Commission Merchant for the Sale of Live Stock, Stock Landing
 Postoffice Box 3006, New Orleans, La.

— THE —

Union Stock Yards,

 CHICAGO, ILLINOIS.

The Largest and Best Live Stock Market in the World

The entire system of the Railways of the West centers here, making the Union Stock Yards the most accessible point in the country. The capacity of the yards, the facilities for unloading, feeding, reshipping, or for the sale of stock are unlimited. There is no point in the United States where stock will find as satisfactory market and sale to the shipper as the Union Stock Yards.

The quality of feed and accommodations given cannot be surpassed at any point in the country. The great city of packing houses that are located here, the large bank capital and the large number of buyers for the Eastern market constantly on hand, make this a quick, active and independent market. Cattle from the North, West and Southwest should reach this market without fail, in order to procure the best prices. There is now established a direct Cattle, Hog, Sheep and Horse trade between these yards and the most important markets in Europe. Agents constantly here from London, Paris, Hamburg, Liverpool and Manchester. The daily shipments from these yards to Europe are from one to two steamerloads. THIS IS STRICTLY A CASH MARKET.

N. THAYER, President. ELMER WASHBURN, Gen'l Superintendent.
 GEO. T. WILLIAMS, Secretary and Treas. J. C. DENISON, Ass't Sec. Ass't Treas.

 Choice Lot of Two-Year-Old Steers For Sale.

To Sheepmen.

 A stock of groceries worth \$6000 and a dwelling in a live railroad town in exchange or sheep. Will put them in towards paying for a large herd. Will pay some cash. Will furnish hay, range and 25-cent corn on a trade for sheep or cattle, or will exchange above for sheep or cattle.
 GEO. W. WEST,
 Paul's Valley, I. T.

For Lease Two Years.

3076 acres of fine black land, suitable for hay or pasture, 2 good tanks and inclosed with bois d'arc posts and 4 wires, situated 10 miles west of Gainesville, on Elm creek, and within 3 miles of depot on Mo. P. & N. R. Apply to MATTHEW CARTWRIGHT, by letter or in person, at Terrell, Tex.

Mares for Cattle.

 For sale or exchange for steer cattle or fat cows, 150 head North Texas mares, all halter broke and thought to be in foal, 50 having been hand bred to each of the following named stallions and jacks:

YOUNG ENTERPRISE, an imported English Shire stallion, 16½ hand, weight 1600.
 LEBON, an imported Clydesdale stallion, 17 hands, weight 1800.

GRANDEE, a 15½-hand jack; one of the best ever brought into the state.

Nearly all the mares have colts with them, unbranded, and are by good sires. They will be sold with the mares if desired. Will trade or sell any number. Pleasant Valley Ranch, Perryman & Marshall, proprietors, Crafton, Wise County, Texas.

TWO-YEAR-OLD STEERS.

 2000 to 4000 two-year old steers, all in one brand, for sale cheap. Want buyer at once.

KANSAS CITY.

Special to the Texas Live Stock Journal.
KANSAS CITY, July 27.—Official receipts of cattle for the week 27,125 head, against 18,872 last week, and 15,592 head in excess of same week last year. On Monday and Tuesday the market was just a shade weak on the best grades of grass range, without any material change in figures from our last report, while medium and canners went slow and 10@15c off. Wednesday the receipts were 7699 head. Market slow, weak and 10c lower on all grass range cattle.

Following are representative sales:
M. S. Peters & Co. sold for M. S. McShan 52 Texas steers, 854 lbs, at \$3. For J. T. Harris, 24 same, 942 lbs, at \$3.40; 50 same, 901 lbs, at \$3.40. For H. C. Dent, 7 Indian steers, 792 lbs, \$2.50; 44 same, heifers, 708 lbs, \$1.90. For J. T. Harris, 25 Indian cows, 840 lbs, \$2.10. For C. C. Rumrill, 82 Texas calves, \$6.50 each.

NEW ORLEANS.

Special to the Live Stock Journal.
NEW ORLEANS, July 27.—Market fairly but not heavily supplied with beeves and cows. Fat stock firm. Calves and yearlings in light supply and active demand with prices steady. Hog and sheep market firm.

QUOTATIONS.—Choice beeves, 3@3¾c; common to fair, 2@2¾c; good fat cows, 2@2½c; common to fair, \$9@14; calves, \$5@9; yearlings, \$7@11; corn-fed hogs, 5½@6½c; common to fair, 4@5c; fat sheep, 2@3c; common to fair, \$1@1.50 each.

SAN ANTONIO.

The market for local butcher stock continues quite bare, and the demand is gradually stiffening prices, although they are not yet such as to attract much stock from a distance. Cows are as yet about the only class of stock that butchers will buy, because in them they do not come into sharp competition with shippers. Should present state of things continue for a couple of weeks more the local market will be in a more satisfactory condition to sellers than it has been since last spring.

Quotations are as follows:
CATTLE—Steers, shippers and butchers, \$15@20; cows, fat, from \$10@12; light, at \$7@10; yearlings, \$5@3.50; calves, \$3@4.
SHEEP—Muttons, \$1.00@2.00. Goats, average stock 50c@1.25 per head.
Hogs—Natives \$3@3.50.

GALVESTON.

[Reported by Winfree, Norman & Pearson].
BEEVES AND COWS—Choice, per lb, gross, 2@2¼c; common, per head, \$8@10; 2-year-olds, choice, per head, \$8@10; common, per head, \$6@7; yearlings, choice, per head, \$6@7; common, per head, \$4@5; calves, choice, per lb, gross, 3@3¾c; common, per head, \$2.50@3.00.
SHEEP—Choice, per lb, gross, 3@3¾c.

DALLAS.

CATTLE.—Choice fat grass steers, 2@2½c; choice fat butcher cattle, 2c; choice butcher cows, 1¾@2c; yearlings \$5@9; calves, 3@4c; milch cows, \$20@30; bulls, 1@1¼c.
SHEEP.—3@4c; goats, \$1@1.50.
HOGS.—4@5c.

Goats, sheep and hogs are very scarce; none on the market. Hogs are in good demand. Fat grass cows find ready sale; also calves and yearlings. Goats are in good demand; and none on the market. The stock business has been very good the last two weeks.

An Open Letter.

CHICAGO, ALTON & ST. LOUIS R. R. CO. }
OFFICE GEN'L LIVE STOCK AGT., }
ST. LOUIS, July 20, 1888. }

The undersigned, as the live stock representative of the old reliable and well-known Alton road, respectfully calls the attention of live stock shippers to the improved fast time now being made by this line from St. Louis, Kansas City and Higbee to Chicago. The cars of this line are uniform in size, and the roof is higher and better ventilated than any other ordinary stock cars now in use on other lines. In addition, the Alton is furnishing more of the improved palace stock cars to Texas shippers than all other lines combined. The Chicago & Alton makes a specialty of the handling of live stock, and in the past five years shipments have largely increased each year, which shows to all fair-minded people that we give attention to our patrons. No other line in the country transports as much live stock as the C. & A. in proportion to mileage. The books of the stock yards at St. Louis and Chicago will verify this. I can say, without fear of successful contradiction, that the C. & A. in the past has done some good work in behalf of live stock shippers so far as rates are concerned. The officers of this company have at all times looked upon the prosperity of stockmen as being beneficial to the road. The success of one was prosperity for both. I respectfully solicit of shippers a good share of their consignments, and promise them good treatment, fast time and rates as low as any first-class road makes.

I sincerely thank live stock shippers for the large patronage given our line in the past, and ask for their friendship and support in the future.

Shippers desiring any information or favors, by addressing me at St. Louis, will receive prompt replies.
JNO. NESBITT,
Gen. Live Stock Agent.

VICTORIA, Tex., July 25.—On last Saturday Mr. Aaron Chinn, employed on Hennessy Thomas' ranch in Calhoun county was severely gored by an infuriated bull. Chinn, with others, had roped the bull for the purpose of sawing off his horns and was pulling on a rope fastened to the bull's horns trying to throw the animal. The rope broke, and the other parties becoming frightened, let go of their rope, when the maddened animal charged Chinn, gored him in a frightful manner and finally threw him over the fence of the pen, which undoubtedly saved Chinn's life. He was brought to this city and placed under Dr. Boatner's care and is doing very well, with chances in favor of his early recovery.

Don't buy the Missouri penitentiary saddle trees, but buy the genuine Loeloff, for sale by L. S. Brackett, San Antonio, Texas.

ROUND-UPS.

Mr. H. H. Metcalf, secretary of the Colorado Cattle Growers' association, is sick at the city of Mexico.

Nolan County Record:—Our stockmen have been hard at work this week burning on each side of the railroad to save the range. Considerable range has been destroyed already by fire.

Tascosa Pioneer:—A steady, soaking rain fell all of Monday night, and the country rejoices much. It is a mistake about the Panhandle bearing any resemblance to the Arabian desert.

San Angelo Enterprise:—Comer Bros bought all of J. N. P. Cramer's cattle, 1, 2 and 3 years old. They were taken to their ranch on Middle Concho. Yearlings \$7.50 per head, \$11 for twos, \$15 for threes, were the prices paid.

Miles City Stock Growers' Journal:—Mr. John T. Murphy received 2000 steers at Livingstone on Wednesday of this week. They were Idaho cattle, and the prices paid were \$20 for two-year-olds, and \$25 for three-year-olds, delivered on the range.

San Angelo Enterprise:—A herd of 2500 head of yearlings, sold by Felix Mann of Menard to J. C. Slaughter of Colorado City, passed through the suburbs this week, en route for Renderbrook. They have been almost on a continuous stampede ever since the start, and are somewhat "run."

Miles City Stock Growers' Journal:—Messrs. Ferdon & Biddle have gone to the Big Horn Basin, Wyoming, to receive the cows and calves which they purchased of the Big Horn Cattle Co. They paid \$22.50 for the cows, each to have a calf by their side. This herd is all American stock—no Texas blood in them.

Three and a half cents was the highest price obtained the present week for the best beef cattle offered at the Union stock yards, Denver. Dry cows went as low as two cents. Sheep had fallen down to two and three-quarters per hundred. Hogs ruled as high as five seventy-five.

George L. Goulding of Denver says: "The fine cattle breeders down in the republic of Mexico have begun to come this way to purchase. We have lately sold from the city stock yards thousands of dollars worth of breeding animals to be shipped to the state of Durango."

Denver Field and Farm:—From the present outlook we should conclude that grass on the Eastern ranges in Colorado will be very scarce with which to carry the range cattle through the approaching winter. Those who have money invested in such cattle will do well to have a little lookout in season.

Miles City Stock Growers' Journal:—Mr. John W. Buster, manager of the Continental Land & Cattle company's affairs, has returned from his Texas cattle-purchasing tour. He purchased some 15,000 head; the first installment has already reached the company's ranges and the second herd is well on the way.

San Angelo Enterprise:—White, Hurd & Munday sold to Kellogg of the Half-Circle S, 200 ones and twos at 80 and \$12. Comer Bros. bought \$40 yearlings at \$6.50 and from different parties in McCullough county. Ewing & Frost bought from Corbett and another party of Brady 200 head of ones and twos at \$7.

Colorado Clipper:—M. C. Nason has sold out his California interests, and

he and Cousin Jud Robertson are coming to the rescue of the depressed cattle business of this section. They propose to purchase 5000 cows and stock their magnificent 180-acre ranch at Loraine, seven miles east of here.

John R. Nasworthy has been rounding up this week and is complaining about the superabundance of worms. He reports a terrific conflict between two bulls, a Texas and a Durham, in which the latter worsted the former. The moral in this is easily seen—the longhorn must go, sooner or later—principally later.

The first importation into America was made in 1615, when "four cows and a bull were, after a long and dangerous passage by sailing vessel, landed in Virginia from Ireland. These were the first domestic cattle seen in America." Had they been Shorthorns, as they should have been, who can count the additional value to the cattle of the present day in this country?

San Angelo Enterprise:—The Half Circle 6 outfit sold to Morris 410 head of four-year-old steers, Ballinger delivery, at \$30—the best price paid for a long time. We cows are looking up. Arthur Putman left this week with a car of horses for Brattleboro, Vt. They cost him \$35 per head and he expects to make \$1000 on the transaction. If he does well he will go into the business permanently.

Chicago Drivers' Journal:—A distressing accident occurred Wednesday of last week, which resulted in the death yesterday, of Mr. Jefferson H. McLemore of Morgan, Texas. Mr. McLemore was accidentally thrown from a cable car at Thirty-ninth street. He struck on his head, causing concussion of the brain, and was unconscious until death relieved him. His wife and family were telegraphed for and returned last night with the remains.

San Angelo Enterprise:—The firm to whom Messrs. Keith & Kelly shipped their cattle recently "went busted on 'em." Cattlemen are very indignant over the matter, which they denounce as a clear case of robbery, the cattle having been sold at a low price, and no remittance made therefor. Unless proper reparation is made, there will be a big sensation in the Chicago live stock market in general—the stock yards in particular, and in the neighborhood of the firm above referred to especially.

San Angelo Enterprise:—John S. Miles returned last Thursday from a two-weeks' trip to Eastern Texas, where he bought for his father 26 head of fine Hereford-Shorthorn cattle—bulls, cows and calves—some of the largest, on being weighed, tipped the beam at over 1100 pounds. They will be placed in the Miles pasture. The herd is certainly a beautiful one that will do the eyes of any lover of fine blooded stock good to see, some of them being state fair premium cattle and costing over \$150 each, the entire herd representing about \$1800.

Denver Field and Farm:—State Engineer Greene has returned from Pueblo and reports water in that portion of the state as very scarce. He says those cattlemen who are able are making preparations to move their herds as, on the account of the scarcity of water this summer and the lack of precipitation, it is thought there will be heavy snows this winter and a scarcity of grass, which would be disastrous to the cattle interests. Just where the Arkansas valley cattlemen will go to is not stated. They may go to grass and again they may not.

Chicago Drivers' Journal:—D. P.

Atwood of Colorado, Texas, manager of the Mallett Cattle company, was here this week looking over our markets. Mr. Atwood reports Texas cattle in better shape than for two or three years past but he says there are fewer cattle in his section of the country and dealers are looking for better prices. There is a scarcity of four-year-old steers in Northwest Texas. The general calf crop the past season was the largest for three years past. He says the sheepmen are in good shape, financially speaking. Crops are in good condition, especially corn. He says some of their oats are better than any raised in Illinois. Mr. Atwood has forwarded many thousand sheep here this year.

A Sound Legal Opinion.

E. Bainbridge Munday, Esq., county attorney, Clay county, Texas, says: "Have used Electric Bitters with most happy results. My brother also was very low with malarial fever and jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."

Mr. D. I. Wilcoxson of Horse Cave, Ky., adds a like testimony, saying he positively believes he would have died had it not been for Electric Bitters.

This great remedy will ward off, as well as cure, dengue and all malarial diseases, and for all kidney, liver and stomach disorders stands unequalled. Price 50c. and \$1, at H. W. Williams & Cos'.

Paris Live Stock Market.

Translated from Le Fermier.

PARIS, France, July 5.—Cattle market dull and slow. At the beginning of the week prices were strong and higher, but towards the close the offerings were large, and all the advance was lost. Some good grass cattle sold fairly well while other grades are 10@15 francs per head lower than a week ago. Business at the abattoirs was dull, an unusual number of cattle were held over. The market for veal calves was anything but good. Most sales were considerably lower, about 1700 on sale. The receipts of sheep were liberal. On anything desirable the market was firm and strong. African sheep, of which there were about 4300 on sale, sold a shade lower.

Receipts—Cattle, 5,028; sheep, 17,281; sales per cwt: steers, \$9.45@14; bulls, \$7@10.50; cows, \$7.55@13.50; calves, \$8.75@16.65; sheep \$12.30@15.80.

Rock Salt.

Messrs. Turner, McClure & Co. of Fort Worth have en route a car-load of the celebrated rock salt, which is the best salt that can be used for cattle, horses, and all kinds of stock. Cattle like the rock salt and prefer it to all other. They cannot eat enough to hurt them, as it is as hard as a rock and must be licked. Messrs. Turner, McClure & Co. will fill orders by mail promptly, either in large or small quantity. Send a trial order. TURNER, MCCLURE & Co.

Missouri Pacific Railway and Iron Mountain Route

offer a choice of routes to St. Louis and all points north and east; the Iron Mountain Route through Arkansas and Missouri, and the M., K. & T. through the Beautiful Indian Territory. Pullman buffet sleeping cars run through via both routes without change. This is also the direct line to Kansas City, St. Joseph and Omaha, and the Colorado Short Line from Kansas City to Pueblo and Denver.

Macnaughtan's Sons on the Situation.

NEW YORK, July 28, 1888.

Editor Texas Live Stock Journal:

There has been a steadily increasing activity in the New York wool market during the last two or three weeks.

We feel that the Mills bill has already exerted all the evil effects in stagnating both the wool and goods market which it can produce, and although the lower house of congress has declared in favor of free wool, we confidently anticipate that the senate will defeat it. As a result of this uncertainty concerning tariff legislation, growers are acting with great caution in the disposition of their clips, and more wool will be consigned this year than for many past seasons.

We think prices have now reached bottom. Manufacturers have very light stocks and we expect that some advance in values will soon follow an increased demand for new wool.

The advantages we possess, and our greatly increased facilities over previous years, are being appreciated by consignors, and we shall handle, not only a larger variety, but a much greater quantity of wool than ever before.

For the reason that many growers have no conveniences for holding their wools, we are receiving from such their clips as soon as ready, and are storing the same, free of charge, in our warehouse.

Wyoming, Colorado and similar wools are now arriving freely. Montana clips have not reached us yet, but are expected every day. Quotations remain the same as in our last circular, a copy of which we will furnish on request. WM. MACNAUGHTAN'S SONS.

THE CLIP.

Corn-fed Texas sheep weighing 105 pounds brought \$4.20 last week, but were not corn fed in Texas.

The Mills tariff bill has passed the house. It contains free wool for the farmer and 40 per cent protection for the manufacturer. The bill will not pass the senate.

The wool clip of California reached nearly 49,000,000 pounds in 1879, and now according to the American Wool Reporter the clip of 1888 will not exceed 30,000,000 pounds.

Messrs. Jno. S. Powell & Co. of Fort Worth have orders for some large framed Merino bucks, also for some rams of the mutton breeds. They will buy on orders and will have stock for sale. Sheep raisers desirous of purchasing rams may do well to communicate with Messrs. Powell.

U. S. Economist:—T. W. Hall & Co. of Chicago are reported as having made assignment to T. Kinsey. Business losses on over-advances on Montana wool and dull trade are said to be the cause. Their liabilities are put \$150,000 and assets at \$130,000, or real assets perhaps a good deal less.

Mr. George H. West of Paul's Valley, I. T., who was well known throughout the state at a time when sheep sold like hot cakes, was at the JOURNAL office last Monday. He came from Tom Green county and says that the number of sheep in that district are very much less than there were three years ago. Mr. West has an advertisement in the JOURNAL offering to trade a grocery store for sheep.

The American Wool Reporters says: "Nearly 2000 men are engaged on the extension of the Mississippi mills, at Wesson, Miss. It will be completed by January 1 next and cost about \$300,000. The old and new building will

cover about six acres and afford employment to 1500 persons." This mill is a large buyer of Texas wools and is one of the most prosperous mill properties in the United States. The specialty is jeans.

Boston Commercial Bulletin:—The domestic wool interest of America, from the farmer to the commission merchant, would be seriously and irreparably injured by the removal of the duty. The manufacturer and the coat wearer would be benefited, the former immediately and largely, the second indirectly and to a less extent. Such are the advantages and disadvantages of free wool. Till we get it American manufacturers can never compete with the foreigner on equal terms even in the United States. If we get it most of the waste lands of the West will be valueless and a great industry will be crippled if not destroyed.

American Wool Reporter:—Two of the largest clips of California wool are those of Miller & Lux of the San Joaquin Valley, who have nearly 100,000 sheep; and Haggin & Tevis have also nearly 100,000 sheep, part in the northern counties and part in the southern. The celebrated Whitney clip is the product of about 18,000 sheep, and is noted for its high quality. The Whitney clip brought 28c. in Boston last year, but this season it has not been shipped yet and might not bring over 22c. on the present market. The present owner, J. P. Whitney, is a brother of F. L. Whitney of Whitney & Webster, the San Francisco wool merchants, and is a son of George Whitney, who established the flock in 1856 by importations of Saxony merinos from Australia and Spanish merinos from Vermont.

Boston Journal:—Our wool market remains dormant and greatly depressed, and what is true of this market is true of all those from the Atlantic to the Pacific ocean. No manufacturer will anticipate his wants to-day, simply because he cannot secure orders on which to realize a profit. The business of buying wool, making the cloth and selling the cloth in the piece or the garment, is simply a guarded one to-day, and all are ready to pull up spoils and shut up or shut down, and go fishing. All this is owing to the Mills bill before congress, which proposed to admit wool duty free. We have seen Ohio fleeces bought to-day at 25 cents, which is the lowest price it has ever been bought before. Over thirty years ago, before the war, we see this wool sell at 60 cts. and 65 cts., and yet the manufacturers pretend to say that wool is too dear, and they cannot compete with European manufacturers. No, nor could they compete with them if they got the wool for nothing without high duties, simply because labor and money are ever far dearer in this land, and this is the outcome and essence of civilization.

The Prejudice Against Sheep.

Denver Field and Farm.

When conversing with Mr. Frank P. Bennett, editor of the American Wool Reporter of Boston, the other day, he asked us why it was there was such prejudice against sheep west of the Mississippi river. The gentleman said: "I have been across the continent to California, and everywhere after I crossed the Mississippi I have encountered or heard expressed an opinion against sheep. I found when I got to California that the Central Pacific railroad company have a broad belt of lands acquired from the government which they sell and lease, but before doing so they put a clause in their deeds and leases forbidding the grazing of sheep on any of their possessions. The cattlemen I have chanced to talk with almost universally use oaths when the woolly tribes are referred to."

We can say so far as Colorado is

concerned that the prejudice is fast dying out. When cattle on the free range were prosperous the cattlemen hated the sheep because the sheep would eat the grass, but as the cattle became unprofitable the prejudice has passed away, or nearly so. Those who have hated the sheep the worst charged that they poisoned the earth over which they fed, so much so that the cattle would not stay on the same range with them. This was not correct, and there was no ground for the charge. On the contrary cattle will actually seek the company of sheep. Then again it has been said by its enemies that a flock of sheep destroyed the grass roots over which they pass. Well, this would happen if any other animal was kept herded on so small a space of ground that it was obliged to bite the grass clear into the earth to keep from starving, and were herded so closely and so numerous that their feet would wear the surface to a punice as do the sheep.

As sheep become more profitable the prejudice against them will become less. It must die out, since the great sheep pasture of America will in the near future be in the West, on the cheap lands beyond the Missouri river. Sheep have been kept in too large bands heretofore for their own good or for the good of the lands over which they have grazed. They must be scattered out on the plains in the future, run in small bands, fed and sheltered better in winter, and then there will be greater prosperity in the fold. When it is better understood that the little beast with the golden thread brings great permanent prosperity while it hurts no one, then will it be respected.

Are you busy? Are you making money? If so, stick to it, you are fortunate. If you are not, then our advice is that you write at once to B. F. Johnson & Co., 1009 Main street, Richmond, Va. They can show you how to enter quickly upon a profitable work.

Open Orders Solicited.

Messrs. Turner, McClure & Co., the wholesale and retail grocers of Fort Worth, Texas, are making low prices on all goods in their line, and have a full and complete stock. They make a specialty of sending goods all over the country, and stockmen can save a big per cent. on their purchases by sending the firm open orders for goods. A letter received by them is given the same attention as if you visited them personally, and satisfaction is guaranteed in every case. Send for their price list at once. Address TURNER, McCLURE & Co., Fort Worth, Texas.

SAN ANTONIO.

WATCH the screw worms nowadays.

The market feature of the TEXAS LIVE STOCK JOURNAL is winning its way on account of its actual value to its subscribers.

THE Southwestern fair is now an assured fact, and the ground is being prepared. It is proposed to make it permanent and international in character.

THE reaction in cattle has actually set in, and yearlings that could have been readily bought at \$5 a couple of months ago, can't be had for less than \$6, and very few at that price. But it is best to keep cool, and not let the boom be anticipated too far ahead.

AN EXPERIENCED ranchman who has the reputation of having his stock always doing well, lays it to keeping it well salted. He says that he has noticed his neighbors' stock looking poor and sickly on just as good grass as his own, and plenty of water, but they lacked salt. He believes that salt should always be kept handy in quantities to fully satisfy the stock, its natural appetite being the best criterion as to the quantity needed.

It is encouraging to note the steady improvement that ranch methods are now undergoing. Some of the largest pasture men are now preparing food for times and scarcity, believing and practicing the sensible truism that in time of plenty is the time to provide for times of scarcity. Among the most prominent of those who are carrying on their business on a practical basis may be mentioned Dr. A. E. Carothers, the pioneer prickly pear and cottonseed meal feeder. The doctor has now 100 acres in sorghum, 30 of which, the early planting, has already been cut, yielding about 3 tons per acre. The remainder, which was sown rather too thin, will yield only about 2 tons per acre per cutting. There will be two cuttings from the same planting, which will yield an aggregate of about 500 tons of sorghum fodder. The doctor proposes to cut it in a prickly pear cutter, and feed it in troughs, instead of feeding it in the rough. This, mixed with cottonseed meal and prickly pear, will be hard to beat in any country in the world, and cannot be duplicated as to cost in other portions of America. The breed of cattle will be all that will be lacking to produce from this feed blue-ribbon beeves.

San Antonio Wool Market.

The past week has been remarkably quiet, with transactions nominal, but to the last hour of this report quite a renewed interest seemed to be manifested, and a new Boston buyer appeared on the market. It is confidently expected that the coming week will see several sales. Prices are not materially changed from those of several weeks past, in fact the entire season through has been one of unusually firm and unchanging prices. The stock on hand is 2470 bales, with very few arrivals.

As to the future, or fall market, it is impossible to make a fair prediction,

but from the present outlook, considering the fall elections, the prospects are not very flattering for much of a betterment.

San Antonio quotations are as follows:

TWELVE-MONTHS WOOL.

Medium bright and light.....	17	@18
Medium dark and heavy.....	15	@16

San Antonio Horse Market.

The condition of the horse market is quite active in demand for good stock, and every class of horse or mule stock, no matter how scrubby, will find a buyer at some price. Mules are becoming more active, and some very good transactions are reported during the past few days. But everything that is not fat must be sold at a sacrifice. This demand for fat horse stock is an imperative as if it were beef cattle, a poor fat horse selling more readily than a good thin horse. The shipments for the week were 1049 head, a decrease of 156 head from the week previous.

Quotations are as follows:

Scrub and poor mares, 12 to 13 1/2 hands.....	\$10 @ \$14
Scrub fair conditioned, 12 to 13 1/2 hands.....	12 @ 17
Medium mares, 13 to 14 hands, fat.....	20 @ 25

HORNS AND HOOFS.

E. C. Barrett of Missouri is here for beeves.

J. M. Stewart of New Mexico is after horse stock.

H. J. Delamar of Duval county is on a visit to the city.

H. S. Tom of Atascosa county was in town a few days.

C. B. Team of Meridian, Miss., is here after horse stock.

Johnson & Jennings shipped 4 cars of beeves to Chicago from here.

Able Head (Shanghai) Peirce has gone north to spend a few of the hot weeks.

L. Saltenstall left the first of the week for Val Verde county to look at some stock.

Work will begin soon on an artesian well at Skidmore junction, on the S. A. & A. P. railway.

J. W. Kokernut of Brewster, one of the largest rancheros of West Texas, is stopping at the Southern.

G. W. Fulton of Aransas county passed down home from a visit to the cloud country in Colorado.

H. C. McCampbell of Live Oak county is here with a bunch of horse stock which he put on the market.

J. M. Dobie of Live Oak county came back from Chicago where he had been with a train-load of cattle.

John J. Rhodes, the ranchero and candidate for the legislature in Frio county, made a flying visit to the city.

Mr. Hilliard of the Nueces Land & Cattle company left this week for his summer vacation among the Northern lakes.

The Traders' National stock yards is

the biggest horse market in the country. J. E. Price knows how to run yards.

H. E. Ritchie of Frio county is just back from a trip North as far as Montana. He came back to get a breath of fresh air.

D. H. Ainsworth shipped 9 cars of beeves from Kleberg via the S. A. & A. P. railway to Chicago, going through here Tuesday.

R. H. Corbet of Duval county, an old time ranchero, left for a visit to the old country, England, and will be gone for several months.

A. P. Rachal of Wilson county was in town the last of last week, after having loaded a train-load of steers at Cotulla for Chicago.

Geo. W. West of Live Oak county, who sold the blue ribbon grass steers of the season, was in San Antonio the early part of the week.

Dr. A. E. Carothers recently bought some 2000 head of yearlings for which he paid from \$5.50 to \$6 per head, and reports them scarce at that

Recently in Southwestern Texas a bid of \$25 per head was refused for a herd of 4000 steers. This smacks a little of the booming prices of six years ago.

Judge Bonnell of Camp Verde, Kerr county, reports a yield of 75 bushels of oats to the acre where he had pastured stock to within a month of cutting. Next!

Rhodes & Chiles of Frio county are buying one and two-year-old steers. They have bought already some 2000 head at from \$5.50 to \$8.50 for ones and twos.

Jaw branding is now being pretty extensively practiced with horses in this section. It enables proving identity and does not disfigure and depreciate the value of a horse.

Hy Roach of Del Rio is at the Southern and left his order for the Old Reliable STOCK JOURNAL. Mr. Roach is a merchant of that live frontier town and is also largely interested in ranching.

The artesian well of the O'Conner Bros. of Refugio county is flowing from the surface at a depth of about 900 feet. They are engaged on another and will continue until their range is fully supplied.

F. O. Skidmore of Bee county was in the city this week. He has sold 1000 tons of prairie hay this fall at an average of \$4.25 per ton loose on the ranch. This looks as if barren Southwest Texas was somewhat of a myth.

John J. Young left for his old home in Pennsylvania with several head of mares and young horses, combining pleasure with business. If John has the good luck that his many friends wish him, he should be satisfied.

The train-load of cattle sent to W. W. McIlhany & Co., Chicago, by the Fort Stockton Land & Cattle company sold at an average of \$2.30 per 100 lbs. for the cows weighing 854 lbs, and \$3.35 for the steers weighing 929 lbs.

■Morin Bros. report the following among their sales for the week: 26 head of mares and horses at \$10 per head; 50 mares and horses, \$17; 38 mares and horses, \$21.75; 23 horses, \$13; 50 horses, \$20; 75 mares and horses, \$12 and \$14.

J. M. Mathis, Charco, Goliad county, was in the city the early part of the week, and says that not only is the grass very fine in his section, but a big crop of corn will be raised, as nearly all the ranchmen have planted and are cultivating big fields of corn and forage.

John Welder, a prominent ranch-

man of Victoria, passed through here with his family en-route to Saltillo, Mexico, to spend a few of the hottest weeks among the clouds. Another one of his most sensible acts was the subscription to the STOCK JOURNAL in order to keep posted on the markets.

W. A. Pettus of Goliad county will raise from 30,000 to 40,000 bushels of corn this season. This is not so bad for a native Texas cowboy, who has the reputation of having a horror for anything but honest labor. Mr. Pettus is one of the most thorough and successful ranchmen in all the length and breadth of this glorious state.

Geo. S. Williamson, the agent of the bureau of animal industry, is home on a visit. He will shortly go to Chicago to be present at the investigation into the Texas fever that will be made in that city. Mr. Williamson will be a valuable adjunct to that committee, having been raised in this country, and will see that a fair and impartial inquiry will be made, without fear or favor, or local prejudice on the part of any one.

A lot of two-year-old steers came to this market the other day, for which the highest bid was \$7 per head. If they had another year they would have brought double the money, and if they had been good four years, they would have brought at least three times the money, or \$21 per head. This is not the fault of the market, as one and two-year-old steers are not saleable in a beef market, and should never be offered. Such economy as this would break Jay Gould.

One of the trades of the season was that of G. I. Dewees, who sold 35,000 acres of land in Val Verde county, and 4,250 head of stock cattle, at \$3 per acre and \$12 per head for the cattle, taking Kansas City property for the same, from Erastus Smith. Recently he bought back the cattle at \$8 per head and leased 18,000 acres of the land at 5 cents per acre per annum. The strangest part of the business is that all hands made money out of it and are well satisfied with themselves. Smith put in the land at a big profit over cost, and Dewees again disposed of it satisfactorily and bought back his stock at a discount of 33 per cent, and on time. There are no flies on some of the Texas traders, either.

San Antonio Times:- W. A. H. Miller of Llano, who has been the prime mover in securing from Col. Lott the proposition to build the above mentioned road, was in the city to-day, and says there is now no doubt but what the road will be built at once, as the people have accepted Col. Lott's proposition. The proposed line will leave the main line of the road at Comfort, and run in a straight line as possible to Fredricksburg; thence northeast, passing through several small towns to Llano. The country that the road will penetrate is one that is naturally tributary to San Antonio, and is particularly rich in iron, coal, granite and marble, besides wool and its agricultural products. At present most of the trade from this region goes to towns along the Santa Fe.

THE WOOL SACK.

B. F. Hollingsworth of Uvalde, a wool-grower, was in town the last of last week.

G. W. Ames is in the city. Ames is one of the most enterprising wool growers in Southwest Texas.

J. M. Campbell, a prominent wool-grower of Del Rio, is here for a few days and reports sheep doing well on Devil's Run.

Coombs & Sharp, Eastern wool buyers, still linger with us. As they are continually picking up clips of wool

their welcome promises to last indefinitely.

C. W. Wilkins returned from Atascosa county Saturday, where he had been to receive the 5000 head of sheep that Wilkins Bros. recently bought of D. A. Openheimer, paying \$1.25 per head for the same. They will be driven to the ranch on the Pecos.

CHICAGO MARKET LETTER.

Regular Correspondence Texas Live Stock Journal.

U. S. YARDS, }
CHICAGO, ILL., July 23, '88. }

Receipts of cattle last week 50,000, and the market was a good one. The prairie native cattle sold at \$5.75@6.25; hogs at \$6@6.40; sheep at \$4.50@4.75; Indian cattle, \$4@5.15; Texas grassers, \$3@4.

The T. B. Severs cattle, 225 head of 1228-lb Indian cattle, which J. H. Campbell sold last week at \$5.15 were not corn-fed, but were better than some of the best corned cattle we have had.

Ed H. East marketed 108 head of 691-lb cows at \$2.35 and 72 yearlings, 449 lbs, at \$2.05

A lot of 161 1137-lb corn-fed Texans sold at \$4.35.

On Saturday Brown Bros. sold for Wheeler, James & Co. 43 steers, 878 lbs, at \$3.50; for Parks & G. of Ennis 42 steers, 905 lbs, at \$3.60; for Smith & E., 483 head of 69-lb sheep at \$3.

Mellhany & Co. sold on Saturday for Meyers 125 head of 1103-lb Indians at \$4.15; 22, 1021 lbs, at \$3.75; 16, 854 lbs, at \$3.25; 20 bulls, 1336 lbs, at \$2.40; for C. Nation, 31 cows, 842 lbs, at \$2.50

This week opened in pretty good shape with all good kinds of cattle selling at steady prices.

The Texas Land & Cattle company sold 258 669-lb cows, at \$2.

Recently the stock yard company took 10 cows out of his herd and put them in with some native cows to experiment on the fever question.

Silberstein & M. sold 22 1010-lb steers at \$3.75; 25, 909 lbs, at \$3.50.

Hurst & K. marketed 73 1087-lb steers at \$4; 28 cows, 803 lbs, at \$2.50; 10 calves, 244 lbs, at \$2.50.

J. J. Stubbs sold 51 875-lb cattle at \$3.60.

H. C. Harvey sent in 46 845-lb steers which sold at \$3.50.

Scaling & Tamblin to-day sold for T. A. Bounds, 37 steers, 776 lbs, at \$3.05 and 7 cows, 791 lbs, at \$2.

R. Strahorn & Co. sold for J. P. Emmert 24 steers, 938 lbs, at \$3.25; for W. B. Bloomfield, 24 steers, 1045 lbs, at \$3.50.

W. W. Mellhany & Co. sold for Tarlow & W. 100 steers, 1008 lbs, at \$4; also 176, 1050 lbs, at \$4.25; 98, 888 lbs, at \$3.80; 22, 990 lbs, at \$3.30.

Hunter, Evans & Co. started the week by selling for Sam Luce, 40 cattle, 995 lbs, at \$3.65; 22 cows, 795 lbs, at \$2.85; for Bluntzer Bros., 21 steers, 872 lbs, at \$3; 49 cows, 695 lbs, at \$2.15, and 16 cows, 1035 lbs, at \$1.60. On Saturday they sold 112 head of 877-lb steers, at \$3.20.

Gregory, Cooley & Co. sold to-day 12 steers, 800 lbs, at \$3; 8 cows, 722 at \$2.35; for the Matador Land & Cattle company, 320 cows, 708 lbs, at \$2.35; for R. Stelzer, 16 steers, 700 lbs, at \$2.60; 37 yearlings, 463 lbs, at \$2.10.

J. H. Campbell & Co. sold for S. Hunt, 55 steers, 950 lbs, at \$3.50; for Stevens & Wilson, 78, 945 lbs, at \$3.37; 72, 837 lbs, at \$3; for C. & C. 298 sheep, 72 lbs, at \$3.25; P. Kellum, 225 sheep, 80 lbs, at \$3.85. Another lot of Kellum sheep, 221, av. 80 lbs, sold at \$3.75.

Mallory & Son sold two weeks ago for C. A. Lyford, 105 head of steers averaging 846 lbs as \$2.65. Through an error somewhere, somehow this sale was reported at \$3.10. Mr. Lyford also had sold 39 head of 798-lb cattle at \$2.40, and also 43 head, 846 lbs at \$3.10. The latter lot was billed Moore, Snowden & Co. Mr. Lyford is an extensive stock dealer of San Antonio and is well known in the trade.

The Murphy Cattle company marketed 340 head of 1172-lb Montana Texas grassers at \$4.85. The price was good and so were the cattle. This is the first good lot of Western cattle this year and if it is an index the seasons' crop will be pretty good.

Entered at the Postoffice, San Antonio, Texas as second-class matter.

Entered at the Postoffice, Dallas, Texas, as second-class matter.

SUBSCRIPTIONS to the TEXAS LIVE STOCK JOURNAL are solicited upon the ground that the information given is worth the money to any man in Texas who is either raising, dealing in, or feeding any description of live stock in Texas, Louisiana, the Indian Territory, or any section of the range country. The weekly edition costs but \$1.50 per year. We ask those who are subscribers to renew promptly and those who are not subscribers to give the paper a yearly trial. Subscriptions can be sent direct to the TEXAS LIVE STOCK JOURNAL.

J. Q. HANNA, president of the Nolan and Fisher counties live stock association, calls the members to meet in Sweetwater at 10 o'clock, Aug. 18. Business of great importance will come before the meeting.

THE American Stockman and Farmer of Pittsburgh, Pa., says that an advance of one cent per pound on beef cattle would be worth \$100,000,000 to the cattle raisers of the United States. Think of it!—Cattle have sold at three and four cents per pound over present prices.

DR. J. B. HINKLE of Americus, Ga., brother of the late Major D. W. Hinkle of Texas, is desirous of ascertaining if any personal effects or papers were left by the major in the possession of any of his friends or at any of the hotels. Communications should be addressed Dr. Hinkle as above.

ALTHOUGH Texas is prepared to keep the stock yards nicely supplied with a great quantity of cattle, the supply of good fat beef steers is likely to be very limited. Cows we have, calves we have, also yearlings and two-year-olds. We have a fair supply of stags and bulls, but the straight fat beef steer, three to four years old, is not in full strength. You must look for the beef in the Nation.

Pastures Too Large.

A gentleman who has just returned from an extensive trip into the Panhandle, and who is entitled to speak as one of the most successful cattlemen of the state, informed the JOURNAL that in his opinion no good results will ever accrue from running cattle in immense plains pastures until they are subdivided into bodies of ten to fifteen thousand acres each, and each pasture stocked according to water supply and grazing capacity. These immense "all out of door" pastures permit cattle to drift in large numbers upon the water tanks and streams in time of drouth, and the country nearest water is eaten out of grass while good grazing territory is neglected until general rains come and leave water all over the pasture. In winter the cattle drift in large numbers against fence lines and are held until the storms pass over, or else break through and drift again. In smaller pastures cattle cannot concentrate in large bunches, and soon learning their entire limits, make the best of the food and water supply.

Movement to Montana.

The Miles City Stock Growers' Journal mentions the following as the number of cattle added to Montana stocks by rail and trail during the present year, including cattle to arrive in addition to the number already received:

Name.	Number.
Mabry Cattle Co.	3,000
Scott & Co.	10,700
Ferris & Bristol	1,000
Stacy Bros, Ohio Cattle Co.	1,500
Phillips Bros.	1,500
Smith & Elliott.	10,000
Continental Cattle Co.	15,000
Home Land & Cattle Co.	15,000
Mankato Cattle Co.	500
Sampson, Fahnestock & Dole.	1,000
Lighton & Jordan.	2,000
Ryan Brothers.	3,000
Matt Murphy.	6,000
Berry Cattle Co.	5,000
Towers & Gudgeon.	5,000
Cogshall.	2,000
Concord Cattle Co.	2,000
Henry Tustler.	1,500
Stoddard & Howard.	10,000
Ferdon & Biddell.	1,000
Mizpah Cattle Co.	4,000
Hubbard & Simpson.	3,000
Russell & Bradley.	2,000
Small herds not enumerated.	2,000
John T. Murphy.	5,000
S. S. Hobson.	1,000
Pioneer Cattle Company.	4,000
Grand Total	117,600

American and Foreign Wools.

The Boston Commercial Bulletin compares prices of American wools with foreign wools, duty free, to show that the present low prices of American fleeces must be again reduced if the Mills bill goes into effect. The following figures show the price per scoured pound, present values:

Ohio XX.	60½ c
Port Phillip Merino.	52 c
Northern California Spring.	50 c
Montevideo Merino.	38½ c
Ohio No. 1.	56½ c
Australian Cross-Bred.	42 c
Kentucky Quarter Blood.	40 c
English Shropshire.	28 c

The four comparisons show four leading varieties of domestic wools against four foreign varieties used for similar goods, and the table shows the amount of protection now afforded by the existing duties per scoured pound of wool.

The Mutton Business.

In this issue appears an article from the Chicago Drovers' Journal containing extracts from other papers to show that under a possible free wool regime

HUNTER, EVANS & CO.

LIVE STOCK COMMISSION MERCHANTS.

mutton raising will pay. We believe it will. In Great Britain, where lands are high and there is free trade in wool, not a pound of fine wool is grown, but there mutton raising is equally as important as beef raising and the country actually consumes just as much mutton as beef, or more.

In this country we raise fine wools and have done so under favor of the tariff. Of late years between smuggling and tariff reduction there has been little or no protection; prices have declined, and the fine wool industry has rapidly gone to pieces and is now going further in the same direction. Stock sheep in Texas are worth very little money and the only demand is for wethers. The business is not gaining new territory, but is concentrating into districts most favorable to sheep, and the state clip loses a million or two pounds of wool every year.

At the same time mutton breeds proper are not decreasing. These sheep are raised in small bands near cities and in farms; they need the best of care, liberal feeding, and pay well; the lambs sell at good prices and most of the increase in flocks is sold as lambs. Texas has only a few of these sheep and will never raise them in large quantities, simply because they will not thrive on the short Texas pasturage and are not hardy enough to live over the winter on short rations provided under the range system.

The mutton sheep has its mission and will fulfill it. Its place is close to large cities where lambs and choice mutton are in demand, but to clothe the masses the mutton sheep will ever be a failure, and unless the fine wool sheep can be modified into profitable mutton sheep this country will be just as dependent on foreign counties for wool as England is upon her colonies.

Whether wool is to come in free now or at any other time, sheep raisers must face the inevitable. At any sacrifice and at any change that may be necessary, sheep raisers must raise a mutton that will be sold at a profit. To do this, sheep raisers must study the conditions of their own localities and take such measures as prudence and experience dictate, but the desired result must be secured at all risks and hazards.

War Paint.

A national convention of butchers and meat producers will be called to

meet at St. Louis during the fall. The purpose is to find ways and means to restore competition in the beef trade and to devise ways and means for the producing element to sell the beef product direct to the butchers and to enable the butchers to compete with the packers on even terms. The International Range association and the Butchers' Protective association have joined hands and the following is the statement officially put forth as the reason for the movement, and the possible result of the meeting. It was published in the St. Louis Republic of Sunday, July 22d:

"At the present time cattle raising is not paying satisfactory interest on the money invested in the business. This seems strange because statistics show that there is no over-production of cattle in the United States, and there are less cattle to-day per head of population in the country than there were at a time when cattle values were one-third higher than they are now, and the business was prosperous. Consumers are buying, on an average throughout the United States, as much as they did when cattle values were high.

"Looking back to the time when cattle values were satisfactory to the producers we find that cattle were shipped on hoof from producing fields to consuming centers where they were purchased by butchers at prices determined by the laws of supply and demand, under the sharp competition of thousands of buyers. Is it not reasonable to assume that a return to the conditions referred to, which were in vogue at a time when the business was prosperous, would bring a return of results so desirable?

"The successful introduction of improved cars, in which cattle can be fed and watered and carried from remote ranges to consuming markets in good condition is an important factor in restoring competition and bringing back a return of its beneficent results. A committee from the National Butchers' Protective association will meet this fall at St. Louis to confer with the executive committee of the International Range association and representative feeders from all the Western states. This conference will be held for the benefit of the beef interests of the United States.

"These representative men will probably unite in issuing a call for a convention to be held in St. Louis which all beef-producers, cattle-feeders and butchers will be invited to attend. No one will gainsay the proposition that if the beef interests of the United States were controlled by one man, that man could place his product in the hands of the consumers without giving away the toll-gate keepers a fourth or a third of the value of his cattle over and above legitimate charges. The effort will be to unite the beef interests as one man.

"The question of meat supply is now engaging public attention and the senate of the United States has in its wisdom appointed a committee to investigate the subject. If the present unfortunate condition of affairs can be remedied by legislation, a committee of the character indicated would tend to crystallize the best thought of the country, and secure such uniform action as would accomplish results desired. That former conventions have not accomplished anything for the beef interests of the country is not surprising, for the

reason that they have either been of a local character or else composed of such incongruous elements as to prevent the unity of action which is essential to the success of any cause.

"That unity of action is assured in the proposed convention no one will doubt. The beef producer who has been forced to sell his product to the wholesale packer, is desirous once again to sell that product to his former customer, the butcher, and the butcher, on the other hand, who has been forced to buy at second hands, is more than anxious to buy direct from the cattle raiser. This being the case, the convention will not be a gathering of men who do not know what they desire, but will be a meeting of men anxious for the same ends, and the whole body will be a huge committee of ways and means to accomplish the much desired object.

"With the light that recent experience has thrown over this subject and the rousing of the entire nation to the importance of preventing the meat supply of the country from longer continuing in the monopolistic control of a few millionaires, the convention must and will devise means of relief which will be successfully carried out."

Whether the meeting will result as above stated and lead to the free competition of butchers as of old in all the markets of the county is not so certain, but the movement has the full indorsement of the cattlemen and the enthusiastic support of the butchers. The movement has also a strong support of the commission men, because the packing interest has of late shown signs of cleaning up that interest also. The movement is most popular in Texas and beneficial results are expected from it.

RAILROAD managers are meeting at New York city for the purpose of replacing the Texas Traffic association by an organization to include all the Southwestern roads. As this new organization will include both Texas and Kansas railroad lines, the first thing to be done in the interest of right and justice in behalf of the live stock traffic ought to be to make the thirty-four-foot stock car the standard car in Texas as it is now in Kansas. Up to this time the dollar of a Texas stockman seems to have had a freight-paying power of only 88 cents while the dollar of a Kansas man on the same roads has been worth 100 cents. The Texas shipper cannot always go to Kiowa, Caldwell or Hunnewell to get full value for his money and Texas roads ought to see that Texas stock interests are not discriminated against.

Missouri Pacific Time.

Mr. L. D. Voak, live stock agent of the Missouri Pacific road, is in receipt of telegraphic advices of the runs of all train loads of cattle going over that system. A recent sample trip is as follows: Train of 15 cars Worsham cattle loaded at Alma, left Henrietta at 9:25 p. m. on the 20th inst., left Denison at 3:45 a. m. on the 21st, arrived at Chetopa at 8:20 and were fed, after being in cars 24 hours and 20 minutes; left Chetopa at 6:15 a. m. on the 22nd and were turned over to the Chicago & Alton railway at 6:15 p. m. the same day.

To the Afflicted.

We call the attention of our readers to the advertisement of Dr. J. R. Pollock in this issue of the JOURNAL. To those who are afflicted with rectal troubles we can recommend the doctor as a specialist in that particular; he having effected some remarkable cures in cases which had become chronic. Dr. Pollock successfully treats consumption, bronchitis, catarrh, dyspepsia and all other chronic diseases with oxygen and electricity. Correspond with the doctor if you need the services of a reliable physician who can give the best of references.

Know All Men;

To wit: Teachers, preachers, public speakers, actors, singers, lawyers, "and the rest of mankind," that Ayer's Cherry Pectoral is considered the best preparation ever discovered to heal and strengthen the vocal organs, weakened or injured by over-strain.

Principal Samuel Bement, of the Bartlett School, Lowell, Mass., writes: "I have used Ayer's Cherry Pectoral, for several years, in cases of severe colds and throat affections, and have always found it a speedy and effectual remedy for these ailments."

"I should be unable to perform my clerical duties, without the use of Ayer's Cherry Pectoral," writes Rev. A. C. Kirk, of Hillsville, Pa.

Ayer's Cherry Pectoral,

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price \$1; six bottles, \$5.

FORT WORTH NOTES.

Reynolds Bros. of Albany are continuing their shipments in the Street stable cars, and a second train is now on the way to Chicago.

Col. Bob Stephens of Gainesville recently purchased of Reynolds Bros. of Albany 2000 two-year-old steers, good ones, and selected, at \$13.50 per head.

The Gazette reports from Colorado City that Joe Funk of San Angelo sold 200 beef steers at \$25 around, also that John Carlisle sold 327 head of steers, fours up, at \$22 around.

Nearly all the Archer, Young and Jack county beef steers have been sold to Mr. Ed A. East at \$18 to \$22.50 per head. The Loving Cattle company steers went in at the top prices.

Richardson & Hackett of Fort Worth have 2000 to 4000 two-year-old steers for sale, all in one brand. They say these steers are cheap, and that the cattle are a very good straight lot of stders.

The northwest corner of the Panhandle county received a good rain last week, which caused several washouts, but the rain was required very badly, as that county was becoming very dry indeed.

Dan Kyle of Weatherford and W. W. Tuttle of Socorro, N. M., were at Denver, Col., last week with a train of cattle going to Rock Creek, Wyoming. They are taking 2000 head of 1, 2 and 3-year-old steers and a few heifers to sell on the open market.

Mr. Mathew Cartwright of Terrell, Kaufman county, is offering to lease for two years a 3076-acre pasture near Gainesville. The advertisement will be found in the For Sale column. Whoever may want the use of a first-class pasture will do well to see or communicate with Mr. Cartwright.

A. S. Nicholson returned from a beef buying expedition to Sweetwater and then to the Fort Chadborne district in Runnels county. He says grass and water were never excelled in that district and if cattle are not handled too much everything will fatten strong before the first of November.

The Young county sales of beef loom up in numbers and prices. Frank Houston purchased several round lots at \$19@20 around. Sam Reynolds also sold a string of 4 and 5-year-old steers at \$25 to Belcher of Gainesville. The Young county district is very nicely cleaned up of beef cattle.

A. S. Nicholson of Fort Worth is purchasing freely of beef cattle and steers to be kept for sale to feeders. He purchased the steers, about 600, of the Lexington Ranch company, and 300 four, five and six-year-olds from R. K. Wylie of Runnels, also 600 more in small lots. Mr. Nicholson will have a large collection to offer to feeders in the fall.

A Gazette special from Houston says. "Yesterday Captain Joe W. Davis of East Texas sold 8000 beeves to Messrs. Gunter & Co. of Dallas. They were three and four years old and up, and brought a stiff market price. It was a cash transaction, and one of the largest that has been made in the state for years."

Hatcher, Woods & Coppinger of Fort Worth have received 430 head of the Weddington stock of horses and have them now for sale in a pasture near the city. Captain Hatcher is now carrying 300 head of steer cattle to his ranch in Young and Archer counties, and will bring back for sale another North Texas stock of horses.

The Fort Worth butcher market is in its summer normal condition, very few cattle being sold. Cows are in demand at 1 1/2@1 3/4 and steers not wanted

at 2c. Sheep if fat sell readily at 2@2 1/4 and calves at \$3@5. Hogs are not offered and are very scarce. When hogs come in demand again the butchers expect to get them from Kansas City.

Charles Coppinger of Fort Worth has quit the cow business and sold his stock at \$10 around. It is a good thing for his friends and neighbors that the Coppinger stock will no longer seek pasturage on the highways and byways of Tarrant county, and they ought to make up a purse for the buyer who has done so much good for the community.

Attention is invited to an open letter appearing in this issue from Mr. John Nesbitt, live stock agent of the Chicago & Alton railroad. The JOURNAL can fully indorse the claims advanced for uniform quick runs and excellent equipment, also that the C. & A. has largely benefited Texas stock interests in the matter of rates. The road works for the prosperity of its patrons.

The Cherokee Strip lease will expire September 30th and the council has adjourned until November. After September 30th the present lessees will have to pay \$1 per head of stock per year or part of year, until the council can either act with the approval of the chief or override his veto. The highest bid for the lease was \$185,000 per annum.

The Panhandle Machinery & Improvement Co. of Fort Worth is one of the largest machinery houses in Texas. In addition to their regular advertisement in the JOURNAL they have placed a cut of a combined cottonseed huller and corn and cob grinder, which is claimed to be victorious over all other feed grinders in the market. Our readers might investigate by sending for circular.

The Fort Worth Union stock yards company will hold the annual meeting for election of officers on August 11th. The charter was issued July 26, 1887. Since the incorporation of the company a very good land purchase has been made, and a right of way secured from the union depot to the yards. It is expected that the annual meeting will result in the immediate construction of the yards.

Mr. W. C. Bishop of the Liberty Cattle company was in the city during the week, and in order to increase the water supply of the ranch purchased of the Panhandle Machinery and Improvement Co. of Fort Worth four new Railway pumps, tread powers. The Panhandle Machinery and Improvement Co. also shipped five Halliday standard mills to a ranch in Victoria county, Texas.

The cattle interest of Texas, as represented in Fort Worth, seems to be better satisfied with the prospect. The demand for feeding cattle to winter on corn, cottonseed and hay is sure to be reasonably strong, and the condition of the beef market is now more satisfactory than it was. There appears to be no hurry on the part of cattlemen to ship their cattle out and they are satisfied with the fattening condition of the ranges.

Messrs. W. A. Huffman Implement company continue to be gratified with the rapid sale of the Dick famous feed cutter. The regular season for the sale of such goods is not yet come, but the dairy farmers and stock feeders are getting ready to economically feed their stock. Many of the hand-power cutters have been sold in this vicinity, and two power machines, one going to Wright's dairy and one to the blooded stock farm of Col. R. E. Maddox.

A valuable addition to the live stock trade of Fort Worth is acquired by the establishment of the live stock exchange stables, Messrs. Kimsey & Jones

proprietors. This firm will make a specialty of buying and selling range horses, and blooded stock of every description. They are handsomely located to do this business, having large stabling capacity, stock corals, etc. This firm proposes to have monthly sales of stock and will do a regular commission business. Their card will be found on the second page of the JOURNAL.

T. S. Wilkinson, immigration agent of the Fort Worth & Rio Grande railroad, has recently made a tour of Tom Green and Crockett counties to look at the country to be traversed by the Rio Grande extension. He is carrying samples of oats, millet, rye, grasses, and some bottled up samples of soil. He has now in the office of the STOCK JOURNAL twenty-five views of San Angelo and vicinity, including town views, country scenery, live stock, etc. These views are all in one large gilt frame and make a splendid exhibit for the San Angelo country. Mr. Wilkinson will take his pictures and samples on a northern trip in the interest of Texas immigration.

An important advertisement in the For Sale or Exchange column offers some choice North Texas mares in exchange for steer cattle, fat cows, or cash. These mares are at Pleasant Valley horse ranch of Perryman & Marshall near Crafton, Wise county. Many of the mares have unbranded colts by their sides, and are bred to draft stallions or to a first-class jack. There are 150 head in all and North Texas has been picked over to find mares of the best quality. They are all good. The ranch is a few miles south of Sunset on the Fort Worth & Denver road.

A Chicago commission firm, named Wilson, Clark & Co., sold some cattle for Messrs. Keith & Kelly, Tom Green county stockmen, and failed to remit the proceeds of sale. The firm now desires a suspension of judgment concerning the transaction, but our Chicago telegram failed to say if the firm has closed doors and quit business. The people here consider that the commission houses are just as responsible for the money received for live stock as banks are for deposits. Shippers had best find out if the firm they intend to consign to is responsible before making consignments, since there is no guarantee that the unreliable commission firm will not abscond with the money.

DALLAS.

The County Exhibit Feature.

One of the new and distinctive features of the Texas State Fair is the county exhibits, and the great interest that it has awakened in a competitive way, surpasses all preconceived ideas, as, really in the beginning, it could only be looked upon as an experiment by the masses or less calculative heads. To date, July 25th, 52 counties have come into organization, and the reports from them show that a lively interest is felt. Out of the 52 counties mentioned 8 have arranged to erect handsome and commodious buildings in which to place their exhibits. These county exhibits have proven a great accession to the fair. The products that they will stimulate by the natural spirit of pride and rivalry incident to legitimate competition, bring together a display worth seeing, an exhibit that will carry upon its face much that will pass to the records of the thousands who will attend our fair to see and write of the glories and realities of our wonderful state.

Farm Products for the Fair.

Now is the time for our farmers to prepare for their exhibits at the fair. Do not put it off too late. Begin now selecting and storing in a proper manner, preparatory to shipping to Dallas, such products as you think of showing. There will be a great fair—far in advance of anything of the kind in the Southwest before. Read the notice of the Fair association in another column.

DALLAS BOTS.

The State Fair association have decided to raise the purse for the roping contest from \$250, as announced in these columns, to \$500, and have two contests instead of one. There is considerable interest being manifested in the matter, and a number of professional ropers have already entered for the prize.

J. A. Gano of Taylor and J. S. Miles of San Angelo were in our city this week, en-route to their respective homes. Mr. Miles bought recently at Taylor a car-load of the "White-face beauties" for his father, a leading citizen of San Angelo, the majority of which were selected from Mr. Gano's herd at Taylor. Exact figures we were unable to attain, but are in possession of enough to say that the car-load sold for a little less than \$1500. Some of the cattle took premiums at the fair here last year, and some are the descendants of the same.

The Best Range Hog.

Messrs. Ike Story & Sons, Dallas county breeders, hand us the following letter of inquiry as to the respective merits of the Poland China and Berkshire breeds as grazing hogs; in other words, their ability to rustle, and not only make a living for themselves, but to insure a good solid and healthy return in the way of pork. Not being entirely satisfactory with the results of our own experience and observation on the point raised, the STOCK JOURNAL gives space to the same and asks such of our readers as have made thorough and practical tests to kindly favor Mr. Coffin with the information sought:

July 11, 1888.

Ike Story & Son, Dallas, Texas.
Dear Sir—Noticing your advertisement in the TEXAS LIVE STOCK JOURNAL, would like to ask your opinion which hogs you think are the best and most profitable on a ranch, the Berkshire or the Poland China. They will have to search for the greater part of their food. I have lots of small oak timber on my place and hogs generally do well. Yours truly, FRED W. COFFIN.
Address F. W. Coffin, Hda Babia, Sta. Rosa, Mexico.

Bev. Scott.

The STOCK JOURNAL introduces to its readers this week the name of Bev. Scott, as a candidate for the office of county clerk of Dallas county. Mr. Scott's abilities as an officer are far in advance of the experimental period, he having served our people long and well before. He has a host of friends who would love to see him thus honored. He stands indorsed by the people, and his honor and ability have been passed upon.

Sales of Cattle at Carter & Son's Stock Yards, Dallas.

F. D. Willingham of Kaufman sold 35 mixed cattle at \$9.75 around.
J. C. Simms sold 7 steers, av. 820 lbs, at 2c.
Jeff Hart of Arlington sold 7 cows at \$14 per head to local butchers, and 21 head at \$11.50 per head.
Harvey Speer sold 19 cattle, mixed, at \$1.30 per 100 lbs.
J. Williams of Lancaster sold to local butchers 13 cows at \$14 per head.
M. A. Goodwin of Dallas county sold 5 steers at \$16 per head; to Leo Walters 5 cows at \$12.25 per head.

W. C. Wallace of Wise county sold 60 head of mixed cattle to local butchers at an average price of \$13.
Sam Hunt sold 9 calves at 34c per lb.
D. C. Godfrey sold 4 milch cows at \$23 per head.
H. M. Phoenix sold 9 cows, av. 800 lbs, at \$1.80 per 100 lbs; 5 yearlings at \$9 per head.
R. Jones sold 3 milch cows at \$22.50 per head.
Mark Miller of Arlington sold 23 head of mixed cattle.

G. R. French sold 9 cows at \$13 per head; to Chas. Emickey 7 cows at \$12.50 per head.
J. G. Herman sold 4 yearlings at \$8.50 per head; 5 calves, av. 200 lbs, at 3c.
Mr. Simpson of Collin county sold 30 sheep, av. 90 lbs, to Nussbaumer Bros. at \$3 per head.
Meeks & Jones sold 14 fat cows at \$14 per head.
F. M. Sharp sold to local butchers 12 yearlings at \$8.50 per head, and 5 cows at \$13.25 per head.
R. E. Momand of Lisbon sold 3 yearlings at \$8 per head.

John P. Gillespie.

We announce the name of John P. Gillespie for county attorney of Dallas county. Of the gentleman's fitness for the position it is hardly necessary for the STOCK JOURNAL to speak. He is well stocked with legal ability, energy, and a fearless determination to do his duty. He has been substantially raised in Dallas county, and enjoys an acquaintance and popular following worth the having. The man who beats him will have to "hump it."

D. A. Williams.

There is perhaps no man in Dallas county more generally known than is Col. Dave Williams, whose name we herewith announce for the office of county attorney of Dallas county. The gentleman has practiced law in Dallas county for twelve or fifteen years, and is splendidly qualified to serve the people in the position sought. He has long been regarded as one of the leading lawyers practicing at the Dallas bar. His opposing candidates may well look with a jealous eye to his following.

Dr. J. H. Gibbs,

Practice limited to the treatment of the diseases of the eye, ear, nose and throat. Office No. 505 Main street, Dallas, Texas.

Piper & Schulthess are headquarters for all kinds of fence wire, 33 and 35 W. Commerce street, San Antonio, Texas.

(SPECIALTY:

Cattle for Future Delivery.

20,000 one and two-year-old steers offered at a bargain. A few desirable ranch properties for sale. Loans negotiated on pasture land.

The Worth of the Cow.

Holstein-Friesian Register.

Hon. James Wilson of Iowa observed in a public address that "where men farm for dear life the cow is the foremost consideration." Nothing could be more true, for whenever the farmer is harassed with debt, or whenever he is struggling to make a good start in life, it is the cow which comes to his assistance, paying off the mortgages in one case and placing him upon the high road to fortune and independence on the other. Her capacities for good are almost unlimited, and in no direction can the farmer so surely improve his condition as in developing and cultivating the capacities to the highest degree. Those who keep cows, and as many of them as circumstances will permit, and take pains to have them good and of the most approved sorts, and maintain them in a manner favorable to their thrift, find they are not only an agency to which a man can resort to save himself when misfortune presses and all else fails to bring relief, but that they are also a sure means of advancing the farmer's prosperity at every stage of its progress. But the cows seldom have a chance to show what they can do, and to what a degree they are capable of contributing to the fortunes of their owners. Upon a large number of farms they are not maintained in sufficient numbers to fully accomplish their mission, and on a vast majority they are of the common, unimproved sorts to whose development no effort has been given, and which are incapable of realizing for their owners one-half the profit which could be secured from highly improved animals. And this is inexcusable in these days when the improved breeds are selling at such reasonable prices that every farmer can afford the means to replace his present inferior stock with that of better character, or at least secure crosses with which to grade up to a higher point the stock he already has. If the average cow in her present estate is worthy the good things said of her, what words of praise would do her sufficient honor, if all the cows in the country were improved to the point where it has been demonstrated it is easy to bring them?

Bucklin's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. Is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by H. W. Williams & Co.

Scenes in the Rocky Mountains.

The scenery in the Rockies is grand beyond description. To give an idea of it the Denver & Rio Grande R. R. has just issued four elegant tint views, showing "Curcanti Needle," "The Portal," "Sultan Mountain" and "The Second Tunnel, Canon of the Grand River." These pictures are on cardboard mounts 11x13 inches in size, and will be sent prepaid to any address on receipt of forty cents in postage stamps for the set, or ten cents in stamps each for any one or more of the views. Address, S. K. Hooper, G. P. & T. Agt., D. & R. G. R. R., Denver, Colo.

C., St. J. & C. B. R. R., through Kansas City, Council Bluffs and Sioux City. For full information address GEORGE C. MAYNARD, Trav. Pass. Agent, No. 508 Main Street, Dallas, Texas.

SCROFULOUS SORES.

A Child's Great Suffering Ended by the Cuticura Remedies.

When six months old the left hand of our little grandchild began to swell and have every appearance of a large boil. We poulticed it, but all to no purpose. About five months after it became a running sore. Soon other sores formed. He then had two of them on each hand, and as his blood became more and more impure it took less time for them to break out. A sore came on the chin, beneath the under lip, which was very offensive. His head was one solid scab, discharging a great deal. This was his condition at twenty-two months old, when I undertook the care of him, his mother having died when he was a little more than a year old, of consumption (scrofula of course). He could walk a little, but could not get up if he fell down, and could not move when in bed, having no use of his hands. I immediately commenced with the CUTICURA REMEDIES, using the CUTICURA and CUTICURA SOAP freely, and when he had taken one bottle of the CUTICURA RESOLVENT his head was completely cured and he was improved in every way. We were very much encouraged, and continued the use of the remedies for a year and a half. One sore after another healed, a bony matter forming in each one of these five deep ones just before healing, which would finally grow loose and were taken out; then they would heal rapidly. One of these ugly bone formations I preserved. After taking a dozen and a half bottles he was completely cured, and is now, at the age of six years, a strong and healthy child. The scars on his hands must always remain; his hands are strong, though we once feared he would never be able to use them. All that physicians did for him did him no good. All who saw the child before using the CUTICURA REMEDIES and see the child now consider it a wonderful cure. If the above facts are of any use to you you are at liberty to use them.

MRS. E. S. DRIGGS,
May 9, 1885. 612 E. Clay St., Bloomington, Ill.

Cuticura, the great skin cure, and Cuticura Soap prepared from it, externally, and Cuticura Resolvent, the new blood purifier, internally, are a positive cure for every form of skin and blood diseases from pimples to scrofula.

What Holstein Cattle Can Do.

S. Hoxie in Harpers' Magazine for Aug. Thirty pounds of milk a day, 5000 pounds a year, and 7 pounds of butter a week were considered twenty years ago as a large yield, and even now are above the capacity of unimproved cows. The progress of such change of views may be traced in the progress of records that have been made by cows of this breed and publicly credited. The cow Crown-Princess, owned by Hon. Gerrit S. Miller of Peterborough, New York, in six years, from 1870 to 1876, made a record of 61,112 pounds of milk, an average of 10,185 pounds a year. This was followed by the record of Lady Clifden, owned by Hon. William H. Russell of Lawrence, Massachusetts. In 1875 she gave in 62 days 15,274 pounds; in 1876, in 82 days, 12,243 pounds; and commencing May 1, 1887, in 396 days, 13,232 pounds. The Maid of Twisk, owned by the Unadilla Valley association, a company of dairy farmers in Central New York, followed this by a record for 303 days, in 1876, of 12,563 pounds; for 325 days in 1877, of 14,312 pounds; and for 336 days, in 1878, of 15,960 pounds. Next came the records of the noted cows Aegis and Aaggie, owned by Messrs. Smiths, Powell & Lamb of Syracuse, New York. In 1880, in 365 days, the former gave 16,823 pounds, and the latter 16,004 15-16 pounds. With the exception of Aegis, these were all imported cows, and it began to be questioned whether such cows could be produced in this country. The answer came in the test of the cow Echo, bred by Mr. Miller, and owned by Mr. F. C. Stevens of Attica, New York. It was for two successive years, beginning March 19, 1882, and closing May 28, 1884. During the first year she gave 18,120 pounds, and during the second year, after a brief rest of about ten weeks, she produced 23,775 pounds. These records aroused the attention of dairy writers, especially in England. They are pronounced impossible. Plausible arguments were made to show the inconsistency of such records with the amount of material for making milk that a cow could digest. Public confidence in them was shaken for a brief period. At this stage of public sentiment a test was begun of the cow Clothilde, owned by Smiths, Powell & Lamb. They invited the closest scrutiny. They offered to pay the expenses of the most prominent scientists to come and thoroughly investigate this test. A number of gentlemen availed themselves of this offer. It was also placed in the official charge of the superintendent of the Holstein-Friesian advanced register, who from time to time sent official inspectors to watch the milkings, to test the scales upon which they were weighed, to examine into the accuracy of the account that was being kept, and into every other detail in which there might be a possibility of error. None was discovered, and the accuracy of the record was put beyond all reasonable doubt. The result was the production of 26,021 pounds in 365 consecutive days—a record of more than 2000 pounds above any that had been previously made. It seemed at that time that the extreme capacity of milk production had been reached. But now, while this is being written, the cow Pieterjie 2d, owned by Mr. Dallas B. Whipple of Cuba, New York, has reached a year's record of 30,318 pounds. The production of this has also been closely watched by disinterested parties; and the proof is so convincing that it will be received by the public with much less doubt than were the early records of half this amount. Since 1880 many other cows have exceeded Aaggie's noted record. Among these are Ethelka, at 18,131 7-16 pounds, and Jamaica at 19,547 pounds, both owned by John Mitchell, Vail's Gate, New York; Violet, at 18,677 1/4 pounds, by Edgar Huidekoper, Meadville, Pennsylvania; Lady De Vries, at 18,848 1/4 pounds, by E. H. Payne, Garrettsville, Ohio; Empress, at 19,714 1/4 pounds, by Hon. G. S. Miller, Peterborough, New York; Glenburnie, at 20,138 1/2 pounds, by B. R. Lord & Son, Sinclairville, New York; Rhoda, at 21,309 pounds, by F. C. Stevens, Attica, New York; Princess of Wayne, at 20,469 9-16 pounds, and Aaggie 2d, at 20,763 3-16 pounds, both by T. G. Yeomans & Sons, Walworth, New York; Boukje, at 21,679 1/4 pounds, by Stone & Carpenter, Waverly, Pennsylvania; Koningen van Friesland 5th, at 19,700 1/2 pounds, by A. Bradley and H. D. Warner, Lanesville, Connecticut; Koningen van Friesland 3d, at 23,617 1/2 pounds, by H. O. Warner, New Milford, Connecticut; Sultana, at 22,043 1/2 pounds, by H. C. Jewett & Co., Buffalo, New York; and Albino 2d, at 18,484 13-16 pounds (in two-year form), Netherland Belle, at 19,516 1/4 pounds, Aaggie Rosa, at 20,227 3-16 pounds, Lady Fay at 20,602 8-16 pounds, and Clothilde 2d at 23,602 1/2 pounds, by Smiths, Powell & Lamb.

Don't Experiment.

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems at first only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all throat, lung and chest affections. Trial bottles free at H. W. Williams & Co.'s drug store. Large bottles \$1.

Cross Breeding Incident.

A few weeks since one of the cows of our well known fellow citizen, Thomas Wollard, says the Richmond, Mo., Democrat, gave birth to twin calves, a circumstance in itself not remarkable, but the strange part of the story is that one of the calves is a red roan Shorthorn, and the other is a black Polled-Angus, entire different breeds. He had hardly got through wondering at this freak of nature, when another one of his cows gave birth to twins, and they were exactly like the first, one a Polled-Angus, the other a Shorthorn. The calves are all strong and healthy, and can be seen at his farm at the south limits of the city. There is but one explanation of this strange freak. Running with his cows last year was a fine, black Polled-Angus yearling bull that had been left there by Judge Sam Wollard for safe keeping. There were also with them two fine Shorthorn yearling bulls. These are the sires of the calves, and Mr. Wollard thinks he is just two calves ahead of what the natural product would have been.

A True Story of the Calumet and Hecla.

Houghton (Mich.) Gazette, June 14: John Harrington was so lucky in the May drawing of the Louisiana State lottery. Like the substantial, matter-of-fact man that he is, he continues as engineer at the Atlantic Mining Co.'s stamp mill. His ticket, which was one-tenth of No. 21,492, the one that drew the second capital prize of \$50,000, was the second that he had bought in the Louisiana State lottery. His prize was collected for him by the National Bank of Houghton. It was promptly invested by him in stock of the Calumet & Hecla Mining company.

Color in Horses.

While bay is the "regulation" color for standard and thoroughbred horses,

gray is the foundation or standard color of the draft horse. It was once contended by people generally that gray was an undesirable color; that a gray horse was much more liable to blemish, be unhealthy or weak-eyed than dark-colored horses; but in the country where horses are bred specially for hard and heavy work, four-fifths are gray, and this is the most desirable color. That a gray scrub is more likely to be delicate than one of darker color is probably true, but there are distinct breeds of draft horses that are nearly all gray, and of this class the best are of this color, and it is anything but an indication of weak eyes or a delicate constitution. It sometimes happens that a standard bred horse, sired by a bay or a black, but having in his veins the blood of some strongly bred ancestor several generations back, is a gray. Such a horse is no more likely to get gray colts than if he was black. This is not so, however, of the breeds that are uniformly gray. If the horse is a pure-bred animal it makes little difference what the color of the mares, the colts will generally be gray. If, however, the horse is a grade, the colt may be gray, the color of the dam or the color of some remote ancestor on either side. One of the best proofs of the breeding of a horse is that his colts are uniformly of his own color.

ST. LOUIS MARKET LETTER.

Regular Correspondence Texas Live Stock Journal.

EAST ST. LOUIS, ILLS., }
July 24, 1888. }

Desirable beeves of 800 to 1100 lbs and over were in active demand throughout the past week, and range cattle of those weights sold promptly and at fairly satisfactory prices, the range being from \$2.75@4 for Texas and \$3.25@4.25 for Indian steers. However, the bulk of the sales were made at \$3.25@3.50 per 100 lbs, as most of the offerings were by no means choice. There are a great number of thin cows and steers coming in, and those interfere with the market. Bulls and poor cows are quotable at \$1.50@2; yearlings, \$1.37@2.25. Texas calves \$3.50@6.75 per head and slow. Native steers scarce.

The James H. Campbell Co. sold the following: 20 steers, 888 lbs, \$3.30; 17 same, 889 lbs, \$3.40; 22 Indian steers, 829 lbs, \$3; 24 same, 895 lbs, \$3.25; 20 same, 917 lbs, at \$3.65; 16 same, 783 lbs, at \$2.90; 51 Texas steers, 878 lbs, at \$3.40; 74 Indian steers, 937 lbs, \$3.70; 16 Texas cows, 715 lbs, \$2.50; 10 same, 802 lbs, at \$1.70; 10 same, 639 lbs, \$2; 49 steers, 973 lbs, \$3.75; 26 Indian steers, 912 lbs, \$3.35; 12 same, 858 lbs, \$3.30; 26 same, 800 lbs, \$2.55; 23 same, 777 lbs, 2.50; 25 same, 769 lbs, \$2.50.

Cassidy Bros. & Co. sold for James Parkinson, Red Fork, I. T., 55 steers, 1051 lbs, \$4.25; 47 head, 1011 lbs, \$4.10; 80 head, 694 lbs, \$2.40; 80 head, 924 lbs, \$1.65; 79 head, 931 lbs, \$2.50; 47 head, 985 lbs, \$3.50; for S. J. Woodward, Denton, 29 head, 792 lbs, \$2; 18 head, 531 lbs, \$2.20; for Echelberger & Fitzgerrell, Denton, 32 head, 745 lbs \$2.10; 28 head, 714 lbs, \$2; 32 head, 695 lbs, \$2.05; for W. W. Anderson Kyle, 43 head, 979 lbs, \$3.35; for Craie & Larimer, Tulsa, 89 head, 1077 lbs, \$4.20; 25 head, 1000 lbs, \$3.85; for C. H. Reynolds, Claremore, 14 head, 907 lbs, \$3.15; for N. Skinner, Vinita, 25 head, 1000 lbs, \$3.50; for D. L. Denny, Claremore, 36 head, 762 lbs, \$1.50; 35 calves, \$5.50; for J. H. Williams. Doans, 15 head, 1091 lbs, \$1.55; 37 head, 770 lbs, \$1.60; 30 head, 738 lbs, \$2.40; for Parker & Chiles, Merritt, 22 head, 797 lbs, \$2; 22 head, 918 lbs, \$3.80; 11 head, 867 lbs, \$3.62; 15 head, 751 lbs, \$2.10; 22 head, 963 lbs, \$3.60.

Scaling & Tamblyn sold for C. S. Burch, Henrietta, 26 head, 703 lbs, \$2.37; for J. N. Gates, Pilot Point, 44 head, 868 lbs, \$3; for D. W. Light, Pilot Point, 111 head, 978 lbs, \$3.50; 43 head, 975 lbs, \$3.50; 51 head, 753 lbs, \$2.60; 101 calves, \$6.75 per head; for Grant Bros, St. Jo, 25 cows, 744 lbs; \$2.30; for A. J. Davis, Gainesville, 72 head, 920 lbs, \$3.85; for Romey Houston, Terrell, 24 head, 825 lbs, \$2.50; 24 head, 953 lbs, \$3.90; for Manns & Stephens, Archer, 23 head, 972 lbs, \$3.60; 22 head, 808 lbs \$2.35; for Thomas Trammell, Sweetwater, 22 head, 713 lbs, \$2.25; for A. A. Holtgrove, Midland, 139 head, 1022 lbs, \$3.70; for D. B. Couley, Lone Oak, 22 head, 869 lbs, \$3.35; for J. D. Edge, Lone Oak, 23 head, 889 lbs, \$3.20; for F. A. Weatherly, Lone Oak, 40 head, 876 lbs, \$3.25; 25 head, 855 lbs, \$3.30; 12 head, 750 lbs, \$2.50; for J. E. Barron, Thornton, 50 head, 873 lbs, \$3.25; 22 head, 911 lbs, \$3.35; for F. M. Dougherty, Gainesville, 46 head, 925 lbs, \$3.70; 24 head, 814 lbs, \$2.25; for S. E. Newman, Belleview, 61 head, 1065 lbs, \$4.10; 20 head, 1079 lbs, \$4.10; 18 bulls, 1158 lbs, \$2.25; for J. O. Hall, Adair, 67 head, 894 lbs,

\$3.62; for Sid Williams, Terrell, 44 head, 897 lbs \$3.50.
Hunter, Evans & Co. sold for T. J. Reed, Rodgers, 13 head, 923 lbs, \$2.85; 10 head, 856 lbs, \$2.85; for W. R. Sybert, Rodgers, 20 head, 882 lbs, \$2.85; for J. M. Reed, Rodgers, 21 head, 901 lbs, \$3; 18 head, 899 lbs, \$2.85; for V. B. Yarbrough, Sherman, 16 head, 571 lbs, \$2.40; 19 head, 723 lbs, \$2.50; 14 head, 885 lbs, at \$2.87; 39 calves, \$6 per head; for M. Reed, Rodgers, 21 head, 951 lbs, \$2.95; 16 head, 882 lbs, \$2.80; for T. C. Sparks, Corsicana, 47 head, 821 lbs, \$2.75; for Grimes & Scott, 70 head, 857 lbs, \$3; for F. M. Grimes, Corsicana, 21 head, 1015 lbs, \$3.50; for G. W. Weaver, Plano, 73 head, 969 lbs, at \$3.70; for M. V. Bough, Rodgers, 105 head, 1010 lbs, \$3.85; for Kimbine & Lane, Midlothian, 22 head, 906 lbs, \$3.35; for T. C. Kimmel Midlothian, 107 head, 969 lbs, \$3.55; 41 head, 979 lbs, \$3.60 for W. B. Baxter, Lometta, 12 head, 820 lbs, \$2.60; 16 head, 687 lbs, \$2.25; 13 head, 878 lbs, \$1.60; for W. G. Butler, Kennedy, 38 head, 409 lbs, \$2; 44 head, 897 lbs, \$2.95; 24 head, 675 lbs, \$2.20; for C. C. Britton, Henrietta, 22 head, 810 lbs, \$2.70; 23 head, 923 lbs, \$3.05; for J. J. Little, Pearsall, 20 head, 1125 lbs, \$1.87; 25 head, 800 lbs, \$1.90.

The sheep market is active and the moderate receipts of Texas sheep find prompt disposal at strong prices, the range being from \$2.75@4 per 100 lbs. The demand for good muttons far exceeds the supply. Common and thin are slow at \$2.75@3.25 per 100 lbs.

Hunter, Evans & Co. sold for J. E. Martin of Mullen, 446 head of 72 lbs, \$2.70.

Cassidy Bros. & Co. sold for H. Bundy, Kerrville, 192 sheep, 85 lbs, \$3.60. The J. H. Campbell Co. sold 473 sheep, 76 lbs, \$3; 443 head, 76 lbs, \$3.25; 208 head, 75 lbs, \$3.20.

There is but little change to note in the wool market. Offerings fair, but the quality not of the best, and prices are very low. Commission salesmen report business for the past week as slow and not worthy of special mention.

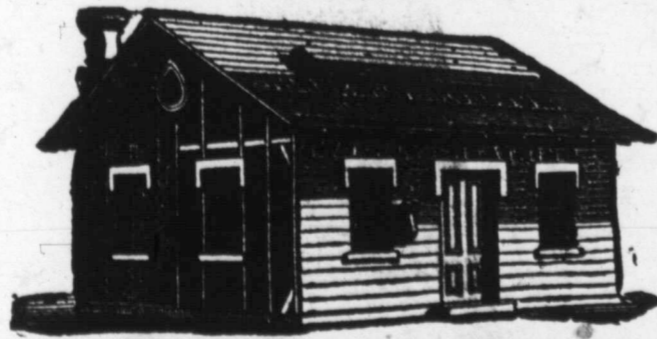

Sam A. White, superintendent of the horse and mule department of the National stock yards, reports liberal receipts of Texas horses with the demand only moderate. Prices slow at \$18@26 per head. RATTLER.

At Hetherington & Nason's.

We found quite an assortment of well pumps and steam pumps of different kinds, with pipes and fixtures, at Hetherington & Nason's, 407 Elm street, Dallas, the other day. Their stock of pulleys, shafting, boxes, etc., is large, and they have as fine a stock of cotton, rubber and leather belting as you can find anywhere.

TEXAS STATE FAIR & DALLAS EXPOSITION

1888.

Oct. 11 to 31.

1888.

AT DALLAS, TEX.

The coming Fair and Exposition will, beyond doubt, excel in point of attractiveness, numbers and variety of exhibits any heretofore held.

The County Exhibit Department promises to be the most attractive feature, one never before attempted by any state. Over forty counties up to date have secured space, and still more to enter. The exhibit these counties will present will be something that will astonish visitors.

Every variety of attractions has been provided for, and the musical treat we have in store for visitors will be presided over by the world-renowned cornetist, Prof. A. Liberati.

The purses offered in the Race Department cover \$20,000, and will be competed for by the best racers in the land. The management of this department propose to give during the Fair and Exposition the finest races ever given in the South.

We desire to call the attention of counties to the fact that now is the time to get up their exhibits, when grain, fruits, etc., are ripening, and not wait until it is too late.

Space in the County Exhibit Department is free, and no county of our state can afford not to be represented. There will be more people here than ever before, and we want them all to see the varied resources of our great state.

To exhibitors in general we can promise the finest opportunity ever offered to make displays from which will return good results, and to visitors we can assure the grandest entertainment ever given in the Southwest.

Remember, the Fair and Exposition Opens October 11.

This day will be an occasion unheard of in this section of country.

—THE—

KANSAS CITY STOCK YARDS

Are by far the most commodious and best appointed in the Missouri Valley, with ample capacity for feeding, weighing and shipping Cattle, Hogs, Sheep, Horses and Mules. They are planked throughout, no yards are better watered, and in none is there a better system of drainage. The fact that

HIGHER PRICES ARE REALIZED HERE

Than in the East is due to the location at these yards of

EIGHT PACKING HOUSES,

with an aggregate daily capacity of 3300 cattle and 27,200 hogs, and the regular attendance of sharp, competitive buyers for the packing houses of Omaha, Chicago, St. Louis, Indianapolis, Cincinnati, New York and Boston.

All the sixteen roads running into Kansas City have direct connection with the yards, affording the best accommodation for stock coming from the great grazing grounds of all the Western states and territories, and also for stock destined for Eastern markets.

The business of the yards is done systematically and with the utmost promptness, so that there is no delay and no clashing, and stockmen have found here, and will continue to find, that they get all their stock is worth with the least possible delay
