

# 'He Always Wanted Just to Sing and Pick!'

**Prather & Friend**

"The one on the left is the Roger Miller I knew," muses Don Prather, Muleshoe man who went to school with singer Roger Miller back in Erick, Okla. Miller is to be here tomorrow night for two concerts, benefit the Muleshoe Little League. (Journal Photo)

Way back there when Roger was only in the third grade he used to say, "Don, some day I'm going to be a western singer with my own show!"

Don in this case would be Don Prather, Muleshoe, and Roger would be Roger Miller who comes to Muleshoe tomorrow night for two benefit shows at the high school auditorium, the money to go to help the Muleshoe Little League program.

"Yes sir," recalls Don. "I can remember just as plain as if it were only yesterday that Roger always wanted to be a singer. We'd walk along down the country road near Erick, Okla., trudging back and forth to that country school every day.

And Roger would talk about music and how he was going to buy him a guitar some day. Well, we never thought that he'd have a half-dozen golden records by the time he was

30, but that's just what he did!"

Roger and Don lived on adjoining farms and they attended the country school 3 1/2 miles from their home back in the days when they were in the third, fourth, fifth and sixth grades. Then they went to Erick and finished high school in the same class.

So, if anybody in these parts knows Roger Miller, it's Don Prather.

"Always was a nice guy," Don recalls. "He made good grades in school, but his real love was show business. I remember he picked cotton and got the money to pay for his first guitar, and he was sure proud of that guitar.

"Roger used to make every talent contest he could hear about for miles around. And he won a lot of them, too. He was always a good singer and he had a flair for show business such as nobody else in our part of the woods ever had. He

was always a natural - born showman.

One day this past week was "Roger Miller day" in Tulsa, so for the occasion Roger's parents, Mr. and Mrs. Ed Miller, and Don's parents, Mr. and Mrs. Hugh Prather, all of Erick, were invited by the Tulsa Chamber of Commerce to be the chamber's special guests. Don's father, incidentally, is mayor of Erick, pop. 3000.

"I don't know whether the folks went or not," Don said, "but knowing how proud all Eric is of Roger I feel pretty sure both my parents, and Rogers parents made the Tulsa trip."

Incidentally, this fall Roger will have his own TV show. Don says Roger got his "college education" out of the army. He spent four years in that organization, and Don says he laughingly refers to those four years as "my college education."

Rogers had no bed of roses

to reach far up the ladder of success in the country music world. "He worked at it and he worked hard," Don sums up, "and he was willing to do just about anything honorable to reach his goals."

He recalled that Roger spent a year on the Amarillo fire department, "working" as many shows as possible on the side.

Miller is married to a Texas girl and they have one son.

He is bringing four other persons with him to Muleshoe for the double-barrel show Monday night, but everybody connected with the program is paying his own expenses. All proceeds from the 7:30 and 9 p.m. show will be turned over to the Muleshoe Little League.

And Prather is hoping that Roger and his party get here in time for the opening of the Little League season at 4 o'clock Monday afternoon.

# Reveal Variety Results

Bailey County Program Building Committee and members of the crop committee, Saturday revealed results of 1965 variety demonstrations just at time when planting operations are due to get under way.

"These demonstration results," said J. K. Adams, county agent, "are of special interest to farmers in this area just now since many are buying their planting seed for 1966 crops."

He added: "... the demonstration farmer... is commended for unselfish efforts in successfully completing the crop production demonstrations last year. They are the people who risked a loss to prove what practices will be most profitable for the community to

follow in 1966. . ."

Grain sorghum variety demonstrations were conducted on the Verney Towns farm, the Byron Gunter place, Joe Wheeler's farm, Leon Lewis and Lewis Scoggin's farms.

By demonstrations, here are some of the results: Verney Towns farm; eight miles west of Muleshoe; planting date, May 27, harvest date Oct. 25 & 26. Fertilizer rate 125 pounds nitrogen form of anhydrous ammonia and 300 pounds of phosphate (5-30-10) broadcast, both preplant. Weed control: Propazine broadcast. (Yields figures on 14% moisture.)

Variety: Pioneer 820, 8722 pounds yield per acre; Actual moisture at harvest time, 15.75.

Asgrow Ranger B, 8593 pounds per acre, actual moisture, 13.30%.

T. E. 88, 8536 pounds, 18.70 actual moisture, Lindsey 788, 8484 yield, 17.20 moisture.

Dekalb F-65; 8370 pounds, 14.80 moisture.

Texas 660, 8280 yield, 12.58 moisture.

PAG 665; 8194 pounds, 18.65 moisture.

N. K. 255; 7313 yield, 13.80 moisture.

Seed six caused planting rate to vary between varieties from 9 pounds per acre to 10 pounds per acre except large seed of N. K. 255 dropped plantings rate to 7.66 pounds per acre for N. K. 255. Each stand had a good stand and demonstration was irrigated five times. Pioneer 820 produced \$24.50 more income per acre than the lowest yielding variety in this demonstration. Three acres of each variety were harvested and weighed separately.

## Police Chief Resigns Post

Police Chief A. C. (Carl) Neely, resigned his post Thursday, effective today. Health was given as the reason.

Both the mayor, W. B. LeVeque, and the mayor-pro-tem, Irvin St. Clair were out of town, and could not be reached for comment.

Neely, who has been with the Muleshoe police department for

seven years - the last five as chief of police - said in a formal statement that it had not been easy to decide to resign but he added: "due to my health it is necessary."

He continued: "I wish to use this means to express my appreciation to those who have made it possible to maintain the kind of law enforcement we have had in Muleshoe. Without the cooperation of the public, it would be impossible to have law and order."

Neely, who has been in poor health for several months, recently returned from Lubbock after undergoing treatment at Methodist Hospital.

In his statement, the chief said: "Without the interest of loyal councilmen, no progress to better law enforcement can be made. I have tried to work as a public servant so as to set a good example, and I wish to thank those who have expressed their trust in me." Harold White has been serving recently as acting chief of police.

## Library Plans Reading Course; Prizes Offered

The Muleshoe Area Public Library announces the 1966 summer reading club. The club program dates are June 1 to Aug. 31, and there are no age limits to join the reading club.

Children who join this summer reading club and read 12 books of their choice and reading level will receive a certificate from the Texas State Library, says Mrs. Bernis Camp, librarian.

A list of the titles read for this program will be kept on a reading log furnished by the State Library. Each reader shall fill out his own reading log. This log must be returned to the library by August 31, 1966.

New features of the program this summer will be, for all grade school boys and girls:

The first 150 boys and girls to register in June will be given

## Earth Talent to Have Big Part on 'Jamboree'

Muleshoe merchants' second monthly "Family Entertainment Jamboree" next Saturday night will feature entertainers from the Muleshoe area - plus a group from Earth. The program was announced by Harvey Bass, chairman of the Chamber of Commerce "Go-

Go" retail activities committee, and by Olin Burrows, also of the committee.

"The Possibilities" is the name of the band from Earth which will include a number of entertainers giving a "Deep South" flavor to the program.

The program will be held in senior high auditorium, starting at 8 p.m., and admission charges will be \$1 for adults and 50 cents for students.

The Springlake show was

written and directed by Mrs. Arvilla Haberer with "dozens of persons" taking part. The show had its premier recently when the 8th grade's annual banquet was presented. Many say the show has a professional air with big-time acts and costumes.

During intermission, \$150 worth of merchandise will be given away by Muleshoe merchants.

## Mrs. Clinton Bristow Will Go to McAllen As 'Nurse of the Year'

Mrs. Clinton Bristow, 114 W. 5th, has been chosen nurse of the year and will represent Bailey County Vocational Nurses League in Muleshoe at McAllen June 16, 17 and 18.

Mrs. Bristow began nursing in 1925 and moved to Muleshoe with her family in 1937. She worked at the first clinic in Muleshoe in 1939 under L. T. Green and Dudley Lancaster. The clinic was located where the Southwestern Public Service is now located. Mrs. Bristow tells how they only delivered babies and performed tonsillectomies.

Mrs. Bristow has been working most of the time as a nurse since 1940, with the exception of teaching Kindergarten two years in the mornings and nursing from 3 to 11 p.m. following her mornings of teaching.

Mrs. Bristow is a member of the Muleshoe Study Club, the Garden Club, a member of the First Baptist Church and was very active in PTA during her children's schooling. Mrs. Bristow taught the Cradle Roll for several years in the church here.

Mrs. Bristow is the mother of two sons: Wayne, who is a full time evangelist at Lubbock, and Dudley, who is the pastor of the First Baptist Church in Francis, Okla.

She attended the first LVN school taught here in 1957 and helped organize the Bailey County Licensed Vocational Nurses League now very active in Muleshoe. She was the first League president and still has time to belong to two bridge clubs

## Mrs. McAlpin Vice-President

Mrs. Willie McAlpin was elected first vice-president for the coming year at the American Association of University Women's meeting held Tuesday with Mrs. McAlpin, 218 East Elm. Also elected were Mrs. Eric Smith, second vice-president and Mrs. Lena Hawkins, treasurer.

The program at this final meeting for the year was presented by Mrs. Hollis Francis and Mrs. R. E. Everett on "The Right to Counsel". The AAUW theme for the year has been "The Law and the Citizen".

The members voted to help sponsor the summer reading program for the Area Public Library. Mrs. Ed Johnson was appointed chairman of this project. Members will donate two or three hours of each week in assisting Mrs. Bernis Camp, the public librarian.

Mrs. Willie McAlpin and Mrs. A. J. Phillips were the two nominees selected by the organization for the 1966 edition of "outstanding young women of America." This book is an annual biographical compilation designed to recognize and inspire young women between the ages of 21 and 35. These nominees must have contributed to their profession and must be outstanding in one or more fields of endeavor.

Following the meeting, the group went to the Cottage in Clovis for dinner. Those attending were Mrs. Joe Costen, Mrs. Jack Beddingfield, Mrs. Hollie Francis, Mrs. Estelle Fox, Mrs. R. E. Everett, Mrs. Eric Smith, Mrs. Willie McAlpin and Mrs. John Watson.

## Initiation, Salad Supper Held in Oddfellow Hall Here

A formal initiation service at the Rebekah Hall here brought about Earl Gross, R. A. Gross and Gerald Ottwell as new members of the Lodge.

Preceding the service, a salad supper was held in which the decorations were carried out with the President's theme. Streamers of pink and green centered the tables with the "shamrock" completing the decor. The shamrock was also featured on the individual eating tables.

Special guests were the President of the Rebekah Lodge of Texas, Thelma Gage and her husband, Ramond, a represen-

tative of sovereign Grand Lodge of Texas.

Jesse Robinson, Needmore, provided appropriate music during the initiation. Following the service the President talked on her experiences during her year as president and what

it has meant to her. She will be leaving for Washington D.C. where she will be on business concerning the Rebekah Lodge.

The Muleshoe Rebekahs meet each Tuesday at 8 p.m. in the Oddfellow Hall here.

## THANKS

I would like to take this opportunity to thank my good friends for the support given me in the primary election May 7th, 1966.

I sincerely appreciate you giving me the privilege to serve as your commissioner for another term. I want to assure you that my greatest desire will be working as your County Official in the best way I humbly know possible to make it a Precinct and County that we will all be proud to have and be a part of.

I want you to feel free at any time to call on me or the County Commissioners court of which I serve with: because I feel and you know working together we can and might be able to accomplish the task, whether it be large or small.

I want to at this time also to thank you for your past cooperation and support while I have been serving as your County Commissioner. I will be looking forward to working with and for you in the future term to come.

Signed,  
R. P. McCall

**LOCAL HOSPITALS ANNOUNCE MEDICARE PLANS**

A JOINT STATEMENT ISSUED TODAY BY EDDIE FAUST, ADMINISTRATOR OF WEST PLAINS HOSPITAL, AND MARSHALL COOK, ADMINISTRATOR OF GREEN MEMORIAL HOSPITAL, OUTLINED THE PLANS OF THESE FACILITIES REGARDING PARTICIPATION IN THE HEALTH INSURANCE FOR THE AGED PROGRAM (MEDICARE.)

WEST PLAINS HOSPITAL WAS RECOMMENDED FOR APPROVAL FOLLOWING A RECENT SURVEY, WITH OFFICIAL CERTIFICATION BY THE DEPARTMENT OF HEALTH, EDUCATION AND WELFARE ANTICIPATED SHORTLY.

THE GOVERNING BODY OF GREEN MEMORIAL HOSPITAL ANNOUNCES ITS DECISION NOT TO PARTICIPATE BASED UPON THE FOLLOWING CONSIDERATIONS:

(1) BUILDING LIMITATIONS, AND  
 (2) AN AGREEMENT WHEREBY THE DOCTORS ON THE GREEN MEMORIAL HOSPITAL MEDICAL STAFF WILL BE AFFORDED FULL HOSPITAL PRIVILEGES AT WEST PLAINS HOSPITAL FOR THE CARE AND TREATMENT OF THEIR MEDICARE PATIENTS REQUIRING HOSPITALIZATION AFTER JULY 1, 1966, THE DATE MEDICARE GOES INTO EFFECT

IT IS THEIR BELIEF THAT AN ADEQUATE NUMBER OF BEDS WILL BE AVAILABLE, AND THAT THIS AGREEMENT WILL AFFORD THE MEDICARE PATIENT HIS CHOICE OF PHYSICIAN.

BOTH HOSPITALS WILL CONTINUE TO OPERATE AS USUAL IN THE HOSPITALIZATION OF NON-MEDICARE PATIENTS. MEDICARE PATIENTS NOT REQUIRING HOSPITALIZATION WILL BE HANDLED IN INDIVIDUAL PHYSICIANS' OFFICES AS IN THE PAST.

# Pitchers Taking Advantage of Mantle

## Leader's Career Nears Finish

By FRANK ECK  
AP Newsfeatures Sports Editor

It is horrifying to see what the American League pitchers are doing to Mickey Mantle, when he plays. They are throwing the fast ball right down the pipe because that shoulder when he throws they know baseball's greatest and now his throwing arm is crippled no longer can hurt them. weak despite all the spring training exercises.

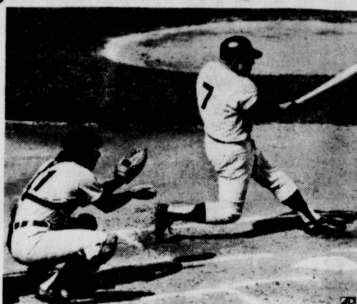

He is seeing better pitches than he ever saw. He sees them sooner than a lot of people think. You don't have to ask Mantle but a body wracked with pain how he feels. You can see he's hurting when he swings, hobbles on one good leg and tries to make an overhead throw.

When the once great leader of the New York Yankees decides he has had enough the number 7 Mantle will be retired. The Detroit Tigers, saw this and that could happen much before the Yankees sooner than a lot of people think. You don't have to ask Mantle but a body wracked with pain how he feels. You can see he's hurting when he swings, hobbles on one good leg and tries to make an overhead throw.

When Mantle bats right handed Dressed said. "He won't throw the ball." Mantle would only look at the field to infielders who went deep for the practice relay.

When he bats left handed each time he swings his left knee buckles under the weight placed on the back foot. He has played with that bad knee ever since his rookie season of 1951 but lately it seems to bother him more than ever.

In January Mantle had a shoulder operation for the removal of a bone chip. It was pitched. He drove the ball into the on his right shoulder. He uses the hit in left centerfield. He

PLAYS ON COURAGE: Mickey Mantle, shown swinging in a recent game against Detroit, no longer is the feared Yankee slugger. His pain-wracked body takes a beating when he plays and rival pitchers just try to fog the ball past him.

stayed down after reaching first and limped into second base. Most outfielders would have had a stand up triple. Rival managers liked to see Mantle in the starting lineup because he helped bring the crowds. But when he played, even a year ago, a manager's advice to his pitcher was: "Don't give him anything good to hit. I don't care if you walk him." But that's all changed now because rival managers will be saying: "Don't lose him. Make him hit the ball."

## THE FAMILY LAWYER

### Cruelty to Animals

To brighten up a dull afternoon, two men tied an oil can to a dog's tail and set the oil on fire. At the time it seemed hilarious. But the men did not laugh when they were hauled into court and found guilty of cruelty to animals.

Few of us today would quarrel with the court's ruling. Yet, until comparatively recent years, cruelty to animals was not a crime at all. The common law did protect the property rights of an animal's owner, but did not protect the animal itself. Thus:

Suppose A abused B's horse. B, having suffered an injury to his property, could collect damages from A. But suppose B abused his own horse. Or suppose the horse was a stray, with no owner to be

use in the Arctic. The "Kozy Kushion" provides SOME of our house plants have spent the winter flour. The cushion is scientifically made of body heat. The cushion is covered on the top with a cotton fabric that permits passage of heat, and on the bottom (Gro Lux) lamps. The light, from a vinyl material that however, doesn't mean that you prevent heat from escaping self—has now been branded every-

where as a crime. Economies has nothing to do with it. When a man was fined for turning an old horse out to starve, the court spoke not of the dollar value of the horse but of the moral outrage to one of God's creatures. True, we may still inflict harm on an animal for an honorable reason. Thus we may kill an animal—humanely—for food.

"Otherwise," a judge noted, "one could not slaughter a pig or ox for the market, and man could eat no more meat."

Also we may chastise an animal as a matter of training—or perform surgery on it as a matter of health. Nor are cruelty laws carried to unreasonable extremes. Surely it is no crime to swat a fly or bait a hook with a worm.

What the law does denounce is conduct that affronts the modern conscience. One court put it this way:

"Animals whose lives are devoted to our use as pleasure deserve kindly treatment. The dominion of man over them, if not a moral trust, has a better significance than the development of malignant passions and cruel instincts. Human beings should be kind and just to dumb brutes, if for no other reason than to learn how to be kind and just to each other."

### Bacteria Survives

Texas A&M University Extension home management specialists report that drycleaning study conducted by USDA microbiologists at a large commercial drycleaning plant, some bacteria was found after garments were cleaned.

The study was concerned with the spread of microorganisms on textiles and clothing. Scientists found that many of the bacteria on fabrics are killed or removed by washing in solvent, but others manage to survive the wash cycle. Of those remaining, the majority are killed during steam finishing and pressing—if these steps are employed.

Many garments are not steam treated however, in the cleaning process. Even when garments are pressed, some bacteria survive in such places as sleeves and pocket linings. These areas are not subjected to as high a temperature as the rest of the garment.

Welcome and response were given by Ransom Jones and John Thompson respectively and David True, Plainview, provided entertainment by playing the guitar and singing. Speaker was Dr. William Baldwin, a psychology teacher at ENMU, Portales, and Carol Hatre gave the benediction. Dinner music was provided by the Springlake Stage Band.

Mr. and Mrs. Jimmy Byrum and two month old daughter were involved in a two car collision north of Friona Tuesday evening. They are recovering nicely at home.

660, 6422 Pounds and 12.60%. Genetic Giant R-106, 6193 pounds' yield and 12.10% moisture.

Heavy frost in October cut yields of slower maturing hybrids and tended to equalize yields. Heavy rains in June forced a delay of side-dressing nitrogen until July 4. This crop was irrigated when needed and kept free of weeds without chemical control. Yields were determined by complete harvesting and weighing of 16 half-mile-long rows from each variety.

**Nobody Sells like the Tijuana Brass**

BY FAR the hottest sound on records today is produced by Herb Alpert and the Tijuana Brass.

The buoyant, pungent, polished instrumentals of the Tijuana Brass have been re-released on five long-playing records - and all five are in the top 40 on Billboard Magazine's current LP chart. "Going Places" is No. 1, "Whipped Cream and Other Delights," No. 3, "South of the Border," No. 11, "The Lonely Bull," No. 13, and "Tijuana Brass," No. 40. Six other record makers - Barbra Streisand, the Supremes, the Beatles, Frank Sinatra, Ramsey Lewis and the Rolling Stones - are in the top 40 twice, and the highest of these is Streisand, at Nos. 6 and 15. Alpert, in New York for two Carnegie Hall concerts April 12, says that he got the idea for his "sound" in 1962 when he went to a bullfight in Tijuana, Mexico. "I got the idea to try to cross the mariachi sound with a little bit of American jazz and Dixie."

"I had been very conscious of trying to find something different. I had my favorite jazz musicians and I knew I'd never be able to play trumpet better than they do. So I decided jazz wasn't my calling. I wanted to make sure I wouldn't be copying anyone else."

"After I got the idea, it fell in place quickly. I had a tune that was sitting around six months. I'd been trying to find a way to do it and it fit exactly this idea. It was 'The Lonely Bull,' written by Sol Lake. He'd been writing for 20 years and this was the first song he made money on."

Alpert, who has played trumpet since he was 8, had produced a record, "Alley Oop," by Dante and the Evergreens, before forming a record company with Jerry Moss, who had been a record manufacturers representative.

A and M Records put out "The Lonely Bull" as the Tijuana Brass' first effort, and it sold a million copies. Since then, "A

HERB ALPERT

Taste of Honey" also has sold a million and the five LPs have sold seven million copies.

"Other companies have offered to buy A and M, but Alpert and Moss have no plans to sell. They've added other artists - the Baja Marimba Band, We Five, Chris Montez, Sergio Mendes and Brasil '66, Bill Dana, Don Franck and Claudine Williams, Andy's wife."

Pondering the phenomenon of the hit record, Alpert says, "I don't think there is a common denominator. I have a feeling honesty plays an important part. Originality is one key; it's also the only satisfying way to go."

"With us, there was a luck factor. We were in the right place at the right time, putting out the right tune at the right time. I don't analyze the sound too closely, or it might become a formula."

Alpert says he did not expect the Tijuana Brass to become as popular as it has. "The odds are so ridiculous to beat with in the record business, that

**100 SERIES SINGLE STAGE WATER SYSTEMS**

The 100 Series single stage jet pump is designed to pump water day after day, in and year out. This dependable pump requires almost no attention after it is installed. Yet the 100 Series outperforms many more expensive pumps, including two and three stage models. Some of these Berkeley jet pumps are still faithfully serving the needs of their owners after more than a quarter century of service.

Continuous duty motors from 1/2 h.p. through 2 h.p.

**BERKELEY TEN YEAR WARRANTY**

Replacement will be made without cost if defective materials or workmanship result in failure within 18 months of date of installation. Berkeley submersible pumps are further guaranteed an additional 8 1/2 years at a published exchange and/or replacement rate based on serial date of pump.

### NEW YORK NEEDS SHERLOCK

NEW YORK (AP) — Some New York cops could stand a few lessons from Sherlock Holmes. Fifteen of them recently were invited to watch a new movie, "Ten Little Indians," based on the Agatha Christie mystery classic, and to try to guess who the murderer is. They marked their guesses on a card during a 60-second "whodunit break" just before the movie's climax.

The results: with two suspects to choose from as the murderer, eight of the cops guesses wrong.

# We'll Still Vote On Poll Tax Issue!

By Vern Sanford  
Texas Press Association

AUSTIN — Although the poll tax now is officially dead, as a voting requirement, the fight over registration procedures continues.

U. S. Supreme Court, as expected, agreed with a three-judge federal court here that the 74-year-old levy is unconstitutional. Court already had stated in a Virginia case that a state is prohibited from placing a charge on the right to vote.

Action, however, was necessary to place in full effect the voter registration law passed by the Texas Legislature in special session last February. Texas voters still will cast ballots next November on a proposed state constitutional amendment to "repeal" the poll tax. Same amendment provides that an annual registration system will replace the old one.

Some groups are urging defeat of the November amendment. This so that annual registration will not be built into the state constitution. They will continue their drive for a permanent registration plan, whereby a voter once registered remains eligible simply by voting regularly in elections.

New Election Law Study Committee indicated it will devote much of its effort to improving the system enacted under emergency circumstances. Committee has requested that suggestions in general for amending Texas election laws be submitted to the Texas Legislative Council before June 30.

Courts Speak — Should federal court-ordered principle of equal population for congressional and legislative districts apply to county commissioners precincts as well?

State Supreme Court heard arguments on the question in a suit filed by Midland Mayor H. C. (Hank) Avery to bring the one-man-one-vote theory to precinct level. If court agrees, major changes could result in county government throughout Texas.

Opponents said Texas Constitution provides that precincts will be created "for the convenience of the people."

High Court also agreed to review a May 25 suit to void Jefferson County contracts for

replacement of Pleasure Island bridge at Port Arthur.

After a 13-week trial, a Travis County District court jury held that more than \$1,000,000 was "misappropriated" from Lumberman's Insurance Corporation of Dallas as the result of a scheme involving bankers and an insurance agency owner.

AG Rules — Texas State Library and Historical Commission may make direct monetary grants to local public library units under federal act, subject to approval of state plan, Atty. Gen. Waggoner Carr held.

In other opinions, the attorney general has ruled that: — Cigarette vending machines operated on a military reservation are subject to the regular permit fees.

— Residence in which the Cameron Independent School District superintendent lives is tax exempt, since it is owned and maintained by the district to encourage qualified personnel, and therefore serves a "public purpose."

— Acquittal of the charge of driving while intoxicated, second offense, would bar a subsequent prosecution for driving while intoxicated, first offense.

— Registration fees may be paid by state for Veterans Land Board appraisers attending an appraisal school at Texas A&M.

— Trust agreement for investment of perpetual care funds may be amended to permit investment in corporate stocks and other investments authorized by Texas Trust Act.

DPS Needs Recruits — Col. Homer Garrison, director for the Department of Public Safety, is looking for applications for the next DPS training school patrolmen, Application deadline is June 6.

Garrison said training pay has been increased from \$375 to \$400 a month. Pay will be \$468 to \$484 upon graduation. Men between 21 and 35 are accepted for the 16-week training program. They pick their branch of service and are assigned to posts throughout the state.

Flood Aid Sought — Gov. John Connally has requested the Pres-

ident to declare 19 northeast Texas counties as part of a major disaster area as a result of heavy rains and floods.

His initial request for federal emergency relief funds for rehabilitation of public facilities total \$1,500,000.

The 19 counties included are Bowie, Camp, Cass, Collin, Fannin, Freestone, Gregg, Harrison, Henderson, Lamar, Marion, Morris, Navarro, Rains, Red River, Rusk, Shelby, Tarrant and Upshur. Others may be added in a supplemental request when damage estimates are complete. At least 13 other counties suffered flood damage. Connally pointed out that rains and flooding in the lower Rio Grande and along the Texas coast may require assistance to that area.

Allocation of funds is made on the basis of surveys conducted jointly by local, state and federal agencies.

Water — Texas Water Development Board decided to enter a master agreement with the Sulphur River Municipal Water District, North Texas Municipal Water District, the City of Irving and the U. S. Corps of Engineers to pay part of the cost of construction of Cooper Dam Reservoir and Texarkana Reservoir.

Board of Engineers for Rivers and Harbors, Army Corps of Engineers, has approved the Aquilla Reservoir on Aquilla Creek.

Board recommended construction of a \$23,600,000 dam and reservoir for flood control, water supply, recreation and fish and wildlife enhancement between Hillsboro and Waco.

Texas Water Rights Commission announced plans and specifications for Livingston Dam and Reservoir in Polk and San Jacinto Counties. Design calls for construction of an earthen embankment on an over-consolidated, low-strength clay. Project would be major water source for Houston.

Textbook Committee — Texas' 15-member State Textbook Committee has been appointed by the State Board of Education. Committee has the job of evaluating more than 225 textbook offerings and deciding which five in each subject should be offered for school board adoption.

Members of the Committee are: H. G. Adams, Marfa; Mrs. Hulian Armstrong, Menard; Dr. C. E. Ellison, Killen; Dr. Morgan E. Evans, Galveston; Dr. Frances Freese, Dallas; Miss Helen L. Fulton, Spring Branch; Gerald Gafford, Snyder; Mrs. Ethel D. Greenwood, Corpus Christi.

Also, Billy H. Guinn, Jacksonville; Mrs. Betty E. Johnson, San Antonio; Dan Leeb, Fort Worth; Dr. James F. Malone, Kilgore; Mrs. Emma Lue Mohle, Lockhart; Mack W. Mullins, Corsicana; and Mrs. Alma Perkins, Canyon.

Highways Damaged — An estimated \$961,000 worth of damage was done to Texas highways in April by the floods which hit many parts of the state. Dallas, Tyler and Atlanta districts were hurt the most.

State Highway Department estimated flood damage to highways and roads in the Atlanta and Tyler areas at \$250,000 each in April, and Dallas' district (May figures not included).

# Rogers Cites Need For Faith

By Cong. Walter Rogers

I am sure there are many of you who have been shocked and astounded by recent references in magazines and newspapers to the "God is Dead" controversy raging in theological circles. I know that I have been shocked, angered, and dismayed by the implications of these statements and by the question "Is God Dead?"

God has spoken to Man through the Ages. The Old and the New Testaments of the Bible have related specific instances of His Word to us and have recorded His Word for Eternity. However, as we know, the Bible has been only one of the instruments utilized by our God in revealing Himself to us. He speaks to us every hour and day of our lives through the wondrous beauty and magnificence of nature, the miracle of human birth, and the innumerable unknowns of which Man is aware but incapable of understanding.

Man has always worshipped God. He has chosen many different ways of doing so, but his Faith has always been secure and history will attest to the fact that throughout all generations Man has given strong obedience and personal sacrifice to assure God of his abiding Faith and Love. As exemplification of this devotion one can point to the building of great cathedrals and shrines, the composition of the world's greatest music, and the writing of our best-known and most worthy literature. Certainly it would not be difficult for any of us to compile an unending list of similar deeds and actions.

But then came the man of the Twentieth Century. God had endowed this man with more knowledge and skill than any before him. This man did wonderful things with God's Faith and his achievements went far

\$200,000. In other districts, damage was estimated at \$25,000, Paris; \$75,000, Fort Worth; \$37,000, Waco; \$25,000, Houston; \$2,500, Yoakum; \$10,000, Austin; \$11,000, Beaumont; and \$75,000, Del Rio. In the 11 months prior to May, highway damage from floods had totaled only \$360,000 for all 25 districts.

### SHORT SNORTS

Attorney General Carr reported a decrease in Texas juvenile crime in 1965 for the first time since statistics were compiled in 1959. Justice Hearings are set by Railroad Commission for oil and gas operators to show why they should not stop using earthen pits for disposal of salt water in Callahan, Concho, Runtels, Knox, Harris, and Jackson Counties. Governor Connally has approved new war on poverty grants for Austin, Uvalde, Bowie County, San Saba, Mason, Llano and Mills Counties, Robertson County, Williamson - Burnet Counties, Aramito and Borger, Laredo and Webb County and Robstown.

beyond anything his forefathers could have imagined in their wildest dreams. However, this man did wonderful things with God's Earth and his achievements went far beyond anything his forefathers could have imagined in their wildest dreams.

However, this man became self-centered and egotistical and saw himself as a very clever and wise creature possessing all powers and abilities. Twentieth Century man became in his own mind the creator of all he surveyed. He thought of himself as being completely independent from all outside forces. And thus it happened that in this process he forgot the truth. He hid from any obligations other than those which served his own well-being. He had forgotten God. He had lost his Faith in God. And in return for this abandonment of Faith, his society became for him a shameful and guttural spectacle.

Of course, this Twentieth Century man is not every man. There are many who do not do this. There are many who do not acknowledge him. There are many of us who wish to destroy him, and destroy him we can. The first step is the acknowledgement that he does exist among us. The next is for those of us who do know our God and who have Faith in His Divine Providence to put ourselves to the task of showing our Faith and demonstrating our Faith as militantly as this new Twentieth Century man has denied his Faith. This will take much endurance and sacrifice but it must be done if Man, as created by our Heavenly Father, is to survive.

No, God is not dead. Only the Twentieth Century man's Faith in Him is dead. God is alive. He lives for us. His love is unending and He will never forsake us as many have forsaken Him. He is a forgiving God and will take back into His flock all who are willing to return.

It is now our duty to bring into our lives a dedication never before known in the history of Man so that God may know that Man once again lives for Him.

### BIG STILL SILENCED

TRENTON, Ga. (AP) — A group of Dade County moonshiners successfully camouflaged their still against air observation, but failed to hide it from the Treasury Department's ground troops. Agents destroyed a still complex of four 2,000-gallon and two 1,500-gallon cookers. All metal surfaces were painted green in the complex near Trenton on Sand Mountain. The work had several trees set out to give it coverage. Pines as tall as 25 feet were stuck into the ground in the still area. The distillery could produce 440 gallons of whisky a day, agents said.

### Rogers to Seek Southwest Water

Congressman Walter Rogers, chairman of the House subcommittee on irrigation and reclamation, said this past week he will offer an amendment to the Lower Colorado River Basin project legislation which would include West Texas in studies to be made of future water requirements in the west and southwest.

Congressman Rogers, who is presiding as Lower Colorado Project hearings continue, said water-short areas must think now about their future and consider all possible means to alleviate problems including importance of water from water surplus areas elsewhere in the United States or adjoining foreign countries.

"There is simply not enough room for all of us to live on the banks of the creek, but all of us must have water," the congressman said.

Rogers said state responsibilities cannot be avoided simply because the federal government is willing to help add to the future water and high Plains should be included in the Texas state water plans.

### Drive Continues To Rid Country Of Pornography

Fourth in a series by the P-TAs.

Richland Hills and DeShazo P-TA program in the effort to remove pornographic literature from our newstand. Objects in the by-laws of our P-TA state that we are to promote the welfare of children and home life in the home, school, church and community by removing this obscene literature so that our children will not be exposed to it and we can help raise the standards of home life.

We do not act as self-proclaimed censors, but we want our voices heard. The spread of pornography results from public apathy and ignorance of the problem. We have no laws to protect our youth against this problem like we do against liquor and cigarettes. Many people make this their standard. Legality is morality. According to this way of thinking if an action is not illegal, then it is moral - often the true moral state of a man is shown not in the big issues of life, but in the small private transaction.

Parents try to rear their children in the nature and admonition of the Lord yet in the Materialistic world of ours is particularly powerful and over-

whelming. Parents must meet the challenge of a world unlike the one in which they grew up for our children do not live in a tight little world inhabited only by mother and dad and themselves.

In spite of the way a child has been taught he will make efforts to break free, efforts in which his own love and dependence as well as theirs, the teenager may get rough. There are few graceful ways to break out of any relationship, and the child, immature, and socially inept, doesn't know them.

The most tragic effect of the current outpouring of obscene literature is the progressive destruction of personal and community morality. The foundation of society is the home - built upon love, respect and morality. Obscenity attacks all these by ridiculing virtue, chastity, fidelity and restraint. So the battle against the evils of obscenity must be a battle also for that which is wholesome and good.

As parents, after we have taught our children basic principals of morality, we still must fight the immorality of the world and we need the support of the community - Let's get the smut off the newstand, out of the mails, away from the films, and get on with the task of building solidly the structure of decent American life.

**"ALL I KNOW

I READ  
IN THE  
PAPERS"**

America's best-loved humorist also was one of the best-informed persons in his time.

Nothing, it seemed, escaped his notice. His comments on the passing scene were applauded and repeated by millions the world over. "All I know is what I read in the papers" became his trade-mark. Will Rogers recognized that newspapers, more than

any other media, are the common source of information of all the people. The simple

fact that everyone knew immediately what he was talking about provided an important basis for his fabulous popularity.

That same simple fact is just as true today as ever.
