THE HERALD \$1

BEALL BUYS LAND FOR NEW RAILROAD TERMINAL

PLANS ARE MADE FOR BUILDING LINE TO ALBUQUERQUE ALONG OLD SURVEY

\$30,000,000 BEHIND THIS BIG LAND DEAL

Foreign Syndicate Is Financing Scheme to Open Up Rich Territory Northwest of This City.

Backed by a syndicate which has \$30,000,000 to build a line of railroad northwest from Fort Worth to Albuquerque, Colonel Fred A. Beall has purchased a tract of land embracing 320 acres just north of Trinity river to be used for terminal buildings and yards.

This \$30,000,000 is only a small part of the money contributed by the syndicate and is appropriated for a line of railroad 1,500 miles long, practically along the old survey of the Fort Worth & Albuquerque made some years ago, which eventually fell thru.

Colonel Beall is representing a foreign syndicate, no Americans being financially connected with it as far as promoting of the line goes, and he is in receipt of a cablegram which leads him to the belief that he will be authorized to begin construction work in the near future, and says that once the actual work has been commenced it will be carried forward as rapidly as men and money can do it. There will be plenty of money, he says, and when finances are available, men are not usually found lacking.

Not only will construction be carried on from Fort Worth, but at every point on the survey reached by a railroad, construction will be carried on both ways it being the intention of the promoters to make a record in railroad building.

It is known that two other concerns are seeking a line through practically the same territory and it will be a case of who gets there first. Many miles of right of way property have been acquired and some of the best counties of the state will be traversed.

Colonel Beall declined to state for publication just what the proposed route would be, aside from the fact that it was practically the same as the old Fort Worth and Albuquerque line.

"It will be about the same," he said, "as the line Captain Paddock advocated when I was a boy. Any man who has given the matter a thought recognizes the advantages of such a railroad. The territory to be traversed is a valuable one—the people I represent know this, because some of them have been over it. Actual figures have been given them and they are going to put it through."

Colonel Beall will leave for New York in a few days for a conference with representatives from Europe, and expects that when he returns to Fort Worth he will be prepared to begin real work on the long desired and much needed line to the Northwest.—Fort Worth Record.

In connection with the above, the Herald wishes to inform its readers that Mr. M. V. Brownfield was in Fort Worth some time ago, and called on the general offices of the company and found so much favorable information, though naturally optimistic, he said it sounded too good to be true, and said very little of the matter on his return home, but said they talked and showed Brownfield to be a future railroad center.

Added to this, Judge Geo. W. Neill has just returned from Fort Worth and confirms everything Mr. Brownfield says. In conversation with the Judge he said: "I was shown a large map prepared for the purpose, showing the Western half of Texas and New Mexico. This map faithfully portrayed every river, lake, mountain, sand hill or other obstacle the company had to deal with. It showed the new road to Brownfield via Haskell, Rule, Aspermont, Claremont, Post and Taboka. At Brownfield it made a turkey track, one going to Roswell straight West, another North-

west to Texico and Albuquerque and still another Southwest to Pecos, via Seminole and Andrews. The promoters informed me that work would begin in the course of 60 days and for me to tell my people that they are sure going to get a road now as we have the road financed".

Mr. Brownfield seems to think from information given him that work would start every where along the route where there is a railroad crossing. We will keep our readers posted from time to time as anything develops in connection with this big railroad proposition. We have always contended that Brownfield would make a city and we believe it stronger all along.

A shipment of eucalyptus and bamboo trees has been received at Plainview, Texas, from California and will be planted under irrigation in Hale county. The Santa Fe railroad has proved by extensive experiments with the eucalyptus tree, that its lumber can be used as a fit substitute for mahogany.

Some few weeks ago, we said a few scorchy little things about the Yoakum County Commissioners' Court, not that we had it in for them, or that we did not think them excellent men, but to see if we couldn't touch their pride just a bit. Whether it had a mite of effect, we are not able to say, but anyway they have let the contract to A. C. Copeland, of Gomez, and that means a good road. However, we never talked half as hard about them as one of their members (we don't call any name) who passed through here a few weeks ago over our road, but he has been a good road man all the time. Anyway, we heartily take back all we said and very sorry there is not more to take back. Figuratively we toss our last winter's cap to the four breezes and at the top of our stupendous lungs, the welken about Brownfield vibrates with "Rah! Rah! Rah! for the Yoakum County Commissioners, the Yoakum County News and the whole Yoakum County lay-out. Come to Terry if you can; if not, be sure you go to Yoakum.

We have a fine season in the

ground, we believe the sand and wind has done its worst damage for the year, as the wind usually quits blowing somewhere about May 20, and from then on to July is planting time. It has been proven by careful experiments of our best farmers that from the middle of May on is plenty early for planting in Terry County, as the earth is usually cold before that period and aided by hard winds, keeps the tender plants stunted and when the earth does warm up the latter plants soon catch up and produce more than its earlier neighbors. However the new comer can hardly control himself when the faultless days of March arrive and is just bound to experiment some. In a few days a cold spell and adust storm comes along and removes every sign that seed has been sown. He soon learns that the early bird dont always get the worm, and that usually he will make more than he can harvest after May 15th.

FERGURSON FOR JUDGE

In another column of this issue of the Avalanche will be found the announcement of Judge H. C. Ferguson, of Lubbock, Texas, who is asking the voters of the 72nd Judicial District for their support in his campaign as a candidate for the office of District Judge of this district. Judge Ferguson is a Democrat, never been anything else. He is recognized over the State as being a lawyer of ability. He

has been a citizen of Lubbock about eight years; has practiced law forty-two years, having been admitted to the bar as soon as he had reached his majority. He has practiced in all the courts of the State and has licence to practice in the Federal Courts. He has served under appointment a number of times in important cases and has also been special judge in different points of the district, so that his ability is recognized and the people of the 72nd judicial district know that he is fully qualified for the position to which he aspires. Judge Ferguson has endorsements of strong lawyers as well as the very best citizenship in other places where he has made his home, and has a large number of friends in this country who would be pleased to have him at the head of the judiciary of which this country is the seat. He expects to make a personal canvas of the district, and asks that you consider well his claims before casting your vote for the man for this office.

The above was clipped from the home paper of the aspirant, and shows clearly the esteem in which he is held by his home people. Personally we do not know Judge Ferguson very well but from reputation we know him as a clean moral man, well acquainted with the law, both in the school of practice and learning. We believe if he is elected to the Judgeship of the 72nd, the voters will have no cause to fear that the dignity and supremacy of

justice will not be vigorously upheld.

Mr. Ferguson will spend some time among our voters getting acquainted in a few weeks. We ask you to carefully consider his claims.

GARD OF THANKS.

We wish to thank each of our kind neighbors and friends for their assistance during the last illness and death of our husband and father. We shall always hold you in grateful remembrance.
 Mrs. Enos Barret and Family.

A Genuine Hair Restorer

Did you ever know of any hair preparation which would really grow hair and restore the color to gray or faded hair?

There are many preparations highly advertised to do the work, but it is probably your experience that none of them will really meet the claims of their manufacturers.

There are many so called Hair Restorers which are nothing more than harmful chemical dyes, which do not grow any hair, the only result being that they dyed the hair, having no permanency and often causing a streaky appearance.

It has been the aim of the chemists for years to discover a preparation which would really grow hair and restore the color to gray or faded hair, but heretofore they have met with no success.

Prof. Rembler now claims to have discovered a combination of harmless vegetable composition which is a Genuine Hair Restorer and will grow hair and does not contain any dye of any kind, but will positively restore the natural color and brilliancy to gray and faded hair.

This is a very strong statement to make and if any chemist without the recognized ability and national reputation of Prof. Rembler were to make this claim we would be inclined to be skeptical as to its truth. It will be remembered by readers that are familiar with scientific discoveries that Prof. Rembler was the inventor of the one fire process for gilding glass and also the Rembler wireless Coherer. Any statement made by Prof. Rembler is entitled to consideration as he would not make any statements which were not true and would injure his established reputation.

The Siloron Mfg. Co. of Pueblo, Colo., have purchased the exclusive American rights to manufacture Sagine, as they have named Prof. Rembler's invention, after having made a six month's test of Sagine and thoroughly demonstrating that it would positively do the work. The Siloron Mfg. Co. have authorized us to make the following remarkable offer to all who need a "Genuine Hair Restorer."

They will send a written agreement with every bottle of Sagine, to the effect that if one bottle of Sagine conscientiously used according to the directions does not give entire satisfaction to the purchaser; if Sagine does not actually grow hair and restore the color to gray or faded hair, remove the hair and make the hair healthy and glossy, that they will pay the sum of \$5- to any dissatisfied purchaser.

This is the strongest offer every made by any manufacturer and one they could not possibly make if they did not know positively from experiment that it would do exactly what they claim for it. No one takes any chance in buying Sagine as it is certainly worth \$1 to use a Genuine Hair Restorer that will really grow hair, and if it does not give satisfaction they will pay you the \$5 as agreed. Send a \$1 bill to The Siloron Mfg. Co., Pueblo, Colo., stating that you wish to purchase a bottle of Sagine with the written agreement to grow hair and restore the color to gray or faded hair or pay you the sum of \$5 and it will be sent to you by express in plain wrapper.

The Siloron Mfg. Co. is incorporated under the Laws of the State of Colorado and refer you to the mercantile agencies or any Pueblo banks as to their ability to fulfill any agreement they make.

THE SILORON MFG. CO.,
Pueblo, Colo.

C. W. Lusk

The South Plains Booster of **COMMANCHE**, Texas, wants to hear from you on any trade you want to make.

An Open Letter to School Boards of Tex.

Gentlemen: With the approach of the summer vacation I deem it timely to address you concerning the condition of school houses and health of pupils.

Because of the recent unfortunate epidemic in some parts of our State, I desire to urge upon you the importance of thorough cleaning, renovation and disinfection of every school house in the State.

I also wish to ask you to consider whether your school house is properly lighted and ventilated, as this has much to do with the physical welfare of the pupils.

I desire to call attention to the need for medical inspection and examination of all pupils. Inspection to prevent the spread of contagious and infectious diseases and examination to discover physical defects (sights, hearing, breathing, teeth, etc., etc).

I believe every school should be visited by one or more physicians daily to inspect any children whom the teacher reports not well, and also that all children should undergo physical examination at least three times during the school in the State.

I ask the School Trustees in all cities of 10,000 and over to give serious consideration to the establishment of separate and spec-

ial school for tuberculosis children, believing that the physical examination of pupils will show the need for such provision.

I also urge that the study of sanitation and hygiene, and the nature, cause and prevention of all communicable diseases, be made a part of the course of study of every school in the State.

Respectfully yours,
Mrs. O. B. COLQUITT,
President Texas Anti-Tuberculosis Association. Approved:
RALPH STEINER, M. D.,
State Health Officer.

Notice to Candidates.

Candidates for County and precinct offices must file application for place on ticket in primary with County Chairman on or before June 15th On June 17th, Executive Committee will assess ballot fees, and same must be paid on or before June 21st.

Atty. Percy Spencer had business in the city of Lubbock this week.

W. D. Winn, Artie Shepherd and Mr. Rambo were here last Wednesday.

W. H. Gist attended Mr. Barrett's funeral Wednesday.

We noticed that Dock Powell was driving behind the greys as of yore, last Sunday.

J. C. Green moved Dr. Ellis to the Underdown place, Wednesday.

The Hardware Co. received six saddles from Padgett Bros. last week, and they're just two left.

Notice the change in the May & Wright ad in this issue.

DO YOU WANT to trade your land for a good auto, see or write Simeon O'Neal

Lubbock, Texas.

J. W. Black and family are visiting at London, Texas. He will probably be gone two or three months.

Commissioner Redge Burnett is sporting a brand new saddle these days.

Lynn Adams, of the Southern part of the county, was in town Monday attending Commissioners Court.

We are glad to report the little son of Mr. and Mrs. W. A. Bell doing nicely, who underwent an operation at Marshall, Texas.

Sam Bigger passed through here last week on his way to Yoakum County, from a few days stay in Lubbock on business.

Through the courtesy of J. R. Hill, the editor and family got to mash some good beef between their molars, the first since the woods burned.

NOTICE: my laundry basket will leave here twice a week and return from the Lubbock Steam Laundry. I want your business.

J. R. Hill

Geo. Tierner went to Tahoka Tuesday to meet his niece, Miss Eula Whisehant, who was returning home from school at Canyon City.

Mr. and Mrs. Tom Ivey, of the running M, accompanied by Mrs. Ivey's sister, of Lubbock, passed through here last week on their way home from a few days visit to Lubbock.

Several people from the Groves Chapel neighborhood were here this week attending court. We learn that they were trying to get a permit from the Commissioners Court to divide their school district.

We are glad to say that we now have Miss Addie George of Gomez, on the Herald force. She shows a keen interest and a good understanding of the art and the Herald considers its self fortunate in securing her service.

LADIES: I do hand painting, and stenciling. Have beautiful designs for table covers, splashes, curtaining, scarfs, shelving, pillow cases, etc. Let me do some work for you; its sure to please you.

Mrs. D. M. Ward.

Gomez Texas

The Baptist meeting closed last Sunday with good attendance, and while there were no visible results, the church is no doubt greatly strengthened. Bro. Arbuckle did some fine preaching and we heard lots of compliments passed on his ability and especially on his famous "oxen sermon" delivered last Sunday morning.

O. B. Marcy, of Lubbock, was down this week in interest of his mail business. While here he gave the Herald a nice batch of job work and placed a card in our professional list which may be found on that page. Mr. Marcy is putting a proposition up to Lubbock and Brownfield people to put two new Ford cars on providing they will give him a bonus of \$500 to make an auto road.

Commissioners' Open a New Road.

The commissioners' Court was in regular session this week and besides the usual routine of business they have ordered a 60 foot road opened, beginning at the northwest corner of the town section and running straight south to the county line, which will be graded in the near future. This will make it very convenient for the people of the Southern part of Terry to reach the county seat. Our commission's court is a dandy you bet, and we imagine their next step will be for a road to the county line on our northern boundary. Let the good work go on.

Death of Mrs. Watson.

Mrs. Katie Rosie Watson, wife of Mr. Ben Watson, formerly of Gomez, Texas, died in Plainview, April 18, 1912. Funeral services

were conducted by Revs. H. H. Street and W. P. Waggenor of Plainview and W. G. Downing of Clovis, N. M.

Mrs. Watson was born in Missouri March 4, 1883. In her early life her father moved to Texas, where she grew to womanhood; was married in Denison, Texas, eight years ago. She was a devoted Christian and a faithful wife and mother in a home where her influence will long be felt.

She leaves a little girl seven years old, a loving husband and a host of relatives and friends who mourn her loss. May they understand what He meant when He said: "Blessed are the dead that die in the Lord." we who mourn with the grief-stricken family and relatives can only point them to the God given promises for the only consolation that can heal the wounded heart.

A friend.

—Plainview News.

"The Liver Pills act So Naturally and Easily."

Such a statement, coming from the cashier of a bank, shows what confidence responsible people have in these pills. Mr. A. L. Wilson after trying them wrote:

"I have used Dr. Miles' Nerve and Liver Pills and also your Anti-Pain Pills, on myself, with good results. The Liver Pills act so naturally and so easily that I scarcely know that I have taken a pill. Frequently being troubled with headache I take an Anti-Pain Pill and get immediate relief in every case."
A. L. Wilson, Sparta, Ill.

Mr. Wilson was for a number of years cashier of the First National Bank of Sparta.

Dr. Miles' Nerve and Liver Pills

are different from others. Many kinds of liver pills are "impossible" after one trial on account of their harshness. Dr. Miles' Nerve and Liver Pills do not act by sheer force but in an easy, natural way, without griping or undue irritation. They are not habit forming.

If the first bottle fails to benefit, your druggist will return the price. Ask him.

MILES MEDICAL CO., Elkhart, Ind.

No one breed of hogs has a monopoly of all the good points in bacon type. As the saying goes: "There are good and bad in all breeds, and bad and worse in some."

Bring in the corn horse after you are through with it. Even a wooden horse will show the effects if stabled out in the field a few months.

Time to Thin Peaches.

The best time to thin peaches is just when the pit is hardening. In the country between 35 and 40 degrees latitude, this is done June 10 to 15. Further south, of course, the work should begin earlier.

MOVED

To our new warehouse one block North of depot and are better prepared than ever to handle your business. Besides our usual full line of Coal, Grain and Hay I can now furnish you in all kinds stock salt. Remember we buy your hides and furs.

GOMEZ DOTS

May 14th

Well the past week has marked the closing of the school term for Gomez this year, and such a school! is has been one of those rare exceptions; a school without a "tempest in a teacup." Every one Teachers, patrons and pupils, satisfied, smiling and happy, the pupils have done good work and the closing examinations showed good grades in all rooms. The school exhibition that closed the school on Saturday night was just perfect. Every pupil knew their part and acted it as well as any professional on the theatrical board could have done. The program was too lengthy to make personal mention of all the pieces but the Rabbit Drill, and The Brownies, brought shouts of applause that attested their merit while the Flower Drill for intricacy and beauty has never been excelled here. The song; "You Can't Pick Plums From My Plum Tree" was rendered by Miss Willis and Joe Black in voices that showed both natural ability and culture, while the acting was in true Opera style. In recitations, little Miss Ruth Harrison and Henry Ward deserve especial mention. Clara Davis whose sweet voice as a singer is so well known to us all, rendered a song in her usual faultless style, but she was so hoarse from cold that she could not do justice to herself. "Off to California" well deserved the hearty applause it brought, and if Miss Mary Harrison and Alvin George prove as good actors in the drams of life as they did in that little play; they will most certainly succeed. Every piece was good and all deserve the commendation "well done."

The play rendered on Friday night was "The Daughter of the Desert." No better play has ever been put on the board here, and those young folks who got it up sure knew how to "make a hit." It was a true picture of genuine borden life; some years ago. (as the writer knows by actual experience) Every character acted their part to perfection. Before we quit the subject, we will state that we heard a young lady say she was going right home and bake "custard pies" for three weeks and by that time her skill would be sufficient that she was going to invite "the widower in the play" to come and see if she could find the way to his heart, as easy as Mrs. Ogden did. Well its over, for four days our town was full of visitors and we can truthfully say of the school, the exhibition, the play and the visitors may they all come again, and to the sentence regarding the visitors, Bro. Jameson, George Bragg, Roy Green and Jim Moore says "Amen."

Visitors here from Plains: Mrs. J.T. Gainer, and son Paul, Misses Mary Pulliam, Urshul and Nancy Sanderson, Mrs. F. C. Ivy and Miss Evans from Slide, several others whose names we failed to learn, from the south side, Misses Nancy and Lizzie Dumas. From Harris Misses Mattie and Emma Spears, and Miss Wolforth and Edgar Spears. We cant name them all for the most of the country were here. We the citizens of Gomez, individually and collectively thank every body both visitors and home folks, for the good order that prevailed through out the whole intertainment.

Bro. Jameson preached an excellent sermon here Sunday; also Bro. Loftin preached at the school house.

The rain Monday night sure drowned the party at Walter Gainers, given in honor of the visiting young ladies. Only a few were there but had a good time.

Oh yes among the visitors we omitted were Mr. and Mrs. Ben Hurst, Mr. and Mrs. Will Snodgrass, Mr. and Mrs. Bob Snodgrass, Mrs. George Snodgrass, Mr. Roy Harris and two sisters from Harris.

Well Gomez did her best on everything. The entertainment was the best she could offer and the sandstorm of Friday and Saturday can't be beat on the Plains, while the rain all night Monday night and the cold north-er was a fitting close to bring all back to their normal level.

Mr. Jean Webber's family moved to Mrs. Webbers fathers, near Pride, this week. Jean is at work at the 7L ranch.

Mrs. A. V. Taylor and children moved back to the farm Monday.

Mrs. Oscar Adams and little daughter, will leave for their home in New M. in a few days.

There has been so much work in the store this week, also company that we just havent had time to get out and rustle news. Will do better next time West Wind.

Work left at the Herald office will be promptly attended to.

Harris Happenings.

May 15th

Bro. A. D. Jameson filled his appointment here Sunday and his sermon was enjoyed as usual.

Those of our young folks who attended the Gomez close of school were: Misses Nora Wolforth, Mattie and Erama Spears, Ethel and Eva Harris, Edgar Spear, Reed, Wolforth and Roy Harris.

Roy Fitzgerald is down with the measles this week, he has just returned from Kansas City and came in home sick.

Brit Clare says the clerks in the Brownfield Merc, Co must think his feet are not mates as he purchased a pair of shoes there last week and they put up for him one style of shoe for the right foot and another style for the left. This is the second time they have put up mismatched shoes for him and he thinks they owe him an apology for casting slurs at his feet.

Misses Mattie and Emma Spear spent last Saturday night with Miss Nora Wolforth.

Misses Ethel and Eva Harris spent last Saturday and Sunday with Misses Mary and Esther Simms in Gomez. Miss Esther returned home with them for a visit.

A. D. Jameson took dinner with Mr. and Mrs. Brit Clare last Monday.

We forgot to add that those who attended the Gomez school entertainment report a splendid time and all praise the Gomez home talent. From their report it must have been great.

Mrs. W. H. Harris spent last Monday with Mrs. B. Clare.

McDowell and Potts are drilling a well on their bonus.

F. M. Ellington has his new house almost completed.

We are having rainy looking weather; may be that rain is coming.

Sand Bur.

Enos Barret

Enos Barret was born December 27th 1833 in Erie county New York. He died at his home near Meadow, Texas, May 13, 1912; aged 78 years 4 months and 16 days. Went to Tama county Iowa during the 50's, and there married Lucy I. Gemmell, December 26th 1867, who survives him. To them were born three children, two sons and one daughter. He went to Altus Oklahoma in 1893. Grace the oldest died there, Sept. 9th, 1893. He came to Texas 1906. Charles R. Barret resides near Altus, Oklahoma. Jay the youngest has always made his home with his parents.

While not a member of any church Mr. Barret was a man who made friends everywhere; good and kind to everyone. Had often said he believed the New Testament. sang Rock of Ages two nights before his death.

He was buried in the Brownfield cemetery on Wednesday, May 15th. Bro. V. H. Trimmell made a short talk at the grave.

J. T. May left yesterday to spend a few months on his old stomping grounds in Arkansas. Shay T. authorized us to state that he wasn't going to stay, but will be back in old Terry late this summer.

IT IS MAY AND

IT IS WRIGHT

That you give us a trial. We would be glad to see more accounts on our books. Come in and see what we have and price our goods. Fresh groceries arriving every week. So when in town remember the "Home of Fresh Groceries and everything to wear."

Primrose.

May 13th.

My! My! Mr. Editor, will the wind never cease to blow so hard. All young plants that was up was damaged considerably by the wind Friday and Saturday. Our farmers are still planting feed and those planted last have a better show for a stand than those that planted earlier.

Mrs. Frank Jackson has been very sick but is improving. Their little baby girl died and was buried at Lubbock Wednesday.

Mrs. C. W. Dickenson had a call to the bedside of her sick daughter, Mrs. Lulu Bell, at Lockney, this week.

The young folks had a very nice time at singing at Mr. Beals Sunday night.

Mr. A. K. Huckleberry has taught us a very splendid school and the trustees have employed him for another 9 months term. Our school will begin the 12th of August.

There will be a vacation of seven weeks. We think recuperation of the scholars in those weeks, will be sufficient for them to start in with renewed energy. They will commence right where they left off and go on.

Mr. Booth Hayes sold a bunch of cows to Mr. Arnett this week, but we failed to learn the price paid.

Mr. A. K. Huckleberry made a business trip to Lubbock this week; also Mr. Baker.

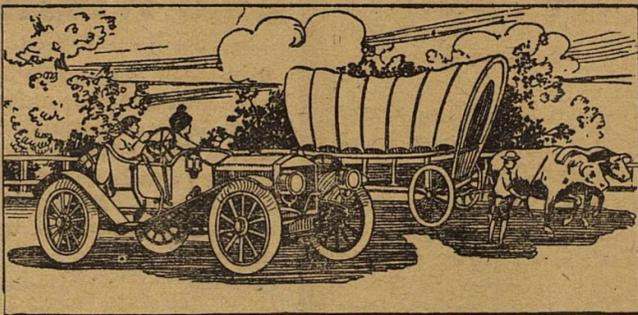

Mr. Smith and wife are now living on the place they recently purchased from R. W. Way. Cricket.

Welcome to Capital

On every hand we extend an invitation to the producer to invest in our agricultural, manufacturing, mining, and industrial opportunities. Our Commercial Clubs gets out attractive literature and sends it broadcast throughout the country. our citizens are untiring in proclaiming our marvelous opportunities, and our legislature has occasionally put a law on our statute books that makes a noise like "Welcome to capitol" but the true test of friendship to industry lies in fostering and encouraging its growth and progress.

Manufacturing plants needs cultivation, agriculture must have the germinating influence of a

GOOD ROADS

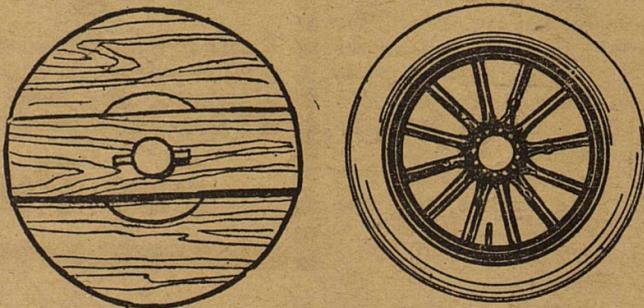

IMPROVEMENT IN ROAD VEHICLES.

During the past half century the vehicles on our public highways have improved from the ox cart to the automobile, but we have the same old roads, the same old way and many of our leading thoroughfares would terrorize the heart of a rough rider.

We are up-to-date on most everything except public highways. Our farm machinery is of the latest type, our work animals of improved stock; our railroad tracks and facilities the very best, but we give our public roads little thought and less attention.

Let us wake up and build good roads.

GOOD ROADS

PRIMITIVE AND MODERN TYPE OF WHEEL.

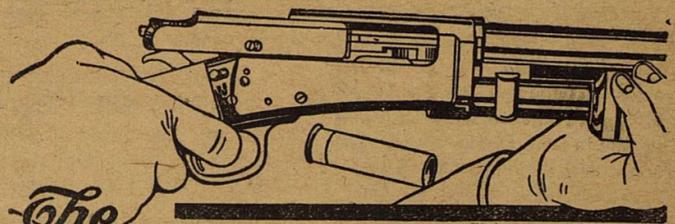

The wheel was the greatest invention the world has ever known; with it progress and prosperity sprang into life; upon it has rolled the burden of civilization; its revolutions have woven the fibre of refinement and culture into human life, and its evolution have been as wonderful and powerful as life itself. At each step of its progress, it has demanded better roads and it has brought our public highways from trails to macadam roads.

ready market, and industry must feel the warm rays of public friendship. A good way to welcome capital is to patronize home industry.

OBITUARY

Little Willie Lee was born Nov. 10th, 1903, being three years, six

months and 22 days old. He was afflicted with his eye from his babyhood up to thirteen months ago, when a sarcoma came and all that doctors and loving hands could do was administered but we had to give him up. He died the 2nd day of May. Willie was the son of B. M. and Vina Lee of the Meadow Country.

The Marlin Repeating Shotgun

Made famous by its dependability. The solid top and side ejection keep gases and powder away from your eyes; help quick, effective repeat shot. Rain, sleet, snow and foreign matter can't get into the action. The mechanism is strong, simple, wear-resisting. The double extractors pull any shell instantly; two special safety devices prevent accidental discharge while action is unlocked, and an automatic recoil block makes firing harmless. All Marlins are strongly made, finely balanced, accurate, hard hitting guns, and are the quickest and easiest to take down and clean. Illustration shows Model 24 grade "A" 12 gauge; it has all the features that make for a perfect gun. Send three stamps postage today for our 136 page catalog describing the full Marlin line. **The Marlin Firearms Co.** 42 Willow Street New Haven, Conn.

ATTENTION.

I have opened up a first class grocery store in the old Martin and Holland stand and invite you to come in and get my prices before purchasing elsewhere.

Don't Fail to Try Our Wichita and American Lady Flour.
