BYERS, CLAY COUNTY TEXAS, THURSDAY, JULY 16, 1942.

NUMBER 27

Progress of Red Cross First Aid Students

Special emphasis is being placed on Emergency Treatment of war injuries in a course expected to qualify twelve citizens of Clay county as lay-instructors in Red Cross first aid, which started July 13th, Rev. P. J. Merrill, chairman of the Safety Service, said today.

The 15-hour course, which will end Friday, July 17, is under direction of Mr. Earl Lowe, of St. Louis, First Aid field representative of the National Red Cross, who arrived here last Sunday, and Dr. F. M. Patton, local physician.

With the approach of war, the Red Cross adapted its first aid program to provide special training in the treatment of injuries caused by belligerent action, Bro. Merrill said, pointing out that first aid courses now contained material on war gases and more detailed information of fractures and transportation of the wounded.

The Red Cross, he said, has the responsibility of teaching First Aid to all defense workers, adding that it has been estimated that at least five per cent of the nation's population must be trained in emergency first aid and that there should be an expert First Aid Worker in every city block and in every rural community. There is an urgent need for lay-instructors, he declared.

Those taking the lay-instructors course are carefully selected on the basis of knowledge of First Aid and potential teaching ability. They must have completed both the elementary and advanced Red Cross First Aid course, he said.

Bro. Merrill said that while the citizens of this area must be ready to provide fast, efficient first aid to those injured from possible belligerent action, they must be prepared to save lives and prevent suffering in industrial, farm and home accidents, which he said sabotaged the war efforts taking men from their productive occupations.

The classes are being held at the Henrietta High School building. This is the first time in the history of Clay County that such a course has been offered. An adequate First Aid kit has been purchased by the local Red Cross chapter and will be kept in the City Hall ready for any emergency.

Those taking the course are: Mr. and Mrs. P. M. Stine, Mrs. Maude Goodman, Miss Chalotte Vaughn, Miss Vera McClure, Mr. J. F. Hightower, Miss Elsie Hightower, Mrs. Cad Powell of Bluegrove, Mr. Leon Hawkins of Jacksboro, Mr. Chas. J. Newber, of Ringsdorf, Mrs. Nolen Gaines and Mrs. Dawson of Bellevue.

To The Voters Of Clay County:

I have tried to see as many voters of the county as I possibly could when you came to Henrietta or when on the few trips I have made to surrounding towns in the county, but I know there are many whom I have not seen so for that reason I am asking you to take this as a personal visit and please give me the same consideration you would if I called. My tires will not permit me to make a house to house campaign all over the county and I believe that you are patriotic enough not to expect candidates to go as much as in previous years.

I live in Henrietta, and have worked as a business woman over twenty years and have no other means of support but my own efforts.

I am a bookkeeper and can take care of the office for which I ask—that of County Treasurer. I asked for this same office 4 years ago, in 1938, and was in the run-off Primary. Now that two terms have gone by I believe that it is only fair and Democratic that I should be favored at this time.

Again I ask your consideration for the office and if you will favor me with your vote and influence I want you to know that I will certainly appreciate it and will pledge to perform the duties of the office to the very best of my ability.

Very truly yours,
Bettye Garrison.

Leslie Culwell Completed Course

Mr. Leslie Culwell has completed a summer Geology field trip offered by the Geology of Texas Technological College. Eleven students took the trip to an area near Capitan, New Mexico, where there are many formations and outcroppings of Geological interest.

The boys studied there for approximately six weeks, doing their own cooking and living in a barracks-like structure about nine miles from Capitan.

Leslie will be a senior at Texas Tech this fall and if he is able to go all of the long term, he will receive a B. S. degree in Petroleum Engineering next Spring.

He is in the Naval R. O. T. C.

Mrs. L. B. Haggood has returned from a trip to Camp Waldemar near Kerville, where her daughters, Ann and Randy, are in Camp. Randy accompanied her home but Ann will remain for the entire term.

Senator Geo. Moffett Makes Announcement

The Leader is glad to publish a statement from Senator George Moffett, of Chillicothe, who is a candidate for a second term in the State Senate at Austin. Senator Moffett is the first native of this district to represent it in the State Senate, and is one of the four non-lawyer members. However, he has been Chairman of the Constitutional Amendments Committee in both the House and the Senate and is the author of more amendments to the State Constitution, than any other member, so the absence of a law license does not seem to bother him much. Currently he is Chairman of the Agricultural Committee in the Senate, and has struggled hard to increase uses for cotton. He is said to be a hard working member, and to come near voting his sincere convictions concerning matters before the Senate as any member.

He made the following statement concerning his candidacy:

"Unquestionably there is nothing more important now than doing every necessary thing toward winning this war, and providing our fine boys who are actually doing the fighting, with all the necessary equipment and facilities for so doing, and for getting them back home healthy and well, when they get the job done.

I was in the other war and have also served a number of years on the Committee on Military Affairs in the State Legislature, and realize something of the huge task ahead.

The Texas Legislature has no direct connection with the U. S. Army and Navy, or War priorities orders, but whatever assistance our State Government can give should be given, and I certainly will support same. At the last session I was joint author of two bills to provide sites and bases for training forces, bombing target practice ranges along the coast, establishing a Defense Guard, etc. A war always brings on a large number of new problems, and it will take careful level headed planning to carry us through this greatest of all wars, and start us off on an even course after it is over.

I gladly welcome suggestions as to what should be done, either by letter or personally, and regret that scarcity of rubber will not permit my getting around over this nine county district to see you as has been customary heretofore.

"I am sincerely grateful for the favorable consideration of the voters in the past, and I expect to give my best thought and effort to the office in the future."

Political Pow-Wow at Newport, Sat. July 18

The ladies cemetery association of Newport will give both the Clay and Jack county candidates a speaking date here on next Saturday night, July 18th. The entertainment which will be an open air meeting on the street of the town under brilliant electric lights will consist of musical numbers by Cecil Elenburg's String band.

Plenty of ice cream and iced-cold drinks will be on hand to those who wish to buy them during the meeting and a grand time is expected.

Proceeds of cold refreshments will go to the Association for the caring of the Newport Cemetery grounds.

Each county will be expected to bring along a master of ceremonies to introduce the candidates for the various offices for which they aspire.

Mr. - Mrs. N. T. Gaines Returned From Trip

Mr. Nolen T. Gaines of Bellevue and Henrietta, and Mrs. Gaines have returned from a vacation trip to Okla. City, where they visited their daughter and son-in-law; Ft. Worth where they visited another daughter; at Denton to visit another daughter and Rockwall where they visited brothers and sisters.

One brother is Editor of the Rockwall Success paper. They also visited relatives in Wichita Falls.

Miss Billie Hightower Majored In Nutrition

Miss Billie Hightower, daughter of Mr. and Mrs. J. F. Hightower has returned home for the summer having completed the work required to obtain a B. S. degree from Texas Tech. College in Lubbock. Miss Hightower majored in Foods and Nutrition. She will receive her diploma at Texas Tech in August and later intends to enter the field of hospital dietetics.

Miss Hightower went to T. S. C. W. for two and one-half years before transferring to Texas Tech where she is a member of the social organization, Las Chaparritas, and the honorary Home Economics Club, Book Reviewers Club, and the Lubbock Dietetics Association.

Mr. and Mrs. L. J. Gentry visited relatives in Nocona Sunday.

A. A. A. Chief Discuss Soil - Building Work

Clay County farmers will have three times more money for soil-building work this year than in 1941, E. W. Williams, Chairman, Clay County AAA Committee said it is week.

The soil-building allowance for the county under the 1942 program is approximately \$120,000 as compared with \$42,000 under last year's program. Shifting a portion of AAA payments, which formerly were made for seeding within special acreage allotments, accounts for the increase.

Shortages of labor, equipment and machinery probably can be offset if conservation practices are started earlier than usual. Instead of waiting until the last two or three weeks of the program year to carry out conservation practice, work should be completed in plenty of time to earn maximum payments this year, Mr. Williams explained.

Practical conservation practices which may be carried out during the next few weeks include terracing, furrowing, contouring, building tanks and reservoirs and planting on-leguminous green manure or cover crops, grubbing mesquites and prickly pears.

Failure of Clay County Farmers to carry out extensive soil-building practices not only will result in loss of soil fertility but will seriously hinder food and feed production in the war program.

Conservation has been a sound farming policy. This year it's a wartime necessity, the chairman said.

Pontiac To Train Volunteer workers

Detailed procedure for cooperation with the Red Cross Motor Corps in training volunteers in the operation and repair of automobiles has been formulated and sent to all Pontiac dealers by Verne Murray, assistant general sales manager of Pontiac Motor Division.

The plan was developed in connection with courses held at the Pontiac Retail Store at Pontiac, Mich., and in Pontiac dealerships in neighboring cities. Because of the effectiveness of these schools, the procedure was approved by the Oakland County Red Cross and suggested for nationwide use.

The Pontiac training program for Motor Corps volunteers has two aims. To teach students the fundamental principles of car operation and how to make such minor repairs as might become necessary to keep their cars running. Teaching personnel varies with the size of the class with small groups (ten or less) being handled by the service manager. Ten weekly two hour classes constitute the usual course. Lectures motion pictures and actual disassembly and assembly of motor parts partly have proved the most effective curriculum. Toward the end of the course Pontiac recommends that a local police official be called for a talk on traffic laws and safe driving habits.

The Pontiac dealer who volunteers his facilities for this purpose is making a worthwhile contribution to local civilian defense efforts and at the same time is building considerable good-will, Murray said.

Henrietta Schools Will Open August 31

...Hear Ye! Hear Ye! Children of the Henrietta Rural High School—please take notice! The Board of Trustees has just met and decided to open the Henrietta Schools one week earlier this year, and ordered our schools to begin Monday, August 31st.

Mr. Pete Green In Clinic Hospital

Mr. Pete Green of the Haggood ranch is in the Clinic hospital in Wichita Falls for treatment of an eye and head injuries.

Mr. Green was saddling a bronc and in some way the horse knocked the end of his quirt into his eye.

He was doing nicely the last report we had.

Mattie Ray Spivey Makes High Grades

Miss Mattie Ray Spivey, daughter of Mr. and Mrs. George L. Spivey, of Joy has been ranked scholastically among the highest of her class at Texas State College for Women. Her grades for the second semester of the school year ending in June were all A's and B's. She is majoring in Home Economics.

Miss Spivey's name has been placed on the dean's honor roll, according to E. V. White, dean of the college. Her name has been placed on the Special Honor Roll.

Robert Warren Leaves For Army

Robert Warren, son of Mr. and Mrs. A. B. Warren of Henrietta, will leave today (Friday) for Dallas for final examination and induction into the U. S. Army.

Freddie Carr in Civil Service in San Antonio

Freddie Carr left Monday for San Antonio, where he will report for Civil Service duty as Technician in Radio.

Freddie is the son of Mr. and Mrs. S. A. Carr, of Henrietta.

Endorsement of Judge Marvin H. Brown

We wish to recommend the candidacy of Judge Marvin H. Brown for Associate Justice of the Court of Civil Appeals. He has been a member of this court for past several years. He is now in the prime of life. We consider him a most excellent citizen and an able judge. His record reflects that he does an abundance of work. To avoid confusion we call attention to the fact that there is another candidate by the name of Brown who seeks the same office. Because of the fact that most of the voters do not have occasion to come into personal contact with our appellate court justices, we have taken the liberty of making this public endorsement.—E. P. Hall, Clyde Suddath, Vincent Stine, Donley Suddath, Houston McMurry, Frank Bunting, Pierre M. Stine. (Pol. Adv.)

Miss Branch Explains Victory Food Specials

Victory Food Specials featured by the Agricultural Marketing Administration, U. S. D. A., in cooperation with the food industry are broilers, fryers, peaches, and tomatoes. Broilers and fryers will be featured in local stores from July 16 to 25th. Peaches and tomatoes will be featured for a longer period.

Speaking of the Victory Food Specials, Miss Mary Branch, County Home Demonstration Agent, stated: "One of the main purposes of the Victory Food Special program is to spot especially heavy movements of food and to notify consumer groups of the opportunity to get farm-fresh food at specially low prices.

This year, under the Food for Freedom campaign, farmers will produce a record supply of food. But weather whims are going to send some of this food to town in unexpected spurts. During a war, we cannot allow food to be wasted or to misuse the labor and materials used to produce this food. Therefore, everyone—radios, newspapers, stores, consumers, and the government—is cooperating to turn sudden over-abundance into Victory Food Specials.

"The duty of every American homemaker," Miss Branch continued, "is to find out what is most plentiful each time she goes shopping, and to buy and use it. She should watch for Victory Food Specials—the best food buys—in food columns in the newspaper. Everyone who buys a Victory Food Special saves money by buying it which is being sold at reasonable prices. They help the war effort by cutting down on the waste of fresh foods and saving preserved foods for use when fresh foods are not in abundance. Also they are materially aiding in the war effort by helping create much needed farm markets, enabling farmers to continue to grow the food necessary to win the war and write the peace."

Harold Pope Has Left For Army

Harold Pope, son of Mr. and Mrs. R. R. Pope, left last week for San Diego, Calif., where he will be with the U. S. Navy, as machinist.

Harold is another of our fine young men to volunteer his services to Uncle Sam for the duration.

He is a graduate of the Henrietta High School and has many friends here who wish him success with his work there.

Freddy Green Leaves For Army

Fred Green, prominent grocer, and son of F. F. Green of Henrietta, will leave today for the induction center in Dallas. He will have his final examination after his arrival there and if he passes he will be inducted into the U. S. Army.

Mr. Green was a volunteer in the U. S. Navy in World War No. 1 and was with Admiral Sims fleet in the North Sea.

Mr.-Mrs. Copeland Leave For Army

Mr. and Mrs. L. R. Copeland left July 1st for Chanute Field, Rantoul, Illinois, where Mr. Copeland will undergo a training period in the U. S. Army Air Corps Technical school.

Mr. Copeland was formerly Vocational Agriculture Instructor at Byers.

After completion of his training period of approximately 4 months he is expected to be assigned for duty as instructor at one of the Technical Air Corps Schools in Texas.

Go to church Sunday.

Farms Measured For 1942 Compliance

Farms are now being measured for 1942 compliance. The performance reports turned in to the county office are showing very little soil building work done up to now. Payments will be relatively low unless all of the farm soil-building allowance is earned.

Reporters are not permitted to measure a farm unless the operator or his representative is present.

Producers are being very cooperative, as they have always been and this will be reflected in a low cost figure.

Applications Must Be In By August 1st

Men seeking jobs as drivers license examiners with the State Police must have their applications in by August 1, State Police Director Homer Garrison said yesterday.

A statewide examination will be given shortly after that date by the Highway Patrol captains and sergeants in the 14 district headquarters over the state.

New examiners are needed to replace those who have joined the armed forces or been transferred to the Highway Patrol replacements for men on leave with the military services.

Auction Sale To Be Held Monday

Of interest to all ranchers and farmers also Livestock Traders is the news that the Weekly Livestock Auction will reopen here Monday, July 20th at the Aggie building.

The sale is being sponsored by the Chamber of Commerce, and will be under the management of Henry Fuhrman, who conducted sales here all last winter.

Everyone having stock or anything of value to sell or is in the market to buy, are urged to attend the sale next Monday and each Monday thereafter.

Wheat Producers Receive Neat Sum

Clay County wheat producers who had all-risk government insurance on the 1942 wheat crop received approximately \$22,200.00 on their crop. If all wheat producers had have had insurance this year at a premium cost of approximately \$22,000.00.

Wheat farmers may now sign applications for insurance on the 1943 crop. Applications will not be taken after August 31.

STATE HEALTH NEWS

A child by the time he is two and a half or three years of age should become acquainted with the atmosphere of dental office and the ministrations of a dentist is the advice given by Doctor Geo. W. Cox, state Health Officer. It is of prime importance, according to Dr. Cox, that children look upon the family dentist as a friendly guardian of their health.

In stressing the importance of early dental care, Doctor Cox quoted the following from a bulletin of the American Dental Association:

Parents should teach the child the dentist is his friend. They should not allow him to receive the impression that a visit to the dentist means unpleasantness and pain. Such impressions are usually created in a child's mind before he ever sees the dentist.

Parents can prevent fear in the child by taking him to the dentist before the teeth are decayed. Thus, the first visit will consist of an examination only. Subsequent visits will consist of a simple cleaning or at the most, the painless filling of small cavities. It is a grave mistake to neglect a child's teeth that his first-visit to the dentist must be associated with pain.

Doctor Cox said that the importance of good dental health had been called to national attention by recent selective service examinations and added that a great percentage of physical rejections for military service could have been avoided by dental care in the first few years of life.

Mr. J. N. Gault, Pioneer, Passed Away

Mr. J. N. Gault, Clay County pioneer and resident of Bellevue for many years, died Friday afternoon.

Burial was at Bellevue Sunday afternoon.

Mr. Gault will be remembered by many citizens of the county.

Ice Cream Supper at Bluegrove, July 23rd

The Bluegrove Cemetery Association will sponsor an ice cream supper on Thursday evening July 23, to which the public, and especially the candidates are cordially invited. Come and bring some one with you.

Letter To Voters Of Clay County

To Our Voters of Clay County: Between now and July 25th, you are going to make some important decisions. You will determine the candidates you are going to support for the various offices of Clay county. Your decisions will influence county affairs of the future. You have a great responsibility, for each office has definite and individual duties peculiar only to itself, yet fitting into the general set-up of County offices created to serve the people. Cooperation should be the key-note of this set-up.

The fact is recognized that outside the home there is greater influence brought to bear upon the life of a child than the school. This child of today will be tomorrow's adult. The duties of the County Sup't. bring that individual in contact with problems that directly influence the life and future of many children. To be able to serve effectively the County Sup't. needs to know personally the people of the County and their school problems, where they live, how they live, and what they want for their children. The purpose of the school is to serve the children, to help train them to be today and tomorrow, worthwhile citizens.

Every teacher knows that many children with bright receptive minds, capable of being great, are prevented by circumstances from growing into the kind of men and women they could be if given opportunity. Our task is to work toward the ideal that every Clay County child may have the chance to become all that he is capable of being.

Every teacher recognizes the trend toward practical vocational training in the high schools. Since many of its graduates do not go to college, the high school is a good place to offer special practical training for jobs and occupations, provided the students also have a good foundation of elementary education.

We realize that we are living in an industrial age, an age of machines, and that high school training is undergoing a change in order to equip its students to earn a living. However this will take time and depends upon money and equipment, also the training of the teacher personnel.

The courtesy shown me in this campaign is deeply appreciated. I am very grateful for the help and encouragement of many friends over the county, and shall endeavor to merit the things said and done in my behalf. I realize that in candidate ever made a race alone. Each is dependent upon the help and good will of friends.

I ran for this office four years ago at the beginning of this term and needed less than one vote cast for my opponent in each box to be elected.

My teaching experience in Clay County has been in every type school from one-teacher to 12-grade system. I have taught in both the North and South of the county, the last three years at Joy.

I feel that my experience as a teacher and understanding of school problems which confront the parents and teachers of the county, help to qualify me for this office.

I would be glad for you to check my record as a teacher and a citizen, my reputation for meeting my obligations, and for honesty and fair dealing.

I would be most grateful for your vote and support, Saturday, July 25th. Mildred Lyon Wright, Candidate for County Sup't. (Political Advertisement)

Uncrowned Queen Of The Barnyard

THE HEN

The hen, hatched and raised in the lowly environment of the barnyard, has scratched her way to fame and fortune. Through she lives labors in her humble surroundings, her cackle—like the voice of freedom—is heard around the world. Hers is a universal language. It is understood wherever the tongues of men fashion the symbols of speech. Her beauty is unadorned in the realms of art, but she is known wherever the dinner bell is heard or the banquet board is spread.

Hers is not the elfin grace of the swan. Hers is not the sweet song of the canary. Hers is not the colorful glory of the peacock. Hers is not the arrogant pride of the eagle. And yet all these feather favorites combined do not rank as high in the affairs and affections of men as does the placid, the diligent and the unpretentious hen.

Pay as you go is the hen's policy. She is self-sustaining. Not long ago, a carload of hens was shipped from Texas to New York and they laid enough eggs on the trip to pay for the freight.

This is an age of substitution. We substitute cotton for silk, oleomargarine for butter, and jazz for music; but there is no satisfactory substitute for the vitamin contents and mineral compounds of an egg. The hen has less than a teaspoonful of brains, and she boasts of no college degree; yet she is the most expert alchemist of the ages. She mixes in her simple laboratory the elements of calcium, magnesium, iron, sodium, potassium, chlorine, sulphur and phosphorized fats and mixes them into rich and well-balanced nutriment in a sanitary and protective shell. She defies the world to make a substitute.

The home is the hub of humanity. On its stability, civilization depends. The hen is a home-maker. She supplies the table, fills the wardrobe and lifts the mortgage. The farm wife of the henless home has no bank account. The hen is the only servant that can just "lay" around the house and still make money.

The hen, feathered aristocrat of the barnyard, the only billion-dollar bird beneath American skies, should be our national bird. No longer should the selfish, haughty, arrogant eagle, which never earns an honest dollar adorn the nation's coin. Contrary to the American spirit, the eagle makes war on smaller birds and steals its daily food from creatures too weak to protect their own. All you can say in favor of the eagle is that it flies above the clouds and builds its nest high on the mountain crag. Its nest is made of twigs, its eggs and its offspring worthless in both the homes and the mats of men.

The image of the honest, patient, instead of the eagle. She graces the scattered grain and turning it into gold, has made her business one of the biggest industries beneath the American flag—hers is the image that should go upon our coin, instead of the eagle. She graces alike the paltry meal of the plebeian and the epicurean board of the plutocrat. She cackles, but she does not crow. Her daughters are everywhere; her sons never set. Hats off to the hen!

We know a lot of gents who won't object to a dimout on the Gulf beaches.—Dallas News.

Miss Branch Writes On Inflation

What is Inflation?
It means run-away prices—higher prices for almost everything we buy and for most things we sell. Inflation has come with every big war this country has fought and a long and painful depression has followed each.

What Causes Inflation?
Taken as a whole, the people of the U. S. will make money in 1942 in than ever before, but there will be less consumer goods to buy with the increased earnings. The reason is that our factories have turned from making goods we normally buy to manufacturing articles for the armed forces.

Bidding for scarce goods means—higher prices. Because of higher living costs, wages go up. Because of higher living costs, wages go up. Because wages go up, the cost of goods must go higher. Once started, this spiral of inflation goes upward—faster and faster.

Are we Moving Toward Inflation?
Since the outbreak of the war, the cost of living has started climbing much as it did during last war. A study of price increases from month to month shows that this upward movement has been picking up speed. Think how your own cost of living has gone up.

Are farmers interested in Higher Prices?
Farmers are more interested in parity prices, or fair exchange value for their produce than in high prices. Incomes do not quite catch up with living costs. We handle money but it will buy less of the things our families need.

What Is Bad About Inflation?
Inflation slows down our War Effort and Doubles its cost. The enemy would rejoice to know that the U. S. has gone on a wild Inflationary Drunk.

One of the worst things about Inflation is the Let-Down following it. Most farmers remember after the last war trying to pay for higher priced land, machinery and supplies with low-priced cotton, wheat and beef.

What Causes Inflation?
Taken as a whole, the people of the U. S. will make money in 1942 in than ever before, but there will be less consumer goods to buy with the increased earnings. The reason is that our factories have turned from making goods we normally buy to manufacturing articles for the armed forces.

There are no "doubting-Thomas" in our American Army. They are unanimous in singing Kate Smith's favorite, "We did it before and we can do it again."

KEELING AMERICA INFORMED

One cardinal principle of our kind of government is that public officials should treat the people with perfect frankness. American citizens are entitled to all the facts, except those which constitute actual military secrets. The gasoline and automobile situation raises the question. The American motorist is up in the air as to the future of car transportation. He has heard countless varying reports. He has read conflicting statements about gasoline rationing is necessary because of lack of various means of transportation makes it impossible to deliver normal supplies. He then hears that the storage tanks are running over with gasoline even in rationed areas, and civilian consumption is really being reduced in order to conserve on tires and cars.

Next he reads that the government may have to requisition his tires and his car. Before the ink is dry on that report, he hears over the radio that such drastic action is not contemplated. The next top item, the next news report from D. C. says it is hoped that experiments now under way will produce a tire that will keep the cars rolling, etc.

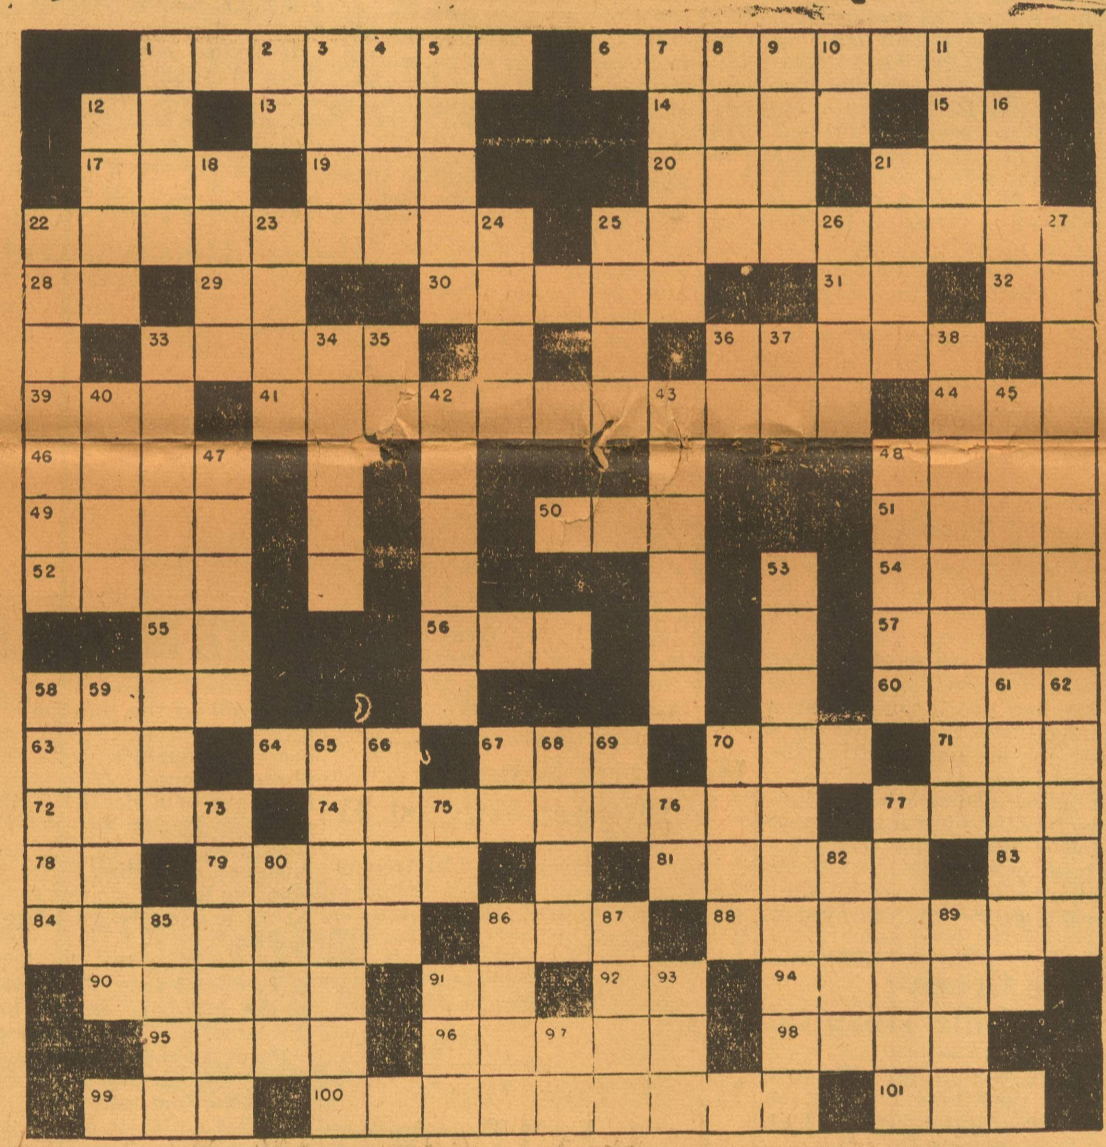

The citizen is lost in a welter of confusion. He doesn't know whether he is coming or going; he doesn't know whether he is going to have gas or even a car next week, next month or next season. He doesn't know whether the synthetic rubber and the rubber-reclaiming program will go well or badly. And nothing is harder on public morale than that kind of indecision, because it undermines right thinking and the confidence in the leadership and governmental management.

To the Citizens of Clay County ...

I wish to express to you my sincere appreciation for the vote and support given me in the past and have appreciated the whole-hearted co-operation of the good people of Clay County in performing the duties of Assessor and Collector of Taxes.

Assuring you that I will appreciate your vote and influence in the coming election and will endeavor at all times to give you the service that I know you are justly entitled to.

Your Friend,

Hollis B. Moore

RECALLING A HAPPIER DAY

There is an argument over in Grayson County—something about a highway—between Sherman and Denison. Seizing the cudgels for their respective cities, the editors of the Sherman Democrat and the Denison Herald have been swatting at each other right lustily; with what effect, however, is not discernible at this distance.

That sort of thing used to be a commonplace aspect of the journalistic scene, but it is unusual in these times. The editorial page, generally speaking, now partakes of dignity to such an extent that raspacious thrusts at contemporaries are practically barred. That is true of both daily and weekly newspapers. Editorial pens are dipped in pale, antiseptic ink instead of the mixture of gall and vitrol of an earlier day.

In the days when Robinson of the Waco Times Herald, Ousley of the Ft. Worth Record, and Bailey of the Houston Post were the big editorial names in Texas, dignity sometimes made concessions to treachery. Geo. Bailey managed to keep three or four editorial feuds going at once. Ousley used to prod the Dallas News about something or other until that paper had to emerge from its dignified shell to reply.

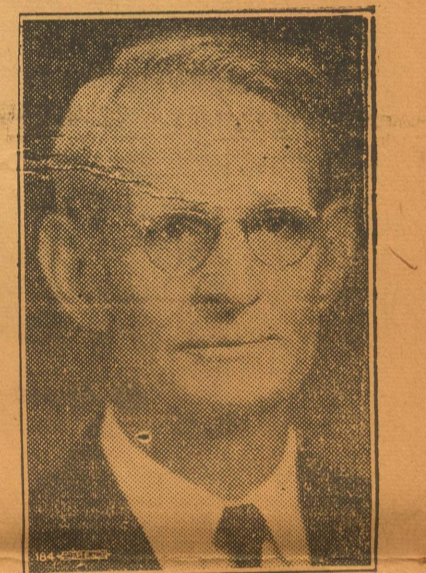

In the weekly field there sometimes were neighborly arguments in which the fur would fly. When the late beloved Charlie Martin ran the Archer County News and Ralph Shuffler ran the Olney Enterprise, those two would nick on each other week after week. No figure in north west Texas journalism has left an imprint more indelible than Bill Edwards of The People's Review at Henrietta, who was always taking a poke at some neighboring publication and who left a mark wherever he struck.

Thus it is refreshing to note the Denison-Sherman controversy. We don't know anything about the merits, if there are any, but it is gratifying to see a display of editorial spirit that is reminiscent of a happier day in Texas journalism.—Wichita Falls Times.

Aim of the United Nations is to give Herr Hitler a second front and a sore behind.—Dallas News.

By this time, those Japs who dreamed of invasion must have been wholly dis-A-leutianed.

Vote For Judge Harry N. Graves For Court Of Criminal Appeals

Judge Harry N. Graves was elected four years ago to fill the unexpired term of the late Judge O. S. Lattimore as a member of the Court of Criminal Appeals of Texas. He has actively participated in the work of the Court since that time and has written his share of their opinions.

This Court has disposed of the cases submitted to it, and is up with its docket, and he requests a second term at the hands of the voters.

Would it be wise to change the personnel of this Court at the present time?

For Shaves That Look And Feel Like "A Million," Try This New Gillette Blade

At 1/2 Price!

Radically Improved Kind Of Cutting Edges Make New Thin Gillette Blade Out-Perform And Outlast Ordinary Blades Two To One!

DORCUS S. S. CLASS ENTERTAINED HUSBANDS

Members of the Dorcus Sunday School Class of the First Baptist Church entertained their husbands Tuesday evening with a Chicken Barbecue on the lovely lawn of the home of Mr. and Mrs. B. P. Schwend. Mr. Schwend did the barbecuing.

Barbecued chicken with all the trimmings and iced-tea were served to thirty-seven members and guests present.

Miss Ruth Jones, daughter of Mr. and Mrs. W. G. Jones of Bluegrove, has returned to her work in Fort Worth after being home on a leave of illness. Her friends will be glad to know she has successfully recovered.

WILSON SCALING HONORED ON BIRTHDAY

Mrs. Harry Scaling entertained with a Birthday Party Tuesday afternoon from 7 to 9 at the home of Mrs. Lucian Parrish honoring her little son, Wilson, on his 4th birthday. The children played on the lawn and rubber balls were given for favors. A color scheme for the party was red, white and blue and two of the three birthday cakes were in Shapes of Merry-Go-Rounds and the other held four candles.

The cakes and ice-cream were served to Paula Jan and Sheila Kay Hawkins, Gratus and Frank Douthitt, Sandra and Beckham Guthrie, June Greer, Carla and Carol Sims, Jane Moore, David Daniel, Concha Dan Robinson, Marolyn Moffett, Jo Ann Key, Judy Koethe, Pamela Brown, James Paul Kerbow, David and Paul Percifield, Nancy and Nathaniel Arthur, Frances and Glen Richardson, Jimmy and Johnny Lerner, Evelyn and Alan Graves, Carolyn and Mary Parrish and the honoree, Wilson Scaling.

Mrs. Edgar Scaling, the former Miss Juanita West, of Yukon, Okla., was in Henrietta for the weekend, visiting her family and friends. Miss Nancy Tate returned with Mrs. Scaling for a visit to Yukon.

Ben Easley returned Sunday to Duncan, Okla., where he is employed after visiting his mother, Mrs. Julia Easley.

WOMAN'S COUNCIL OF CHRISTIAN CHURCH MET MONDAY

The Woman's Council of the Christian Church met Monday for their regular monthly meeting which marked the beginning of the new year. The meeting was called to order by the president, Mrs. G. E. Milner, and opened with the Lord's Prayer.

At the close of the business meeting, Mrs. Paul Merrill took charge of the program. After the song, "There is a Name I Love to Hear", and prayer, Mrs. Merrill led in a dedication service for the new officers, and the new year. Mrs. F. R. Wood responded with prayer.

Program leaders for the ensuing year were announced and Mrs. W. J. Mangum were appointed to serve on the visiting committee and Mrs. R. G. Kegley spiritual chairman and Mesdames F. R. Wood and L. D. Prewitt on the look-out committee.

After definite aims of the Council were established for the year, the meeting closed with the benediction. Those present were Mesdames Bomar, Merrill, Kegley, Jones, Brock-South, Prewitt, Milner, Dodd, Kerr, Woods, Ellis, Harris, Mount, Mangum and Karsteter.

RUTH JONES AND TOMMY CHILDS ENTERTAINED

Tuesday morning Misses Ruth Jones and Tommy Childs were entertained with a very informal coker party immediately preceding the girls' departure for Ft. Worth. Each person brought a small parting gift for the honorees, who, after cokes were served, were accompanied to the bus station by the guests.

Those present were Misses Wilma Childs, Betty Prewitt, Nancy Karsteter, Mrs. Russell Patterson, Miss Tommy Childs and Miss Ruth Jones.

PERSONALS

Miss Evelyn Kerbow returned Tuesday from Borger, where she has been visiting Mr. and Mrs. Herbert Seright.

Mrs. N. C. Brewer and son, Bill, of Greenwood, Miss., were guest of Rev. and Mrs. P. J. Merrill this week end. Mr. Bill Brewer is stationed at Sheppard Field.

Mr. David Merrill was home for the weekend from Texas A. & M., where he is studying to be a radio operator in the Navy.

Mrs. H. R. Elbert, the former Miss Helen Prewitt left Sunday to re-enter N. T. S. T. C. in Denton to complete her work for a degree in Music Education. Mr. Elbert is in the army at Camp Gailan, California.

Miss Rudell Loftin visited her sister, Mrs. Louis Brown this week. She received her B. A. degree in Speech this spring from Texas State College for Women in Denton.

Nina Ray Phagan spent the week end with relatives in Vashti.

Mr. Elbert Smith Jr., of Ft. Worth was the guest of Miss Ruth Jones over the weekend.

Mrs. Jim Dale of Dallas spent the weekend with Mrs. Tom Dale.

Misses Sadie Brockman and Clemmie Stone and Mr. and Mrs. Loman Davies attended a reception at Wichita Falls, at the Kemp Hotel, honoring C. C. Kirby who completed 30 years of service with the Bell Telephone Co.

Mrs. Joe Bashara and friends, Mrs. Margaret Cox and Mrs. Mable Spragins of Wichita Falls, attended the Recital of Music students of Mrs. Beulah Cook here Tuesday evening.

Mrs. C. D. Loving is expected home this weekend after a few weeks visit with her daughter and family in Illinois.

Mr. C. A. Fleming, postmaster at Kress visited relatives here a short time Thursday.

Mr. and Mrs. E. C. McCarley announce the birth of a son July 13th.

Mrs. Allen Cueba left Thursday for Dallas after spending the week with her husband.

Miss Ossie Bowers spent the weekend in Randelette, Oklahoma.

Mr. and Mrs. Jim Roberson and daughter of San Diego, California, are guests of Mr. and Mrs. J. M. Staats in Bellevue and Miss Gladys Staats, here.

Mrs. D. P. Netterville, Miss Myrna Agerton and Miss Mary Lee Thompson of Ft. Worth, are house-guests of Miss Rema Bates.

Mr. and Mrs. T. W. Rhoades of Fort Worth spent the weekend with Mr. and Mrs. L. E. Dickerson enroute for a months vacation in Colorado.

Mrs. Joe Coke of Arlington visited her husband here this week. Mr. Coke is employed by the Austin Road Construction Co.

Mr. and Mrs. Ralph McAbee of Long Beach, Calif., are visiting Mrs. McAbee's mother, Mrs. Sine Royer.

Mrs. J. H. Hyatt and daughters, Betty and Marjorie of Cisco, are guests of Mr. and Mrs. J. E. Sullivan.

Mr. and Mrs. A. G. Rousey, of Byers, made a business trip to Henrietta Thursday.

Jackie Gist returned to his home in Nocona Sunday after a week's visit with his grandparents, Mr. and Mrs. L. J. Gentry.

Mrs. Mary Parrish Percifield and sons, David and Paul, of Houston, are guests of Mr. and Mrs. Lucian Parrish and other relatives here.

Mrs. John Kosanke and children, Anna Marie and John Calvin, have returned from a visit with relatives in Decatur.

John Madison Griswold spent the week with his uncle, Mr. Johnnie Caudel at Wichita Falls.

Mrs. Joe Ann Bannon of Dallas, spent last weekend with Mrs. Nancy Griswold and family.

Mrs. Johnny Rhinehart of Kilgore is spending the week here with her husband, who is Supt. of the Austin Road Construction Co.

Mr. and Mrs. Spruill Cook of Corsicana are guests of Mrs. Beulah Cook.

Mr. and Mrs. J. W. Caudle of Wichita Falls, spent Sunday with Mrs. Nancy Griswold.

Corpl. J. T. Valois of the U. S. Army in Kansas visited Miss Mary Belle Twyman here Friday and Saturday.

Mr. and Mrs. W. J. Moffett and daughter, Marolyn, have returned from a visit in Little Rock.

Mr. and Mrs. Otis Tyle and son, and Mr. - Mrs. Howard Haberman and daughter of Houston have returned home after a visit with their parents, Mr. and Mrs. Henry Haberman and family.

Mrs. Thornton Emmons and daughters, Sallie and Virginia, of Columbus, Ohio, have returned to Dallas for a visit with Mrs. Emmons' mother, Mrs. Jim Dale, after a visit here with Mrs. Tom Dale.

Mr. and Mrs. Ray Moore and sons have returned from a vacation visit of a week with Mr. and Mrs. Sam Donnell and Mr. and Mrs. Bud Barnett in Vashti.

Mrs. G. C. Rann of Decatur is a guest of Mr. and Mrs. John Kosanke.

Mrs. Tibbie Curry and daughter Bernice, of Waurika, visited Mr. and Mrs. Maynard Curry during the week.

Mr. and Mrs. Fred Rayborn spent Sunday with Mr. Rayborn's mother in Wichita Falls.

Mr. K. N. Hapgood of Dallas is spending the month with the family of his son, L. B. Hapgood.

Miss Louise Klemer spent the weekend with her parents, Mr. and Mrs. Carl Klemer in Petolia. She has just returned from her vacation trip to visit her sister in Washington, D. C. While there she also made a trip to New York City.

Anna Marie Kosanke is a guest this week of Elaine Moore in Vashti.

Miss Marie Street, student of Texas Tech, has arrived home for the summer.

Mr. E. P. Moffett has returned from a visit with his daughter and family in Little Rock, Arkansas.

Mr. A. F. Autrey and daughter of Shannon were in Henrietta Thursday. Mr. Autrey had the misfortune to have been bitten by a spider or something on the ankle and was suffering from it. He was in to consult a physician.

Mr. Joe Cole of Bellevue made a business trip to Henrietta Wednesday.

Mr. and Mrs. Henry Haberman of the Willow Springs community were in Henrietta Wednesday.

"When picking up the papers that record the happenings in the little towns, one gains renewed faith in life", someone has written. "Here a reset forth that which uplifts a community—the activities of the business men, the church items, farm news, and all the thousand and one happy social gatherings, as well as the marriages, births deaths and daily occurrences that make up the simple annals of the great common people who are really the foundation of this broad country of ours."

Tomatoes Regarded As Healthful Food

Tomatoes are recognized by nutritionists as holding a unique place among vegetables as a valuable source of Vitamin C. According to the Bureau of Home Economics, U. S. D. A., tomatoes are not only a valuable source of vitamin C, but ripe tomatoes also contain vitamin A, so often inadequate in low-cost diets. Both ripe and green tomatoes also contain vitamin A, so often inadequate in low-cost diets. Both ripe and green tomatoes supply some vitamin B (thiamin) and iron. Following are some tomato recipes and hints:

"Tomatoes pass all taste tests with their matchless flavor. For both color and flavor they are charter members of any salad bowl. And one of the simplest and most popular of all salads is made of bright tomato slices — crisp, green cucumber slices, arranged alternately on a leaf of lettuce. Always postpone adding any tart dressing such as French until the last minute. Otherwise the tomatoes shrivel and weep, because the acid and the salt of the dressing draw the juice from the tomato if the the salad stands very long before serving.

"For a stuffed tomato salad, skin the tomatoes, cut a round piece from the stem end and take out enough of the pulp to leave a cup. Season the inside of the tomato cup with salt, turn it upside down, and place it in a cool place until time to serve. For a hearty salad, stuff the tomato shell with a filling of cottage cheese, or of chopped meat fish, with chopped celery, diced cucumber, or some cooked green vegetable, and the tomato pulp. For a less substantial salad use only vegetables in the stuffing. Top with salad dressing.

For the main course, serve tomatoes out in half, seasoned, covered with bread crumbs, and baked. Or they may be stuffed and baked. Stuffing may be made from a mixture of well-seasoned bread crumbs and tomato pulp. Or add a little chopped meat or fish as for the stuffed tomato salad.

Mr. and Mrs. Homer Davis of Bellevue visited in Henrietta Saturday.

Mrs. Howard Green In Clinic Hospital

Mrs. Howard Green is convalescing in the General hospital in Wichita Falls following a major operation.

Mr. Jimmy Hill, after spending the weekend in Henrietta with his family and friends, returned to Cimmaron Field, near Yukon, Okla., where he is employed.

Swat the Roosters Produce More Eggs

By Miss Mary Branch
Produce Only Infertile Eggs. Buyers of eggs in Texas are reporting losses from infertile eggs. Naturally this loss definitely affects the egg producers, the egg buyer, and reduces the volume of eggs that could be dried for our armed forces and allies.

There are several ways that this condition can be corrected. — First, all egg producers, unless they are selling some hatching eggs at the present time, should dispose

of every male bird on the premises. Second—They should also keep any young cockerels that are being retained for breeders next year confined to a pen or placed on a range considerable distance from the laying flock.

One of the best means of preserving quality of eggs on the farm prior to their being brought into market is to keep them under refrigeration. This can be mechanical or artificial. Very satisfactory results have been obtained through the use of an iceless refrigerator similar to the old type milk cooler.

Plans and specifications of this refrigerator can be obtained thru the Extension Service. This is an MS form No. 443 entitled, "Iceless Refrigeration for Holding Eggs to Check Evaporation and Check Temperature". This type of home made means of keeping up the quality of eggs on the farm, especially where they are marketed at least twice a week. When the refrigerator is placed on a porch or some place where there is a good circulation of air, the inside temperature is reduced to about 20 degrees over the outside temperature.

Mr. and Mrs. M. E. Hanson of Boise, Idaho, spent Sunday here the guests of Mrs. Nancy Griswold. Mr. Hanson is stationed at Sheppard Field.

Mr. and Mrs. Hobson McMahan of Ikard visited friends here during the weekend and did some shopping for supplies.

Mr. Oscar Short of Halsell made a business trip to Henrietta Saturday. He stated that crops were looking good out that way.

Mr. E. W. Frazier of Carnado, Oklahoma is visiting his daughter, Mrs. Henry Wood, and family. Mr. Frazier is 101 years old and still walks around anywhere he cares to go around town and eats hearty.

Mr. and Mrs. L. R. Presley and daughter, Mrs. Jack Borgman of the New London community were in Henrietta Saturday. They reported a nice shower out there Saturday morning which was of great benefit to the crops and gardens.

Pontiac Stretches Three Gallons of Gas

By observing easy-to-follow rules the driver of an average automobile can stretch three gallons of gasoline over 180 miles driving, according to a chart prepared by the Pontiac Motor Division's engineering department.

The plan demands a perfectly serviced automobile and a driver converted to war-time driving. Observation of five major points will take care of the car. They are:
1. Keep engine in A-1 condition. It is surprising what a difference a valve grind, clean spark plugs, correct timing and a clean combustion chamber will make in gas, economy, Points out.
2. Don't let tires drop below recommended pressures—they rob you of gasoline and wear out faster.
3. Maintain correct toe-in. Too much or too little causes scrubbing instead of rolling, eats up extra fuel wears out tires.
4. See that brakes do not drag.
5. Use the lightest recommended oil in summer as well as winter.
The driver has nine responsibilities:

1. Push out clutch and don't race motor when starting.
2. Get into high gear at about 15 m. p. h.
3. Use low and second gears less. Actual economy in low drops to between 2 1/2 and 9 miles per gallon. In second it tests from 3 1/2 to 15 miles per gallon.
4. Anticipate stops and coast more. Use brakes less. It takes energy to bring your car up to cruising speed. When the brakes are applied a portion of that energy is lost in heat.
5. Coast in neutral whenever possible and safe. It is illegal to coast in neutral in some states. However, whenever it is practical and safe, on gentle grades, shift to neutral, and coast with throttle closed.
6. Use accelerator pedal gently. Let the other fellow beat you away from the lights—you'll be even with him again at the next one.
7. Select routes which have the least stops.
8. Drive at a uniform speed. 25 to 30 miles per hour will give you the maximum economy.

Observance of these points will give you every foot of economy built into your car. Pontiac points out and, at this point, you should be getting at least 55 or more miles for your three gallons of gas.

The last point will hit the mileage jackpot for you. Share your rides with three neighbors. It will roughly quadruple the mileage of all who participate for a grand total of 180 miles from just three gallons of gas.

Mrs. Laura Smith has returned to her home in Stamford, N. Y., after a visit with Mr. and Mrs. J. M. Curry here and Mrs. M. A. Bundy in Wichita Falls.
