The Independence School Closes

After a very successful term taught by Mr Edwin H Tooley the school at Independence closed Friday, April 18. The busy farmers and housewives laid all work aside and went to spend the day at the schoolhouse with the children. Not only were both young and old of this community present, but many came from the surrounding communities also, until the house was more than filled. The morning was pleasantly spent in meeting and talking with neighbors and friends and in listening to sweet music made by Miss Flora Faulkner and Henry Faulkner and A Y Simmons. Just before noon, all the pupils of the school entertained us with a drill on school yard. When the noon hour arrived and the table was prepared there was put before us a bountiful supply of almost everything that is good to eat. Bro Tannery

of Vashti expressed our thanks for the food and pleasant association. After all had eaten heartily, there was still food enough to feed twice as many more. In the afternoon, the following program was so well rendered as to do much credit to both teacher and pupils.

Greeting song.
Reading—Paralee Simmons.
Reading—Kate Faulkner.
Dialogue, Dr Johnson's Visit.
Dialogue, Railroad Train.
Reading—Tommy Faulkner.
Reading—Nadine Davis.
Dialogue, Real Elocution.
Reading—Irene Simmons.
Exercise, five girls.
Reading—E H Tooley.
Dialogue, Knowing the Circumstances.
Reading—Bessie Byrom.
Dialogue, How They Stopped Johnny from Crying.
Reading—Beuna Cross.
Reading—Ethel Byrom.
Reading—Ralph Clements.
Cherry drill, eight girls.
Pennant drill, four girls and four boys.
Dialogue, Trials of a School Teacher.
Reading—Perry Cunningham.
Presentation of prizes by Rev Tannery of Vashti.
There was a prize offered at the beginning of the school to each of the three spelling classes to be given to the one making the greatest number of head marks. There being a tie in one class, four prizes were awarded

as following.

Miss Ada Davis, a gold medal.
Ralph Clements, a book.
Jewel Nichols and Preston Gill, each a knife.
Mr Tooley also gave each pupil a beautiful little booklet containing all their names. Mr Tooley received several nice presents which he appreciates very much; but most of all, he appreciates the respect and cooperation of his pupils and patrons. Every one present enjoyed the day and all went away wishing for the privilege of enjoying many such pleasant occasions. A Guest.

Glorious Rain.

The rain Wednesday morning was sure great in this section and did worlds of good to grain especially, and to other crops. Universal rejoicing.

"My little son had a very severe cold. I was recommended to try Chamberlains cough remedy and before a small bottle was finished he was as well as ever." writes Mrs H. Silks, 29 Dowling Street, Sydney Australia. This remedy is for sale by all dealers.

For Sale—A threshing machine in fine shape—Mrs Mila McLure. 4t

F Mount of Dawson, father of Miss Lois Mount, and her brother, Milton Mount of Waco, were here latter part of last week as guest of the Mount folk.

First Picnic.

The school at Joy, with E L Covey as principal and Miss Almeta Houston as assistant, closed a very successful term Friday, April 18, with a picnic. The morning program rendered by the pupils was enjoyed by all. Numbers that deserve special mention were original essays, "The Debt We Owe," by Leona Gowgar; and "What Is Worth While?" by Lyda Lumpkins.

The noon hour was especially pleasant to a large crowd present; after which, L T Hunter, the government agricultural agent, made a very able address on "Agricultural Education." All went home feeling that it had been a day well spent and long to be remembered.

Booze in Ditch.

Chickasha, Ok., April 21.—The first seizure of liquor under the Webb liquor law occurred here today. Three hundred gallons of whiskey was seized and spilled by County Attorney Simpson and his deputies. The bottles were broken in front of the court house and the gutters ran six feet deep in booze.

Hurt in Runaways

Mrs W P Calloway, residing 9 miles northwest, was seriously hurt Saturday enroute home from here when a mule she was driving to a buggy became frightened at a bicycle and ran away.

Gainesville, April 21—A Mr Willingham of Bowie was seriously injured here this afternoon while trying to stop a runaway horse driven by a negress.

Ganzer to Speak

Wm Ganzer, special government agent, of Denton, Texas, will address the farmers of this community at Bellevue, Saturday, May 10, at 2 p m. Everybody come out and hear him. The ladies are also invited to be present.

District Court.

FARM FACTS

Peter Radford

President Farmers Union.

A touch of nature makes the whole world kin.

The farmer who is successful plans as he plows.

Confidence is the companion of success. Have faith in yourself.

The worth of a farm is the worth of the individual operating it.

The farmer's work is from sun to sun, but his wife's work is never done.

No farmer can afford to buy a thing he can raise no matter how cheap it is.

Take good roads for your text and go everywhere preaching the gospel of better farm conditions.

An up-to-date farmer must have an accurate knowledge of today and a clear vision of tomorrow.

When a man tries to do something for nothing, the only thing he acquires is experience.

You can't make a silk purse out of a sow's ear, but you can make a good road out of bad one.

Even an iron watch dog can't keep the wolf from your door. The secret lies in scientific cultivation and sensible marketing.

The successful farmer practices a system of rotation and plants leguminous crops to store plant food and inject new life into his soil.

Some true lessons of thrift and patience may be learned from an occasional study of the gentle hen in her every day walks of life.

You will look a good while before you find a better medicine for coughs and colds than Chamberlain's cough remedy.

It not only gives relief, it cures. Try it when you have a cough or cold and you are certain to be pleased with the prompt cure which it will effect. Sold by all dealers.

Mrs Austin Jones and sister, Miss Grace Johnson, were pleasant callers Tuesday. Mrs Jones, with assistance of her husband and brother-in-law, run the Sargent Clarion.

Don't be surprised if you have an attack of rheumatism this spring. Just rub the affected part freely with Chamberlain's Liniment and it will soon disappear. Sold by all dealers.

Nothing is Better than Dr. Miles' Anti-Pain Pills

They Give Relief Without Bad After-Effects.

"It gives me great pleasure to offer a word of recommendation for Dr. Miles' Anti-Pain Pills, as there are thousands suffering unnecessarily from headache. I was afflicted intermittently for years with headache and after other remedies failed, I tried Dr. Miles' Anti-Pain Pills. For the past ten years I have carried them constantly with me, getting instant relief by using one or two on the approach of headache. They are also effective for neuralgia, giving immediate relief." T E Arres, our able social vice-pres., assisted by his committees arranged the social feature for the evening, consisting of an auction sale. Some of the articles sold in their fancy wrappings were very deceptive; Joe Johnson and Bro Finis Crutchfield were the auctioneers and excitement ran high. The legal tender provided

was beans. Just a few of these secured Mrs Lillie Mounts a lovely little bottle of perfume and very many more a package of very defunct onions for Robert Webb; the first highest bidder was Geo Whitley. Having removed the tissue paper from his package displayed a pair of white topped hosiery that would match his arbutle shoes? Punch and cake were served and at a late hour, the guests, numbering about 60, bid their hostess good night, having spent a very delightful evening. Mad at Paint

25c a gallon for paint is about \$2.50 on the average job, and lots of men waited last year for that; but they didn't reckon; they got mad; wouldn't pay it.

There are times to get mad and refuse to pay; but when one's property needs protecting is no time to get mad and not paint.

Besides, it costs more to get mad and wait than to paint.

Getting mad doesn't do any good to your property; paint does it good by keeping out water; no water no rot; no paint, some water and rot; and a little rot is more than enough to make a man liberal toward his painter and paint.

Paint costs not a cent. All the paint in the world, so long as it keeps out water, costs not a cent.
