 heifers, 737 lbs, \$3; 89 steers, 866 lbs,

\$3; Roff, 22 cows, 770 lbs, \$1.85; Colson, 74 calves, \$5.50 each.

Receipts to-day, 2900 head. Heavy shippers 10c lower. Fat Texans no lower.

**ST. LOUIS.**

St. Louis, Mo., June 7.--Receipts of Texas cattle up to yesterday very large and prices lower on everything under good. Friday's receipts unexpectedly small and market steady on good grades. All others dull and lower. Most of the offerings of Texas sheep were billed through. Market active and prices stronger on fair to fancy.

**NEW ORLEANS.**

NEW ORLEANS, June 7.--Beeves, cows, calves and yearlings in light supply. Stock firm. Hog market steady. Good fat muttons in demand.

QUOTATIONS.—Choice corn-fed beeves, per pound gross, 3@3½c; choice grass-fed beeves, 2½@2¾c; good fat cows, 2½@3c; common to fair, \$10@15; calves, \$4@8; yearlings, \$7@11; good fat corn-fed hogs, per lb gross, 5@5½c; common to fair, 4@4½c; good fat sheep, each \$2.50 @3.00; common to fair, \$1.25@2.00.

**GALVESTON.**

[Reported by Winfree, Norman & Pearson, Live Stock Commission Merchants].

BEEVES AND COWS—Choice, per lb, gross, corn-fed, 2¼@2½c; choice, per lb, gross, common 2@2¼; 2-year-olds, choice, per head, \$8@12; common, per head, \$6@8; yearlings, choice, per head, \$6@8; common, per head, \$5@5.50; calves, choice, per lb, gross, 2½@3c; common, per head, \$3@4.

SHEEP—Choice, per lb, gross, 3@3½c. Market fair for choice cattle and calves which are selling readily at quotations. Sheep in full supply.

**SAN ANTONIO.**

The local market is in fair condition for the time of year. Yearlings and calves are in excessive supply, and consequently cheap, but other stock is firm at quotations.

CATTLE—Steers, shippers \$16@22, or \$2.00@2.25 per 100 lbs; and butchers, \$13@17; cows, fat, from \$12.50@14; light, at \$9 @12; yearlings, \$4.50@6.00; calves, \$3.50@4.50 SHEEP—Muttons, \$1.50@2.25. Goats, average stock \$1.00@1.50 per head. Hogs—Natives \$3.50@4.

**DALLAS.**

CATTLE.—Choice corn-fed steers, 2½@2¾c; common to fair, 2@2¼c; choice fat grass cows, 2c; common to fair, 1½@1¾c; yearlings, \$5@9; choice veal calves, 3¼@3½c; heavy calves, 2¼@2½c; milch cows, \$20@30; bulls, 1¼@1½c.

Hogs.—Fat light hogs, 4c; stockers, 3½c.

SHEEP.—2½@3½c.  
GOATS.—\$1.25@1.50.

**Galveston Wool Market.**

GALVESTON, TEX., June 5, 1889.

Texas Live Stock Journal, Fort Worth.

Galveston wool receipts for the week ending to-day at 3 o'clock p. m. foot up to 1,022,000 pounds, while the season's receipts amount to 9,404,596 pounds, and the sales for the same time run up to 428,550 pounds, being nearly double those of the previous week, which leaves a stock on hand of 2,249,682 pounds. The market is active and firm, and sellers have no trouble to find purchasers for all their offerings at the following quotations:

Twelve months fine, 20½ to 23c, and medsum do, 22½ to 25½c; 6 and 8 mos. fine, 18½ to 22½c; medium do, 21½ to 23½c; Mexican improved, 16½ to 20c, and do carpet, 13 to 14c.

Reports from western points for the past two days are to the effect that buyers have advanced prices, hence the improvement in the tone of this market since my last report.

Galveston is alive with Texas wool growers this week, and the following is list of the names of those your correspondent has had the pleasure of meeting: W. L. Black of Fort McKavitt; F. Hass of Blanco county; C. W. Wilkins, Langtry; S. J. Arnold, Uvalde; R. F. Halbert, Menard; J. C. Stribling, Blanco county; R. W. Almond, Las Vegas; C. P. Stafford, San Antonio; H. J. Kried, Menard county; L. B. Haynie, Navarro county; P. L. Witten, Grapevine, Tarrant county; J. R. Lewis, Sweetwater, Nolan county; J. L. Spurlin, A. F. Sellers, A. S. Boyton, Hamilton county; Geo. W. Ames, Del Rio; F. W. Volkman, Llano county; R. T. Elliott, Coperas Cove, Coryell county; Dr. J. V. Spohn, Encinal, La Salle county; N. D. Lidstone, San Sabá; A. Mitchell, McCulloch county; James McLymont, Amanda, Kinney county; L. H. Baggett, Lampasas; J. J. Woodhull, Spoford, Kinney county; C. S. Fielder, Val Verde county; F. E. Leason, Eagle Pass; T. Barry, Walnut Springs; A. E. Shepard, Marathon, Buchel county, and W. N. Waddell of Colorado City.

A meeting of the above named gentlemen took place at the Cotton Exchange building yesterday at 3 o'clock p. m. for the purpose of discussing the advisability of a permanent organization and to take the necessary steps toward the establishment of a wool exchange.

Col. Geo. Sealy in a few brief remarks welcomed the wool men, and informed them that he was requested by the president of the exchange to tender the use of the building to the convention.

Capt. A. E. Shepard of Marathon, Buchel county, president of the Texas Wool Growers association, called the meeting to order, and after expressing much gratification to be able to say the little he had to say on the occasion to so large and representative a body of his brother Texas wool growers, he expressed the hope that the gloom that had so long hovered over this important industry was about to be dispelled. "Notwithstanding," said he, "the fact that Texas is raising annually more wool than any other state in the Union, yet the voice of the producers of this staple for the past three years has been silent, and as a consequence the cost of pro-

duction has exceeded the returns."

He denounced as false the statement made in the halls of congress by a Texas member that wool could be grown and sold at ten cents a pound and yet give the producer a good profit, and advised producers and dealers to compare notes and to act in unity.

He spoke of the importance of additional legislation for the protection of flockmasters against the stealing of sheep from their herds by shepherds in charge of same.

The establishing of scouring mills he thought should be encouraged, so that wool could go to the factories clean, thereby not only increasing its value 10 to 12 cents per pound, but also saving cost of transporting the dirt and grease. Capt. W. L. Black of Fort McKavitt was called on and dressed the meeting.

He spoke of the importance of organization in order that the wool-growers might be prepared to protect themselves against opposition, and also referred to the necessity of keeping posted on all matters pertaining to the wool interest.

"No place in the state," said the captain, "offers more inducements in the way of transportation, warehouses, wool scouring mill and cheap money than Galveston," and hence he advised that it be selected as headquarters for the organization. The secretary should be a man of ability, and should collect the names of all wool producers in the state, in order that information of importance could be collected promptly when required.

Mr. Alex Mitchell of McCulloch county, Dr. Spohn of Encinal, Col. Haynie of Navarro, and several other gentlemen also addressed the meeting in the interest of the organization.

After the appointment by the president of committees on organization, resolutions, rules and finance, the meeting adjourned until 10 o'clock Thursday.

**THURSDAY, JUNE 6TH.**

The Texas Wool Growers association met at the Cotton Exchange Thursday the 6th, at 10 o'clock a. m., as per adjournment, with President A. E. Shepard in the chair.

The following additional names were entered on the list of members of the association: J. R. McKerrow, F. Hillcoat, Hill county; J. A. Smith, La Salle county; Fritz Fuchs, Blanco county; P. H. Poag, P. H. Palmer, Bandera county; D. C. Ogden, Menard county; E. G. Grant, W. A. Parker, Polk county; P. L. Maitland, H. J. McLain, Concho county, and A. S. Boynton, Hamilton county.

According to the report of the committee on organization, which was adopted, the organization is to be known as the Wool Association of the State of Texas, with a president, two vice-presidents, treasurer, secretary and nine directors.

The committee on rules recommended that the board of directors be empowered to make from time to time such rules and regulations as they may deem necessary to the success of the organization and that local or county organizations be formed to co-operate with the state organization.

On motion of Col. Haynie of Navarro county all wool commission men were made eligible to membership.

The committee appointed to recommend persons for officers and a board of directors, reported the following, and the same were elected by acclamation: A. E. Shepard of Buchel county, president; L. B. Haynie of Navarro county, first vice-president; Julius Runge of Galveston, second vice-president. Directors—W. L. Black of Fort McKavitt, J. V. Spohn of La Salle county, W. N. Waddell of Colorado City, J. P. Woodhull of Kinney county, Col. T. C. Frost

of San Antonio, R. T. Elliott, P. J. Willis, J. D. Skinner and Jos. Lobit of Galveston.

On motion of W. L. Black Galveston was selected as the headquarters of the association, after which the meeting adjourned until 9 o'clock a. m., Friday the 7th. W. N. BAXTER.

**ROUND-UPS.**

St. Jo Stock Reporter:—If we do  
build beef packing houses in this city,  
we should not forget to dedicate them  
by slaughtering on the opening day a  
few of the calves engaged as writers for  
the St. Jo morning papers.

San Angelo Standard:—M. B. Pulliam  
bought 300 two-year-old steers from  
Henry Pense of North Concho at \$12.  
Max Mayer sold and delivered to N. P.  
Rogers, last Saturday, 700 San Saba  
steer yearlings at \$7.50.

San Angelo Standard:—Seaton Keith  
shipped a car of calves and a car of cows  
from the Nation to Jas. H. Campbell &  
Co., Kansas City, last week which were  
sold as follows: the calves netted him  
\$6.65 per head and the cows sold for \$1.90  
per hundred. This is the first shipment  
from the Nation.

N. W. Live Stock Journal:—J. M. Cul-  
ver, whose ranch is on Bear creek, has  
returned from New Mexico, where he  
purchased of the Prairie Cattle company  
1500 two-year-old steers. The cattle are  
to be delivered on board cars in Septem-  
ber at \$16.50 per head.

San Angelo Standard.—The car-load  
of corn-fed steers recently purchased  
from North & Co. of Menard county by  
Bird, Mertz & Montgomery, averaged  
1235 pounds and were sold in Kansas  
City by the James H. Campbell Co. at  
\$3.20 per hundred, or over \$39.55 per  
head. Nubb Pulliam says if they had  
not been fed they would have brought  
about \$16. It pays to sell fat.

Stock Growers Journal:—Mr. Pierre  
Wibaux has just completed a deal with  
the Powder River Cattle company for  
all their cattle. This company is com-  
posed of English people, Mr. Fred  
Hesse being their manager, and con-  
ducting the deal on the side of the En-  
glish people. The cattle sold are esti-  
mated at 10,000 head, the price being  
\$18.50 per head, round-up count. The  
company also sells their 300 head of cow  
horses at the same price per head.

HENRIETTA, TEX., May 23.—Miss May  
A. Newcomb died yesterday. She was  
apparently in her usual health until last  
Friday evening, when, while sitting in  
her office, she was stricken with a para-  
lytic stroke and was unconscious up to  
the time of her death, which occurred  
yesterday evening at 1 o'clock. All that  
medical skill and kind friends could  
do was done for her. Miss Newcomb  
has been a resident here for six or seven  
years, and during that time she has been  
actively engaged in the stock and land  
business, and was one of the most suc-  
cessful business women in Northwest  
Texas, having by honesty and persever-  
ance accumulated a very handsome  
property. She was originally from  
Galesburg, Ill., where her remains were  
taken this morning for burial.

The Las Vegas Optic of recent date  
says: Lieut. Lockwood of the United  
States army came through this morn-  
ing on the train from the north, having  
in charge ten big red Indians, en route  
to the San Carlos reservation in Arizo-  
na, from Columbus, Ohio, where they  
have been in the penitentiary for the  
past 14 months. The notorious Captain  
Jack, half brother to Geronimo, who  
was one of the principals in the many  
atrocious massacres in the northern  
part of New Mexico and Arizona, was  
one of the party. They were recently  
pardoned out of the penitentiary by  
President Harrison and ordered back to  
the reservation. They belong to the  
tribes of Sioux, Apaches and Cheyennes,  
and are ugly, vicious looking rascals to  
be set at liberty amongst a civilized,  
law-abiding people.

Amarillo Champion:—Last Friday the  
St. Louis Cattle company shipped forty-

eight car-loads of cattle to Elgin, Kan.,  
Saturday, G. W. Littlefield sixty-five  
cars to the same place. Sunday J. S.  
Smith shipped forty-nine cars to Wen-  
dover. Monday same party shipped  
forty-seven cars to the same place.  
Wednesday the Fort Stockton Land &  
Cattle company shipped the Frontier  
Land & Cattle company of Yuva, Mon-  
tana, seventy-eight cars. To-day forty-  
eight cars will be shipped to Wendover  
by Col. Towers. The Fort Worth &  
Denver railroad are making strenuous  
efforts to furnish cars for 11,500 head of  
cattle to be shipped from this point dur-  
ing the next three weeks. Up to date  
there has been shipped from Amarillo  
this year 1095 cars of cattle. On June 5,  
Col. Buster will ship 1500 head to Wen-  
dover.

**"Things are Seldom What They  
Seem."**

While the above is in the main true,  
still there is an exception to the general  
rule, as is the case in many instances.  
We refer to Dr. Pierce's Pellets, which  
are not only all they seem, but more. In  
torpid liver, indigestion, sluggishness  
of the bowels, biliousness and headache,  
the relief afforded by their use is won-  
derful.

**Dressed Beef Trade in South Ameri-  
ca.**

WASHINGTON, May 26.—Consul Baker,  
stationed at Buenos Ayres, in a report  
which has just reached the state depart-  
ment, says the principal industry of the  
Argentine Republic continues to be cat-  
tle and sheep raising. The total num-  
ber of sheep in the country is about 80,-  
000,000; horned cattle, 20,000,000. In ten  
years the exports of meat have fallen  
from 97,728 tons to 54,700, the slaughtering  
establishments having steadily lost  
money and some of the largest having  
been closed. The government finally  
asked for aid to the industry, and the  
first move was to abolish the export  
duty, amounting to 4 per cent. on the  
product of the slaughtering establish-  
ments. With the repeal of this duty a  
temporary spurt was given to the inter-  
ests, but for the last two years the fall-  
ing off has been marked. The cattlemen  
then determined to try exportation  
of dressed beef, and at the last session of  
the Argentine congress a law was passed  
by the terms of which the National  
government offers a guaranty of 5 per  
cent. for ten years on the capital em-  
ployed in the business of exporting beef,  
either in a "fresh state or preserved by  
process not injurious to health." Sev-  
eral establishments are now preparing  
to take advantage of the guaranty thus  
provided by the government, and are  
going into the export of fresh beef on a  
large scale, with special steamers duly  
fitted up with all the necessary machin-  
ery for freezing and stowing their car-  
goes. They will have warehouses both  
in England and France for receiving  
and marketing the beef. Consul Baker  
does not think that the law will produce  
any great competition with American  
beef, as at present what is known as  
stall-fed cattle are quite unknown in the  
Argentine Republic.

**The Best of All.**

I consider Dr. Biggers' Huckleberry  
Cordial the best medicine for all bowel  
trouble and children teething, ever used.  
A. J. STINE, Oxford, N. C.

Boston Commercial Bulletin:—Final  
action has been taken on the "waste"  
question. The treasury department has  
sustained the Collector at Philadelphia  
in assessing duty at the rate of 60c per  
pound, and 10c per pound respectively  
on lap waste, claimed to be dutiable as  
an entirety at the rate of 10c a pound as  
wool waste. This "waste" consisted of  
33 per cent. of broken tops, and this por-  
tion was returned for duty at the rate of  
60c per lb, under the department's rul-  
ing of April 20, 1888, and March 22, 1889,  
while the remaining portion, 67 per cent.  
was found to be a substance which  
might be termed waste, and which was  
returned as dutiable at the rate impos-  
ed on waste. In its decision the depart-  
ment says that hereafter all such mer-  
chandise which may consist of scoured  
wools of classes 1 and 2, imported in other  
than ordinary condition, although  
mixed to a certain extent with what  
may be deemed legitimate waste, should  
be classified as scoured wool, "imported  
in any other than ordinary condition,"  
and subject to duty at the rate of 60c a  
pound.

## THE CLIP.

The Chicago Wool Journal of May 21 contained a very friendly notice of the Texas Spring Palace.

Johnson Bros. of Strawn, Palo Pinto county, are supplying cedar fence posts and building blocks.

A nice bunch of 94-pound sheep sold at Dallas for \$3.29 per head last week after the sheep had been shorn.

Mr. A. F. Hardie of the Wesson Mills, Miss, has purchased the Claggett, Pierce & Co. clip of Callahan county, 12,000 lbs. wool, at 21c.

We are sending the TEXAS LIVE STOCK JOURNAL and the Fort Worth Weekly Gazette both papers one year for two dollars.

Messrs. W. A. Allen & Co. of 142 to 146 Kinzie street, Chicago, report a good and increasing demand for wool and a firmer market.

The bulk of the wools sold in Texas so far have been purchased by Western buyers. The Eastern men have done something but not so much as usual.

Next year, says the Eastern woolman, we will invite the wool growers to set the prices for the season. They have had their own way so far this season.

San Angelo Standard:—G. C. Mauzy will ship 1200 sheep to Chicago to-day. A few days ago he bought 500 shorn dry ewes for shipment from R. O. Smith at \$1.65 per head.

Texas sheep seems to have sold well although the market broke down two weeks ago. When 70-pound sheep sell at \$3.50 and \$3.90 per hundred there is no cause for complaint.

A. T. Shearer, representing Funsten & Co. of St. Louis was in town, he confirms the report that on account of high freight rates the St. Louis wool buyers have left the Texas markets.

Mr. G. W. Mahoney of Santa Anna, Coleman county is offering for sale at his ranch 4000 good muttons. Mr. Mahoney is making his announcement in the For Sale or Exchange columns.

Boston Advertiser:—Texas spring medium, 12 months, 22@25c; Texas spring

fine, 10@23c; Texas spring fine, 6 to 8 months, 17@22c; Texas spring medium, 6 to 8 months, 20@24c; Texas fall fine, 17@20c; Texas fall medium, 17@20c.

San Angelo Standard:—G. C. Mauzy bought two cars of muttons this week from Kennedy & Roberts and Robert Winslow at \$2.25, and 1160 head of sheep, mostly old ewes, from Geo. Brown at \$1.90.

Texas wool growers continue to remark that their wools are too light for the price. Some of the heavier fleeces weigh 3 lbs less than last year. Sheep usually shearing 9 lbs are shearing only 6 and 7.

When a man sells a good 100-lb shorn sheep at 3c per lb, having previously sold a wool clip amounting to \$1.20 per head, he ought to know that sheep raising pays a sight better than raising six-dollar yearlings.

Denver Field and Farm:—It is thought that not less than a quarter of a million pounds of wool will be shipped this season from Clayton, El Moro and other shipping points in the South along the Denver, Texas and Fort Worth road.

The Chicago wool market receipts are slightly in excess of last year, and wools have sold remarkably well. Messrs. W. A. Allen & Co. make a specialty of Texas wools, and will furnish all necessary information upon application.

The railroads running from Texas to St. Louis are trying to divert the wool trade from that city, and in this purpose are ably assisted by the railroads running eastward from St. Louis. St. Louis wool buyers—seven of them—left Texas last week in consequence.

The National Stockman says: "Galen Wilson says he has wintered sheep well on straw and 2c worth of barley weekly, and a neighbor has done better still for years. He feeds nothing but straw, and late in the spring a light ration of oats, and finds no weak spots in the wool fiber either."

Lampasas Leader:—Over 600,000 lbs of wool has been marketed at Lampasas up to Friday night. The market is not so firm as last week, but actual transactions show but small declines. Bright wools, twelve months clip, are ready sellers from 21 to 22c, and this week one sale was made of 8000 lbs at 23½c.

Boston Report American Wool Reporter:—During the past week a few lots of new clip Texas have arrived, and a few sales have occurred, but as yet quotations are for the most part nominal. We note a sale of 8000 medium 8 months' wool at 27c., one of choice fine of light shrinkage at 25c, and one lot of low medium at 55c, clean. An exceedingly light lot that we know of, nearly as light as washed Ohio is held at 26c.

Mr. J. H. Meara of the firm of Meara & Hobbs of San Angelo, Tom Green county, was in town last Saturday visiting the Spring Palace. He says that the wool at San Angelo is in large quantity yet and buyers can find an interesting exhibit and selection, also that the San Angelo wool houses are prepared to continue advances to any amount at 8 per cent. and to offer all reasonable inducements to concentrate wool at that city.

WASHINGTON, May 29.—Secretary Windom has affirmed the decision of the collector of customs at New York, assessing duty at the rate of 35c per pound, and 35c per pound ad valorem on recent importations of so-called worsted coatings, suitings, etc., used in the manufacture of men's and boys' clothing. The secretary held that as these articles were made in part of wool, it was the evident intention of the statute that they should be assessed for duty at the rate applicable for manufacturers of wool instead of at the lower rate under which they have been previously classified as worsted cloths.

Marion, in the National Stockman and Farmer:—Sheep are the best kind of stock to clean out briery or bushy fields. They will eat almost anything of a weed nature. For the field's sake it pays to keep sheep. My plan to take the sheep to eat this coarse food is this: In the morning when the dew is on, or right after a rain, I throw some salt on bushes, briers, weeds, thistles and rank bunches of grass which the sheep will not otherwise eat. We have practiced the plan for many years, and have destroyed acres of filth by so doing, and with no injury to the sheep.

San Angelo Standard:—On Thursday a train of eleven cars loaded with 2700

full-blood Merino sheep arrived here from Dawson, Navarro county. The sheep are the property of Messrs. Patterson & Williams, who own a ranch of 1300 acres, partly in Navarro and partly in Limestone counties, and another ranch in Tom Green, about 12 miles from San Angelo, near the Twin mountains. The Navarro ranch is mostly black waxy land. Though the grass is very luxuriant, sheep did not do well there, and Messrs. Patterson & Williams last year lost 1500 head. They have now turned that ranch into a cattle and horse ranch, are going to keep their sheep on the high dry land here.

Boston Commercial Bulletin:—Texas wools are steadily coming to hand. The market at San Antonio is a little quieter but the best fine wools are still selling there at 23c, costing here 25c or at a shrinkage of 65 per cent., 71c clean. The very best wools are said to be already sold, buyers are now busy in the counties where they are paying 21@22c for 8 month's wool. Fine year's growth Texas has been sold here this week at 26c the shrinkage of the wool making it cost no more than 65c clean. This, however, is a higher price than similar wool has brought for some months. Free wool of eight month's growth can be bought for four or five cents less the scoured pound, but little wool with any title to fineness can be gotten up for 60c or less.

Boston Advertiser:—The market has not shown much activity, but this is partly accounted for by the fact that offerings are on a very low basis. The stock of old wool in dealers' hands here has become very much reduced by the picking up demand that has ruled for the past few months, and at present a buyer does not find it an easy matter to secure selections. There has been a fair amount of new wool received, but up to the present the great majority of this has been for sheep's wool. Buyers have operated fairly in this new wool, but the demand has been principally for small lots from time to time to meet some special want. No one has yet any confidence in the higher prices asked for supplies in the country, and have as a rule not been inclined to stock up any.

U. S. Economist report, New York:—The wool market has been quiet, with prices firmer than a week ago. Still it must be added that the demand for wool has been very much in excess of the sales. Prices show no quotable change, but that much business has been declined means that values are in sellers' favor. This indicates a waiting market on the part of holders who have declined buyers prices, because of prices in the country ruling higher than here. The story of previous weeks must be repeated, with this exception, that the latest sales in the country show an advance of 25 to 40 per cent. over last year's prices. With such facts before them it is not to be wondered at that wool merchants are acting so cautiously in purchases, while manufacturers are resisting present prices by delays and every other means that can be employed.

Boston Advertiser:—The settling of the worsted goods controversy in favor of the manufacturer may have a strengthening effect on wool later, but it will take some time to bring this about. There had been some doubt in the minds of manufacturers whether any decision would be made by the treasury department on the question, and consequently the report received that the action of the New York collector making the duty on worsteds the same as woollens had been approved, causes a much better feeling to exist. The season for importing these fabrics is now well over, so it is more for the future than the present that this good effect will be manifest, although it is bound to help the present situation some. The yarn importations still continue, however, so that wool may not get the help that it should, as importers are liable to increase their purchasing of yarns across the water to take the place of goods which will be barred out.

## A Good Investment

is that which yields large returns from a small outlay. Reader, the way is clear! No speculation, no chance, big returns! If you are like the most of mankind you have somewhere a weakness—don't feel at all times just as you'd like to—headache to-day, backache tomorrow, down sick next week—all be cause your blood is out of order. A small outlay and what large returns! You invest in Dr. Pierce's Golden Medical discovery and soon pure, fresh blood courses through your veins, and you are another being.

## SAN ANTONIO.

## Steers Wanted.

\$18000 worth of steer cattle wanted in exchange for seven houses, Nos. 327, 329, 331½, 333, 333½ and 335 Dwyer Avenue, San Antonio, earning 10 per cent. annually on \$25,000; incumbrance, \$7000 at 10 per cent to be assumed.

A. VARGA, Agent,

Dolorosa Street, opposite Southern Hotel  
SAN ANTONIO, TEXAS.

THE firm of Henry Fink & Co., Bexar county, is crossing the Shorthorn and Holstein, the get of which is to be used in improving Texas stock.

SAN ANTONIO continues the "p. t." wool sales, which when they leak out are at about the figure that was offered for the wool on the ranch free of expenses. Comments are in order by those who pay the fiddler.

THE stock stand in no danger of competition from Gauatamala for some time to come. Yearling steers are worth in that country \$7.50 per head; two-year-olds, \$12.50 and threes, \$18, while a good matured beef is worth about \$40 a head.

MANY of our range live stock newspaper cotemporaries are falling into line with us on the question of a uniform quarantine system in the hands of the federal authorities. It is the only sensible and equitable manner in which to enforce live stock quarantine.

DEHORNING is one of the "wrinkles" that seem to be of slow development in Texas, but among its strongest advocates can be found men of practical sense and experience, among whom may be mentioned C. M. Rogers of Austin, and H. P. Jordan of Victoria. It is un doubtedly on the increas

among feeders, with many points in its favor.

PRACTICALLY the gothic is not the best style of architecture to give the greatest amount of house room for the money, but gothic horse architecture is even less sensible, for in this case it also lacks beauty. Texas has too many gothic horses for the good of her pocket book and reputation as a horse raising country.

THERE is no doubt whatever but what first-class horses can be raised in Southwest Texas, climatic conditions being in no way whatever an obstacle, but the facts are that but few of this class are to be found, the fault lying altogether with man and not with nature. It is pleasant, however, in this connection to note exceptions to the general rule of scrubs, and these exceptions are constantly growing more numerous, until it is to be hoped that in a few years they will become the rule, and the scrub the lonesome exception.

THE question as to the use of improved stock cars is not that of a difference between the different patented cars, but the shipper demands a system by which his stock can be put on the market in a saleable condition, and the quickest and best accommodations accomplishes that object. If the railroads build cars of their own better than the patent cars the shipping public will use them in preference to the others. But one thing is certain, and that is that live stock shippers who have long hauls have found by experience that much is saved in the improved car and in future demand them for their stock.

## San Antonio Horse Market.

The market for the week has been about the same as for the week previous, with the difference that some more sales have been made to shippers, and at the time of writing several foreign buyers were on the market, with fair prospects of making good sales. While the market is not what it was a year ago, still there is no good reason to despair of selling the stock on hand. The experience of this year makes it more and more apparent that the scrub horse is doomed. There are no prospects that the demand for this class of horses will ever be better than now. Improved stock which have not been stunted with poor care are in demand at good figures. Mules are always ready sale, and even the little Mexican mule is found valuable for street service. The Shipments for the week were 1165 head.

## San Antonio Wool Market

There has been no notable change in this branch of trade since last report. Never has there been so even and uneventful market in this city as the pres-

PAINLESS EFFECTUAL  
**BEECHAM'S**  
THE GREAT ENGLISH MEDICINE  
**PILLS** WORTH A GUINEA A BOX

For Bilious and Nervous Disorders, such as Wind and Pain in the Stomach, Sick Headache, Giddiness, Fulness, and Swelling after Meals, Dizziness and Drowsiness, Cold Chills, Flushings of Heat, Loss of Appetite, Shortness of Breath, Costiveness, Scurvy, Blotches on the Skin, Disturbed Sleep, Frightful Dreams, and all Nervous and Trembling Sensations, &c. THE FIRST DOSE WILL GIVE RELIEF IN TWENTY MINUTES. This is no fiction. Every sufferer is earnestly invited to try one Box of these Pills, and they will be acknowledged to be a Wonderful Medicine. "Worth a guinea a box." BEECHAM'S PILLS, taken as directed, will quickly restore females to complete health. For a

**WEAK STOMACH; IMPAIRED DIGESTION; DISORDERED LIVER;** they ACT LIKE MAGIC:—a few doses will work wonders upon the Vital Organs; Strengthening the muscular System; restoring long-lost Complexion; bringing back the keen edge of appetite, and arousing with the ROSEBUD OF HEALTH the whole physical energy of the human frame. These are "facts" admitted by thousands, in all classes of society, and one of the best guarantees to the Nervous and Debilitated is that BEECHAM'S PILLS HAVE THE LARGEST SALE OF ANY PATENT MEDICINE IN THE WORLD. Full directions with each Box.

Prepared only by THOS. BEECHAM, St. Helens, Lancashire, England.  
Sold by Druggists generally. B. F. ALLEN & CO., 365 and 367 Canal St., New York, Sole Agents for the United States, who, (if your druggist does not keep them.)

WILL MAIL BEECHAM'S PILLS ON RECEIPT OF PRICE 25 CENTS A BOX.

ent. It opened early and has been moving slowly and steadily with little or no fluctuation in price. There have been several faint efforts at a bear movement on the part of the buyers and several foreign buyers left without purchasing a pound, but nevertheless others were on hand to steadily take offerings at quoted figures. The stock on hand will probably exceed a million and a half pounds, which will probably sell off as closely as usual before the end of the season.

Quotations are as follows:

Light medium 6 months, 20@22c; fine, do, do, 18@20c; light, do, 12-months, 22@25c; fine, do, do, 20@22c; fine Merino, 6 do, 15@17c; do, 12-months, 18@20c; burry from 1½@3c off.

## HORNS AND HOOF.

L. B. Allen of Flatonia was here last week after a bunch of horse stock.

N. B. Todd of Tennessee, a horse buyer, is mixing it with the local horse men.

A Northern Texas man is in the market for some 2000 head of Southern yearlings.

Tom Y. Petus of Goliad, passed down home on Monday from a visit to his Mexican ranch.

C. C. French, the agent of J. H. Campbell & Co. is here looking after the interests of his firm.

F. M. Swift of Refugio has bought a ranch in LaSalle county, where he will make his future home.

W. H. Jennings bought about 100 head of beeves of M. K. Shinner from his Frio county ranch at \$21 per head.

B. L. Crouch of Frio county, one of the most prominent rancheros of Southwest Texas, was in the city the middle of the week.

G. W. Weaver of Plano, Texas, who is buying young cattle in this section, came in from a visit to his home on Tuesday.

J. W. Waters of Letts & Waters of Kinney county is in from the ranch, and says that his big fat steers will soon be moving to market.

F. O. Skidmore of Skidmore, Bee county, one of the most enterprising rancheros of that section, was with us again the first of the week.

J. W. Glass of this city who has for the past six months been a heavy exporter of hogs to Mexico, is here for sometime attending to private business.

The best place in San Antonio to buy carriages, buggies, etc., is at Hick's repository, West Nueva street. Rice's coil spring vehicles a specialty.

M. K. Shiner had 28 head of horses and some mules stolen out of his pasture in Frio county in one batch. This is doing crooked horse business at wholesale.

Lagarto item in Corpus Christi Caller:—S. G. Miller has just delivered to John Martin a lot of cattle, consisting of calves, two and cows, at \$5.50, \$7.50 and \$10.

Col. F. P. Hord has a fine French coach horse, whose get shows the great improvement that can be made with

one cross of this blood with a Texas mare:

Geo. H. Mills of Shreveport, who was formerly engaged in the wool-growing business in this section of the country, is here after a consignment of horse stock.

Clarence Clark came in from Nueces county with a bunch of 300 head of mares and horses, belonging to Clark, Pressnall & Scott. They are on the local market.

Jesse Turney of Kentucky bought 90 head of mules from James H. David of this city for \$45 per head. They are destined for the street car service of Paris, Kentucky.

J. S. Powell of J. S. Powell & Co., Fort Worth, was here on a business trip. Formerly Nat R. Powell did this work, but now the interest for him has been transferred to nearer home.

Victoria Advocate:—Col. McReynolds bought 800 2-year-olds and 800 yearlings from Mr. John O'Brien on Tuesday. They are to be taken to the Kountze Bros. ranch in Wharton county. Terms private.

J. L. Harris is reported as having purchased some 2000 head of beeves in Goliad and Bee counties, at prices ranging from \$18@30 per head. He is pushing them forward the market with all dispatch.

J. E. Price & Co. sold a car-load of selected saddle horses last week to Wm. McMurdie, representing the Washita Land and Cattle company of Hemphill county for \$40 per head. This is considered a good sale for this time, and there are prospects of the same parties taking more of these horses.

Ben T. Cable and wife and mother, and Mr. and Mrs. Castleman, who spent the winter on the Cable ranch, 8 miles west of San Antonio, left on last Saturday for their Northern home at Rock Island, Ill., in their private palace car that is housed here during the winter. This is the way that rancheros of Southwest Texas live and travel, and some have their own vessels in which to circumvolve the wide world. Some ignorant people still have an idea that these cowmen travel around on the back of a broncho, with a rope on the horn of the saddle, a slicker tied behind, and a Winchester at the side, weighed down and held steadily in the saddle by a pair of spurs.

## THE WOOL SACK.

J. K. Burr, the Maverick county sheepman, passed through here on Wednesday en route to St. Louis.

F. E. Leason, the Maverick county sheepman, was among the visitors in the Alamo City this week.

Judge J. A. Bonnet of Eagle Pass went down to Galveston to attend the sheepmen's meeting and see the big drill.

Fred Hyner, an extensive wool grower hailing from Flanders, was in town last week looking after the sale of his clip.

J. H. Meara of Meara & Hobbs, San Angelo, was in the city during the week. They are interested in the wool business.

The Laredo Times reports that the Callahan clip, 140,000 pounds, had been

consigned to the Western Wool Commission company of St. Louis.

J. R. McKerrow of Kinney county went through here to Galveston to attend to the sale of his wool there and also assist in the woolmen's convention.

Thos. Downey of Dimmitt county went north on an extended visit to his family, feeling more cheerful since three to four cents per pound has been added to the value of his wool clip.

A J Knollin, the mutton buyer, is again here. The way he haunts this section indicates that muttons must be scarce in other parts as well as Southern Texas, and proves that the tariff has had the effect to stiffen confidence in sheep properties.

Col. Ed Mackechnic of St. Louis, is back from a trip along the Texas-Mexican railway and Laredo where he has been handling wool extensively. This genial gentleman represents the Western Wool Co. of St. Louis, and has sent them many consignments.

G. A. Hoerle of New Jersey, a member of the firm of Henry Fink & Co., breeders of fine domestic stock, Bexar county, was in town this week. Mr. Hoerle is the author of an excellent work on the Angora goat, which is now being extensively quoted as authority in many matters connected with the goat industry.

Thirteen car-loads of Australian wool passed east over the Southern Pacific railroad last week to the Eastern market, and yet there are men who say that Australia is no competitor of Texas in that industry. With 10c a pound off our wool, would not that railroad be pretty busy hauling foreign wools through our depleted sheep ranges?

Philip Palmer of Kinney county was in town the first of the week looking to the sale of his clip. Mr. Palmer is one of the vanguard to practically recognize the necessity of having a mutton as well as a wool sheep, and he already has 1500 head of equal cross of Merino and Shropshire lambs. He proposes to keep at work till his entire flock shall attain this cross, and then you will hear of some mutton sales that will astonish the natives.

D. H. Ainsworth, the live sheepman, says that he intended going to Galveston and wrote to a friend to secure him a room, who wrote back that one had been secured at the Beach hotel at \$7 per day without board, and \$3.50 per day extra if he took anybody in with him. Mr. Ainsworth immediately telegraphed back that the sheep business was good enough for him yet, and that he did not wish to buy the hotel for the present, and he is yet taking his baths in the San Antonio river.

Piper & Schulthess are headquarters for all kinds of fence wire, 33 and 35 W. Commerce street, San Antonio, Texas.

**CAUTION.**—Buy only Dr. Isaac Thompson's Eye Water. Carefully examine the outside wrapper. None other genuine.

C. H. Edwards' music house of Fort Worth has removed from No. 308 to No. 409 Houston street.

**CHICAGO MARKET LETTER.**

**A Big List of Sales of Cattle and Sheep.**

U. S. YARDS, }  
CHICAGO, ILL., June 3 '89. }

Regular Correspondence Texas Live Stock Journal.

Keenan & Sons sold for Geo. W. West of Oakville 65 steers, 989 lbs, \$3.10.

The American Live Stock Commission Co. sold for Geo. W. West, 24 steers, 987 lbs, \$3.10; 18 stags, 1121 lbs, \$2; 21 bulls, 1154 lbs, \$2; for White, 81 calves, \$4 per head.

Brown Bros. sold for J. C. Kummell, 88 steers, 1031 lbs, at \$3.50.

Mallory & Son sold for Howard Bland of Taylor 48 steers, 935 lbs, at \$3.10; for J. T. Olive, 30 heifers, 636 lbs, \$2.25.

R. Strahorn & Co. sold 25 steers, 928 lbs, at \$3.10; for W. J. Kimberlin, 257 head of choice 1202-lb fed steers at \$3.85. These would have sold at about \$4 at the highest point of the season. For W. H. Cook, 24 steers, 943 lbs at \$3.25; A. J. Vick, 330 steers, 933 lbs, \$3.35; H. R.

**ST. JACOBS OIL**

Sold by Druggists and Dealers Everywhere.  
**THE CHARLES A. VOGELER CO., Baltimore, Md.**

Martin, 133, 911 lbs, \$2.85; 8 stags, 1080 lbs, \$1.80.

W. Tennon, 33 bulls, 987 lbs, \$1.65; for R. J. Jennings, 13 cows, 833 lbs, \$2.40; 26 cows, 774 lbs, \$2.30; 191 steers, 914 lbs, \$2.90; McNaught, 40, 945 lbs, \$2.80.

Wood Bros. sold for D. T. Thompson, 7, 985 lbs, \$3.75; 40, 927 lbs, \$2.85; A. G. Gunter, 40, 933 lbs, \$3.15; A. Laird, 14, 928 lbs, \$2.75; 11 cows, 785 lbs, \$2.25; 14 bulls, 1096 lbs, \$1.80.

Gregory, Cooley & Co. sold for J. B. Wells, 105, 949 lbs, \$3; 84 steers, 1013 lbs, \$3.30; 21, 995 lbs, \$3.30; Harris & W., 22, 1025 lbs, \$3.30; 20, 934 lbs, \$2.75; Geo. W. West, Oakville, 69 steers, 995 lbs, \$3.10; Potts & Bro., 66, 1017 lbs, \$3.10; W. D. Wofford, 72, 909 lbs, \$2.80; J. Barfield, 29 cows, 712 lbs, \$2.05; 19 bulls, 1168 lbs, \$1.85.

Paxson, Shattuck & Co. sold 37 907-lb steers at \$3; 18, 893 lbs, \$3; for F. Noelka 42, 1077 lbs, \$3.40; Robt. Schmidt, 37, 903 lbs, \$3; J. G. Bell, 24, 992 lbs, \$2.90; Otto Buchel & Co., 64, 1012 lbs, \$3; 21, 988 lbs, \$3; 22, 1077 lbs, \$3.35; H. G. Austin, 19, 893 lbs, \$3.

The Evans-Snyder-Buel Co. sold for R. A. Houston, 169 steers, 985 lbs, \$3.05; 66, 945 lbs, \$3. 17 bulls, 1138 lbs, \$2; 37 bulls, 1105 lbs, \$2; F. A. Piper of Uvalde, 19, 1037 lbs, \$3.40; 19 cows, 765 lbs, \$2.60; 18 bulls, 977 lbs, \$1.75; Rogers & R., 95, 793 lbs, \$2.80; 31 cows, 782 lbs, \$2.35; 23 bulls, 1014 lbs, \$1.75; W. L. & J. A. Green, 28 864 lbs, \$2.55; 18 stags, 1062 lbs, \$1.70; 34 cows, 707 lbs, \$1.90.

The James H. Campbell Co. sold 93 cows, 656 lbs, \$2; 113 cows, 696 lbs, \$2.35; 127 cows, 677 lbs, \$2.35; for Wright, 28 steers, 732 lbs, \$3.05; J. J. Harris, 23, 900 lbs, \$2.60; for Sansom, 59 heifers, 507 lbs, \$1.70; Johnson, 99, 979 lbs, \$2; Espuela Land & Cattle Co., 63 heifers, 578 lbs, \$1.75.

Sealing & Tamblyn sold 72 steers, 837 lbs, \$2.85; 22 stags, 1091 lbs, \$2.50; 21 bulls, 1029 lbs, \$1.80; 333 steers, 990 lbs, \$3.10; 48, 918 lbs, \$2.85; 105, 998 lbs, \$2.85; 126, 1008 lbs, \$2.85; 72, 961 lbs, \$2.80; 11 cows, 827 lbs, \$2.25; 45, 936 lbs, \$2.70; 13, 870 lbs, \$2.65; 25, 801 lbs, \$2.65; 28, 774 lbs, \$2.60; 24 cows, 762 lbs, \$2.10; 21, 778 lbs, \$2.10; 22 stags and oxen, 1048 lbs, \$2.10; for G. W. Carter, 133, 878 lbs, \$3.35; for G. W. West, 69, 984 lbs, \$3.10; J. V. Bounds, 10 calves, 133 lbs, \$3; 9 bulls, 1061 lbs, \$2.

The Texas cattle market during the week was in pretty good tune. This week's market opened with 15,000 cattle or sale including 4000 Texans but the market was within 5@10c of being steady.

The sheep market has been quite good of late and prospects are improving.

The Beasley & H. sheep, 995 head, 71 lbs, sold at \$3.95.

N. T. Wilson of San Angelo marketed 1681 head of shorn muttons at \$4.50; 1109 head, 96 lbs, at \$4.30; 397 lambs, shorn, 52 lbs, at \$5 with 95 tailings, 46 lbs, at \$3 per 100 lbs.

W. J. Glass marketed 745 head of 80-lb

Entered at the Postoffice, Fort Worth, Texas, as second-class matter.

The Texas Spring Palace.

The Spring Palace is now in excellent condition, all the departments being complete. The Elgin Watch Factory Band is on the ground giving concerts daily. There was never such an advertisement for the state of Texas arranged before. All the displays are of Texas products, agricultural, mineral and industrial. The railroads have made low excursion rates, and there is no advance in prices for accommodations at Fort Worth. Those who may visit the Spring Palace from other states will learn more of Texas in a few hours than can be learned by several months travel through the state, and Texas people will learn much good of their own country by visiting the Spring Palace.

THE Texas cattle shippers seem to be in love with the one market idea, since they do not make a practice of giving buyers at St. Louis a chance to purchase the cattle billed via St. Louis to Chicago. No wonder the producers suffer when they neglect half their opportunities.

THE present depression in cattle values ought to cause careful study as to economic methods of producing beef, and is doing so to a limited extent. The principal effort on the part of feeders is to buy cattle cheaper, and the methods and accommodations for feeding do not receive the attention the subject is entitled to. When a man can fatten beef cheaply he is in

the very best position to appreciate an advance in the market price.

GALVESTON, Houston, San Antonio, Austin, Waco, Fort Worth and Dallas together consume about 5500 cattle per month in summer, to 7500 per month in winter. These are 80 per cent. cows, and are exclusive of calves and yearlings. If Texas cities grow as rapidly in the future as in the present, in ten years these seven cities will require the regular increase of a million cattle to feed them.

### Warfield's Cattle Breeding.

This work is published by J. H. Sanders Publishing Co. of Chicago and is forwarded by the company, post paid, to any address for \$2 per copy. Mr. Wm. Warfield is the owner of the Grassmere herd of Shorthorns, is one of the editors of the Breeders' Gazette and author of The History of Imported Shorthorns. His new work is a very valuable treatise upon the breeding of cattle. It is divided into three sections entitled "The Theory," "The Theory Applied" and "The Practice." Mr. Warfield is one of the eminent breeders of the age and his book is intended for breeders who aim at results and are willing to learn something from the experiences of those who have improved cattle during the greater part of the present century.

### The Price of Range Cattle.

During the early part of the season when cattle trading had just begun nothing was so uncertain as the prices to be paid for range cattle, but in the actual transactions, although prices per head varied largely as to locality, the actual price per pound was about a fraction over two cents for the best cattle in the Panhandle, two cents in Central Texas, and a trifle under two cents in the South and in the extreme West or El Paso district. Panhandle yearlings sold from \$10 to \$13; two-year-olds from \$14 to \$16 around.

Western Texas yearlings sold at \$8 to \$9, with two-year-olds from \$12 to \$14. Cattle of the Fort Worth district and from Central Texas sold at \$7.50 to \$8 for yearlings and \$11.50 to \$12 for two-year-olds. In the El Paso district yearlings were sold at \$7.50 to \$8, and two-year-olds at \$10 to \$12 and threes at \$15 to \$16.

At present the prices are about as above, but there are several apparent differences. There are Western steers two years old and not over one hundred miles apart offering one lot for \$12 and

another for \$14. In all probability the quality and weights differ and one bunch is about as cheap as the other.

The Southern Texas trade is a branch of itself and there prices have ruled very low for yearlings, say \$5 and \$6 with twos at \$7 to \$9, threes at \$13 and older cattle in proportion. The signs of the times are leading towards lighter sales and to home finishing of all these cattle, but low prices for beef have encouraged the sales of young cattle for the present. If beef prices would ever gain strength enough to give stockmen confidence in the business the resources of this state would be found ample to fatten nearly all the cattle we raise.

### Receipts at Chicago.

The Chicago Drovers Journal of June 1 contains an official statement of the receipts and shipments of live stock to and from that market. The table shows that Chicago received 144,915 head of cattle in the first five months of 1889, over and above the number received during the first five months of 1888. The statement shows further that the Chicago market shipped out 140,294 head of cattle more than were shipped during the same period in 1889.

The total cattle receipts for first five months in 1889 exceeded the entire receipts in 1876-77 or 1878, and were over the receipts for eight months in 1882.

The remarkable feature of the statistical showing is the increase in live cattle shipments, and although the shipments include the Hammond packing cattle, the increase is almost if not wholly in cattle shipped alive for consumption in the East.

### The Southdown Association.

At the 8th annual meeting of the American Southdown association held in the Leland hotel, Springfield, Ill., the reports of the officers showed the association in good condition financially with two volumes of the Record before the public, a third volume soon to be ready for distribution and the work of compiling the fourth well advanced. The report of the board of directors show the admission to membership of the following parties since the last meeting was approved: N. R. Boutelle and C. I. Winthrop of Maine; Mrs. D. B. Haight, John Hobart Warren, Levi P. Morton of New York; R. P. Pomeroy, L. M. Crothers and T. M. Hutchinson of Pennsylvania; Albert Sites, E. S. Moorhead, Thos. Beer, M. D. Hartshorn and L. C. Anderson of Ohio; S. P. Clay of Kentucky, Bals & Lout of Indiana, E. J. Fennessee and Cass & Burns of Illi-

nois; J. M. Scott of Missouri; John Jackson and Geo. Baker of Ontario, Canada.

The election of officers for the ensuing year resulted as follows: J. H. Potts, Jacksonville, Ill., president; S. E. Prather, Springfield, Ills., secretary; D. W. Smith, Bates, Ills., treasurer. Three directors to serve for three years each were also chosen: Viz, C. M. Clay of Kentucky, re-elected; John Jackson, Ontario, Canada, and Levi P. Morton of New York.

The following resolutions were adopted:

Whereas, the association desires to encourage its members and patrons in their efforts to further improve and more widely disseminate the Southdown sheep, and

Whereas, public exhibitions have always proved to be among the most efficient means of making known and of popularizing any desirable or worthy breed of domestic animals, therefore

Resolved, that this association offers a \$50 solid silver prize cup for the best Southdown, bred by the exhibitor, shown at the American Fat Stock show in November, 1889.

Resolved, that D. W. Smith, J. H. Potts and S. E. Prather are hereby appointed a committee to consider the advisability of this association holding an exhibition of Southdown sheep in the fall of 1889 at some suitable point.

Resolved, that should the above committee decide to report in favor of holding an exhibition they are hereby instructed to report also to the board of directors a classification for prizes to be offered, and such rules to govern entries and the details of management for the exhibition as they may think proper.

To members of the association the price of the Record was reduced to \$2.50 per volume. The price to non-members is \$5 per volume.

The entry fees for animals bred in America are as follows:

Owned by members of the association, \$1 each; owned by non-members of the association, \$2 each; the entry fees for animals from Great Britain or Ireland since April 1, 1889, \$5. Animals imported prior to April 1, 1889, the same as for animals bred in America. Entries of the dead ancestors of imported animals to complete pedigrees, free. Transfers of ownership, 25c.

The association was never in better condition for efficient service in promoting the sheep breeding interest of the country than it is to-day. Besides the names of members given in the above report we call to mind the following well known parties who are also members and as deeply interested as any in the production of first-class mutton for our home markets.

Fredk. Billings of Vermont, A. G. Smith of Massachusetts, Geo. Eilsilne and G. J. Hagerty & Sons of Ohio, A. L. Hamilton, W. W. Estill, R. H. Prewitt and Lister Witherspoon of Kentucky; T. T. Shoemaker, A. M. Garland, J. H. Pickrell, J. R. Hill and Springer Bros. of Illinois; J. H. Kissinger of Missouri, T. W. Harvey of Nebraska.

PHIL THRIFTON.

New York Report American Wool Reporter:—The stock of new Texas wool on the market is about 700 bags. Some of the 6 to 8 months' wools are held as high as 25c. It is reported that the Carr clip (317 bags), running to a fine and fine medium, is held at 25c, which is equivalent to about 65c clean. The wools are moving slowly, manufacturers feeling that they are out of their reach, which extends to 53 to 55c. Reports reach us that the Callaghan clip was sold at 21c at the ranch to go to St. Louis. Last year the clip came this way, and 14¼c purchased it. Very little year's growth has reached here. One lot which has come in and is offered at 25c is of very tender staple.

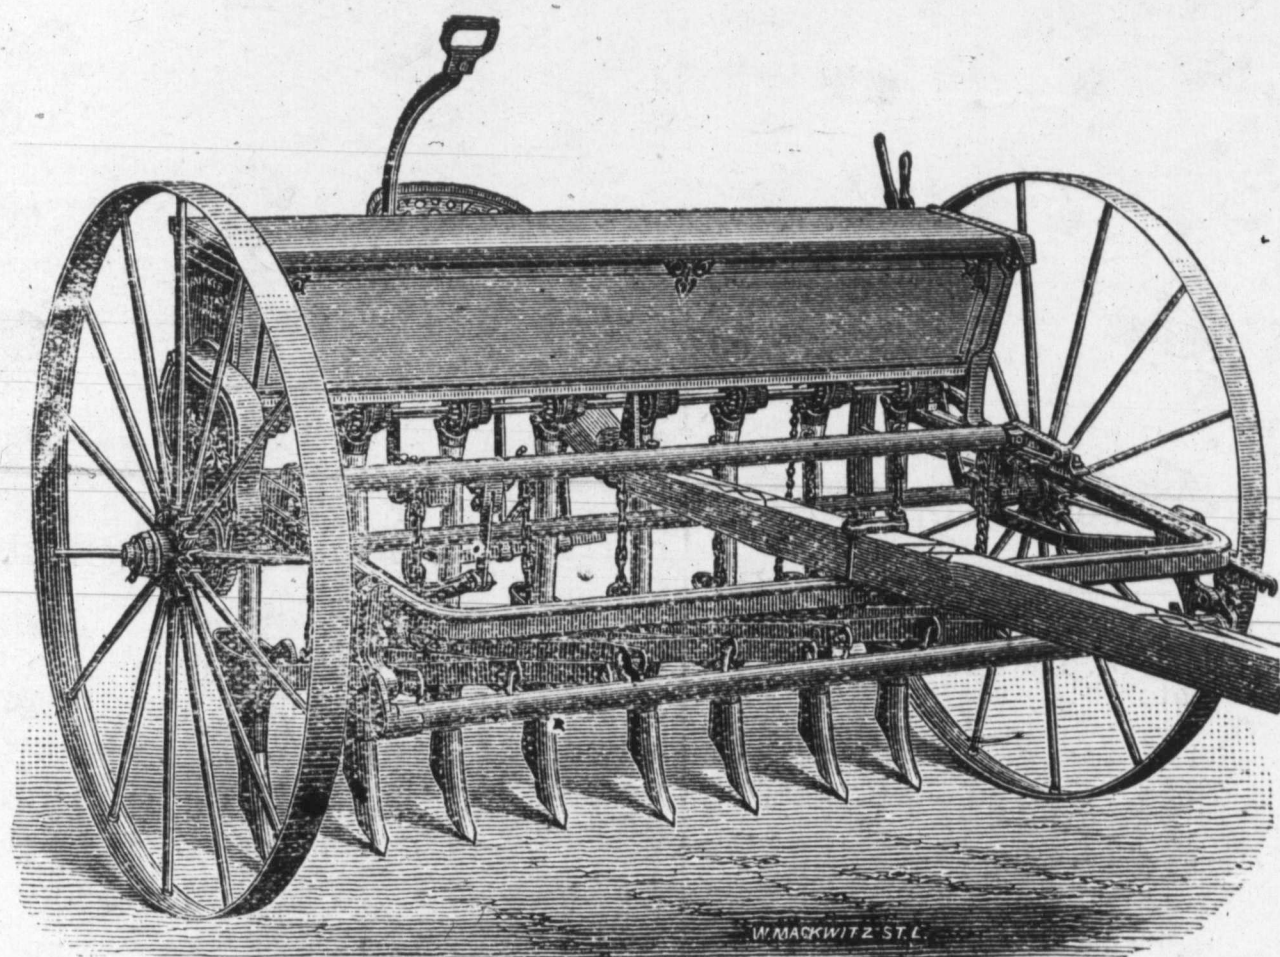

This Threshing-machine received the highest award of any at the Centennial Exhibition; the two last Gold Medals given by the New York State Agricultural Society; and has been selected from all others, and illustrated and described in that great work "Appleton's Encyclopedia of Applied Mechanics." Catalogue sent free. Address, HINARD HARDER, Cobleskill, Schoharie Co., N. Y. Also straw-preserving Rye-threshers, Clover-hul- lers, Fodder-cutters, Feed-mills, Fanning-mills and Saw-machines; all of the best in market. The Fearless Horse-powers are the most economical and best Powers built for the running of East- lags-cutters and Cotton-gins, and for general farm and plantation use.

# W. A. HUFFMAN IMPLEMENT COMPANY

STATE AGENTS. FORT WORTH, TEXAS.

STEEL FRAME AND STEEL WHEEL SUCKER STATE DRILLS.

This Drill has been in competition with other Drills for the past 25 years and has gained a World-wide reputation.

By our PATENT FLUKED FEED WHEELS and GAUGE BLOCK we secure a perfect and regular flow of any desired quantity, per acre, of Wheat, Oats or Barley.

The FEED CUPS are made in two sections, so that either feed being broken, can be replaced without disturbing balance of Feed.

The frame is made of ANGLE STEEL, which is as light as wood and more durable. Our STEEL WHEELS are made 48 inches diameter, 2 1/2 inch tire, 14 spokes and Malleable Iron Hub with Removable Screw Boxes, guaranteed to stand as well as wood wheels.

Inside the Hopper is an Agitator Shaft, with Pins, that prevent any clogging of the feed by straws and keep Oats and Barley from packing while sowing.

Our Hoes are all made OVAL SHAPE, with POLISHED STEEL POINTS. These we furnish in either Pin or Spring Hoe; the Spring Hoe being intended for stumpy ground.

To each Hoe can be attached a ROLLER that has sufficient weight to press and pulverize the ground. This Roller also gauges depth of sowing, being held fast by a ratchet.

The FINISH and WORKMANSHIP CAN NOT BE SURPASSED. We use only the best of material and employ only skilled and experienced mechanics. We submit this Drill to the trade on its merits.

STEEL WHEEL SUCKER STATE RUNNER PRESS DRILL.

In construction this drill combines the principal features of our SUCKER STATE FLUKE DRILL known to the trade for the past 25 years.

The Springs attached to the hoisting bar and to the front of the shoes allow the shoes to conform to the inequalities of the ground and at the same time hold them down steady to their work, securing an unequalled uniformity in depths of the furrows and depositing the grain at the proper germinating point.

To suit all soils we have introduced a POLISHED STEEL SHOE for the black waxy soils of Texas, and in all other soils our Chilled Iron shoe being preferable and costing less to renew.

THE IMPROVED CHILLED IRON SHOE is furnished on all drills except those going into black waxy soils, and is a pronounced success, and gave great satisfaction wherever used. The edge of this shoe can not be filed; it must be ground on a Grit-stone or Emery Wheel; it has a narrow cutting edge so that obstructions will not lift it out of the ground.

The drag bars are made of flat spring steel attached to a lifting bar in front, upon which the pressure of 110 lbs to each runner can be put on by a single lever, which is easily controlled by the operator from his seat.

The finish and workmanship can not be surpassed and is guaranteed second to none on the market.

Enquire of Nearest Merchants for these Drills and if they don't keep them Write Us for Prices and terms.

**The San Angelo Meeting.**

SAN ANGELO, TEX., June 1.—The stockmen's convention was well attended by stockmen of Southern Texas, some coming from as far as Devil's river. Charles A. Dailey presided, and Charles F. Potter delivered a warm address of welcome. The stockmen, he said, had built up our city. The cattle industry was the oldest, and the Garden of Eden was the first ranch. He touched generally upon the free grass issue.

Capt. W. L. Black of McKavitt addressed the convention upon the necessity and advantages of organization and the gathering of statistics, so that producers might know something about the demand for cattle, hides, wool, etc. In closing he moved the appointment of a committee to draft resolutions.

The chair appointed Capt. Black, Frank Lerch and Col. Godair.

The committee made two reports. The first, as to statistics, was unanimously adopted, and it is as follows:

Whereas, it is a well recognized principle in the trade that the supply and demand of an article must be known before there can be any confidence to operate in the same, and

Whereas, we are in total ignorance as to the supply and demand of live stock, one of the most important branches of trade in the United States, therefore, be it

Resolved, that we request the Chicago live stock exchange to establish a bureau for compiling statistical information relating to cattle and all competing markets, and other producing states are earnestly requested to

co-operate with the said exchange in the matter.

Resolved, that the president of the West Texas cattle association be requested to correspond with other associations in Texas, and endeavor to obtain the united action of all in a state convention to be held at some convenient date at Fort Worth for the purpose of pushing this movement to a complete success.

The resolution was carried unanimously.

A lively discussion took place over the second set of resolutions, not because they were objectionable, but there being a political question involved in them. Some thought they would draw from the importance of the statistics resolutions already passed. They were finally adopted by a vote of two to one. They are as follows:

Whereas, nearly one-half the population of the United States are directly interested in agriculture, and are more or less dependent upon live stock for support, and

Whereas, the live stock industry is suffering a severe depression in consequence of the enormous importations of foreign hides, horns, hoofs, blood, hair, bladders and other products of cattle, and whereas, the foregoing articles are of considerable value and are exclusively used by our manufacturers, who are protected in the manufacture of the same from 15 to 50 per cent. ad valorem, and whereas, the great competition in the production of the stock has caused the value of beef, the only remaining product in cattle, to be of very little value, barely paying the cost of production; therefore, be it

Resolved, that we deem it a great

injury to the farmers and stock raisers of the United States that any of the incidental products of live stock should be permitted to come into this country from foreign lands free of duty unless the tariff protection now offered to the manufacturers of the same is entirely removed, thus affording the farmers and stock raisers the privilege of purchasing their shoes, harness, saddles and many other articles of domestic use from the foreign countries upon the same footing.

Resolved, that owing to the low price of cattle now prevailing, it would seem only just to the producers that they be protected in the products of their industry, and we therefore earnestly request the secretary of the treasury to have the attention of congress called to the matter as soon as practicable.

"The women tell me every day  
That all my bloom has passed away."  
But they could no longer chide you with loss of bloom and beauty if you made use of the great restorative, Dr. Pierce's Favorite Prescription. All female weaknesses and derangements vanish before this before this excellent remedy. Thin, pale and emaciated women, who find existence burdensome, on account of their ailments, should at once have recourse to this unrivalled specific. Druggists.

Boston Commercial Bulletin:—The worsted decision has been made by Secretary Windom, as everyone supposed it would be, in favor of the woolen manufacturers. The decision of the secretary does not end the matter, however. It gives the worsted importers an opportunity to appeal to the courts, of which they will probably be prompt to avail themselves. The advantage of Secretary Windom's decision is that it gives an opportunity for a judicial inter-

pretation of the woolen and worsted clauses for the first time. It would seem as though the courts will find it hard to ignore the mass of concurrent opinion from experts and law officers which Secretary Windom got together before making his decision. When Mr. Whitman and the other gentlemen interested were here in March, Secretary Windom told them they must bring a concrete case if they expected him to decide it. This they succeeded in doing through the New York custom house. It was a shrewd move on the secretary's part to require this, for it enabled him to fortify himself with the opinions of the assistant appraiser, chemist and collector at New York, as well as of the solicitor of the treasury here. The effect of the decision will probably be to increase the revenue slightly at first, but it is expected that the falling off of worsted importations will soon reduce it.

**Correspondence Solicited.**

Live men (merchants preferred) wanted in Texas, to act as local agents for engines and boilers, mills, cotton gins, scales and belting, by the special representative of several large manufacturers. Address H. W. Hubbard, Dallas, Texas.

**Rock Salt.**

Messrs. Turner, McClure & Co. of Fort Worth have on hand a car-load of the celebrated rock salt, which is the best salt that can be used for cattle, horses, and all kinds of stock. Cattle like the rock salt and prefer it to all other. They cannot eat enough to hurt them, as it is as hard as a rock and must be licked. Messrs. Turner, McClure & Co. will fill orders by mail promptly, either in large or small quantity. Send a trial order.

TURNER, MCCLURE & Co.

**FORT WORTH.****General Range and Stock Notes.**

The rain at Fort Elliott during the month of May amounted to less than one inch.

Young, Andrews & Kuhen of Fort Worth have just received several new consignments of horses and mares.

Maj. Wiley Jones of Waco and Hon. Marion Martin of Corsicana were at Ft. Worth and acting as judges at the race.

The Spring Palace has not assisted cattle trading to any extent although it brought many stockmen to Fort Worth.

The TEXAS LIVE STOCK JOURNAL and the Fort Worth Weekly Gazette. We are sending both papers for \$2 per year.

We are sending the TEXAS LIVE STOCK JOURNAL and the Fort Worth Weekly Gazette for one year for two dollars.

Kansas City consumed 11,070 cattle during the week ending May 31, 1889, against 8931 during the corresponding week last year.

Hatcher, Woods & Coppinger of Fort Worth, have received the mares mentioned in last issue. They are all in fine condition.

Mr. Charles H. Moore of Dover, Delaware, has purchased a farm in Shackelford county, and will raise roadster horses and Jersey cattle.

Big Springs Pantagraph:—J. M. Walker has sold his spring clip of wool, about 40,000 pounds, to A. Hendricks of St. Louis for 14 and 16 cents.

Mr. T. A. Leach of Tarrant county having a nice select herd of Herefords has purchased a pure bred Hereford bull of Mr. Wm. Powell.

Capt. Jim Reed was out to visit the Spring Palace after a long serious illness, and while he is now using a crutch his many friends rejoice to see him out once more.

Col. R. E. Stafford of Columbus was at Fort Worth attending the races. He is awaiting the result of the beef refrigerating contract he has entered into with Mr. Dobson.

The rain-falling in Texas during the past week seems to have covered Northern and Eastern Texas rather closely but there is no rain report from the plains country.

Mr. W. E. Rayner of the Rayner Cattle company has a card in the For Sale column offering for sale a number of two-year-old steers of their own raising. These are good cattle and are offered at a very reasonable figure.

Very few of the Tarrant county steers have gone to market so far but the movement is just commencing and will show a very good line of combination steers that have been well fed with everything but corn.

There is considerable cleaning up and delivery of stock under contract of late, but with the exception of the Ft. Worth & Denver road most of the railroad lines are now handling beef and transactions in yearlings and two-year-olds are hard to find.

The Kaufman creamery have several tubs of butter on hand at the Spring Palace and the manager in charge furnished a free lunch of milk, crackers and creamery butter. A good advertisement it was as the butter is a first-class article.

The Fort Worth butcher market is paying 2½¢ to 2¾¢ for steers, 2¢ for cows, and 3¢ for sheep and some of the sheep are not in very good condition. Hogs are nominal at 4¢ and calves at \$3 to \$5 per head. Market is well supplied with all but sheep.

Arthur Tisdall returned from Potter county where he delivered 54 head of horses at \$40 each, less four at \$20. John Hollicott cut out four as defective and returned them at half price. Mr. Tidall says that the plains country is dry but stock is looking in good condition.

Some stockmen in McMillen county are driving cows and calves to the railroad, shipping the calves to market and driving the cows back to the ranges. This kind of business was done to considerable extent last year, and is one of the supply-reducing processes now so greatly in favor.

SOLICITED.

GALVESTON,  
TEXAS.

## HORSES and MARES

HATCHER, WOODS & COPPINGER,

Office Mansion Hotel, Fort Worth, Texas.

Have 2500 head of the largest and best selected bunch of Northwest Texas brood mares and horses on the market; also one and two-year-old fillies. Will contract Northwest Texas cattle for future delivery.

Our correspondent at Arkansas City, Kansas, writes under date of June 3rd, saying: "We are having floods of water every few days, some corn not cultivated yet and weeds bad. Spring round-ups are going on, but the cattle are not scattered as they used to be. Too many fences for them.

A few sales by Wheeler, James & Co., Union Stock Yard, St. Louis, Mo.: For J. C. Knollin, 75 Indian calves at \$7 per head; for Pat Fletcher of San Antonio, Texas, 450 sheep, average 79 lbs, at \$3.35 per 100 lbs; for Jno. S. McKinnon, Pleasanton, Texas, 50 grass steers, average 793 lbs, at \$2.90; for D. S. Romine, Vinita, I. T., 20 grass cows and heifers, average 765 lbs, at \$2.50.

Messrs. P. A. Huffman & Co., real estate agents, Fort Worth, sold to Jno. C. McCarthy, president of the Fort Worth Stock Yards National Bank, forty acres of land for \$25,000 cash. The land is adjoining Fort Worth, and is about 1¼ miles southwest of the court house. The firm also sold block 15 on the south side near the college, ten acres, for \$15,000, to R. E. McAnulty & S. T. Nesbitt.

Mr. W. A. Barclay of Barclay, Falls county, a cattle raiser and shipper, complains that in through shipments to the markets the caboose is changed every time the crews are changed, and shipper are turned out with a privilege of hunting the next car they are obliged to use. This happens at night as at other times, and is a dangerous inconvenience. The same caboose ought to run from feeding point to feeding point at least, and the conductors have instructions to furnish the shippers all necessary information.

The W. A. Huffman Implement Co. of Fort Worth have again used the ninth page to bring to the notice of farmers and stock raisers of Texas the famous Sucker State drill. This company hold that the drill pays for itself when used to sow 100 acres in wheat and they make a proposition to the farmers purchasing the drill based upon such a guarantee. Ask your nearest dealer for the Sucker State drill and if he does not keep them in stock write to the W. A. Huffman Implement Co., Fort Worth, Texas.

Idaho Union Republican:—The shearing season in the Grande Ronde valley opened last Monday, with Ery. Frazier and his crew of helpers starting in to work on Taylor Greene's band of wethers. This crew of shearers has over 20,000 sheep now engaged for shearing, mostly on Power river. The price of the shearing has been put at 7 cents a head, and will probably be maintained during the season. Other shearing crews are also preparing for work, and within another week the spring shearing will be under full headway.

### ST. LOUIS MARKET LETTER.

Plenty of Texas Cattle—The Sales of Stock—Wool Trade.

EAST ST. LOUIS, ILLS.,  
June 4, 1888.

Regular Correspondence Texas Live Stock Journal.

Buyers had plenty of Texas cattle to pick from each day, as the run was quite fair and of all grades, but the quality was not of the best as a general thing, the bulk consisting of common and coarse steers and light cows. Prices were pretty well maintained up to yesterday, when they declined some 10 to 15c per 100 lbs on everything that was not choice. Heavy, smooth corn-fed Texas steers of 1150 to 1250 lbs are scarce and wanted at \$3.45 to \$3.75 per 100 lbs, while good weight Texas steers only bring from \$3 to \$3.40. Light and thin are quotable at \$2.65 to \$3; cows from \$1.62½ to \$2.40 per 100 lbs.

Cassidy Bros. & Co. sold for G. W. Wilkie, Terrell, 23 steers, 976 lbs, \$3.15; L. C. Spikes, Kaufman, 23 steers, 917 lbs, \$2.85; 25 steers, 833 lbs, \$2.75; J. S. Johnson, Kaufman, 23 steers, 894 lbs, \$2.75; 22 steers, 936 lbs, \$2.85; J. W. Spikes, Kaufman, 48 steers, 815 lbs, \$2.70; C. M. Wells, McKinney, 20 steers, 955 lbs, \$3.25; Mays & Wells, McKinney, 19 steers, 961 lbs, \$3.10; J. E. Jones, Copeville, 21 steers, 913 lbs, \$3.30.

The James H. Campbell Co. sold for T. J. Holmesly, Comanche, 48 steers, 927 lbs, \$2.95; R. B. Clark, Newburg, 44 steers, 1113 lbs, \$3.10; 16 stags, 1146 lbs, \$2.25; J. H. Bradley, Alvarado, 23 steers, 967 lbs, \$3.25; 19 steers, 964 lbs, \$3.15; Guy Borden, San Antonio, 157 steers, 946 lbs, \$2.85; J. B. Darlington, Manor, 22 steers, 1005 lbs, \$3.10; 13 steers, 996 lbs, \$3.15; R. M. Jay, Alvarado, 15 steers, 760 lbs, \$2.85; 15 steers, 784 lbs, \$2.85; 25 steers, 921 lbs, \$3.10; J. E. Jones, Copeville, 45 steers, 914 lbs, \$3.25; 21 steers, 925 lbs, \$3.12½.

Scaling & Tamblin sold for Davis & Spears, Gainesville, 19 steers, 1100 lbs, \$3.30; 19 steers, 947 lbs, \$3.30; G. W. Saunders, San Antonio, 17 steers, 950 lbs, \$3; 6 cows, 858 lbs, \$2.40; A. C. Miller, Gainesville, 16 stags, 1075 lbs, \$2.25; Sallie E. Newman, Hubbard City, 65 steers, 1102 lbs, \$3.35; A. C. Miller, Gainesville, 43 steers, 1013 lbs, \$3.30; C. Dillon, Gainesville, 14 steers, 891 lbs, \$2.75; 10 cows, 847 lbs, \$2.25; M. Dillon, Gainesville, 21 steers, 1085 lbs, \$3.30; W. H. Thomas, Dallas, 91 calves at \$4 per head; C. C. Slaughter, Dallas, 94 calves,

\$4.62½ per head; J. C. Latimer, Gainesville, 47 steers, 992 lbs, \$3.40.

A good many Texas sheep came in the past week. Some were sold here and some went on through. The demand for fair to good and choice Texas sheep was very large, and sales were made at prices ranging from \$2.75 for fair stockers to \$3.75 for good fat wethers. Some 90-lb Texas sheep were in the pens, and \$4 per 100 lbs was offered and refused, and shipped on East. Bulk of sales of 70 to 80-lb sheep brought from \$3.10 to \$3.40 per 100 lbs. Ewes of 65 to 75 lbs brought from \$2.65 to \$3.10 per 100 lbs. Common and thin sheep are dull and should be kept at home, as they would only command from \$1.75 to \$2.25 per 100 lbs.

Texas horses are coming to the front quite freely and of all grades from common ponies to good mares. Transfers are not very brisk, yet a fair number find sale at prices ranging from \$18 to \$30 per head.

The wool market was quite active and prices were well maintained throughout on good wools. Common wool, burry, cotted and sandy was dull. Offerings were fair. Prices range in extremes, from 13 to 25 cents, with bulk of sales at 18@21c per lb. Quotations are as follows: Medium, 8 and 12 months, 24@25; 4 to 6 months, 20@21c; coarse, 19@22c; low sandy, 16@18c; light fine, 21@23c.

RATTLER.

### The Best of All.

I consider Dr. Biggers' Huckleberry Cordial the best medicine for all bowel trouble and children teething, ever used.

**DALLAS.**

**DALLAS DOTS.**

W. A. Briggs and J. W. Kennedy of Waxahachie sold 71 head of choice grassers to local butchers of this city.

Wright & Johnson, also of Waxahachie, sold one car of choice grassers to Eastern buyers.

S. Curlin is on this market buying up several car-loads of cattle which he will ship to Marshall.

T. B. Sachs of Sachse Station arrived on local market with a bunch of choice grassers.

Jas. Richards of Kaufman county sold a bunch of cattle to the local butchers of Dallas.

John Magnus of Dallas county, disposed of 75 head of corn-fed sheep to local butchers at this place.

S. J. Mathis of Collin county, sold a lot of cows and veal calves on local market.

E. Fitzgerald of Denton county, is on the city market with a car-load of veal calves.

R. D. Mayes of Dallas county, sold 16 milch cows, prices varying from \$16 to \$30.

The managers of the Texas department of the I X L Windmill of this city, inform the JOURNAL that their business has been first-class since they opened business here last spring. The firm advertise in the old reliable, and like bread cast upon the water, the result in increased business, necessarily follows. Many business men lose money by a failure to do advertising in an old and legitimate channel, one of which the JOURNAL unmistakably is.

The proprietors of both the stock yards in this city report an abundance of stock on the market and prices remain unchanged. The butchers claim that they should get cattle cheaper but on what grounds they don't seem to say as beefsteak still sells at 19 cents.

Fields & Odem have moved their office from the St. James hotel to No. 833 Main street, first floor of the Scollar building.

The thanks of this end of the JOURNAL is due for a complementary ticket to the Spring Palace at Fort Worth.

**Sales of Cattle at Carter & Son's Stock Yards, Dallas, Texas.**

D. B. Sachse of Dallas county, sold a bunch of choice grass cows, 750 to 820 lbs, at \$1.90@2 to local butchers.

Sam McBride of Ellis county sold 28 cows at \$13.50 per head.

James Good of Collin county sold 8 steers, 830 lb, at \$2.25 to local butchers.

O. L. Mays sold 13 veal calves, 157 lbs, at \$3@3.25.

B. T. Miller sold 8 hogs, 180 lbs, 4c.

F. E. Collins sold 3 milch cows at \$25 per head.

Chas. Graves of Tarrant county sold 9 lambs to local butchers \$2.25 per head.

R. S. Hayden of Dallas county sold 13 cows at \$11 per head.

James Rickard of Kaufman county sold a bunch of yearlings to local butchers at \$8 per head.

E. K. Smith sold 6 veal calves at 3/4c, weight 740 lbs.

G. H. Farrow sold 7 cows at \$12.75 per head.

J. C. Johnston of Waxahachie sold a bunch of choice fat grass cows and yearlings at \$1.90 per 100.

W. A. Briggs also of Waxahachie sold a lot of fine grass cows at 1 1/4@2c.

G. W. Wright of Ellis county sold 1 car of choice cows to Eastern butchers at \$1.90 per 100 lbs, av. 790 lbs.

S. Curlin of Marshall shipped one ear of choice grass cows for butchering purpose there.

A. L. Maddox of Dallas county sold 39 sheep at 3/4c, av. 92 lbs.

C. J. Williams sold 18 cows, 785 lbs, \$1.60.

F. C. Griffin sold 11 steers, 830 lbs, \$2.

M. B. Brown sold 10 veal calves, 137 lbs, at 3/4c to local butchers.

C. C. Allbright sold 16 cows, 730 lbs, at 1/4c.

G. C. Goodenough of Rockwall county sold 13 steers at \$17.50 per head.

B. F. Rick sold 19 sheep at \$2.50 per head.

S. Patten sold 34 goats at \$1.25@1.75 per head.

**Sales of Live Stock at Central Stock Yards, Wallace & Black, Proprietors, Dallas, Tex.**

Cattle sales for the past week: Geo. Brown of Cedar Hill 12 head of cows at 2c all round.

Morrow of Dallas 15 cows, 2c per lb.

C. A. Pierce 29 cattle to local butchers at 2c.

Geo. Thomas & Son of Denton county, 43 cattle at 2c per lb.

Mr. Tucker sold 10 head of cattle at 2c per lb.

Bill Burk 25 cows to local butchers.

N. B. Fulas 30 head of cows.

Drew Woody 15 cows, 1 1/4@2c per lb.

Geo. King of Wise county 150 yearlings, Western market.

F. Fields 37 head of steers at 2c.

Bob Nelson of Wise county 22 cows to local butchers at various prices.

Mr. Power of Collin county 23 cows to local butchers at 1 1/4@2c per lb gross.

**A WET HEN**  
The man who has invested from three to five dollars in a Rubber Coat, and at his first half hour's experience in a storm finds to his sorrow that it is hardly a better protection than a mosquito netting, not only feels chagrined at being so badly taken in, but also feels if he does not look exactly like Ask for the "FISH BRAND" SLICKER does not have the FISH BRAND, send for descriptive catalogue. A. J. TOWER, 20 Simmons St., Boston, Mass.

We offer the man who wants service (not style) a garment that will keep him dry in the hardest storm. It is called TOWER'S FISH BRAND "SLICKER," a name familiar to every Cow-boy all over the land. With them the only perfect Wind and Waterproof Coat is "Tower's Fish Brand Slicker." and take no other. If your storekeeper A. J. TOWER, 20 Simmons St., Boston, Mass.

d'arc blocks, six inches in length, are placed on end near together as their shape will admit as sawed from the cord-wood stick. All the spaces between the blocks are filled by smaller pieces of the bois d'arc being driven down level, when the iron rollers is again passed over when sand is thoroughly filled in with a wire brush-broom, then a coating of coal-tar finishes the job, which makes the best pavement, according to the opinion of experts, yet invented. It costs about \$1.75 per square yard.

**A New Food Preservative.**

An American process of food preservation, invented by a man named Dannels of Chicago, is now being introduced into England. The virtue lies in a compound composed of sugar, sulphur, sassafras, nitrate of potassium and cinnamon. This powder which is perfectly harmless to the taste, is placed at the top of an air-tight chamber, in which the food to be treated is hung. On being ignited the compound evolves a heavy gas, which falls to the bottom of the chamber and destroys the oxygen, whereupon the light goes out. The meat is allowed to remain in the chamber for several hours, more or less, according to its nature, and on being taken out it can be exposed to the atmosphere for weeks, or even months, without any sign of decay. It may become dry in several weeks, but it does not putrefy.

It is said that food treated in this way has been submitted to scientific experts and authorities on food, and they are agreed as to the result, although they cannot explain the chemical process by which it is effected.

Mr. Hodge, M. P., had a brace of pheasants treated at the end of December. He kept them in his larder under lock and key for three months, when he partook of one and found it excellent.

Even eggs and milk, as well every variety of vegetables, can be preserved in this way; and fish, after having a bath in water impregnated with the gas, remains fresh for a week or two. In addition to the scope for the preservation of food at home, it will perhaps revolutionize the colonial dead meat trade, as the costly ice chamber will be superseded. The cost of preserving by the process will not be more than one shilling per head of cattle.

**BLOODED HORSES IN TEXAS.**

Some Shackelford County Stock.  
Editor Texas Live Stock Journal.

Knowing that you are always pleased  
to note all attempts at improvement of  
stock, we write to say that we have  
just received at our ranch near Albany,  
Tex., an imported Cleveland bay stall-  
ion, St. Clair (1175, Vol. II, A. C. B.  
S. B.). St. Clair is very stylish, deep  
bay in color, black points, not a white  
hair on him, of extra fine finish, high  
action, and a fine mover. We feel  
confident he will bring us some good  
colts that will develop into stylish car-  
riage horses.

Some half dozen fine colts have  
already made their appearance at our  
ranch, sired by our trotting stallion,  
who is standard by having sired horses  
in the 2:30 list, as well as by his breed-  
ing; being a son of Edward Everett  
(sire of Judge Fullerton, 218), who has  
16 to his credit in the 2:30 list; out  
of a mare by Field's Royal George,  
who has six in the 2:30 list, and is sire  
of Byron, 2:24.

Edward Everett's dam was a thor-  
oughbred, her sire being imp. Mar-  
grave.

Every foal so far dropped is a bay,  
and all look exactly alike, showing the  
wonderful prepotency of Hambleton-  
ian blood.

We expect two foals out of mares  
sired by a grandson of Lexington, out  
of a granddaughter of imp. Gleneoe,  
and look for something good, as the  
blood of Hambletonian and Lexington  
seems to nick splendidly, as witness the  
phenomenal Sunol, with a two-year-old  
record of 2:18, whose grand-dam,  
Waxy, was by Lexington.

Senator Stanford, in a late letter to  
the Turf, Field and Farm, says in writ-  
ing of Sunol, "This is a strong confir-  
mation of the opinion I have held, that  
the Glencoe's and Lexingtons have the  
right blood from which to breed trot-  
ters."  
HOLSTEIN BROS.

**Eclipse & Star Mills.**

TURNER, MCCLURE & Co.,  
Fort Worth, Texas.

Don't buy the Missouri penitentiary  
saddle trees, but buy the genuine  
Loeloff, for sale by Brackett & Ho-  
man, San Antonio, Texas.

An Alabama man charged with steal-  
ing a calf, made the follow statement:  
"I was always taught to be honest,  
an' most always have been; but when  
I seen that calf I caved. I never want-  
ed a calf so bad in my life, an' you  
know that when a man wants a calf he  
must have him."

The jury returned the following  
unanimous verdict:

"We, the jury, are satisfied that  
Steve stole the calf; but as the fellow  
that owned the animal is considerable  
of a slouch, we agree to clear Steve  
an' make the slouch pay the costs."

**NOT A PIMPLE ON HIM NOW.**

Bad with Eczema. Hair all gone.  
Scalp covered with eruptions.  
Thought his hair would never  
grow. Cured by Cuticura Reme-  
dies. Hair splendid and not a  
pimple on him.

I cannot say enough in praise of the CUTI-  
CURA REMEDIES. My boy, when one year of  
age, was so bad with eczema that he lost all  
of his hair. His scalp was covered with  
eruptions, which the doctors said was scald  
head, and that his hair would never grow  
again. Despairing of a cure from phys-  
icians, I began the use of the CUTICURA REME-  
DIES, and, I am happy to say, with the most  
perfect success. His hair is now splendid,  
and there is not a pimple on him. I recom-  
mend the CUTICURA REMEDIES to mothers as  
the most speedy, economical, and sure cure  
for all skin diseases of infants and children,  
and feel that every mother who has an afflicted  
child will thank me for so doing."  
Mrs. M. E. WOODSUM, Norway, Me.

**A Fever Sore Eight Years Cured.**

I must extend to you the thanks of one of  
my customers, who has been cured, by using  
the CUTICURA REMEDIES, of an old sore,  
caused by a long spell of sickness or fever  
eight years ago. He was so bad he was fear-  
ful he would have to have his leg amputat-  
ed, but is happy to say he is now entirely  
well—sound as a dollar. He requests me to  
use his name, which is H. H. CASON, mer-  
chant of this place.

JOHN V. MINOR, Druggist,  
Gainsboro, Tenn.

**Severe Scalp Disease Cured.**

A few weeks ago my wife suffered very  
much from a cutaneous disease of the scalp,  
and received no relief from the various reme-  
dies she used until she tried CUTICURA. The  
disease promptly yielded to this treatment,  
and in a short while she was entirely well.  
There has been no return of the disease, and  
CUTICURA ranks No. 1 in our estimation for  
diseases of the skin.

Rev. J. PRESSLEY BARRETT, D. D.,  
Raleigh, N. C.

moved. Send for free book of testimonials of  
miraculous cures. Ten days' treatment furnished  
free by mail. If you order trial, send 10c. in stamps  
to pay postage. Dr. H. H. GREEN & SONS, Atlanta, Ga.

**ANNOUNCEMENT**

**Of the Great Texas State Fair and Dallas Exposition.**

DALLAS, TEX., May 27th, 1889.

Sir:—Your thoughtful attention is earnestly invited to what we conceive must prove one of the most effective methods of promoting the welfare of the citizens of your county, in the most speedy and economical manner; which we now take the liberty of detailing to you.

In October next the fourth annual Texas State Fair and Dallas Exposition will take place here, and it is intended to present to the world of people who will be in attendance, an attractive and instructive collection of the samples of everything that can be found in the several counties of the state capable of being manufactured to advantage.

Texas in her vast area is rich to repletion in raw material of infinite value, unknown to even her own people, and which, in its abundance, superior quality and ready accessibility, if utilized at home by her conversion into manufactured products as is so successfully done elsewhere, would astonish even the most sanguine. To this end only one leverage is necessary—capital. Under its transforming power the whole state may develop in wealth and population with a rapidity unprecedented, however wonderful the past has been. The raw material is lavishly scattered all about us; our climate, with its outdoor work possible every month in the year, is incomparable; our transportation facilities, already ample, continue to increase with extraordinary strides; and Texas, with her light taxation, her exceptional institutions, in a section of the continent outside of the belt of the cyclone, the blizzard and the earthquake, where are found in fullest flower the vigor and the grand opportunities of new states, with the culture of the old, is unquestionably the country of the present and the future. But capital, ever alert and eager for safe and remunerative return, must be intelligently advised of these advantages, and the most striking mode of doing this is by an object lesson, as suggested.

The states of Alabama and Kentucky have been for the last two or three years adding millions and millions of dollars to their wealth, simply by judicious advertising of their ores to Eastern capital, and by pyramids of their metallic specimens stacked up at the New Orleans exposition; so that out of the 3618 new industrial enterprises started last year in the South, representing in capital and capital stock \$169,000,000, they alone had \$60,000,000. In Texas, which geologically is a region of surprises, we have not only all the ores, but building stones, such as granite, limestone unsurpassed by those of Massachusetts, New York and Pennsylvania; marble equal to any in Vermont or Tennessee; clays that make pottery in the rough or of the finest quality, rivaling New Jersey's fire clay, eclipsing the English variety; cements fully up to the Rosendale and Louisville; coal, lignite, copper, lead, gold, silver, platinum, etc.; while petroleum, natural gas and other valuable exudations are disclosing themselves in all parts of the state. In all kinds of woods for fashioning every form of farm implements, household requirements and other purposes, we have but one peer in the United States.

It is only by due presentation of these manifold resources and superb opportunities for every conceivable industrial purpose that we can hope to

achieve what Kentucky and Alabama have so successfully attained in so short a period, and divert to Texas investors to capitalize companies in furnaces and factories as they have done there, with from \$250,000 to \$5,000,000 in each venture. New England and the North, with their enormous accumulations of wealth lying idle or invested at minimum rates of interest, can certainly be induced to turn some or their surplus from the West, whither much of it has been going, if only that wealth be intelligently wooed.

An effort is being made (which will no doubt be successful), to have all the railway companies of Texas make an extremely low rate of fare to every station on their respective lines, and good for thirty days after the close of the fair, to enable visitors also to visit all sections of our state, and see for themselves the unparalleled opportunities offered for the investment of capital in Texas. With the co-operation of the various counties, the Texas State Fair and Dallas Exposition management propose to publish, for free distribution during the progress of the Exposition, a description of each and every county, and you are urgently requested to prepare an accurate and brief description of your own county, giving especial information as to the quality, quantities, etc., of any article which it may send. Descriptions that may be forwarded from your county should be addressed to Texas State Fair and Dallas Exposition, on or before July 1, as it will require considerable time to have the printing done, etc.

The stacks of mineral wealth, building stones, woods, etc., that we will thus enable to pile heavenward, will furnish the most stirring of inspiration for eloquent discourse by leading men of the country who have made its industries a special study, and who will be invited to witness the great exhibit and report to their people of the marvels seen by their own eyes, as they can then visit one Texas town after another, only to prophesy for their near future a continuous and unbroken strain of what has been aptly termed "the music of progress, the whirr of the spindle, the buzz of the saw, the click of the pick, the roar of the furnace and the throb of the locomotive."

With adequate energies exerted, the renaissance will be a revelation, and the prosperity which must flow from the pilgrimage of people which follows the call of capital will not have had its equal in all the remarkable records of state development. Their list of new enterprises would extend over almost the whole range of human industry that will flourish side by side, embracing pig-iron furnaces and foundries, machine shops, steel works, cotton and woolen factories, cottonseed oil mills, cotton compresses, elevators, canning factories for fruits and vegetables, pork and beef packeries, factories for carriages, wagons, agricultural implements, barrels, lumber, shingles, furniture, soap, fence wire, fertilizers, etc.; mills for flour, corn, sash, doors and blinds, tanneries, glass, gas and electric light works, quarrying and mining companies, lime works, stove foundries, etc.; and these potent factors of a country's only genuine and permanent prosperity will spring into existence in every direction—among the ore-laden hills and the cotton-crested fields, the grain district and the live stock region.

Then let every citizen of Texas begin at once to prepare for exhibition every conceivable specimen, as indicated, that can be manufactured to advantage, and forward the same here

before the first of October next, to the end that there may be time sufficient to properly classify and arrange all articles sent.

In order that the management may be advised in time for the due preparation for this new feature of the Exposition, you are kindly requested to notify us at your earliest convenience if your county desires space, and, if so, how much.

Please bear in mind that this feature of the exposition will in no wise interfere with the county exhibits of agricultural products, or any other feature of the great fair and exposition.

With our past experience in obtaining attractions and exhibits from all parts of the world, we can assure the people of Texas that, with its many new features, this great entertainment will far excel anything of the kind ever undertaken in the South, and the bringing together of so many representative people from all parts of America will certainly be of lasting benefit to all parts of Texas.

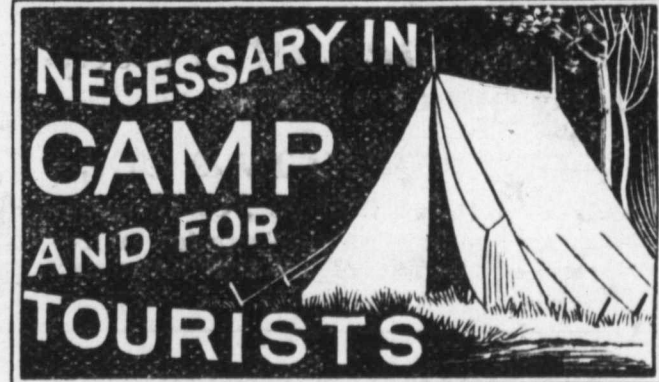

Asking your cordial support in the furtherance of this great enterprise, we are, Very respectfully,

From New Mexico.

LAS VEGAS, N. M., June 4, 1889.

Editor Texas Live Stock Journal:

I write to you hurriedly from this place but for want of time and interesting news items cannot promise much.

Las Vegas claims to be the best town in New Mexico, but seems just now to be dull, and shows but little signs of activity or improvement.

The Las Vegas Hot Springs located only six miles from here is one of the finest summer resorts I ever saw. The water possesses all the medical qualities usually found in the water of these natural Hot Springs. While the improvement and conveniences are all that could be wished. The Montezuma hotel is in all that is required to make its guests comfortable, equal to the finest to be found in the East. Yet notwithstanding all this it seems to be poorly patronized. The Springs hotel and everything in connection therewith is the property of the A., T. & S. F. railroad who do not seem to care for expenses. They therefore conduct it in a strictly first-class manner regardless of short patronage. I am told that the losses on the investment have been enormous for the past two or three years.

This has been a very dry cold backward spring in this part of the territory, consequently cattle are poor and the spring work has not yet begun. In the low valleys and meadows the grass is green and looks fairly well, this class of land, however, bears a very small proportion to the high rolling prairies. The grass on the latter is very short and not even green. In fact the range is the poorest I ever saw in any country at this season of the year. It is, however, raining here to-day, and should it continue until the soil generally is thoroughly saturated the grass will be good in a very short time.

For the past few years and until recently Northern New Mexico has been overstocked with both sheep and cattle. Such, however, is not the case now and with one good seasonable year it would again become one of the finest grazing districts in the United States. The altitude, however, being high and the winters rather severe it is in my opinion better adapted to maturing steers than to breeding. The range in Southern Colorado, about Trinidad and La Junta is good, grass green and growing rapidly. The grass in this section was last year an entire failure, consequently the cattle were all moved to a more favorable localities, but are now being returned rapidly as possible.

There is plenty of snow on the tops of the high mountains in this section, the nights are real cool while the days continue pleasant; it is certainly a delightful summer climate.

The country west of Magdalena, indeed, around what is known as the American valley, suffered perhaps more than any other last winter. The snow from two or three feet thick lay on the ground for six weeks. One man with 3000 sheep lost all but about 300 and only saved these few by housing them and feeding them hay; unfortunately he had but little either of hay or house room consequently saved but few sheep. The deer and antelope actually died from starvation, and early in the storm while they were yet in good flesh were often killed by the hunters with pistols, clubs or knives, they being unable to get out of the way on account of the depth of the snow.

The cabins deserted previously by squatters of which there were a great many in the locality last referred to, were taken possession of by the poor starving half-frozen cattle, and now these "shanties" where the once happy

"nestor" had hoped to live and die are filled with the carcasses of dead cattle. The losses in some herds were of course much greater than others, and as the per centage of losses is a disputed question I will not try to approximate it, but that they were heavy cannot be denied, the evidence in the shape of the carcasses on the ground are still to be found thick and often.

I find a much better feeling among sheepmen in this locality than for several years. Prices have advanced fully 25 per cent. during the last six months. The spring clip is being marketed at good prices. The sheepmen are as a rule out of debt and are feeling good.

GEO. B. LOVING.

34 YEARS Experience.

**WIND MILLS**  
THE HALLADAY PUMPING MILL is acknowledged the Standard Wind Mill of the World and is made in 18 sizes, 8 to 60 ft. diameter, 1 man to 40 horse power. **THE KANSAS CITY STOCK YARDS**

Receipts for 1888: Cattle, 1,056,086; Hogs, 2,008,984; Sheep, 351,050; Horses and Mules, 27,650.

These yards are by far the most commodious and best appointed in the Missouri Valley, with ample capacity for feeding, weighing and shipping Cattle, Hogs, Sheep, Horses and Mules. They are planked throughout, no yards are better watered, and in none is there a better system of drainage. The fact that higher prices are realized here than in the East is due to the location at these yards of eight packing houses, with an aggregate daily capacity of 3300 cattle and 27,200 hogs, and the regular attendance of sharp, competitive buyers for the packing houses of Omaha, Chicago, St. Louis, Indianapolis, Cincinnati, New York and Boston.

All the sixteen roads running into Kansas City have direct connection with the yards, affording the best accommodation for stock coming from the great grazing grounds of all the Western States and Territories, and also for stock destined for Eastern markets.

The business of the yards is done systematically and with the utmost promptness, so there is no delay and no clashing, and stockmen have found here, and will continue to find, that they get all their stock in worth, with the least possible delay.

*Kansas City Stock Yards Company*

**HORSE AND MULE MARKET**

FRANK E. SHORT. {FRANK E. SHORT & CO., Managers.} CAPT. E. S. TOUGH.

This company has established in connection with the yards an extensive Horse and Mule Market, known as the KANSAS CITY STOCK YARDS COMPANY HORSE AND MULE MARKET. Have always on hand a large stock of all grades of Horses and Mules, which are bought and sold on commission in car-load lots.

In connection with the Sales Market are large feed stables and pens, where all stock will receive the best of care.

Special attention given to receiving and forwarding.

The facilities for handling this kind of stock are unsurpassed at any stable in this country.

Consignments are solicited with the guarantee that prompt settlement will be made when stock is sold.

**THE DAIN HAY GATHERERS.**

Stockmen and hay growers everywhere are using this Gatherer in preference to any other, as it does away with winnowing, shocking and hauling the hay. It gathers the hay from the swath and delivers it to the stack; being twelve feet wide, will take 600 to 800 pounds at a load. Write the
