**BLIND GIRL FROM THROCKMORTON COUNTY GRADUATES.**  
Boston, Mass., June 4.—A wonderful blind girl from Throckmorton, Texas, has developed into a second Helen Keller and tomorrow will graduate from the Perkins Institute for the Blind with rare honors. She is Miss Willie Elizabeth Rohin, who came here fifteen years ago when she was six years old, with her mother. She is the first blind deaf mute to finish the course at the Perkins Institute. She has developed into a tall, well-built young woman of pleasing and winsome appearance, singularly like any other girl in full possession of all senses. She is planning to return to Texas and take up her share of duties and pleasures with a large family of younger brothers and sisters. When she first came here she had but two signals of communication. In nine months she had a vocabulary of 100 words to spell out with her fingers and in three years knew 3,000 words. She has completed high school courses in American and English literature, Latin, manual training, algebra, geometry, physics, etc.

Even Ohio has expressed a  
wish to have Mr. Bryan for Pres-  
ident during the next adminis-  
tration. The Buckeyes had a  
chance in 1896 and 1900 to do  
something but went off after the  
Gold Calf, and are realizing now  
there are worse things than 16 to  
1, in fact those N. Y. insurance  
presidents opened the eyes of the  
public by their contributions.

The Wickliffe brothers, who  
have been outlawed for the kill-  
ing of Deputy Marshal Gilstrap  
in the Indian territory sometime  
ago, have issued a statement of  
their side of the trouble. People  
on the outside don't know what  
an Indian territory Deputy Mar-  
shal is, but if you can find a hu-  
man hyena that is a seducer,  
bully and thief glossed over with  
a little legal authority bestowed  
by our muck-rake executive,  
you can form some idea of their  
cussedness.

King Alfonso of Spain told his  
bride that he was sorry he ever  
brought her to that country where  
anarchists are as thick as fleas.  
Our advice to Alfonso is to stay  
by his job, and whenever he can  
get hold of an anarchist, break  
his neck by the garrote. Don't  
let them bluff you if it is neces-  
sary to kill half the people in  
that kingdom.

which can, however, be cured, by taking
