BAND PLAYS ON--The stirring music of a good marching band adds much to homecoming, and here the Bulldog Band steps along Main St. in the homecoming parade Friday. The parade also included lots of good floats and other entries. The winning float of the Junior class, "Toast Post" is shown in the accompanying photo.

Homecoming Honors '60 Class

Twenty-eight members of the 1960 graduating class of Tahoka High School, many accompanied by wives or husbands, returned to THS as their class was the honor group for the 1980 homecoming last weekend. Wearing helpful name tags, the group was honored at a program at the high school

Friday. Gregg Curry led the pledge to the flag and Randall Stotts, student body president, gave a welcome. Mickey Owens, president of the 1960 class, acknowledged that the 1960 ex coming the longest distance to the reunion was Mrs. Arline Meadows Martin of Los Angeles. Mrs. N.E. Wood

was the member of the oldest class (1925) represented and free passes to the game were given to both women. Gerald Short, vice president of the 1960 class, introduced speaker Gerald Huffaker, also a class member. A skit presented by the school annual staff depicted the class from grade school to present, and was well received. Owens, Terry Spears, Claudia Cawman and Arline Martin rode in a 1960 Mercury Comet in the homecoming parade.

The class sat together at the NHS dinner and at the game, won by Tahoka over Post, 20-0. After the game, the class met at the Huffaker home, and many members stayed over for another party Saturday night at the Joe Wagner home. It was decided to have another special reunion of the 1960 class in 1985. Mrs. Cawman expressed appreciation to those who helped gather names and addresses of members.

Jill Walker Climer of Oklahoma City, the 1960 homecoming queen, was recognized at halftime of the game when senior Lani Brown, daughter of Mr. and

Mrs. Jerry Brown, was crowned 1980 homecoming queen.

Also at halftime of the game, the 1974 class of THS presented to the parents of Jerry Don Davis a special plaque. Davis, a member of the 1974 class and a state highway patrolman, was shot to death earlier this month in Slaton after he stopped a speeding car. Mr. and Mrs. J.D. Davis of Lubbock were presented a plaque which read, in part: "In memory of our friend and classmate, Jerry Don Davis, who lost his life serving mankind. Davis' mother then presented a gift to the school in his memory."

Many other classes of former students had reunions in homes in Tahoka. Members of the 1960 class who registered were:

George Adams, Gary Brazil, Pike Burkhart, Sunny (Gibson) Vaughn, Philip Havens, Arline (Meadows) Martin, Larry Owens, Marihelen (Reid) Kamp, Gerald Short, Carol (Smith) Headrick, Terry Spears, Larry Spruiell, James Hicks, Claudette (Hogan) Morse, Gerald Huffaker, Bennie Ingle, Doyland Lewis, Charlie Stice, Vest Ann (Stice) Oliver, Barbara (Thomas) Finley, Roy Lee Thomas, Jill (Walker) Climer, Linda (Williams) Renfro, Sharon (Applewhite) Terry, Claudia (Knox) Cawman, Lynn Cook, Bobby Patterson and Charlie Holland.

86-Cent School Tax Rate Set

Tahoka Independent School District trustees Monday night voted to set the tax rate at 86 cents per \$100 valuation, a rate which board members said would meet the district's projected budget provided the tax collections come in next year as high as 95 per cent.

The rate is lowered from the former rate of \$1.35, but most taxpayers' levies will increase considerably anyway, since there has been a reappraisal of all property in the district and since the district now taxes on 100 per cent of value.

City of Tahoka council members also met Monday night for a public hearing on a proposed new tax rate of 42 cents, at which no persons showed up. The city will adopt the tax rate next Monday night.

Councilmen spent some

time in an informal discussion of problems with telephone service in the city.

MONTGOMERY WARD wants to sell me a plate. I want \$29.95 for what they call a "special Christmas plate" and that's just for the turkey and dressing on it. Obviously they're high on their easy mark list.

It better starts out: "You'll be delighted to know that you have been chosen from a select group of individuals to receive an invitation to a special program."

This special invitation brings you the privilege of receiving the latest edition in the World Book Christmas Plate series. Crafted of genuine porcelain and individually numbered...

When I first read that, I figured they were trying to sell me a World Book made out of porcelain. If the plates were made out of porcelain, just one plate like Aardvark through Amarillo, would weigh about 385 pounds.

It's hard to explain that it is just one plate, with a picture of it, and it is kind of pretty. But not as pretty, or at least not to me. Why would I pay 30 bucks for a plate to hang up over the refrigerator door in disgust? (I only do that when my wife is away).

The selling point, MW points out that these plates are numbered, and collectors sometimes pay a lot of money for numbered plates, and plate collecting is a good hobby I ought to get into. They

talk of incredible profits made in investing in plates. I have been heard from around the world. For example, the original Bing and Gonda Christmas plates issued in 1895 selling for 50 cents was traded by a collector for more than \$3,000!

That's real great. If I bought one and held it that long, I'd be 133 years old. I'm not sure I'd have a high old time with my lucrative

plates. I hate to disappoint Montgomery Ward after they've let me buy from them over the years. I think I'll pass on the plate deal. Painted plates are okay (we have some already), but there's nothing so beautiful as one covered with steak, potatoes, and potatoes.

UNDERSTAND a few people resented what we said about old geezers with their mouths open. If we offended anyone, we're sorry, although I can't imagine why anyone would be offended. One sharp old gentleman I spoke to me at the postoffice the other day: "I didn't see you driving around the other day with your mouth open?" I admitted he probably did. I was just fixing to get my foot in it.

Police Check 'Cat Burglar'

A wreck, theft, a "cat burglar" and a flying hamburger were among items investigated by Tahoka Police Dept. during the last week. The sheriff's office reported a house burglary cleared up and another home burglary was reported in the county.

A car belonging to Amy Porterfield was reported burglarized on the high school parking lot Tuesday. Missing were a Texas Tech bag, ankle brace, basketball shoes and clothing, with a total value of \$111.

Last Friday J.D. Martin reported damage to the center beam of his garage at 1803 Ave. Q, apparently by a vehicle.

On Sunday in the 1400-block of S. 1st, a 1971 GMC pickup driven by Alfred M. Crumbly, Rt. 5, struck a parked Ford Thunderbird owned by L.F. Williams of Tahoka.

A customer who didn't like a hamburger served at a local eating establishment threw it at one of the workers, bringing police into the picture to calm things down.

And a cat which somehow got into a supermarket here tripped the burglar alarm twice Saturday night before officers discovered what the problem was.

Items taken from the Frank Key residence in a burglary north of Tahoka Oct. 11 were recovered. Deputies arrested a suspect but no charges were filed.

A Tahoka man was jailed for driving while intoxicated, first offense.

THE LINEUP--Tahoka Bulldogs form some kind of a lineup here, with Daniel Garcia leading the way, followed by Flying Charlie Bryson and Tracy White, who has the football. There are a few other Dogs and lots of Antelopes in the picture from the game won by Tahoka over Post 20-0.

Dogs Cut Down Post 20-0

BY DALTON WOOD
The Tahoka Bulldogs methodically chipped away at Post until the visitors fell 20-0 here last Friday night as a large homecoming crowd watched happily from the east stands.

The win left Post 3-3 for the year and Tahoka 5-1, and it was the first district game for both teams. Elsewhere in the district, highly-ranked and unbeaten Slaton bombed Frenship 54-10 and Roosevelt raised a few eyebrows in beating Cooper 40-6. This week Tahoka hosts Frenship, which also is 3-3 despite the one-sided loss to Slaton.

Early Move
Tahoka took the opening kickoff Friday and drove 61 yards for a touchdown, with Tracy White going in from the 2 with 7:17 left. Guard Kevin Elmore kicked point to make it 7-0.

Post came right back and Webster in the northwest part of Lynn County was burglarized Friday night during the New Home-Wilson football game. Missing were a .22 rifle, 12-gauge shotgun, portable television set and 8-track stereo.

drove down to a first at the Tahoka 15, aided by a couple of penalties. Then James Wells hit Post's Alonso Luna for no gain, and Danny Thompson downed Quarterback Drew Kirkpatrick for a yard loss. On third down, Kirkpatrick's pass was broken up by Charles Bryson and on fourth Wells and Guard Freddy Garcia hit Krikpatrick for a loss back to the 21.

The Bulldogs cranked up another good drive after holding off Post in the second quarter at the Dog 25, aided by runs of 15 by White and

14 by Quarterback Mark Hudlin. With 1:44 left in the half, White went 4 yards for the TD, and Elmore kicked again.

TD Drive
In the third, Tahoka put together six first downs in a row to drive for a touchdown scored by Hudlin from the 1. A bubbled snap fouled up the extra point to make it 20-0.

In the fourth, Post drove to the Tahoka 1, after getting a first at the 10 in a drive featuring a run of 13 by Fullback Barry Wyatt and a pass from Kirkpatrick to End Gary Lamb for 17 yards. But on fourth down from the 1, Tracy White led a defensive charge which stopped Luna at the 1, and Tahoka took over.

White rambled for 162 yards on the ground, in 29 carries. Hudlin gained 37 in 13 tries and Thompson 43 in 12 trips.

For Post, Luna had 55 yards in 19 efforts. On defense the leaders for Tahoka were Wells and White in the secondary, Ronald Lusk at linebacker and Luchion Thompson in the line. For Post, Lamb in the secondary and Mario Luna at guard did well.

Tahoka had fewer penalties than usual, with a total of 60 yards. Several times this season the Bulldogs have drawn well over 100 yards for infractions, and once, against Ballinger, more than 200.

City Projects Completed

Two major Tahoka city improvement projects involving three quarters of a million dollars have been completed, according to Carl Reynolds, city administrator.

The \$500,000 paving project, funded by a Federal block grant, has been completed by Zahn Bros. Construction Co. of Lubbock. A number of streets in south, southeast, and northeast Tahoka have been paved as a result of the grant.

The water and sewer improvements project is also complete, except for some minor improvements to be made with about \$15,000 remaining in funds voted for the project. Tahoka voted a \$250,000 revenue bond issue for the work, which has been done by Plains Utility Co.,

Standard Time Back

Hickory, Dickory, Dock. The mouse ran up the clock. But that was last spring. This time, everybody has to run the clock the other way, because standard time is going back into effect at 2 a.m. Sunday, ending daylight saving time.

This means that when someone gets ready for bed Saturday night, he should set the clock back an hour, allowing him another hour of sleep or he can stay up another hour before going to bed.

Shop Tahoka First!

Involved in the water lines work has been replacing a number of mains in North Tahoka, some of which were put down fifty or more years ago and had rusted out or become too small. Also, line extensions have been made to take care of town growth to the northwest. Sewer extensions have been made, also, in the area, and a new lift station installed at Country Club Road and North Eighth. The new lift station gives relief to the over-loaded lift station in the 2400 block between North First and US 380, which had become inadequate long ago to handle the load because of growth in west Tahoka.

Rotarians Entertain Teachers

Tahoka's school teachers, other employees of the system, and members of the board of trustees were honored Thursday night at the annual Rotary-Teacher banquet in the school cafeteria.

Ken Dye, minister of Broadway Church of Christ in Lubbock, the principal speaker, related some personal experiences in pointing out the impact of the educational process on children.

Supt. Jim Coulston introduced school board members and the administrative staff, Prin. Jim Marcus the high- and junior-high teachers, Prin. Clifton Gardner the North Elementary teachers, and Prin. Tom Cooper the South Elementary staff.

Carl Reynolds, Rotary president, was master of ceremonies, and Miss Rajeania House furnished dinner music. Rev. Newton Starnes gave the opening invocation.

The dinner was prepared and served by ladies of the First United Methodist Church.

Decorations featuring a circus theme were by Mrs. Joe (Glo) Hayes.

Also recognized at the meeting were Mrs. Grace Prohl, widow of the only Tahokan to serve as a Rotary district governor, Dr. Emil Prohl; State Senator E.L. Short; and Mrs. Vi Solomon of Idaho, mother of Jim Solomon.

Aunt Sissy Visits Here

Mrs. Sissy Dolvin of Roswell, Ga., aunt of President Jimmy Carter, finally did make it to Tahoka this week, visiting informally with persons at two supermarkets here during the stopover of an hour or so Tuesday afternoon.

There was no advance notice of her coming, so there was no formal reception, but she was in town briefly to urge support for her nephew in the election Nov. 4.

Mrs. Dolvin, a sister to Mrs. Lillian Carter, the president's mother, had been scheduled to visit Tahoka earlier, but had to cancel after Mrs. Carter was injured in a fall.

On Sunday morning, Oct. 26, Ron Reeves, from Texas Tech University, will speak to the First Baptist Church youth in their Sunday School department. Ron will also speak to the congregation during Sunday morning church services.

St. John Lutheran Luther League has elected new officers. Youth chosen for the new positions are: Denise Ehlers, pres.; Tonda Klaus, vice-pres.; Lisa Steinhauer, sec-treas.; and Jennifer Ehlers, Historian.

Sympathy is expressed to the family of A.A. Teinert. Services for Mr. Teinert, 79 were held Monday morning in Wilson's St. Paul Lutheran Church.

Over the weekend, senior girls Debbie Daniell, Debra Hagens, Sherri Steinhauer, Tamera Houchin and Page Bishop visited Rita Frausto. Rita, partially paralyzed from spinal injuries sustained in an Aug. 14 automobile accident, is on the Recovery and Rehabilitation Floor at St. Mary's Hospital in Lubbock. Rita will hopefully be able to start therapy soon.

Marie Klesel, of Slaton, celebrated her birthday on Sunday afternoon, Oct. 19. Enjoying "Skip-Bo" and refreshments of sandwiches, cake and pie were Wilsonites Walter and Emma Maeker, Myrtle Stabeno, and Gertrude Gindorf. Other visitors were Walter and Lena Voigt, Walter and Viola Stolle, and Selma Klesel.

Carrie Kallenberger, her daughter, Denise Thompson, and little granddaughter, Sheryl, are visiting relatives in the Wilson area. Carrie and her family are from Garden Grove, Calif. Some of Carrie's Texas cousins are Mr. and Mrs. Walter Maeker, Mr. and Mrs. E.C. Stabeno, Mr. and Mrs. Marcus Wilke, Gertrude Gindorf, Mr. and Mrs. Curtis Wilke, and Mr. and Mrs. Carlton Wilke. Carrie also visited with an aunt and uncle, Mr. and Mrs. Ben Wilke.

Open House Draws Crowd At Center Here

A good turnout of visitors at Open House at the Lynn County Pioneer Club Assn. Sunday afternoon included State Sen. E.L. Short, who presented the senior citizens center with a Texas flag which was flown over the state capitol on Sept. 1.

Alta Thomas and others presented a floral centerpiece for display at the open house. Mrs. Catherine Barham, center director, expressed appreciation to all of these persons and to Johnny Wells and the House of Flowers for offerings.

Mrs. Mildred Abbe was

planning chairman for the event. Among those present to view the newly remodeled and expanded facility were representatives of the city and county governments.

How are your shopping skills? If they're not so good, you could be losing lots of money at the grocery market. Test your skills with the easy checklist below (answer "yes or no"):

- I plan weekly menus.
- I plan meals to include weekly newspaper specials.
- I compare brands for the best buys.
- I compile a grocery list based on my menus.
- I am flexible and include unadvertised specials.
- I read food labels.
- I check expiration dates on food products.
- I go shopping alone if possible.
- I organize my shopping list to go with the order of the store aisles.
- I buy only what I can store and use before spoilage.
- I occasionally buy in

INSUR-MATION
 By JOEY MEADOR
 Lynn County Farm Bureau

Because of unexpected expenses, I may have made making the semi-annual premium payment on my insurance when it comes due next month. I suggested I look into the grace period on my policy. What's that?

This is the way insurance companies allow to be unexpected in policyholder's lives. A grace period, usually 30 to 31 days, following the premium date during which an overdue premium may be paid without penalty. The policy remains in force through the grace period. Your insurance company will notify you, informing you of being in the grace period and whether your insurance company needs the grace period, ask your agent to inquire for you.

himself to one meal a day, usually a salad. Some days he would not eat at all. During that initial six month period, he lost 78 pounds. In mid-summer he went on the Scarsdale diet losing nine pounds the first week under that plan. He continues to follow the Scarsdale plan to an extent.

can't allow myself to ever do that. I'm determined to keep this weight off and I know that I as an individual just cannot eat sweets and any more than a modest portion of starches."

He hopes to reduce his present 36" waist size to a 32" or 34" measurement. "I know that I'll have to continue on a strict regimen once I've reached my goal. I've gained lost weight before, but this time I feel my self determination is strong enough.

Feels Better

Elliott says that he feels much better physically as well as mentally since losing the weight. When questioned whether he consulted medical advice before going on his diet, Elliott indicated that he had not, although he did go to the doctor once for a minor illness and the doctor encouraged him to continue to lose weight.

Roomies Help

Elliott who is single indicated that he used to eat out a lot, but has decided that to maintain a careful monitor on his diet he must cook for himself. His two roommates have also become food conscious and help and encourage him to maintain his spare eating habits by not bringing tempting, "heavy-weight" foods into their home.

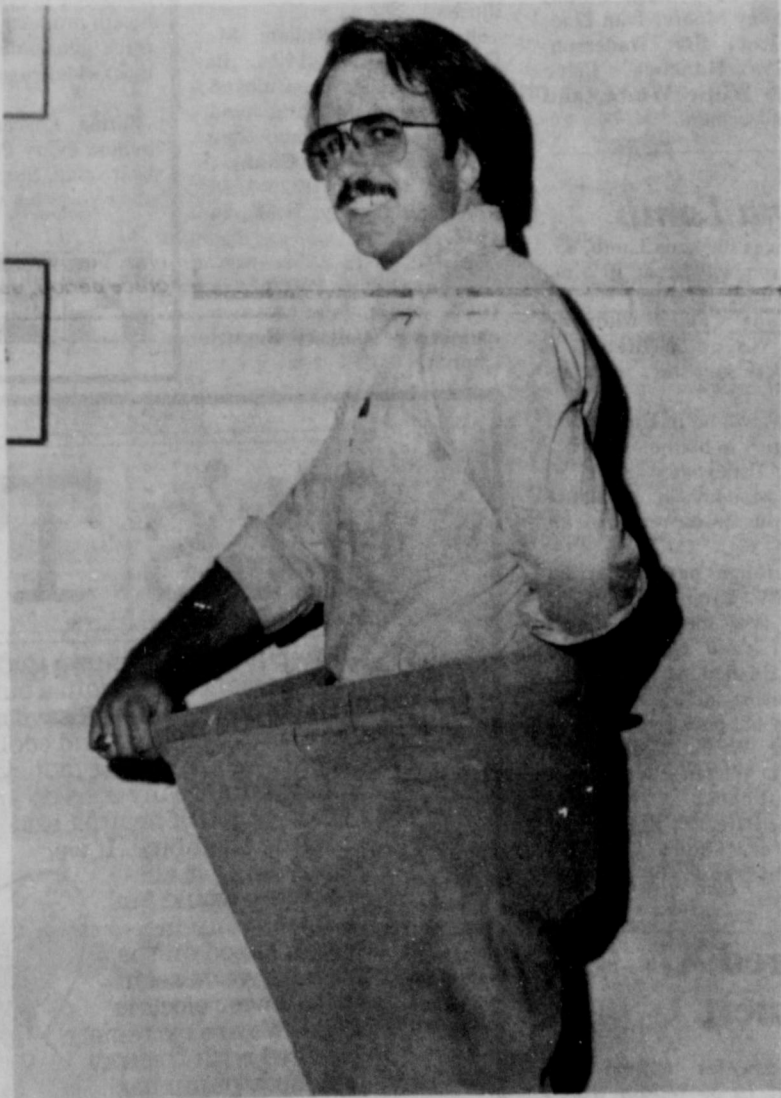

Elliott, who now weighs 180 pounds, states that he still has a way to go before he reaches his ultimate goal. The 5'7 disc jockey is optimistic that he will shed another 30 pounds before leveling off at a maintenance level. He indicates that he has no illusions about eating all the good tasting things he loves once he's reached his goal. "I broke down just once during this past nine months," he said. "I ate some apple cobbler at an athletic banquet I attended last spring. But, I

In telling about his weight-loss accomplishment, Elliott indicated that he is happy with himself again. He also hoped that his experience might provide the necessary motivation for others who have not yet found the will to lose unwanted weight to seek within themselves for the determination to do so.

"I do not feel that I have done this by myself. I feel that my prayers have been the reason I've found the will to keep at it."

His accomplishment is indeed an inspiring one for any of us who have wished we could find the will to initiate and stay with a weight loss or other physical improvement program.

It should be noted that for anyone hoping to lose a lot of weight, most physicians recommend the person seek medical advice in order to do it healthfully.

New Library Services Are Explained

New books, film strips and services are available at the Lynn County Library, members of Tahoka Chamber of Commerce were told Tuesday morning at the C-C's monthly breakfast.

Librarian Mildred Sherrill, board chairman Binie White and longtime board member Lady Stewart were present to explain that the library now is open more hours each week than ever before, and that the library has joined the West Texas Library System which makes available volumes and materials previously unobtainable here.

For example, if a person wants a particular reference book or books, he may ask for it and it will be available the next day the library is open.

The library is open from 8 a.m. to 5 p.m. on Mondays and Wednesdays and on Fridays from 1 p.m. to 5 p.m. Also, it was noted, the library now has a telephone, 998-4050.

C-C President Eual Davis presided at the meeting, attended by 18 persons.

Eat a variety of foods to get all the necessary nutrients, advises Cass Ryan-Crowe, a foods nutrition specialist.

Variety not only adds spice to life, but it also helps assure an adequate diet, she adds.

4-H'ers Study Investment Dressing

Through the 4-H consumer education program, youth learn investment dressing--the importance of shopping wisely for clothing as well as wearlife.

Cost per wearing is really what investment dressing is all about, says Drennan, county 4-H program coordinator. Take the price of the item and divide it by the number of expected wearings to get the cost per wearing.

For example, a jacket costing \$35 with an expected two years of wear time would cost 37 cents per wearing if the garment is worn three times a week for four months.

Likewise, a pair of \$39 shoes expected to be worn for one year would cost about 25 cents per wear if worn three times a week.

Drennan offers these investment dressing hints:

--Build on the good clothes you currently own.

--Invest clothing dollars in clothes most frequently worn. The more you wear a garment, the better the construction and fabric should be.

--Buy separates to allow more clothing combinations. --Buy items with multi-purpose use.

--Consider upkeep. Time

and money needed to clean, press or otherwise care for clothing can be reduced through wise purchase. Dry cleaning or special care cost can be more expensive over the life of the garment than the purchase price.

--Select seasonless clothes.

--Remember fads have limited use.

--Avoid garments that require special undergarments or accessories.

Boys and girls, 9 to 19, in the consumer education program are encouraged to use management and economic principles such as these when making consumer decisions. They learn by doing and practice consumer-skills through activities geared to their particular age levels.

Members also are encouraged to share consumer information with others in projects ranging from consumer fraud awareness to surveys of teen buying habits.

4-H'ers who excel in their consumer education projects are eligible for awards donated by Montgomery Ward and Co. which

supports the program. Medals of honor are awarded to four members in each county. One 4-H'er from each state annually earns an expense-paid trip to the National 4-H Congress in Chicago, Ill., where \$1,000 scholarships are presented to six national winners.

For more information on the 4-H consumer education program or other 4-H projects and activities, contact the county Extension office.

By Leona Waldrip

The Wilson Sewing Club met Tuesday, Oct. 14, at the regular meeting place in Wilson. There were eight members and two visitors present. Mrs. Charlie Lichey

and Mrs. Elmer Rice attended from Tahoka.

Mrs. Gladys Holden of Big Spring has been visiting her sister, Ava Lichey, for the past two weeks. They visited a sister-in-law at Denver City on Sunday.

The Draw Extension Homemakers Club met on Tuesday afternoon with Mrs. Willie Thomas as hostess. Eight

members and the agent Sherry Etheredge were present. After a short business session, the agent brought the program on "Color". The club voted to have the regular meeting next month one week late on Nov. 18 because of a conflict.

My sister Leta Brown of Lubbock was an overnight visitor Wednesday in my home.

Mrs. Vivian Barnett entered West Texas Hospital on last Thursday. She is in room 327.

Past Noble Grand Club met Thursday night in the home of Bertha Williams. There were six members present. After the business session and a study of constitution and by-laws of Rebekah Lodges, a meal was served by the hostess.

Weekend visitors in the K.R. Durham home were Mr. and Mrs. Jack Keyser of Huntington, West Virginia. She is the former Lorene Reece and was a dental assistant in Dr. Durham's office many years ago.

A large number from First Baptist Church attended the annual associational meeting at Monterey Baptist Church in Lubbock on Monday night.

Halloween Games Set

"We put the heat pump in our home based on the recommendation from a builder. He said, 'by having a heat pump, you will save money over a long period of time on heating and cooling costs.' And, he was right! We are saving money with a heat pump. The heat pump really does do an efficient job of heating and cooling the home. If we were doing it all over, we would put a heat pump in again based on the results we've seen with lower electric bills. We are extremely pleased with the way the heat pump has performed."

Scanning Social Security

By: Jim Latimer, Field Representative
Social Security Administration
1205 Texas Avenue, Room 102,
Lubbock, Texas, 79401

So much has been written about how to qualify for social security checks that I feel factual information would be worthwhile to our readers this week.

Basically, the term disability, except in certain cases of very young social security card holders, means the absence of work reserve. Social Security's decision is based upon the worker's reserve left to work, and not upon the disability as such. The term disability is therefore, a misnomer.

Working or not working is the basis for the handling of disability claims under the social security disability programs. If a person successfully proves he is not working because the medical evidence reflects that he has little or no work reserve left, then we treat the case as an allowance, if all other factors are met at the same time.

It is relatively easy for social security to decide that a man with no arms, or no legs, or some other incurable vital organ involvement which renders him unable to work, is disabled for purposes of payment. But there are so

many workers who have multiple conditions that may or may not be severe enough to prevent some work. This group, especially those who are working, is usually found not disabled because they have some tolerance for work, and are denied social security checks. Some of those not working are denied because medical doctors do not support the contention of the card holder that he is unable to work.

Many times the Vocational Rehabilitation Commission can retrain or furnish valuable assistance to workers who are disabled and lead them to jobs which are reasonable and pay well.

using one hand and hold skillet with other so as to tilt the pan to swirl the batter so it covers the pan in a very thin layer. Cook crepe till bottom is browned. Crepe may be turned and browned on the other side or remove from pan with spatula. Crepes may be browned on one side only. Invert on plate; fill and roll. Crepes have an inside and an outside. The side that browns or cooks first is the outside. The inside is rolled or folds into direct contact with the filling. When making batter use the blender. It is easier.

French Crepes

3 eggs
1 cup flour
1 teaspoon salt
1 1/2 cups milk
Add ingredients to blender container in order given. Blend in blender until smooth. Let stand in refrigerator preferable three (3) hours or over night. Then let batter reach room temperature before making crepes.

If you have a food processor:

Basic Recipe For Crepes
2 eggs
1 1/2 cups of milk
1 cup all purpose flour
1 tablespoon oil
1/4 teaspoon salt
Place steel blade in work bowl. Plastic blade may be used. Add eggs, milk, flour, cooking oil and salt. Process 15 seconds or till smooth.
Basic dessert crepes have variety. They may be chocolate or other flavors. A variety of fillings are included in our publication entitled, "Crepes and Things". For your copy write to: Vivian Liner, Home Services Advisor, Box 631, Lubbock, Texas 79408.

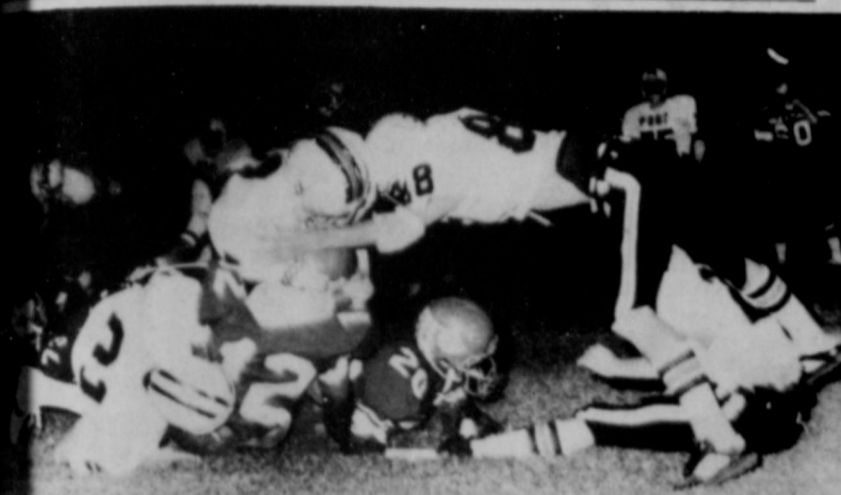

The crepe differs from a pancake in that the crepe is thin and delicate and is easily rolled around any filling. The crepe uses eggs instead of baking powder or yeast for leavening. The proportion of liquid to flour is also higher than would be in making a pancake. Crepes are no harder than pancakes to make, yet lend themselves to an endless variety of dishes from appetizers to main-dishes. Crepes are low in calories. The average crepe has about 20 calories and fillings can be low in calories too. Some include chicken and mushrooms, tomatoes and cheese, vegetables or sugarless jam or preserves.

No special equipment is needed to make crepes. A small frying pan will work, but it should be thoroughly cleaned, rinsed and seasoned. The most successful crepe pan is made of black iron, 5 to 6 inches at the base and with shallow sides. Do not use the same pan for preparing onions, bacon and other foods. This is because of the effect on flavor of the crepes. Keep your crepe pan in a secret hiding place and use for crepe making only. Electric crepe makers are available and afford ease and simplification in management and preparing crepes. If commercial crepe makers are used, follow manufacturer's instructions carefully. Know that crepes are versatile and they will please the appetite of any family member and friends.

Here is one technique for making crepes in a pan. Put 1 tablespoon of oil in the pan and heat until oil is hot. Tip out the oil. A little will remain clinging to the surface. This will be enough to cook the crepes. Depending on the size of the pan, pour two to three tablespoons batter into pan

Crepes For The Holidays

Crepe season is fast meals and for elegant party dishes this holiday season, why not

prepare and serve crepes to family and friends. It's a gold mine of ideas. Crepes can convert the simplest ingredients into something special. They can be prepared with a minimum of effort and created to one's own liking and style. They freeze beautifully and can be made ahead. This management can save energy, time and money.

Crepes have variety. They may be served as appetizers, main dishes, side dishes, and desserts. Three flavored crepes may answer for a satisfying meal on one plate. One made and filled with cheese, another with meat and still another with strawberries and whipped cream or your favorite pudding blended with whipped cream and topped with a favorite sauce. Fillings are endless and left-overs have not the slightest hint of such when served crepe style. There are many variations for folding crepes, too.

Wedding shower for Mary Hracheta, bride elect of Willarreal, was given Oct. 5, in the charming cottage. The bridesmaids were a 45 piece set, 70 piece set and a seven set of cookware. Guests were: Lupe Hracheta, mother of the bride, and Lupe Villarreal, the future groom's father. Out of town guests were: Mrs. Janie Rios, Mrs. Edna Morales and Mrs. Arellano of Wilson, Edna and Bob will be married Friday, Dec. 5, in the Blessed Sacrament Church in Wilson.

Mr. and Mrs. Odell Nowlin visited a few days last week with his sister-in-law, Floradell Nowlin.

Mr. and Mrs. Rodney Overman of Lubbock visited Sunday with his mother, Ruby Overman, and attended morning services in the New Home Baptist Church. The young couple are students in Texas Tech.

Mr. and Mrs. Marlow Rudd, Cary and Marla of Eunice, N.M. spent the weekend here with his parents, Mr. and Mrs. E.M. Rudd.

Mrs. A.M. Davis and her sister, Mrs. Bernice Ansley of Lubbock, were in Littlefield last Saturday to attend the Vaughn family reunion.

Mrs. Mel Halford, manager of the Furr's Cafeteria at 7020 Quaker ave. in Lubbock recently missed only a short time from her job after she slipped and fell in the cafeteria cook room striking her head on some machinery, causing a whiplash and hurting her back.

Mrs. Jewell Mayfield was the honoree at a birthday dinner Sunday in the home of her daughter and son-in-law, Dick and Radene Turner.

Rick and Sherry Etheredge from Tahoka were visiting in the New Home Baptist Church Sunday morning and gave their testimony. She then brought the special music.

Mrs. Hattie McManus is in traction in Methodist Hospital room 394 and surgery will be performed early this week to repair a broken hip. Mrs. McManus got out of bed in the early morning hour Sunday to get a drink. Finding no water, she slipped into a light robe and went to the well house to start the pump. As she left the well house she fell and was unable to get back into the house. As is his habit, Rev. Oscar Newell, pastor of the Lakeview Baptist Church, stopped by to take Mrs. McManus to Sunday School and church and found her in the yard. The Tahoka ambulance took her to the hospital. This hardy pioneer lady, age 90, in spite of this horrible experience will be fighting to regain her health.

She had major surgery only a few months ago and made a quick recovery.

Visiting in the home of Mr. and Mrs. Ricky Mantooth over the weekend were their daughter and son-in-law and granddaughter, Jon, Julie and Melinda Fleming from Seminole. Also, Rick Mantooth and his fiance Danna Giddens from Lubbock. Rick works for KEND Radio in Lubbock as Music and Program Director and Danna attends Methodist School of Nursing where she will receive her degree in December. The couple plan a late December wedding in Post, the home of Danna's parents, Mr. and Mrs. Joe Giddens.

Jill Mantooth, accompanied by her parents, Mr. and Mrs. Ricky Mantooth, of New Home, was guest speaker at the Texas Farm Bureau Banquet in Tahoka on Monday night. Jill attended the Texas Farm Bureau Youth Citizenship Seminar at Baylor University this past July as a representative of the Lynn County Farm Bureau.

In their second district outing, the New Home Leopards handed their arch-rivals, the Wilson Mustangs, a 14-0 loss. The Leopards' loss to the Klondike Cougars in the district opener in Klondike last week was forgotten in Friday night's 231-yard rushing attack to beat Wilson on their home turf.

Both touchdowns were scored in the second quarter of play. Scoring for New Home were Robert Estrada on a two-yard run and Murray Kieth on a 9-yard run. Billy Paul had both PAT's. Defensive standouts for the Leopards were Johnny Vickers, Estrada and Stoney Gill. The Leopards will meet Sands on Friday night.

Leopardettes Volleyball

In three-match sets both the Junior Varsity and Varsity Leopardettes defeated the Ralls volleyball teams on their home court. The Leopardettes traveled to Union on Monday and then Lorenzo on Tuesday to conclude their regular season play.

On Nov. 15, the Leopardettes will see action in the Regional Volleyball Tournament in Levelland. Seeing action for New Home will be Mitzi McAllister, Jill Mantooth, Devone Vickers, Kristi Macker, Nora Caballero, Gloria Correa, Pam Moreno, Sally Hernandez and Lana Kieth, coached by Mrs. JoAn Kieth.

Tax Practitioner Workshops

The Texas Agricultural Extension Service is cooperating with the Internal Revenue Service in offering 37 Tax Practitioner Workshops across the state reports Stanley M. Young. The nearest general workshop to our area will be held in Lubbock on the 1-2 of December. The nearest Advanced Workshop will be in Lubbock on Dec. 3-4, 1980. These two day workshops are specifically designed for tax practitioners who work extensively with farmers and ranchers.

Topics to be covered in the general workshops are: What's new - including the windfall profits tax; Divorce, separation, child support, alimony and property settlements; Capital gains and losses; Repossessions; Oil, gas and coal; Filing and processing; Corporations; Partnerships.

For the first time this year 8 Advanced programs will be offered stressing tax preparation for businesses. Topics to be discussed in the Advanced workshops are: What's new - including the windfall profits tax; 351 transfers; Dividends; Calculating earnings and profits account; The subchapter S election; Fringe benefits; Pensions and profit sharing; Corporate liquidations; Liquidations (continued) Questions and answers.

These are popular Extension programs. Last year the 2,995 people that participated in the state-wide series reported filing over 637,000 tax returns. For additional information, please contact Stanley Young, County Agent 998-4650 for a brochure explaining more about the program and registration information.

Halloween Safety Is Stressed

On Friday, Oct. 31, children all over will be celebrating one of their favorite holidays, Halloween. This being so, scores of miniature "monsters" will scamper through the neighborhoods of Texas. For many of them, "trick or treat" may well turn into tragedy.

Major C.W. Bell, Regional Commander for the Texas Department of Public Safety, Lubbock, suggests that a few precautions on the part of the motorists and parents could prevent such disasters this Halloween.

If your children go trick or treating, one of the parents should go with them to insure their safety. If you buy or make your child a costume, it should be of white or light colored material so it can be easily seen at night by motorists. You should also have your child carry a flashlight to serve as a warning to motorists and as an added safety measure on poorly lighted streets and children should be instructed to use sidewalks whenever possible and the motorists, on their part, should be especially careful when driving the neighborhood streets as many of the youngsters will be crossing the streets haphazardly as they go from house to house.

Major Bell also stated that because Halloween falls on a Friday there will be added traffic as most area high

schools will be having a football game. If the parents and motorists will join together and think of the children's safety, we can turn this potentially dangerous evening into a safe and enjoyable one.

Stenholm Elected DRO Secretary

Congressman Charles W. Stenholm has been elected secretary of the Democratic Research Organization, an 82-member coalition of Congressmen dedicated to promoting a conservative political philosophy in the U.S. House of Representatives.

Joining Stenholm as officers of the group are Congressmen Jim Jones (D-Okla.), president; Ronnie Flippo (D-Ala.), vice president; and Kent Hance (D-Tex.), treasurer.

As an officer, Stenholm will also be a member of the steering committee, completed by 3-5 regional directors, that will determine future roles and directions of the organization.

Stenholm Receives Small Business Award And PAC Endorsement

The National Federation of Independent Business (NFIB), the largest small business group in the nation announced that by voting in support of key small business issues 100 percent of the time during the 96th Congress, U.S. Rep. Charles W. Stenholm of Texas had earned its "Guardian of Small Business Award" and had been endorsed by NFIB's political action committee (NFIB PAC).

In announcing the award, Wilson S. Johnson, president of the 620,000-member group--with 55,145 of those members in Texas--explained that the "Guardian Award gives recognition to legislators who support small business, and at the same time assures our members of how their legislator is representing them in Congress.

NFIB, which is nonprofit and nonpartisan, presents its "Guardian Awards" at the end of each Congress to those members who vote in favor of small business on selected issues at least 70 percent of the time.

Thank You

The family of Jerry Don Davis wishes to express their sincere thanks to all of their friends who were so helpful during this time of sorrow. All the food, flowers, calls, cards, prayers, and words of comfort really meant so much to us.

We would also like to thank the 1974 graduating class of Tahoka High School for the plaque commemorating Jerry Don that will be placed in the school in his memory.

Only at times like this can we appreciate friends and loved ones like we should. Nothing can bring our Jerry back but we will continue to need your thoughts and prayers to help us go on.

In Christian Love,
J.D and Joyce Davis

Thanks!

The class of 1960, the honor class of the 1980 homecoming, expresses special thanks to the following groups and individuals who made our weekend so special:

The National Honor Society, for a welcome reception and service of the pre-game dinner. The student body for a warm response, to Gerald Huffaker for his presentation and to his wife Linda for allowing us to meet in their home after the game.

To Mrs. Leah Taylor and her annual staff for research into our past and presentation of the skit. To Dalton Wood for the use of his 1960 Comet to drive in the parade.

and to the Bulldogs for an exciting victory.

To Mr. and Mrs. Joe Wagner for a beautiful party Saturday night.

The biggest thanks of all to the 1960 class members who managed to get back for this 20-year reunion. See you at 25!

Harvest Happening '80

Harvest Happening '80, a camp for mature men and women, will take place at the Texas 4-H Center in Brownwood from Tuesday, Nov. 4 through Friday, Nov. 7. Participants are advised to cast their vote for their favorite candidate on Tuesday morning and then to

come to camp and watch the results come in at our Election '80 Campaign Countdown.

Freedom of Choice is the motto for the remainder of the camp as campers will be able to participate in four skill areas: Lapidary, Needlecraft, Ceramics and Basketweaving. Eight special features will be presented and recreation will be held every evening. Singing, good eating and fellowship will abound as campers choose their own activities. For those inclined to dominoes, cards or shuffleboard, space has been set aside for these activities at all times. The 1.7 million dollar facilities of the Texas 4-H Center provide a resort-type atmosphere for Harvest Happening '80 participants. Ten lodges will house five men or five women to a sleeping area. Each has adjoining bathroom facilities.

To insure your comfort and convenience, only 100 registrations will be accepted. Reservations must be received by Oct. 28.

For more information about Harvest Happening '80, contact your County Extension Agent.

Plains Cotton Growers, Inc., Lubbock, and the Washington-based National Council of Agricultural Employers continue to devote strenuous efforts to getting legislation out of this session of Congress to more clearly define the limits of U.S. Department of Labor (USDL) authority under the Farm Labor Contractor Registration Act (FLCRA).

"There's still a chance for success," says PCG's Field Service Director and member of the NCAE Executive Committee, Ed Dean. "They are considerably slimmer now that congress has adjourned until after elections," Dean admits, "but we are not giving up. We're now aiming at the lame duck session between election day and the end of the year."

What farmers, ginners and others in agriculture need from Congress is legislative language that will determine once and for all who is a "crew leader" and who is not, and who is a "migrant worker" and who is not.

Senator David Boren of Oklahoma is credited with an amendment to the Senate-passed child nutrition bill that would provide that language. But that amendment was not a part of a similar bill passed earlier by the House.

When House-Senate conferees met September 18, the Senate was ready and willing to discuss Boren's amendment, but Conference Committee Chairman Carl Perkins of Kentucky would not agree and the meeting was recessed.

Perkins has indicated he prefers a substitute version which would make matters even worse for agriculture by extending FLCRA coverage to all agricultural employers, crew leaders or not.

So long as he holds that stance, Dean states, "it's going to be hard to get him to call the conferees back together while there's still a chance the Boren amendment would be adopted. But we are by no means giving up and will continue working until the 96th Congress adjourns late this year."

The problem started over a year ago when USDL's wage and hour division, in a somewhat ambiguous fashion, ruled that most cotton gins and many farmers and farm managers were "farm labor contractors" and that all seasonal workers in agriculture were "migrant workers." This ruling made farmers, ginners and others in agriculture subject to onerous FLCRA requirements which were not intended by Congress to affect them.

As it now stands, NCAE and cotton industry officials have prevailed on the USDL to "review" its interpretations and possibly issue a new set of enforcement guidelines.

"But if Congress fails to act and the issue is decided by the Department of Labor," Dean says, "we have little or no confidence we'll get significant relief from USDL harassment."

Businessmen and businesswomen should be concerned about soil erosion. After all, much of your business depends on agriculture.

As you drive through the country, you see a lot of soil erosion. You see farmers plowing up and down the hill and over terraces. You see grassland grazed off as slick as the floor in your office.

Some of these people are your customers and that should bother you. Here's why. If they keep letting their soil wash away, how much longer can they make a profit and stay in business? And what will happen when their children or grandchildren inherit that land? Will they be able to make a profit on a washed away farm? If they don't, they'll have to go out of business and you'll lose another customer.

If your customers are letting their soil wash away, get concerned. Ask them to contact the people at the Soil Conservation Service, U.S. Department of Agriculture and get a conservation program started on their land.

Scouts Attend Safety Hunters School At Post

Five Scouts and two adult leaders from Tahoka attended a safety hunters school with 80 other Scouts at Camp Post Oct. 11-12. The school was conducted by the Texas Parks & Wildlife Dept. to help prevent shooting accidents and teach respect for firearms.

Each participant had to pass a written exam at the end of the two days of training and then was certified by TPWD, a certification recognized in all states.

Attending from Tahoka were Ricky Williams, Harvey Hallmark, Russell Roberts, Randy Konstanteakos, Joe Dell Patterson and adults Donald Williams and Ronnie Roberts.

Rains Slow Early Harvest Efforts

Light to moderate rains slowed early harvesting efforts in central and northern High Plains counties Thursday morning. Weather had been favorable for harvesting before Thursday, according to Mack Bennett, Area Director at USDA's Marketing Services Office in Lubbock.

Dryland and semi-irrigated cotton was estimated 100 percent open, Bennett said, while irrigated cotton was about 75 to 90 percent open.

Sample receipts at Lubbock climbed sharply during the three-day Columbus Day week-end. About 12,000 samples came in during the week ended Oct. 16 as the classing staff increased to 17 from only four a week earlier. This brought total samples graded for the season to 17,400. No samples had been graded by the same date last year.

Predominant grades during the week were grade 42 at 40 percent, grade 52-30 percent and grade 43 - eight percent. About six percent of the samples were reduced one grade because of bark, about unchanged from the week before, according to USDA's Agricultural Marketing Service.

Staple statistics showed staple 30 was predominant at 35 percent. Staple 31 was 28 percent while staple 32 accounted for 14 percent. The week's average staple was 30.7, up from 30.2 a week earlier.

Micronaire readings in the base range of 35 - 49 accounted for 88 percent. Four percent miked 50 - 52 while 53 and above amounted to one percent. Average mike for the week was 42, down from 43 one week earlier.

Average breaking strength was 91,000 pounds per square inch against 92,000 PSI a week ago.

Growers sold small mixed lots of mostly grades 32, 42 and 52; staples 30 and 31, mike 35 - 49 at around 72.50 cents per pound, down 100 points compared to one week ago.

Gins paid growers \$110 to \$125 per ton for cottonseed mostly \$110 to \$115.

Farmers Have High Stakes: Cotton growers have a high stake in the U.S. Department of Agriculture's proposal to require growers to plant within their normal crop acreage (NCA) to be eligible for 1981 upland cotton program benefits. National Cotton Council President Herman Propst, a grower of Anson, Texas, has asked producers and other industry members to petition USDA for re-consideration of the proposal.

"USDA has already made NCA compliance a part of the wheat program announced in August, and there are indications it plans to do so for all the other program crops," Propst said.

"While not mentioned in the cotton proposal, we have determined that USDA will also demand cross-compliance among crops and compliance on all farms owned and/or operated by a grower on which a program crop is planted," he explained.

Propst said the NCA requirement discriminates against cotton producers because crop acreage is a much higher percentage of the NCA in the Cotton Belt than in most other regions. In most cotton states, present crop acreage exceeds the official NCA by a substantial amount. NCA is the total of all major non-allotment crops planted in 1977.

Railroad Bill Signed: National Cotton Council President Herman Propst says the bill deregulating the nation's rail industry represents a significant improvement over earlier proposals which would have added millions of dollars in higher transportation costs for cotton, with

little or no assurance of improved service. Earlier proposals, critics would have been allowed to arbitrarily increase freight rates on cotton and cotton seed products during the marketing year above previously announced rates in response to actual anticipated changes in demand.

Pink Bollworm Meeting: The National Cotton Council's Pink Bollworm Action Committee will meet at the Fiesta Inn, Tempe, Ariz., Oct. 28. California grower Jack Stone is chairman. The committee will hear reports on the U.S. Department of Agriculture's research on sterile moths at St. Croix, the Virgin Islands and the cooperative U.S.-Mexico pink bollworm management trial in the southern part of the Baja California peninsula.

Children learn responsibility through examples of by important people in their lives, explains Diane West, a family life education specialist. Parents need to examine their actions in terms of "worthiness of a child's imitation," she says.

Furry black deposits on the chimney walls may be a fire hazard, warns Jane Berry, a home and home furnishings specialist. Check your unit with flashlight.

If you can flake deposits easily, make arrangements for chimney cleaning before you use the fireplace, she says.

eyes and ansors
Weston A. Pettey, O.D.

DOCTORS NOT INFALLIBLE

Dear Dr. Pettey: I have been examined in my lifetime by three ophthalmologists and four optometrists and they all said the same thing, "No help." My left eye will work with the other only a few seconds, then wander outward. What can I do?

With seven doctors having examined your eyes and vision functions and finding no solution to your problem, I'm afraid I could do little to help. I'm certain that had they felt that vision therapy (eye training), special lenses, training lenses, eye patching, eye muscle surgery, or a combination of two or more of those procedures would have been beneficial for you, they would certainly have recommended it.

They all probably mentioned to you the possibility of a congenital problem, a birth injury, or some other similar condition being the cause. And, although a few of such cases can and do occasionally respond to proper care, there are many more that do not.

But, in some future day, perhaps a combination of healing arts researchers will discover a solution to visual problems such as yours. That will be a happy day for all of us.
