### Petrolia Visited By Big Fire Last Sunday

The grocery store of Mr. R. W. Mitchell at Petrolia was burned to the ground in the fire which started at about 7:30 o'clock Sunday morning and raged at will for about two hours.

The building belonged to Roy Fultz of Memphis. The total loss of which with stock amounted to about \$4000.00, a part of which was covered by insurance.

Roy Brazil Henrietta's newly appointed fireman, was seriously injured while hurrying over the fifteen miles of rough road from Henrietta to Petrolia when the Henrietta fire truck was overturned.

The fire was kept from spreading by absence of wind and by a 100 yard bucket brigade from a nearby filling station, water from which was used on the K. T. McDonald, dry goods and groceries next door.

Fire equipment from Wichita Falls finally put the fire out with the aid of water from H. W. Perkins private water system and water brought in on the truck.

Brazil received three broken ribs and other injuries when the truck overturned 6 miles out of Petrolia at the north end of the four-mile lane. Brazil was pinned under the truck. His injuries were not considered critical.

John Pryor, who was riding on the truck, was thrown clear of the machine and escaped injury.

August 10, 1936

Hon. W. D. McFarlane

Graham, Texas

Dear Mr. McFarlane:

I have your letter of August 4.

I have not forgotten your help in May 1933. The Test that year was the third that had been attempted by the U. S. Bureau of the Census. On account of the volume of this work, that Bureau, unless furnished additional help, could not complete the investigation. And, unless the investigation was completed, no statements could be made as to registration in Texas.

I appreciate very much the interest you took in the matter at that time, and the help that you and other Representatives rendered in securing a completion of this test, which resulted in the admission of Texas into the U. S. Registration Area.

One of the many benefits derived is that in the last few days we have received from the Bureau of the Census, 84,000 postage free envelopes, and 40,000 certificates of registration, which will place the Texas Bureau in position to notify the Texas mothers that their babies' births have been registered.

I want to thank you for the interest you took in the Texas Bureau while you were in the Texas Senate. For, although it is one of the most important Bureaus connected with the State government, it is so small that it usually received very little attention.

Very truly yours,  
(Signed) W. A. DAVIS, M. D.  
State Registrar

Q. Why has all the fuss been made about placing the Buffalo Bill statue on the Centennial grounds at Dallas, A. G., Columbia, Mo.

A. Claiming he was a Union Spy during the Civil War and never identified with Texas in a way to receive such an honor, a citizen of Austin sought an injunction to prevent erection of the statue, which was presented to the Centennial by the sculptress. The injunction was refused and the statue erected.

Q. Did Stephen F. Austin ever advertise for Texas colonists? S. G., Austin.

A. He advertised extensively in newspapers throughout the Mississippi and Ohio river valleys, setting forth fully the terms and conditions.

Q. What were the "Turtle Bayou resolutions?" M. P. Groesbeck.

A. Following the actions of Col. John D. Bradburn in enforcing certain costume regulations and in imprisoning W. B. Travis and Patrick C. Jack, about 160 Texans organized for resisting Bradburn. Fearing their action might be regarded as revolutionary, they passed resolutions at Turtle Bayou declaring they were not rebelling against Mexico, but cooperating with Santa Anna in his revolt against Bustamante.

Q. Where is Llano Estacado and why is it so called? E. R., Llano.

A. It is an area about 150 miles wide and extending about 250 miles from the Canadian river south to the breaks of the Colorado, so named because Coronado staked his passage across the plains with white flags in order to be able to find his way back.

## Why We Should RE-ELECT McFarlane TO CONGRESS

He has kept each and every promise made. Has supported 100 per cent the President's Recovery Program, which has more than doubled all of our incomes. No vote is challenged as being wrong.

His record follows:

Adequate care for the aged, the blind, the widows, orphans and unemployed.

Immediate cash payment of soldiers' bonus, and protection for the rights of their widows and orphans.

Refinancing farm and city mortgages at low rates of interest.

Enforcement of our anti-trust laws.

Proper legislation for the farmer and laboring man, which will assure them of reasonable profits for their products and service.

All legislation for the benefit of independent business, for the oil man, stockman, merchant, the farmer and laborer and has their endorsement because of his record of supporting legislation for their benefit.

He has 12 years legislation experience, 8 years in the House and Senate of Texas before serving in Congress. He has worked hard and knows the needs of our people. He has actively supported the legislation bringing more than \$53,000,000 to this District.

When McFarlane went to Congress, the farmers' crops were hitting new lows daily; cotton 5 cents, wheat 25 cents, oats 10 cents and other crops in proportion. These crops have now increased from two to five times that amount under this Administration. His twelve years legislative record proves his honest, efficient service.

It is not new blood, but brains, backed by a record of performance rather than hot air and empty promises, that we now need in Congress.

Urge all your friends to come out and vote August 22nd for McFarlane for Congress.

## YOU WANT RELIEF!

That Will Actually Put Food on Your  
Table, Clothes on Your Back, and  
Keep a Roof Over Your Head.

A GOOD DEMOCRAT WILL HELP THE PEOPLE WHEN THEY NEED HELP. President Roosevelt already has caused \$165,000,000 to be spent by the Federal Government for relief of farmers in Texas. Nearly three million dollars of FEDERAL RELIEF HAS BEEN SPENT IN CLAY COUNTY ALREADY. President Roosevelt just recently put Clay County on the list for More FEDERAL RELIEF because of the drouth that is now burning us up.

CONGRESSMAN McFARLANE VOTED FOR THE FEDERAL GOVERNMENT TO SPEND THAT MONEY IN CLAY COUNTY, as well as all over Texas.

Now compare what President Roosevelt and Congressman McFarlane have already done and are doing about getting FEDERAL RELIEF for CLAY COUNTY and the rest of Texas, with what McFarlane's opponent wants to do about relief.

In his SUMMARIZED PLATFORM he distributed in his race against Mr. McFarlane, Mr. Gossett has printed these very words: "Relief Problems should be Returned to the STATES FOR ADMINISTRATION, subject to Federal aid and supervision for the sake of uniformity and efficiency. RELIEF SHOULD BE REDUCED TO THE VERY MINIMUM commensurate with actual distress. Relief programs should avoid anything akin to dole. Necessary relief work should be constructive in the nature of the work and its effect upon the workman." Those are Mr. Gossett's printed words.

Now compare Mr. Gossett's platform with what the FORT WORTH PRESS of August 10, 1936 says of the REPUBLICAN PLATFORM. Here it is: "The Republican platform is CRITICAL. The chief point of divergence (meaning the difference between the Democratic Platform and the Republican Platform) is that the Republicans scorn work relief and would substitute direct relief, or the 'dole' TO BE PARTLY FINANCED BY THE STATES AND LOCALITIES AND WHOLLY ADMINISTERED BY THEM."

Mr. Gossett wants RELIEF RETURNED TO THE STATES FOR ADMINISTRATION SUBJECT TO FEDERAL AID AND SUPERVISION, while the Republican Party wants RELIEF TO BE PARTLY FINANCED BY THE STATES AND LOCALITIES AND WHOLLY ADMINISTERED BY THEM. Just two ways of saying the same thing, that's all.

The State of Texas only voted \$20,000,000 for relief and every dollar of it is gone. Now compare that with the \$165,000,000 President Roosevelt has already caused the FEDERAL GOVERNMENT TO SPEND FOR RELIEF IN TEXAS. Still Mr. Gossett and the Republican Party want the States to handle relief.

Congressman McFarlane, and the other Congressmen believing like he does, have given President Roosevelt authority to use any amount of money for relief just the minute it is needed. President Roosevelt just has to say the word and we get relief right now.

But if we had to get relief from the State of Texas we would have to wait for the Legislature to meet and pass on a constitutional amendment and then we would have to vote on the amendment. It sure would be a long hungry wait.

These are the hardest times we ever had. We have to get help where we can get it. The state of Texas can't help us any more. It has done all it can. THE FEDERAL GOVERNMENT JUST HAS TO DO THE JOB.

Neither can we afford to trade TWO GOOD DEMOCRATS and experienced men, whose hearts and sympathies are with us and who will and have helped us when we needed help, like President Roosevelt and Congressman McFarlane, for men like Mr. Gossett, and Mr. Landon who is the Republican candidate for President and who do not want us to have Federal Relief, but would make us try to get by on the pitiful pittance the State of Texas could give us, and yet they know our state can not do anything more for us.

Let every man and woman vote for Congressman McFarlane on August 22, and for President Roosevelt the first Tuesday in November. BOTH GOOD DEMOCRATS who will help us keep food on our tables, clothes on our backs and roofs over our heads.

## Senator Woodruff Thanks The Voters

Senator Grady Woodruff of Decatur issued the following statement to the voters of the 13th Congressional District here today:

This is the first opportunity that I have had since the official results of the recent Democratic Primary were determined to express to the voters of the district my appreciation for the manner in which I was received as a candidate for Congress. I shall, as heretofore, give of my best efforts in that service to the end that progress may be made in good State Government. My services are at the command of the citizenship of my State.

I am grateful to every voter who gave my candidacy consideration whether it resulted in a vote or not, and especially do I thank all who voted for me.

## Home Demonstration Clubs Notes

MISS MARGARET STEWART  
Home Demonstration Agent

### Clay County Home Demonstration Council to Meet

The Clay County Home Demonstration Council will meet in the home demonstration agent's office for an all day meeting Saturday, August 22 at 9:00 a. m. The morning and early part of the afternoon will be devoted to making a mattress while at 2:30 the chairman of the council will call a regular monthly business session. Visitors are welcome.

### My Work As a Wardrobe Demonstrator

My work as a wardrobe demonstrator is told by Mrs. C. J. Wilcoxen, Wardrobe demonstrator of the Charlie Home Demonstration Club.

"I have been in home demonstration club work for several years but this is my first year as a wardrobe demonstrator. I have enjoyed the work very much. It has helped me out in different ways I began the work in September, 1935. This is a few of the ways in which it has helped me.

"I didn't pay a great deal of attention to the material I was buying so long as I liked the color or pattern, so now since I have studied more about materials I find that the brand, quality, and the design mean a lot. It is also true in everything that we buy. The proper care of clothing needs a great deal of attention as it prolongs the life of garments. To keep them in good condition in proper places they look much nicer and are ready any time we need them. As I have planned our wardrobe according to our needs I find that it is much easier, saves time and trouble so that I won't have all of my sewing on hand at one time.

"As I was planning my clothes I arranged it so each member of the family would have separate places for their clothing and this is the most convenient method. I placed hanging rods low enough for my two small children to reach their own clothing as it saves me much time and it also teaches them to care for their own clothing while they are young. My clothes closet was an old bathroom about 2 feet square. First we built shelves across one side 6 feet high and 3 feet wide to keep folded clothing, shoes and hats. We also built above the hanging rods shelves for old magazines and the like. We find that a well arranged closet is most convenient and can be had with practically little or no expense.

"My foundation pattern has been a great help to me the several times that I have used it. My sewing is not a worry as it was before I had my pattern. We have 11 co-operators that seem to be very interested. There has been 11 patterns started, some are not quite complete but will be soon. All that have finished their patterns have used them and like them fine. The entire club has enjoyed the work very much.

### Wichita Falls To Celebrate August 28th, 29th & 30th

## Congressman Wright Patman Praises McFarlane's Record

Congressman Patman, concerning the work of his colleague, Congressman McFarlane in speaking for him at Munday and Seymour, said that McFarlane had greatly assisted him in fighting through the Congress payment of the balance of the adjusted service certificate bill, which has kept the soldier from losing his money in compound interest which would have eaten up the balance due.

That McFarlane was a member of the steering committee, and he greatly helped in the passage of this bill through Congress.

That McFarlane has loyally supported the President's Recovery Program which has meant so much for the farmer, the laboring man, as well as all the people because under the Administration's program the income of the people of the nation has been more than doubled.

That McFarlane is courageous and rigidly honest and has one of the outstanding records of the youngest Members of Congress. His seniority already gained will be of great assistance to him and his district in the future.

Texas is recognized in the Nation because of the seniority gained for her delegation through long continuous years of service. A man of McFarlane's record should be returned so that he can continue to fight the battle of the rights of the plain people.

Congressman McFarlane received the following wire from Honorable Sam Rayburn of the Democratic National Committee of New York:

"The speakers Bureau is anxious for you to accept invitation to speak for the National Ticket during the Fall campaign stop Will you wire me your acceptance."

Mr. McFarlane immediately wired his acceptance to Mr. Rayburn in New York to take the field for President Roosevelt and Vice-President Garner.
