County Harvest Festival Big Success

The annual Lynn County Harvest Festival, fair, dance, fun and games and downtown shindig drew good crowds all day to the courthouse square in Tahoka Saturday, and sponsors and workers considered the whole thing a whopping success.

One of the main highlights of the day was the afternoon crowning of the Harvest Festival Queen, with the honor going to senior Sherri Tomlinson, daughter of Mr. and Mrs. Billy Tomlinson.

Runner-up was Andra Draper, and Connie Chambers was third. The other finalists from the group of 12 contestants were Denise White and Eloise Calvillo. Master of ceremonies for the event was Rex Andrew of KLBK-TV in Lubbock.

Judges were Janey Eureski and Lynette Thuet of the Robert Spence School and Joe Don Buckner.

Profits made by the Harvest Festival committee after expenses are to be donated to the fund for improving the Lynn County Livestock Show Barn.

Winners in the men's bicycle relay race were members of the New Home Volunteer Fire Dept. team, including Donnie Scroggins, Alan Nettles, Steve Merritt, Kent Bruton and alternate Dale Clem.

Second place went to

Tahoka Fire Dept., including Wesley Boone, Math Bartley, Jimmy Woodard and Steve Miller. Third was Tahoka Rotary Club, with Jim Solomon, Ladd Roberts,

Nick Summitt and Dayton Parker.

The women's race was won by Pridmore Aerial, with June Brooks, Pam Miller, Lisa Perkins and Myrna

Weaver. Second was the Pedal Pushers, with Mary Gayle Raindl, Barbara Cook, Adelle Granes and Debbie Williams.

The poster winners in

various rooms at school, through three places:

Second grades-- Bridget Miller, Tim Barrow, Matt Taylor; Kerrie Stanley, Tiffany Huffaker, Joy For-

sythe; Chris Carter, Jennie Wells, Dino DeLeon.

Kindergarten--Royce Greer. Third grade -- Shelly Martin, Diana Silvas and Alicia Balza; Scott Pyburn, Sesaria Baeza and Angie Alvarez; Tabatha Miller, Nikky Leal and Gabriel Lopez.

Fourth grades--Michael Isbell, Ronnie Dunn and Wendi Jordan; Kurt Bryan, Lendi Jordan and Gregg DeLeon.

Fifth grades-- Cassie Ashcraft, Wardeman Kelly and Luke Dunlap; Brenda Martin and Elizabeth Colon; Rusty Jennings, Amber McNeely and Lisa Carter (tie for second) and Jody Woodard.

Sixth grades--Russel Cook, Patricia Zuniga and Marisa Roberts; Katie Hays, Gilbert Longoria and Julie Meeks; Jimmy Jolly, Alex Alvarez, Emily Rivas.

Seventh grade--Jimmy Alvarado, Sara Gutierrez and Trey Teaff.

Eighth grade-- Tony Salinas, Shannon Percell and (tie) Dilbert Charo and Jeremiah Caezares.

Winners in the fair, through three places in some instances, were announced as follows by fair chairmen, who also gave special thanks to all committee members and to judges and to Cliff Thomas, Lyntegar Electric Coop, Jabo Chancy and Roddy Gandy.

Metalcraft--Randy Redwine, first and second, and Ed Redwine.

Woodcraft--O.B. Corley, Jimmy McMillian, Wes Redman.

Quilts--Mrs. Eva Dorman, all places. Polyester--Mrs. Leona Waldrip.

Oil paintings--(old barns) Frances Chancy, all places; (florals) Sue Inman, all places.

Christmas decorations--Mrs. Sue Shaver, Ruth Sparks, Dean Bartley.

Loom knit--Burl and Ella Moore, two places. Knitted items--Moore's, three places.

Baby quilt--Mrs. Dorman. Crocheted baby items--Mrs. Woody Brazil. Crocheted coverlets--Judy Woodard, Pat Bingham, Crocheted afgans--Mrs. Ida Connally, Woodard. Crocheted misc. items--Donna Redwine, two places.

Antique quilts--Mrs. Brazil, three places. Wall hangings--Joy Laws, two places, Brenda McClesky.

Latch hook--Mrs. Ella Moore, Mrs. Mildred Abbe, Mrs. Moore.

Crewel embroidery--Jimmie Lou Duke, Pat Knight, two places. Needlepoint--Dean Bartley, Lucille Knight, two places.

Breads, Mrs. Leo Dulin. Produce--Jimmy Dulin, three places. Canned goods--Jimmy Dulin, Mrs. Waldrip, Dulin.

Youth Division Canned goods--Perry Dunlap, Plaster Art--Tamera Knight, two places.

Tallest cotton stalk and most bolls--Royce Greer, Kathy Greer, Kelly Greer.

Fair judges were Mrs. Billie Lane, Mrs. Carolyn Haley and Mrs. Julia Gill, all of New Home, and Mrs. Mabel Morgan of Tahoka.

motor vehicle after he drove off in a patrol car where two of the men had been placed Saturday night while an officer went after the third. The car was taken only a few blocks away. The man who took it posted bond of \$1,000.

Last Wednesday Charles McAuley reported theft of batteries from a tractor about 7 miles north on U.S. 87. And on Friday night there was a one-car rollover on FM 1054 about 13 miles northeast of Tahoka. No injuries were listed. The driver was identified only as a female named Thompson.

AT FAIR--Mrs. Eva Dorman is shown with her "flower garden" quilt which was judged Best of the fair at the Harvest Festival last weekend.

IN the office last week was talking about he had a paper route for awhile as a rater. This all developed when we discussed our own mailing machine broke down last and we just barely got it fixed in the middle of the paper, eliminating the threat of to write nearly 1,500 names on papers by

he used to throw papers from a car, and one customer who had a high hedge around the front yard.

arned just when to throw the paper and how to get it to sail over the hedge into the he said. He added that when he went to the first month, he asked the lady if she was her paper all right every day.

ed to a further discussion of all the things ters can do, and I told him I had heard that soon computers in the home would be as on as TV sets.

nderstand you can put them in a card file," I m. You can even add such data as when you that kind of meal last, what it cost to make it, sibly even that Uncle George got sick when it last New Year's Day.

usly we didn't have too much to do, e we continued the conversation into other it uses and possible uses of computers. This named James Jolley (no kin to all the Jollys here) used to be a preacher, and he said he ee how they could use computers.

smart-aleck computers can write news from basic facts, so possibly one could sermon on a given subject.

I agreed. The preacher could decide he and a sermon on Pentecost, and just punch a, and two or three that he had done in the would be available on printout. Plus it might m how well it was received and how much ection was that morning.

ard that Peggy Elliott had a computer in her ance office, so I moseyed across the street to look at it. She was out, but I stuck my nose t the glass to see the computer. I saw what I was her computer, a grey thing back there oing anything obvious at the time (it may een thinking).

was a deal on the wall that said ndchildren Are The Compensation For ing Old" and I wondered if the computer told at. Probably not, since it was done up in point, or whatever they call it, and most ater pronouncements are delivered in ts of mostly unmanageable dimensions.

HARVEST ROYALTY--The five finalists in the Harvest Festival Queen Contest are shown here during ceremonies Saturday on the courthouse lawn. Named queen was Sherri Tomlinson, right. The other finalists, from left, are Connie Chambers, Eloise Calvillo, Denise White and Andra Draper.

Tahoka Wins Dogfight 43-0

BY DALTON WOOD

The Tahoka Bulldogs sent their Coahoma counterparts yelping down the road back home last Friday night, and the Blue White will rest up on an open date this week after bombing Coahoma 43-0, the highest score recorded by Tahoka team in several years.

Running back Tracy White scored four touchdowns, on runs of 1, 20, 2 and 1 yard, and he gained a whopping 167 yards in 30 carries for the game.

The Bulldogs defense against the run was ferce, with linebacker Jacky Jolly getting in on at least 15 tackles and people like James Wells, Danny Thompson, Luchion Thompson, Charles Bryson and Ronald Lusk also getting in quite a few ticks. Coahoma had only 16 net yards rushing.

Coahoma kept it interesting with a barrage of passes that gained a lot of yards and threatened to score a couple of times. Tall Quarterback Phillip Ritchey hit on 10 of 27 passes, with no interceptions, for a total of 160 yards.

Little Tough Guy

Coahoma's 110-pound sophomore flanker Manuel Martinez, a fleet, tough little customer, caught four passes for 104 yards, including bombs of 40 and 41 yards.

White did well moving the football, but he was

outgained by the referee, who stepped off 230 yards in penalties against the two teams, including 129 against Tahoka.

White was not the only running back who had fun. Danny Thompson gained 93 yards in 18 carries and Quarterback Mark Hudlin had 65 yards in 9 trips. Bryson gained 22 yards in two efforts.

Midway of the first quarter Lusk recovered a fumble at the Coahoma 37. Hudlin ran 25 yards to the 11, and White went in from the 1 three plays later. Guard Kevin Elmore kicked his first of five extra points in five tries.

Jolly blocked a punt in the first to set up Tahoka at the visiting Bulldogs' 8, but a fumble killed the opportunity. However, a short punt by Coahoma and a penalty set up Tahoka again at the 20, from where White scored, making a great move at the 5 to stay in bounds and evade tacklers at the same time.

Visitors Threaten Coahoma reached the Tahoka 2, first and goal, in

the second, but White and Elmore led a surge which downed the runner at the 3, and on the next play Danny Thompson hit the runner hard, causing a fumble which

Banking Progress Topic For Rotary Program Here

"The First National Bank, Past, Present and Future", was the subject of a talk by Frank Barrow, president, at Rotary last Thursday.

He told of the bank's history, beginning with the First State Bank established in 1906, changed over to First National Bank in 1907, with O.L. Slaton of Lubbock as president; Jack Alley, vice president, W.D. Nevels, cashier; and Walter B. Slaton the 19-year-old bookkeeper. The bank opened with paid-up capital stock of \$25,000 and deposits of \$48,000.

Four Locations The bank has occupied four buildings, first a wood

building on the north side of the square, in 1911 the building at the northwest corner of the square now occupied by the county agents and the library, later First National and Guaranty State traded buildings, the First getting the one now occupied by the Lighthouse and Borden Davis. Finally, the present modern building west of the square was erected in 1971.

Barrow also traced the major owners from O.L. Slaton to A.L. Lockwood, Mrs. Lockwood, W.B. Slaton, Mrs. Slaton next their daughter, Mrs. Lucille Lethenstrom, who sold her stock to C.M. Phillips of Levelland and James S. Moore of Lubbock, and their sale of major stock to Harris R. Fender of Tyler.

Hegi Career He also traced the career of "Pete Hegi, who came from Petersburg in 1929 as a clerk up the ladder to president and now chairman of the board; Charles Verner as bank president, who left to become president of Lubbock's First National; and Keith McKeever, from local bank president to executive vice president of Lubbock's Texas Commerce Bank. Incidentally, the speaker, has been a bank examiner, vice president of the Floydada Bank, and currently is president of the Tahoka bank.

Dealing with the present, the speaker pointed out that significant improvements include expanding the board to 13 directors in 1979, all the new ones being Lynn County citizens, in order to get a broader representation in the

over on downs and it was still 14-0 at halftime.

In the third, with White and Hudlin and Bryson all running well, Tahoka moved to a TD scored by White from the 2. White also ran for 2 points to make it 22-0.

Later Lindsey recovered another fumble at the visitors' 49. Then Tahoka scored on a long drive including runs of 13 and 15 by Thompson, who made the TD from the 2. With Elmore's kick it was 29-0 after three periods.

The next Bulldog scoring drive featured a 24-yard scamper by Thompson and a 32-yard pass from Hudlin to End Johnny Alvarado, which carried to the 8. White scored from the 1.

Final score came when Hudlin ran 8 yards with 2:21 left.

Suspended Sentence Assessed

Fidencia Moralez Cornelio, a Mexican National indicted here recently on a charge of attempted murder in the beating of another Mexican National, pleaded guilty before 106th District Judge George Hansard here this week and was assessed a five-year suspended sentence.

He was to be removed from Lynn County jail this week and returned to Mexico. Meanwhile, the victim of the attack, Mersed Ramos, was released from a Lubbock hospital and also planned to return to Mexico.

Three men from O'Donnell were jailed here over the weekend on charges of liquor law violation, and a fourth was arrested and charged with unauthorized use of a

GIMME THAT SHIRT--A Coahoma player tries to take the shirt off Danny Thompson's back in last Friday's game. Danny may have lost part of his shirt, but he gained a lot of yards as Tahoka won 43-0.

DRIVELINE

Maintenance Tips: The torrid Texas summer is rough on cars, especially on long trips. Regular do-it-yourself inspections can prevent trouble on the road:

Radiator: Check the coolant level *regularly*, once a week. A 50-50 mixture of coolant/antifreeze and water has better cooling and anti-corrosion properties than water alone.

Hoses: Look for cracks, leaks, frayed surfaces. Before starting your car in the morning, squeeze the hoses. When cool, they should be flexible, not stiff. Think about replacing hoses every two years.

Belts: Inspect for cracks or frays. With your car engine off, press down on the middle of each of the belts to check the tension. They shouldn't yield more than about half an inch.

There is a traffic accident every six and a half seconds in America. Every sixteen seconds someone is injured in one of those accidents.

Waterskiing On the Freeway: *Everybody knows wet roads are slippery. But most drivers have never heard of the phenomenon of "hydroplaning." At speeds above 40-50 MPH your car's wheels can literally float free of the surface and skate atop the layer of moisture between tires and road. That's hydroplaning. Take your foot off the accelerator and keep the steering wheel steady. Don't jam on the brakes; it could cause a spinout. As your car slows, the hydroplaning will stop.*

A&M archaeologists identify British ship

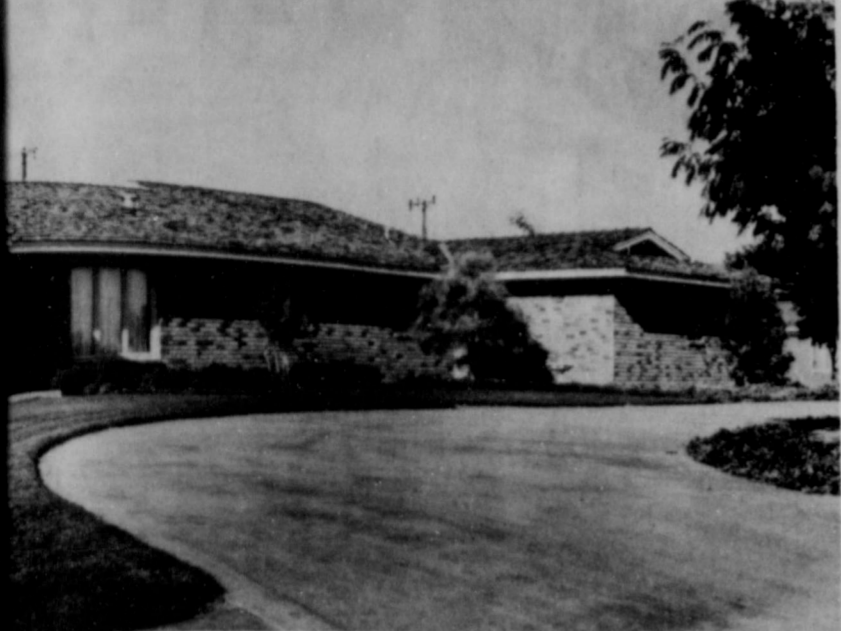

COLLEGE STATION — Texas A&M nautical archaeologists have discovered that a jumbled mass of scorched timber and metal was

a British flagship from the Revolutionary War Battle of Yorktown.

Archaeologist Richard Steffy, who is ship reconstructor for the Institute of Nautical Archaeology headquartered at Texas A&M, led nine graduate students in a project which confirmed a shipwreck in Virginia's York River was HMS Charon, flagship of Lord Charles Cornwallis.

Researchers from INA and Texas A&M became involved because the institute is the world leader in training underwater archaeologists and landlocked Texas A&M is the only American university offering a master's degree in anthropology with a specialty in nautical archaeology.

HOME OF THE MONTH--The home of the Gerald Huffaker family, 2500 N. 1st, was judged the Month by Tahoka Garden Club.

Banking

From Page 1

The bank has 19 employees, and has grown from 1971, just nine ago, to \$32 million in fact, at year's end a record high of \$36 million was reached, and a year later the all-time high of \$38 million.

Expansion Planned

new bank facilities in were thought to be

more than adequate, but this week, to better serve the public, the First National is launching a building improvement program.

The motor bank will be expanded to handle three times the number of cars by adding two more lanes in order to prevent customers from waiting in lines.

Inside, three private offices will be established for Certificate of Deposit and loan customers to gain more privacy, and facilities will be established for a more friendly atmosphere for

those who come to the bank.

In the future, by Jan. 1, 1981, the word "NOW," will take on a new meaning for bank customers, a result of the new 1980 Federal Depository Institutions De-regulation and Monetary Control Act designed to equalize competition and to update reform of the financial industry.

The Act has nine sections, the most significant part of which will permit the paying of interest by banks on checking accounts of customers, which has been prohibited since 1913, some details of which are yet to be determined.

More details of the NOW legislation will be available later.

Ladd Roberts of the bank staff was in charge of the program and introduced the speaker.

Nick Summitt, who recently bought Richard Williams' Rim Rock food store, now Venture Foods, was inducted as a new member of Rotary.

Go, Big Blue!

Area Lutheran Agency Announces Adoption Intake

The Panhandle South Plains Office of the Lutheran Social Service of Texas is inviting couples interested in adoption to contact the agency during the month of September. Each of the eight LSST offices opens "INTAKE" one month per year for families interested in adopting Anglo children, ages 0 - 8 years. The number of families accepted for study is determined by the volume of referrals anticipated for the following year for Anglo children. Couples seeking to adopt should have no more than one child in the home and be under the age of forty. The agency accepts inquiries from couples of all racial, religious and ethnic backgrounds.

It should be noted that intake is always open to families wishing to adopt Anglo children, Black or mixed Black children of any age, including infants and children of any ethnic or racial background who are slow learners, emotionally disturbed or physically handicapped. For such adoptions there are no restrictions concerning the family size or age.

Interested families should contact Lutheran Social Service, in writing, at 2412 13th Street, Lubbock, Texas, 79401.

SBA Adds More Counties For Disaster Assistance

Russell R. Berry, Lubbock District Director of the Small Business Administration (SBA) announced today more counties have been declared disaster areas due to the drought occurring during the 1980 crop production year.

Lynn County and Adjacent counties of Hockley, Terry, Dawson, Borden, Garza, Crosby and Lubbock for drought August 4, 1980 through August 4, 1980; wind, hail, rain on May 14, 20 and 27, 1980; wind and sand on June 17, 1980.

Anyone who suffered disaster-caused property or crop losses in the counties declared a disaster area and in all counties bordering or adjacent to the disaster area within the state are eligible to apply for a SBA business disaster recovery loan. Any crop loss resulting from a declared physical disaster are considered eligible for a SBA disaster loan and must be verified or certified by ASCS, FmHA, other USDA agencies or by a SBA

verifier. The formula used in computing the amount of eligible loss is: Acres planted x established normal yield x percentage of loss x market price - (minus) recovery = eligible loss. The SBA accepts ASCS established normal yield on program crops. On other crops, SBA will accept the Statistical Reporting Service county average for that crop or figures from USDA or state agricultural units or land grant universities and colleges.

"Our administrative limit generally restricts business disaster loans to the actual amount of an applicants replacement costs or losses, up to a maximum of \$500,000. SBA loans are only for losses not already covered by other disasters or deficiency payments," stated Berry.

Berry added, "Loans of \$5,000 or less require only the signature of the applicant. Loans over \$5,000 require the pledging of collateral to the extent available."

"An applicant must show reasonable assurance of repayment ability," continued Berry, "and loan terms will be based on repayment ability. If an applicant farms on a crop-share basis, they may file for their share of the crop only but if they farm on a cash-rent basis, they may file for the entire loss. In the same respect, landlord's are eligible for their share of the crop only if they rent on a crop-share basis but not if they rent on a cash-rent basis."

50% of the eligible loan amount may be used to pay outstanding current obligations. At least 50% of the loan must be held for planting and operating expenses in the new crop year.

The District Director said, "Loans are made for specific and designated purposes. Therefore, it is recommended the applicant keep receipts and good records of all loan expenditures."

For more information regarding the SBA Disaster Program, interested persons may call the SBA Disaster Office in Lubbock (806) 762-7481.

Wilson Kicks Amherst 22-0

Randy Hall ran 32 and 11 yards for touchdowns and Donald Freitag added another on a 1-yard run as Wilson Mustangs beat Amherst 22-0 last Friday night.

Sammy Nava ran for two points and passed to Kendall Wilke for two more, as the Ponies scored in each of the first three quarters against the winless Bulldogs. Amherst did threaten twice, but the Wilson defense held.

Hall rushed 19 times for 93 yards as Wilson upped the season record to 2-1 prior to going to Smyer this week.

Wilke had 57 yards in just four efforts, Nava 36 in six carries and Freitag 35 in 10 carries.

New Books

New books at the Lynn County Library were listed this week by Librarian Mildred Sherrill, who said that the library also now has 16mm filmstrips available on a variety of subjects. Everyone is urged to use the public library and visit it during its expanded hours.

The library is open on Monday and Wednesday from 8 a.m. to 5 p.m. and on Fridays from 1 to 5 p.m. New books recently added:

FICTION

- Rage of Angels--Sidney Sheldon.
- The Spike--Arnoud de Borchgrave and Robert Moss.
- Random Winds--Belva Plain.
- The Bourne Identity--Robert Ludlum.
- Sins of the Fathers--Susan Howatch.
- Princess Daisy--Judith Krantz.
- Solo--Jack Higgins.
- The Devil's Alternative--Fredrich Forsythe.

NON-FICTION

- Free to Chose (A Personal Statement)--Milton and Rose Friedman.
- The Real War--Richard Nixon.

Parent-Advisory Meeting

A meeting of the Title I Regular and Title I Migrant Parent-Advisory Committee will meet Monday, Oct. 6, 1980, at 7 p.m., in the Tahoka High School Library.

Title I Regular and Title I Migrant teachers and the school nurse will be guest speakers.

All parents and interested persons are invited to attend this meeting.

4-H Leader Training To Be Held

A leader training for the 4-H Foods and Nutrition Project will be held on Sept. 29, 10 a.m. at the Lyntegar Meeting Room, Tahoka.

It's time to plan again concerning the Food Show and 4-H foods projects. All 4-H parents, leaders and other interested persons are urged to attend this meeting.

POCKET SAVINGS

With a heat pump

The heat pump saves energy and money. A lot of people are now saving more energy and money because they converted or replaced their energy wasting heating and air conditioning equipment with a heat pump.

The heat pump works efficiently both winter and

summer to help hold down your energy use. And, since the energy source for a heat pump is electricity, you receive a special lower electric rate during the off-peak months from SPS.

Get a heat pump as soon as you can... you'll save money when you do.

Faith Circle Meeting

Faith Circle met Monday, Sept. 22, in the church parlor. Marietta Montgomery presided. She announced that the November 10 meeting has been changed to November 17, and asked that the change be noted in the yearbooks.

Lady Stewart handed out the books to be used in the upcoming study. Lois White who is to be the leader of the study made an assignment for the next meeting. The study is to be on Biblical Understandings of Mission.

For the devotional Lady Stewart read from a 1952 magazine article on Andrew the Introdncer. All Can't be great, but each one has his place in life. We don't have to be world leaders to introduce people to Jesus.

Marietta continued the review of the book "Sojourn in Mosaics", which is a very interesting and informative book about the Middle East. Laura Watson and Lena Short were hostesses for the day.

Garden Club

The Tahoka Garden Club met Tuesday afternoon, Sept. 16, with Mrs. J.T. Tippet in her new home at 1700 N. 7th. Mrs. George McCracken assisted as co-hostess.

This being the beginning of a new club year, Mrs. R.M. Stewart presented the new Year Book. The theme for this year is "Preserving Our Natural Heritage" and for this first program the subject was birds. Mrs. Robert Abbe gave a talk on "Birds of the Bible". An educational display of bird feeders, bird house kits, suet balls and

Engagement Announced

Mr. and Mrs. Grover Parsons of Lubbock announce the engagement and approaching marriage of their daughter, Julie Vi, to Richard Robb, son of Mr. and Mrs. Don Robb of Idalou. The wedding has been scheduled for December 20, 1980, in the First Presbyterian Church of Lubbock.

Miss Parsons is a graduate of New Home High School, and attended Texas Tech. She is currently employed by St. Paul Insurance Company in Lubbock.

Mr. Robb is a graduate of Idalou High School and is attending Texas Tech, where he is majoring in accounting and finance.

New library books about birds was set up and discussed.

The prize for the arrangement of the month was won by Mrs. Thelma Sherrod, the theme being "A Walk With The Birds". Mrs. McCracken gave the horticulture tip, answering some seasonal questions about our gardens.

After the business session the hostesses served refreshments.

Congressman

Charles W. Stenholm

Congressional Comment

WASHINGTON, D.C. — The problems revolving around illegal aliens in this country continue to mount, but nothing is gained by burying our heads in the sand and pretending that those problems or the aliens themselves don't exist.

Such was the case in the U.S. House of Representatives recently, when an amendment was considered and passed which would prohibit the use of the 1980 census for the reapportionment of Congressional districts because the count allegedly included illegal aliens. Supporters of this amendment contended that the estimated 20 million illegal aliens — 5 million legally registered and an estimated 15 million undocumented — should not be included in the census.

I opposed this amendment on two basic grounds, one practical and the other Constitutional.

We are in the concluding stages of the decennial census of the U.S. and have spent over \$1 billion to arrive at this enumeration of our people. By barring the use of the census for the reapportionment of Congressional districts, this amendment will prevent the most effective use of the cen-

sus. We will be repudiating an expensive effort that has already taken over one year and is not completed.

There was no question but that the Census Bureau did not check on a person's "alien" or "citizen" status while conducting this count and therefore they could not possibly identify how many aliens have been counted or where those persons are, short of some type of "administrative adjustment" which is nothing more than manipulation of the figures to fit someone's predetermined beliefs.

A further point centers around the recent Federal Court opinion that a school district may not deny illegal alien children an equal educational opportunity. While I have reservations as to the propriety of that decision, I think it forces us to take a hard look at how best to live in the world as it is and not as we wished it were.

This is not to say that we can't continue trying to change the world, but the census will be used this year to allocate some \$50 million in federal funds, or over \$200 per person. That money is needed to assist localities impacted by that Federal Court mandate.

Some of the most persuasive arguments used in opposition to the amendment were Constitutional ones, involving the language of the directive for a national census in that document. The Constitution distinguishes between "persons" and "citizens" and also makes the distinction that those persons (Indians) not taxed are not to be counted.

In recognizing this distinction, the framers of the Constitution created a fundamental right to be counted for representation that rests with all persons who are taxed. Aliens, while not citizens, are indeed persons and they are subject to taxation on any income earned in this country.

As long as we rely on the principals of Constitutional government and "no taxation without representation," it is of paramount importance that all persons be counted in order that their needs be represented.

Message to Washington

DAANGEROUS CROSSING

MESSAGE—My town has a serious problem because of a lack of parking at the post office. During rush hours, people must park across a main highway and risk 55 mile-per-hour traffic to pick up their mail. We have often asked for more parking space at the post office, but there is no response. Please help us before someone is killed. J.H.—Livingston

SENATOR BENTSEN RESPONDS—Postal Service officials advise me that they now are arranging for customers to park in a large area behind the post office. This should ease the parking problem during peak times and end the need for dangerous highway parking.

HOME BUYING PROBLEMS

MESSAGE—My husband and I dream of buying a house, but we can't afford it. We recently found a lot to buy and hope to build on it later. We applied for a Federal Housing Administration loan to buy the lot, but discovered that their loans are for home buying only. Our dreams are sliding down the drain; is there any hope for us? F.M.—Brownsville

SENATOR BENTSEN RESPONDS—FHA officials inform me that, while you must seek financing elsewhere to buy the lot, you still may want to look at the FHA Graduated Payment Mortgage Program. It temporarily reduces monthly house payments by deferring a portion of the interest on the loan until a later date. This has helped many home buyers afford homes on a lower income. I've enclosed a publication highlighting the program.

Do you have a problem with government? MESSAGE TO WASHINGTON cuts through the red tape to get answers to your questions about Social Security, veterans benefits, immigration matters and other problems you may have run into in your dealings with the Federal Government in Washington. Write MESSAGE TO WASHINGTON, c/o Senator Lloyd Bentsen, U.S. Senate, Washington, D.C. 20510. Inquiries to MESSAGE TO WASHINGTON are sometimes edited before publication, but the intent and substance of the inquiries are maintained.

Pythian Sisters

Lynn Temple #45 was hostess to District #9 Convention Saturday, Sept. 13. Helen Ellis was Dist. Deputy G.C. The meeting was called to order and registration began at 9 a.m. Dignitaries were introduced by Helen Biggerstaff. There were 44 ladies present at that time.

Several Grand Temple officers were introduced. They were: Mamie Ann Brown, G. Chief; Beatrice Cobb, Grand Secretary; Melva Lee Stovall, Grand Protector; Ada Lee, Grand Junior; Junita Rachel, Past G.C.; Velma Middleton, Past G.C.; Ruth Cullen, S.A.; Thelma Oliver, Past G.C. and Florence Lofland, Past Grand Chief.

The minutes of 1979 Dist. Convention were read by Florine McCracken. Exemptions were performed. Reobligation was led by Teddy B. Kelley; Lamesa presentation of the flags; Draping of the Charter by

Lubbock Friendship: Memorial Service by Lynn Temple.

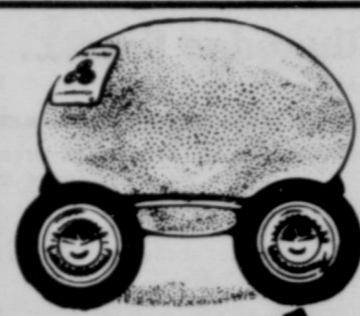

The group consisted of 2 from Paducah; 7 from Lubbock; 5 from Lamesa; 4 Abilene; 6 San Angelo; 2 Brownfield; 1 Houston and 17 Lynn Temple.

Luncheon was served at the Cafeteria. There were 47 people present for the afternoon session. Grand Chief, Mamie Ann Brown, told of her project for this year. It is to pave the circle in front of the Children's Home from east gate to the west gate. A big undertaking, but "Working Together" her motto, it can and will be accomplished.

Florence Lofland invited everyone to the 1981 convention in Lubbock.

Ten ladies received the Grand Temple Degree. An exhibition drill was performed by Lynn Temple after the meeting adjourned.

An armed forces veteran is entitled to compensation from the Veterans Administration for a disability incurred or aggravated while on active duty. The amount is based on degree of disability.

Sherry Etheredge Says....

Eat Less And Exercise More Controls Weight.
Even the "back-to-school" crowd is counting calories, especially teenage girls, observe school food service directors.

Such interest has brought up a lot of questions from students about calories. "Come to think of it," said one student, "what are calories?"
Calories are not nutrients,

points out food specialists with the U.S. Department of Agriculture. Calories are a measure, like inches or pounds. They measure the energy in food. They are also a measure of the amount of energy you use to live, grow and act.

The idea is to get a balance--to take in about the same amount of calories from food as you use up.

Except for water, all foods have calories. Different foods provide different amounts of calories. And you use up different amounts of energy depending on how active you are.

For example, if you're just sitting around watching television, you will take an hour to use up the 105

calories in two tablespoons of peanuts. If you run or swim fast, you can use up those calories in about 20 minutes.

So how many calories you need daily, depends on how active you are.

If you're counting calories to lose weight, remember there is only one way to lose body fat. That's to eat less and exercise more. To lose one pound, for instance, you have to eliminate 3,500 calories. That means cutting out or using up 500 extra calories every day for a week-- or 100 calories every day for a month.

But to remain healthy, it's still important to eat a basic variety of foods even though you are cutting down on the amount of these foods. And it's especially important to eat less of the high calorie, low nutrient foods, such as sodas, candy, cookies, cake and fried snacks.

finely chop peaches. Measure 2 cups. In 8 to 10 quart kettle combine all ingredients except sugar. Bring to full rolling boil. Stir in sugar. Bring again to full rolling boil. Boil hard one minute (uncovered), stirring constantly. Remove from heat, quickly skim off foam. Pour into hot jars; seal. Makes 7 half pints.

Best of show winner by Ruth Roach.

Pecan Millionaires
Melt carmel or wrapples and a little milk to thin this mixture. Stir in chopped pecans. Drop by teaspoonfuls onto waxed paper lined cookie sheet. Place in freezer to cool. Dip in chocolate mixture. (6 Oz. milk chocolate chips & 1/2 block parafin) Shake off excess chocolate. Place on waxed paper to set.

Around Town

By Leona Waldrip

Seven members were present on Thursday night when the Past Noble Grand Club met in the home of Callie Massey. Her sister Ilene McMillan was the hostess. After the business meeting and study, guests were served hamburgers, drinks and cake.

A total of 24 persons converged on the home of Janie Green, 1826 Ave. N on Saturday for a family reunion. All five of her children, their children, and Janie's only sister, from Littlefield were present. Coming from Midland, Albuquerque, N.M., Johnson City, Kansas and Tuscon, Ariz., they joined Nancy and Martin Edwards who live in Tahoka, for the memorial occasion, to make their mother and grandmother very happy.

Mrs. Cordie Swann is visiting relatives in Reedley, Calif. and other points on the West Coast.

Mr. and Mrs. G.W. Grogan visited their children in Amarillo the past weekend.

Mr. and Mrs. Ed Akin left Saturday morning for Garland to be with their daughter Dana Sims who was to have major surgery on Tuesday morning.

Mr. and Mrs. Gary Ford of Lubbock visited his grandparents on Sunday.

A large group from Senior Citizens Center are planning to go to the Lubbock Fair on Thursday, "Senior Citizens Day". Two vans have been promised to take those who make up what the Pioneer Club van will not hold. Friday, Sept. 26, is regular doctors appointment day in Lubbock. Please call before that day for appointment to have the bus pick you up. The Center can still use more volunteers to pick up senior citizens for the noon meals program.

Senior Citizens Menu

WEDNESDAY-Chicken Fried Steak, Gravy, Mashed Potatoes, Mixed Veg., Corn Muffins, Butter, Cookies, Coffee, Tea or Milk
THURSDAY-Meat Loaf, French Fry Potatoe Rounds, Mustard Greens, Cornbread w Butter, Peanut butter Cookies, Coffee, Tea or Milk
FRIDAY-Salmon Cakes, Green Beans, Slice Tomato, Cornbread, Butter, Peach Cobbler, Coffee, Tea or Milk

Not all veterans are ex-servicemen. Some 679,000, or over two percent of the veteran population, are women.

Vietnam Era veterans with no service in the Korean Conflict average 32.1 years of age. The average age of all former military personnel is 47.7 years.

INSUR-MATION
By JOEY MEADOR

Lynn County Farm Bureau

My company has a group hospitalization plan for its 26 employees which includes \$2,000 life insurance on each employee. The plan is outdated and needs to be increased but I am concerned about cost. Can you help?

Yes. A Comprehensive Major Medical health policy would appear to answer both requirements of increased medical coverage and additional life insurance. Medical and hospitalization coverage can be written to better keep up with inflation. Life insurance purchased through group policies is one of the best bargains around and is written to be easily understood. Your employees will understand the policy and appreciate it more. Life insurance coverage can be written for three levels of coverage: owner and officers being insured for a larger amount; supervisors, insured for a smaller amount; and, other employees insured for a moderate amount.

AT HOUSTON--Mrs. Macky Turner and Lewis Spears of the Lynn County Unit of American Cancer Society attended the state meeting of the ACS in Houston.

Tahokans Attend Cancer Meeting

Mrs. Kenneth Turner of Tahoka, lay director of District Three, attended the 35th annual meeting of the American Cancer Society, Texas Division, at the Shamrock Hilton Hotel, Sept. 16-18, in Houston. Mrs. Turner represented the Lynn Co. Unit as a voting delegate. Also attending from Lynn County was Lewis Spears of Rt. 4, Tahoka, who has been a volunteer for the American Cancer Society for 21 years working in the field of education.

Donald C. Spencer, M.D. of Austin was elected president

of the Texas Division at the meeting of the Division board of directors. Mrs. Alton Zamzow of Three Rivers was elected chairman of the board.

C. Robert Gadberry, chairman of the executive committee of the Society's National board of directors, gave the keynote address. He recognized the Texas Division in his address, citing the many new programs originating in Texas which have been adopted nationwide.

Another address, "Impact of Cancer on Texas", was

presented at the Meeting of the Membership by Dr. Guy Newell, director of cancer prevention at the University of Texas System Cancer Center in Houston. Newell is a leader in cancer epidemiology and centered his talk on geographic incidence and mortality data of cancer in Texas.

The local unit, headed by Dr. Richard White of Tahoka, aided by multiple volunteers throughout the county, raised \$9,113.72 the past year to help in the fight against cancer. The local unit plans its fourth annual spaghetti supper on the night of Nov. 4, election night, to be held in the Fellowship Hall of the First United Methodist Church.

Immunization Clinic Slated

The monthly immunization clinic will be held from 9 a.m. to 4 p.m. on Oct. 3, at the Texas Department of Health at 1640 S. 1st, Tahoka.

Shots are administered by Health Department nurses. The vaccinations will include DPT, measles, mumps, polio and Rubella.

The shots are given free of charge.

Tahoka School Menu

Sept. 29, Oct. 3, 1980

BREAKFAST MONDAY-Donuts, Diced Peas and Milk
TUESDAY-Scrambled Eggs, Hot Biscuits, Apple Juice and Milk

operation is about 1/3 less than conventional ovens. Foods also lose less volume in cooking. Rapid penetration of heat into meats and poultry seals in juices, resulting in less shrinkage. Convection ovens are versatile and cook foods faster. A fan continuously circulates heated air in the oven cavity. Convection ovens dehydrate fruits and vegetables, cook frozen foods without thawing and perform as slow cookers. The air flow system browns foods.

Although convection cooking is not new, it is not as well known in the family kitchen. It is well to know that cooking depends on the gradual conduction of heat from the outside of the food to the center.

Questions frequently asked are: 1) Does convection cooking save energy? This is debatable. Some manufacturing companies for portable convection ovens claim their appliances save energy. 2) Should foods be cooked at temperatures lower than recipe instructions? Effectiveness of lower temperature depends on the type and design of the oven, as well as what foods are being cooked. Manufacturer's instructions are considered best. 3) How much can cooking time be reduced? Up to 50 percent depending on factors, such as size of food mass, length of cooking time, type of food, type and design of oven. 4) Can convection ovens be used as dehydrators? Yes. Circulated air helps remove moisture from foods. 5) Is it necessary to preheat a convection oven? Generally

no. Manufacturer's use and care manual is an excellent guide to use. 6) Does it make any difference as to what type of cooking utensils are used? Any oven-proof material is suitable. 7) What are some of the benefits of convection cooking? Time saving, better food quality as juicy roasts, nicely browned bread products and quantity cooking.

If you're making a comparison of microwave and convection ovens, know that microwave energy is absorbed by the food. The microwave energy penetrates the food and agitates the food molecules causing them to vibrate resulting in friction heat which cooks the food.

Convection cooking is different. A concealed fan directs re-circulating stream of air over heated bake and broil units. This air absorbs the heat and produces a constant flow of heated air within the oven. The moving heated air surrounds the food and the speed of heat being conducted into the food is increased.

Microwave heats the food. Convection heats food, air and oven interiors. Hot air is circulated throughout oven interior. Foods cook fast. Some foods as large turkeys cook 50 per cent faster in convection ovens. Foods may be cooked in quantities. Easy oven meals may be prepared and cooked in less time than required conventionally. One suggestive menu: Oven fried chicken, casserole dressing, vegetables and cobbler.

For your copy of suggestive menus to cook in convection

ovens or other information, write: Vivian Liner, Home Service Advisor, Box 631, Lubbock, Texas 79408. Other consumer service bulletins designed to assist you with use and care of your microwave oven and conventional range are available. Request these by title. New Home News

By Florence Davies

Edwin Nettles entered St. Mary's Hospital in Lubbock Sunday. He is to have knee surgery on Monday.

Mrs. Robert Poer entered Methodist Hospital Monday and will undergo knee surgery Wednesday.

Jimmie Fillingim and Harlan Bruton attended the Dowell Chemical School in Tulsa, Okla. for two weeks.

Congratulations to Steve Merritt, Donnie Scroggins, Kent Bruton and Alan Nettles on winning the men's bicycle race at the Harvest Festival in Tahoka Saturday.

Among the New Home people attending colleges this semester are: South Plains College at Levelland-- Ed Sharp, Roy Ussery, Donnette Hancock, Brenda Barnett and Dana Poer. Texas Tech-- Andrea Eades, Eddie Castro, Carolin Haley and Shelia Fillingim. Lubbock Christian College-- Mitzi Blake. West Texas State, Canyon-- Marty McClintock and John Dudley Edwards.

A program related to foods and nutrition directed towards parents and grandparents concerning nutrition from tots to teens will be presented by Sherry Etheredge, Lynn County Agent, on Thursday, Sept. 25, at 11 a.m. at the Community Action Center in Tahoka.

Mrs. Frank (Lavada) Williams who has been with her daughter, Mrs. Garland Walker and family, for several months, has gone to Fort Worth to spend the winter with another daughter, Mrs. W.J. Johnson. Her address is 5029 Birchman, Fort Worth, Tx. 76107. She will be happy to hear from her Lynn County friends.

Mrs. Graham George entered St. Mary's Hospital in Lubbock Sunday and is scheduled for knee surgery Wednesday.

Mr. Jack Poer of Tucumcari, N.M. came Sunday to visit his brother, Bob Poer, and family.

The Classes of 1920, '30, '40, '50, '60, '70 and '80 will be honored at the New Home School Homecoming Friday, Oct. 3. Activities will begin at 3 p.m. in the Leopards stadium. Halftime ceremonies will include a special tribute to Homecoming Queens and Kings as well as team captains and cheerleaders from the honored classes. Immediately following the game the Exes will gather at the New Home school cafeteria for refreshments and a business meeting. At this time rules will be discussed and new officers elected.

This year's Home Coming Queen and King will be crowned at half-time.

Mrs. A.C. Fillingim Sr. remains in Methodist Hospital, room 228.

Leopards Win Over Whiteface

The New Home Leopards emerged from a 0-1-1 season record to trounce Whiteface 61-0. The Antelope homecoming was spoiled by the Leopard pack who was hungry for its first win.

The Leopards ran wild in piling up 426 yards offense and allowed only 24.

Robert Estrada in 7 tries gained 98 yards and scored on runs of one, 17 and 63 to prove his position for New Home. He kicked 5 PAT's for a total of 23 points. Other standouts for the Leopards were Billy Paul scoring twice on 1 yard plunges and one two-point conversion and Murray Kieth with one TD on an 18 yard scamper. Kieth totaled 104 rushing on 9 carries. Mickey McClintock scored two TD's and Stoney Gill went over for one.

The Leopards prepare for the encounter in Ropes on Friday evening in their fourth nondistrict tilt.

Obituary

Helen H. Honeycutt

Services for Helen Hardy Honeycutt, 71, of Tahoka, were held Sunday, Sept. 21, at 2:30 p.m. in First United Methodist Church with the Rev. Newton Starnes, pastor, officiating. Burial was in Tahoka Cemetery under direction of White Funeral Home.

Mrs. Honeycutt died Friday night in Lynn County Hospital after a lengthy illness. Born in Lubbock, July 22, 1909, she attended Floydada schools and the Hockaday School of Girls in Dallas. She moved to Lynn County in 1936 from Corpus Christi. The former Helen Hardy married Clovis Honeycutt Jan. 21, 1943, in McAlester, Okla. She had been a hospital administrator in Tahoka for 32 years before her retirement a number of years ago.

Survivors include her husband; a daughter, Elma Nelle Cowan of Lubbock; a son, James Hardy Eubank of Midland; six grandchildren; and two great-grandchildren. Pallbearers were Truett Slone, Lawrence Harvick, Charley Hill, Oran Short, Larry Hagood, Dave Evans, Roy White and Vick Lauderdale.

Stork Market

Mr. and Mrs. Carlton Jolly are the parents of a daughter born Sept. 22, at 11:21 a.m. in the Lynn County Hospital. The baby has been named Kindra Dene'. She weighed 7 lbs. 14 ozs. and was 19 in. long.

Grandparents are Mr. and Mrs. Roy Jolly and Mr. and Mrs. Marcial Salinas, all of Tahoka.

Great grandparents are Mr. and Mrs. Dave Hubbard and Mr. and Mrs. Wes Jolly of Tahoka.

Mark and Aleta Porter would like to announce the arrival of their little boy, Justin Kyle, born Sept. 17, at 9:45 a.m. in Brownfield General Hospital. He weighed 8 pounds 9 ounces and was 20 inches long. He has a brother, Lex, who is 6 years old.

Mark and Aleta live in Brownfield, where Mark is employed at West Texas Industries.

Grandparents are Mr. and Mrs. Roy Porter of Lockney, and Mr. and Mrs. O.W. Powers of Tahoka. Great-grandparents are Mr. and Mrs. Buford Powers of Wilson and Mr. and Mrs. J.W. Jolly of Tahoka.

Mr. and Mrs. Keith Williams of Lamesa are the parents of a daughter, Dawn Michele, born Sept. 23, 8:12 a.m. in the Lynn County Hospital. She weighed 7 lbs. 1 oz. and has a big brother, Drew.

Grandparents are Mr. and Mrs. Weldon Seay of Lamesa and Mr. and Mrs. Albert Williams of Tahoka. Great-grandparents are Mr. and Mrs. Andy Vulgamore of O'Donnell and Mr. and Mrs. O'Donnell; Mr. and Mrs. Earl Seay of Lamesa and Mrs. Lillie Williams of Tahoka.

Arts and Craft Show Oct. 4

There will be an Arts and Crafts Show at the Algerita Senior Citizens Center in Post Oct. 4.

\$15 per 8 x 10 space will be charged, no commission on sales. Tables and chairs will be furnished but you must furnish some sort of table covering. For more information contact Sheri Riedel, 801 W. 6th, Post, Texas 79356. Or you may call 495-3493.

Loans Available From FmHA

Emergency loans for farmers, ranchers or aquaculture operators are available through county offices of the Farmers Home Administration (FmHA), Ronnie R. Hardin, FmHA county supervisor, said.

Mr. Hardin asked that those who need farm credit as a result of drought from June 1 through Sept. 1, 1980 and high wind and sandstorm June 17, 1980 in Garza County and drought June 10 through Aug. 31, 1980 and hail June 17, Aug. 31, and Sept. 1, 1980 in Lynn County, make their needs known at the Farmers Home Administration office at Tahoka, Texas.

Applications for assistance in the disaster stricken counties will be accepted by Farmers Home until June 18, 1981 for physical and production losses.

FmHA loans covering actual physical and production losses may be used to replace installations, equipment, or buildings, (including homes) lost through this disaster. Funds may be used to buy feed, seed, fertilizer, livestock, or to meet interest and depreciation payments on current real estate and chattel debts. Other loans, beyond actual losses, can be made for annual operating expenses or to make major adjustments in a farming (or ranching or aquaculture) operation.

"Funds can be used for essential operating and living costs," Mr. Hardin said.

Loans covering actual losses are made at an interest rate of five percent and are scheduled for repayment as rapidly as feasible consistent with the applicant's reasonable ability to pay. Loans beyond actual losses have various maturities, depending upon the purpose of the loan.

The interest rate for short-term loans for farm operating purposes is 13.5 percent. Long-term loans are being made at an interest rate of 12.5 percent.

To be eligible for an emergency loan, an applicant must have suffered losses from the disaster and be unable to get credit from other sources.

Emergency loans can be used to help the farmer restore damaged farm operations and additional loans based upon the emergency designation can be used to reorganize the farm for greater efficiency and better production.

Volunteers Are Sought

Persons willing to ride a bicycle over a prescribed route in Tahoka Saturday, Oct. 4, to help raise funds for research into children's cancer are needed.

Volunteers are asked to contact local Fall Bike-A-Thon chairman Clifton Gardner in Tahoka as soon as possible. Gardner, principal of North Elementary School, said the funds raised by pledges to the riders will go to St. Jude Children's Research Hospital. The largest childhood cancer research facility in the nation gets more than 70 per cent of its budget from public support.

The participants will ask sponsors to pay a certain amount per mile ridden.

Course Teaches Tax Information

Many high school students are graduating these days knowing pretty much the basics of English grammar, math, and history, but they probably can't balance a checkbook, comparison price shop, or fill out an income tax return.

Thanks to "Understanding Taxes" -- an Internal Revenue Service-sponsored course offered to interested high schools for their students -- the tide is turning as far as filling out a tax return is concerned.

"Understanding Taxes" is a free instructional program which nearly 24,000 schools incorporated into their curriculum in the 1980 school year -- reaching almost five million students.

Wilson Junior and Senior High, New Home High and Tahoka High Schools are participating in this program.

October Is Co-op Month

October is Cooperative Month in Texas and across the nation as proclaimed by most of the country's governors. Governor Bill Clements, in his official proclamation, urged the people of Texas to "give special recognition to the constructive and responsible roles of agricultural cooperatives in the economic progress of our State."

"Texas has more than 440 cooperatives operating and serving over 133,000 members", according to Bruno Schroeder, Executive Vice-President of the Texas Federation of Cooperatives. "These cooperatives are doing business volume of almost two billion dollars annually", he said.

Cooperatives in Texas range from farmer-owned gins, elevators and compresses to marketing, supply and credit organizations. Health, housing, insurance, electric, telephone and other service cooperatives are becoming more and more important to all Texas citizens.

"Cooperative Month", said Schroeder, "is a good way to remind the people of Texas just how important cooperatives are to our well-being."

News Items Deadline Tuesday 2 p.m.

Who do you suppose this is, and when? Some around here should know. Last Whozit was a junior high football picture from back in the 50s. Several persons said bring us a list of the players, but nobody did.

Ranch Roping October 5

Three 1980 steer roping events including World Champion Guy Allen of Anna, will be among the ropers who will compete at Post Sunday Oct. 5, in the 10th OS Ranch Steer Roping.

Some western artists show some \$500,000 worth of western art in the house with a Friday preview party leading to the sale of the art which will bring \$181,000 here last week. Most of the artists will be personally for the "OS weekend."

The 163 living veterans of the Spanish-American War average 100 years of age.

Leopards Win Over Whiteface

The New Home Leopards emerged from a 0-1-1 season record to trounce Whiteface 61-0. The Antelope homecoming was spoiled by the Leopard pack who was hungry for its first win. The Leopards ran wild in piling up 426 yards offense and allowed only 24. Robert Estrada in 7 tries gained 98 yards and scored on runs of one, 17 and 63 to prove his position for New Home. He kicked 5 PAT's for a total of 23 points. Other standouts for the Leopards were Billy Paul scoring twice on 1 yard plunges and one two-point conversion and Murray Kieth with one TD on an 18 yard scamper. Kieth totaled 104 rushing on 9 carries. Mickey McClintock scored two TD's and Stoney Gill went over for one. The Leopards prepare for the encounter in Ropes on Friday evening in their fourth nondistrict tilt.

Mrs. Frank (Lavada) Williams who has been with her daughter, Mrs. Garland Walker and family, for several months, has gone to Fort Worth to spend the winter with another daughter, Mrs. W.J. Johnson. Her address is 5029 Birchman, Fort Worth, Tx. 76107. She will be happy to hear from her Lynn County friends.

Mrs. Graham George entered St. Mary's Hospital in Lubbock Sunday and is scheduled for knee surgery Wednesday.

Mr. Jack Poer of Tucumcari, N.M. came Sunday to visit his brother, Bob Poer, and family.

The Classes of 1920, '30, '40, '50, '60, '70 and '80 will be honored at the New Home School Homecoming Friday, Oct. 3. Activities will begin at 3 p.m. in the Leopards stadium. Halftime ceremonies will include a special tribute to Homecoming Queens and Kings as well as team captains and cheerleaders from the honored classes. Immediately following the game the Exes will gather at the New Home school cafeteria for refreshments and a business meeting. At this time rules will be discussed and new officers elected.

This year's Home Coming Queen and King will be crowned at half-time.

Mrs. A.C. Fillingim Sr. remains in Methodist Hospital, room 228.

Edwin Nettles entered St. Mary's Hospital in Lubbock Sunday. He is to have knee surgery on Monday.

Mrs. Robert Poer entered Methodist Hospital Monday and will undergo knee surgery Wednesday.

Jimmie Fillingim and Harlan Bruton attended the Dowell Chemical School in Tulsa, Okla. for two weeks.

Congratulations to Steve Merritt, Donnie Scroggins, Kent Bruton and Alan Nettles on winning the men's bicycle race at the Harvest Festival in Tahoka Saturday.

Among the New Home people attending colleges this semester are: South Plains College at Levelland-- Ed Sharp, Roy Ussery, Donnette Hancock, Brenda Barnette and Dana Poes. Texas Tech-- Andrea Eades, Eddie Castro, Carolin Haley and Shelia Fillingim. Lubbock Christian College-- Mitzi Blake. West Texas State, Canyon-- Marty McClintock and John Dudley Edwards.

From Tot To Teen
A program related to foods and nutrition directed towards parents and grandparents concerning nutrition from tots to teens will be presented by Sherry Etheredge, Lynn County Agent, on Thursday, Sept. 25, at 11 a.m. at the Community Action Center in Tahoka.

Stork Market

Mr. and Mrs. Carlton Jolly are the parents of a daughter born Sept. 22, at 11:21 a.m. in the Lynn County Hospital. The baby has been named Kindra Dene. She weighed 7 lbs. 14 ozs. and was 19 in. long. Grandparents are Mr. and Mrs. Roy Jolly and Mr. and Mrs. Marcial Salinas, all of Tahoka. Great grandparents are Mr. and Mrs. Dave Hubbard and Mr. and Mrs. Wes Jolly of Tahoka.

Mark and Aleta Porter would like to announce the arrival of their little boy, Justin Kyle, born Sept. 17, at 9:45 a.m. in Brownfield General Hospital. He weighed 8 pounds 9 ounces and was 20 inches long. He has a brother, Lex, who is 6 years old.

Mark and Aleta live in Brownfield, where Mark is employed at West Texas Industries.

Grandparents are Mr. and Mrs. Roy Porter of Lockney, and Mr. and Mrs. O.W. Powers of Tahoka. Great-grandparents are Mr. and Mrs. Buford Powers of Wilson and Mr. and Mrs. J.W. Jolly of Tahoka.

Mr. and Mrs. Keith Williams of Lamesa are the parents of a daughter, Dawn Michele, born Sept. 23, 8:12 a.m. in the Lynn County Hospital. She weighed 7 lbs. 1 oz. and has a big brother, Drew.

Grandparents are Mr. and Mrs. Weldon Seay of Lamesa and Mr. and Mrs. Albert Williams of Tahoka. Great-grandparents are Mr. and Mrs. Andy Vulgamore of O'Donnell and Mr. and Mrs. O'Donnell; Mr. and Mrs. Earl Seay of Lamesa and Mrs. Lillie Williams of Tahoka.

Arts And Craft Show Oct. 4

There will be an Arts and Crafts Show at the Algeria Senior Citizens Center in Post Oct. 4. \$15 per 8 x 10 space will be charged, no commission on sales. Tables and chairs will be furnished but you must furnish some sort of table covering. For more information contact Sheri Riedel, 801 W. 6th, Post, Texas 79356. Or you may call 495-3493.

Loans Available From FmHA

Emergency loans for farmers, ranchers or aquaculture operators are available through county offices of the Farmers Home Administration (FmHA), Ronnie R. Hardin, FmHA county supervisor, said. Mr. Hardin asked that those who need farm credit as a result of drought from June 1 through Sept. 1, 1980 and high wind and sandstorm June 17, 1980 in Garza County and drought June 10 through Aug. 31, 1980 and hail June 17, Aug. 31, and Sept. 1, 1980 in Lynn County, make their needs known at the Farmers Home Administration office at Tahoka, Texas.

Applications for assistance in the disaster stricken counties will be accepted by Farmers Home until June 18, 1981 for physical and production losses.

FmHA loans covering actual physical and production losses may be used to replace installations, equipment, or buildings, (including homes) lost through this disaster. Funds may be used to buy feed, seed, fertilizer, livestock, or to meet interest and depreciation payments on current real estate and chattel debts. Other loans, beyond actual losses, can be made for annual operating expenses or to make major adjustments in a farming (or ranching or aquaculture) operation.

"Funds can be used for essential operating and living costs," Mr. Hardin said.

Loans covering actual losses are made at an interest rate of five percent and are scheduled for repayment as rapidly as feasible consistent with the applicant's reasonable ability to pay. Loans beyond actual losses have various maturities, depending upon the purpose of the loan.

The interest rate for short-term loans for farm operating purposes is 13.5 percent. Long-term loans are being made at an interest rate of 12.5 percent.

To be eligible for an emergency loan, an applicant must have suffered losses from the disaster and be unable to get credit from other sources.

Emergency loans can be used to help the farmer restore damaged farm operations and additional loans based upon the emergency designation can be used to reorganize the farm for greater efficiency and better production.

Volunteers Are Sought

Persons willing to ride a bicycle over a prescribed route in Tahoka Saturday, Oct. 4, to help raise funds for research into children's cancer are needed.

Volunteers are asked to contact local Fall Bike-A-Thon chairman Clifton Gardner in Tahoka as soon as possible. Gardner, principal of North Elementary School, said the funds raised by pledges to the riders will go to St. Jude Children's Research Hospital. The largest childhood cancer research facility in the nation gets more than 70 per cent of its budget from public support.

The participants will ask sponsors to pay a certain amount per mile ridden.

Course Teaches Tax Information

Many high school students are graduating these days knowing pretty much the basics of English grammar, math, and history, but they probably can't balance a checkbook, comparison price shop, or fill out an income tax return. Thanks to "Understanding Taxes" -- an Internal Revenue Service-sponsored course offered to interested high schools for their students -- the tide is turning as far as filling out a tax return is concerned.

"Understanding Taxes" is a free instructional program which nearly 24,000 schools incorporated into their curriculum in the 1980 school year -- reaching almost five million students.

Wilson Junior and Senior High, New Home High and Tahoka High Schools are participating in this program.

October Is Co-op Month

October is Cooperative Month in Texas and across the nation as proclaimed by most of the country's governors. Governor Bill Clements, in his official proclamation, urged the people of Texas to "give special recognition to the constructive and responsible roles of agricultural cooperatives in the economic progress of our State."

"Texas has more than 440 cooperatives operating and serving over 133,000 members", according to Bruno Schroeder, Executive Vice-President of the Texas Federation of Cooperatives. "These cooperatives are doing business volume of almost two billion dollars annually", he said.

Cooperatives in Texas range from farmer-owned gins, elevators and compresses to marketing, supply and credit organizations. Health, housing, insurance, electric, telephone and other service cooperatives are becoming more and more important to all Texas citizens.

"Cooperative Month", said Schroeder, "is a good way to remind the people of Texas just how important cooperatives are to our well-being."

News Items Deadline Tuesday 2 p.m.

Who? Who do you suppose this is, and when? Some around here should know. Last year's football team from back in the 50s. Several persons said they could bring us a list of the players, but nobody did.

Ranch Roping October 5

Three 1980 steer roping events including World Champion Guy Allen of Lubbock, will be among the ropers who will compete at Post Sunday morning, Oct. 5, in the 10th OS Ranch Steer Roping.

Some western artists will show some \$500,000 worth of western art in the house with a Friday evening party leading to the sale of the art which will net \$181,000 here last year.

Most of the artists will be personally for the "OS weekend." Roping is scheduled for all day Friday on the Basinger Ranch with the Saturday schedule including girls barrel racing, an invitational calf roping, a NCHA championship cutting horse contest and a dance in the community center here to the music of Red Steagall and the Coleman County Cowboys.

Two new OS events are a fiddler's contest Saturday morning and a colt sale Sunday morning.

The "OS weekend" annually raises between \$40,000 and \$50,000 for the operation of West Texas Boys Ranch near San Angelo.

The 163 living veterans of the Spanish-American War average 100 years of age.

ASCS News

Disaster Program

Acreage of cotton or grain sorghum that will not be harvested must be reported before the crop is plowed up. Acreage plowed up before reporting will not be eligible for payment. Acreage reported as failed and then plowed up can be assigned a zero yield.

Low Yield

Cotton or grain sorghum that has a low yield must be reported within 15 days after completing harvest on the entire farm. Production can be turned in later.

Emergency Livestock Feed

This program is to assist livestock producers who have at least a 40% loss in feed production due to the drought and are purchasing feed above the normal amount. The payment rate is 1/2 of your feed cost not to exceed .03 per pound. This feeding period ends Sept. 30.

You will need to make another application to be eligible for continued assistance. The date of your application is the beginning date for eligibility.

Loans

The 1980 crop loan rates for Lynn County are:
Cotton 48.25 cents lb.
Grain Sorghum . . . \$3.84 cwt.
Soybeans \$4.91 bu.
Wheat \$3.01 bu.
These loans will bear an interest rate of 11 1/2%.

Community And County Committee Elections

Elections are coming up soon. Three community committee members will be elected from each of the four communities in the county. The boundaries of the communities are Hwy. 87 and Hwy. 380. Eligible voters may nominate a person by petition as in the past. Petitions will be mailed to known eligible voters in

October. Those nominated and eligible will go on the ballot for the applicable community. The 3 members elected to each community committee will meet in December to elect 1 regular member and two alternates to the County Committee.

1981 Wheat Program It has been announced that wheat for 1981 will not require set aside but will require a farm with wheat to stay within the NCA on that farm. An operator that certifies wheat will be required to stay within the NCA on other farms that also have wheat certified. Target, loan, reserve, release and call prices have been increased. Exact figures will be announced later. This would not apply to wheat certified for grazing or destroyed prior to the dough stage.

Disaster Provisions for 1981 Crops
The Agriculture Adjustment Act of 1980 provided the extension of the Disaster provisions only for the 1980 crop year. Legislation now pending in Congress could make the current ASCS disaster provisions an option to producers for 1981.

At least four published reports have left confusion in the country concerning the various payment and land-use options available this year to the farmers undecided about whether low-yielding crops are worth harvesting.

To clarify the matter officials of Plains Cotton Growers, Inc., Lubbock, have obtained and printed below the precise wording of regulations under which county offices of the Agricultural Stabilization and Conservation Service (ASCS) are instructed to operate.

"It will be worthwhile for producers to read the regulations carefully," says PCG Executive Vice President Donald Johnson, "but as we've said many times before no farmer should take final action without first consulting his county ASCS office."

Basically a farmer may (1) request an appraisal of his crop yield, have the appraised yield deducted from his disaster payment and do as he pleases with the land for the remainder of the year, or (2) request a zero yield, in which case he will be entitled to his full disaster payment but will be subject to certain land-use restrictions.

The second option is governed by a subparagraph of paragraph 181-C from ASCS Handbook 5-PA (Revision 3) entitled "Waiver of Appraisals by Farm Operator," which follows.

I. A zero yield may be assigned in lieu of an appraisal when the operator:

a. Files an ASCS 574 and certifies the acreage according to paragraph 10 and the county committee determines that the crop is disaster affected to the extent that it is not feasible to harvest the crop (either based on knowledge about the individual case or a farm visit).

b. Signs an agreement of understanding that:
(1) The potential production is or was so low that harvesting the crop to harvest will not be or was not feasible.

(2) The affected program crop will be or was mechanically destroyed without seed or other benefits (other than grazing of small grain without reducing the grain yield).

(3) The affected acreage, even if normally double-cropped, will not be or was not subsequently devoted to:

(a) another non-conserving crop (excluding fall-seeded crops for harvest next year) or
(b) a conserving crop for harvest (including hay or green chop) other than grazing.

(4) Should the agreement be violated, a yield shall be assigned to the affected acres according to paragraph 182.

II. If the county committee determines that any provisions of the operator's agreement is violated, the disaster yield for the acreage involved shall be assigned.

PCG understands, Johnson states, that "mechanically destroyed" in the case of cotton means either plowing under or shredding stalks, and that turning cattle in on shredded cotton fields is permissible. "But here again," he cautions, "producers should do nothing without first getting clearance at the county ASCS office."

Cotton Crop Contracting

Just over five percent of the 1980 High Plains cotton crop had been contracted by the end of August, according to Mack Bennett, Area Director for USDA's Marketing Services Office at Lubbock.

An estimated 225,000 acres had been forward contracted by growers according to an informal survey by USDA, farmers, ginners, merchants and others interested in cotton marketing.

The acres for harvest in crop reporting districts 1-north and 1-south, comprising the Texas High Plains, amounted to 3,890,000 acres on August 1, according to USDA's Economics, Statistics and Cooperatives Service.

Before the 1980 loan

premiums and discounts were announced, contracting was based on 1979 loan rates. Earliest contracts reported ranged from 1000 to 1500 points over 1979 loan rates. Some seller's call options were offered at about 1200 points off July futures where the grower elected to set the basis 4134, mike 35-49 price at 1200 points off July. All other prices for grades, staples and mikes to be delivered by the grower were based on 1980 Commodity Credit loan premiums and discounts.

Soon after 1980's loan premiums and discounts were announced, contracting converted to the new loan schedule. Earliest reported bookings under the new loan terms were about 2000 points over. Contracting increased during August as prices moved above 3000 points over. By the end of August contracts ranged from around 3300 to 3400 points over 1980 loan rates.

Grade 42, staple 31, mike 33-34 will bring 75.30 cents per pound at 3400 points over 1980 loan rates, Bennett said.

Tahoka Merchants Appreciate Your Business

Get Your Office Supplies At Lynn County News

High Plains Harvest Begins

USDA's Marketing Services Office at Lubbock had graded 133 samples of 1980 crop cotton by Thursday afternoon, Sept. 18.

"Most samples were from dryland cotton and miked much better than last year's crop," said Mack Bennett, Area Director at Lubbock. In fact, all samples received so far miked 35 to 50, Bennett said.

Staples appear shorter than last years on these first bales, Bennett also commented.

Quality statistics for cotton classed this season through Thursday indicated that grade 41 made up 17 percent, 42 was 39 percent and grade 52 accounted for 22 percent. About 26 percent were reduced one grade because of bark.

Staples were: 26-one percent, 29-eight percent, 30-25 percent, 31-54 percent and 32-12 percent.

Micronaire was 99 percent in the 35-49 range. The other one percent was 50 and higher. Only three percent miked below 40.

Grade 42, staple 31, mike 35-49 was quoted Thursday at 75.95 cents per pound. No cottonseed prices had been established yet.

4-H's Study Electrical Energy

Test your knowledge of energy with this quiz national electric energy program.

1. What burns the most fossil fuel in your home?
A. the furnace
B. the range
C. the toaster
2. What is the most efficient way to cook rice?
A. boil it in a pot with a tight lid
B. boil it in a lidless pot
C. put it under the broiler
3. What is the most energy efficient way to make toast?
A. 2-slice toaster
B. oven broiler
C. toaster oven
4. What is the most energy efficient way to freeze food?
A. in a full freezer with no frost build-up
B. in a self-defrosting freezer
C. in a freezer with a 1" frost build-up

These and other questions were developed for use in an "Energy Quiz Bowl Game." (The answer to each question is A.) Played in teams of

three, the game tests 4-H members' energy conservation awareness. Participants can, in turn, apply this knowledge at home, points out Brent Drennan, county 4-H program coordinator.

4-H members in the Texas Electric Energy Management Program conducted by the Extension Service also participate in "hands on" activities as they study ways of insulating home, using solar energy, using electric appliances wisely, and other energy saving techniques around the home.

All boys and girls aged 9 to 19 are eligible to join the program. Awards are available to members, with medals of honor going to four members in each county. One 4-H'er from each state can earn an expense-paid trip to the National 4-H Congress in Chicago, where six outstanding 4-H'ers receive \$1,000 scholarships.

For more information on the Texas Electric Energy Management Program and other 4-H projects, contact the County Extension office.

Few U.K. Workers Get Bynosisis

An Englishman, Dr. Geoffrey Rooke, recently reported that less than one percent (.82%) of cotton processing employees have contracted disabling bynosisis since British compensation laws were passed in 1941. He also said it takes "many years" for cotton dust to afflict workers, with peak occurring after 10-20 years.

Dr. Rooke is a member of the medical panel that determines the validity of worker compensation claims.

Of the 3,000 cases now compensated in Britain, only about 40 receive 100% disability pay. The majority of the others are paid on the basis of 10% disability despite U.K. standards that are lenient compared to those in the U.S., Dr. Rooke reported. He spoke at the Natural Fibers Textile Conference sponsored by the National Cotton Council and other groups.

Exports Continue

Export sales of 19,000 running bales of cotton during the week ended Sept. 11 brought the new season's

total commitments to 3,370,800. Export shipments for the week were 98,100 bales, of which 91% went to Asia. New sales for 1981-82

were 2,000.

Crop Insurance Bill Legislation establishing new and expanded crop insurance programs has been passed by Congress. Included in the bill is the National Cotton Council's proposed disaster provisions for cotton, wheat, feed grains and rice for 1981.

Insurance programs provide farmers with options. Coverage is based on 50-75% established yields. The policy will also carry a premium subsidy up to yield coverage.

And Cotton Yesterday Farmers in the field planted more than 100 different varieties of cotton.

Windbreak Seedlings Applications Windbreak seedling application forms for spring orders can be picked up at the SCS office in Tahoka.

Some examples of species that are available to you are: Honey Locust, Mulberry, Native Russian Olive, Sawtooth (Hardwoods), Pines, Ponderosa, Arizona Cypress etc. These various species can be used on homestead, feedlot, and wildlife breaks.

Your pickup order at Texas Agricultural Experiment Station, Market Road 129, Lubbock, March 17, 1981, from 5 p.m. Also ask for planting booklets when you place your orders.

Thank You

Thank you The Family of A.J. Rains acknowledges with grateful appreciation your kind expression of sympathy.

Thank You Words cannot express the heartfelt thanks we feel for all your kind thoughts and prayers while Morris was in the hospital. He is at home now and healing much faster than was first anticipated. Thanks to you for your prayers.

Morris and Juanell Bingham
We would like to express our thanks to the people of Lynn County who remembered our dear sweet mother.

Your presence, flowers, kind words, offers of food, and hospitality are greatly appreciated. This will always be a part of our memories.
The Fannie Walters Family
