## Four County Races Highlight Local Ballot

### Around Muleshoe

The American Agriculture Movement of Texas, District I, has scheduled a meeting in Amarillo November 6, at Sutphen's Bar-B-Q. The meal will begin at 7:00 p.m. with the business meeting to follow.

There will be the election of a District Delegate and alternates for the following year, and several other items of business will be discussed at this meeting. All interested agricultural producers and agri-business people are urged to attend this very important meeting.

PAEZ HANGS ON-The Mules tried to pull the "fat out of the fire" late in the game Friday night in a last ditch attempt to beat Friona. Paez is traveling with Perry Flowers running interference.

## Chiefs Defeat Mules 17-10, Sew Up District 2nd Place

In what looked to be a push-over in the first half, the Mules lost what would have been a sure second place in the second half of the ballgame against the Friona Chieftains in Benny Douglass stadium Friday night.

Eddie Alvarado drew first blood for the Mules, kicking a 35 yard field goal 5:20 into the first quarter of play, setting the Mules up 3-0 on the score board. With the Mules really hustling and playing impressive aggressive football, just seconds into the second quarter, after a drive from the Mule 33 yard line, Sam Gonzales kept the ball on the one yard line of Friona to go in for the first Mule TD. Alvarado tacked on the FAT putting the Mules on top 10-0 and looking good.

On the very next series of plays, Friona marched from their own ten yard line where they took the kickoff, to the 33 yard line in Mule territory. Montoya, a bare-foot kicker booted a 49 yard field goal attempt that went to the side and

still left the board standing 10-0 with the Mules leading.

The Mules continued to move the football on the ground and in the air, being the aggressor during the first half. However, with a little over three minutes remaining in the second quarter, a Mule fumble by Paez gave Friona a chance to come up with the ball on their 35 yard line and the Chief began to move. Then, after some more fumbling and recoveries by the Chieftains alone, with the Mules swarming them, and almost taking the ball away from them, Friona quarterback Patterson pitched out to #84 Johnny McClellan who

went the distance for the Chief putting them on the board for 6 points. Montoya's PAT failed due to a bad snap, that ended with the Chief's attempt to go ahead and run it over failing, but moving them up on the scoreboard with the Mules 10, Chiefs 6 as the half ended.

As the teams went to the locker rooms, both were fired up and anticipating the next quarter.

However, as they came back into the last half of play, for the Mules at least, "Murphy's Law" began to take effect, in that anything that could go wrong did. With Darin

## Court Dockets Slack During Past Week

In Municipal Court for the period from October 19 to October 27 a total of 30 fines were paid and the same number of cases dis-

posed of. Eight of these fines were for speeding, four for violation of city ordinances, three each for no MVI stickers, public intoxication and no drivers license. Two fines each were paid on each of the following separate violations: exhibition of acceleration, illegal parking, failure to control speed and no liability insurance.

Judge Linda Huckaby filed a total of 38 cases during the period ending October 26. Nine of these filings were on speeding charges, five were for no drivers license, and there were four each for littering and minor in possession. Two cases each were filed on the following violations: theft, no liability insurance, public intoxication, violation of city ordinance, no MVI stickers and running stop signs. One case each was filed for the following violations: failure to leave information at the scene of an accident, failure to yield right of way, failure to control speed and running a red light.

Judge Huckaby held jury trials on Wednesday, October 27, hearing six cases: Cont. Page 9, Col. 3

"A STEP FOR THE FUTURE"-The Muleshoe Kiwanis presented a check in the amount of \$100 to the Muleshoe FFA Boosters Friday to help in the completion of the perimeter fence at the new ag farm. Getting in on the presentation were: (from left) Carl Wheeler, Vo-Ag instructor, Kim Farmer FFA President, Donald Prather, FFA Boosters President, Rusty Williamson, Kiwanis President and Robert Montgomery, past president for the Kiwanis.

### Mock Election Scheduled Tuesday

The Muleshoe High School civics students under the direction of their instructor and director, Mrs. Jean Allison will state a giant mock political rally and election on Tuesday, November 2, beginning at 10 a.m. in the High School Auditorium. This will be on the same day as the actual election, so if your mind is not yet made up, this would be a good way to spend your morning before voting.

Each of the four civics classes has drawn for and will simulate one of the major state campaign races. Senior students have been elected to portray candidates, and each candidate has chosen his campaign manager. This year as an added touch, each candidate has also chosen a junior class student to help with the campaign and to serve as junior campaign chairman.

The races which will be portrayed, the students who will portray the candidates and campaign managers are as follows: in the U.S. Senate race, Lloyd Bentsen, democrat will be portrayed by Todd Holt. His campaign chairman are Charlie Hawkins, senior and Jay Cage, junior. Senator Jim Collins, republican will be portrayed by Jeff Combs who has chosen as his campaign chairman Jay Pearson, senior and Darin

### Calvert Wins First; 4-Way Tie For Third

Although the lead in the Journal Football contest is still maintained by Jerry Gleason, we did have some second time winners in this past week's contest. Those winners however, were all tied for third place and so the points were split enough that Gleason was able to keep his lead.

Taking first place this week was Scott Calvert who missed four games and was five points off in the tie breakers. Scott will receive \$6 and ten points towards the grand prize totals.

Second place was won this week by Coach Jim Pope who missed six games and was one point off in the tie breaker game scores. Pope receives \$3 and six points towards the end of the games.

Though unbelievable, there was a four way tie for third place this week between Harold Cowan, Raymond Villalobos, Sam

### Local Voting Polls Open 7 a.m. Tuesday

In what might well be the beginning of a two party system in Bailey County, probably more candidates per party - county-wide - have filed for offices than can be remembered to date.

With 1982 General Elections just around the corner four county offices in Bailey County are being contested - those of County Judge, County Attorney, County Treasurer and Justice of the Peace, Precinct #1.

Running for the office of County Judge are Gordon H. "Corky" Green, an attorney and a native of Muleshoe and Thomas S. Freeman, a retired air force major and local resident of about seven years. Green is running under the Democratic ticket, while Freeman is under the Republican.

Also a contested race is the one for the slot of County Attorney. Dee Treadwell, a Republican candidate, who is a seven year member of the community will be running

against Linda Guelker, who has been a county resident since July, 1982 and current acting county attorney. Guelker is a "write-in" candidate. This race is for an unexpired term.

In the contest for County Treasurer, Jean Treadwell will be running on the Republican ticket against incumbent Dorothy Turner, a Democrat.

The only other contested county race is for Justice of the Peace, Precinct 1. Jack Bates, a farmer and long-time resident of Bailey County and a Democrat will be running against Paulette Cuevas, a Republican and county resident for a number of years.

The four races listed above are the only county races that are contested; however, also running for Bailey County offices are the following: District Judge, 287th District Court, Jack Young, incumbent; District Clerk, Nelda Merriott, incumbent and Barbara McCamish, Democratic party nominee winner who will replace the retiring.

### City Officials Attend Texas Municipality League Conference Workshops

City Councilmen Paul Wilbanks, A. V. Wood, Bruce Woods and Ronnie Shafer, along with City Manager Dave Marr, Chief of Police Les Irvin and City Attorney Dee Treadwell, recently attended the Texas Municipality League's 70th Annual Conference and Exhibition in Fort Worth on October 23-26.

Those councilmen and officials attending heard such notables as Texas Governor Bill Clements and Congressman Jim Wright discuss President Reagan's efforts to shift federal programs to state and local

governments. Marr stated that the general consensus of city officials was that the "plan would be alright, if the funds to operate those programs were also shifted to the control of city officials."

Councilmen and staff members also attended workshops and viewed exhibits of equipment used by other cities were displayed. A few of the topics of the workshops were: discussion of the magnitude of alcoholic-related traffic accidents and fatalities, with

'MOCK' ELECTION CANDIDATES--On Tuesday, the High School civics class will hold a mock election in the High School Auditorium. These young men will be representing political candidates as follows: (back to front, l to r) Freddie Vela - Bill Hobby, Scott Campbell - Fred Thornberry, Michael Isaac - Bill Clements, Eddie Flowers - George Strake, Robert Nowlin - Jim Hightower, David Pruitt - Mark White and Jeff Combs - Jim Collins. Portraying Lloyd Bentsen will be Todd Holt (not pictured).

KIM WAYNE MILLER

Miller Rites Conducted Here Tuesday

Services for Kim Wayne Miller, 23, of Clovis, N.M. were held at 3 p.m. Thursday, Oct. 28 at the Muleshoe Church of Christ with John Boor, minister, officiating. Miller was dead on arrival at West Plains Medical Center Tuesday, following a fall of approximately 151 feet, or seven floors, from a structure at TOLK Station where he was employed by Missouri Valley as an iron worker.

Burial was in Muleshoe Cemetery under the direction of Ellis Funeral Home of Muleshoe.

He was born September 9, 1959, in Guyton, Oklahoma and had lived in Clovis, N.M. two and half months moving there from Muleshoe. He married the former Terri Cole on August 14, 1982, in Muleshoe. He was a member of the Muleshoe Church of Christ. Survivors include his wife Terri; parents, Mr. and Mrs. Herbert Miller of Muleshoe; a grandmother, Connie Castleman of Amarillo; two brothers, Ronny Miller of San Francisco, Calif. and Mike Miller of Houston.

Open Letter To The Public

on tuesday, NOVEMBER SECOND we will "Voice" our opinions at the polls. We will choose one person to fill each slot, for the term specified.

I am a candidate for Justice of the Peace, Precinct One. Therefore, only Precinct One voters can make this selection, even though if elected, I will serve the entire county.

As Judge Williams so clearly pointed out in his

informative article, in all of Bailey County's history, we have had very few Republicans fill our county offices. I am running on the Republican Party ticket. I am asking you to consider my qualifications and those of each person on the ballot. When you make your choice, these qualifications should be your only guideline.

The office of Justice of the Peace is not always an eight to five, Monday thru Friday position, it could be, and is necessary to be called out at 2:00 a.m. I live a little over a mile from the Law Enforcement Center and would be available when a situation might arise.

This office also requires a great deal of patience, kindness and discretion. It is necessary to be firm and yet understanding. There is no room in this office for a quick temper, favoritism, or personal revenge. The office should be run in an efficient and businesslike manner.

If elected, I will attend any schools, seminars, or training offered to me, so I might better serve the people of Bailey County. I will dedicate myself to this office and prove myself to each of you.

"I am not bound to win, but I am bound to be true. I am not bound to succeed, but I am bound to live up to what light I have."

Abraham Lincoln 1809 - 1865

Please, consider my qualifications for this office and

give me your vote on Tuesday, November 2, 1982.

Proposed Rule Help Transport Elderly

The Railroad Commission has approved for public comment a new rule that would exempt motor bus companies carrying elderly, disabled, or handicapped persons under certain government programs from some Commission regulations.

The proposed rule would also allow the Commission to provide a certificate of exemption to a motor bus company that carries people to and from medical facilities, or where a governmental body pays for the transportation service.

Specifically, the rule would allow a motor bus company to provide these services without a Commission certificate of convenience and necessity, Commission-authorized routes or schedules, or a tariff of Commission-prescribed rates.

However, the proposed rule would not exempt any motor bus companies from current insurance or safety requirements.

Comments on the proposed new rule should be submitted to Rory K. McGinty, Assistant Director, Transportation Division, Railroad Commission of Texas, P.O. Drawer 12967, Capitol Station, Austin, Texas, 78711.

# Miss Freeman, Hamilton United In Marriage

**MRS. RANDALL DEAN HAMILTON**  
(nee April Lynn Freeman)

Miss April Lynn Freeman and Randall Dean Hamilton were united in marriage in a candlelight ceremony Saturday, Oct. 16 at 7 p.m. at the First Baptist Church. The Rev. J.E. Meeks read the double ring vows.

Parents of the couple are Mr. and Mrs. Thomas S. Freeman of Muleshoe, Sylvia Holm of Summerville, S.C. and Mr. and Mrs. Elbert Hamilton of Muleshoe. The church sanctuary was decorated with 15 branch brass candelabras. The "Lords Supper Table" was covered with a lace cloth and featured a 12 inch frosted memory candle with a wedding invitation inserted. The memory candle was flanked by a large bouquet of miniature burgundy carnations, dusty rose, baby pink and white carnations, tree fern and emerald and leather leaves. There were two pedestals on either side of the candelabra. The bouquets were made of dusty rose, baby pink and white carnations, burgundy miniature carnations and pink gladioli.

Miss Krystal Taylor of Muleshoe sang "He", "I Believe" and "The First Time Ever I Saw Your Face." She was accompanied by organist, Mrs. W.T. Watson of Muleshoe. Given in marriage by her father, the bride wore a white satin gown featuring an Alencon lace bodice trimmed in seed pearls and a high collar. The gown had Alencon lace sleeves and rows of ruffles on the skirt and extended around the edge of the chapel length train.

Her headpiece was sheer netting with a petal crown trimmed with seed pearls. Her cascading bridal bouquet was made of burgundy, dusty rose, and baby pink miniature carnations, baby's breath and lemon leaves. The bouquet was attached to a white satin covered prayer book, which was made and carried by her grandmother, Ms. Alfred H. LaParch when she was married in England during WWII.

A guest book table was placed in the church foyer. It was covered with a white lace cloth over pink. On the table was a white feather quill pen, guest book and

Mrs. Royce Hamilton, sister in law of the groom of Dublin served as matron of honor. Bridesmaids were Miss Tammy Graham and Mrs. Dana Lanham. Mrs. Hamilton wore a floor length gown made of burgundy Crepe D'Chene with a mauve lace belt. She carried a nosegay of miniature burgundy, dusty pink, baby pink carnations, white carnations and lemon leaves. The bouquet was trimmed with mauve colored ribbon. In her hair she wore a fresh flower headpiece of all three colors and baby's breath.

The bridesmaids wore identical floor length gowns of pink Alencon lace bodices and burgundy for the remainder of the gowns with puff sleeves. They wore headpieces and carried bouquets identical to that of the maid of honor. Miss Amanda Hamilton, niece of the groom, of Dublin served as flower girl. She wore a burgundy Crepe D'Chene floor length gown, trimmed with bodice and hemline ruffles. Her hair piece was identical to the other attendants. She carried a basket of love knots of burgundy and pink ribbons, which she sprinkled before the procession of the bride.

Bruce Hartline served as best man. Groomsmen were Royce Hamilton of Muleshoe and Ricky Hamilton of Dublin, brothers of the groom. Candlelighters were Gregory Hamilton of Dublin and Wayne Atkins of Nocona, nephews of the groom. Ushers were Tommy Atkins of Nocona, brother in law of the groom.

Members of the house-party included Mrs. Ronnie Shafer, Mrs. Dee Treadwell, Mrs. Ricky Hamilton, Mrs. Tommy Atkins, Miss Margie Carmona, Mrs. Sam Dameron, Mrs. Alfred Flores, Mrs. S. W. Inman and Mrs. Ernest Ramm. Following a wedding trip to Estes Park, Colorado (Rocky Mountains) the couple will make their home at Route 3, Muleshoe. For traveling, the bride chose lavender pants, multicolor camisole blouse and multicolor metallic belt.

The bride is a graduate of Muleshoe High School where she was in the National Honor Society, high school cheerleader, Columbia, S. C., FTA, Spanish

club, tennis team and DECA. Also a graduate of Muleshoe High School, the groom was a member of the Mighty 'M' Band, concert band, student council, writer's guild, tennis and is now employed at Hamilton Construction.

Following the ceremony a reception was held in the fellowship hall of the church. The reception table was covered with a lace cloth over burgundy. In the center was a epergen silver candelabra with four candles and a crystal flower bowl. The bowl contained burgundy, dusty rose, pale pink and white carnations, baby's breath and lemon leaves. A five foot white wedding cake trimmed in shades of burgundy and pink, handmade, white, burgundy and pink mints, nuts, and pink raspberry sherbet and gingerale punch were served.

Members of the house-party included Mrs. Ronnie Shafer, Mrs. Dee Treadwell, Mrs. Ricky Hamilton, Mrs. Tommy Atkins, Miss Margie Carmona, Mrs. Sam Dameron, Mrs. Alfred Flores, Mrs. S. W. Inman and Mrs. Ernest Ramm.

# Candlelight Ceremony Unites Miss Brenda Stevens, Clark

Miss Brenda Nell Stevens of Muleshoe became the bride of James Gary Clark of Canyon in a candlelight ceremony at 7 p.m. Saturday, Oct. 16 in the Canyon Hills Church of Christ in Canyon. Don Lacy, minister, read the double ring vows.

Parents of the couple are Mr. and Mrs. John Stevens of Muleshoe and Mr. and Mrs. James Ned Clark of Canyon.

A basket of blue and white silk roses, made by the bride's sister, Debra Gazaway, stood between a pair of seven branch candelabras in front of the church where the couple stood, facing the guests, as the recited their marriage vows.

Vocal selections were provided by Kathy Tutt and Lynette Shafer, both of Muleshoe. They were accompanied by Miss Tena Landers, also of Muleshoe.

Given in marriage by her father, the bride wore a formal length wedding gown of sheer-ganza with re-embroidered Chantilly lace accents.

Bridal taffeta formed the underskirt and gown was designed with an empire waist, Queen Ann neckline, long bishop sleeves and a full skirt. Inserts of lace, enhanced with tiny seed pearls and sequins, complemented the neckline, bodice, sleeves and skirt.

The full back of the gown ended in a sweeping chapel length train.

He double tiered finger tip length wedding veil of imported bridal illusion was fashioned by the bride's sister in law, Mrs. Davis Stevens of Canyon. The bride carried a cascade styled bridal bouquet of white silk roses accented with baby's breath and lace.

Candles were lit by Scott Clark, brother of the bridegroom and the guests were registered by Tena Landers. Ushers were Jerry Mann and Wayne Woody, both of Canyon.

Upon entering the church the bride presented her

mother a long stemmed blue rose and presented the groom's mother a matching rose as the couple left.

The bride's sister, Debra Gazaway of Wichita, Kansas served as matron of honor. She was attired in a blue formal length dress accented with lace. Flower girl was June Clark, sister of the groom, also dressed in formal length dress of blue velour trimmed in white.

Roger Evans of Canyon served as best man. He wore a blue tuxedo with white boutonniere.

Following the ceremony a reception was held in the fellowship hall of the church.

The three tiered wedding cake was trimmed with

white and blue roses and was accented with a miniature bride and groom. Cake and punch were served by Tammy Buckner and Lynette Shafer of Muleshoe, from the bride's table. The table was covered with a white lace tablecloth over blue which was made by the bride's aunt, Mrs. Louise King of Muleshoe.

The grooms table was covered with a beige lace tablecloth made by the bride's great grandmother. A white sheet cake trimmed with blue roses and coffee were served by Marilyn Harris of Muleshoe.

The couple will make their home in Canyon where the groom is employed with Allen Construction Co. of Happy and the bride is a sophomore student at West Texas State University and is employed with the financial administration department of the University.

The evening before the wedding the groom's parents hosted a dinner for the couple in the fellowship hall of the church.

## Studying role-taking can help to improve aggressive behavior

COLLEGE STATION — Aggressive boys may improve their behavior by learning to view a situation from another person's perspective, according to the results of a study conducted by a Texas A&M University graduate.

Jody Ann Gilberg, who recently received a Ph.D. in educational psychology, conducted the study with 30 boys aged 13-19 who had been identified by their teachers and counselors at a Southeast Texas private school as aggressive.

"Aggressive kids have difficulty viewing the world — including themselves — from another perspective," said Gilberg, who recently assumed a position as school psychologist with the Texas Department of Corrections Windham School System. "Our study helped the students to see themselves from the perspective of others. Before the study began many of the boys couldn't even understand what it was like to be in someone else's shoes."

## If you're concerned about rising grocery costs, here's something you can do about it.

On November 2, you can make a positive step toward helping hold the line on rising grocery costs.

Proposition 3, one of six proposed Constitutional Amendments which will be offered on the ballot, would correct the tax exemption for agricultural machinery and equipment. The effect of passage of this amendment will be to lower production costs for food and fiber. In the long run, this will be a positive step we can take to help hold the line on grocery price increases.

For you and for your family, both now and especially in the future, this may be one of the most important votes you'll ever cast.

### VICA Attends Leadership Conference

The Muleshoe Chapter of VICA elected officers for the 1982-83 school year. This year's officers are: President; Preston Langford, Vice-President; Rene Sandovol, Secretary; Connie Gomez, Treasurer; Aldo Almanza, Reporter; Holly Oakes, Parliamentarian; Raymon Sanchez, and Sergeant-at-Arms; Jessie Dariagar. Saturday October 9th the members and Mr. Shain went to the VICA Fall Leadership Conference at Wayland Baptist College in Plainview. It lasted from 9:00 a.m. to about 3:00 p.m. with an hour and a half for lunch. Before lunch, each officer went to an officer's training session that was presented by the state officers. The whole day was spent learning more about VICA and listening to guest speakers and planning for the future.

### FTA Holds Raffle

The Future Teachers of America members sold raffle tickets for Halloween pumpkins. The tickets were 25 cents each and the pumpkins were raffled off on October 29 during third period. There were three plastic pumpkins, each a different size and all containing both candy and money.

In the drawing held Friday morning, Randall Stevens won the large pumpkin, the medium pumpkin was won by Renee Copley, and the lucky winner of the small pumpkin was Coach Bob Graves.

The FTA will use part of the money earned on their pumpkin raffle to travel to Plainview for the District TFTA Convention on Thursday, November 4. Local FTA officers and those FTA members involved in the skits to be presented in the district officer election campaigns will leave school at 6:30 a.m. Those people running for an office are local president Jeff Hamilton, running for district president; local treasurer Sherri Bessire running for district FTA historian; and Darin Shaw running for state FTA representative. Michael Issac and Cristal Taylor are running for Mr. and Miss FTA and will be giving speeches at the convention. Good luck to these FTA members!

The Greek word for second-year college students, sophomores, is actually a combination of two Greek words meaning foolish and wise.

Senior civics students of Mrs. Jean Allison are busy at MHS preparing for a mock election which will be held on the day of the real election, November 2, at 10:00 a.m. in the high school auditorium. Each of the four civics classes will conduct one of the main state political campaigns and will act as the candidates for each race. Other students will be acting as leading political figures, body guards, members of the press, as campaign chairmen and workers, decorating committees, advertising committees, and as election day workers and judges.

The civics students' mock election will be presented for junior students at high school and for anyone interested in learning about the issues. If you have been wondering whether to vote for republican Bill Clements or democrat Mark White for governor; for Lloyd Bentsen, democrat or Bill Collins, republican, for U.S. senator; or have questions about any of the other races, please come by the Muleshoe High School Auditorium, November 2, 10:00 a.m. and learn more about the issues. You will be guaranteed an enlightening, as well as an entertaining morning.

To begin their election activities, civics students are participating in a "Get-Out-The-Vote Campaign". Each student has written short essays on the importance of voting which will be given over radio station KMUL and TV station Channel 6. A few excerpts from these essays follow: Kristi Ethridge commented, "Laziness is one of the prime reasons why Americans do not go to the polls and vote. They don't want to take the time to go and vote. Another excuse is that their vote does not matter anyway, or

it will not affect the turnout of the election". Dana Rasco commented, "We have a privilege in our country called voting. By voting we are able to choose who we want representing us in our government".

Joni Sudduth stated, "People who are willing to try and improve our government are the ones who get out and vote." Henry Carrion said, "Most Americans do not vote because they are not registered, and feel their vote will not count in the elections". Finally, Berto Orozco felt that "Voting is important because if a person wants something done for the good of the country, he must vote and get a person in the office who will do the job".

On your way to the polls Tuesday morning, stop by the high school auditorium, learn more about the issues, and then exercise your most precious right as a citizen of the United States-VOTE!!!

### MT Sales End; Production Begins

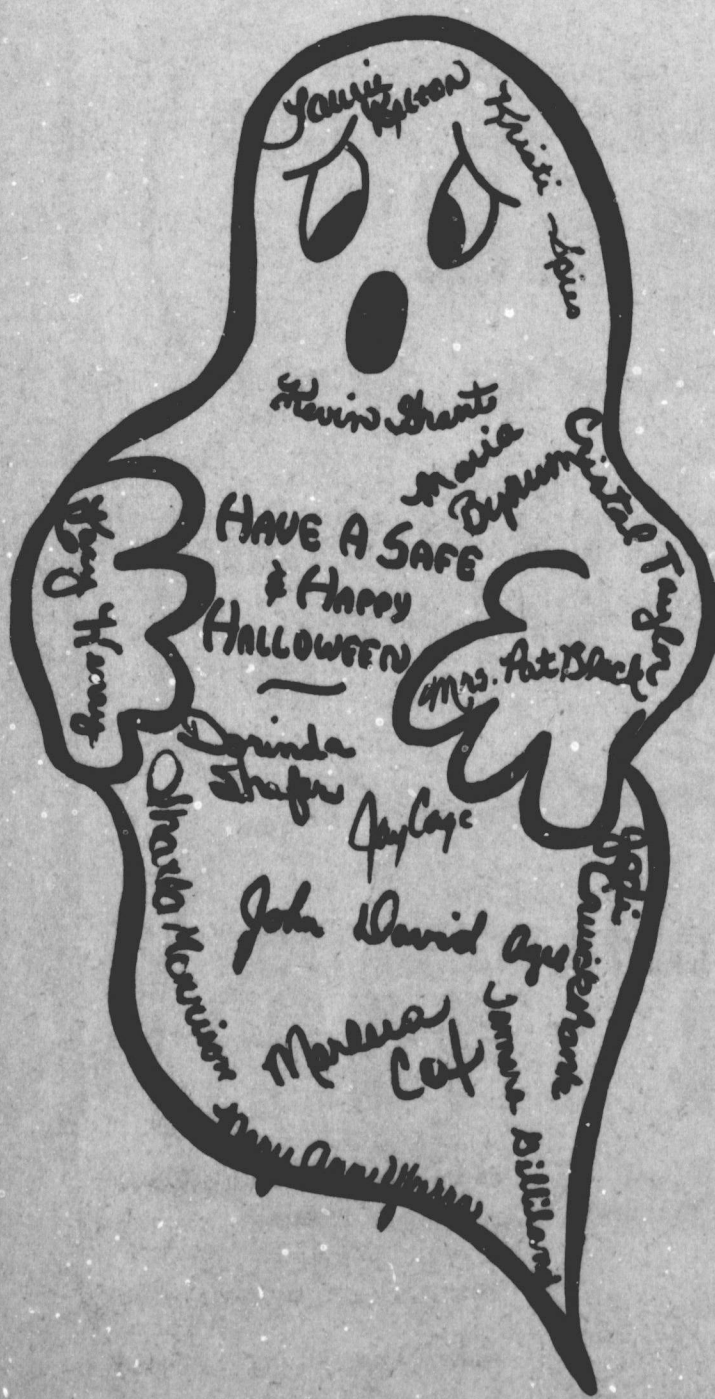

The 1983 Muletrain advertising campaign has been successfully concluded. The staff would like to express their gratitude for the support that was received from the area businesses. Members on the staff include: Sharla Morrison, John David Agee, Jay Cage, Marleea Cox, Tamara Gilliland, Kristi Spies, Kacy Henry, Cristal Taylor, Mary Ann Ybarra, Dorinda Shafer, Maria Bynum, Kevin Grant, Laurie Kelton and Jodi Cruickshank.

The revenue received from the advertising allowed the Muletrain Staff to produce an annual which will be treasured by the MHS student body. A portion of these funds also has been used to purchase a new film enlarger. This addition to the dark room will provide the staff with improved pictures and will enhance the quality of the 1983 yearbook.

Kirchhoof Republican will be running against incumbent Bill Sarpalius Democrat.

## Rally...

Cont. from Page 1

Dale Hughes is in charge of sound equipment, and there will be special music, as well as colorful decorations to set the stage and atmosphere for the elections.

The rally will consist of a lively press conference with students acting as members of the press, placing the candidates "on the spot." Candidates will have several students assisting by acting as political figures speaking for them, followed by the actual candidates' speeches.

Mrs. Allison states: "If you have been wondering who to vote for, and are undecided about the issues, come out to our mock election on Tuesday prior going to the polls."

Much work has gone into this presentation, and the senior students have researched the issues and both issues and candidates will be presented in an interesting and professional manner. "We hope the morning will prove to be one of enlightenment as well as pleasure, since the senior students have put out a great effort to produce this mock election. Be sure to be there next Tuesday.

ocratic and Bryan Denson of the Libertarian party. State Representative District 85 is an open race with James E. 'Pete' Laney being the only candidate on the ballot. He is running under the Democratic banner.

For the local and Bailey County citizens, voting, voting boxes will be located exactly as they were in the May 1 primaries, EXCEPT,

three for littering and three for minor in possession, also four for disorderly conduct and four for public intoxication. The results of these trials will be published in the next Municipal court report.

In Justice Court, Justice of the Peace, Tana Holmes has reported filing 21 cases for the period from October 19 to October 26. Nine of those cases were for speeding, three for operating a motor vehicle without a license and three for violation of written promise to appear. Two each were filed on defective stop lamps and being over registered weight. One case each was filed for failure to yield right of way, non-valid right of way, non-valid MVI's, and exhibition of white lights to the rear of a vehicle.

Judge Holmes disposed of 33 cases during the period in question, with thirteen of the disposals and fines paid being for speeding violations. Five cases were disposed of involving violation of written promise to appear and three each of the following violations were disposed of: operating a motor vehicle without a license, being over registered weight and being over allowed gross weight. Two cases were disposed of involving defective stop lamps and one each on the

following charges: non valid MVI sticker, disregarding no passing zone, defective mud flaps and one for no Texas commercial operator's license.

**Mounting illiteracy threatens democratic process**  
COLLEGE STATION — A mounting illiteracy crisis threatens to create an educated elite in which fewer Americans have great influence in public policy decisions, says a university professor.

"Our country hasn't really begun to cope with the illiteracy problem," said Dr. David Stewart, professor and head of Texas A&M University's English Department, "yet a person can't develop very far in this kind of high-tech society without skillful reading abilities."

"As the percentage of educated people shrinks, more and more of the uneducated will be excluded from public policy decision-making," he said.

Stewart said while more Americans are literate today than ever before, the number of illiterates is also larger and growing more rapidly. Today, 23 million Americans — one in five adults — are functionally illiterate, or haven't acquired reading and writing skills necessary for daily living. More than a third of the adults haven't finished high school and 13 percent of those who graduate only obtain the language skills of a normal sixth grader.

EDITORIAL

Journal's Choice

Governor Bill Clements is our choice on a list of candidates that indicate a conservative versus liberal trend.

Gov. Clements has a good track record while Mark White is using an old political ploy of knocking big business.

Actually, Texas' utility companies have good bond ratings and are among the nation's strongest because the Public Utilities Commission realizes that cheap rates today could mean big increases tomorrow.

As President Marvin Meeks of the American Agriculture Movement said when he endorsed Gov. Clements, "I want what's best for my farm and with Gov. Clements close association with President Reagan, he can do more for my farm than Mark White."

Sen. Lloyd Bentsen has made great strides in recent months to create a conservative image. However, his voting record, including being for the Panama Canal giveaway, leads us to support Jim Collins.

George Strake is our choice for lieutenant governor. Lt. Gov. Bill Hobby has been in office for ten years and offers a state financed water program that is vital for this area.

Another choice is Fred Thornberry for agriculture commissioner. Thornberry, an A&M professor and research scientist is running against Jim Hightower, former aide to Sen. Ralph Yarborough. Hightower, as editor of the leftist Texas Observer and a liberal consumer activist, does not have the background for the job.

There are some interesting candidates running for county offices an obvious benefit of the two party system.

Everyone should vote their own conviction and take advantage of the privilege of being able to express a choice of candidates.

Mortgage Rates

First, Beat Inflation

Hold on, we know this sounds funny: Mortgage rates are coming down.

Coming down quite a bit in fact — some three to five points since mid-year, which means \$150-\$200 a month less to buy a \$60,000 home. In consequence home sales are picking up again.

Housing industry experts are unsure how long the trend will last. Mortgage rates have fallen less precipitously than the prime rate, because mortgage rates are long-term commitments, and lenders understandably want to know that, however hopeful things look today, they won't get stung down the line.

Which is another example of how everything, economically speaking, depends on America's willingness to keep on controlling

inflation. Price stability means, among other things, interest-rate stability. Such economists as deny that we will ever return to 6 percent mortgages mean really that inflation won't ever be low enough again to tolerate such a blissful state of affairs. Yet such a state we revealed in during the '50s and '60s, when inflation was 1 or 2 percent.

The pressure from the left is on Ronald Reagan and Congress to reinflate — by way of bringing down joblessness. Hokey. This is the way to bring on financial collapse. When Americans believe once more in the dollar and its long-term prospects, that is when the economy will recover. Just as it's doing now, come to think of it.

Drug makers will respond quickly to the deaths caused by cyanide-laced Extra Strength Tylenol and begin selling "high risk compounds" in tamper-resistant packages early next year, the government said recently.

NEWS REPORT FROM WASHINGTON

Brezhnev & March - His Promise - The Record - The Warning.

WASHINGTON, D. C. -- Back in March, Soviet leader Leonid Brezhnev made a speech to the United Nations which captured the attention of the world. The Russian announced his country would never use nuclear weapons first.

He also pledged Russia would unilaterally freeze deployment of medium-range nuclear missiles in Europe. Even though the Russians already had some 600-plus deployed there, that was a hopeful note. The world welcomed both the pledge not to use nuclear weapons first and the halt in deployment of more medium range missiles in Europe.

Now, however, U.S. intelligence reports the Soviets have continued the deployment of nuclear missiles in eastern Europe — aimed at western Europe, Africa and other targets — on a massive scale. It's estimated the number of their missiles now in place is about 900!

What seems to be happening is that the Russians are currently deploying about the number of medium-range missiles the United States plans to deploy there beginning next year. They had an edge of about 600 to 0. If the U.S. goes ahead with plans to deploy several hundred mediums in allied western European countries, the USSR margin will still be about 500 to 600. So the Brezhnev pledge was propaganda. It took in many gullible, well-meaning Americans, especially youngsters and women rightly worried over the possibility of a nuclear war.

In fact, even before the Brezhnev pledge, there were a growing number of Americans demonstrating in the streets and elsewhere against the production of nuclear weapons. Their rationale is that if this country stops producing them, there can be no nuclear war. But Russia's history of

expansion and aggression worries Pentagon, White House and congressional leaders charged with the

responsibility of the nation's defense. These officials have read intelligence reports that the Russians completed three major missile bases in eastern Europe between March (when Brezhnev spoke) and September.

The nuclear freeze movement in the U.S. gained momentum as a result of Brezhnev's propaganda. That's exactly what the Russians intended. The good, gullible, trusting and naive people jumped at this expression of peaceful intentions. They demanded that the U.S. do even more than what the Russians said they were doing.

Now, it turns out, the Russians have actually continued to expand their nuclear arsenal and bases while talking peace. They have, as usual, taken advantage of the free press and free expression and reporting in America to hoodwink and dupe the impressionable.

The Russians obviously believe democracy is incapable of defending itself against such totalitarian tactics. Only the future will prove them right or wrong. At the least, they have made it harder for this country to continue its effort to keep pace with Russian nuclear armament. In western Europe, communist-influenced anti-nuclear movements are even stronger; some allies there are refusing to station any nuclear missiles on their soil.

CAPITOL UPDATE

John Tower U.S. SENATOR for TEXAS 142 RUSSELL OFFICE BUILDING WASHINGTON, D.C. 20510

Two years ago the American dream of home ownership seemed more of a nightmare to many young families and those entering the housing market for the first time. The combined effects of housing shortages, high interest rates and double-digit inflation frustrated many who had saved for a long time to purchase a home, and, for the most part, completely eliminated them from the immediate housing market. Some delayed this financial commitment, and others simply gave-up any hope of home ownership, at least for the near future.

However, recent economic news and action on related fronts are having a positive effect on the housing market, reviving the dream of home ownership.

Inflation has, perhaps, one of the greatest impacts on the housing market. Two years ago, our nation was crippled by a climbing inflation rate of 12.4 percent annually. The efforts of the Reagan Administration, the Federal Reserve Board and the Congress have cut this unacceptably high inflation rate in half. Today, inflation is averaging an annual rate of only 5.1 percent.

While a reduction in inflation alone is not enough to turn around the housing market, it has had a positive impact on other factors which contribute to the lag in the housing industry. For instance, it has shepherded a drop in the prime lending rate.

In January, 1981, less than two short years ago, the prime lending rate was at a time high of 21.5 percent. Today, the current prime lending rate is 12 percent. Because interest rates on home mortgages, in many instances, are related to the prime lending rate there has been a domino-type effect on the number of families and individuals who now can qualify for a home mortgage.

As an example, in October, 1981, mortgage rates on the average FHA/VA loan (\$55,000, 30 year fixed rate loan on a \$63,000 house) were 17.5 percent. Today, the same loan would have a 12.5 percent interest rate. This means that the average monthly mortgage payment has fallen from \$807 per month in October, 1981, to \$587 per month in October, 1982. That is a 27 percent decrease in just a year. This same trend exists for fixed rate conventional mortgages, where rates have dropped at many financial institutions to 14.5 percent, from a high of 17.5 percent, translating into an approximate \$130 reduction in monthly payments on a conventional mortgage.

The decline in the monthly mortgage payment means many families and individuals who could not qualify for a mortgage at the high interest rate, can now qualify because the monthly payment is within their budget guidelines.

Additionally, the Department of Commerce recently released some encouraging statistics on the number of housing starts for September, 1982, indicating that the improvement in mortgage rates has stimulated the homebuilding industry. In September, 1982, housing starts climbed 14.4 percent to an annual rate of 1.146 million units. This figure reflects a 34.2 percent increase above the October, 1981 trough. Permits for new construction climbed 40.7 percent since their low of last October.

Thus, the domino-effect continues. Improvement in the housing industry will stimulate the economy. This stimulation, in turn, could further decrease the rate of inflation. A reduction in inflation could, once again, affect favorably the bank lending rates, with an end result of even lower mortgage rates and more families and individuals qualifying for home mortgages.

However, until the recent trends continue for a longer period, we should remain cautious in our optimism. Our economic woes are the result of many years of poor and, in some cases, ill-advised policies. What our nation needs now is a continuation of those policies which have brought about this improving economic climate.

The sign of wisdom is one's willingness to listen and learn.

An appointment, at a specific time, means nothing to some people.

Difficult times demand wise decisions... and strong decision-makers like Lt. Gov. Bill Hobby.

Texans are facing some difficult times. Now, more than ever, we need experienced, compassionate leaders in our state government.

We need a leader like Lt. Gov. Bill Hobby who has our interests at heart. Here's how Hobby stands on the issues concerning Texans:

JOBBS.

HOBBY is working to create more and better jobs for Texans. He is making sure jobless Texans receive their full unemployment benefits. He is working to increase the efficiency to the Texas Employment Commission. He is stimulating economic growth and new jobs through responsible state spending and one of the lowest tax rates in the nation.

CRIME.

HOBBY is for strong laws and certainty of punishment of criminals, backed by better training and pay for our police officers. He is helping upgrade our courts to speed up trials of accused criminals. He is for improving our prison system and parole system.

EDUCATION.

HOBBY will not be satisfied until our education system is the best in the nation. His efforts to improve the quality of public education for your children and grandchildren begin in the classroom. He is for improving teacher salaries and benefits. He is for giving more control to local school districts.

## Mules vs. Friona

Cont. from Page 1

Shaw out with a hip injury, Coach Williams put in Mark Moton, a sophomore, who had no varsity ball playing experience. While apt, and fast, Moton, just did not have the experience necessary to fill Shaw's shoes and this mistake led to be a tragic mistake in coaching for Muleshoe. Williams, by the way, takes full responsibility for the error. "Don't blame the loss on the kids, because this one is the coaching staff's. We should have been more careful in our decisions, not only with the substitution, but with some other calls."

Just barely into the second quarter, a Gonzales pass was intercepted by quarterback Bruce Patterson, causing the Mules to lose possession on their own 32. From there, the Chiefs moved the ball on up to the position where on a 4/23 situation, due to penalties and lost yardage caused by the swarming Mule team, Montoya put a foot into the ball, sending it 43 yards out of the end zone for a field goal tallying on three points to their first six and making the score even closer by Mules 10, Chiefs 9.

The Mules failed to move the ball over 18 yards in their next possession and had to give it up on their own 38 where Gonzales punted on a 4/1 racking up a 32 yard punt into the wind.

From that point on, with 1:54 left in the third quarter, the Chief went on the warpath, getting tougher as the Mules got tough on defense again, holding them to a minimum of gaining on ground yardage. However on a 3-3 situation on the Mule 14 yard line, the Mules drew a face mask penalty which moved the ball half the distance to the goal line where a Patterson handoff to Garza set up another Friona touchdown, putting the Chiefs ahead of the Mules 15-10. The point after try was made for two and Eioy Caballero took the pigskin over for the two extra points, putting the score further up the ladder.

The Mules rallied slightly just into the fourth quarter when Hamilton recovered a fumble by Fleming of the Chiefs. Hamilton, Paez and Orozco began to move the ball on the ground, but on

a 4th and five could not come up with the extra inches needed for the valuable first down.

With time running out, the Chiefs began to hold the Mules down to minimum gains, double teaming receivers and pressuring both them and the quarterback, Gonzales.

Turnovers, fumbles and inexperience, as well as coaching errors were costly to the Mules, but as always they haven't given up. They are looking forward to the next Friday tilt with Tula and the outcome of the other district games that night, which could very well end up with a three-way tie for second in the district.

## 'Make And Take' Workshop Planned

If parents would like to learn how to do things at home that will help further their kindergarten child's education and might wonder what can be done to get your child ready for kindergarten next year: Then come to the "Make and Take" Workshop on Tuesday evening, November 2 at 7:30 at the Dillman Elementary School Cafeteria. Teachers and aides have worked hard to prepare an interesting and useful workshop in which parents can become involved in making things to take home and help their children.

"Prunella" will explain how children learn and how parents can encourage their learning, after which parents will participate in group sessions where all materials will be provided for them to make simple learning devices to use at home.

Muleshoe F.H.A. members will be on hand to care for small children while the parents participate in the sessions. Refreshments will be served.

Please set aside this time to come and get involved in helping your children to be better students.

Work. Also, students in Free Enterprise have won numerous awards the past two years for spreading the knowledge of free enterprise to public-school age students.

## St. Ann's Church Will Sponsor Annual Dinner

**Lisa's Lines**  
by Lisa Hamilton

So far it has been a quiet week. We are all keeping an eye on Mrs. Barrett, who's baby is due anyday now. The Annual Staff would like to wish Mrs.

Barrett well. Mrs. Barrett was also teacher of the week.

The annuals will go up to \$9.00 on October 29, which is soon, so hurry so you won't have to pay an extra dollar. After November 19, no more annuals will be sold and NO EXTRA ANNUALS WILL BE ORDERED. When we have our annual signing at the end of the year, you will be sorry if you haven't bought an annual. The Annual Staff will be getting busy soon when the pictures come in although things are pretty hectic now and we are just getting organized.

This week when the seventh and eighth graders play Friona, the game will be here. Everyone is invited. Jr. High will hold their last Pep Rally on October 28, 1982. I'm sure there will be lots of yelling but that's only natural. So close your ears and come!

Keeping an open mind should not be confused with having a hole in your head.

**Scratch Mules**

The seventh grade Mules played the Littlefield Wildcats October 21, on the Wildcats home field. The Wildcats scored the first touchdown with a long touchdown run that made the score 6-0 in the first quarter.

The Mules defense held tough until the last of the second quarter, when the Wildcats scored a short touchdown run that made the score 12-0, Wildcats, after the first half. The third quarter was scoreless, but in the fourth quarter, the Mules Russell Brown blocked a punt off his helmet to give the Mules possession on the one-yard line. The Mules Armando Del Toro ran it in on the next play to make the score 12-6, Wildcats. The Mules two point conversion failed, but barely, on Armando Del Toro's second effort. The Mules held tough but couldn't hang on as they lost 12-6.

The Mules play Friona on our home field October 28, on Thursday afternoon at 5:00. Everybody is encouraged to come out and support the Mules Thursday afternoon.

You are not your neighbor's keeper, but you can put in some time trying to be your own keeper.

**MJHS Coaches Comments**

**DIMMITT.**  
The team played one of its best games of this year but was defeated by the Bobcats 26-12 Thursday.

**Teacher of the Week**

This week's Teacher of the Week was Mrs. Stephanie Barrett. Mrs. Barrett teaches 7th grade math. She says that she has always enjoyed teaching and loves math. She stated, "I enjoy working with young people in school."

This is Mrs. Barrett's first year to teach. She went to high school here in Muleshoe. She also attended West Texas State University and Eastern New Mexico University, where she received a B.S. degree in Secondary Education. Mrs. Barrett is married and has no children. Her hobbies are reading, cooking, and crafts. CONGRATULATIONS to Mrs. Barrett.

Oct. 14. The Mules jumped out to a 12-0 lead in the first quarter on a kick-off return by Joel Leyva and a touchdown run, after a Dimmitt fumble, by Armando Del Toro. The boys played well, but Dimmitt had a fine football team and came back and scored 26 points in the next three quarters while the Mules were unable to get into the end zone again after their fast start.

We are improving greatly each week but the breaks just haven't gone our way. Outstanding players against Dimmitt were Joel Leyva on offense for his K.O. return and carrying the ball well several times. On defense, Jesus Agundis played a good game at line-backer for us. LITTLEFIELD.

The seventh grade played a good ball game against Littlefield Thursday, October 21, but came short in the score again. We played a good Littlefield team and just barely got beat by a score of 12-6. The team has been improving weekly, but the breaks haven't come our way. We played one of our best games of the year and

several people played well. Armando Del Toro ran the ball well and scored our only touchdown behind the solid blocking of Sergio Gonzalez and Jesus Agundis. The defense played well behind the solid playing of line-backer Russell Brown and Eddie Salinas. Jerry Bob Graves had a good game at outside line-backer. Overall, it was a good team effort, but we just couldn't get the ball in the end zone enough to win.

**8th. Mules-0 Wildcats-22**

The eighth grade Muleshoe Mules played the Littlefield Wildcats Thursday, Oct. 21, at Littlefield. The Mules were defeated, 0-22.

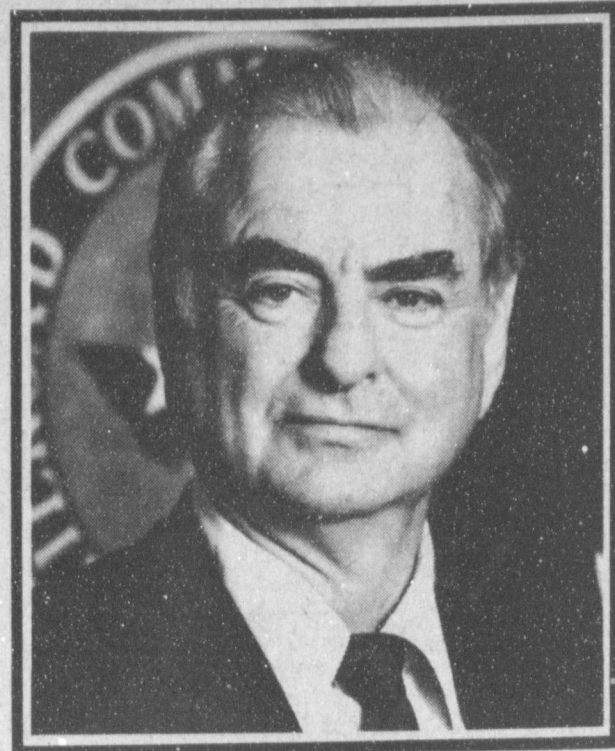

In the first quarter the Wildcats made a touchdown and soon after made two points by a safety.

In the second quarter, both defensive units held tough and no one scored.

In the third the Wildcats scored and made the extra two. The Wildcats defense held tough and the Mules couldn't score.

In the fourth quarter the Wildcats once again scored. Despite real effort, the Mules still couldn't score.

Halloween is a very old holiday, dating back hundreds of years. It began in the Church and to the Church it really belongs, for it is properly All Saints' Evening; hal-low meaning holy or sainted in old English. This ancient Holy Day was appointed as a special time to remember relatives, friends and Church leaders who had died. The ghostly ghostly part came in when the day was separated from its Church context and became only a day for Jack-O'-Lanterns, Hobgoblins and Ghost stories. The truth of this day remains even though we have forgotten what the day means. What a comfort it is to be able on this day and every day to think of one's departed loved ones as being safe in the presence of a loving God. The teaching of the Bible, taught lovingly by the Church, is that nothing either present or to come, either visible or invisible, even death itself, can separate us from God our Father.

## TSTA Hears Former Iranian Hostage

On Tuesday, October 19th, twenty members and guests of the Muleshoe Local Unit of The Texas State Teachers Association attended the District XVII Convention in Lubbock, Texas, held in the Lubbock Memorial Civic Center.

Kathryn Koob, former American hostage in Iran, was the keynote speaker at the banquet. In his introduction of Ms. Koob, former TSTA President Dick Lawson, mentioned the fact that many Americans may remember Kathryn Koob as she sang "Away in a Manger" to her nieces in a videotape shown here in the United States during the hostage crisis.

Koob's presentation, "An American Hostage Counts Her Blessings", spoke of her varied background which ranged from growing up on a farm in Jubilee, Iowa to teaching in Harlem in New York City. In 1969 she joined the United States Information Agency and became the Executive Director of the Iran/America Society. This job promoted the exchange of educational and cultural ideas between the two countries. Since returning to the U.S. from 444 days

as a hostage in Iran, she has joined the Foreign Press Center in Manhattan.

Ms. Koob stressed the idea "that education is a world-wide concern", and urged educators present to teach students to think critically, independently, and to be aware of points of view. She also expressed her concern that students must be taught that "different is not better or worse-- just different." It is advisable to make students aware of the cultural context of other nations' actions. As an example, she used the Iranian women in their long black veils who seem so "backwards" to the casual observer from the U.S., but those same women are still doctors, lawyers, teachers, social workers, etc.

In speaking of the hostage crisis, she mentioned several times that in Iran there was a deep-seated hatred of the American government, not of the American people. She said the Iranians wanted our "blue jeans and our technology", but they felt that the U.S. government was responsible for the actions of the Shah. They saw the Shah as a puppet of the American government. It

was even widely believed that the U.S. had trained the Shah's secret service men. Within this context, however, she stressed that the cultural traditions of the Iranians demand a hidden cause to blame for whatever happens. Before the U.S., it was England; and probably for the next 35-50 years, the American government will be blamed for what's wrong in Iran unless some other convenient scapegoat comes along.

In speaking of her experience as a hostage, she said, "It could have been a lot worse than it was." She remembered asking one of the student terrorists, "What good will it do to return the Shah to Iran?" and the answer she got was, "He must pay for his crimes."

Koob was positive in her statements about the United States. She, "The United States is not 100% right, but we've never been afraid to face facts. We are responsible for our actions and we accept the consequences of them. We are open to change and to new ideas." She stressed that teachers must teach students to be responsible and to accept the consequences

of their actions. Kathryn Koob completed her comments about her blessings in the United States with this memorable quote, "If the rest of the world wants to say we're on the downhill slope, just say we're gathering speed to conquer the next mountain!"

### Cotton-Loan Equities Bring \$5-\$15 Per Bale

Marketing of High Plains 1981-crop cotton centered around light equity trading at \$5 to \$15 per bale since late August. New-crop sales have amounted to a limited volume of mostly grades 42 and 52, staples 31 and 32, mikes 33-38 at 150 points over 1982 Commodity Credit loan rates. Gins paid growers \$55 to \$65 per ton for cottonseed.

Harvest-aid-chemicals were applied to small acreages in Lynn, Terry and Yoakum Counties around October 1 and slightly earlier in Dawson and Gaines Counties. Most High Plains cotton producers are expected to wait for a freeze kill. The northern half of the High plains experienced freezing temperatures Wednesday morning. Ginning has been slow and most gins involved have no serious back logs.

USDA's Marketing Services Office at Lubbock had classed 3,043 samples for the 1982-83 season by late Thursday, October 21, according to Mack Bennett, Area Director. This compares with 510 samples classed by the same date last year.

Predominant grades for the season were grade 32 at 13 percent, grade 42 was 47 percent and grade 52 made up 17 percent. About 10 percent of the samples were reduced one grade because of bark and eight percent for grass, Bennett said.

Predominant staples were staple 30 at 19 percent, staple 31 was 48 percent and staple 32 accounted for 18 percent. Average staple was 30.9 thirty-seconds of an inch.

Micronaire 35-49 amounted to 57 percent, 33-34 was 17 percent, 30-32 accounted for 16 percent while 27-29 was four percent for a season's average of 35.

Average breaking strength a week earlier was 23.5 grams per tex.

Cotton harvesting has been completed in south Texas while central Texas has reached the scrapping stage.

## THOMAS S. FREEMAN BAILEY COUNTY JUDGE

So the people may know  
and now, the rest of the story

Judge Williams said our county was in good shape because we have SEVERAL Hundred Thousand Dollars in the bank. He also said the county NEVER had an unbalanced budget, and yet the county had to borrow \$75,000 from the First National Bank in 1980 so it could meet it's General Fund obligations. Do you know:

1. Much of that money in the bank is from Revenue Sharing Funds?
2. As per County Commissioner Minutes. These monies are tentatively earmarked for several projects.

- A. Remodel or additions to the courthouse for additional space for the 287th District Court, Judge Jack D. Young presiding. Architects have been hired to make estimates - (Page 434 Commissioner Minutes)
- B. Seal coat FM Roads.
- C. Purchase new ambulance or equipment.
- D. Purchase new road equipment.
- E. Supplies and equipment for Senior Citizen groups.
- F. Furnishings for and improvements to Exhibition Center and Coliseum.

These projects will exhaust the funds Judge Williams referred to as being in the bank drawing interest. If I am elected, I will insist that all Capital expenditures for new construction or major remodeling be presented as a bond issue for voter determination. I feel this is our best course of action since we are already saddled with large capital expenditure debts that are not paid for; the coliseum and the county jail. We should pay off these bonds with Revenue Sharing Funds before we take on additional burdens.

Judge Williams admits that our tax base is eroding. What he fails to tell you is when your taxable property starts decreasing in value there will have to be an increase in taxes to keep up with the level of spending. Other options would be to cut spending or operate more efficiently. But good luck on either, since the county judge and commissioners have never said they would not raise the tax rate. The 1983 budget again shows a tax rate increase - THE TWELFTH YEAR IN A ROW.

If I am elected I will run the county as a business, meaning that budget planning will be formulated so that budget planning will be formulated so that maximum services are provided within tax rates that are reasonable. As a major in the Air Force, I was exposed to multi-million dollar budgets. I had to learn strict budgeting procedures, how to develop plans for future application, and how to manage effectively. A weakness in any one of these areas causes problems in others.

Bailey County does not, by any stretch of the imagination, have a well developed budget. It is oversimplified to the point where it loses its value as a management tool. It is not comprehensive enough. We have no formal plans for the future of Bailey County. Why wasn't the county involved with the new airport? The city did all the work and yet this new airport will provide access for larger aircraft which is attractive to many industries and eventually affect the tax base of the county. Why hasn't the county looked for a better way to manage its road system?

Why hasn't the court done a study on a unified county road system and presented the results to the voters? This system has been received very favorably by counties that have instituted it and it's success rate is very high.

The commissioners and county judge recently told certain county employees that a 7% cost of living increase was "out of the question" because the county was broke. (A contradiction of the judge's original statement that the county was in good shape.) Yet from 1973 to 1982 the county judge and the commissioners have increased their salaries 10% each year. (This goes along with the 12 consecutive tax increases.) The guidelines set forth in the Civil Statutes of the State of Texas, Article 2350, indicate that based on a county's assessed valuation of 71 million dollars (1981 Assessed Value) their salaries should have been \$3,600. It is obvious to me that the State Legislature intended for this to be adequate compensation for the amount of time and effort required to operate a county of this assessed valuation. I am sure that the Legislature also hoped that the commissioners would feel a little civic responsibility along this line. Muleshoe City Council members receive a one dollar a year salary for their efforts, gladly give of their time and have as much responsibility as the county commissioners. At any rate, by 1981 the commissioners raised their annual salaries to \$9,301. They were raised to \$10,045 in 1982.

The real zinger is the travel expense they collect. Texas Civil Statute, Article 2350, allows for \$75 per month for travel expenses and auto depreciation for official travel within the county.

Travel pay is only applicable to counties that do not have automobiles or trucks or other means to provide travel expenses for its commissioners while on official business within the county. the commissioners have raised their travel allowance to \$3,000 per year, each. That's tax free, too, and no proof of travel performed is ever submitted to the county treasurer for payment. Apparently they just collect it monthly as a matter of course.

Judge Williams is well meaning in his comments to help his fellow politicians get elected - but - it is time to return control back to the hardworking, taxpaying people of Bailey County. I am not a professional politician, but I can tell you what I know as a fact since I have seen enough of the commissioner's court in action, reviewed budgets and audit reports and read the minutes of the commissioner's court meetings, going back more than twenty years.

These are some of the facts as they stand and they are easy enough to check.
