Texas Newspapers In Scrap Drive From Sept. 28 To Oct. 14

Get this straight, Texas.—The urgent appeal for scrap iron, waste paper, steel, rubber, brass, copper, aluminum, cooking fats, tin cans, waste paper, zinc and lead is the most important thing in your civilian war lives today.

No one is kidding about this scrap drive. It's the real thing.

Our steel mills, the supporting beam of democracy's arsenal, are almost entirely dependent upon you and your efforts to forge the instruments of war.

Latest survey of the nation's steel mills reveals an average eight-day supply of scrap. In one big Texas mill, the average supply is only two days. If the scrap does not keep flowing to that mill, it could run through that two-day supply in forty-eight hours and be forced to shut down.

Or, to put it more simply, that old flatiron you have in discard and just haven't tossed on a scrap heap could make thirty hand grenades.

Shocks you, doesn't it?

From the biggest chunk of scrap steel to the grease drained from your breakfast bacon it is imperative to give—and Now.

Waste greases play a part in this war! Just save two pounds of it, strain it, hurry it to your butcher.

Know what you have done? Two pounds of waste cooking fat will make enough glycerine for five anti-tank shells.

Is it too much to ask of an American housewife?

W. M. Carmichael Passes At Duncan

Relatives and friends living at Byers and Rock Springs were apprised Saturday of the sudden passing of Mr. W. M. Carmichael, 75, at Duncan, Okla., Saturday afternoon shortly after 1 o'clock.

Mr. William Macklin Carmichael was a native of Georgia. He moved to Texas in 1885, and went to Duncan, Okla., in 1928. He was a retired farmer. Shortly before 1 a. m. Saturday, he collapsed, and died a few minutes later.

The widow, Mrs. Peachie Carmichael, said he had been in unusually fine spirits before they retired Friday night.

Funeral services were conducted at 1 p. m. Tuesday in the Assembly of God Church, with Rev. Lowder and Rev. Brown of Duncan, officiating. Burial was in the Duncan Cemetery under the direction of the Beeson Grantham Funeral Home, at Duncan.

Mr. Carmichael is survived by the widow; three daughters, Miss Katherine Carmichael, and Christine Carmichael, both of Duncan, and Mrs. Ruby McLendon, of Los Angeles, Calif.; three sons, Leslie, of Lawton, Okla.; Louis of the U. S. Navy, and Donald of Los Angeles; one brother, Harvey Carmichael of Henrietta, Texas, and a sister, Mrs. Annie Copeland of McDonough, Georgia.

Bill McAdams Has Beautified His Cafe

Friends and patrons of Bill McAdams Cafe note he has beautified the interior of his Restaurant, and redecorated it, with artistic wall decorations, and vari-colored paint and varnish, and it is surely pretty now inside.

He was aided in the work by his neighbor Paul Hawkins, who is an adept at interior decorating. We went through it from front to back and it is a beauty; the kitchen is spotlessly clean and sanitary, and patrons will find Bill McAdams's Cafe a sanitary restaurant, where you can get a good meal, a short order or a good cup of coffee.

Bill McAdams, has engaged in the Cafe here for many years except the time out when he ran for high sheriff of Clay county.

Lawson L. Reeves Writes The Leader

Great Falls, Mont., Sept. 23, 1942.

Clay County Leader, Henrietta, Texas.

Hello, My Friends:

How are you this fine day?

Well, I was transferred from Sheppard Field in one big rush, and did not have time to come by and say Good-bye, and the next thing I knew I learned I was in Great Falls, Montana.

Uncle Dave, how are you? What is new there? Sid, how are you getting along down there? Oh, yes, did you know the little Stokley girl had quit out at Little Joe's, and is attending school in Ft. Worth? She said that in her last letter.

Is Mr. Tom still going to the hospital in Wichita Falls?

Well, they shipped me from Sheppard Field Sept. 11th, sent me away out to Montana,—120 miles to Canada and 80 miles west of the Rocky Mountains. So you see, I am a long way from The Lone Star State now.

Well, I guess I better close.

Write soon to Your friend, Pvt. Lawson L. Reeves, 385 B. Hdq. Air BS Sq., Air Corps Det. at Fair Grounds, Great Falls, Montana.

Donley Suddath Hears From Mrs. H. K. Green

San Francisco, Calif. Sunday Sept. 27, 1942. 123 Buena Vista Ave.,

Dear Mr. Suddath:

Your letter written for Mr. Akin was a pleasure to receive. I fully intended writing today relative to his son Shirley, whom I had the pleasure of meeting in San Francisco when I drove both boys with their luggage to meet the Matsonia on which they sailed to Honolulu.

Herbert's letter was typewritten, with the exception of his signature, and that I recognized as genuine.

No doubt Herbert exaggerated the three meals a day and blankets etc.,—to get the other part of his message through—whichever way it is we have now great hope of both our boys return. You will note Herbert's letter was dated June 1, 1942. The Gripshoim left Shanghai China as you know about June 23, 25, and I hope they didn't raise their hopes for a transfer at that time. More prisoner exchanges are due and possibly better luck next time. Extend my warmest thanks both to Mr. Akin and you for the courtesy shown and rest assured I too will write any new developments.

Chin-up for V— Mrs. H. K. Green.

Herbert E. Jaffe Writes His Mother

Shanghai War-Prisoner's Camp, H. E. Jaffe, Barracks 3 Japanese Field, Post Office 106 Central China, 1st June, 1942.

Dear Mother:

Just a line to let you know that I am in very good health, safe and sound, and have not been wounded. I think about you constantly and am sure you are doing the same because I feel it. I hope you don't worry about me. There was a time when I wondered if I would make it, but the worst is all behind and I know that I will get home O. K.

Please keep in touch with the baby and write me about her. She surely must be getting big now. Let me know if the contractors are still sending my money, to the bank. Is Minniemax still working? Please write to Tex's father (James Akin, Henrietta, Texas) and let him know that he is O. K.

We get 3 meals a day and have a good doctor and plenty of blankets, and good shelter, so you see things are alright. I still have some pictures of you and the family which I treasure very much. Are you still in contact with Elodie? If so send her my best. Keep yourself well as I hope to be home soon and we have a date. Love, (signed) Herbert E. Jaffe, Hab.

To Mrs. H. R. Green, 123 Buena Vista Ave, San Francisco, Calif. U.E.A. P. S. The envelop was addressed the same, other than "Examined by U. S. A. 276.

Schools to Re-Open Oct. 5th After Three Week's Recess

Mrs. Grover Thaxton To Visit Daughter In Washington, D. C.

Word from Miss Beverly Thaxton, who is doing department work in Washington, D. C., is that she is progressing nicely in her work. She has had an offer of a good job in South America, but has not decided whether to accept it. She will talk that over with her mother, Mrs. Grover Thaxton, when she visits Beverly at Washington soon. Mrs. Thaxton and Mrs. Lloyd Chowning will leave on or about Oct. 6th for a visit to Miss Thaxton in D. C.

Pfc. Lonnie Davis Pitching for U. S. A.

Mr. Lonnie Davis left Tuesday for Dallas, where he goes into the U. S. Army. For the past few years he has served as assistant at The Henrietta Drug Co. Three young ladies are employed at the Drug Store, and, as we told you last week women are gradually taking the jobs held heretofore by the men who are now in the armed services. Mrs. Lonnie Davis, who is working at Thaxton Hardware store, will remain on in her present position.

District Judges In State Meeting At Austin Last Weekend

With Judge James P. Alexander, chief justice of the supreme court presiding, all District Judges of Texas convened in Austin last Friday and Saturday, for the purpose of finding ways and means to simplify, shorten and make speedy the dispatch of all court trials in district courts in Texas.

Judge Alexander has worked out a simplified method of procedure, and during this meeting he outlined and discussed it with the judges and heard suggestions from them.

Judge Earl P. Hall, local district judge, attended the two days' session and reported an interesting meeting. Mrs. Hall accompanied him to Austin and visited friends while he attended the meetings.

Fall From Derrick Fatal To Oil Worker

Friends of Charles Houston Linville were apprised of his death on last Thursday night, when he died from the fall from a derrick in the Hapgood field about fifteen miles east of Henrietta. The well is located about two miles north east of the Hapgood headquarters at Dickworkham.

Operation of the plant had stopped temporarily to repair a water pump that was out of order. Mr. Linville went up in the derrick, but the other members of the crew were on the ground working at the pump, completely hidden from him by the machinery on the derrick floor, and did not see him fall as he was on the opposite side of the derrick from them.

The body was found on the well by a driller, lying on a pile of pipe. The distance of the fall was about 40 feet. Both legs were broken in two places, the arms were broken, and there was a deep cut on the right side of the head.

Inquest verdict rendered by local officers was that death was due to an accidental fall from a derrick. The body was taken to Wichita Falls, his home, in a Hawkins Mortuary ambulance.

Burial was at Hammond, Okla. Mr. Linville is survived by a brother, O. B. Linville, of Wichita Falls. Deceased was unmarried.

Pontiac To Graduate Classes Monthly

A simple ceremony Saturday noon Sept. 12th, marked the graduation of the first class of Army men from the Pontiac Motor Division's anti-craft school. The 24 officers and enlisted men who completed the strenuous four weeks course are scheduled for immediate dispersal to armored divisions.

Certificates were handed to each graduate by Verne L. Murray, assistant general sales-manager and school director, standing before a background of the 20 mm. and 40 mm. guns manufactured by Pontiac Motor. Each graduate now is well grounded for maintenance, field repair and operation of these weapons.

Groups will be graduated semi-monthly, henceforth, Murray said. He added that the first class reached graduation without a failure de-

Sheriff Ray Phagan Confiscates Liquor

Sheriff Ray Phagan last Monday morning arrested a Wichita Falls man near Jolly, and confiscated 50 cases or 1200 bottles of pre-war whiskey. The man was hauling between Dallas and Wichita Falls. The Sheriff had arrested this same man last March near Byers, who was then hauling between Oklahoma and Wichita Falls. It was a real load of whiskey the Sheriff confiscated, bringing it to Henrietta, where it is turned over to the State Enforcement Board.

Mr.-Mrs. Harve Rollins Living in Wichita

Mr. Harve Rollins of Wichita, Falls, paid The Leader office a pleasant call Saturday while in Henrietta on business. Mr. Rollins is working in the Wichita Falls Post Office, while his wife works at Cameron Co., and stated they were doing nicely in their work. Mr. Rollins ordered this paper sent to his address. Mr. and Mrs. Rollins have many friends in Clay county who are glad to hear they are so pleasantly situated at Wichita Falls, at 909 Bluff Street.

Teachers Meet Here Saturday, Oct. 10th

A county-wide Teachers Meeting is scheduled for Saturday Morning October 10th at 9:30 A. M. in the Henrietta High School Auditorium.

All teachers of the county are requested to be present. Some of the speakers appearing on the program are:

Frank Selvidge—Discussion of Interscholastic League.
M. S. Duuncan—The Scrap Drive.
Edgar Ellen Wilson, State Director of Elementary Education.
L. R. Burkett, Deputy State Sup't.
B. B. Cobb, Secretary Texas State Teachers' Association.

Thirty-Nine Boys Left To Army Exam Friday

Last Friday morning another large group of Clay County boys left for Dallas to take their physical examinations for service in the U. S. Army.

Thirty-six passed the exams, and three failed to make the grade,—later on Uncle Sam says "all men who were previously deferred on account of some physical defect, will be reclassified, and put into some useful war-time work. Also, Uncle Sam has given instructions to examiners to not be as strict on the physical exams, as men are needed badly on all fronts and in all lines of work.

They are taking them now with false teeth, glass eye, and deaf in one ear. One of the best marksmen in the U. S. Army is a guy who is deaf in one ear. He can hit the bull's eye at 150 yards.

Rubber Boots - Shoes, Etc. Rationing To Be Effective Sept. 29th

Because of the serious rubber shortage, certificate rationing of men's rubber boots and rubber work shoes has been ordered by the Office of Price Administration to insure necessary supplies of this footwear for men working on jobs essential to the war effort or the public health and safety. Mr. Ogle chairman of the Clay County War Price & Rationing Board announced today.

Effective at midnight Sept. 29, OPA ordered ALL Sales and Shipments of six types of Men's rubber boots and rubber workshoes frozen to prevent buyers run on the stocks now on hand and also to give dealers time to take inventory.

All retailers, wholesalers and manufacturers of the rationed footwear are required to obtain OPA inventory forms from their local War Price and Rationing Board on either Thursday, Friday or Saturday of this week. The "freeze" period will end on Monday, Oct. 5, at which time rationing to customers begins. The Clay War Price Rationing Board will be open to workers and company purchasing agents who need certificates entitling them to buy the rationed footwear. To get a certificate, the applicant must fill out two copies of a form that will be available at the local War Price and Rationing Board. These can be obtained by coming to the board in person, writing for them or sending a representative.

Miss Branch Urges You Cann Pears

More plentiful than any other Texas fruit just now are pears. Best canned pears are never "tree ripened." Pears will have a better taste and finer texture if gathered when mature, but still green and permitted to ripen in a cool, dark, ventilated room. Once ripened they must be used promptly.

Here are a few ways Home Demonstration women are preparing them: Canned Baked Pears—

Bake pears in the oven as apples are baked. Remove while hot from baking pan and pack into hot, sterilized containers. Fill to overflowing with boiling medium syrup and seal.

Pear Relish—
1 gallon ground pears; 5 lbs onions; 8 green sweet peppers; 2 hot peppers 1/2 gal. white vinegar; Salt to taste; 3 tabl. spoons white mustard; 6 teaspoons cloves; 2 tea-spoons of 2 teaspoons cloves; 2 tea-spoons of cinnamon and 2 teaspoons turmeric. Bring to boil. Simmer 15 minutes. Seal in sterilized jars.

Mrs. Horace Noel and Mrs. Nancy Griswold Operate Beauty Salon

Mrs. Nancy Griswold and Mrs. Horace Noel have leased the Beauty Parlor next door to Rex Gate's Garage, and invite you to pay them a visit.

For the past year Mr. and Mrs. Noel have been employed at The St. Elmo C-Store Shop, where they made many friends.

Mr. Horace Noel has gone to Mr. Bill Sharp's Cafe, where he will prove a valuable asset to Bill, as Horace knows the Cafe business so well, and knows people all up and down the highway.

Mrs. J. W. Douthitt Says Yarn Arrived

The Red Cross yarn is here and more people are wanted to knit.

There are both Army and Navy sweaters, helmets and gloves to be knitted.

I urge everyone who can knit to get some of the yarn and knit and teach others. Our boys need the warm garments and there is a time limit, so please help get it done.

The yarn is at my house, also at H. L. Bear's Hdw. Store, care of Sine Christian.

Mrs. J. W. Douthitt.

Judge G. Smith, of Anson, Heads Judges And Commis. Ass'n.

The west Texas County Judges and Commissioners' Association met in Big Spring last week and an interesting session was held, with many matters of import to the war effort and etc. were discussed by that body.

Judge Gilbert Smith of Anson, was elected President of the Association.

Sales Very Light Here Last Monday

Due to the advance in meat and the fact that meat is soon to be rationed, and that it is found already difficult to buy all the bacon you want, the crowd at the Sales last Monday at the Agricultural building was light and very little selling.

Also, farmers are very busy picking cotton, but so soon as the cotton season is over, it is hoped larger crowds will attend, and more cattle, hogs, and stock will be available to have lively sales here each Monday at the Agricultural building.

Stockmen, farmers, if you have cattle, hogs, mules, horses, etc. to sell, bring them to Henrietta each Monday, and let them go through the ring here. Highest market price is paid in Henrietta.

REV. ROBERT FORRESTER OF BRENHAM TO PREACH HERE THIS SUNDAY, OCT. 4TH

Rev. Paul J. Merrill, pastor, is in a revival at Brenham, Texas, and while he is away, Rev. Robert Forrester of Brenham, will preach this Sunday at the Christian Church.

Everyone is cordially invited to hear Bro. Forrester, at the morning hour. No night services will be held on account of the Baptist Revival now in progress.

Sunday School, 9:45—Harry Olsen, Superintendent.
Communion—10:45.
Sermon—11:00 A. M.

Go to church Sunday.

Henrietta schools will reopen Monday, Oct. 5th, after having been in a recess for three weeks, that the students might assist the Clay County farmers in gathering their cotton. Fram all accounts they have made a good job of it; many of the farmers have their first picking past, and are waiting for it to re-open, while others are about half through picking.

Cotton has been coming into Henrietta from all directions, and the gins have been running day and far into the night.

Uncle Sam will sanction the action of the local school board in recessing school to further our war effort, and the farmers are more than pleased.

Children, you have had a fine three week's recess, so be on hand Monday, October 5th, with good lessons and apply yourself during the term while you have this school.

Another recess might be called later on, to "collect scrap," as that is being done in the east.

The Leader welcomes the faculty and student body back to school.

Prof. K. C. Cummings, Supt. of the Midway Consolidated Schools states that their schools will open Monday, Oct. 5th, and that the buses will pick the children up at ten o'clock, and they will remain at school until twelve, following that they will be dismissed for that day.

Tuesday, buses will pick them up at regular time, and school will be dismissed at regular afternoon dismissal hour.

Mrs. Jack Dale Rites Held at Dallas

Mrs. Katherine Taylor Dale, age 40, wife of Jack B. Dale, formerly of Henrietta, died in Dallas, Monday, after a long illness.

Funeral services were held Tuesday at 4 P. M., at the East Dallas Christian church, conducted by Dr. L. N. D. Wells, assisted by Rev. H. F. Lovett, A. P. Daugherty and Rev. Clifford S. Weaver.

Mrs. Dale came to Henrietta a bride, and resided here for several years before removing to Dallas.

Survivors include the husband; three sons, James E. Dale, Jack B. Dale, Jr., and Jerome T. Dale; two sisters, and a brother, all living in Dallas.

Mrs. Dale was a church worker, active in the Epworth League and in the Christian Endeavor. She is well remembered by Henrietta acquaintances, having visited here often after her removal to Dallas. She frequently gave Book Reviews of popular books before civic clubs and public gatherings.

Those attending the funeral from Henrietta were: Mrs. J. T. Dale, Rev. Paul J. Merrill, W. L. Mount, C. H. Melton, Mr. and Mrs. Rex Gates, Mrs. Will Neville and Mrs. Lewis Ikard.

Defense Police In Texas Now Complete

Defense Police Mobilization in Texas is complete, stated Colonel Homer Garrison Jr., director of the Texas Department of Public Safety, today. A plan whereby the regular organized police and sheriffs of non-strategic areas may be drawn to danger zones to quell riots, sabotage, and other disorders has been developed.

The Department of Public Safety has catalogued all law enforcement personnel, guns, munitions, and other equipment and adequate protection can be instantly drawn to trouble areas. The mobilization of these regular police, and the duties of War Reserve Police drawn from civilian ranks, will be the subject of this week's dramatization of "Texans on the Alert," presented for the eight time Sunday Oct. 2 at 2 P. M. over WFAA and WBAP and sponsored by the National Defense Committee for Texas.

A CORRECTION
Olsen-Stelzer and Employes are buying \$100 worth of Defense Bonds each week, instead of monthly.
We commend them.

ATTENTION, READERS!

We are coming to you this issue with only four pages because Uncle Sam requested we save paper when possible. Certain ads must be run each week, and when opportunity again presents itself, we shall try to make it by with just four pages. Of course a few minor articles might be omitted for the lack of space, but if so, they will appear in following issue.

R. Dee Price Discusses Farm Machinery Setup

New farm machinery which was ordered prior to September 17th, will be delivered to producers, the Texas USDA War Board has announced producers whose orders were not filled before the 'freeze' date, automatically will be given rationing certificates by county rationing committees, provided the applicant can satisfy the committee that the order was placed prior to September 17.

Orders placed after the effective date, however, will be subject to rationing through local boards.

County rationing committees have been established in each of the 354 Texas counties and are now operating, B. F. Vance, chairman of the board said.

New farm machinery was frozen in the hands of dealers September 17, pending organization of the local rationing committees.

According to the rationing program, farm machinery will be classified in three groups. Class A machinery, including items which are scarce and vitally needed in 1942 production, may be sold only upon certification by the farmer to the dealer that the equipment is required for current agricultural production. Other less essential items are included in Class C and may be sold without restrictions.

Purpose of the farm machinery program is insure a fair distribution of available machinery in channels where it will do the most good in wartime agricultural production.

Farm machinery dealers have been supplied with the application forms and information regarding rationing.

Mr. V. F. Veitenheimer and son, Urban, of Windthorst, paid The Leader office a call Saturday while enroute home from Dallas, where the son had stood his physical examination and had been accepted for military service in the army. He ordered this paper sent to his address for one year. The son said he had been ordered to report for military duty Oct. 14th. Mr. Veitenheimer stated that he had picked four bales thus far, and that his cotton was turning out very good this year.

Miss Lena Bumpass of Rock Spgs. called at The Leader office Wednesday and ordered the address of her brother, Wm. Bumpass, changed to Los Angeles, Calif. He is in the Army, and she reported him doing nicely.

Women Aviators

War Secretary Stimson announced the Air Transport Command will establish a unit of 50 trained women aviators, the Women's Auxiliary Ferrying Squadron, to ferry small or planes from factory to flying-fields. The Weather Bureau called for 75 women airplane pilots to take a course in meteorology.

Russians Will Hold Line

Russia will hold that line. They are gradually regaining everything they lost.

Mr. Dady Reaves, progressive farmer and stockman of the Stanfield community, was in Henrietta on business Monday. He came to attend the Tannehill Sale of milch cows, but did not arrive here until the sale was over. While in the county seat Mr. Reaves paid The Leader a pleasant call, renewing his subscription to this paper and his favorite daily. He is on the committee to collect junk, iron, etc. for Uncle Sam, and he stated they had sold \$12.16 worth and which money goes into the Stanfield fund for the school as the school children out there helped gather it up, and he wanted them to know how much he had sold, and that they have quite a bit more to collect and sell. Mr. Reaves is at present helping our friend, Mr. W. H. Stuart in

Gov. Coke Stevenson Proclaims Fire-Prevention Week

Governor Coke Stevenson has formally proclaimed Oct. 4 to 10 as "Fire Prevention Week" in Texas.

Citing the urgent necessity for preventing fires during time of war Gov. Stevenson said, "the production of materials essential to the prosecution of the war by our nation is taxing the capacity of industrial plants, and curtailment of production because of fire becomes a menace to our own safety."

The Governor called upon Texas citizens and various local organizations to emphasize the danger of fire and to encourage fire prevention Week, Marvin Hall, State Fire Insurance Commissioner, suggested that every Texan accept individual responsibility in adopting fire prevention measures at home and at work.

"According to official proclamation," Hall said, "Fire Prevention Week has special significance this year. The defense of factories, and homes against destruction by accidental fires is essential to the war production program and conservation of vital resources."

There is another reason why we must devote more attention to preventing fires. We are now receiving dividends of lower insurance rates—the result of preventing fires. In order to keep the low fire insurance rates now in effect, it will be necessary for us to prevent fires in the future."

his cotton gin, and stated that, if the weather remained pretty until Thursday at six o'clock, they will have ginned over 600 bales at the Stuart Gin at Stanfield. He reported the cotton coming in fine, and he remembered, they are out on the river, where they really raise the tall cotton, big bales, and fifteen to twenty-five bales on a stalk. Another question we asked Dady—How's your school? "Progressing nicely. It began same time Henrietta started this year, and has not dismissed for cotton picking."

Keen Eye and Sense Of Smell Locates 'It'

Late Monday evening Sheriff Ray Phagan apprehended a Nocona woman on Highway 82, near the football field east of Henrietta who was transporting whiskey from the city of Wichita Falls to somewhere. The woman had ten cases of pre-war mountain dew.

She was arrested and the car was taken for safe keeping.

The sheriff's keen eye and co-operative sense of smell, places him in the lead among enforcement officers in northwest Texas, and it is a signal to all truckmen and others that if they are going to transport liquor through dry territory, better go around Clay county, because the Sheriff has proven that he can look at a truck or car, and note the expression on the driver's face and tell whether or no he has liquor in his car.

Those folks who say that prohibition can't be enforced will see that it is being enforced in Clay county.

by Joe Marsh

I MISSED getting my hair cut this morning on account of the scrap collection.

When I climbed into the barber chair, Ray says to me: "Sorry, Joe. Ain't got time for you today. We're closing up this morning at ten."

And then I remembered. This was the day the town had agreed to drop everything—and I mean everything—and collect scrap for Uncle Sam.

Yes sir, the drugstore, the corner garage, Sam Abernethy's general store—every place in town except the post office—closed up tight today from 10 to 5.

And you ought to see the result piled up in front of the fire house. One hundred and fifty tons of metal that had been lying around in attics, cellars and back yards of our town since Charlie Jenkins' great-grandfather joined up with the Texas Rangers.

That's almost 200 lbs. of metal for every man, woman and child in our town. Just shows you—when American citizens go out to do a job for Uncle Sam they do it right.

THE TOWN THAT LET HIM DOWN

HE: Well, here's the city limits. Tomorrow I can see my customers around town. Are you tired?
SHE: Not very. Does the car need anything?
HE: Yes, it does, but the map shows no Conoco station here.
SHE: You and your Conoco Nth oil... but I don't blame you... the way this car performs.
HE: Here's the hotel, and a garage right across. Let's leave the car there, eh?

ATTENDANT: Good evening! In for the night?
HE: Yes. Fill the tank, grease her, check the oil, but don't drain.
ATTENDANT: What brand do you use?
HE: Conoco Nth.
ATTENDANT: Sorry, haven't got it... but this is the last straw, mister. You're the fifth driver this week demanding Conoco Nth. Seems like everybody knows about that Death Valley Test, when six engines were run to destruction. Conoco Nth out-mileaged the average of five other brands more than two to one. I'm going to get some in stock.
HE: Sure, your regular customers, too, will want Conoco Nth to OIL-PLATE their engine.

Conoco Nth helps keep your oil and your engine clean. It can save you repairs and many a quart. See Your Conoco Mileage Merchant today. Continental Oil Company

Answers As Only A Mother Would

When the telephone rings a voice says "Hello Ma'am, this is John, speaking to you from Hawaii," just what would you expect Mother to do? Mrs. Jones or Mrs. Smith or Mrs. Brown when they hear the voices of their boy away out yonder in the middle of the Pacific, from a boy whom she has not seen for a year or more. "When son John says "Mama, don't cry," she dried her tears and you hear her say, as only a mother can say—"How are you, son . . . when you coming home. . . take care of yourself . . . I am so glad you called. . . dad, brothers and sisters send love. . ." and so many other like statements that come from a lonely, loving mother.

Boys in Camps—write your dear mothers. Mothers—write your sons who are away in Camp. The government permits them to write you free of postage.

Do You Remember—

When men wore sleeve-holders with a bright-colored bow of ribbon? Women wore petticoats—and they rustled? Folks went to county fairs and bought celluloid buttons such contained such snappy sentiments as "I should worry and get a double chin"? "The Good Old Summer Time" was the song-hit that swept the nation? Folks talked about such personalities of the day as Anna Held, Lillian Russell, Frank Gotch and Stanley Ketchel and T. R.? The Keystone Cops delighted movie-goers? Peg-top trousers? And when Billy Murray and Ada Jones were making records for the newly-invented phonograph?

Denton County Boy Introduced President

"Ladies and Gentlemen, the President of the United States!" Thus Frank Barrow, a former student of North Texas State Teachers College, spoke when he introduced President Roosevelt out of Washington, over a nation-wide hookup.

Frank Barrow, a speech major, and former student of Mrs. Olive Johnson, head of the college speech department, recently wrote her a letter concerning this great event, saying in part:

"Greetings from the youngest announcer in Washington, D. C. and the youngest announcer ever to introduce a President over a nationwide hookup. I have never been so lucky in my life. If you heard President Roosevelt's next to last speech that was I who announced it."

Frank Barrow played in many stage productions on the campus last year, taking the lead role in the principal dramatic presentation of the spring semester, "Night Must Fall." So it is that when a boy has honors thrust upon him he first notifies his teacher and tells her about it. President Hoover, upon being elevated to the Presidency, first sent a wire to his teacher, a little woman, grey haired and aged, back in West Branch Iowa and told her of his good fortune, and requested her presence at the inauguration. She went, and was his guest at the White House. He added, "I owe my success to her teaching me during my first, second and third grade work."

President McKinley said, "My teacher in my early youth helped much to shape my destiny. Her painstaking instructions aided me to get a better slant on life."

So you teachers see, those boys and girls will not forget you. You and their mothers they keep first in their minds. Take pains with them. They will repay you in the days to come.

A FACT NOT DISPROVED

In these days when so many are failing to realize the need for religion and God in everyday life, it is well to consider a statement made by the great economic authority, Roger Babson. Mr. Babson has been speaking before chambers of commerce and associations of business and economic leaders throughout the Nation for years, and has been telling them that he has not been able to find a "single useful institution which has not been founded by either an intensely religious man or mother."—Clarendon News.

Mrs. Perry Cox and daughter, Rebecca Jane, of San Antonio visited relatives at Bellevue last week.

Abraham Lincoln Great Story Teller

Once a woman weighing 118 lbs., visited the White House and Lincoln greeted Harriett B. Stowe, the author of "Uncle Tom's Cabin" with—"So you're the little woman who started this great war," and during the conversation, the President remarked in a language of his boyhood, "I like a wood fire, we always had one at home."

Workers Needed At Sheppard Field

Construction laborers are urgently needed for work at Sheppard Field according to Donald Hawkins manager of the U. S. Employment Service, 723 10th St., Wichita Falls.

These workers are needed by various contractors, sub-contractors, and by the maintenance division at Sheppard Field.

Mr. Hawkins urges that all workers available apply at once to their office in Wichita Falls.

He also urges that employes assist in directing labor to this office in order to help relieve this rather serious temporary shortage.
