GROCERIES

WHOLESALE

Heretofore, we have boosted our retail department, which is in every way complete, but in this ad we want to talk about our large and growing wholesale business. In going into this large grocery business, we felt we would be called on to furnish groceries in large or small quantities. We therefore made preparation for a wholesale business, which is complete. Let us figure on your business large or small.

BETTER ROADS IN TERRY COUNTY

Commissioners Court to Receive Bids

A NEW ROAD TO THE SAWYER RANCH

More Work on the Brownfield Tahoka Road. Other Roads

The question of good roads is an old one, a broad one and an important one, and when the newspaper or individual thinks he has said enough, or done enough, then it is that he suddenly finds greater things to be said and more to be done, and the more we do the more we benefit and enrich the tax-paying public who deserve good roads. The railroad is a great factor in the making of towns, cities and commerce, but the good dirt road is a close second if not a worthy rival. The wagon trade of San Angelo and Ballinger amounts to untold revenue annually, and even Dallas and Fort Worth with their net work of steam and electric transportation facilities, have long since recognized the great benefit of the wagon trade, and have piked and graded hundreds of miles of road, making it possible for many people to trade at those places that would otherwise go elsewhere.

The people of Terry county are among the most progressive of any in West Texas, and the word "progress" means something out here. If we were the wagger kind, we would be willing to put up all we have (31c including a new Lincoln penny) that Terry county has spent more graffless money on her highways, population and time since organization considered, than

any county in Texas, and she has not thrown her people in debt either. We boast a set of Commissioners since organization that would be well nigh impossible to duplicate. They have kept down unnecessary expenses, such as costly jails—something we don't need now, and hope we never will—and they never have let the great stationary houses, or their hired agents brow beat them into buying thousands of dollars worth of stuff that could never be used. Therefore, every dollar's worth of road that has been constructed, save \$150 so kindly contributed by the business men of ~~Tahoka~~, has been paid for in spot cash. Script is never used. As long as we make good home, roads churches and school, we wont need jails and felon laws to keep our people from violating the local option laws.

This week or next, the Herald will publish an advertisement asking bids to grub, plow and scrape a road two miles south of Brownfield to hard land; also to re-plow and re-scrape the Tahoka road. Before many more moons, we hope to see the people of the north part of the county supplied with a good road also. We are reliably informed that the road west to the Yoakum county line, is fine, and just as soon as the one to the Lynn county line is made wider and scraped deeper, we will have a good one that way. Let the good work go on.

The traffic to and from the railroad is bound to be heavy this fall, as the season seems to be coming our way. Not only will there be hundreds of bales of cotton to be transported to the railroad, but corn, maize and kaffir till you can't rest, and our Hon. Commissioners' Court will see to it that the people will have respectable roads to haul over.

AN IMPORTANT ROAD QUESTION

A First Class Wagon Road to Brownfield

We were talking to a business man in this city the first of the week, and in course of this conversation he stated that one of the great things that the people of Lubbock should do is to get busy and make a good road from the Brownfield country to Lubbock, so that the people of that town, and that part of the country can come here to do their trading, and have a good road to travel over. This is a matter that should have been attended to some months ago. Tahoka got busy on the matter a year ago, and as a result there is quite a good deal of trade goes to that town that really prefers Lubbock as a trading point, but the difference in the road holds the balance of power with them, and hence lay aside preference of trading points and go there.

It would be a pretty good idea for the business men of the town to organize themselves into a business men's league and look after these things. It is more to their interest than any one else in the town. Why not get busy on this proposition right away? Lubbock is to become the wholesale center of the South Plains, and it will therefore be the place that all the people to the west of us and southwest want to trade, and the people of Lubbock should demonstrate their interest in the trade by helping to build a good road through the sandy places. There may not be much of this sandy road in Lubbock county, and we rather think there is not, but we believe that the people of Brownfield will be interested enough in

the matter to help pay the expense of scraping the sand off to the clay and make a fine road. That is all it would take and the expense would be very light compared with the great good that it would be to the town of Lubbock and the merchants.

Another important thing that should be revived is the auto line between Lubbock and Brownfield. This is a very serious proposition that effects the town, and are sure that the Brownfield people would be delighted to have this service re established, and it would pay the people of this town to help them to do so. There will likely be considerable travel between the two towns from now on, more than ever before in the history of the country and we believe that the proposition would be revenue producing from the very beginning.

Awake to the interests of your own business and lets go after the trade of these excellent people from the New Mexico line to Lubbock. We are entitled to it. They want to come here when everything else is equal, and we can get it all by a little effort on the part of Lubbock.—Avalanche

The Lynn County News has the following to say on the same subject:

"Counties all over Texas are voting bonds for road building and improving, in various amounts from \$10,000 to \$500,000. Some of the older and more thickly settled counties have, or will soon have macadamized roads from the county seat to the county line in several directions. Some of the towns that have good roads are drawing so much trade that other towns are having to build them in self defence.

If Lynn county will vote \$20,000 in bonds and spend it on the four roads leading from Tahoka to the county lines to the north,

west, south and east, we would not only draw much trade from out side counties, but we would make things very convenient for more than two thirds of our citizens and increase property values more than double the amount of the bond issue.

We have improved the roads to the west and north of us, but we need to continue in well doing and while the money spent was well spent, it was only enough to show how much we need better roads.

Tahoka needs and must have better roads to the north county line, to Meadow to the northwest, to Brownfield to the west and O'Donald to the south. O'Donald needs two good roads; one to Pride to the southwest of them, and one to Treadway to the southeast. These two roads would draw an immense amount of trade from Borden and Dawson counties, and most of it trade that Tahoka could not hope to get.

Let's get busy and build good dirt roads and "lets do it first," and all the trade that belongs to us and some more that naturally belongs to the other fellow will come to Tahoka."

Truly this is an age of road building, and grand old Terry is in the front rank of any of them according to age and population, and she don't have to issue bonds—she's got the dough.

The next setting of Commissioners Court will receive bids to re-plow and re-scrape the new Tahoka road to the county line, and will also let the contract for about two miles of sandy road from the southwest corner of the town section to M. B. Sawyer's pasture. This will be the first road to be scraped off south or north, and the results of the test will be watched with much in-

GOMEZ DOTS

The closing exercises of our school on last Monday night was attended by a large crowd, and so far as we can learn, all pronounced it a success.

The graduates were. Messrs. Earley Key and Lee Johnson. The valadictory by Mr. Johnson was interesting and well delivered. The diplomas were presented by Rev. Jamerson, with a very appropriate address. The pupils both large and small acquitted themselves with honor, and it is a fact that in so long an entertainment, there was not one who did not know and act their part perfectly. Not a single failure that night.

Quite a crowd came over from Plains last Saturday and remained until Tuesday. We sure enjoyed the visit and hope they will come again. They were, Messrs. W. T. Gainer, and Paul Gainer; Mesdames J. T. Gainer, Lum Hudson, Mary Holmes, Grady Holmes, and Sam Dixon; Misses Ruth Hudson, Mary Holmes, Muriel Dixon and Mary Pullium, sister of Mrs. J. T. Gainer, who had been visiting here for some time, and Master Howard Hudson.

Quite a crowd were over from Brownfield last Monday night.

Messrs. Frazier and Hack Holland, brothers of Mrs. Jim Key, came in last Saturday night from lower California.

Mr. R. W. Glover has gone to meet Mr. and Mrs. Van Lee, parents of Mrs. B. B. Gainer, who are coming to visit their sick daughter, who we are sorry to say is not improving.

Prof. Hunter, of Fort Worth, spent several days here this week. We understand he is an applicant for the position of principal of our school next term.

Prof. White will move to Tahoka in a short time where he will teach next term. We certainly hate to lose him and hope that he and his aimable wife will be happy in their new home.

Mr. Kelly, our phone man, is out in the country putting in new phones. We can now talk to any settlement in the west or north west part of the county, and via Brownfield to all the north, east and south sides. Verily Terry county people are neither asleep nor moss backs.

Mr. Cordell, who lived in the Dumas settlement, moved into town yesterday. He has bought Mr. Kensie's claim on the J. T. Gainer old homestead. We welcome them to our midst.

Miss Lou Ella Meadow, our primary teacher, has gone to visit the Misses Dumas. She is contemplating attendance at the Lamesa Normal this summer.

Uncle Tom DeShazo has been over several days this week to plant a crop on his place east of town.

Mrs. Booth Hays was in town trading, this week.

Mr. S. W. Jenkins was in after the mail this week, and informed us that his wife and little ones,

who are now at Wellington, Tex., will be home in the near future.

Mr. Pruitt was in this week. He reports some kind of insect ruining his spring turnips.

Mrs. Woffarth, of the Harris community, was here attending the school entertainment.

Will Mathews, and Geo. McPherson came in this week from Lubbock this week with large loads of freight.

Mr. Mun Yeates, and wife, have gone to Lubbock for their house-keeping outfit.

They were warned that their messages would provoke great opposition, but they were to speak whether men would hear or not. See also Matt. x, 16-18; John xv, 18, 19.

SUNDAY SCHOOL.

Lesson VIII.—Second Quarter, For May 21, 1911.

THE INTERNATIONAL SERIES.

Text of the Lesson, Isa. v, 1-12—Memory Verse, 11—Golden Text, Isa. v, 22—Commentary Prepared by Rev. D. M. Stearns.

Our lesson title, "Song of the Vineyard," must be considered in the light of the first verse, "A song of my beloved touching his vineyard." In Ezek. xv we learn that the only use of the vine is to bear fruit, and, failing in that, it is good for nothing. In John xv we learn that fruitless branches are gathered by men and burned, like the salt which has no savor and is good for nothing but to be trodden underfoot of men (Matt. v, 13).

Verse 7 of our lesson tells us that the house of Israel is the Lord's vineyard here referred to and the men of Judah His pleasant plant, but instead of producing the desired fruit they were yielding only wild grapes, described in the sixfold woe of the chapter and in Hos. x, 1, as an empty vine bringing forth fruit unto himself. According to the six woes, they were mighty to drink wine, enjoy pleasures, gather property, call things by their wrong names and sin.

He brought them out of Egypt, cast out the nations before them and planted them in a good land, but because of their sin He had to turn His face from them, and their only hope was in the man of His right hand, the son of man strong for God (Ps. lxxx, 8-19). According to our lesson, He had done everything for them that could be done for a vineyard, but as in the parable of Matt. xxi, 33-41, they beat and killed His servants and even the heir to the vineyard also. According to our lesson chapter, they regard not the work of the Lord nor consider the operation of His hands, but cast away the law of the Lord of hosts and despised the word of the Holy One of Israel (verses 12-24).

His pitiful cry over them is always the same, whether through the prophets or through His Son. "I am the Lord thy God, who brought thee out of the land of Egypt. Open thy mouth wide and I will fill it, but My people would not harken to My voice, and Israel would none of Me" (Ps. lxxxii, 10, 11). "O Jerusalem, Jerusalem, * * * how often would I have gathered thy children together, even as a hen gathereth her chickens under her wings, and ye would not" (Matt. xxiii, 37). Such unbelieving people who turn away from God and His word are said to be "drunken, but not with wine; they stagger, but not with strong drink" (Isa. xxix, 9).

It is most interesting to note that in the chapter following our lesson chapter we have a vision of the earth filled with the glory of the Lord. Compare verses 11, 12 and 22 with chapter vi, 3. Better say contrast the drunkenness with the glory. Then note the same contrast in Hab. ii, 14, 15, and Eph. v, 18, and observe that at Pentecost spirit filled people were said to be full of new wine (Acts ii, 4-13). There is no remedy for self righteous, self pleasing, unbelieving people, but such a sight of Jesus Christ dying for their sins as will break their hard hearts and lead them to cry, "God, be merciful to me, a sinner." One cannot do this for another, but He who said "I am the true vine" said also concerning the Holy Spirit, "He will convince of sin, and of righteousness, and of judgment" (John xvi, 7, 8).

If we have been redeemed by precious blood and been caused to see something of the beauty of the Lord it is not for us to condemn other sinners nor think them hopeless, but so manifest Jesus Christ to them by word and deed that the Spirit may, through us if He will, reveal Jesus Christ to them and lead them to Him. There is just one thing that the vine is for, and if we are real branches of the true vine He will bear the desired fruit that God may be glorified if we truly abide.

That fruit may not be any great thing that will gain the admiration of people, but just a meek and quiet spirit, patient and long suffering, it may be, under great provocation or even cruelty. Think of the Lord's patience with Israel and with each of us and consider Him who endured lest ye be weary. Think of being strengthened with all might, according to His glorious power, unto all patience and long suffering, with joyfulness (Col. i 11). Remember that the fruit of the spirit is love, joy, peace, long suffering, gentleness, goodness, faith, meekness, self control (Gal. v, 22, 23), and all that is opposed is from the adversary.

By the word of God and the spirit of God we must first be saved and then by the same word and spirit abide and bear fruit. The question of verse 4, "What could have been done more to My vineyard that I have not done in it?" suggests the question for every sinner, drunken or sober, for all have sinned and all are guilty (Rom. iii, 19). What more could the Lord do that He has not done for your salvation? Consider John iii, 16, and answer as to what more is necessary.

If you do not yield to such love and receive Him as your personal Saviour and then so abide that He may bear fruit through you and gather fruit from you it must be true of you that you are despising His word and disregarding His great work on your behalf and thus continuing under the wrath of God (John iii, 36).

MANURING THE GARDEN.

Work That Can Be Done in Winter to Make It Productive.

Cabbage, onions and other gross feeders require more manure than such vegetables as peas or beans. Henhouse droppings and hen manure are cold, but very rich, and should be put in large quantities on the plot where you expect to plant onions, cabbage or celery. Do not manure the potato patch with hen manure.

Asbes are good for the onion bed, as they are for most vegetables, if properly used, possibly being better for the grape vines and strawberries, as these plants require large amounts of potash, says a writer in Farm Progress. I have heard it said that tomatoes do not need fertilizer, but I have not found this true. Well rotted cow manure I consider the best for plants requiring warm soil, as the tomato, eggplant, okra and pepper. Peas and beans will require some manure, but less than any other vegetables. Lima beans will stand considerable fertilizing.

Stable and farm manure is better for the garden than commercial fertilizer, because it brings out a better mechanical condition of the soil, enabling it to stand both drought and excessive wet much better when it contains leaved vegetation. In case of beans or sweet potatoes, for instance, rotted straw, which contains but little elements of fertility, is ample because it is more essential to keep the soil loose and moist than to manure excessively.

I break the garden in the fall and apply manure in the winter, barrowing it in when the ground is dry in the spring. The plot where late cabbage and celery are to be grown should be manured heavily and reworked late in the spring after the weeds have started.

Every one should compost every available bit of manure. Build a rail pen in the garden, and into this throw all the asbes and trash about the place that will rot and become fertilizer. Pour the wash water into it, for it has some value. The pile will be ready to scatter over the garden in the spring.

There is a place for commercial fertilizer, too, though I use it sparingly. Two hundred pounds to the acre on the strawberry bed at blooming time will work wonders in both yield, quality and color.

One of the best propositions we noticed listed for sale in a recent auction was a flock of forty pure bred Shropshires. We say best because there was nothing else on the list which put to its best possible use would do so much good to the man who bought it as these sheep. Rightly handled they will give an easier return than any other resource on the farm. For at least seven months in the year they will get their living from the weeds on the farm, which are worse than useless; will convert this into fertilizer, which every farm needs, in much larger quantities than it gets, while the lambs can be finished for market in a comparatively short time. The wool fetches a high price and will add a snug sum to the bank account. It is better to start with twenty sheep than sixty and get experience as one goes along, which if unfavorable doesn't come in as big chunks.

The Texas Sheep

The sheep is the greatest politician of all animals. He has entered every campaign since the beginning of government and in a number of elections his fleece has been the paramount issue. Sheep have been mentioned in the platform of every political party and wool has been listed in the tariff schedules of every nation on the globe. As a statesman he has pretty well held his own and although occasionally beaten at the polls and ejected from legislative halls, his friends invariably resubmit the issue, and today his fleece is protected by a tariff of 11 cents per pound.

1910 VALUE PER HEAD \$2.90.

He is the most economical of all animals; his flesh is the purest of foods and has always been an acceptable sacrifice to the gods; his fleece makes the finest of raiments and has clothed mankind since the creation of the world. He is a very prolific animal and while furnishing food and clothing rapidly replenishes his kind. He is the only animal that possesses three natural and unerring sources of revenue—food, clothing and reproduction—and he has so successfully managed these gigantic lines of industry since the beginning of time that today he is a captain of industry among the animals.

The sheep is the only animal that has been humiliated by being compelled to compete with vegetable fibre on the markets, but notwithstanding the progress of his powerful rival, King Cotton, he has held his own and today he is worth more on the market than at any time during the past half a century and his fleece is the yard-stick for computing values of all vegetable fibres, and King Cotton must get prices from the sheep before entering the market.

According to the Federal agricultural department census report on Jan. 1, 1910, we had 1,000,000 head of sheep and the latest estimate placed upon them is \$5,536,000. During the past decade we have shown an increase in number of sheep of half a million head in total value of approximately \$2,500,000.

Texas is the home of the sheep and the mountain regions afford cheap grazing and the mild climate is well adapted to sheep raising and wool growing.

PROPOSED AMENDMENT TO THE STATE CONSTITUTION PROHIBITING THE MANUFACTURE, SALE, BARTER AND EXCHANGE OF INTOXICATING LIQUORS EXCEPT FOR MEDICINAL, SCIENTIFIC AND SACRAMENTAL PURPOSES

ROUSE JOINT RESOLUTION NO. 2.
A resolution proposing to amend the Constitution of the State of Texas, by amending Article 16, Section 20, thereof by striking out and repealing said section, and substituting in lieu thereof a new Section 20, prohibiting the manufacture for purpose of sale, barter and exchange and the sale, barter and exchange of intoxicating liquors, on and after the second Tuesday in January, A. D. 1912, within this State, except for medicinal, scientific and sacramental purposes, and providing that the Legislature of the State of Texas, shall at noon on the second Tuesday in January, A. D. 1912, by authority of this section, meet in session in the city of Austin, and pass efficient laws to enforce this section; providing, further, that this section shall not prevent any session of the Legislature from passing any law to enforce the same; and, providing, further, that all laws in force when this amendment is adopted, providing penalties or forfeitures in relation to the manufacture, sale or transportation of intoxicating liquors, shall remain in full force and effect until modified or repealed; fixing the time for the election for the adoption or rejection of said proposed constitutional amendment, directing a proclamation therefor and making certain provisions for said election and the ballot thereof, and method of voting; prescribing certain duties for the Governor of this State, and making an appropriation to defray the expenses of said election.

Be it resolved by the Legislature of the State of Texas:

SECTION 1 That Article 16 of the Constitution of the State of Texas be amended by striking out and repealing Section 20 thereof, and substituting in lieu of said Section 20 the following:

SECTION 20. The manufacture for purposes of sale, barter or exchange of intoxicating liquors on and after the second Tuesday in January, A. D. 1912, is hereby prohibited within this State, except for medicinal, scientific and sacramental purposes. The Legislature of the State of Texas shall, at noon, on the second Tuesday in January, A. D. 1912, by authority of this section, meet in session in the city of Austin and pass efficient laws to enforce this section; but nothing in this section shall prevent any session of the Legislature from passing any law to enforce the same; and all laws in force when this amendment is adopted providing remedies, penalties or forfeitures in relation to the manufacture, sale or transportation of intoxicating liquors shall remain in full force and effect

until modified or repealed.

SECTION 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors for members of the Legislature at an election to be held throughout the State of Texas on the fourth Saturday in July, being the twenty-second day thereof, A. D. 1911. At said election the vote shall be by official ballot, which shall have printed or written at the top thereof in plain letters the words "Official Ballot."

Said ballot shall have also written or printed thereon the words "For Prohibition" and the words "Against Prohibition."

All voters favoring said proposed amendment shall erase the words "Against Prohibition" by making a mark through the same, and those opposing it shall erase the words "For Prohibition." If a majority of the votes cast at said election shall be "For Prohibition" said amendment shall be declared adopted. If a majority of the votes shall be "Against Prohibition" said amendment shall be lost and so declared.

All the provisions of the general election laws as amended and in force at the time of said election shall govern in all respects as to the qualifications of the electors, the method of holding such election, and in all other respects, as far as such election laws can be made applicable.

SEC. 3. The Governor of this State is hereby directed to issue the necessary proclamation for said election and have same published as required by the Constitution and laws of this State.

SEC. 4. The sum of five thousand (\$5000) dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the State Treasury, not otherwise appropriated, to defray the expenses of such proclamation, publication and election.

The singing at Mr. Rose's Sunday night was well attended.

Mrs. McPhaul, who has been visiting her daughter at Ft. Worth, for the last few months, has returned, and visited friends in this community last week, and attended Sunday School at Needmore Sunday morning.

Miss Myrtis Walker spent last week in Brownfield visiting friends. She was accompanied home by Miss Jennie Lee Allmon.

Messrs. Roy Scudday and Chock Hamilton of Brownfield, attended the singing at Mr. Rose's Sunday night. Come again boys.

John Raymer, of the Spade ranch, visited his sister Mrs. Noah Bell Saturday night.

Jay McPhaul, who has been visiting friends in this community for some time, returned to his home in Yoakum county this week.

Uncle Bill Howard will leave on the 10th of this month for Little Rock, Ark., where he goes to attend the old Soldiers Reunion.

The Needmore School closed last Tuesday with Prof. A. K. Huckleberry as teacher.

This completed thirty-six months of school taught by Mr. Huckleberry, at this place, in the last four years. Mr. Huckleberry has given great satisfaction in this community as teacher and with regret we give him up for another term. Mr. Huckleberry is an able teacher for the a, b, c, up to the advanced pupils; strict in order and courteous to all alike, was his rules as teacher. He tried to instill in the minds of our children the importance of an education. We recommend Mr. Huckleberry to any board of trustees as an all around instructor and teacher of their children, and for the well advanced scholars as well.
