J. C. PAYNE ASKS RE-ELECTION AS CO. COMMISSIONER

The Journal is authorized to announce Mr. J. C. Payne, of Byers, as a candidate for re-election as County Commissioner of Precinct No. 1, subject to the action of the Democratic Primary, July 23, 1938.

Mr. Joe Payne needs no introduction at our hands, as he is a citizen of Byers, and is well and favorably known to us, and is highly esteemed.

Mr. Payne has made us a fine County Commissioner; has been very economical in handling our county affairs, and has tried to save us money where possible. He has tried to keep our roads and bridges in good shape, and promises the same painstaking care during his next term as he has during the past.

Between now and the primary Mr. Payne will try to see each of the voters personally, presenting his claims for re-election as County Commissioner. He will appreciate your support and influence.

Earnest L. Hodge To Make Race For County Clerk

We are authorized to announce Mr. E. L. (Earnest) Hodge, of Henrietta, as a candidate for County Clerk, subject to the action of the Democratic Primaries, July 23, 1938.

Mr. Hodge needs no introduction at our hands as he is well known, having lived in Clay county 48 years. He was reared at Bellevue.

For a number of years Mr. Hodge engaged in the gin business at Bluegrove and at Shannon where he has many friends who will attest to his honesty and fair dealing.

Mr. Hodge has never before sought political preferment, and has always been a true democrat, never having failed to support the nominees of his party.

Between now and the primaries he will try to see personally each voter and present his claims for the office of County Clerk. He will appreciate your support and influence.

Mr. O. P. Parish, age 66, of Henrietta, died at the home of his nephew Mr. Lee Roberts Thursday night, the funeral being held Friday at 4 p. m. with Rev. W. Meadows conducting the services.

Hollis B. Moore Asks Election As Assessor-Collector

Hollis B. Moore, of Bellevue, having made the race for tax assessor-collector of Clay county in the 1936 campaign has asked The North Clay Co. Journal to list him in our announcement column, seeking the same office.

Mr. Moore is an energetic young man of pleasing personality possessed with many unusually fine qualifications which would enable him to render a straightforward and efficient administration of the duties of the office as your assessor and collector.

He has been a citizen of Clay county for the greater part of the past 12 years. During the years 1927-28 he was a resident of Henrietta having been employed as pharmacist by the Brazier Drug Co. Mr. Moore expects to make an active campaign between now and the July primary, and personally lay his claims before each and every one.

He has never served the county in any official capacity but his experience in public business qualifies him well to fill the place to which he aspires.

His close friends feel no hesitancy in recommending him to the voters of Clay county because their close business association with him in the past has proven that he is well qualified and worthy of your most careful consideration.

His personal statement follows:

To the Voters of Clay County: I desire to express my sincere thanks and appreciation for the splendid support given me for the office of assessor-collector in 1936.

Again, I come to you offering myself as a candidate for the office of tax assessor-collector in the 1938 primaries. I expect to make a clean race, conducting my campaign upon my own merits and qualifications, soliciting the support and influence of each individual and voter in Clay county. If elected, I promise faithful and efficient service and to discharge the duties of the office at all time to the best of my ability and knowledge. I will deeply appreciate the vote and influence of every citizen in Clay county, all of whom I expect to see personally before the coming election.

Your friend,
Hollis B. Moore.

D. H. Utley To Seek Reelection As County Treasurer

To the People of Clay County: I take this means of announcing my candidacy for the office of County Treasurer.

First I want to thank you good People for the wonderful support you gave me in the past, I certainly appreciate it more than you realize.

I have served you in this office three years, and my accounts are correct as I balance with the bank each month.

When I came into office there was only one book turned over to me, a record of Receipts and Disbursements.

The Law very plainly states that the County Treasurer shall keep a record of all indebtedness of the County.

As these records were not tendered to me and I wanted to fill the office you people were kind enough to give me, as it should be. I went back on the records in the other offices in the court house to 1921, and got a complete record of all School Bond Indebtedness and all Road Bond Indebtedness of Clay County.

I now have eight books of records against only one turned over to me.

As to the Responsibility of the office of County Treasurer, I have on hand at all times from a few thousand dollars up to many thousands of County Funds.

Also I am the Custodian of eighty-five to ninety thousand dollars, worth of bonds, some owned by the county and some County Depository securities.

You can now see some of the responsibility you intrust in your County Treasurer, and I want and ask of you to keep the same trust in me and support me in the coming election this year, that I may serve you another term taking care of your interest, which is the duty of a County Treasurer.

I will try to see each of you before election and talk it over. Thanking you again for your past support and hoping to hold the same this coming election.

I am, Yours very truly,
D. H. Utley,
Co. Tr. Clay Co.

E. P. BOMAR TO SEEK REELECTION IN SHERIFF RACE

TO THE CITIZENS OF CLAY COUNTY:

I take this means formally to announce my candidacy to succeed myself as Sheriff of Clay County.

It is my intention personally to talk with every voter in county as nearly as possible at this beginning of my campaign may I be permitted to suggest that I am running primarily upon my record in this office. It has been my purpose at all times to perform the duties of that office to the absolute utmost of my ability and in the exercise of my soundest judgement. It is quite possible that a thorough investigation of my record may reveal errors that I have committed and mistakes that I have made, but it is my honest belief that these errors and mistakes, if any, when compared with my entire record will be found to be relatively negligible.

It is my further belief that the wide acquaintance I have established during my tenure of office with the citizenship of this part of the state and especially with the law enforcement officers of the surrounding territory render me more nearly fitted for the office than I have heretofore been.

In making this announcement I am not unmindful of the favors and honors that heretofore have been conferred upon me. For these things I am very thankful, have endeavored to show my appreciation, and shall continue to strive in every way possible to merit the confidence and support of the people.

Invoking your friendship and your serious consideration of my candidacy, I am

Yours very truly,
E. P. Bomar

meeting of the group Monday afternoon. All quarterly reports of various chairmen of committees were heard and approved.

Members present were Mesdames Leo. J. Cutis, Marshall, George Thompson, Bussy, A. P. Bates, L. E. Rush, Sam Johnson, Ernest Roberts, Gully Davis, Edd Balch and Miss Orena Bussy and Rev. George Thompson.

ANTI-TRUST LAWS

Mr. Robert Jackson, Assistant Attorney General's, radio broadcasts on last Sunday and Thursday nights was apparently the opening gun answering the campaign of propaganda of big business, which seems to be determined to completely sabotage the New Deal program and repeal all laws conflicting with their special privileged rights. The subsidized press continues to show its teeth, and some critics ask for specific proof, when if given in detail they would be the first to howl, as shown by the reactions to Mr. Jackson's speech which gives sufficient proof to satisfy those who know these facts to be true.

ECONOMIC TRENDS

Brookings Institute figures, given by Dr. Moulton in his last book, "Income and Economic Progress", points out that during the peak year of 1929, of the fifteen billion dollars saved that thirteen billion dollars accrued to ten per cent of the population; that sixty thousand families at the top saved as much as twenty-five million families at the bottom. Certainly Dr. Moulton, writing for Brookings Institute, is known to be very conservative. Mr. Stuart Chase, another recognized economist, analyzing the Brookings report points out that during the same peak year, 1929, that the five hundred odd families with incomes over a million dollars each, spent as a group only eighty-seven million dollars, leaving more than one billion dollars of their combined incomes for saving and investment.

All record evidence from all record sources reveals that during the past five years the pump priming operations of this Administration to force money back into trade channels and to place buying power back into the hands of the people has seen the efforts of the Federal Government largely nullified by the same hoggish group who takes the lion share of the profits due to their monopolistic set up and

their powerful hold on the country, and they offer nothing in return but criticism and abuse. There is a limit to the patience of the people as to how long they will stand this kind of treatment.

UNDISTRIBUTED PROFITS AND CAPITAL GAINS TAX REPEAL

Instead of being satisfied and offering to cooperate with the undistributed profits tax law, which no one can fairly point out has done more than to require Big Business to distribute their enormous surpluses and profits to their stock holders rather than retain them, which permits their officers and directors to pay themselves large salaries and bonuses. These officers and directors of big business are mad and don't want to be forced to give up large accumulated surpluses upon which they have paid the Federal Government no tax. They want to keep these large surpluses for their own private benefit. Naturally we can't blame them for that, but as representatives of the people it would be very unfair for Congress to let these captains of industry get by with any such program.

Outside of giving the smaller Corporations a little more liberal exemptions, the undistributed profits tax is fair and sound and should be continued. This law is of much more benefit to the stock holders of the corporations than it is in raising additional revenue for the Government.

CAPITAL GAINS TAX

The Capital Gains Tax repeal squawk, comes largely from the group of Wall Street gamblers and those who bought their stocks on the depression low of 1932 and now want to sell these stocks and pay just as little tax as possible on their gambling transactions. If the subsidized press and the plutocratic racketeers would tell the people the truth, they would be forced to admit these facts are true.

THE REMEDY

Mr. Jackson and Mr. Ickes, in their radio broadcasts have forcefully called to the attention of the people the seriousness of the situation. What are we going to do about it? Are we going to let these 500 or less families move the Capitol back to Wall

Street or are we, as representatives of the great masses of the people, going to stand and fight with the President for equal rights and opportunities for all and fulfill our Democratic Platform pledge to the people?

If the different well known monopolies should now offer to enter into a consent decree with the Department of Justice that they would dissolve their corporations, as a matter of fact, would this get the desired results? Looking back through the years, did dissolving the Standard Oil Company dissolve that monopoly? Did dissolving the communications monopoly dissolve that monopoly? Did the shuffling of stock among the stock holders change the monopolistic tie up and management of any monopoly through the ages? The answer is NO. It seems that we must try new methods to cope with this situation. European countries have successfully met the same problem by setting up cooperatives who have been able to combat with their big business by furnishing better goods for less money through government help. Certainly we have not exhausted our remedy through taxation. Mr. Stuart Chase says regarding the sterile savings of the five hundred group:

"If the Government wants to soak the rich to the full extent

of their unproductive savings, nothing but good can come of it provided the taxes so collected are transformed into active purchasing power. No worker, no farmer, no productive business man can do aught but benefit by the transfer."

THE CALENDAR

The President will open the session January 3rd by personally delivering his message to the joint session of the Congress. It is believed that the President is thoroughly dissatisfied with the results accomplished at the recent special session and is determined to show a more militant attitude in legislative matters during the coming session. It is well that he should for on the results of this session will largely depend the future policy and success of Democratic Government in America. We are at the cross roads. The time is here when we must either legislatively speaking, turn right or left. Will the Congress legislate for all the people or will it fold up, back track and cringe to the whip of the privileged group?

J. C. Kellam, State Youth Director, has announced that an NYA Work Project for improving the City Park in Abilene has been approved.

"THE REST OF THE RECORD"

BY JAMES V. ALLRED
Governor of Texas

An item in the Sunday, December 26, issue of the Dallas News is of tremendous interest to Texas.

Church men and law enforcement groups have issued a call to arms against vice. Sunday from every pulpit in Dallas, good citizens, irrespective of political views, were urged to pay their poll taxes at once. The paper makes the statement that this movement was launched in answer to a direct challenge earlier in the week when "Pay Your Poll Tax Now" signs appeared in beer and liquor stores.

The News article says, "Such signs were accompanied by a whispering campaign among those favoring return of the open saloon, legalized horse race betting and slot and marble machines."

For some time now I have known that the underworld in general is extremely dissatisfied with the fact that my administration has enforced the law; with the fact that the Public Safety Commission has made a campaign on "big shot" gamblers and racketeers. These elements are talking it up that they want to elect what they call a "liberal" for Governor and perhaps two other offices. The truth of the matter is they don't want to elect a "liberal". They want to elect someone who will not molest them.

There are many "liberals" who do not believe in open saloons and in "big shot" gamblers, but all of us may depend upon it the fight for clean, decent government is on in Texas.

We had better beware of soft talking, back slapping pretenders who are trying to play both sides of the fence. No man has the right to receive the support of the church people and the better citizenship in general, and at the same time the quiet but enthusiastic vote and assistance of the underworld.

All over Texas we had better organize for the fray just as they are organizing in Dallas. Regardless of whom we expect to vote for, I appeal to all good citizens to pay their poll taxes early.

When the issues are clearer, when we know who is running and how they stand on these issues, we will be in better position to cast our ballots; but it is essential that all of us pay our poll taxes, or secure our exemption certificates, so as to be ready to vote and off-set the organized underworld.

Congressman McFarlane and Family Return to Washington D. C.

Predicting that the new session of Congress will be the most important and busiest of the Roosevelt Administration, Congressman W. D. McFarlane on the eve of his departure for Washington Tuesday gave a representative of the Graham Leader the following statement about his plans:

"I would like to remain at home longer. There are several matters I would like to further investigate and attend to, but Congress convenes January 3rd and this will be the most important session of this administration. The President's whole

governmental policies and program face the test of congressional and public approval. I have and will continue to heartily support the President in enacting into law the policies of the democratic platform as announced in the President's Madison Square Garden speech before the last election. Much has been done this year, it is true, but many of those policies have been turned down by the Congress, following the bitter opposition of "big business," supported largely by the same crowd who opposed us in the last election. I will stand squarely be-

hind the President in his effort to make good the promises made to the people in the last campaign. I believe that he will win."

When asked about the work of the Appropriations Committee, the Congressman said, "I am on the agricultural subcommittee and have just received notice to be present for meetings as soon as possible."

When asked about his announcement for reelection, he said, "I will be a candidate reelection next year and my announcement through the press of the district will follow early next month."

Prof. and Mrs. J. C. Wheeler and baby, of Chillicothe, and father, Mr. Earl Wheeler, of Fort Worth, formerly of Bowie, were in Henrietta Saturday. The son teaches in the Chillicothe Schools, and the father is Investigator for the Old Age Assistance. They lunched in Henrietta. The son said, after he teaches a while longer he wants to get into the newspaper work as he imagines it fascinating work.

Mr. Lawrence Nuckolls, of Buffalo Springs, was in Henrietta on business Tuesday and paid The Leader a pleasant call. He authorized us to announce him as a candidate for County Clerk. His announcement will be found elsewhere in this paper.

Winners of Grand Prizes In Recent Gas Contest

Clarence E. Gilmore of is announced as first grand prize winner in the Lone Star Gas System photograph contest which closed Dec. 18. His award is \$100. George I Fetzer of Dallas received second award of \$75; Mrs. Ruby F. Clements of Fort Worth, third with \$50; and Mrs. J. D. Coulter of Bowie, fourth with \$25.

Announcement of the grand prize awards was made last week by the gas company through an advertisement appearing in that issue of the paper. A complete list of winners of weekly \$10 awards made during the contest was also given in the gas system's advertisement. A total of 100 \$10 prizes was given by the company, ten each week during the contest, which opened Oct. 1 for the ten best pictures submitted.

The picture which won first prize of \$100 for Dr. Gilmore, submitted during the ninth week of the contest, was used to illustrate the advertisement announcing the awards. It shows Dr. Gilmore's young son, attired in sleeping garments, backed up to a gas floor furnace for a final warming up before retiring.

Mr. Fetzer's picture which won second award of \$75 was submitted during the second week of the contest. It is a view through a window at night, looking into a cozy living room heated by a gas radiant heater.

Winner of the third prize of \$50 was an entry made by Mrs. Clements during the fourth week of the contest. It shows even bright eyed youngsters, busy with books and toys, in a cheerful kindergarten room heated by a gas circulator. The fourth prize winning entry which brought \$25 to Mrs. Coulter was submitted during the second week and shows a family group in a living room heated by a gas circulator.

Home Demonstration

Miss Ruby E. Hayden, Clay County Home Demonstration Agent. Summary of Year's Work For Home Demonstration 4-H Club Members

This has been a successful year for the 216 home demonstration and 140 4-H club members who have taken part in the work this year.

The women, during this year, have had the two demonstrations wardrobe and fruit cookery. Fruit cookery is a phase of food preparation.

The women in clothing have accomplished the following: 116 keeping individual accounts, 63 keeping family clothing accounts, 64 closets remodeled and built, 100 foundation patterns made by club members and 11 expansion patterns with 75 exhibiting little girls dresses, little boys suits, and dresses and slips from the foundation pattern.

With the women working on their food preparation, fruit cookery being emphasized for the year, 108 have followed the daily meal plan for one week. 72 have prepared and served fresh and dried fruits at least six times. 187 have adequate gardens, 27 have adequate orchards, 209 have adequate dairy cows, 216 have adequate poultry flock, 98 have adequate meat animals, 99 have adequate field crops, 14 made hot beds and cold frames, 32 installed a sub-irrigation system, with the preservation as follows: 18,676 quarts of fruits and vegetables canned; 2,466 quarts vegetables brined and pickled; 23,796 pounds vegetables dried, cured and stored; 100 pounds fruits dried, cured and stored; 18,718 pounds meats dried, cured and stored and 5 storerooms being added as a mean of storage.

The girls demonstrations have been wardrobe and gardening, other vegetables being the phase studied.

The girls have accomplished in their sewing the following: 140 equipped sewing boxes; 87 improved storage space by building or remodeling the closet; 67 checked D-105, "Protect Your Good Looks" every week; 52 planned school clothes and kept

a record of expenditures; 75 made both dress and slip with all 140 girls making either a dress or a slip; 43 exhibited dress and slip, with the total number of articles being 580.

One hundred and forty girls, which mean 100 per cent, made garden plans and planted gardens, with only 131 planting adequate feet of row space, with the estimated yield being 198,000 pounds and 7,196 quarts of vegetables canned, 826 quarts pickles and brined and 8,740 stored, cured and dried. These vegetables were also prepared and served to the family 285 times.

Besides the regular demonstrations the women and girls took part in a county-wide dress contest, rally or encampment, attended the Fat Stock Show at Fort Worth, had an exhibit at the Old Settlers Reunion and the North Central District Fair at Graham.

COUNTY SCHOOL BOARD MET MONDAY AFTERNOON

The County School board met Monday afternoon in the office of the County Superintendent, J. W. Callaway.

The Meeting was for the most part a matter of routine business and reports. Three dollars State apportion received the latter part of December was ordered distributed among the common schools and counties according to the net Scholastic population of each district.

CLAY COUNTY TO RECEIVE \$18,500 FOR SALARY AID

Supt. John W. Callaway said: Deputy State Supt. Warner Rasco has made final recommendations to the State Dept of Education for Salary Aid and Tuition in the amount of \$18,500 for all schools in Clay County eligible to receive salary aid. This amount is some one thousand dollars more than the amount received last school year.

Applications for transportation Aid will be made immediately after the end of the fifth school month.

Tuition for Henrietta High school to take care of high school students from rural districts is not included in the above mentioned amount.

As Henrietta is not a salary aid school the tuition for these students will be taken care of with a different application.

TESTS TO BE GIVEN TO SCHOOL PUPILS WILL BE RECEIVED SOON

Standard tests are to be received by the County Superintendent sometime the first part of this month to be given to children in each of the common schools applying for standardization this year.

Twenty-four of the thirty common schools in Clay County received standardization certificates for the 1936-37. This was as many as any county in the state received for that year. The County Superintendent expects to increase this number this year.

Mrs. R. A. Garrison and son, Nelson, have returned from East Texas, where they visited relatives in Gladewater.

(By the Captain)

State politics are "taking form" with the announcement of Earnest O. Thompson, former chairman and member of the Railroad Commission, for governor, and State Treasurer Charlie Lockhart for re-election. Charlie Lockhart appears to be a "permanent fixture" in the treasurer's office as he has never failed to let those who had occasion to visit his office know they were welcome and made them feel perfectly at home. Thompson has served as railroad commissioner a full term and his first term he served as chairman of the commission; he was reelected for another six-year term in the last campaign and ran high man on the ticket. He will be one of those to be reckoned with in the campaign this year. Attorney General William Crawford will also be a candidate for governor, and there are already a number of others publicly announced, so it is going to be a real race right from the beginning. Governor Allred will not likely seek a third term, since Mr. Thompson has announced, as they are considered strong personal friends and would not likely make any move that would hinder this long standing friendship.

Postmaster General Jas. A. Farley has announced that the postoffice department has enjoyed its greatest holiday season with the passing of Christmas 1937. The local postoffice, we are told, also showed a nice increase in receipts over the corresponding period in 1936. Mr. Farley also expressed his pleasure at the fine way the department has efficiently handled several nation-wide matters during the past two years, including the soldiers bonus, the social security registration, and the recent registration of the unemployed and partly unemployed. These were gigantic tasks, since they covered the entire nation, but they were handled in such a way that the administration was highly pleased.

Well, football has been discarded now for good until another season rolls around. Several New Year's contests were played, with the several "Bowls" enjoying record attendances. In Dallas at the Cotton Bowl, Rice of Houston defeated Colorado State University by a score of 14-28. "Whizzer" White, the Rhodes scholarship student and

main-spring of the Colorado Bears, did his stuff well, making two touchdowns for his team, but when that boy, Ernie Lain with his pal Cordell, went into the Rice play, it was a different story entirely. Lain is just about as good as can be found on the gridiron, and although he wasn't selected for All-American, he quickly showed the sports writers they had made poor selections when they failed to place him on their team. California defeated Alabama 13-0, Santa Clara beat Louisiana State 6-0; Auburn defeated Michigan State 6-0; West Virginia defeated Texas Tech 7-6. So it's all over now! But next fall will soon be here again!

Congress met again Monday at high twelve and it is said they expect to have one of the shortest regular sessions in many years, as many claim much of the ground-work was laid for important measures during the recently adjourned called-session. With this being election year for many members of both houses of congress, it will likely not be a long drawn out session.

County politics are taking on real life with the coming of the New Year. Give every candidate due consideration and above all, remember you may sometime be a candidate for office too and will want your friends and neighbors to "lend you a helping hand!" There will be candidates for every office in the county, as well as many seeking precinct offices. Watch the announcement columns and read what everyone has to say!

The Jackson Day banquets will be held throughout the several states Saturday night, the democrats taking this occasion to gather and enjoy their annual "pep meetings" while at the same time gathering in a few shekels for the grand old party. Twenty-five dollars is being collected from everyone attending the banquet, and this will be the only contributions sought by the state democratic executive committee for the coming statewide campaign. It is certain that Clay county will be represented at this democratic gathering which will be held in the Adolphus hotel, Dallas for Texas.

Lawrence Nuckolls Announces For County Clerk

To the Voters of Clay County:
I take this means of announcing as a candidate for County Clerk of Clay County subject to Democratic primaries of 1938.

I am 36 years of age; married; was born near Buffalo Springs, Texas on which place I still reside; son of W. S. (Bill) Nuckolls, pioneer Clay County stockman. Received my education in Bellevue and Dallas. Have continued to be a citizen of this county up to this time and am making this race strictly on my own qualifications and ability to fill this place.

I respectfully solicit your investigation and consideration, and assure you that the vote and influence of each and every one, will be appreciated by me, and if elected I shall show such appreciation by giving you the very best service in this office.

I will make an active campaign and hope to see and talk with each voter of the county during the time between now and the primaries.

Lawrence Nuckolls
Candidate for County Clerk
Bellevue, Texas, Route 1.

COTTON GINNING REPORT

Census report shows that 12,221 bales of cotton were ginned in Clay County from the crop of 1937 prior to Dec. 13 as compared with 6,778 bales for the crop of 1936.
