SPANISH FORT BOY IS KILLED BY TRAIN HENRIETTA TUESDAY

Howard Morris, 21, son of Mr. and Mrs. M. C. Morris of Spanish Fort, Montague county, was killed by a Fort Worth & Denver City passenger train early Tuesday morning near the water tank as he alighted from a freight train which was going south, the passenger going north.

His remains were prepared for burial by the Moore Undertakers and were removed to the family home for interment Wednesday in the family burial plot.

Mrs. J. E. Hatcher (nee Miss Rada C. Dickens) taught Howard in the primary grades, she having taught in that school for ten years prior to removal to Henrietta. She stated Howard was a model pupil, and his death by this means was a great shock not only to his immediate family but to their many friends.

SINGERS TO MEET SUNDAY IN CONVENTION AT RINGGOLD

The Southwest Montague County Singing Convention will hold the September session at Ringgold Sunday, September 23, beginning at 10 o'clock A. M. Singers from Montague and adjoining counties and Oklahoma will take part on the program as will those representing music companies of the south.

All singers and lovers of gospel singing are invited to attend. Come spend the day in singing praise to Christ in song.

MISS MADELINE HARDING TO PARTICIPATE IN PAGEANT

Miss Madeline Harding has been chosen to participate in the pageant to be given at the Wichita County Fair at Iowa Park, Sept. 26. The Pageant portrays the Texas History in seven episodes. The exhibition will be given at the new football stadium at night and will be carried to the audience through a loud speaking system.

Due to Miss Harding's radio experience, she has been given the part as "The Voice," in the pageant.

COLLEGE STUDENTS LEAVING

Many students have left for various colleges in the state and one in Kentucky for the school term. The following have left, Bessie Pearl and Gertrude Payne and Willie Jones to N.T.S.T.C. at Denton; Dorothy Householder State University at Austin; Margaret Duff and Bonner Cummings, Texas Tech, at Lubbock; Lorena Hopkins, W.T.S.T. College, Canyon; Mary Nelda Vaughter, McMurry College, Abilene; C. Berry Whitehurst, E.T.S.T. College at Commerce; Myrtle Norman to Asbury College, Kentucky; Douglas Gant and Bessie Mae Grundy, will go to Draughon's Business College at Wichita Falls.

REV. W. I. McCLUNG, JR. WRITES FRIENDS FROM PANHANDLE

A card from Rev. W. I. McClung, Jr. former pastor of the Baptist church at Petrolia, but now pastor of the First Baptist church at Panhandle, says "we like out here fine; church is better than I expected, about 175 in S. S., building \$45,000 and fully equipped. We are happy in our work. Having additions every Sunday. Would like to have Leader out here. Please send it. Best regards to you and family and all Clay county friends."

Rev. McClung and family made many friends here and all join us in wishing them much joy and continued success in their new field of labor.

Last Services Held Thursday For Clay County Woman

Funeral services for Miss Mary H. Dunn, 79, pioneer of Charlie, who died at 4 o'clock Wednesday morning in a Wichita Falls hospital, were held at 3 o'clock Thursday afternoon from the chapel of the Hines mortuary in Wichita Falls. The Rev. Gaines B. Hall, pastor of the First Southern Presbyterian church officiated. Burial was in Riverside cemetery.

The parents of Miss Dunn, Dr. and Mrs. James Dunn, were among the earliest settlers of Clay county, moving here from Virginia in 1840. Miss Dunn for the last three years has been confined to a hospital.

There are no known survivors.

"HORNET STING" ELECTS STAFF FOR COMING YEAR

Dwight Barry was made editor-in-chief of the "Hornet Sting," the Byers school magazine, in a meeting held by the Senior Class this week.

For several years the class has been sponsoring a school publication every six weeks for patrons and the various other schools to show what is being done in the local school. In order for more people to come in contact with the school events, the class will publish weekly in the local paper the activities. This way it will not reach only a few, but will be distributed to other places and will give the staff real newspaper work. The following completes the staff:

Dwight Barry, Editor-in-chief; Minnie McPherson Associate Editor; Joe Payne, Business Manager; Wilma Hooper, Literary Editor; G. W. Harding Sports Editor; Winola Tomlin, Reporter; G. W. Wilhite, sponsor; W. D. George supervisor.

SENIOR PICNIC

Opening the senior class activities, the seniors of the class of 1935, enjoyed a moonlight picnic Monday evening east of Byers on Red River with their sponsor, Mr. George Wilhite. The faculty members and friends were guests of the class when the evening was spent in playing various games. After the evening of entertainment an enjoyable feast was eaten by the group of approximately 40 persons.

Playlet "Century in Texas"—Mrs. P. H. Boddy, director.

PETROLIA PARENT-TEACHERS HOLD FIRST MEET OF YEAR

An executive meeting of the Parent-Teachers Association was held at the high school Tuesday, September 17. The purpose of this meeting was to discuss the projects to be carried out for the year, the dues, and to plan the general work in order to have our first regular meeting at the earliest possible date. It was decided that the dues would be twenty-five cents in order to have a larger membership. Our first meeting will be the third Tuesday night in October. Due to the lack of program material the September meeting was postponed. We expect to have the largest membership this year that we have ever had and guarantee to have a wide-awake and progressive association.

The superintendent of the school has loaned the club a bookshelf to keep the reference material in which is to be left at Mrs. Long's home, who is in charge of the programs for the year.

A study course will be held every Tuesday afternoon at 3:30 P. M. under the direction of Mrs. Earl Harbin. The purpose of the course is to instruct the new members and everyone interested in the works and duties of the Parent-Teachers Association.

—Publicity Chairman.

W. M. S. MEETING

Mrs. C. D. King gave an interesting talk Monday afternoon to the ladies of the W. M. S. when she gave a report on the district meeting at Wichita Falls last Thursday. The devotional was led by Mrs. King and the group will take up the study of the "Mission Work in Japan," for the next few meetings.

The following members were present: Mesdames Glissen, Alma Henderson, C. D. King, W. D. Gant, S. B. Householder, Bertha Dunn, Chas. Henderson, Allard Shields, Susie Tucker and Misses Ollie Kerr and Iula Yarbrough.

Mr. and Mrs. W. L. Graves and family were visitors in Henrietta Sunday. They were the guests of his mother, Mrs. J. H. Graves.

Exhibits at Pioneer Reunion Will Be In Dale Bank Building

We wish to inform each of the committees in the county that the Dale Bros. & Co. Bank Building has been secured for the exhibit hall and take this opportunity to assure the people who have relics, antiques, and any articles which you wish to display that there will be guards day and night to assure protection of any article loaned for this exhibit.

We wish to have all articles for exhibit in by Thursday, October 4, and all articles must be left on exhibit until Saturday night at 9 o'clock, October 6th.

Each article will be receipted for at the time it is left with the committee in charge.

Let us again remind you that this Old-time Pioneers' Reunion is for all the people of Clay county and their friends, so let's talk, boost, and plan for a big time and show our visitors a real joyous and happy welcome. This exhibit will be open to everyone alike and we hope to make it one of the greatest displays ever attempted in this section. May we not have your co-operation?

The following are the Exhibit committees from over the county:

Bellevue—E. W. Cox, Mrs. N. T. Gaines; Blue Grove—I. E. Childs, Mrs. Less Thompson; Shannon—Royce Eiland, Jim Garrett; Joy—Miss Mossie Hicks, Miss Arcola Goad; Vashti—W. R. Perkins; Newport—Ed F. Bulls; Jolly—George Myers, Onis Ross; Buffalo Springs—J. C. Fletcher, A. E. Cozart; Prospect—A. O. Brand; Windthorst—Winesapp, Luke Zihlman; Petrolia—Mrs. J. A. Whitmire, H. W. The Board of Stewards will have a farewell meeting at the parsonage Monday night. Every member is urged to be present and a good time will be had.

Donations of canned goods to the Orphans' Home at Waco have been liberal. Goods to the value of \$75 have been contributed.

The last monthly meeting of the Sunday School was held Sunday afternoon at the church by the board of Christian Education and Workers Council. Practically all officers and teachers for the new Sunday School year beginning October 1st were elected. Plans were perfected for promotion day and plans for the new year's work were begun. The meeting was well attended.

Sunday evening the young people will elect their officers for the new year, preceding the devotional program.

But five Sundays remain in this conference year, and the pastor will preach at both morning and evening services Sunday. The morning subject will be, "A Woman With A Penny." At the evening hour, "God Wants Us." These sermons deal with real needs of Professing Christians. Nothing stale nor dry, but helpful, inspiring, uplifting.

Make plans now to attend the Pioneers' Reunion, October 5-6.

Chevrolet Motor Co. Production Shows Good Gain Over '33

Chevrolet Motor Company established a production record for the month of July, building 92,947 passenger cars and trucks, the highest July production since 1929, according to an announcement made by H. C. Howard, Zone Manager, Dallas Zone.

To meet the demands of dealers, which continued on a high level during the month, the heavy production schedule was maintained. In the last four full working days of the month, 16,901 units were produced with a record of 4,953 cars in a single day.

Handicapped by a late start in the early part of the year, Chevrolet production set a pace during March and April which was maintained throughout June, July and the early part of August. It is significant to note that at the close of production on Saturday, August 4, Chevrolet had surpassed last year's total production figure, building 626,303 units as compared with 626,277 units for the entire 12 months of 1933.

July sales rivaled the June record in reflecting the current demand for Chevrolet cars. Deliveries made during July totaled 86,570 units, Mr. Howard said. Retail sales for the

month, as compiled from dealers' reports and Canadian and export deliveries, were the basis of this announcement.

FIRST DAY OF SCHOOL

My heart is heavy and sad;
You'll laugh when I tell you why.
My baby is going to school,
And that is what makes me sigh.

The house will be, oh, so still,
With never a noise at all;
His toys will be put away,
His engine and rubber ball!

I'll miss his gay, happy laugh,
I'll miss his bright eyes of blue,
Just dancing with fun and mirth,
As little boy's eyes will do!

But when he comes home at noon,
I know that I scarcely can
Refrain from a broad, broad, smile
At so important a man.

In a communication sent out to the taxpayers of the district the Board of Trustees of the Henrietta Independent School District have the following to recommend with reference to payment of that portion of your taxes which effect the progress of the school. The communication speaks for itself and is as follows:

"Due to unusual conditions existing at this time, it is likely that many taxpayers will not have funds to pay taxes due to the various taxing subdivisions. In event that you cannot see your way clear to meet all your taxes, may we suggest that you arrange to take care of your school taxes and to pay them as soon as possible. Although financial conditions are not as they should be, our schools must be maintained to the highest standard possible under the strenuous circumstances. We are hoping to accomplish this."

The Texas Senate and House of Representatives seem to be determined to place the matter of state-wide relief in the hands of the Board of Control, and bills from both houses carry provisions for this change. It does seem that much could be saved for use in actual relief cases by placing these duties in the hands of this board, rather than continuing the created board of nine new salaried relief board members. If the relief matter was handled like most people care for their private business affairs, the funds set aside for relief would certainly do much more good towards the purpose in mind. Too many people are willing to live on petty graft even if such graft is derived from blood money such as these relief funds.

NOTICE!

Beginning November 1, 1934, farmers and stockmen in the primary drouth areas may get feed loan allowances for this year's heifer calves, ewe lambs, and female kids in addition to the allowances being made for mature stock, according to Charles W. Sherrill, Regional manager of the Emergency Crop and Feed Loan Office at Dallas.

Mr. Sherrill said that feed loan allowances will be made only on such stock which are retained primarily for breeding purposes; and in no event will allowances be made to feed a larger number of young and mature stock in their respective classes than the number of mature breeding stock which were owned and possessed by the borrower on April 1, 1934, or on sheep owned within six months prior to that date.

The emergency feed loans which are being advanced in the primary drouth areas are disbursed from the drouth relief appropriation approved June 19, 1934, and made in monthly allowances. Applications are received by the local crop and feed loan committees operating in counties throughout the drouth area. Begun early in July date more than 32,000 of such loans and supplemental advances have been made for over \$2,000,000.00.

"An inspection service covering emergency drouth feed loans granted in primary drouth areas is being established at this time with accredited field inspectors in practically every County," Charles W. Sherrill, Regional Manager of the Emergency Crop Loan Office at Dallas, announced.

Inspectors are under the direct supervision of the regional office field supervisor in the County. Personal inspection of all feed and of all forage loans granted will be made as rapidly as inspectors can cover the counties, for the purpose of preventing misrepresentation and misuse of funds for any other purpose than that stated in the application and to prevent waste and fraud. The Emergency feed and forage loans are being made in primary drouth areas of the three States, Texas, New Mexico, and Arizona, which are under the supervision of the Dallas Emergency Crop and Feed Loan Office.

The time for considering applications for loans for planting forage crops under the Act approved June 19, 1934, authorizing Emergency Drouth Feed Loans, has been extended to the close of business on October 15, 1934.

You understand there is no closing date for loans for purchasing feed.

DO NOT ALLOW WHEAT AND OAT SMUT TO RUIN PROFITS
By E. A. Miller, Agronomist

COLLEGE STATION—Stinking smut of wheat and loose smut of oats smut reduced yields and reduced prices. This loss may be prevented by sowing only treated seed. The expenditure of a few cents per acre in seed treatment is good crop insurance often preventing the loss of several dollars per acre.

It is not even safe to depend upon seed from fields that are free from smut, without treating, because clean seed often become infected with smut spores in public threshing machine, wagons or grain drills. Therefore, seed from fields that were entirely free from smut this year, may develop smut next year unless the seed are treated.

Stinking smut of wheat is the

most serious disease of wheat. It changes the grain into masses of spores called "smut balls" which have an offensive odor, but it is not observed in the fields. Indeed many farmers fail to notice it until threshing time. It is carried over to next year's crop by seed covered with spores from the smut balls broken during threshing.

Stinking smut of wheat is easily controlled by running the seed through a fanning mill to remove the smut balls and then treating it with copper carbonate dust. Until recently the formaldehyde treatment was used, but now copper carbonate has taken its place as it has several advantages—it is cheaper; it is a dry treatment and easily applied; it does not injure the germination; the seed can be treated and stored whenever convenient; and the treatment helps to protect stored seed against weevils, rats and mice.

In using copper carbonate, two ounces of 50 per cent or three to four ounces of 20 per cent grade, is required per bushel. The high grade material is more satisfactory and is not apt to clog up the grain drills. The seed should be placed in some tight container such as an oil drum, barrel or box which has a tight fitting lid and is arranged so that it can be revolved on an axis. There are also machines on the market for this purpose. In some counties this work is being done for farmers at grain elevators and in others custom-treating by someone equipped with a good machine going from farm to farm.

Every seed must receive a coating of the powder. This can be done by thoroughly revolving the container on its axis after the powder has been sprinkled over the seed. The container should be filled only about half to allow the seed to fall while revolving the container, thereby getting thoroughly coated.

Copper carbonate is not effective for the control of loose smut of wheat and smut of oats and barley. It is recommended only for stinking sorghum. As it is poisonous, only smut of wheat and kernel smut of wheat used for planting should be treated. It is best to wear a mask or moist handkerchief over the nose and mouth while treating the grain as the dust may cause irritation and nausea.

A simple and effective method of treating oat and seed for smut is to spray a fine mist of one pint of formaldehyde and one pint of water over 30 bushels of oats while they are being shoveled from one pile to another. They should then be kept covered from 6 to 8 hours or over night to allow the fumes to kill the spores. This is what is known as the "dry method" since the seed do not require drying before being planted. The "wet" method consists of sprinkling or spraying a solution of one pint of formaldehyde in 30 gallons of water over 30 bushels of oats and keeping them covered for several hours. This method requires spreading the oats out to dry.

FUNERAL RITES OF COL. W. S. IKARD HELD LAST FRIDAY

Last rites for Col. W. S. Ikard, pioneer resident of this section who passed away at the family home last Thursday evening at 8 o'clock, were held at the First Baptist church last Friday afternoon in the presence of a large concourse of sorrowing relatives and friends, with Rev. J. N. Hunt, former pastor of the First Baptist church here, but now of Borger, officiating, assisted by the present pastor, Rev. E. L. Moody and Rev. Finis Crutchfield of Wichita Falls.

Col. Ikard and his father were the original organizers of the local Baptist church and a portion of the present building, it is said, was taken from the first building erected here. The final rites were thus very befittingly conducted in the church he helped to organize and of which he was a member of the board of deacons at his death, being the senior member of the board.

The service was unique in that it was a tribute to the deceased and told of his life among this people

and of the services he had rendered during his long life of usefulness and service.

Many beautiful floral wreaths were silent messengers of condolence to the bereaved wife, children and grandchildren in their extreme sorrow as well as being tributes to the life of service to humanity rendered by the deceased citizen. They were beautiful, indeed.

Active pallbearers were Messrs. Claud Vaughn, W. J. Neville, Earl Nutter, P. H. Neville, Harry Myers, Brad Staggs, Jim Alcorn, and Clyde King.

Interment was made in Hope cemetery, arrangements being in charge of the Moore Undertakers.

Millions of Visitors Will Leave Millions of Dollars in Texas

Texans will show their State! Visitors will show their interest, admiration, respect for its history and confidence in its future. Some will become citizens, others will leave with a heart full of love for Texas, and admiration for its citizenship.

Statistics show that the influx of visitors alone warrant the statement that the project will show a profit. It is expected that 20,000,000 outside visitors will be attracted to Texas. A conservative estimate of their expenditures is \$640,000,000. Probably \$25,000,000 in gasoline tax will be collected. Thus the State will receive a very large margin of profit on whatever investment is made in the Centennial.

Interest yourself in this coming celebration. From a patriotic standpoint your interest is challenged, and from the standpoint of personal interest you are now called upon to do your part.

CONSTITUTION WEEK OBSERVED IN CLAY COUNTY BY LEGION

Orrin S. Carlon Post No. 18, of American Legion observed National Constitution Week fittingly Monday by having speakers deliver addresses on "The Constitution" at points throughout the county.

Attorney Donley Suddath spoke in the high school auditorium Monday morning, while Attorney Swain Burkett was the speaker at Byers, with Attorney Houston McMurry going to Bellevue for the day. Each of these speakers were given attentive hearings and their addresses were well received by the school students of the schools addressed.

At eight o'clock in the evening, Hon. John Lee Smith of Throckmorton, was the principal speaker, with Adj. Glenn Younger presenting Post Commander, M. S. Duncan, who in turn introduced Dr. C. J. Sherrill, who presented Mr. Smith.

The introduction was preceded by a recessional "De Koven," by the high school choral club, directed by John Louis Koethe, with Miss Letitia Ramsey accompaning at the piano. The Methodist invocation was given by Rev. H. M. Cowling, pastor of the church where the meeting was observed. The program as presented, was as follows:

- Prayer—Rev. H. M. Cowling.
- Song—"America"—Audience.
- Recessional: "De Koven,"— High School Choral Club.
- Introduction of Speaker—Hon. C. J. Sherrill.
- Address: "The Constitution of the United States,"—Hon John Lee Smith.
- Dismissal: "Star Spangled Banner," Choral Club.

State Relief Funds Are Exhausted; New Problems Confronted

AUSTIN, Sept. 19.—Relief checks, representing allotments to Texas counties for the first half of September, were being signed for mailing during last week.

Total money sent the counties in this allotment will be a little less than \$2,000,000, an allocation for the care of an estimated case load of 265,000. This number represents an increase of more than 10 per cent over the August load.

State Director Adam R. Johnson had written a letter to accompany the checks in which he told county administrators that "this exhausts all available relief funds until additional state funds are obtained through action of the Legislature or until the federal government comes to our rescue.

"You are therefore very definitely instructed to conserve these funds, but at the same time people should not be allowed to suffer. Every effort should be made by your clients to obtain seasonal employment so as to relieve our loads to that extent.

These funds cover all your costs, work relief, direct relief, administrative costs and all special projects itation. Please be governed accordingly in the administration of relief funds in your county."

Rural rehabilitation funds are contributed by the federal government entirely and are mailed to county administrators separately from the checks for other types of relief.

Mr. Elkins: "Harold where does this road go?"

Harold: "I have been here for two years and it hasn't gone any where yet."

Rehabilitation Costs For Each County Are Wanted By Officials

AUSTIN, Sept. 19.—Rural supervisors today were requested to furnish the department of rural rehabilitation with an estimate of the amount of funds necessary to carry on the program in each county for the month of September.

In making the request, J. E. Stanford, head of the department, declared that "in a large majority of counties, the rural rehabilitation program, particularly the repairing of leased residences, should reach a high point during September and October, while the purchase of capital goods will begin to get well under way, therefore, we anticipate the expenditure of a far greater sum during these months than has been the case up to this time."

Deadline for sending in the estimate was set at September 10 and Stanford reminded supervisors that allotments will be made for counties not having supplied headquarters office with a certified list of relief roll clients approved for rural rehabilitation.

Mr. Elkins: "Don't your wife miss you when you stay out until three in the morning."

Mr. Selvidge: "Occasionally, but usually her aim is perfect."

BLUE BONNET CLUB

The Blue Bonnet Club held its first meeting of this year's work at the home of Mrs. H. D. Vaughter, Jr. Thursday afternoon. "The Ideal Club Woman," was given by Mrs. Vaughter, followed by "Greetings," by the new president, Miss Madeline Harding. Mrs. W. R. Vickery gave the parliamentary drill to the club. A business meeting preceded the program at which time eight names were presented to the club and voted on.

The next meeting will be held at the home of Mrs. L. J. Curtis on Sept. 27th. The following members were present: Mesdames L. J. Curtis, W. L. Graves, W. D. Gant, W. R. Vickery, Misses Loveta Balch, Pauline Rowe, Annie Brown, Madeline Harding and the hostess Mrs. Vaughter.

A V-8 is no longer the *privilege* of the Wealthy

**Low First Cost
Low Upkeep Cost
High Resale Value**

THE ONLY V-8 UNDER \$2,500

IT is not just chance that the Ford V-8 is the only V-8 selling today for less than \$2,500. It is due entirely to the skill of Ford engineers.

For the V-type engine costs more to build. It is the type of engine that powers the most expensive cars—holds every world speed record. And only Ford has been able to put it in a low price car.

The advantages of a V-8 are apparent the moment you drive it. Increased flexibility in traffic—faster pick-up—an ability to get places without driving strain.

The new Ford V-8 is not only low in first cost. It costs less to operate than any other Ford car ever built. Gasoline and oil costs are lower. Valve grinding is virtually eliminated. Drive this new Ford V-8—and you'll want it!
