SLATON STILL OUTDRAWS EVERYBODY

Bulldogs Gun Down Tigers 20-0

By DALTON WOOD
The Tahoka Bulldogs, led by Head Coach A.D. Snyder, were missing from the sidelines because of his death Thursday. The night turned in one of the finest games ever by any school football team. The Bulldogs earned a tie for the district championship with Seminole by winning the previously untied Tigers 20-0 at Kelley.

atives of the three teams gave Slaton the right to represent district against Stamford Friday night at Snyder.
It is the fifth year in a row for the district race to wind up in a tie, and the third time a drawing has been needed because more than two teams were tied. Incredibly, it also is the third time for Slaton to win the draw and get into the playoffs while the other co-champions turn in their suits and think of what might have been.
Good Season
For Coach Shaver and his staff which handled the team

so well Friday night, it means a good 8-2 season capped by a super performance against a very good team which just couldn't cope with the fired up Dogs.
Bulldog fans recall with no joy the game with Seminole Oct. 19 when the Indians took a 14-0 first-period lead, then hung on to win 20-12.
Seminole, in turn, was upended by Slaton week before last 17-7, and it was Slaton's turn Friday night. Coach Ed Cook's Tigers had beaten eight opponents, had a non-conference tie with Littlefield, and were favored by folks outside Lynn County to win it all over Tahoka Friday. It was not to be, however.
A lot of Tahoka seniors, led by Tackle Doug Barham, End Brad White, and backs Clifford Oages and Todd Brown perhaps played the best games of their careers Friday, and so did just about everyone else on the Bulldog squad. With some of the players wearing pieces of a red Slaton windbreaker tucked into their waistbands, the blueclad Dogs went after everything red on the field with ferocity.
Some had expected the game to be a close matchup between Tahoka's Oages and Tracy White and Tiger running backs Jesse Titus and Lance Bownds. Bownds and Titus carried 12 times each, with Bownds gaining just 10 yards and Titus 75. White, just a junior, ran 31 times for 111 yards and Oages carried 21 times for 84 yards.
Oages' 84 yards put him over the 1,000-yard mark for the year, leaving him with a total of 1,055 on 168 carries. The average of 6.3 per carry led the Tahoka team, but White did have more yards, gaining 1,140 in 209 carries, an average of 5.5 per carry.
White scored 98 points, including 16 touchdowns for the year, while Oages had 9 TDs and 58 points. Brown scored 48 points.
Slaton took the opening kickoff, moved to a couple of first downs, and then Titus missed a 49-yard field goal try, with Tahoka taking over on the Bulldog 31. Tahoka, which wound up with 18 first downs in the game to just 6 for Slaton, got three of them in a row before having to punt over the goal line.
The first quarter ended with no scoring, and a Tahoka drive stalled early in the second on the Tiger 31. Slaton Quarterback Kevin Johnston hit End Troy Moses on a 37-yard pass play that was to be the Tigers' biggest gain of the game, down to the Tahoka 25. Titus then ran 11 to a first at the 14, and later Bownds ran 13 for an apparent touchdown, but a holding call set Slaton back to the 29. Willie Ray Mitchell then intercepted a Johnston pass at the 4 to halt what was to be Slaton's only threat.
After Tahoka punted out, Danny Thompson recovered a Slaton fumble to set the

Bulldogs up at the Slaton 46. Brown raced 15 yards in the ensuing drive and then Oages ripped 10 to a first and goal just inside the 10. With just 4 seconds left in the half, Brown hit End Johnny Alvarado in the end zone with a 6-yard pass. A running try for points by White was stopped and the Bulldogs led 6-0 at halftime.
Good Runbacks
Mitchell took the second half kickoff back 28 yards to the 48 and although Tahoka was stopped later, the Dogs maintained good field position for the rest of the game, keeping Slaton in a hole.
Later Tahoka moved 58 yards to score, with the biggest gain a 22-yard scamper by White. Oages got the TD on a 14-yard, fourth down run, going around left end. Kevin Elmore kicked the point and it was 13-0 for Tahoka over the shocked Tigers, who had trailed in only one game all year.
Tahoka threatened again in the fourth period, but Slaton held at the Tiger 14. Late in the quarter, Bulldog line-backer Jacky Jolly intercepted a Johnston pass and returned it 27 yards to the Slaton 11. The Tigers, however, held at the 4 with just 39 seconds left. In a desperate attempt to score, Slaton lost the ball inside its own 10 on a fourth down incomplete pass, and with 3 seconds left in the game Tracy White scored from the 1. Elmore kicked again to wind it up at 20-0.
About an hour later, in Brownfield, Slaton drew the lucky number to get the right to represent district in the playoffs. This dimmed Tahoka's jubilation, but didn't change the outcome of

the game, one of the best efforts ever by a Tahoka team, and the third year in a row for the Bulldogs to beat Slaton and throw the district into a tie.
On defense, Jolly, Barham, Brad White, Tracy White, Oages, Luchion and Danny Thompson and just about everybody in blue played well, and the offensive line did a great job of moving out the Slaton front line.

WOODWORK

WHEN I WAS in high school, a fellow student named John Sewell penned a poem which over the years I have come to regard with increasing respect for the wisdom it offers:
Both beautiful and dumb
Must my true love be;
Beautiful so I'll love her, and
Dumb so she'll love me.
This is really good advice to all young men, and this is why: as a couple grow older, they begin to look alike, and more importantly, to look alike. So pick out a good one so some of these days when you've been living together for half a century, you'll finally start looking better.
Of course, this is not such a good deal for her, because she will start looking like you. That may be why, after 26 years of marriage, I caught my eye reading an ad in the A-J the other day about contested divorces for \$125. It's inconceivable there could be any other reason.
If you don't think couples tend to start looking alike after years of living together, just take a look at the 50th anniversary pictures in any newspaper. Often their mouths are set the same, and their expressions are the same. Perhaps this is because they have undergone the same experiences over the years and have adopted each other's habits and ways of dealing with life.
Too often we adopt the bad habits of our partners, but sometimes we take up the good ones. For example, I have in the last year or so started picking up the bed when I get up (I'm always the one up). And the other day I was amazed to discover my wife had rolled up the toothpaste tube from the bottom, the way I usually roll it myself.
For 26 years I have found the tube squeezed in the middle, as she always seemed to get the toothpaste out of the tube with the same grip you'd use to choke a chicken. But she's coming along.

CONGRATULATIONS are in order for the Tahoka Bulldogs and their coaches on a really fine season, and especially on the last game against Slaton, where the effort and results were outstanding. Not winning the draw is hard to take, but nobody can take away from the team the super job they did on Friday night.
Now that we don't need it anymore this season, maybe we should send some of that fire to the boys, who seem to need a spark these days.

WE FORGOT to mention it last week, but someone if the old Cardui calendar wasn't right about the snow. Printed more than a year ago, the calendar had predicted snow in the southwest between Nov. 8-11.
It snowed in Lubbock and a little bit here on Nov. 10.
I'm so impressed I may even try some of their snow Dragoon again some time. Then again, I may

School Audit Report Approved

Annual audit of funds for the Tahoka Independent School District was presented to the school board last Thursday night with the bottom line showing total assets, including physical property, of \$2,353,277.
The school board approved the audit report presented by Orland Gilbert, CPA, with the Lubbock firm of Bolinger, Segars, Gilbert and Moss.
The board approved additions to substitute teacher list including Mrs. Janet Owen, Mrs. Janie Isbell, Mrs. Connie Barnes, Mrs. Charis Clark Tekell and Karen Kellen. Also given approval was the textbook committee.
In addition, the board approved a leave of absence for Mrs. Becky Taylor, voted to join the South Plains Area Assn. of School Boards,

heard reports on finances, status of the Lynn County Appraisal District, and voted to have an existing bus completely overhauled and renovated rather than buy a new school bus for next year.

Krause Is Seeking Post Of Sheriff

Stanley Krause announced this week that he is a candidate for Sheriff of Lynn County, subject to action of the 1980 Democratic primary election.
A resident of Lynn County for 33 years, Krause has lived here most of his life and is well known to most citizens of the county and area.
He has had a total of nine years experience as a peace officer in Lynn County serving as Chief of Police in O'Donnell and for the past two years as a Lynn County Deputy Sheriff. He has proven experience and training in criminal investigation.
Krause says, if elected, he will give careful attention to law enforcement and the serving and protection of the people of Lynn County and their property.
"I will appreciate the consideration of all Lynn County citizens and their support and vote in the coming elections," he said.

as the school normally buys a new bus each year.

Supt. Jim Coulston explained that a new bus would cost about \$20,000, while a complete renovation of a 1974 bus now owned by the school would cost about \$8,500, but then should be like new.

In answer to a question from board vice-president Marlin Hawthorne, Gilbert gave the opinion that the Tahoka ISD is doing a good job of operating on the funds

it has available.
A letter from the appraisal firm of McMorries and Co. of Hereford indicated that reappraisal of county property should be completed by June 30, 1980, and that the school's portion of the total cost of \$83,967.40 should be \$24,451.30.
The letter also indicated the anticipated cost to each of the other eight taxing jurisdictions in the county who are involved in the state-mandated uniform appraisal program.

Hootenanny Is Saturday Night

The monthly musical program in the Tahoka Community Center will be presented from 8 p.m. to midnight Saturday. The hootenanny is sponsored by Circle M Farm & Ranch Supply.
Among those who are expected to be on hand to sing and play is the Hugh Jack Norwood family of Fort Worth. Several other musicians from out of town and some from Tahoka also are expected to perform.
The public is invited, and there is no charge for admission, sponsors said. The event is held on the fourth Saturday night of each month, primarily featuring country music.

Supt. Coulston reported that total enrollment is down about 40 from the same time last year in all schools here, at a level of 956 on Nov. 15. And average daily attendance in all schools is below 900, he said.

A letter of appreciation to the board from the Othell Meeks family was read, in regard to the board's presentation of a plaque in memory of the late board member and civic leader.
Hawthorne presided in the absence of board president Bob Haney. Other members present were Mrs. Bettye Green, Tommy Lawson and Jay Dee House. Member Joe Brooks also was absent.

Help Sought On Yule Lights

Volunteers are asked to help put up new Christmas lights downtown, with a work time scheduled for 10 a.m. Friday at the courthouse square.
"If enough people show up, it won't take long," said a representative of the Chamberettes, who purchased the lights for the city from project funds.

Two Homes Burglarized

Two homes in Lynn County were burglarized during the last week. The sheriff's office reported that the homes of Allen Lester, and of E.G. Wickstrom, 14 miles north and a half mile west of U.S. 87, were hit by burglars.
Items totaling value of about \$105 were taken from the Lester home, it was reported last Wednesday. Among items missing were a pocket watch and a quart jar with change.
The Wickstrom burglary reported Thursday involved loss of a shotgun, TV set, table lamps, pocket watch, a .50 caliber muzzle loading gun, binoculars and a typewriter. Total value of the stolen articles was estimated at more than \$700.

TOUCHDOWN--Tahoka End Johnny Alvarado pulls in a pass in the end zone for six points against Slaton Friday night. The score came just seconds before the end of the first half. Tahoka won the game to earn a tie for the district title. (Lynn County News Photo)

BROWN CAUGHT--Bulldog Quarterback Todd Brown is caught from behind as he makes a gain against Slaton. No. 60 for Tahoka is Guard Freddy Garcia, and Slaton's No. 80 is Terry Cook. (News Photo)

Sherry Etheredge Says....

Autumn sees fresh pears reach their peak with some late varieties ripening in late fall and winter.

When buying pears, select those that are clean, bright and the right color for the variety. The Bartlett pear becomes yellow with a red blush, d'Anjou turns greenish and Bosc turns a yellowish-brown.

Avoid damaged, soft or wrinkled fruit. Don't buy the cooking variety (Kieffer) to eat fresh--it will have a gritty texture.

Fresh pears are low in sodium which makes them an excellent addition to a low-sodium diet. They also serve as an ingredient for fruit salads, preserves or jellied fruits, cakes and pies. Here is a recipe for including this autumn favorite in your menu:

Pear Pie

- 1 1/2 cups sugar
- 1/4 to 1/2 cup flour
- 1 teaspoon cinnamon
- 1/2 teaspoon nutmeg
- 4 tablespoons butter or margarine
- 2 uncooked pie crusts

Peel, core and slice or dice pears. Mix together sugar, flour, cinnamon and nutmeg. Add to pears and toss.

Put bottom pie crust in pan, and add pear mixture. Dot with butter.

Moisten edge of pie crust, add top crust and slit for steam vents.

Bake for 10 minutes at 425 degrees F, then lower heat to 350 degrees F, and bake for about 40 to 50 minutes until well browned. Serves six to eight.

Free Enterprise Rotary Subject

Dr. David Midkiff presented the Rotary Club program last Thursday, featuring a talk on film by Rich DeVos, president of Amway Corporation, on the free enterprise system that made the United States great and the gradual erosion of freedom.

He pointed out that the U.S. was once respected by most nations of the world, but liberalism, increased power, and efforts of Washington politicians to sell out principle for votes, is reducing our nation to a second rate power that can be pushed around. But, he contended, the situation is not hopeless and he expressed faith that demands from the grassroots can put our nation back on the free enterprise that made is a great nation respected world-wide.

Cotton Grades and Mikes Decline

White grades accounted for 48 percent of samples graded the week ended Nov. 15, according to Paul R. Dickson, Area Director for USDA's Cotton Division Offices on the High Plains. This compares with 75 percent white grades a week earlier, Dickson said. Mikes 35-49 accounted for 15 percent - down from 20 percent a week earlier.

Predominant grades for the week were grade 31 at 13 percent, grade 41 - 30 percent, grade 32 - 21 percent and grade 42 - 29 percent. Mikes 35 - 49 accounted for 15 percent, 33 - 34 was 15 percent, 30 - 32 was 38 percent, 27 - 29 was 29 percent while 26 and lower accounted for three percent.

Breaking strength averaged 87,000 pounds per square inch. Prices paid growers for their 35-49 mike cotton ranged from 775 to 1100 points over 1979 loan rates. Growers sold mixed lots of mostly grades 42 and better, staples 30 - 33, mikes 35-49 around 56.35 cents per pound - up .0 points from a week earlier. Lower mikes brought 300 to .00 points over '79 loan rates, according to USDA's Agricultural Marketing Services.

Gins paid growers 105 to 125 dollars per ton for cottonseed.

City Sales Tax Rebates Higher

State Comptroller Bob Bullock Monday said city sales tax rebates to Texas cities through November are 11 percent higher than payments during the same period in 1978.

Bullock also announced that 923 Texas cities would share \$25.8 million in rebates for the month of November.

He said 19.9 payments to date now total \$398 million, compared to allocations of \$349.8 million through November of last year.

Net payments to cities during November of last year totaled about \$19.8 million.

Dallas will get a check this month for \$3.5 million, bringing this year's payments to \$46.7 million, an increase of 14 percent over last year's rebates.

Houston's check for November will be \$4.9 million, pushing its yearly total to \$81.4 million, up 11 percent.

Fort Worth will get \$1 million, bringing that city's payments up to \$15.6 million for the year, a 1 percent increase over 1978.

San Antonio will receive \$1.4 million this month. That city's rebates this year have been \$21.7 million—a 7 percent increase over 1978.

The optional, one-percent city sales tax is collected with the four-percent state sales tax by merchants and businesses and rebated on a monthly basis to the cities by the Comptroller's office.

City of Wilson has net payments to date of \$2,828.30.

Tahoka's net payment this period is \$1,545.59 and payments to date \$37,263.00.

1980 Feed Grain - It was announced that there will be no required set-aside for feed grain planted in 1980. If you plant wheat or grain sorghum, you will not be required to have a set-aside. Cotton has not been announced.

Small Grain Planting - November 30 is the final planting date for wheat and barley in Lynn County. This means that if you are prevented from planting wheat or barley until the final planting date you can file an application for prevented planting. You may plant later but the prevented application must be filed within five days after the final planting date. To receive any payment you must also be prevented from planting any other NCA crop next spring or summer on those acres.

Cotton Loans - All gins in Lynn County have signed an agreement to use specification bagging and ties so that the cotton will be eligible for CCC loan. Most have also signed an agreement so that producers may place cotton in the seed cotton loan before ginning.

Cotton Yields - All producers

should have received cards to report production. A gin representative must also sign this card. You will need a card for each gin per farm, if you did not receive enough cards come by the office and pick up some more. These cards should be returned as soon after harvest as possible so the yield can be figured and any low yield payments made. If you think you may be eligible for a low yield payment, you must file an application at the office within 15 days following completing of harvest on each farm.

"Strong and vigorous opposition is expanding rapidly to the unreasonable and punitive interpretation and enforcement of the Farm Labor Contractor Registration Act (FLCRA) ... by the U.S. Department of Labor's Wage-Hour agents." This is a quote from Don Smith, Executive Vice President of the Texas Independent Ginners Association (TIGA) which has been among the leaders in seeking relief from unrealistic application of the law by the Department.

In the TIGA newsletter "The Gin Whistle" Smith goes on to say the wholesale indignation of the industry and a large number of legislators may be having some beneficial effect. "Although no official action has been announced to change a deplorable situation," he says, "it is now understood that Wage-Hour agents in their future inspections of cotton gins will be looking for violations of the Fair Labor Standards Act rather than issuing the hotly contested notices of FLCRA violations."

FLCRA was enacted by Congress to require registration of farm labor contractors, or crewleaders, and thus curb unscrupulous exploitation of migrant farm workers.

Primarily the law makes it illegal for anyone to recruit or transport workers for a fee unless they are registered under the Act, and establishes a penalty for any employer who uses an unregistered crewleader. And, it is the only law on the books that prohibits the hiring of undocumented aliens.

The Department of Labor came under fire for the way it was enforcing the Act following its interpretation of the law to define virtually all farm workers as "migrant" workers and almost all farmers, ginners and other agricultural employers as "farm labor contractors."

Under those interpretations both farmers and ginners on the High Plains have been either cited for FLCRA violations or threatened by attorneys for Texas Rural Legal Aid, Inc. (TRLA). In at least one instance an attorney for TRLA has called on a producer to pay penalties far in excess of what would appear to be justified by the provisions of FLCRA. TRLA accused the same producer, notes Ed Dean, Field Service Director of Plains Cotton Growers, Inc., Lubbock, of violating the minimum wage law after the Labor Department's Wage-Hour Division already had checked his records and found no fault.

Earlier this year the Department of Labor's unwarranted actions under FLCRA were discussed with some 60 legislators and their staff at a "Congressional Awareness" breakfast sponsored in Washington by the National Council of Agricultural Employers (NCAE). Dean, a director and member of the NCAE executive committee, goes on to say that PCG and NCAE have continued to take an active part in the effort to modify the Department's actions.

TIGA attorneys and cooperative gins' attorneys also have been in constant contact with Labor Department officials and legislators in the same effort, as has the Washington staff of the National Cotton Council, the Texas Cotton Ginners Association and others.
