**Cast of Senior Play Honored**  
On Friday evening, April 10th, Mesdames Howard, Bunting, Hilgenfeld and Townley honored the members of the cast of "What Happened to Uncle" with a buffet dinner at the Howard home.  
The rooms held a profusion of flowers which added color and atmosphere to the original beauty of the setting.  
The dinner which was most delectable and included enormous platters of fried chicken, bowls of vegetables, salads, condiments, hot biscuits, drinks and dessert, evidenced the epicurean abilities of the hostesses.  
Music and games were enjoyed until a late hour and all proclaimed thanks to the hostesses for their hospitality and generosity.  
Those present included: Mr. and Mrs. Troy Douthitt Jr., Boy Hembree, Bette Bue Bunting, Frances Culwell, Billie Jean Townley, Betty Jean Thurber, Bob Hilgenfeld, Phillips Vance Howard, Harvey Gore, Travis Morrison, Nannie Kathryn Howard, Mrs. Royer, and the hostesses: Mesdames Howard, Hilgenfeld, Bunting and Townley.

**Senior Order Invitations**  
Tuesday of this week the Seniors ordered their Cards and Invitations. It takes three week in making of them and therefore had to be ordered the earlier part of the week.  
Another group of students is going to graduate from our high school in May. Another group has completed the necessary work and is to go into other fields.

**Library Workers:** Marjorie Mummet, Mary Stokley, Peggy Lowry, Gwendolyn Thames, Ruth Stokley.

**"What's Cookin'?"**  
The students of H. H. S., especially the Juniors and Seniors, have heard that there is going to be a banquet Friday night. Is that right Mary Beth? After the banquet is over, the Juniors will gladly donate signs to any teacher who wishes a "Do Not Disturb" sign to hang on her door. We understand that there are a few in Room 9.

Miss Perkins seems to be busy also with eight of the Junior girls.

Do you think they will ever learn to dance like Spanish señoritas? Maybe if Cloenell and Elaine would give them a few lessons they could learn. We understand they are pretty good. And of course we couldn't leave out the most important thing: the Junior and Senior boys have been seen making eyes and giving those sweet glances and overtures to the girls of their classes. Or could it be visa-versa?

There are so many more things we could say about the banquet, such as making flowers, programs and typing. But it is impossible to tell everything. So, until Friday night we want them to "Keep 'Em Cookin'" and we mean that mostly to the mothers of the Junior class.

**Assembly Program**  
Folk dances were presented by some members of Miss Perkins' physical education classes in assembly Wednesday. The dances were variations of the "Schottish", "Heel-Toe Polka", "The Virginia Reel" and "Put Your Little Foot". Some of the girls were dressed in period costumes and their partners in slacks.

Those taking part were: Bernice Hoefner, Betty Jean Thurber, Mary Stokley, Gwendolyn Phagan, Peggy Lowry, Edith Blackburn, Dorothy Still, Sophia Moser, Rosa Mae West, Bernice Gochring, Ruth Stokley, Alma Fay Deason, Daisy McDonald, Betty Jo Briley, Alta Lee Briley, Donnie Brown, Charlie Mae Scheer, Sibyl Reeves, Maxine Butler, Dorothy Satterfield, Alice Wiseman, Mary Lou Arnett, and Kathleen Goldston.  
Wanda Fae Willis was the announcer and Dorothy Davis played the accompaniment.  
This is the first program of its kind in our school and it was thoroughly enjoyed by everyone.

**Ward School Assembly**  
A special assembly was called in Ward School Friday morning to hear Rev. Buduin, Methodist evangelist speak. He announced a special program for children at the Methodist church last Saturday.

**P. T. A. Met Thursday**  
The P. T. A. met Thursday, April 9th, at 5 P. M. in the Ward school auditorium for the regular meeting. The house was called to order by the president, Mrs. Loman Davies. Miss Lulu Johnson led the audience in the Lord's Prayer. Miss Howard led the Ward School Choral Club in a group of songs.

Miss Miss Franks accompanied them in "We're All Americans."  
Judge Vincent Stine gave a talk on "Preparing Pupils for Better Citizens".

The minutes were read and the treasurer made a report.  
The room-count was made and Miss Ruby Moore's third grade won the dollar.

**Alice Wiseman Wins**  
Alice Wiseman, Henrietta's high school representative in the Essay contest, won First Place at the County Meet. She wrote on "My Experience in Learning to Drive a Car". Alice represented Clay County in the district meet last Friday. Her subject then was "How I earned My First Money". The results are not yet known.

Alice is more to be commended because she entered the contest without training this year, due to the fact that Mary Beth Stine was unable to go on account of illness. The results from the District Meet will be published at a later date.

You never know what really is behind the happy surface of another person's life. Your life, your own life, however hard or however satisfactory it might appear holds untold stories behind the surface. It is your path to the next world. You must make it as pleasant as possible.

**Ward School Boys' Playground**  
The Ward School boys under the direction of Phillip Howard and Bob Hingenfeld, have been working out in order to enter the county meet May 2.

The twenty boys working out are Cleatus Richardson, Billy Wayne Garrison, Bobby Wells, Ones Ross, Carl Bell, W. L. Young, Bobby Brunt, Bobby Bunting, Clyde Bibbie, Lewis Rolland, Waylan Threadgill, Curtis Chadwick, Kenneth Lowry, Von Ray Parker, Cloe Audrian, Billy Joy Mowery, Lowell D. Lynn, Don Boger, and Kenneth Whitley.

**Wheat Farmers To Vote On Quotas**

Wheat farmers will have their choice between marketing quotas and headcote tablets Saturday May 2, according to E. W. Williams, Clay County Chairman of AAA committee who states that "storage space already crowded to capacity, transportation facilities jammed with war materials, poor export prospects, and a two-year supply in sight are some of the problems wheat farmers are facing this year. Today's war is being fought on wheels, as well as on the land, sea and air. We must keep transportation rolling. A flood of wheat on the market now could tie up railroads, and create a real bottleneck.  
Wheat marketing quotas divide a limited wheat market cooperatively and democratically among producers, and provide for orderly production, marketing, transportation and storage. Extension of 85-per cent of parity loans are also contingent upon marketing quota approval.  
Clay County farmers may cast their ballots for or against wheat Marketing Quotas in any of the following places any time Saturday, May 2: Riverland, Byers, Thornberry, Dean Dale, Henrietta, Bellevue and Windthorst.

To be eligible to vote a farmer must be interested in a wheat crop on a farm on which the 1942 seeded wheat acreage times the normal yield is 200 bushels or more.

**Lost Anything?—**  
Not so long ago a lady lost her wrist watch. She inserted a classified ad in this paper and the day after the paper came out she was wearing her watch.  
Last week a lady lost her pin, highly prized on account of family ties; we ran an ad the day after she lost it; now she is wearing the pin. It pays to advertise.

**Sally Maxwell, 10-year-old mascot of the Campus Serenaders, Texas State College for Women dance band, may be small enough to fit into the curves of a bass fiddle but she's a big attraction when she travels with the band as a featured singer. Sally loves music of any kind, has been singing since she was 2, plays the violin and piano, and wants to learn to play the bass just like her two big sisters, TSCW students. Her parents are Major and Mrs. F. W. Maxwell of Denton and San Antonio.**

**W. P. A. Workers To Aid Agriculture**

Every qualified farm worker on WPA rolls in the 21 counties of the Fort Worth district is available for employment at prevailing agricultural wages, whether or not these wages equal the WPA wage scale, H. W. Holtzer, ft. Worth district manager, declared today.

Declaring that current policy is in no way changed from that which has governed WPA since its inception, Holtzer explained that every possible method is being utilized to advise farmers of the availability of WPA workers this year in an intensified campaign because of the urgent need to keep America's farm production program equal with war-time demands.

Holtzer emphasized the importance of farmer's requests for WPA labor being directed to either an office of the United States Employment Service, with which agency all project workers are registered, or from W.P.A. project supervisory personnel in order that no time will be lost in complying with such requests. As soon as farmers make their needs known to one of these agencies, all available WPA workers will be referred to them immediately. Projects will be shut down wherever it is necessary to provide workers to aid in the farm program, pointing out that this has been done in past years when necessary.

Currently employed on WPA projects in the Fort Worth district are 3998 men and 1960 women. Holtzer estimates that approximately 70 per cent of these workers have farm backgrounds which would enable them to make a living at farm work. Included in the district are the following counties: Archer, Burdick, Callahan, Clay, Eastland, Ford, Hardeman, Haskell, Jack, Knox, Montague, Palo Pinto, Parker, Tarrant, Shackelford, Stephens, Wichita, Throckmorton, Wilbarger, Wise and Young.

Friends of Lieut. Carey Law O'Bryan Jr., in Shawnee and Earlsboro, Okla., recall that he made straight A's while in high school, and was Valedictorian of his class when he graduated in 1931 at the age of 15 years. He also made high grades at the Oklahoma Military Academy at Claremore, Okla., and Oklahoma Baptist University at Shawnee; U. S. Military Academy at West Point, New York, where he was a member of the 1940 graduating class, and was commissioned a Second Lieutenant in the U. S. Army, and has now advanced to a Member of Gen. McArthur's Bomber squad.—Earlsboro (Ok.) Journal.

**GLAD TO SEE NEIGHBOR**  
TOM O'BRYAN UP

The News editor, while in Henrietta Monday was most pleasantly surprised to run on to his good friend, and neighbor, Tom B. O'Bryan, down town and apparently as fit as a fiddle. Mr. O'Bryan, publisher of The Clay County Leader, and Henrietta civic leader, has been ill the past two years, much of the time his illness has been of rather serious status and he has been confined to bed and room most of the time.

It was good to find him surrounded by a host of his friends representing almost every section of the county and it was good to have him pat us gently on the back and say, "hello Eddie," just as he used to do. As has always been his custom he was talking—"Henrietta and Clay County". He has been missed these two years from the activities of his home town and county, and it's fine to see him the picture of health again and to feel that he'll soon be able to be back in "harness," for he's a booster we need in operation.—The Bellevue News.

The Journal editor, C. L. O'Bryan, is happy too—because of his brother Tom B. O'Bryan's recovery of his normal health. He has been ill for the past two years. His good wife, and her brother, Dave Germany and our brother Sid O'Bryan, have taken care of Tom's business as owner of the Henrietta Clay County Leader.—Earlsboro (Okla.) Journal.

**Ruth Barker Welcomes Visitors To Texas U.**

Austin, April 23.—At least twenty University of Texas co-eds, are determined that women shall take their place in the scientific world; to prove it, they're majoring in science and making a success of it.

The twenty are members of Iota Sigma Pi, national honor fraternity for women in chemistry, requiring for membership a high scholastic average, particularly in the subjects of chemistry and zoology. A good many of the University girls are members of the society are taking pre-med courses of study.

Recently, the campus chapter of Iota Sigma Pi took time out for a social affair honoring the national president of the fraternity, Dr. Evelyn Laing McBain, research associate in physical chemistry at Stanford University. Among the members joining in welcoming the visitor was Ruth Barker, graduate student from Henrietta.

**CHURCH OF CHRIST**  
Henrietta, Texas  
Minister: L. R. Lovelady

Our work has never been better than it seems to be right now. Still there are lots of folks that just will not go to church, yet would not live where there was not one.

May I ask: What have you done to make the church better? Do you attend its services? Do you feel any responsibility in behalf of the church? What about your children?; are you giving them the spiritual training they need? What kind of an example are you setting before your children? Do you expect them to be interested in the greatest thing on earth—the church, while you never attend, give or say one word or thing to make it more powerful in the world? Suppose that every father and mother in the world should act toward the church just like you do?; what would become of Christian influence in the next twenty-five years. Think on These Things.

Our Song Drill every other Friday Night is of the best. You should

### R. Dee Price Writes On Cotton Loan Quota

Producers who may be inclined to plant more cotton than their cotton acreage allotment are advised to consider marketing quota penalty on the production of the excess acres before they plant says Mr. R. Dee Price, Administrative Officer of A. A. A. in Clay County.

This penalty is one half of the government loan and at present is 7c per pound. If the loan value is increased the penalty will increase accordingly. The penalty free cotton will be the production of the allowed acres.

In addition to the above marketing quota penalty, the penalty under the Argicultural Conservation Program is \$12.50 per 100 pounds on the production of the excess acres.

### Pontiac Co. Gets Advertising Award

The annual Advertising & Selling award for the best newspaper advertising campaign of 1941 has been won by Pontiac Motor Division of General Motors Corporation.

The award is a continuation of the original Harvard Advertising Awards begun in 1924 by the late Edward W. Bok, "to encourage merit and stimulate improvement in advertising."

It was presented in New York to D. U. Bathrick, Pontiac's general sales manager, and W. J. Mougey, advertising manager of the division.

Seventy percent of Pontiac's 1941 advertising appeared in newspapers and the prize-winning campaign was carried by approximately 3,000 weekly and daily papers throughout the nation each year.

### Oil Notes

The Shell Oil Company No. 1, Mattie Clark, a deep test about two miles west of Joy, in block 35, H. Williams survey, abstract 704, to the east of the L. T. Burns wells on the Claude Wynn ranch lands, a 6,200 foot test is drilling below 5,200 feet in shale and lime streaks.

South of Jolly the Continental Oil Company Superior & Dillard No. A 3 O. O. Ross Jr. in the J. Wyant survey in the Ross pool area, about four miles south of Jolly, is drilling in shale and sand formation around 5450 feet.

Just a short distance from the Clay county line, two miles south of Post oak in Jack county, The Sinclair Prairie and Taubert-McKee's joint test No. 1 Boyd and others struck their first Ellenberger production. This test is in wildcat territory in the S Hazel survey abstract 258, following acidation with 1,000 gallons of the solution in an Ellenberger zone from 6380-6435 feet flowed 60 barrels per hour thru 2 inch pipe into pit. It was then shut in for storage. The well had been shut in 12 hours and when the swab was run kicked off at the above rate. This well opens up new territory south of the Wynn producers near Joy in Clay county.

In the New York City Pool about seven miles southeast of Henrietta the Shell Oil Company No. 1 Polzin, in block 5 T & N O'RR survey is running tubing to the bottom to 6409 feet in shale and lime and will test. The same Company's No. 3 J. L. Willis in the same section is drilling in shale below 4700 feet.

The Shell Oil Company No. B-2 Coleman in block 25, Calhoun county school land, plugged back to 4996 where oil showing had been encountered and cemented, expecting to drill the plug the last of the week.
