Hitch Hiker Killed By Hit and Run Car Thurs. Night

The body of an unidentified crippled man was found on the highway about half a mile east of Jolly early Friday morning by Arthur Norris, truck driver for Goodner Wholesale Company who reported it to Roy Turpin, postmaster at Jolly, who notified Sheriff E. P. Bomar. Justice of the Peace Clay Coleman, and Sheriff Bomar investigated the accident and returned a verdict of death caused by a hit and run car. No trace of the car or driver has been found. Investigators believed that he had been struck early Thursday night. Marks showed that the body had been thrown about 30 feet from the point of impact.

His right leg had been amputated and he waked with a cane. He was wearing blue overalls.

The man had been seen in Jolly about 7:30 Thursday night. He had asked for something to eat and had been given some cookies and some tobacco. The tobacco was found in his pocket by the Undertaker, Paul Hawkins, of Henrietta who prepared the body for burial.

Officers of Clay and Wichita Counties continued search for the man and car also for some identification of the man or relatives but were unable to find either.

The body was held by Moore's Funeral Home in Henrietta until Monday afternoon hoping to locate relatives, but when they could not his body was laid to rest in Hope Cemetery.

A prayer was said at the grave by Rev. L. G. Haggard, the new pastor of the First Methodist church.

Miss Dorothy Householder of Henrietta visited her mother, Mrs. S. B. Householder over the week-end.

Frank Neville Ikard Elected To Friars

Frank Neville Ikard, senior law student in The University of Texas from Henrietta, has been elected to Friars, senior honor society at that institution. Four men are chosen from the senior class for this honor each fall on the basis of leadership. Election is honorary, and social affiliations and popularity are not qualifications to membership.

Ikard has served as president of the Inter-fraternity Council, foreman of the Cowboys, chairman of the fraternity division of the fire-side forum for 1936, co-chairman of the Round-up parade for 1936, member of the student-faculty committee on student life from 1935-36, and member of the student traffic safety committee. He is also a member of Beta Theta pi, social fraternity.

Friars was founded at the University in 1911 with the purpose of recognizing each year the most eligible senior men. It provides a medium for association between these chosen students and members of the faculty, prominent citizens, and alumni of the University. The society selects those candidates for any degree who stand out from the members of their class and represent the most well-rounded types of college men.

F. F. A. Boys Plan To Feed Calves

The turkey which the boys gave away last week was awarded to Charlie Ingram.

This week is examination week and all boys have passed thus far.

All the boys are doing nice work in their supervised practice jobs.

They will be doing these jobs all during the year. Our advisor, Mr. Knight, is the supervisor over these jobs. He is either at the boys home to watch him do these jobs or he looks at them afterwards. Each boy has a certain number of jobs to do. They are according to the number of major projects they are carrying.

All boys that are feeding calves to enter the stock show here in January only have about 60 days to get them in good shape. Everyone watch for the date of the show and be present to see all the calves and see what showing our boys will make.

Pensions Will Grow, Commission Head Says

Orville S. Carpenter, acting director of the old age assistance commission, said Friday he believed the State-wide average assistance grant would be larger under the new statute than the \$16 of the old law. He said he expected this to become apparent about the first of the year.

"Experience of other States indicates that a needy only program average grant" Carpenter said, "The present Texas average of 16 is influenced by small allotments made under the old law to those barely meeting requirements.

"Applicants and recipients needing only small grants now will be put on the rolls, of course, but I believe we will have fewer of them.

Driving While Intoxicated Is Driving The People Back To Prohibition

The man who flung his hat in the air and gave three lusty cheers when the eighteenth amendment was repealed ought to be leading a campaign these days to rid the roads of drunken motorists. For if there is one thing that could conceivably restore national prohibition, it is the deadly mixture of alcohol and gasoline.

Anyone who thinks that the American people will put up with this menace indefinitely is crazy. Traffic is dangerous enough even when all hands are stone sober. Add to it those half wits who do not see anything wrong after they have had a few drinks, and you create an intolerable situation.

Continue that situation long enough and you will find a new sentiment for prohibition, just as surely as night follows day.

Here's an example: In Ohio the other day some 30 young members of a church organization hired a wagon and team of horses and went out for an old fashioned "hay-ride" along a country highway. The wagon was lighted fore and aft. The night was clear.

Mr. and Mrs. A. L. Chadwick and Miss Ruth Bachman were dinner guests with Mr. and Mrs. W. G. Wiist Sunday.

Miss Lennie Moser was the supper guest of Miss Hannah Bachman Sunday.

Miss Ruth Bachman visited Mr. and Mrs. Henry Wiist Sunday.

Thanksgiving Program At School Chapel

The Junior Class and Miss Ruth Hopkins sponsored a very interesting Thanksgiving Program at Chapel at the High School Wednesday morning.

The president of the class, Hugh Karsteter, announced the program and introduced the speakers. Mrs.

Up from behind came an automobile. There was plenty of room to pass, but the driver apparently never saw the wagon. He smashed right into it, knocking it into a ditch, where it overturned and pinned the young people beneath splintered wreckage. One lad was killed and 14 others severely hurt. The driver of the auto admitted that he had had "two beers and two highballs" before starting out to drive. Police said bluntly he was drunk.

Now if you would go around among the survivors of that accident, and among their families, you might find a surprising amount of sentiment in favor of restoration of prohibition.

The traffic situation as a whole is bad enough, heaven knows without being made more dangerous by alcohol. Since the race contains a certain percentage of fools, we probably always will have drivers who cut in, pass on curves, and do other things that cause accidents. But alcohol is a complication of our own addition.—Clarks-ville, Times.

Earl Nutter and her Glee Club sang "Thanks Be to God." Doyle Lindsey read "The First Thanksgiving." Boy Hembree gave a Thanksgiving article, "One Hundred Years" by Benjamin Franklin, Harold Jenkins sang, "The Blind Plowman," after which Supt. F. W. Richardson introduced the speaker for the occasion Rev. L. G. Haggard, who brought a short Thanksgiving message closing with Bless The Lord, Oh My Soul, and forget not all His benefits." Rev. Paul J. Merrill led the song "My Country 'Tis of Thee." Rev. E. L. Moody closed the program with prayer.

Hospital Construction Under W. P. A.

At Galveston two hospitals are being built for the University of Texas by the Public Works Administration. One is a negro hospital and the other a hospital for crippled and deformed children. These hospitals will form a part of the John Sealy Hospital unit which is a department of the medical branch of the University of Texas. The negro hospital will cost approximately \$275,000 and the hospital project and will be an auxiliary for crippled and deformed children will cost approximately \$216,000. These two hospitals will furnish accommodations for 165 patients.

Located in a beautiful setting and in the midst of tall, shady trees, the City Hospital being constructed at Tyler, Texas is a modern Class A hospital 5 stories high.

BURK TEACHER EDITOR OF POST

The Leader welcomes Editor Butler Westerfield of Burkburnett in the craft as editor of the Wichita Falls Post.

For fifteen years he has done as we did in our younger days, followed the vocation of school teacher. He taught at Burkburnett, where he was held in the highest of esteem by patrons and pupils.

He is a son of our old friends Mr. and Mrs. J. B. Westerfield of McGregor, and he went to the same school we attended. We are reminded of those K. of P. Oyster Suppers at old McGregor when Butler's father would slip us a second helping. Following which the Honorables Pat M. Neff and Tom Connally, and also our father would each speak on "Pythianism." Those were great days,—our boyhood.

P-L-EASE!

In a speech at Rockford, Mrs. Emma Guffey Miller, sister of Senator Joseph Guffey of Pennsylvania, recited the following poem of her own composition.

I think that I shall never see
A party like the G. O. P.
A crowd whose loving heart is pressed
So Close to Wall Street's Golden Chest's;
A crowd that looks at Hearst all day,
And lifts its oily hands to prey.
A crowd that now all coyly wear
The du Pont's sunflower in their hair;
A crowd that courts an evil fate,
And intimately lives with hate.
Speeches are made by fools like me,
But only Hearst makes the G. O. P.

We are wondering what stop signs are for if officers are not going to enforce the law and have all cars stop at them, especially on the highway. Cars come in and out of Henrietta at a high rate of speed and never even slow down at the stop signs. Pedestrians naturally look up and down the street and when the stop sign is there they go across, expecting the cars to stop, but when they do not, it is not safe to cross highways.

An Obvious Injustice
The founders of this nation have shed blood because "taxation without representation is trannny". And yet in the very center of this country, governmentally speaking, in the District of Columbia, there are almost half a million adult Americans, most of them native born, most of them highly

literate, who are subject to all the obligations of citizenship and yet are denied the right to vote.

These men and women are required to obey laws which they have no part in making.

They are required to pay taxes which they have no part in imposing.

They must supply revenues,—last year the sum was \$17,322,929—in whose expenditure they have no voice.

If there is a war they must offer their lives and fortunes in spite of the fact that they have no part in the declaration of war or the making of peace.

They own their homes, many of them, and yet they are ruled by men whose homes are thousands of miles away.

For the correction of this obvious injustice an amendment to the federal Constitution was submitted to the last Congress. It will be substituted again when the new Congress meets.

Such an amendment ought to be adopted without further delay. The unfairness of disfranchising hundreds of thousands of intelligent, patriotic American taxpayers as a punishment for making their homes in the nations capitol city is too clearly evident to need argument.

Frenchmen in Paris and Englishmen in London all vote. Why not Americans in America's capitol.

LEADER VOTES YES

We have received our Ballot sent to us by some newspaper, perhaps the old reliable Dallas News. It reads—Do You Favor King Edward VIIIth marrying the pretty Baltimore Widow, (Mrs. Wallie Simpson?)

We Vote Y-E-S. We are Irish-Americans. King Edward knows how to make friends and strengthen the friendship of America for England.

Olsen-Stelzer Boot and Saddlery Enlarge Their Plant

The Olsen-Stelzer Boot and Saddle shop has enlarged its plant this week. They now occupy the space that was vacated last week by the Moore Funeral Home, when they moved to their present location, and their original space, making their place of business twice the original size. The plant now extends from the corner on the highway to John Ansley's radio shop. They are arranging to have their office and show room across the east front, giving more space for their work shops and at the same time a nice light show room where they can really display some of the many things that they make. They carry a complete line of cowboy paraphernalia, dozens of designs of boots and saddles, also bill folds, belts, quirts and various kinds of other things too numerous to mention. They have one of the largest pay rolls in the city. 16 men are employed in the house and two salesmen on the road. They ship merchandise to all parts of the country. Henrietta is really proud of the fact that we have such a plant. We extend congratulations to them and hope their business increases.

Henrietta Highway As Seen By John Gould

"The new paved highway east of Henrietta, toward Ringgold, offers autoists one of the prettiest drives available hereabouts. To me, a drive has to get into timbered country to be scenically worth while, and much of the new road is through wooded areas which are at their loveliest just now. Some of the landowners, I noticed, are cutting down big trees close to the road, evidently clearing the land in order to put it into crops. The land is theirs, and the trees are theirs, and it's nobody's business. But you can't help wishing they wouldn't. The paving stops a mile or so west of Ringgold, but the contract will be let for additional construction in a short time. At Ringgold, highway 5 will cross highway 2 on an overpass, which is something new in these parts. It looks as if there were going to be one of these fancy clover-leaf crossings where nobody has to make a left turn. At Ringgold highway 2 is part of a federal north-south highway that is paved all the way from Red River to Canada. And highway 5 is going to be a mighty handy stretch of road itself, when it is completed to Gainesville; even if you don't care anything about going to Gainesville."

Another sign of the times is "Good Housekeeping" in the barber shop.

Mary's Merry Quartette

The Clay County Leader Services at the Methodist church Sunday morning were attended by a large congregation.

At the eleven o'clock hour, preceding the sermon, the famous old men's choir favored the congregation with a vocal selection, with Miss Mary Ruth Elkins at the piano. Not one of these fine old men is under seventy, but they do

know how to sing.

The church music was under the direction of Mr. Koethe, with the pastor's daughter at the piano.

Reading left to right, top row A. W. Humphreys, 73; Miss Mary Ruth Elkins, accompanist; W. P. Callaway, 70; Bottom Row, left to right: G. W. Lovell 83, and E. Henderson, 86.

Gov. Allred Declares Prosperity Week

Prosperity has always been designated as just around the corner, but the week of Nov., 25 has been proclaimed by Governor James V. Allred as prosperity week.

The real title of the week is "Texas Centennial Prosperity week." Governor Allred pointed out in his proclamation that the celebration of the Texas Centennial has attracted the attention of the nation to our state, bringing hundreds of thousands of visitors from all parts of the world to Texas with the result that commercial industrial and agricultural interests have all prospered.

The Texas Centennial is closing Nov., 29 and Governor Allred urges all Texans who have not visited the Texas Centennial to do so. He particularly calls their attention to "the great Texas Hall of State, a permanent memorial and shrine for the glorious deeds of Texas' heroes".
