Still the stories come of chans in Russia. Still the cables tell on thousands of workmen out of strikes at Odessa, Warsaw, St. Petersburg and elsowhere, and the revolutionary movement seems to gain in energy. And as an accompaniment to these, manifesto upon manifesto is is. sued calling upon the masses to rise against the court.
Yet through it all no leader appears to guide the rebellious expanse. The land is filled with expanso. The land is flled with distur Dances, the country seethes. The people-the mobs-are clam. evely tongue? What name is on every tongue? What voice calls the natives to arms?

In Russia demands are leader is obscured, Does he exist? At auy rate, some daminant force must be at sorl. What is force must be at work. What is that force which so organizes the elo tion! Is that force an individual? If so, who is he?
