program is especially good for young children who need large areas to draw on.

Placemats . . . . . \$3.50

## Museum Visitors Exceed 1,000

In excess of one thousand people have visited the new Tahoka Pioneer Museum during the first six months it has been open. A total of 825 people had actually registered through this Monday, and an estimated 200 to 300 had failed to register.

During the last month, visitors have registered from Toronto, Canada, Alaska, New York, California, New Mexico, Oklahoma, Missouri, Colorado, and Nebraska, in addition to those from many parts of Texas and, of course, from Lynn County.

Considering the fact that only in the last few weeks has there been a representative number of exhibits in place.

This week, the Church Chapel is being completed by the Will Montgomery daughters, with help from other people. Other new exhibits include a case of Lynn County fossils and another of Indian artifacts.

Last week, Mrs. Euel (Janet) Davis of Davis Studios of Wilson, placed on exhibit a number of hand woven tapestries which are considered outstanding by

other museums of the area. The tapestries will remain on exhibit for several weeks.

Recently, Mrs. Oscar (Bernice) Roberts entertained Museum officers and board members with a ranch-style barbecue supper at the Roberts Mound Lake ranch house. Dr. David Murrah, head of the Southwest Collection at Texas Tech, was the guest speaker, and told of the impact of the "lapse-lease" case court decision in 1902 that was a vital factor in opening up 21 area counties for settlement.

J.E. Ketner of Lynn County filed the case to break up lapse leasing by Col. C.C. Slaughter and other ranchers. A paper written by Mr. L.F. (Pat Hill) Jacobs while a student at West Texas State, Dr. Murrah said, brought the importance of the case to the attention of historians. Mrs. Jacobs, now of Wilson and librarian of Roosevelt School, currently is head of the catalogue and records committee of the Museum.

## Sherry Etheredge Says....

Pomegranates are a versatile fruit—eat them fresh from the tree or make pomegranate punch or pomegranate jelly.

Pomegranates yield a very attractive deep purplish-red colored juice with a pleasing flavor.

To obtain pomegranate juice, cut the fruit in half and remove the juice filled sacs. Crush and press the sacs to remove the juice.

A fine-holed colander covered with a light weight cloth works well.

Take care to remove all of the skin—it's high in tannins and makes the juice undesirable. The seeds are equally bitter and should not be crushed in the juice extracting process.

One large fruit will yield one-third to one-half cup of juice.

Use the juice in preparation of beverages and jelly.

### Pomegranate Punch

1 quart of pomegranate juice (unsweetened), juice of one lemon, ½ pound of sugar

Agricultural export tonnage is projected at 128 million metric tons for fiscal 1979, with volume increases forecast for most commodities, according to Sperry New Holland.

Instead of a 20 percent decline in fiscal 1979 purchases, as predicted earlier, the U.S.S.R. is now expected to spend \$2.3 billion on U.S. farm products this year, 20 percent more than last year.

Combine harvester sales climbed 13.9 percent nationwide for January through June. A total of 8,243 combines were sold during the period, according to Sperry New Holland.

While inflation may be up around ten percent this year, farmland values are expected to rise faster, at a rate of about 14 percent, say U.S. Department of Agriculture economists.

Gasohol is attracting more and more interest. Some 500 farmers were expected at a Midwest meeting on alcohol production, and 3,000 showed up.

Agricultural exports will get a \$510 million boost by 1987 from the new agricultural trade law ratifying agreements with over 40 countries, according to Sperry New Holland.

Get Your Office Supplies At Lynn County News

## Eddie Howard To Lead In Baptist Church Revival

EDDIE HOWARD

The First Baptist Church of Tahoka will begin their Fall Revival on Sunday, Oct. 21 at 7 p.m. Rev. Eddie Howard, Pastor of First Baptist Church, Grants, New Mexico will be the Evangelist and Jon-Roy Ramsour, Minister of Music, First Baptist Church, Tahoka, will be conducting the music.

Bro. Howard was reared in Tahoka and graduated from Tahoka High School. He is married to the former Stella Howle also of Tahoka.

Monday through Friday there will be a Pot Luck Dinner in the Fellowship Hall and a noon revival service. The meal will be served from 11:45 a.m. to 12:20 p.m. and a short service will follow. The service will be dismissed in order for those who work to get back on time. Evening services will be held each night Monday through Thursday at 7:30 p.m. The service on Friday will begin at 6 p.m. There will also be a service on Saturday at 7:30 p.m.

Everyone is invited to attend the services. There will be a Nursery provided for all of the services. Rev. John H. Johns is Interim Pastor.

While the Soviet Union is leading the world again this year in total wheat production with 85 million metric tons, the figure indicates nearly a 30 percent decline from the U.S.S.R.'s 1978 output.

Domestic wheat production has reached 57.8 million metric tons for the year, up 18 percent over last year and some 2.4 million tons more than two years ago.

World wheat production is showing a decline of 8.5 percent this year, down nearly to 401 million metric tons. A year ago, world production was at the 438.5 million-ton mark.

## Senator E.L. Short To Speak At Texas Tech On Education

State Sen. E. L. Short of the 28th District of Texas will speak at 10:30 a.m. Thursday in the Senate Room of the University Center at Texas Tech on education-related issues before the Texas Legislature.

Sponsored by the College of Education, his presentation will include a brief talk followed by a question-and-answer period.

"We think it is important in our college for students to know what our representatives in Austin do with regards to education," said Dr. Panze Butler Kimmel.

## Class of '69 Has Reunion

The graduating class of 1969 held their 10 year class reunion after the homecoming game Friday, Oct. 12, at the home of Doug and Karen Taylor. About 100 people attended.

The Class of '69 had 58 graduates and a total of 42 attended the reunion, looking at the annuals and recalling school days.

professor of education. "We want our students to be responsible citizens, to be informed in legislative matters, so they can vote effectively."

In recent years there has been an exodus of teachers from the profession because of low salaries, the Texas Tech professor said. This has resulted in a turn-around from the previous surplus of teachers to a shortage.

"Sen. Short is definitely a friend of education in Texas, not only of Tech but also of public schools around the state," said Kimmel.

Short's speech is open to the public as well as Texas Tech students and faculty.

Kimmel will introduce the senator in Education Dean Robert H. Anderson's absence.

U.S. agricultural exports are expected to reach a new high - \$32 billion - for the fiscal year ending September 30. If imports hold at the estimated \$16.3 billion, it will mean a \$15.7 billion agricultural trade surplus.

The Board of Directors of Plains Cotton Growers, Inc., Lubbock, October 10 went on record for continuing its strong support of Cotton Incorporated, formulated recommendations for 1980 cotton program provisions, and voted to work toward the success of a proposal to provide more adequate funds for commercial export credit financing through the Commodity Credit Corporation.

PCG is a regional cotton research and service organization representing cotton producers in a 25-county area surrounding Lubbock. Cotton Incorporated (CI) is the national research and market development company financed by cotton producers across the U.S. Cotton Belt.

CI is currently in the process of revising its operational procedures in answer to criticism resulting from a recent investigation by the U.S. Office of the Inspector General.

CI's president, Dukes Wooters, has also been under attack from certain quarters, but the PCG Board made no comment on that subject, apparently preferring not to interfere with the CI Board of Directors in matters related to personnel.

After calling attention to the vital nature of continued cotton research and market development, lauding CI's significant and highly beneficial contributions to the industry, and pointing out that there is no other mechanism for carrying on CI's work, PCG's resolution concluded with the following:

Resolved, that the Board of Directors of Plains Cotton Growers, Inc. (1) express its support for Cotton Incorporated, (2) urge that the Cotton Board, CI Board of Directors, CI staff and the U.S. Department of Agriculture act expeditiously and in unison to do all things possible to make CI serve cotton producer interests even more effectively, and (3) appeal to all organizations and individuals with an interest in the industry to join PCG in recognizing, preserving and enhancing the inestimable value of Cotton Incorporated to the U.S. cotton industry."

On the 1980 cotton program, the PCG Board voted to recommend (1) a 15 percent voluntary set-aside "with set-aside payments sufficient to attract producer participation," (2) loan and target prices at the highest levels permitted by law, (3) new legislation that will prevent the loan in 1980 from falling below the 50.23-cent level of 1979, and (4) continuation of loans on seed cotton stored in ricks or modules.

The Commodity Credit Corporation (CCC) commercial sales program provides credit financing for agricultural exports. It is currently funded by annual appropriations from the U.S. Treasury and repayments of principal and interest are returned to the Treasury. Since the inception of the program in 1956 it has consistently returned a profit to the U.S. taxpayer.

The proposal approved by PCG would allow loan repayments to go into a CCC capital credit account to be used for future loans. Once the fund reached \$3 billion, CCC credit financing would be removed from the budget process. The program would then be self-funding, with all repayments continuing to be available for further CCC commodity export financing.

## Billy Whitaker

Assistant County Extension Agent

Says...

Kids and horses just seem to be a natural combination, and in 4-H the two can spend a lot of time together.

Caring for a horse is more than just a hobby for young people 9-19 in the national 4-H horse program. It helps them become responsible adults. These girls and boys typically spend three to four hours a day during summer and vacation periods and one to two hours a day during the school year caring for their animals.

Since the horse's total welfare usually depends on its owner, 4-H members learn-by-doing about feeding, shelter, health care, equipment, safety, training

and riding. Many demonstrate their skills by participating in fairs, horse shows and rodeos, or in judging contests.

4-H horse projects and activities are supervised by the Extension Service and are supported by the American Quarter Horse Association and the National 4-H Council. Six young horsemen can earn \$1,000 scholarship and expense-paid trips to the National 4-H Congress in Chicago each year.

More information on the 4-H horse program is available from the county Extension office.

## AROUND TOWN

By Leona Waldrip

Meeting in the Party Room of First National Bank on Tuesday night, Tahoka Rebekah Lodge observed Friendship Night. Eight members were present and there were nine visitors from Lamesa #90 Lodge, four from Lamesa Berta H. Porter Lodge and four from Brownfield. A salad supper was served and a door prize was given.

The Rebekahs have the pecans to sell again this year so be sure and get your order in before they are gone.

The October Birthday Party was observed at Lynn Co. Pioneer Club on Friday at 2:30 p.m. with 14 persons present. Of the eleven people having birthdays in October, only six came. They were Teddie Kelley, Leona Waldrip, Effie Smith, Vesta Appling and Bob Rutledge. Each drew a gift from the birthday box. Mrs. Mildred Abbe furnished the beautiful and delicious birthday cake which was served with pink punch.

Mike Bragg, a student at Snyder Junior College, was here for homecoming and to visit his grandmother, Mary Edna Lancaster on Friday night and Saturday.

Wilson Sewing Club met Tuesday Oct. 8 at the usual meeting place with nine members present. Two visitors were also present. They were Rena Ferguson of Post and Lorena Lanmon of Elgin. Mrs. Truman Baxley was the hostess. Mrs. Charlie Lichey and Mrs. Elmer Rice attended from

In the Midwest, many farmers are converting pickup trucks to propane to beat rising gasoline and diesel fuel prices. Propane conversion kits sold like hotcakes after predictions of dollar-a-gallon fuel first surfaced.

## Huffaker Speaks At Rotary

An exciting float trip on the Green River in Utah and pictures taken along the route was the subject of a talk, accompanied by slide pictures, by Wayne Huffaker at the Rotary Club last Thursday. Wayne's two sons, Cal and Ralph accompanied him.

The eight day trip in rubber rafts covered 96 miles along which there are 52 rapids. The Green River is very scenic and is a tributary to the Colorado River. Wayne had previously made float trips down Grand Canyon and on the Salmon River.

Gerald Huffaker was in charge of the program and introduced his brother.

David Bray, reared here, was one of the many ex-students home last weekend for Tahoka High Homecoming events. He is vice-president of the University of Chicago, formerly with the State Department in Washington, D.C., and as a youth he was awarded a Rotary International fellowship for a year's study in England.

## Chamberettes Plan Annual Thanksgiving Dinner

The Chamberettes are planning the annual Thanksgiving Dinner to be held Sunday, Nov. 18. The menu will consist of turkey, dressing and all the trimmings.

Tickets will go on sale about Nov. 1. See a chamberette member for tickets. All tickets are \$3 (children and adults).

All profit will go to the purchase of Christmas decorations. This year 25 more poles will be decorated. Thanks to all who bought tickets last year and we look forward to serving you again this year.

Hopefully, Santa Claus will be visiting us and there will be caroling when the Christmas lights are turned on.

Watch the Lynn County

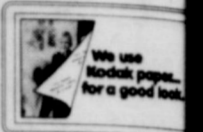

News for more information Civic and social organizations will assist in furnishing food. Any donations turkeys will be appreciated. Call Joy Brookshire 998-4586 or 998-4352.

A slip-resistant tub shower surface can be prevent up to 40 percent tub and shower injury reports a consumer information specialist with the Agricultural Extension Service, The Texas A University System.

If your bathtub or shower does not already have slip-resistant surface, bathtubs with slip-resistant backing or special slip-resistant adhesive strips applied to the bathtub or shower bottom, Claudia Ker recommends.

## Keep your family together.

The holidays are a time when families are just naturally together. Why not keep your family together all year long—in a professional family portrait. Call now for an appointment, and it will be ready in time for holiday giving.

# New Home News

By Florence Davies

The Parent Teachers Club met Tuesday, Oct. 9 and discussed the goals and projects for the year. Turkey Shoot, Halloween Carnival and selling pecans were planned. The carnival will be Saturday, Nov. 3. The club will have a Country Store, including a bazaar, a pastry booth, and for the little ones, picking up ducks for prizes. The Booster Club will assist with the homecoming barbecue Oct. 27, 5 to 7 p.m. in the old gym and the Hee-Haw play will begin at 7:30 p.m. Adult tickets are \$3.50 and children under 12, \$2. Everyone is urged to attend.

Mr. H.C. Hemmeline was dismissed from Highland Hospital Saturday and is reported in fair condition at home in Petty. Peggy and Jewel Dean are with them this week.

Jack and Katie Clements have moved back into their home. They would like for

you to know how much they appreciate the many things that have been done for them after the fire. A special thanks to the Methodist Church for the use of their parsonage. They are going to have open house Sunday, Oct. 21, 2 to 5 p.m. Everyone is invited.

Brad and Christina Cowan of Spring, Tx. and Ben Cowan of San Benito spent Friday and Saturday night Oct. 5 and 6 with their grandparents, Mr. and Mrs. V.F. Jones in Tahoka and attended the Texas Tech-A&M game on Saturday. The three young folks are graduates of A&M.

Wayland and Ann Walton of Snyder spent Saturday night and Sunday here with

Mr. and Mrs. L.C. Unfred returned home Monday, Oct. 8 from Liverpool, England where they spent about two

weeks with the Cooperative Insurance Group.

Mr. and Mrs. Bob Parker spent Friday and Saturday nights in Colorado City with his cousin, Carl Hammack and family. On Saturday they attended funeral services for Mrs. Irene Hammack of Big Springs. Services were at 2 p.m. in the Trinity Baptist Church with the pastor, Dr. Claude Cravens officiating. Mrs. Hammack, age 72, died Thursday, Oct. 11 in a Ft. Worth Hospital after a lengthy illness. Survivors include two sons, Kenneth of Ft. Worth, and Bill of Austin. Six grandchildren and four great-grandchildren; two sisters and one brother.

Mr. and Mrs. Roy Blevens went to Midland Saturday to visit their daughter, Mrs. Choya Young and family. Mrs. Ken (Sandra) Campbell and 4 month old Kendra arrived Saturday. They are here for a visit with her parents and to attend the homecoming at the New Home School and for her class of '69 reunion to be in the Blevens' home Saturday morning, Oct. 27.

Jimmie Webster is in the Health Science Hospital in Lubbock to undergo surgery this Monday morning.

Betty Unfred spent two nights in Lubbock last week with her daughter, Mrs. Robert McCracken helping take care of nine month old Melissa who is ill with measles.

Mr. and Mrs. W. L. Thorpe, San Diego, Calif. and Mr. and Mrs. O.P. Jetter of Abilene visited here Thursday with Mrs. Bessie Strain and Margaret and Boswell Edwards.

Rev. Bill Flemming, District Superintendent of the Lubbock District United Methodist Churches, spoke at the morning service in the New Home Methodist Sunday. After Quarterly Conference business was taken care of and a salad dinner was served in Fellowship Hall.

Mrs. Flemming accompanied her husband to New Home.

Mrs. Don (Mary Ann) Cowan of San Benito and Mrs. Bill (Linda) Hooks of New York were in Tahoka last week visiting their parents, Mr. and Mrs. V.F. Jones and attended the homecoming activities at the Tahoka High School. They visited here with us Saturday afternoon. Mary Ann also visited with her daughters, Carolyn and De Anna, student in Texas Tech. Both ladies left for their homes Sunday.

## New Home Defeated by Klondike 52-6

The New Home Leopards were edged 52-6 by the Klondike Cougars who are ranked fifth in the state. The score was not reflective of the game the Leopards played.

New Home ended the night with 230 net yards, 48 passing and 196 rushing and 11 first downs. Mickey Kieth was the leading rusher with 150 yards in 16 carries. Billy Paul followed with 48 yards.

Defensively, Stoney Gill led the Leopards with 19 tackles. Frankie Roman had 15 tackles and Kieth had 14 and one interception.

New Home travels to Sands Oct. 19. Game time is 7:30 and everyone is urged to come and support the Leopards.

## New Home In Plains JV Tournament

The volleyball team traveled to Plains Friday and Saturday to play in the tournament. Friday the Leopardettes lost to Plains 7-15; 9-15.

Saturday they defeated Brownfield 14-2; 15-9, but then lost to Union 5-15; 13-15.

Jill Mantooth had 19 points and Gloria Correa had 17 points for the entire tournament. Only the junior and sophomores participated in the tournament.

A Revival will begin at the New Home Baptist Church, Oct. 22-28 with Evangelist Jerry Haley and singer, Wayne Paxton. Services will be at noon with lunch served and at 7:30 p.m.

## Methodist Hold Church Conference

First Methodist Church will hold its annual Church Conference this Sunday night, Oct. 21.

The meeting will begin at 6:30 p.m. with a salad supper hosted by the Pastor-Parish Committee, Binie White, Chairman.

Following the meal, the pastor, Rev. Newton Starnes, will lead in a brief worship service.

Dr. Bill Fleming, Lubbock District Superintendent, will conduct the Church Conference. The agenda includes receiving reports from leaders of church organizations, and election of officers for the coming year. All members of the church are voting members of the conference. Visitors are welcome.

## Phebe K. Study Club

Phebe K. Warner Study Club met in the home of Mrs. G.M. Stewart, Tuesday, Oct. 9, with Mrs. Joe Hays as co-hostess. The meeting was called to order by the President, Beth Huffaker. Roll call was answered by naming a law that you would like to see passed in Texas.

Mrs. Ray Adams introduced the speaker Senator E.L. Short who explained three Constitutional Amendments to be voted on in November. An Amendment has to pass both houses by two-thirds majority vote, then it goes to the vote of the people.

The three amendments he discussed were: (1) To lengthen the term of the notary public from two years to four years and also have the ability to notarize a document in any county in Texas. (2) This amendment will shift the balance of power. (3) Farm and Ranch Security Act which will set aside money to buy farm and ranch land for small and young farmers.

After the program the minutes were read, and business meeting conducted.

The luncheon for senior citizens was changed to Oct. 23. The next blood drive will be Nov. 13 at the United

Mr. and Mrs. Ben Brieger

## Briegers Celebrate 65th Wedding Anniversary

Mr. and Mrs. Ben Brieger celebrated their 65th wedding anniversary with a reception Thursday, Oct. 11 at the Slaton Rest Home. Host were their children, Mr. and Mrs. Edgar Melcher, Mr. and Mrs. Carlton Schaffner, Mr. and Mrs. C.L. Brieger and Juanel Brieger. Two sons, Monroe and Leonard are deceased.

The former Bertha Wilke and Ben Brieger were

married Oct. 11, 1914 at Bishop, Texas. They have resided in Lubbock and Lynn Counties since 1920. They have 27 grandchildren, 28 great-grandchildren and 3 great-great-grandchildren.

## Bridge Winners

Wednesday Duplicate bridge winners on September 12 were: first, Jean Dorn and Polly Cards; second, Vinita Hamilton and Mildred LaMond; third, Mac Edwards and Doris Ashcraft.

Winners on Oct. 10 were: first, Mac Edwards and Leslie; second, Jack

Franklin and Mary W. third, Alta Thomas and Mabel Gurley.

Last week's T-Bar Duplicate bridge winners were: first, Mrs. M. Maddox and James M. Lester, Lamesa; second, H. W. Edwards and

Jess Gurley; third, Mrs. H. Cords and Mrs. M. Leslie; fourth, Mrs. M. Leverett and Mrs. B. Hill; fifth, Mrs. W. Edwards and Mrs. Renfro.

## WANTED: OIL FIELD EQUIPMENT OPERATORS

Halliburton Services has openings for Oil Field Equipment Operators. Job responsibilities include driving a truck to deliver bulk cement to an oilfield location, transferring cement to field storage bins or mixing equipment, operation and maintenance of assigned equipment.

Applicants should be 19 or over, in good health, have or get a commercial driver's license, have good driving record and have some mechanical aptitude. Experience would be helpful but is not required. Halliburton Services offers generous wage and benefit plan.

Apply in person and talk to Joe Fowler or Risenhoover at the Snyder yard, located at intersection of Highway 1611 and Highway 1611, approximately 8 miles north of Snyder.

Like a good neighbor, State Farm is there.
