

The Terry County Herald

VOL. 7.

BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, NOVEMBER 24, 1911

NO 33

RAH! FOR HOWARD AND GAINER

By Sweet William, Correspondent Herald

Rah! for Howard and Gainer
Who brought back the blue,
On our limber twig apple
And our Elbertas too.

Clink the goblets together,
We'll now drink a toast
To the Great South Plains Country,
And to East Texas' loss.

We are proud of the laurels
Our counties have won;
We rejoice in the great work
Our people have done.

But East Texas will say,
'Twas a step rash and bold,
By our lusty young orchards—
Scarce seven years old.

There is sure to be war—
A relentless one too;
They'll marshal their forces
To win back the blue.

But we've picked up the gauntlet;
We'll not lay it down,
But we are going to contest
Every inch of the ground.

So farmers of Terry
And Yoakum prepare,
For a mammoth exhibit
At the next Dallas Fair.

In the contest use wisdom
And strategy too,
And hang with a terrapin's
Grip on the BLUE.

\$1,533.00 TO BE SPENT ON THE TAHOKA ROAD

A C. Copeland, a Terry County Man Gets Contract-- Work Will Begin at Once.

As was agreed at adjournment last Tuesday afternoon, Commissioner's Court went over the road Saturday with prospective contractors, carefully staking out that part of the road needing work. Returning to town late in the afternoon the contractors put in their bids which ranged in price from \$1533 to \$2000. A. C. Copeland being the lowest bidder, was awarded the contract, and gave bond in the sum of \$3000 as a guarantee of good faith in the performance of his duties. There were two contracts entered into between the Court and Mr. Copeland; the first for five miles of deep sand just this side of the Lynn county line for \$200 per mile with a \$2000 bond to cover and an additional amount of \$533 is to be spent on the bad

places on this end of the road, covered by a bond of \$1000. The balance of the road with these exceptions is in good condition already and getting better all the time. At a short session Monday afternoon of this week, the Court approved Mr. Copeland's bond and he will begin actual construction in a few days that will mean a splendid highway for Terry county people to a railroad. The following is a general description of the contract:

"State of Texas; County of Terry.—This contract entered into by and between the undersigned, this November 18th, 1911; witnesseth: That the County of Terry, by its Commissioners Court, does, hereby contract with and employ A. C. Copeland

to work on the County's road, from Brownfield to the East Co. line; known as the Tahoka road, and to work the same as follows:

Remove the sand out of said road 24 feet wide, down to the hard clay or chalk rock; place the sand thus removed five feet away from the 24 foot roadway. All sand basins under thirty feet long to be scraped out 16 inches deep and to be replaced with clay. No holes nor mounds to be left in road in obtaining the clay. All sand basins over that length, the said A. C. Copeland has option of scraping it out to hard dirt, or scraping it out 16 inches deep and replacing with clay, as above stated.

The dump along the present roadway, to be leveled off even with the 24 foot roadway to the edge of the new dump; that is, the five feet berm from edge of roadway to the dump of sand, shall be leveled.

The above roadway to be completed by April 1st, 1912. The County agrees to pay A. C. Copeland \$200 per mile for the five miles beginning at the Lynn county line and coming this way, and \$633 dollars for all the other bad sand places. The road

WE WANT YOU TO VISIT US WHEN YOU COME TO LUBBOCK

If you want to buy something or have something to sell, we are at your service. Our stock is unusually complete, including Grain and Hay, Flour and Mill Products of all kinds; Stock salts, Cedar Posts, Wire; also the best grades Nigger Head, Maitland and New Mexico Coal at \$7 to \$9 per ton. FREE WAGON YARD TO CUSTOMERS.

Retail & Jobbers

AMES & COMPANY

Lubbock, Texas

above to be worked is to be staked out by the Commissioners Court, and to be worked only as staked out by them."

It is the census of opinion that when this work is complete that we will have a Jim Dandy highway from east to west which will almost double the frieghting capacity of a team, thus reducing freight rates considerably.

Judge Neill informed us that he had heard freighters complain about the deep rutes in Lynn county after they reach the hard land and that there were considerable grubs to be removed from the roadbed, but that he had talked with a prominent business man of Tahoka who promised to get busy with their Commissioners to have these sand catching ruts scraped out and grubbed.

When this contract shall have been completed and a treasury warrant drawn for the sum of \$1533, we shall then have paid out the sum of \$2265.25 for road work in the past two years. How is that for a six year old with only 1500 population?

A. R. Gist, and two sons, of Taft, N. M., are visiting their brother and uncle. W. H. Gist, of the Needmore country.

B. L. Thompson and family, of near Gomez, left last week for Fort Worth, where he will follow the carpenter trade during the winter and early spring. He may return in time to make another crop here. The Herald will keep him posted during his absence.

FIFTY-ONE BALES OF COTTON ON ROAD

To Market. Dropped Anchor in Brownfield Long Enough to Feed and Have Photographs Made.

By far the largest number of bales of cotton were on the streets at one time last Monday afternoon, than at any other time in the history of the town, when freighters from Gomez drove in a little after noon and prepared to feed and water their teams.

Uncle Horace Adams, manager of the Gomez Gin Co., came over and gave out the information early Monday morning

While the teams were temporarily refreshing themselves from good old kaffir and maize bright, and as sweet scented as spring blossoms, Mrs. O. M. Daniels, our city photographer prepared to expose a few plates, which she did and got three excellent views, which will be forth coming in a future issue of the Herald.

Among those in this merry crowd of freighters were: Messrs Geo. and Will Black, Pruet, West, Myers, Glover, Whitla, Cardwell, A. C. Copeland and Spears. Just how much fun this crowd had in camp each night on this journey will be recorded in the next issue of the Herald, but from

(Continued on page 6.)

WE WOULD SAY TO THE TERRY CO. TRADE

That our stock of coal is complete, and we are ready to fill you bins while the weather is warm and roads are good. It is a recognized fact that our woven, barb and slick wires are the best money can buy. A full line of Post and stays, stock salt, grain and hay. Come; let us reason together and trade some. Free wagon yard. Highest market price paid for maize and kaffir corn delivered at Lubbock.

ly, as 52 numbers constitute a volume.

Stokes-McGonagill.

Joe Stokes and Miss Gladys McGonagill, were married last Sunday afternoon November 12th at 4: o'clock.

The young people accompanied by Mr. and Mrs. Bud Milliken, sister and brother-in-law of the bride, drove to the home of Ellis Payne where the ceremony took place. They were met at the gate by the family party from the Hotel.

Bro. Balch pronounced the ceremony that made them man and wife, and never did the time honored words bear a sweeter significance than when pronounced by the beloved pastor to the young people of his church.

The bride and groom number their friends by the score and all join in wishing the bride much joy in her journey through life and hearty congratulations to the groom in the possession of so peerless a bride.

Miss Gladys has been a resident of Lynn county since she was a little girl and has endeared herself to all who know her. Joe is one of the rising young men of the town and we are proud to claim him as a citizen.

The young people will be at home in their pretty bungalow in the west side of town, a recent purchase of the groom in anticipation of the happy event.—Lynn County News.

Mr. J. L. Crawford left Monday for his home in Bridgeport. He traded for a fine section of land from J. A. Parks just before he left. He informed the editor that if he could not get moved before Xmas, he would not likely be here till Spring but would bring other families with him. Welcome in advance.

"Dr. Miles' Nervine Completely Cured Our Little Boy of Fits."

A family can suffer no greater affliction than to have a child subject to fits or epilepsy. Many a father or mother would give their all to restore such a child to health

"I am heartily glad to tell you of our little boy who was completely cured of fits. He commenced having them at 10 years of age and had them for four years. I tried three doctors and one specialist but all of them said he could not be cured, but Dr. Miles' Restorative Nervine and Dr. Miles' Nerve and Liver Pills made a complete cure. He is now hale, hearty and gay. It has been three years since he had the last spell. I shall give Dr. Miles' medicines praise wherever I go. You are at liberty to use this letter as you see fit and anyone writing to me I will gladly answer if they enclose stamp for reply."

F. M. BOGUE, Windfall, Ind.

Dr. Miles' Nervine

is just what it is represented to be, a medicine compounded especially for nervous diseases, such as fits, spasms, St. Vitus' dance, convulsions and epilepsy. These diseases frequently lead to insanity or cause weak minds. Dr. Miles' Nervine has proven most effective in relieving these dreaded maladies.

Sold by all druggists. If the first bottle fails to benefit your money is returned. MILES MEDICAL CO., Elkhart, Ind.

Wouldn't it be a good idea to try about two or three thousand acres in broom corn in Terry county next year and reduce the cotton some. Also, those who tried the large peanuts this year are well pleased with results.

We understand that Roswell N. M. will spend \$8000 on a good road from there to Bronco, and when we get our roads completed and Yoakum county ditto., we will have a much traveled and a favorite passway between the two states, and of course will help all the towns along the route.

Farmers, don't forget that this is good tree planting time, and just as soon as you are done gathering your crops, begin taking up all sprouts that have appeared this year and transplant them to permanent places.

Let's make Terry the prettiest county on the Plains.

You have heard the old joke about thing being as "scarce as hen's teeth". Well that fowl's eggs are just about as scarce an article these days as the fabled teeth. It is reported from Lubbock that a restaurant man was paying a lady 15 cents for two eggs a day for a customer. Talking about the goose with the golden egg, these hens have the laugh on her now.

The King progress came to our exchange table this week, and is a newsy little sheet, being edited by one of the progressive ladies of that city, Miss Margaret Crabb. The only criticism we wish to offer is that the number we received is Vol. 1 No. 61, which should be Vol. 2 No. 12, unless it is a semi-week-

WE SELL THE VERY BEST

Hardware, Windmills and Implements

that are made, for every purpose. Prices right too. Don't forget the old reliable Eclipse windmill and John Deere implements. They have stood the test of time and we can stand behind them. We are the ones who think it will pay us to charge you only a fair price for our goods, and we give you value received for every dollar you spend with us.

Make our store your headquarters when in Lubbock, whether you buy or not. We will be glad to see you.

Heralds Correspondents

Without any if and ands, any doubts or fears of successful contradiction, the Herald has by far the best corps of correspondents on the Plains, at least they have those of any paper that comes to our exchange table skint a city block, and the most of them are very prompt in giving the news of their respectful communities and towns.

We notice from time to time that several of our brother editors have to get after their reporters for too much about so and so staying all night, or eating dinner with this and that one, but we have no such troubles up here as all our reporters seem to know what real news is without being guided to it with check reins. Besides our people are constantly doing something that makes better reading matter than just "taking dinner" with somebody.

As a stimulus to better writing and more prompt reports, we are going to offer a first, second and third prize next year, and we want each and every correspondent to sharpen their pencil and get ready. There are several communities not represented that we want in for this contest. Get busy.

Announcement of awards and conditions will be announced in the Xmas edition, so that correspondents may begin Jan. 1st 1912.

The little baby of Arch McPhaul and wife, of the Harris country, developed a severe case of membranous croup this week and was brought to town for treatment. Dr. Murphy of Lubbock, was called in consultation with Dr. Ellis and large doses of antitoxin were administered with the results that the little fellow is much better at this writing.

LOCALS

Glass: Any size, from 8x10 to 20x40 at the Brownfield Hardware Co.

We learn that Will Alf Bell has sold his herd of sheep to a Lubbock county man.

Mrs. Will Mathis was in Brownfield Wednesday the guest of Mrs. H. H. Longbreak.

Corn, maize, cane and kaffir corn for sale at

V. E. Hargett's.

Dr. J. W. Ellis and Atty. Percy Spencer spent a few days this week in Plains, on legal and professional business.

Dr. J. B. Hall arrived Sunday afternoon and has been doing a rushing dental work up to yesterday when he left for Gomez for a few days.

MONEY to loan at 8 percent from \$1000.00 up, on real estate. Fred Morris, Fluvanna, Texas.

J. J. Lane spent several days in Brownfield this week looking for his good lady who has been visiting his and her people in Cisco and Oklahoma.

Did you see that big load of fifty-one bales of cotton on their way to Tahoka Monday? And still there be they who say cotton wont grow in Terry county.

Fix that hole in your window before cold weather. Plenty of glass at the Brownfield Hardware Store.

Many a fine hog died in Terry county during the cool spell this week, caused by people liking spair ribs and sausage so well is all the reason we know. Yes we get our share. Mrs. R. R. Hughes sent us a nice mess. Will soon have to get Dock Powell to weigh us on the wagon scales.

LOCALS

Louis Hargett left last week for points east.

Mrs. Darden, of Abernathy, is here visiting her daughter, Mrs. Claud Criswell.

Mr. Haliburton will show the very latest films at the school house, Sat. night, Nov. 25. Come out.

Brit Clare, of the Harris community, was in after groceries and supplies, this week.

Notice that the Hill Hotel is offering you 25c per dozen for eggs.

Geo. Smith, of the Groves Chapel country, paid the Herald a pleasant call this week. He was here attending County Court.

The Hill Hotel wants eggs and will give you twenty five cents per dozen for them.

Uncle Jack Coble has purchased the building in which the tailorshop is located on the north side of the square, and will move it on his lots for a bed room.

Come out to the school house to-night, (Saturday) and see the latest moving pictures. A good show is promised. Usual prices.

Rev. V. H. Trammell is putting up new sheds at the Methodist parsonage this week which adds much to the appearance of the place.

NOTICE All parties indebted to the Brownfield Hardware Company, will please call in and settle.

Brownfield Hardware Co.

O. M. Daniel informed us this week that he will erect a photo gallery by the tide of his residence. All this is good for our little town and Mrs. Daniel should be encouraged by your patronage.

WANTED: Terry county property to exchange for East and Central Texas farms, merchandise and business property.

Brownfield Land Co.

We understand that Miss Ponder Hutchetson and her class in elocution will give an exhibition about Xmas. That's right, let's have more of them from all departments of our school; they're both entertaining and instructive.

NOTICE: I wish to inform the general public that on December 1st, I will advance the rates of meals to 50 cents, but will give the best meal on the Plains.

Yes there was fifty-one bales of cotton on our streets at one time this week, and all Terry county cotton, and only just a little while back and some of these owners were saying that this was no cotton country.

I WILL exchange city and town property; farm and ranch properties and merchandise for Brownfield and Terry county property. For prompt attention and quick action, address

J. L. Crawford,
Bridgeport, Texas.

The Herald family had a nice letter from one of our school girls, Miss Gaster Randal, who is attending school at Seymour. Miss Gaster is a cho'ce girl among the many fine ones in our little city, and we are glad she is making good.

Chas. Boon has leased Uncle Jack Coble's interest in the Livery Barn and took charge last Monday. Uncle Jack will rest for a few months.

The Gomez Gin had a break down this week and as a consequence, some of our citizen had to carry their cotton to Tahoka to get it mangled.

Geo. W. Wilkins passed through town last week on his way to Lubbock and handed us \$1.75 for the Herald and Dallas News. Many thanks kind Friend.

After putting in most of the fall cutting maize, Uncle Joe Hamilton finished Tuesday afternoon and so proud was he that he threw his knife away saying that he had no further need of pocket cuttlery anyway.

Virgil Hargett left last week for Mineral Well, where he will try the water cure for rheumatism. Verge carried his books and will enter school at that place, thus killing two birds at one throw.

Rev. W. H. Terry, presiding elder for the Big Springs district, will be in Brownfield Saturday and Sunday, Nov. 25 and 26th. He very much desires all brethren to be present and start with a good report and organize for a great year.

NOTICE: All parties knowing themselves to be indebted to the Adams-Holgote Company, will please call and settle at once. This firm is no longer in business and all notes and accounts must be settled immediately. Books are in charge of W. M. Adams, Brownfield, Texas.

GOOD POINTS OF THE DUROC-JERSEY HOG

There are three great breeds of

hogs, and in the order of their numbers they are Poland-Chinas, Duroc-Jerseys and Berkshires. The Duroc-Jersey hog is rapidly becoming more popular, and deservedly so, writes an Ohio swine grower in Rural New Yorker. They have all the good points of the Poland-Chinas, but the sows have larger litters of pigs and the ability to save them, while the fat hogs when ready for market outweigh Poland-China hogs of the same age and finish. The picture shown herewith is of a pure bred Duroc-Jersey sow in fair condition. The Duroc-Jersey and the Poland-China breeds originated in Ohio and constitute the corn belt type of hog. Long grown by breeders who selected for neatness of frame, a result favored by a ration, principally corn, which consisted largely of fat and carbohydrates and low in content of protein and calcium salts, hogs of these two breeds are chunky, early maturing and producers of the best lard in the world. Hogs of these breeds are fine of bone and fatten easily at early ages, making pos-

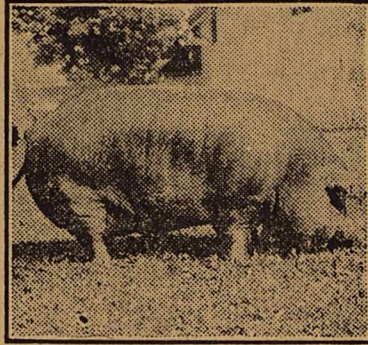

Photo by United States department of agriculture.

Bran For Dairy Cattle.
Wheat bran is an excellent feed for dairy cows. Mixed with cottonseed meal it is a splendid concentrate. Balance the ration with good hay

Texas Productions.

The Federal Agricultural Department gives us a complete estimate on most items of farm production except live stock. While our live stock is valued at \$378,762,400, production per annum is not of record and the live stock figures shown in the following table may, therefore, be considered only a rough estimate.

The table follows:

Cotton	\$219,656,000
Corn	114,206,000
Wheat	18,404,000
Oats	11,433,000
Hay	8,532,000
Dairy Products	23,500,000
Fruit and Vegetable	24,000,000
Poultry and Eggs	25,500,000
Miscellaneous	10,000,000
Live Stock	100,000,000
Timber	6,000,000

Total\$561,231,000

Timber is added to the list in order to complete surface production.

This stupendous total on its face points to a magnificent prosperity, but deducting consumption from production, we find the bulk of our money quickly melting away and when we build our homes and churches and school houses we have little left to invest in large industrial enterprises.

A Billion Dollars for Factories.

Texas needs a billion dollars for factories. The amount seems large but it would require an immediate investment of that amount to manufacture the raw material now being shipped out of the state and we have only one-fifth of our land under cultivation and our minerals are practically untouched.

A good way to encourage factory investments in Texas is to patronize home industries. Home patronage would result in flooding our present plants with orders and would require additional factories to take care of the business.

Texas is today the most inviting field on the globe for capital and when our opportunities are understood and our citizenship ready to welcome factory investments by patronizing the products, we will experience no difficulty in securing factories.

JUST LISTEN

Our new goods are here and to convince you of the fact that we bought them right, and are selling them right, you only have to come in and let us give you our prices.

Remember we are headquarters for fresh groceries, and the only house in town that handles the famous Star Brand Shoes---NONE BETTER.

The Guaranteed Haberdasher

Moody-Robinson.

The friends of Mr. and Mrs. D. Robinson met at the home of the bride to witness the solemnizing of the marriage of Miss Flora Robinson to Mr. William Orville Moody. The house was tastefully decorated with pot plants and festooning.

At 12 o'clock Mrs. Ed Robinson began playing the beautiful wedding march and J. P. Word took his station in front of the marriage altar. Then the bridal party advanced and the voice of the piano was hushed as with breathless silence the guest waited for the those beautiful and impressive words that should seal the destiny of these two young people. Rev. Word in his own way rendered the beautiful service. The groom was attired in the usual black while the bride was gowned in white satin with veil and orange blossoms and carried lovely bouquet of white roses, the gift of the groom. When the last words were spoken, Mrs. Robinson rendered some beautiful piano selections and congratulations were extended to these two happy people. A one course luncheon was served after which the friends accompanied the bridal party to the station where amid the rice throwing and usual good will of such occasions the farewells were given.

Mr. Moody is from a good family of long residence in Sweetwater and has a number of friends in Lubbock. Miss Flora is a talented girl who has a host of friends that wish her well in her new home,—Lubbock Avalanche.

Mrs. Chas Boone sent the Herald outfit a big mess of good old genuine hog sausage last Sunday, which eat real fine. It's jolly to live in the country anyway.

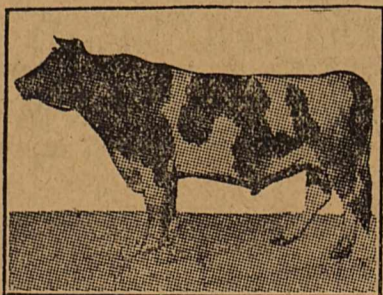

THE HOLSTEIN COW.

She Stands Out Conspicuously as a Milk Producer.

Although a difference of opinion exists on many points about dairy breeds, on one there is no dispute, says the American Agriculturist. The big black and white Holsteins are the heaviest milkers. As individuals they hold the record, and as for herd average they stand in a class by themselves. In this sense the breed is famous as enormous milk producers. Holstein milk enjoys a distinction that so far has not been claimed by the enthusiasts of the other breeds. Some believe that this milk is more vitalizing than any other kind, but whether there is any such thing as a vitality peculiar to milk is, of course, a disputed question.

An undisputed point about Holstein milk is the small fat globule. Some prefer it this way, others dislike it. For buttermaking it is a drawback, but for shipping or for cheese it is a decided advantage. When milk is shipped over a long distance the fat rises to the top of the can or other vessel in which it is transported. With Jersey or Guernsey milk this creaming takes place very quickly, but with Holstein milk the cream rises very slowly. For shipping to market this breed produces a milk that is peculiarly adapted to the hardships of railroad transportation. As for cheesemaking, Holstein milk is popular for the reason that the fat globules are readily retained in the curd.

Now a word about the cows. They, too, have their good points. They are docile, easily managed and not at all fretful or suspicious, and no breed exceeds them in constitutional vigor. The calves are large at birth and are usually strong and thrifty. They grow fast and fatten easily. They are also

The champion Holstein bull pictured herewith has been a consistent prize winner for several years. That he is a magnificent animal is apparent. He comes of a famous family, and his calves are also of the prize winning type. He is the head of the Stone herd of Peabody, Kan.

propotent. No difference what cross in breeding is made, the Holstein characteristics, as a rule, predominate.

The large size and the tendency to lay on fat if fed fat forming foods are both points of utility which many farmers do not care to overlook. While dairymen are believers in special purpose cows for the special purpose of producing milk or butter, they do feel that if a good cow possesses a large carcass that will carry to market a large quantity of meat when the animal as a milker has finished her time then they are not averse to so using her, getting in this way an additional profit that would not be possible were she extremely angular, with no tendency to flesh up and fatten.

At the international live stock show, held in Chicago early in December, Shamrock II, an Angus steer owned and exhibited by the State Agricultural college at Ames, Ia., won highest honors as the best steer which was exhibited. The animal was ten months old and weighed 1,100 pounds and was declared by Richard Carden, the noted Irish live stock judge, who placed the ribbons, to be the best steer of any age, of any breed, he had seen on either side of the water. Shamrock was sold at auction and brought \$16.50 per hundred.

Proof of His Generosity.

The teacher had a class in English literature before her. The subject for the day was Gray's "Elegy." She had asked the class to bring in questions on the life of Gray. These questions were to be deposited in a box which was to be opened before the class and each question read aloud. If no one could answer it the one who contributed it was to be called on for the answer.

The first slip drawn out contained this:

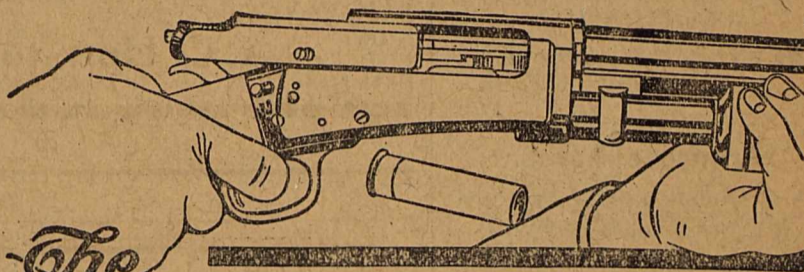

"Give a proof of Gray's generosity." The teacher thought of what a recluse Gray had been and of how little interest he had ever shown in his fellows, and she wondered how any one could have received the impression that he was generous. Every one looked blank, and no one attempted to answer. The girl who wrote the question was called on for her "proof," and this is what she said, "He gave to misery all he had—a tear."—National Monthly.

Look After Weak Cattle.

All cows that are weak, extremely thin and coughing must be removed from the herd. Milk from unhealthy cows is not safe to use, and only cows in good health can make profitable use of the food given them. The herd should be inspected at regular intervals by a competent veterinarian.—Illinois Experiment Station.

Brownfield Land Co.

If you want to sell, buy, rent or lease land or insure your property against fire or lightning. We make a specialty of locating actual settlers; we collect rents and pay taxes for non-residents. Business carefully attended to.

The Marlin Repeating Shotgun

12 or 16 GAUGE

Made famous by its dependability. The solid top and side ejection keep gases and powder away from your eyes; help quick, effective trap-at-shots. Rain, sleet, snow and foreign matter can't get into the action. The mechanism is strong, simple, wear-resisting. The double extractors pull any shell instantly; two special safety devices prevent accidental discharge while action is unlocked, and an automatic recoil block makes bang fires harmless. All Marlins are strongly made, finely balanced, accurate, hard hitting guns, and are the quickest and easiest to take down and clean. Illustration shows Model 24 grade "A" 12 gauge; it has all the features that make for a perfect gun. Send three stamps postage today for our 133 page catalog describing the full Marlin line. The Marlin Firearms Co. 12 Willow Street, New Haven, Conn.

what we could learn, Mr. West will mix things with Bro. Card well when they line up to tell anecdotes by the camp fire.

They phoned Lamesa, Lubbock and Snyder buyers to meet them at Tahoka.

LATER—The boys returned yesterday afternoon very well pleased with their sales having sold to Wells & Son, of Tahoka for 8.85 all around. Besides the Tahoka buyers, Mr. J. D. Quil representing the Lubbock Coal & Grain Co., was on hand to bid on the cotton. The boys had 51 bales instead of 49.

Primrose Notes.

We have had a big sandstorm and it blew out everybody's cotton, so that they don't have to pick it out; just pick it up off of the ground, which will make it hard for any one to get much in a day.

Andy Lee left Wednesday for Rotan where he will visit his father, and also to help them move back to live. They will live on the Noah Bell place in the Needmore community.

Lee Morrow was up from Rotan last week, and is thinking of moving back here next year.

J. W. Peeler received a phone message Sunday from Roswell that his son, George was dead. He was buried at Lubbock Wednesday. Mr. Peeler and family attended the funeral.

W. T. Clifford returned to his home in Clarendon last week. He has been visiting his daughter, Mrs. Harry Copeland.

Misses Clara and Grace Cowan, Messrs Andy Lee, Carl Ware and Dock Peeler, all took supper with Miss Hellen Lunday, Sunday night, and reported a very pleasant evening.

We were informed last week that Volnie Farris got two cats from Floyd Pyeatt for companions, while he is batching. "Wonder why he would prefer cats to girls."

Well I go back under the bare-grass till next time.

Cricket.

PRIDE DOTS.

(Delayed)

Hello, Mr. Editor! Gee! aint it cold. The house was all covered with snow the morning of the 20th. It sure looked like mid-winter.

Everybody is busy gathering their crops in this part of the county.

Mrs. T. G. Marks is visiting relatives in Cook county. Mr. Marks went as far as Ft. Worth with her.

Mr. Box Cather went to Plainview last week to visit his son and daughter in school at that place.

Mr. C. H. Martin happened to a very painful accident last week by his team running away throwing him across the wagon box, breaking one of his ribs. He is getting along nicely at this writing. Mrs. Martin has been very sick but is better at this time.

Mr. Clarence Martin visited his brother, Harve, last week who lives near Pecos river.

The friends of Mr. McVickers were shocked to learn of his death some weeks ago. He was carried to Fort Worth to undergo an operation for gaul stones,

TEXAS NEEDS GREAT MEN

XI. ENTERTAINMENT

WHEN Themistocles was asked by his host at a dinner party to entertain the guests by playing the lute, he replied that he "could not play the fiddle, but that he could make a small town a great city." We have in Texas many politicians who are good "fiddlers," but they cannot make a small town a great city. We are overrun with orators who can play upon the passions of the people, but they can't put brick and mortar together. We need builders.

A FAVORITE PASTIME OF POLITICIANS.

Let those who hunger and thirst for power understand that the highest glory of the statesman is to construct, and that it is better for a man that he should build a public highway than that he should become Governor of the State, and that he start a plow than that he become the author of a law. The true test of statesmanship is the plow and the hammer, and let those who would govern, first build. Texas needs great men.

which he did not survive, dying three hours later. He leaves one sister to mourn his death.

Mesdames Lee and Webber visited their parents, Mr. and Mrs. J. P. Simmons, last week, Sand Lapper.

Your letter must have gotten misplaced somewhere, Sand Lapper—Ed.

One dollar is a mighty little thing but several of them amount to a good deal. The hard years threw some of our subscribers behind and we would appreciate an early settlement as we have waited patiently. Yes one dollar is a small thing but several

hundred would mean a great deal to us just now. Please call in and pay up and keep the Herald coming to your address.

About the best six months old colt that has been our pleasure to behold in some time was on the streets last Saturday. He was the property of W. H. Gist, one of our best and most successful stock farmers. The colt is only six months old and tipped the beam at 800 pounds on Dock Powell's wagon scales. His sire is the Joe Fisher black percheon and his dame is just a common looking old grey mare about 15 and one-half hands high. And still there be they who say this is no horse country.

DEVELOPMENT OF TEXAS PRESS

Mayes Talks of Newspapers
Twenty-five Years Ago

"While Texas had made remarkable progress in the last twenty-five years, its development has hardly been in keeping with that of the press of the state," said Will H. Mayes, editor of the Brownwood Bulletin and former President of the National Editorial Association, in addressing the Commercial Secretaries & Business Men at Dallas.

"Not many years ago," he continued, "the average country paper was published in a dingy, dirty building around the corner in the rear of some abandoned shack. It was printed from an equipment that could readily be loaded into a one horse wagon and moved on to the next county when the publishers credit was exhausted and he could no longer get his 'patent insides' from the express office—because it took cash—nor fill his insides at the saloons.

"Now most of the papers of the state are published in their own buildings—as good buildings, too, as can be found in the towns where they are published;—the best presses are used, typesetting machines are common, and printing plants are worth thousands where they were formerly worth dollars—were mere junk heaps, in fact.

"In my town it used to take three banks to support three newspapers and keep them running, while now two newspapers support five banks and appear to do it pretty well, too.

"Whatever has been accomplished by the Commercial Secretaries has been through the cooperation of the press of the State.

"A few years ago, when it looked as if the entire State would be eventually planted continuously in cotton, the press began to preach diversification, until now nearly every farmer is a diversifier.

"The movement for good roads would have died in its infancy had it not been for the press of the State.

"Until the press took up the campaign for civic improvement but little had been done in Texas to improve conditions in cities.

"Do you realize, gentleman, that in newspaper offices in every section of this nation Texas papers, in their prospective classes, are regarded as the highest type of American journalism? And when that is said it means the highest type of journalism in the world, for the American press leads the world."

**Thanks the Terry
County People.**

Brownfield, Texas, 11-6, 1911.
Mr. Editor:

I want you to publish these few words in your valuable paper in regards to our exhibit at Dallas. I want to say that I enjoyed myself fine on account of the fine exhibit Terry and Yoakum counties were able to show when put together. It was immense. We created splendid attention, when J.T. Gainer and myself consolidated the two counties. We got blue ribbons on apples, Elberta peaches and the best collection of peaches and a red ribbon on maize and kaffir display, which kinder made us feel stuck up. The crowds were large all during the fair.

Bro. Gainer and I had our own hands full answering questions, but friend Gainer was equal to the occasion and Yoakum county people ought to be well pleased

with his work; if I am any Judge they have full value for all they have been out.

We sold all our exhibits except fruit in jars and the champion string of pepper, which we expressed to Brownfield Merc. Co., so if you want your exhibits, call on R. H. Banowsky, Brownfield.

In conclusion, I want to extend thanks to the good people of Terry county for the honor they conferred upon me as their representative at the great fair of Texas.

Wm. Howard.

Several of our farmers who got behind during pressing times are coming in and evening up all scores. We are certainly ready.

glass: Any size, from 8x10 to 20x40 at the Brownfield Hardware Co.

M. E. Dumas and Mr. Pruet, of the Gomez country, were here this week as petit jurors.

Cortez McDaniel came in Sunday night with a big load of lumber for the McAdams yard.

The Hill Hotel is badly in need of eggs and will pay 20c per dozen.

A liberal reward is offered for the return of a golf stick pin with the letter 'T' engraved on it. Finder return to this office.

Mr. Price Garrett and family, of Melrose N. M., a cousin of Chas. Boone, visited the latter from Saturday to Monday.

W. D. Winn, Bert Shepherd and Tom Taylor, went to Lubbock this week after freight for Brownfield and Gomez business firms.

Corn, maize, cane and kaffir corn for sale at

V. E. Hargett's.

Homer Marcy, of the northwestern part of the county, was attending court this week. He had his name added to our growing list of subscribers.

Sam Withers was indicted on two counts by the grand jury, and upon refusing to make bond, was carried to jail at Lubbock.

Fix that hole in your window before cold weather. Plenty of glass at the Brownfield Hardware Store.

Mr. Moody of Sweetwater, spent several days of his last week in our city. He is the bride-groom elect of Miss Flora Robinson.

MONEY to loan at 8 percent from \$1000.00 up, on real estate. Fred Morris, Fluvanna, Texas.

Frank Proctor, one of our blue ribbon farmers, handed us two dollars on subscription this week. Many thanks old boy.

Pappy John Powell and wife arrived home from East Texas last Sunday night. They report a very pleasant trip to Marshall and other points.

Dr. Hall, the good looking dentist of Plainview, Texas, will be in Brownfield Nov. 20th, and 21st, and in Gomez the 23rd and 24th.

Among the Plainview attorneys in attendance at District Court are: R. C. Joiner and L. C. Penry. Those from Lubbock are: W. H. Bledsoe and W. D. Benson.

Lum Hudson, formerly sheriff of Yoakum county, called around to see us this week. He reports things moving on nicely at Plains and three or four buildings under construction.

Atty. J. E. Garland, of La-Mesa, son-in-law of A. B. Bynum, Treasurer of Terry county, is holding court vice Judge W. R. Spencer this week, the latter being disqualified in the cases to be tried.

We respectfully call your attention to the large display of the Brownfield Mercantile Company in this issue. For the next sixty days these people are going to put on a home trade campaign and they aim to convince the skeptical that it pays to trade at home. We only ask you to let them convince you.

Mr. and Mrs. C. F. Timm of the Western part of the county, was in shopping this week.

O. M. Danieis moved to town this week. He is occupying the M. V. Brownfield rent house.

Prof. Thos. Hunter had us send the Herald to his father at Clairemont a year.

Wait for Dr. J. B. Hall, of Plainview, as he is the most skillful dentist on the Plains. Ask those who had work done while here before.

The Herald job department did some blank note work for A. P. Moore of Gomez, this week. We certainly appreciate the business of this progressive merchant.

Messrs. W. B. Carson, G. A. Whitley and Jim Smith, of the Meadow community were attending court here this week. Mr. Whitley informed us that he just liked about 400 pounds of cotton having his crop gathered.

A salesman was here this week representing the Computing Scale Company of Dayton, Ohio, and sold one each to the Mercantile and J. T. May. Our merchants believe in having the very best.

Rev. J. C. Lewis and W. A. Fulton of the western part of the county, were attending court this week. Mr. Lewis was exhibiting some splendid kaffir corn, which was put on display at the Brownfield Land office.

Now is a good time to have those decayed teeth ejected and new ones put in. Special prices this time. Look for Dr. J. B. Penry on 20th and 21st and in Gomez on the 23rd and 24th.

Mr. T. M. Jones, our mill man has now got his machinery installed and while his engine is too small he is making meal that is pronounced a good grade. Bring your corn to Brownfield and get it crushed.

Edwin Groves came in yesterday and informed us that S. E. Hamilton had arrived home the day before from South Texas, fully satisfied to remain indefinitely in grand old Terry, the bower of Texas.

W. G. Myers, one of our bustling farmers who lives six miles North-west of Gomez, was attending court this week. He called in and handed us a couple of wheels which put him well in advance.

Uncle Horace Adams, of Gomez, accompanied by his beautiful daughter, Miss Clemmie, were in town Monday. Uncle Horace informed us that he had ginned over 100 bales of cotton up to that time.

The Brownfield Mercantile Company have put on a home trade campaign. If you are from Missouri, or any other place, they ask a privilege to show you that it pays to trade in Brownfield.

Several Brownfield people have received invitations to the wedding of Miss Flora Roberson, of Lubbock, formerly of this place, to a Mr. Moody of Sweetwater, which will take place in Lubbock at high noon on Nov. 14th.

Hon. L. C. Penry, District Attorney of the 6th district of which this county was until recently a part, was down mixing with old friends this week, of which he has many. Mr. Baker

the 64th court stenographer accompanied him. We now have a crow to pick with Judge Kinder for baulking.

It will be a source of much pleasure to Brownfield people to learn that the Northwest Texas Conference has seen fit to return Rev. V. H. Trammell back to this charge. Both he and his excellent lady are held in high esteem here by everybody, regardless of religious belief. This makes three years with this charge.

Hon. A. S. Hawkins, of Midland, was visiting his brother-in-law, W. A. Bell and family of this city last week. Mr. Hawkins informed us that he will not be a candidate for any office next year, but was handing out announcements of the candidacy of his brother, of Brownsville, who will be a candidate for an Associate Justice of the Supreme Court.

Uncle Billie Howard was in this week and said he did aim to keep Frank's behavior at Dallas a secret, but as the later has started the ball to rolling, he—Uncle Bill—had just as well turn the cat loose. He said Frank got lost in the big agricultural hall and was asking everybody where pa was, and when they asked him who pa was, Frank would look surprised and asked them if they didn't know his pa.

THE PUBLIC SCHOOL is one of the greatest factors in our country. When reinforced by a good, wholesome, reliable newspaper, it gives the American child a practical education. Without the aid of newspapers the child or girl that degree of general intelligence that you wish your children to have. You can now get The Terry County Herald and The Dallas Semi-weekly Farm News for one year, three papers a week, for \$1.75. Hand your name and money to the publisher of The Terry County Herald now and get both papers twelve months for yourself and family.

Primrose Notes.

Dear Editor:
I'll try and scratch up a little news.

That little snow and frost has bit every thing that was green, and it made people put on their overcoat and put up their stove.

Farmers are still busy picking cotton. They are not half through yet.

W. T. Clifford, of Clarendon, is back shaking hands with old friends and meeting new ones. He will leave this week.

A. W. Blankenship went to Lubbock on business this week.

Quite a crowd of young folks enjoyed a singing at Meadow Sunday afternoon. These singings will continued indefinitely. All who enjoy good singing come and help them.

Mose Lee's little boy has been quite sick for the past two weeks.

Lee Cowan and daughter, Miss Grace, went to Lubbock last week shopping.

Mrs. Harry Copeland returned Monday from Clarendon, where she has been visiting relatives.

Cricket.

NEXT YEARS EXHIBITS TO BE OF 1912 CROP.

So Desides Superintendents of
County Exhibits—Resolu-
tions Adopted.

At a meeting of the superintendents of county exhibits at the State Fair, it was decided yesterday that next year all exhibits must be of the crop of 1912, and resolutions were adopted calling for awards for best displays of corn, cotton, oats and wheat, and commending the state Fair officials and the press of Dallas for their liberal treatment of the county exhibits.

F. W. Mack of Hopkins county was elected chairman and John H. Erickson, secretary. On the first subject brought before the meeting as to what shall hereafter constitute farm products, chairman Mack made a short address in which he praised the Fair officials and made recommendations for changes in the rules effecting exhibits. On motion the following resolutions were unanimously adopted:

"Resolved, That we, the county exhibitors, respectfully request that the State Fair Association specify in their 1912 catalogue that all farm products constituting a county exhibit shall be staple and have a commercial value, and that no product of the soil not being produced or grown for commercial purposes shall be considered and

scored by Judges except under the head of points on arrangements; be it further

Resolved; That we request the Fair Association to add to the regular premiums list in connection with the county exhibits, premiums for the best display of the four leading staple farm products of the State; cotton, corn, oats and wheat; be it further

Resolved; That the superintendent of any county exhibit attempting to enter in the 1912 county exhibit, any farm, garden or orchard products, not produced or grown in 1912, said county exhibit shall be barred from competing with other county exhibits.

"Resolved, That a copy of these resolutions be furnished to the officials of the State Fair Association and the press of the State.

Several amendments were offered to the second resolution, and, upon motion, Chairman Mack was instructed to appoint a committee of three to consider the various amendments. The following committee was appointed: I. M. Bennett, Dawson Co.; J. D. Newton, Cass County, and D. R. Hardison, McCullough Co.

The following is a report of the committee:

"In view of the fact that rice and sugar is becoming an important commercial product of the State and in order to encourage development along this line, we request the Fair Association to offer a special premium for the

best and largest display of these two products.

We also reccommend and request the Fair Association to offer a special premium for the largest and best display of fruits and vegetables. Kaffir corn and maize being the leading staple crops of a large portion of West ern Texas, we reccommend that special premiums be offered for the largest and best displays of these products.

We also offer the following resolutions:

"Be it resolved, That all products of the farm, orchard and garden grown by irregation shall be entered in a class by itself and that affidavit shall be required covering the matter."

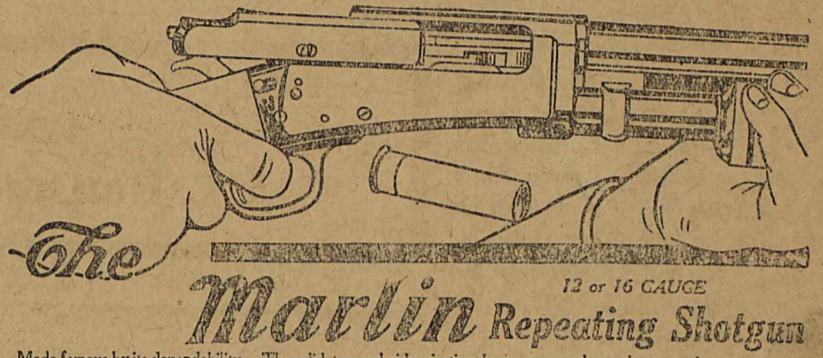

On motion a vote of thanks was unanimously extended the superintendent, assistant superintendent and judges in the farm and mill department.

A motion was also unanimously adopted thanking the press of Dallas and the officials of the State Fair Association for the splendid treatment accorded the Agricultural department.

J. D. Newton,
D. R. Hardison,
I. M. Bennett.

—Dallas News.

Uncle Billie Howard say that "fertilization" should also be included with irregation, as the object was to see what the natural soil would produce. The Fair management will comply with these resolutions.

The **Marlin** Repeating Shotgun
12 or 16 GAUGE

GOMEZ DOTS

Mr. Kelley has gone to Wellington, Texas, on a visit to home folks. Miss Addie George is in charge of the central office during his absence.

J. L. Graham came in Tuesday night after an absence of eight months in Kansas and other points in the Northern States.

J. T. Gainer passed through town Tuesday on his way home. He has been at Comanche, Midlothian and Ft. Worth since the Dallas Fair. We regret to state that he has been suffering from an attack of La Grippe for ten days past, and is still suffering acutely with his throat and lungs.

Bruce Gainer and wife, came in from Plains last Sunday night and Monday went on to Lubbock, from which place Mrs. Gainer will go to Spur. Messrs. Bruce and Will will go to South Texas to open a dry goods store.

A Mr. Jenkins passed through here Thursday who said he was at the Methodist Conference at Plainview and that Bro. Jamerson would not serve this circuit another year. We did not learn the name of the minister who will be sent here.—The same on, Rev. A. D. Jamerson—Ed.

Geo. Copeland came in from Quanah Tuesday evening. He went up with a herd of cattle.

Dave Broughton and Ed Moore came in from Abilene Tuesday evening with Mr. Broughton's household goods.

Tom Yeates brought in a bale of cotton Tuesday,

Walter Gainer went to Lubbock Tuesday in a wagon. What next?

Mr. Harris, from the Harris community passed through town Wednesday on his way to Brownfield to attend court.

Geo. Bragg has been auto driver this week. He went to Lubbock Monday; then Tuesday from Lubbock to Plains returning here Wednesday. He had passengers for the entire trip.

Say Mr. Herald; we made a trip out to Plains this week and had a nice time. We found that wide-awake little town flourishing, while on our trip we talked with several people just from the East and they all say this county is in better condition in every respect than the East.

Messrs Ball and Gist of Nocona, Montague county, came in last Sunday at noon, Mr. Ball to attend to the renting of his two farms near town and Mr. Gist was looking at the country with the intention of locating here if he liked. They left Monday evening on their return home.

This Wednesday, is a lovely day and after the cold rainy weather of last week and part of this it is certainly welcome.

We learn that Miss Hettie Moore will get home next Sunday after a months absence visiting at Indian Gap, in Hamilton county.

There may be a lot more news but we have just got in home and haven't time to rustle it.

West Wind.

You will notice in the Lubbock Grain & Coal Co's. ad, that they are now buying all the maize and kaffir corn they can get, delivered in Lubbock.

If you want to sell, buy, rent or lease land or insure your property against fire or lightning. We make a specialty of locating actual settlers; we collect rents and pay taxes for non-residents. Business carefully attended to.

TEXAS NEEDS
-:-
GREAT MEN

IX. DISCOVERIES.

COLUMBUS discovered America and Galileo discovered solar systems and planets and throughout all ages, civilization has been indebted to wise men who could think beyond the age in which they lived. We need in State government men who can see across two continents and look into the horizon of Twentieth Century civilization and discover new zones of trade, new worlds of industry and new planets of prosperity.

We are standing on the edge of the ocean of discovery in Texas. Our mountains are the mineral vaults of the universe; artesian lakes of boundless area lie underneath our surface; our agricultural domain awaits men who can work inspiration into the soil and give a powerful impulse to progress. We need a Columbus to sail the high seas of our magnificent possibilities, to discover new continents in agriculture, to explore our mineral kingdoms, colonize our industrial opportunities and give us a new world to live in. Texas needs great men.
