Donald M. Nelson Wires The Leader Gov. Wants All Scrap

Washington, D. C., Nov. 24, 1942.

Editor Leader, Henrietta, Texas.

The government is asking the American farmer to dedicate the remaining weeks of 1942 to an intensified Scrap Hunt. Steel mills need more heavy scrap and farms are one of the best sources of this type of metal. We need your further help in this farm drive and in aiding our salvage committees to continue this effort throughout these next few weeks. Mats and other material to help you are being prepared and will be mailed soon. All salvage committees are being instructed to continue to make available to the farmer all their transportation facilities and manpower and to cooperate with you in every possible way. The nation is looking to the American Farmer, I am sure, with your help, he will come through.

Donald M. Nelson, Chairman.

Message From Henry L. Kidd

U. S. Army, Fort Benning, Georgia, Nov. 19, 1942.

Clay County Leader, Henrietta, Texas.

Dear Sirs:

I am writing you in regard to my change of address so you can continue to send me The Leader. I have really enjoyed reading it, and it has been something to look forward to since I have been in the Army.

I am now in Officer's Training here and although it is hard work and long hours, I like it.

I entered class here exactly eight months from the day I was inducted into the army. There are 200 candidates in our class, and we are supposed to graduate the 15th of February.

Please don't delay sending the paper to me. My new address is—

Candidate Henry L. Kidd, 30th Co., 5th Bn., 2nd STR, Barracks No. 8, Ft. Benning, Ga.

Warren Threadgill At Snn Diego, Calif.

Friends of John M. (Warren) Threadgill, who is stationed at Co. 42, U. S. N. T. S., San Diego, Calif., are pleased to learn that he is doing nicely in his Navy duties out there.

His mother, Mrs. N. W. Threadgill, was shopping in Henrietta Saturday afternoon, and paid The Leader office a call, reporting Warren progressing nicely in his work.

Mrs. Threadgill had just received a good long letter from him, stating, "Send me The Clay County Leader, so I might keep up with happenings in Henrietta and the rural communities, especially, New London."

R. E. Smith of OCD On Contact Campaign

Block leaders in towns and cities, and neighborhood leaders in the rural areas, have been designated to carry essential facts of the Meat Conservation program to all households of the Eighth Defense Region in a face-to-face Contact Campaign during the week of November 30 to Dec. 5, R. E. Smith, Regional Director of the Office of Civilian Defense has announced.

In states served by the 8th Defense Region, including Texas, Arkansas, Louisiana, Oklahoma, and New Mexico, the State Defense Councils have set in motion plans to inaugurate the block leader system of organization. In will serve the Meat Conservation Program and other civilian war services which require person-to-person contact, it was explained.

Share-the-Meat For Victory program, must be carried to the homes of farm families with all information and the organizations of the Extension Services of the several States, will be utilized. The "Block Plan" for towns and cities to be organized Nov. 23 by local Defense Councils, is similar to Neighborhood Leader (rural) plan, and will be a permanent organization to serve the Citizens Service Corps and its committees. Their training by local Nutrition Committees is scheduled for the week of Nov. 23 to Dec. 1.

Dist. Supt. To Preach Conference Will Be Held Sunday Night

District Supt. Rev. E. A. Hunter of Wichita Falls, will be with us Sunday night and preach for us, following which Quarterly Conference will be held. The public is cordially invited to worship with us.

Dealers & Distributors to Register Every dealer and intermediate distributor of gasoline will register on Dec. 1 and 2nd, as to capacity of station, and of inventory on hand at midnight of Nov. 30.

Funeral Rites For Mrs. W. J. Brookshire Held At Bluegrove

Funeral services were held Thursday, Nov. 19th, at Bluegrove, for Mrs. W. J. Brookshire, 86, who passed away Wednesday, Nov. 18th, at the home of her daughter, Mrs. W. L. Murdock, with Rev. Pleas Warren, of Ringgold, Rev. Jones of Joy, and the Vashiti pastor officiating.

Interment was in Bluegrove cemetery, with The Hawkins Mortuary of Henrietta in charge of funeral arrangements.

Mrs. Brookshire fell last July and sustained a broken hip, from which injury she never entirely recovered.

Survivors include four sons, Tom Brookshire of Henrietta; R. L. Brookshire, Wichita Falls; Robert Brookshire and Fred Brookshire, of Deer Creek; four daughters, Mrs. W. O. Patterson, Mrs. Maggie Pierce and Mrs. W. L. Murdock of Deer Creek, and Mrs. Ethel Stevenson, Vashiti.

Nat'l. TB Christmas Seal Campaign Is On

Support of the National Tuberculosis Association in its Christmas Seal Campaign is important if we are to avoid a serious breakdown against the lurking danger to health, according to William Green, president, American Federation of Labor and Philip Murray, president, Congress of Industrial Organizations.

Mr. Murray says: "Because of the many worthy campaigns which have been under way, there is a definite danger that the annual Christmas Seal Campaign of the National Tuberculosis Association might suffer. This indeed, would be tragic. It seems to me that this year's campaign must be pushed to the limit."

President F. D. Roosevelt said: "It will take the greatest effort possible on the part of the people to hold the disease in check in this country." The unholy alliance between war and disease is particularly powerful in the case of tuberculosis. Tuberculosis has increased in every past war, and is increasing alarmingly now in many warring European and Asiatic countries."

Co. F, Texas Defense Guard Is Functioning

On Tuesday night, Nov. 24, the local Company of the Texas Defense Guards met in the district court room with Captain Pierre M. Stine in command. There were about 60 men present. A class in military courtesy was conducted by 1st Lieut. Paul J. Merrill, and Captain Stine and 2nd Lieut. Lawrence Dawson initiated the company into the primary infantry drill movements. 1st Sgt. Frank Selvidge performed his duties as such in a most satisfactory manner. Dr. F. M. Patton, the medical officer of the company was present and busy the entire time giving examinations to some ten new members who desired to get in.

There is room for some 15 more members at the present time.

In interviewing 1st Lieut. Merrill, he expressed his delight in the response given this movement on the part of the citizens of Henrietta.

Lieutenant Merrill, who before this company was even thought of, held a captain's commission in the Texas Defense Guards, was assigned to duty as Chaplain of the 25th Battalion. However, owing to transportation difficulties and the numerous calls to duty in Wichita Falls, he requested to be relieved from his assignment. He then initiated the movement which has resulted in the present company. He wanted to acknowledge the fine work of all who assisted in the success of the organization. When the first application was sent to the Adjutant General for authority to organize a company here the authority was refused. But Lieut. Merrill reconstructed his methods and sent in another application. With this one he sent copies of motions approved by both the City Council and the Commissioners Court, before which bodies he appeared, appropriating funds for the support of the company and designating the Agriculture as an Armory. He also appeared before the directors of both Chambers of Commerce, and the Kiwanis Club, and secured from them requests that authority to organize this company. Much credit is due Selvidge, Mr. Gus Blakely, Mr. Ed Capt. Stine, Lieut. Dawson, 1st Sgt. Selvidge, Mr. Gus Blakely, Mr. Ed Hilgenfeld, and others for their faithful work in securing the names of men to form the company.

This company may be of far more value to our community than we can see at this time, and the leaders and all of the company feel confident that the entire community will support it in every way possible. It is believed that the new uniforms, which will be furnished by the U. S. Government, will be on hand soon. The company will meet each Tuesday night at 9 o'clock. Attendance is required of all members except when a valid excuse is shown.

Mr. Charles Graham Convalescing Nicely In Dallas Hospital

Friends of Mr. Charles Graham, cashier of the First National Bank, who is in the St. Joseph Hospital at Dallas for an eye operation, is reported convalescing nicely.

Mr. and Mrs. Nolen T. Gaines visited Mr. Graham at the hospital yesterday (Thanksgiving day), and report him just doing nicely following the eye operation.

Mr. Graham will be absent from the bank another week or two.

Mr. Graham's many friends are anxious for his speedy recovery and return to his duties in the bank.

Henrietta Defeated Jacksboro 12 To 6

The football game of the entire 1942 season, so far as Henrietta and Clay County are concerned, was the one played here last Friday between the fast Jacksboro team and our Henrietta Bearcats—our boys winning by the score of 12 to 6.

As you know, Jacksboro had defeated teams which had beaten our boys, and our team to come along and defeat Jacksboro, well, that was a thrill to the large and enthusiastic crowd of fans that saw the game.

Our boys really went to town at the outset, and throughout the game. Bearcat Staton really gave Jacksboro some trouble. He made the two touchdowns for Henrietta, and was the hero of the game. Of course his teammates backed him up and gave him the necessary support.

The preachers of the town were out to the game as were most of our business men, which evidenced the fact that we wanted Henrietta to win, and they did most gloriously.

As a courtesy to Supt. John W. Callaway of St. Jo, our boys, on Friday, Nov. 13th, permitted St. Jo to take that game, but it was unanimously decided to "stop Jacksboro," and now our Bearcats stepped and ran right by them to victory.

Other Bearcats assisting Staton to put her over, were: Bunting, Brockman, Boger, Quisenberry, Maddox, Laqueway, Digger, Ansley, Goist, Hoeffner, Wells and Davis.

Bearcat Coach Lewis Selvidge is to be commended for the splendid team he has developed this year.

Keep the home fires burning!

Clay County Boys In Service of U. S.

The Leader has received notice that on Thursday, Nov. 6th at the Dallas Navy Recruiting Station four Henrietta boys, Billy Davis, 18, T. C. Parker, 18, Marcus Brockman, 19, and Davis Kelley, 18, enlisted in the Navy. Roy Searly has been inducted into the service. Roy attended NTAC and A & M. He is now with the Engineering Corps at Fort Bolivar Va.

Ray V. Slagle, a graduate of Henrietta high school, is in the Navy, and is stationed in Rhode Island. Elsewhere in this issue is a letter from Ray Slagle and Herman Richardson, another local boy, who is also in the Navy.

Kenneth Duxwall, Army Cadet is stationed at Muskogee, Okla., as is also Henrietta's pride, Eddie Scheer. Tech. Sergeant Leroy Arensman is stationed at Gowan Field, Boise. David Merrill is with the U. S. Naval Training School at A & M. Aron Campbell is with the Navy.

Herman Richardson And Ray Slagle Write

N. C. T. C. Camp Endicot, Davisville, Rhode Island, November 16, 1942.

Mr. Sid O'Bryan, Henrietta, Texas, Dear Friend:

Just a few lines of experience of the "Sea Bees."

I guess that most of you wonder what we do in Camp. Every Saturday we have "beans and potatoes" for breakfast. Of course they are mighty hard to get use to. But they finally get to where they taste pretty good. On Sunday we have chicken. But of course I think that it is the kind that fly around the coast—in another word "sea-gulls."

We hit the deck at 4:30 every morning, and be on the drill field by 8:00 o'clock. We get eight hours of drilling, which is not very much. We generally march far enough away from Camp out in the woods.

Ray is still in Boat Camp, but I have been over to see him about every night. We surely do have lots of fun when we get together. There are a lot of Texas boys here. So you see we do not get very lonely. But we still wish that we were back down "Deep in the Heart of Texas," where the blue-bonnets grow. But of course you know that we have a great job to do. And we are all ready to do our part.

I guess that Ray and I had better sign off for this time. So best of luck to all of you. And—"Keep 'em Sailing."

Your friends,
Herman Richardson, F. 2, c.
Ray V. Slagle, C. M. 3c.

CAPTAIN CAREY L. O'BRYAN JR. WILL VISIT US CHRISTMAS

The O'Bryans received a big thrill Friday morning about 1:30 when their son, Carey L. O'Bryan, Jr. called from San Francisco, saying he had just landed. He has been with the fighting forces in the Pacific the past thirteen months. He goes to Washington, D. C., where Mrs. O'Bryan Jr., and little son Carey Law 3rd, will join him before coming on to visit his parents. He said he expected to get a two week's leave and would be here some time in December.—Earlsboro (Okla.) Journal.

Last letter we had from Capt. O'Bryan, said: "Have flown 9,000 miles on a trip for our government." Now he is on another such long flight, and will visit us some time in December. Captain O'Bryan is a graduate of Oklahoma Baptist University and West Point Military Academy, and with his long flying service record he is proving a great aid to Uncle Sam in carrying his messages. All the O'Bryans everywhere are really proud of Captain Carey Law O'Bryan Jr., and will be glad to greet him in December.

Mr. and Mrs. E. B. Tasdale and son, Jean, of Long Beach, Calif., spent last week with Mr. and Mrs. R. E. Burch.

Mr. and Mrs. Red Douglas and C. M. Brister Jr., who is working at Irving, paid The Leader office a call Wednesday morning.

Raymond Brown Talks To His Mother Over 'Long Distance'

Nothing gives a woman more genuine pleasure than to talk over the long distance to her son, who is far away and whom she has not seen for a long time.

Thursday night, Raymond Brown, who is away down in the Hawaii Islands, talked to his mother here, Mrs. George Brown, and it gave her a real thrill.

Raymond stated he was well, and was sorry he could not be present for Thanksgiving dinner, but by this time next year they hoped to have whipped Japan, Germany and Italy and be home to celebrate.

Mrs. Brown said she surely was surprised when a voice stid, "Hello Mama this is Raymond. I'm talking to you from Hawaii. I am well and doing fine in my work. We have the Japs in the run. I'll see you just as soon as we get the job done. Give dad and all the folks my love."

Glenn E. Campbell Buried At Waelder Tuesday Afternoon

Funeral services for Lieut. Glenn E. Campbell, brother of Henry L. Campbell, insurance agent, were held at Waelder, Texas, Tuesday afternoon.

Full military honors were given to the officer whose death resulted from a plane crash in South Dakota, Thursday.

Lieut. Campbell was a member of the 5th Ferry Command Group stationed at Love Field, Dallas.

He was graduated from San Marcos State Teachers' College in 1941, and received his commission as a flying cadet at Kelley Field Nov. 10.

Pvt. John W. Akin Writes The Leader

Clay County Leader, Henrietta, Texas.

Dear Sir:

Enclosed is a poem that was published in the Sioux Falls daily paper. I thought it was a very good poem and that you would publish it in our home paper.

I am going to a Radio School here in Sioux Falls, and I think it is a grand opportunity for every young man, with a desire to accomplish something for the present and in the future.

The Army is offering a large variety of schools for the boys to choose from, in order to place them where they are best qualified, so we can bring this war to a close, soon as possible.

Hoping you can find a column in your paper to publish this poem, I am,

Very sincerely,
Pvt. John W. Akin,
808th TSS (SP) Barracks 210 U. S. Army Air Force, Sioux Falls, S. D.

MAMA'S BOY

"You say he can't stand the army, The life is so rough—how sad! Do you think he's any better Than some other Mother's lad?"

"You brought him up like a baby— He doesn't smoke! Is your brag; If all the others were like him, Well . . . what would become of Our Flag?"

"You say, 'Let the roughnecks do the fighting; They're used to beans and stew.' But I'm proud I'm classed with the roughnecks Who fight for the Red, White, and Blue."

"You say his girl couldn't bear to send Her sweetheart out with the rest; Do you think she will be proud of him When the Japs breathe on her breast?"

"You can thank God the Stars in Old Glory Are not blurred with many such strains; Because there are ten million roughnecks That carry red blood in their veins."

"They go to drill in bad weather; Come in with a grin on their face . . . While your darling sits in the parlor And lets a Man fight in his place."

"You're right . . . we do smoke; and may gamble— But we fight as our forefathers did. So, go . . . warm your bottle . . . Thank God we don't need your kid!"

Cotton Farmers Must Vote December 12th

A complete vote of cotton farmers will be necessary on Dec. 12 to assure a representative choice of farmers regarding their wishes in connection with maintaining a fair price for cotton. Without quotas there will be no Government Loan on cotton. Without a loan we are advised producers cannot expect a fair price. Farmers must exercise their patriotic duty and vote in order that the decision will be thoroughly democratic.

Voting boxes will be open all day on Dec. 12, and Clay County producers will be privileged to vote at any of the following places:

Doss, Halsell, Stanfield, Riverland, Deer Creek, Shannon, Evers, Charlie Joy, Bluegrove, Thornberry, Newport, Dean Dale, Vashiti, Petrolia, Buffalo Springs, Henrietta, Bellevue.

Mr. and Mrs. Red Douglas and family, of Amarillo, have been visiting his parents, Mr. and Mrs. Bob Douglas.

Plenty Gas On Hand But Conserve It

Assurance of a sufficient supply of natural gas this winter provided, it is used wisely was given today by Community Natural Gas Company in announcing construction of new field lines to take care of war and seasonal loads. Ways to conserve gas in house heating were given.

"As far as our engineers and production men can tell, said gas company officials, 'we will be able to meet demands of all residential, commercial and war production customers this winter. We are in a somewhat more favorable position as regards natural gas supplies than some other sections of the country. However, we ask customers to do all in their power throughout all the year to conserve the supply and not waste it.'

The gas company is in the midst of a field line construction program designed to bring more natural gas from the East Texas fields.

Suggestions from the gas company on how to use gas wisely in house heating follows:

1. Avoid over-heating. Don't let temperature get above 72 degrees.
2. Keep all heating equipment in good operating condition; keep it clean and free from small dust particles.
3. Flame on radiant-type room heaters should not be allowed to lick out top of radiants.
4. If you have gas heater in your fireplace, seal the flue tightly so the room heat will not go out the chimney.
5. Shut off from the rest of the house the seldom used rooms such as spare bedrooms or sun porch. However, for the health of your family, maintain an even heat not over 72 degrees throughout balance of the house.
6. Window openings should be no wider than necessary for an ample flow of fresh air, otherwise they become heat wasters. Where unventilated equipment is used a small opening at the top of the window is recommended to help reduce "wall sweating."

M. E. Pastor Visits Daughter at Laredo

Rev. and Mrs. Hargrove Grounds and daughter left Tuesday for Laredo, Texas to spend a few days with their daughter, Mrs. A. K. Park, whose husband is being inducted into military service. Mrs. Park and son will carry on while the husband is in the army; she being a newspaper woman, representing the San Antonio Express there; also, she conducts a radio shop. Bro. Grounds stated he was sorry he was called away and did not get to deliver the Thanksgiving Union sermon Wednesday night at Baptist church.

This Thanksgiving is different to any you ever spent no doubt, because of the war, but we should all be thankful we are alive. The theme seems to be "Praise the Lord and Pass the Ammunition." How would you feel if you were a Jew and living in Germany. Hitler is offering Fifty Marks for the body of every Jew, and then makes soap out of the body. Let us all give thanks that we live in Free America.

First Christian Church

All regular services next Sunday, except the evening service which will be dismissed in order that the members of this church may attend the Methodist church to welcome their new pastor, Rev. H. Grounds. Bible School at 9:45 and morning services with the Lord's Supper for all who desire it, will begin at 10:45. A most cordial invitation is extended to all to worship with us.

Pontiac Said Midway Sailor Had Confidence

The confidence of our armed forces in ultimate victory is well exemplified by the following letter received by General Motors Overseas Operations and forwarded to a sailor stationed at the U. S. Submarine Base, Midway Island, T. H., Pontiac Motor Division. Written by it reads: "For obvious reasons I have no intention of trying to buy a Pontiac at the present time, but I would like to have the necessary information as to what procedure would be necessary for me to make application for a new Pontiac coupe at the present time in order to be one of the first to get a new car when production of passenger cars is continued.

Also, if possible, I should like to make a monthly payment of whatever amount would be necessary to apply on the final purchase. This payment to be either by government allotment or otherwise.

"I have infallible faith in the future of our country and would like to make preparations to enjoy the peace for which we are fighting."

Chairmen in Gas Registration Served Faithfully Last Week

The chairmen and helpers were on hand Thursday of last week and labored faithfully (free) for Uncle Sam in recording the many registrants for Gasoline. The schools were all closed on that day, and the job was executed promptly. The ones who did not register on that day registered following Friday or Saturday.

Registration extended to Nov. 30. Next comes our coffee. Then in February, Meat. We must all put our shoulder to the wheel and help Uncle Sam win this war, which looks like it will go on three or four years, because after we whip Germany, we must whip Japan in her own back yard.

Concerning the Coffee rationing—did you hear what Mayor LaGuardia of N. Y., said to Pres. Roosevelt? "Save those grounds. Add a spoonful of fresh grounds to those of yesterday, and try that." Coffee must be fresh each day or it is not so good.

Kept Moving And Also Kept Praying After five harrowing nights and four terrifying days spent in a jungle infested with enemy troops, five American Marines and a U. S. Navy pharmacist's mate staggered through the front lines Guadalcanal, Solomon Islands to safety Thursday morning.

Their story is one of days and nights of horror, without food, constantly near the nemy, and our own shellfire bursting around them, and a grim battle with the jungle itself. Half starved, exhausted, dirty, cut by thorns and branches, the six boys were given a royal welcome by astonished comrades. "Where'd you guys come from? We thought you were dead. How'd you get back in?" "Well, we just prayed and kept moving, and believe me, we did a lot of praying—and moving. The speaker was young Pvt. First Class Richard E. Hollinger, U. S. M. C. of York, Pa., acclaimed the hero of the dark, dangerous jaunt, by his five fellow wanderers, Homer Berry, pharmacist's mate, Roanoke Rapids, North Carolina; Pvt. Cecil Bazzell, USMC, Thomaston, Ga; Pvt. George E. Safely, USMC, Mineral, Va; Pvt. Edward C. Rothman, USMC, Hartford, Conn; and Pvt. Mathew C. Constantino, USMC, Rochester, N. Y. "When the Japs came in near us it was very dark there was a lot of shooting going on, and we couldn't tell what the score was. So we decided to camouflage ourselves and lie down for the night. There was an awful lot of Japs. There was no moon, but the Jap bayonets were shining like flashlights. We wandered and wandered.

Chevrolet To Start Training Program

One of the most intensive training programs instituted by industry to further the war effort was begun here this week with the graduation of 150 aircraft mechanics from the Chevrolet Pratt & Whitney Aviation Engine Overhaul School, an adjunct to the U. S. Army Air Corps Technical Training Command. Announcement of the opening of the school was made by K. M. Chase, national supervisor of War Products Training for Chevrolet.

In three-week courses, thousands of mechanics will be trained in the servicing and repair of the P & W engines built by Chevrolet, one of the major supplies of this motor to the armed forces. The school here is under the direct supervision of Ed Hedner, head of the division's War Products Training department.

While in the school, the army men are under direct command of an Air Corps major, captain and 11 other officers. They are billeted in Detroit by the Army.

Scores of thousands of aviation mechanics will be needed if the Air Corps is to attain the expansion which is its goal," Chase said. "Chevrolet has accepted a high quota for the P&W school and feels confident it can supply the air force with trained men at a rate that will be highly acceptable.

Through the years, Chevrolet has pioneered in educational work of this type. Thousands of the service schools have been held and well-founded teaching procedures developed. As in every school of this sort we have ever set up, practically is the corner stone. The aviation mechanics who compete this course will be fully qualified to operate in the Third or Fourth Echelons, handling the immediate, front-line repairs necessary to "keep 'em flying."

Time Does Not Wait For Anyone

Time rules our lives—from conception to eternity. We must conform to the quiet movement of the clock's hands or get into trouble. It may save us, or ruin us. We are acutely aware of the passing of time when we rush to catch departing trains or when we cling desperately to floating wreckage from a torpedoed ship. Our awareness and our efforts, or the strength and skill of others, may get us to the station before the engine pulls out. Also, it may not. But Time gives us opportunity and warning. Time-pieces must be kept in sight or in mind just as compasses are constantly watched by navigators.

Under the great dome of one of America's finest passenger terminals a big round clock surmounts a gleaming pedestal. It dominates the Concourse. It marks the arrival of those who are happily reunited and the departure of those who leave in the sadness of separation and uncertainty. Look at these people, if you are not too preoccupied. Every degree of eagerness or indifference, confidence or concern joy or pain is reflected on their faces. Only one face is expressionless and inescapably, without frictional variation—the slowly moving figures on the clock's face—TIME.

We have no friend so merciful, nor have we any enemy so implacable as this thing we call Time. In war, Time is especially severe, and most of all in this "total war," that is war to the utmost, by and against everyone, and slavery for everyone who may have the misery of defeat. Our Fascist foes have mobilized every material and mental weapon vs. us. For years they perverted all that they digged from the earth and all they took from the air, the sea and their neighbors into machines of mass murder. When their conspiracy was ripe, they struck with shattering violence. Millions in a dozen nations, who thought they should somehow wescap, were engulfed in agony, starvation, shame and death. They did not have Time to escape. The enemy knew how to use power, moral poison and Time. So sure was he of inflicting a knock-out blow in Europe and at Pearl Harbor, he rode roughshod over every scruple and all humanity. Very neatly he succeeded. He knew that men, however brave, could not long resist the crushing weight of mechanized hell and the stealthy demoralization of hunger, cold and terror.

We have not used this precious thing we call Time yet. We are still afflicted with waititis. Pass-the-buck-itis etc, and are afflicted with inordinate selfishness, still plagued with lust for profits, still stalling on schemes for post-war markets at class advantages. This will be the ruin of us if we do not work and fight and invest in war bonds and stamps for our very lives.

Let there be no mistake. This war is a war against the barbaian and slave world-disorder. It is war for our very lives, and a greater measure of human freedom and well-being than our world has ever known; is a gigantic thrust at the Americans English, Chinese and Russians for advancements and gains they have made in education, politics, Science, etc., in an effort to stop them, and kill their economic gains and stop our American way of life.

As to a Free Press—there is no such thing in Germany, Italy or Japan. Only in America and England will you find a really Free Press. Making a long story short—Using

18% OF HER PAY GOES INTO WAR BONDS

War Plant Worker Buys Bonds for Warrior Husband

Although she has two children to support on her wages as a power press operator at a war plant, Mrs. Mabel W. puts 18% of her pay every week into War Bonds through the Payroll Savings Plan.

Mrs. W. thinks of every bond she buys in terms of what it can do for her soldier husband out in Australia. "Already," she says, "I've bought Jim a Garand rifle and a gas mask in War Bonds. I feel I'm helping to bring him back safe and sound!"

You Can Spare 10%!

Maybe you can't save as much as 18% of your salary in War Bonds. But

you can stretch yourself a bit more—make a few "sacrifices"—and reach Uncle Sam's goal of 10% for War Bonds every payday! Sign up today with the Payroll Savings Plan where you work!

Seasonal Health Must Be Watched Says Chief

In discussing seasonal health hazards for young children today, Dr. Geo. W. Cox, State Health Officer, stated that babies and young children need as careful protection now against winter complaints as they do in hot summer weather against summer complaints.

Influenza, tonsillitis, pneumonia, bronchitis, and asthma are included among those diseases which may be dangerous winter illnesses among young children since they affect the respiratory or breathing system. Such diseases as pneumonia may develop from a neglected cold, they may follow as an after-effect of measles or whooping cough, or they may occur suddenly and with very little warning. These diseases of the respiratory system are more prevalent in winter than in summer and are much more difficult to combat than digestive ailments such as summer complaint.

These winter diseases are particularly dangerous to babies and young children," Dr. Cox stated. All or most of them are spread through the "secretions from the nose and mouth. Children not in vigorous health are naturally more susceptible to these complaints and the first

Simple things

you can do to get more help for your eyes!

Your eyes need all the help they can get. Don't handicap them with too little. Clean reflector bowls and bulbs frequently. You'll get from 25-30% more light.

You'll get more help for your eyes when you read, play games or sew, if your lamp shades are light-colored or have white linings. Clean or brush them regularly; or if they're too bad, replace with fresh shades.

Arrange your furniture and lamps so that you can, if necessary, make each lamp provide good light for more than one person. Be sure you're close enough to the lamp; a difference of 12 inches may cut your light in half.
