Treasurer's Quarterly Report

We the undersigned, constituting the entire Commissioners' Court of Terry County, each one of us do hereby certify that on this, the 13th day of August, 1912, at a regular quarterly term of our said Court, we have compared and examined the quarterly report of A. B. Bynum, Treasurer of Terry County, Texas, for the quarter beginning on the 1st day of May, A. D. 1912, and ending on 31st day of July 1912, and finding the same correct, have approved the same as follows:

JURY FUND			
Balance on hand as shown by Treasurer's last report	168.61		
To amount received since said date.	504.00		
By amount disbursed since said date		223.03	
By amount to balance		449.58	
Total	672.61	672.61	
Balance to credit of said Jury Fund now on hand	449.58		
ROAD AND BRIDGE FUND			
Balance on hand as shown by Treasurer's last report	(overdraft of 280.30)		
To amount received since said date	1500.00		
By amount disbursed since said date		597.02	
By amount to balance		902.98	
Total	1500.00	1500.00	
Balance to credit of said Road and Bridge Fund now on hand	902.98		
GENERAL FUND			
Balance on hand as shown by Treasurer's last report	6517.34

SHED FOR STORING MANURE

Cheap Shelter Prevents Leaching Where Not Convenient to Haul Fertilizer to Fields.

Manure is one of the most important things on a first-class farm. How

Cheap Manure Shed.

to get the most out of it is one of the questions.

The illustration shows a shed 8x10 with sides 7 feet high and the corners 7 feet to the eaves. The end boards are held in place with stakes at two corners so that one side is movable and may be left out until the shed is partly filled. The shed prevents leaching where it is not convenient to haul it to the field immediately after it is made.

Pieplant Easy to Grow.

Pieplant is easily produced in a commercial way, yields immensely, and is easily gathered and put into shape for the market. It can be shipped almost any distance. Then, too, the demand for it on the market makes it one of the two best vegetables for commercial use. Pieplant is usually set in rows four feet apart and two and one-half feet in the rows. Like asparagus it should be carefully tended and heavily manured. It should be fertilized every winter.

Will Return Profit.

The preparation for conserving barnyard manure entails some expense and labor but all such expenditures will return a margin of profit commensurate with the outlay.

In an experiment made by a poultry keeper last winter, 18 hens that were fed milk laid more eggs than 100 fed on cut bone and meat.

Jury List.

The following named gentlemen were drawn by the jury Commissioners to serve at the next term of District Court, the Grand Jurors are called for one week beginning Oct. 28th, and the Petit Jurors are called for one week beginning Oct. 29th 1912.

OUR INDUSTRIAL NEEDS

\$500,000,000 Wanted for Cotton Mills--Needed Factories Will Cost Billion Dollars

Texas is a great State. We do not fully realize the immensity of our resources. No one has ever yet announced a true conception of the greatness of Texas. The fact of the matter is, we try to measure Texas with a yardstick and the mind becomes confused in a maze of calculations without gaining the faintest conception of the State's greatness.

Our cotton crop (our money crop) is practically consumed in production and if the gross receipts of our cotton crop of the past decade were available for investments, it would not build and operate the factories necessary to manufacture the raw material now produced on the farm. An intelligent basis of calculation is necessary in order to approximately estimate our capital needed for factory investment. The latest Federal Census report on manufacturing gives the capital invested in cotton mills in the United States at \$605,100,154 and the factories used \$282,047,648 in raw material during the year. From this record, we develop the general rule that it requires two dollars of capital to manufacture one dollar's worth of cotton and to build the cotton mills necessary to manufacture the cotton we raise in Texas would require \$500,000,000. Then there is our timber, our livestock and other materials and Texas is only one-fifth developed in agriculture, to say nothing of the raw material produced in other states and countries, which pass through our ports in search of the foreign factory, all of which should be manufactured in Texas, will require at least a billion dollars to build the factories needed at the present time in this State and then there are our minerals sleeping undisturbed, to make no mention of our railroad mileage, public highways, industrial enterprise and new cities and improved farms which will be necessary to our growth. To develop Texas during the present century will require an immediate investment of ten billions and when we have realized that this is a most conservative statement, which every man who studies the situation closely is bound to conclude, then we are ready to stand at our ports and look towards the sea and map out a comprehensive plan for the mastery of the world's commerce.

COLD DRINKS

I carry the best line of drinks this side of of the railroad; all kinds Notions, such as tablets and other school accessories. I give a \$'s worth and want your trade.

CLEVE WILLIAMS, the confectioner

mourn his death and a host of friends.

Grandpa Martin returned from N. M., last week. He will go from here to his old home in Coke county.

Mr. and Mrs. A. D. Jones are the proud parents of a pair of twins; a boy and girl, born on the 23rd. Mother and babies doing fine, but the father hasn't got over the shock that he got when they said twins.

Our little Pride school is moving along nicely.

J. T. Fulliton is down with asthma again.

J. H. Cathey was right sick last week but is better at this writing.

Mr. J. K. Epperson and wife, visited Mr. and Mrs. J. T. Fulliton one night last week.

J. P. Simmons is building him a new barn.

Sand Lapper.

WILL H. MAYES

Power of Publicity

Brownwood, Texas, Oct. 8—Mr. Will H. Mayes, who will preside over the upper house of the 33rd legislature, is an ardent advocate of the co-operation of the press with state government in the development of our resources.

Mr. Mayes, in a recent address

before the Commercial Secretaries and Business Men's Association, said:

"The Texas press has lead every movement for progress that the state has made during the past quarter of a century, and whatever the evils of our government may be, publicity is the cure. The movement for good roads would have died in its infancy had it not been for the press of the State.

"A few years ago when it looked as if the entire state would be eventually planted continuously in cotton, the press begun to teach diversification, until now nearly every farmer is a diversifier.

"Until the press took up the campaign for civic improvement, but little has been done in Texas to improve conditions in cities.

"The Commercial Secretaries owe their success to the co-operation of the press."

Continuing his discussion of the press, Mr. Mayes said: "Do you realize, gentleman, that in newspaper offices in every section of this nation, Texas papers in their respective classes are regarded as the highest type of American journalism? And when that is said it means the highest type of journalism in the world, for the American press leads the world."

Mr. Mayes is editor of the Brownwood Bulletin, and former president of the National Editorial Association, and his editorials are more widely quoted throughout the press of the state than those of any other paper.

When a man tells you that he has cows that he could milk all the year round if he would, see if you cannot gobble onto some of his stock. Cows that hold out are worth their weight in gold.

Farmers all know that cream is a perishable product, but some do not realize the importance of cooling from the separator, and failure to properly cool cream immediately after it comes from the separator is the principal cause for the poor quality.

their cane and maize, they are afraid frost will get it in the field.

Nearly everybody were busy last week hauling coal. They ordered it and are looking for another car soon.

Mrs. Preston has been suffering from a rising on her hand,

but it is better at this writing.

The death Angel visited the home of Mr. and Mrs. John Allen on the 16th and took from them their infant girl.

Mr. Will Palmer died the 23rd, and was laid to rest in the Pride cemetery. He leaves a father, mother and six brothers to

DONT buy your ready to wear skirts and long coats till you see what the Brownfield Merc. Co. has.

Mrs. V. H. Trammel intertained the junior league last Friday night. All report a real nice time.

ATTENTION—Men and boys suits and trousers, new and up-to-date. We can fit you.

Brownfield Merc. Co.

And Marcy was down this week looking after placing feed along the route and looking after other business.

THE Lubbock Grain & Coal Co have just received a large supply of fresh cotton seed cakes.

Percy Spencer is attending District Court at Plains this week.

IF you want bran or shorts, see Brownfield Merc. Co.

Miss Dora Daugherty left Tuesday for Dallas to attend the Fair and visit friends.

ASK the Lubbock Grain & Coal Co., about cotton seed cake

Mr. and Mrs. Homer Scott were in last Saturday buying supplies and called on the Herald.

LOST—A double barrel 10 gauge shot gun between Plains and Gomez. Finder please notify H. C. Crie, Tahoka, Texas.

Mrs. Vernon Seitz and little son Eugeane, made the Herald a pleasant call Saturday.

NOTICE—We want the fellow who took the feed fork from the mill to please return same. Mill & feed Co.

Chas. Boone went to Lubbock after freight this week.

The Merc. are building a coal bin which they aim to keep locked. What's the Herald to do this year? Freeze we guess.

GROCERIES Fresh and fine. Good to eat.

Brownfield Merc Co.

Up to date, not a word has been heard from Uncle Billie Howard. However, we guess he is too busy talking Terry to write.

HARNESS, Saddles, Strop goods, Navajo blankets, Lap Robes. We want to sell them.

Brownfield Merc Co.

Elbert Proctor and wife, who farmed the Dock Walker place this year, have accepted a position on the L7 ranch near

Meadow and moved there this week.

Mr. and Mrs. Garrison and Mr. Murray, were in town this week looking after their supplies. Mr. Murray informed us that he had already placed 30 tons of maize with Joe Lane's ranch.

SEVERAL are taking advantage of our low rate of Herald, Hollands Magazine and Farm and Ranch for \$1 75. What are you going to do about it?

Jim Lewis was in town this week with a load of maize, which he sold the Merc. Maize is going at \$10 per ton, and the Merc. has already purchased something like 20 tons and May & Wright 30.

LOANS—If you wish to borrow money on your land on long time in sums of \$2500 or more, write to me describing security, and state whether or not the land is patented. Ranch loans of \$10,000 and more a speciality.

R. A. Underwood. Tulia, Tex.

District Court will convene here on Monday, Oct. 28th. We presume this will be about the last place where our present attorney will defend the state, as his successor will qualify directly after the general election, which will be on the 6th.

Mr. J. H. Charlees, of Amarillo, was here this week buying cattle. He purchased M. B. Sawyer's calves and a herd of yearlings from Vernon Seitz. We did not learn the figures, but they were good ones alright.

District Court is in session at Plains this week. Several lawyers passed through Sunday enroute to that place. Atty. Percy Spencer, of this place is in attendance. He is the principal lawyer in the Robt. James case.

Walter Gainer came in this week from Lubbock where he went after freight, and announced that he had reformed, and no one would be able to detect any lucre in his daily speech hereafter. But dont ask him anything about his hocus pocus load of manure, if you want to believe in his reformation

An old horseman says that the chief cause of colic in horses, or the cause of the largest per cent. of these cases, is brought through long abstinence from water.

Alfalfa meal is becoming a popular feed, but in Kansas, where they raise a lot of that kind of hay, farmers claim that the cow can do the grinding cheaper than it can be done at the mill.

THE CHEAPEST and best reading you ever heard of is a combination of The Herald, Farm and Ranch and Hollands Magazine; \$3.00 worth of papers for only \$1.75. Get this combi- for your summer, fall and winter evenings.

Sheriff Sale.

STATE OF TEXAS } In the
County of Terry } District
Court of Lynn County Texas.

Victor L. Scott, et al, Plaintiffs vs. J. H. Fancher et al, defendants.

Whereas, by virtue of an execution issued out of the district court of Lynn county Texas, on a judgement rendered in said court on the 3rd day of June, A. D. 1912, in favor of J. H. Fancher and M. C. Russel, and against Victor L. Scott and Bertha Lackey, No. 30. on the docket of said court, I did, on the 17th day of September, A. D. 1912, at 10 o'clock a. m. levy upon the following described lfts, tracts or parcels of land lying and being situated in the county of Terry, and the State of Texas, known and described as follows: Survey No. 1. Cert. No. 146 in Block No. D. 9. situated about eight miles north of the town of Brownfield, and containing six hundred forty acres of land, levied on as the property of the said Victor L. Scott and Bertha Lackey; and on the 4th day of November, A. D. 1912, being the first Tuesday of said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m., on said day at the court house door of said county, I will offer for sale and will sell at public auction, for cash, all the right title and interest of the said Victor L. Scott and Bertha Lackey, in and to said property.

Dated this the 17th day of September, A. D. 1912.

Geo. E. Tiernan
Sheriff of Terry county Texas.

GOMEZ DOTS

Oct. 15th.

Mr. and Mrs. Horton Leach have been staying at Artie Shepherd's since last Thursday with a very sick child. Dr. Ellis has been treating it and it is not thought to be any better at this writing.

A new girl came in at Tom Taylors on the 10th. We regret to state that Mrs. Taylor has been quite sick the past four days.

Say we were away two weeks ago and the writer of the dots failed to tell that there was a girl baby born to Mr. and Mrs. Winn, who lives six miles west of town.

These Indian summer days are ideal for feed gathering, and the farmers in West Terry are sure making use of the time. Most of the feed near Gomez is in the shock, but there are many late crops south and west of here, yet to gather.

Mrs. West carried a load of green tomatoes and sweet potatoes to Brownfield on Monday. She found ready sale for them.

Singing at the Baptist church Sunday night was well attended and there was some excellent music.

Mr. Yeates passed through town Monday evening with a nice bunch of horses. We did not learn their destination but they were going east.

Mr. Joplin, from west Yoakum, was in town Saturday with a load of sweet potatoes for sale.

Mr. Cope, of west Terry, was in town last Saturday.

Will Snodgrass went to Lubbock Monday to meet his wife and children, who have been visiting at Jester, Okla.

Geo. Copeland and Lee Johnson, were in town Sunday.

Joe Lane was in from the ranch Monday.

There was a spelling match at the school house on last Friday night, and they report a grand time.

Mrs. Wolfarth and Miss Nora were in from the ranch Monday.

Mr. and Mrs. D. Y. Blanton were here Monday.

Mr. and Mrs. Chisholm passed through Monday enroute home from Lubbock.

The presiding Elder, of the M. E Church, was here Saturday and left in the afternoon for Plains accompanied by Rev. A. D. Jameson and wife, to hold Quarterly Conference.

Redge Burnett was in town Monday.

There is to be a new postoffice at Mr. Ware's, twelve miles west of town, on the Plains road. It will be a great convenience to west Terry and east Yoakum people.

Ben Hurst and wife, were in Saturday visiting and tracing, and Master Vance Glover went home with them to spend a week.

Marion Bess and one of the Earnest boys from Plains, were here Saturday.

J. McPhaul spent Sunday in Gomez, also Mr. and Mrs. visited at Tom Taylors.

Grandpa Bridges has leased his place to Mr. Rufus Roy and Mr. Bridges and wife will leave the 7th of Nov. for Ark.

Walter Gainer left for Lubbock early Monday morning. He went after groceries for A. P. Moore. Mr. Hill came in with a load on Sunday but he left the flour in Lubbock, and just now Gomez is out of both meal and flour, sweet potatoes however, make a fine substitute.

Born to Mr. and Mrs Tom Williams last Sunday morning, a fine girl. They live about six miles north-west of town.

Mr. Kelly is putting in some new phones this week out west of town.

Eldridge Maddux and family spent Saturday visiting in Gomez.

Earley Key and wife were in town Saturday.

West Wind.

RYE AND RAPE CATCH CROPS

Sown Just Before Cultivating Corn Last Time in July—Value as Fertilizer \$6 Per Acre.

(By J. N. CLOVER, Pennsylvania.)
Of the crops which I sowed ahead of the cultivator at the last cultivation of corn and potatoes to get a growth to turn under in the spring

and to protect the land from winter washing, rye and Dwarf Essex rape were most satisfactory.

Rye was sown one year when the potatoes were taken out in September, and a heavy sod it made to turn under for oats in April.

Another year rye was sown on corn stubble after the corn was cut at the rate of one and one-quarter bushels per acre, and it made a fair cover crop, which I know prevented washing, though the ground was harrowed only twice before drilling in the seed.

I should judge its value as a fertilizer is about six dollars per acre, and the seed costs only seven cents per pound. Some of the rape was green all winter, and persons seeing the growth it had made in the standing corn were surprised, while the growth of cow peas in the same field was not encouraging. Crimson clover is a good catch crop, if one can secure a stand, and it lives through the winter. Rape is the best crop for me, considering the cost of seed and its fertilizing value, and rye is very good, especially when it is to be turned under for potatoes, or one wishes to pasture it in the fall.

The necessity of the silo is highly apparent.

Have you provided a green crop for July and August?

Plants cannot penetrate or feed in a cold, compact soil.

Do not fail to drain your soil; it will pay you for your toil.

If clover's sickly, put on lime; that will bring the soil to time.

Growing corn much water needs; keep a soil mulch; kill the weeds.

Proper re-enforcement is an important item in successful concrete work.

Club root of cabbage is one of the most annoying yet easily controlled of diseases.

Watch sweet clover. It begins to look as if it had a very valuable place among our farm crops.

A lawn mower will be found about the premises of the farmer who cares about his surroundings.

The question of farm power and farm transportation is one of the most important questions connected with farming.

Dig up grain plants and you will find that they form their roots at the same depth whether planted deep or shallow.

To be on the safe side cabbage plants should be started in soil which has not been previously used for cabbage culture.

Scrabby potatoes aren't fit to plant. The rapid growth and hardness of the willow makes it almost invaluable on many farms.

Every tiller of the soil should see to it that every particle of home products is utilized to the best advantage and the residue returned to the soil.

Give the old sows, and those that have been pulled down by late litters, extra care and feed, so they will go through the winter in profitable condition.

MOVED

To our new warehouse one block North of depot and are better prepared than ever to handle your business. Besides our usual full line of Coal, Grain and Hay I can now furnish you in all kinds stock salt. Remember we buy your hides and furs.

S. N. McDaniel.

Bitten by Rattlesnake.

We are sorry to report that one of J. R. Walker's little boys was bitten by a monster rattlesnake, while out in the field Sunday afternoon, but we are glad to report him resting very well at this time, although his heart is still weak.

While only a 14 year old boy, Hubert displayed the nerve and presence of mind of an adult. As quick as he knew he was bitten he took out his knife and gashed the wound sufficiently to bleed freely and at the same time ordered his little brother to take out his shoe string with which he tightly bound his leg above the bite, and then took his time to go to the house, arousing his blood as little as possible.

Both boys say the reptile must have been six feet long, and the smaller boy thought he had dispatched him, but he managed to crawl away before older people could reach the scene. Boys look where you go these days. Rattlesnakes are very dangerous any time and especially when cold and blind as at this time of year.

The Texas Bull.

Press reports announcing that 750 thoroughbred bulls have been shipped from Texas to Brazil serves to remind us that this native of our plains has lifted himself from an undesirable loughorn to the mastery of the world's market.

He has studied diligently the charts of civilization and has more completely adjusted himself to modern times than any other animal and in his strides for progress has outdistanced many members of the human race. The Texas bull now follows the flag as instinctively as his uncivilized ancestors charged a red rag and he is the leader in packing house society wherever he goes.

We failed to mention some time back that Miss Frankie Gentry had died at London, Texas. Miss Frankie was once a resident of Terry, living 8 miles east of here with her sister, Mrs. J. W. Black. Miss Frankie was a splendid girl and beloved by all who knew her.

Strawberries need acid in the soil; the lime in hen manure neutralizes the acid; therefore, hen manure is harmful to strawberries.

It would be a good thing for the chickens on many a farm to move the poultry yard and give the fowls new clean ground to run over.

"BUY IT AT HOME"

Equal parts of corn and oats are hard to excel as a grain feed for sheep.

During an extra cold spell of weather, add a little corn to the sow's grain ration.

Do not attempt to winter more sheep than can be done without crowding.

By the right kind of selection even the commonest dairy herd can be greatly improved.

Taxation as to Individuals and Corporations

ANNUAL TAXES ALL PURPOSES \$30,000,000.

The power to tax is the power to build or destroy. To maintain equal rights of property is as important a function in government as to preserve the rights of individuals. The cut shown above indicates the amount of state tax assessed against an investment of \$10,000 on the lines of industry shown in the subdivision of the circle. There are many inequalities in assessment between counties.

Taxation will be discussed by the Texas Welfare Commission. S. A. Lindsey of Tyler is chairman of the sub-committee that will deal with this subject.

TEXAS LIGNITE

Cheap and Abundant Fuel.—
30,000,000,000 tons on
Deposit.

In a report issued by Prof. W. B. Phillips, Director of the Bureau of Economic Geology and Technology, some interesting data is given on the fuels of Texas. The lignite fields of the State probably extend over 60,000 square miles, so the pamphlet states, and the original supply of this fuel lying beneath our surface is estimated at 30,000,000,000 tons. As the amount taken from the earth so far amounts to only a small per cent, the supply of this fuel need occasion no anxiety for the next thousand years or so. Every known variety of lignite has been found in Texas, from a material carrying but a few per cent of fixed carbon to nearly 45 per cent and with from 30 per cent of volatile and combustible matter to more than 76 per cent. The beds of this fuel run from 15 feet and more in thickness to depths of 400 to 600 feet. The counties in which workable beds of lignite occur are Anderson, Angelina, Atascosa, Bastrop, Bowie, Brewster, Caldwell, Camp, Cass, Cherokee, Dimmitt, Fayette, Freestone, Grimes, Harrison, Henderson, Hopkins, Houston, Jasper, Lee, Leon, Limestone, McMullen, Marion, Medina, Milam, Morris, Nacogdoches, Newton, Panola, Rains, Robertson, Rusk, Sabine, San Augustine, Shelby, Smith, Titus, Upshur, Van Zandt, Webb, Wood and Zavalla. In a general way, workable lignite is found in all that part of Texas lying east of the 97th meridian of west longitude and north of the 31st degree of north latitude, but there are a few important areas outside of these boundaries.

The average value of the lignite mined in Texas in 1910 at the mines was 96 cents, the production having been 979,232 tons, the largest in the history of the State.

It may be accepted as a fact that there is enough lignite beneath the surface of Texas to run our engines, supply our factories and provide fuel for heating purposes for several centuries to come.

The University of Texas is using lignite for running the power house of that institution, a Texas railroad is using it for fuel, and Texas lignite bids fair to become universally used as a fuel during the next decade.

Harris Happenings.

Oct 17th.

Miss Zellica Shaw is now boarding at Arthur Cotton's, and because those children are the only ones attending school now, they have school in Mr. Cotton's house.

Mr. and Mrs. Herring gave the young folks a party last Friday night. Those who were present report a jolly good time, but Mrs. Herring always sees that they enjoy themselves where she is hostess.

Little Miss Naomi Simms spent last Saturday night with little Miss Fern Harris.

Mr. and Mrs. Herring left for Lubbock last Saturday to take charge of the Jackson Hotel, which they recently purchased. We regret very much to lose this estimable family and wish them much success in their new home.

Will Belcher passed with a small bunch of cattle last Friday but we did not learn where he was taking them.

Mr. and Mrs. Simms are out on the farm this week gathering their crop.

Jno. B. Slaughter brought up a large bunch of two year old heifers from his ranch near Post City. We did not learn the ex-

TEXAS NEEDS GREAT MEN

XXXII. GOVERNING

PETER THE GREAT, standing at the tomb of Richelieu exclaimed, "Thou Great Man, I would have given thee half of my dominion to have learned of thee how to govern the other half," and Peter the Great was one of the most progressive monarchs of any nation or age. The greatest rulers the world has ever produced are those who sought wise counsel from their associates and profited by the experiences of others.

Knowledge is the most valuable element known in human life and to government it is the most powerful asset in civilization.

PETER THE GREAT AT THE TOMB OF RICHELIEU.

Let that country feel secure whose rulers cry aloud for wisdom and who are anxious to exchange power for knowledge and sacrifice ambition for intelligence to the end that the throne may become the fount that makes the brook of industry flow and flood the land with a golden stream of happiness and prosperity. Texas Needs Great Men.

act number but heard them estimated at 2000 head. He put 400 of them in Brit Clare's pasture and carried the others to the Lum Hudson pasture in Yoakum county, which he has leased. Mr. Slaughter will gather the cows and calves that he has here and carry them back to his ranch in Garza.

A heavy frost fell Sunday night. Jack Frost begun his visits early this year.

Sand Bur.

NOTICE

Is hereby given that all lodge directories will be charged for at the rate of \$4. per year payable quarterly, beginning with the first issue in Oct. This is just 1-3 the regular price and is made

merely to pay us for the trouble of constantly changing same. Most papers get from 1-2 to full price. Lodges that do not wish to pay these prices will please notify us at once.

Wichita Falls—It has been ascertained that forty per cent of the flour consumed by Cuba is shipped from Texas. Two mill, one at this place and one at Galveston, furnish most of the flour going to Cuba.

WHEN you want furniture mattresses, rugs, art squares, picture frames we have them. Call and see us.

Brownfield Merc. Co.

We learn that Rev. B. F. Dixon, of Plains, will move over real soon to take charge of the Baptist church at this place.

DO YOU NEED ANY

FARM IMPLEMENTS

Well, we have them of all kinds, stored away, awaiting your order. We will be pleased to serve you.

WE BUY HIDES AND FURS

And pay the highest market price for them. If it is shelf hardware you need, let your wants be known. We will order anything in hardware for you.
