### Must Get \$50

In a small local item sometime ago, we mentioned the fact that two gentlemen from Snyder had passed through, organizing town along the proposed Southern National Highway. The organization here was headed by M. V. Brownfield, Pres., and Judge Geo. W. Neill, Sec'y. Recently we have been called upon to raise \$50 for use in expenses. Now let everybody in Terry county get their name on the list and donate 50 cents or \$1. as Federal appropriations will be secured, and with local and State aid, this will be the longest and best post roads in the world, from Washington, D. C. to San Diego, Cal. known officially as the Southern National Highway, but with an addition at each end, from Washington north through New York to Montreal, Canada, and from San Diego, Cal. north to Vancouver, B. C., and we want to inform you that San Angelo and Pecos are making mighty efforts to take it from us.

Col. Dell M. Potter, President of the Southern National Highway, will be through in a few days, and we want things in good shape on his arrival. The following from Monday's Dallas News.

In introducing Col. Potter at Dallas, the speaker had this to say: "Col. Potter is to explain the plans in which seventeen States through their Governors

and officers are co-operating. The speaker is one of the party of men now being conducted over the proposed transcontinental highway, a route that is being logged by the official logmaker of the American Automobile Association, W. L. Westegard.

From Dallas he will go to a meeting tonight at Fort Worth. Then in turn he will visit Weatherford, Mineral Well, Palo Pinto, Caddo, Brackenridge, Albany, Abilene, Sweetwater, Roscoe, Snyder, Hermleigh, Gail, Brownfield, Plains, Bronco and on to Roswell and the farther West. With him will be F. E. Kieth of Dallas, president Texas State Automobile Association; R. E. Elmore, secretary Sweetwater Chamber of Commerce; Dr. S. M. Johnson, of Roswell; Thomas Trammell and Bob Ragland of Sweetwater; E. J. Anderson of Snyder and probably a number of others."

### Business is Business.

But to continue in business, it is very necessary that we collect the money we sell the goods for. Therefore customers owing these past due accounts must come in and make settlement. All please note this fact and make prompt settlement. Very Respt. May & Wright.

Jno. Peters is repainting his residence. Let us others do likewise.

### Old Soldiers Reunion.

Another veterans reunion of those who wore the grey, and Woodman celebration has passed into history and with it another bright page for Terry has been chronicled and a new leaf turned, ready for another page of progressive events.

One of the best speeches of the day, was that delivered by Word Price, eulogizing the veterans in highest terms for their bravery, and the still braver duty before them when the great war ended, and the peace and prosperity under our glorious reunited country. Atty. Schench of Lubbock addressed the assembly in the afternoon on Woodcraft in which this eloquent speaker took occasion to shower great praise on our people for their picnic, saying it was one of the best he ever attended.

The crowd was estimated around 1,000, and we will just say there was plenty of dinner for 2,000. Supper was spread at 6 p. m. and oodles of grub was taken home. As table room was inadequate, lots of boxes were not opened at noon. We will leave the rest for others to say as we do not like to make a big blow of our own dinner.

Every stranger we heard express themselves, and there were few south plains towns not represented, all agreed it was about the climax in picnicing. The Lubbock Band boys were profuse in their prize of our hos-

pitality and the big way we did things, smilingly comparing this and the Littlefield picnic at which they made music. All the boys ate a hearty dinner and we enjoyed seeing him hide the chuck, and we would not have mentioned the fact had not Smiley Wilson and J. D. Quick got ashamed of the way they devoured the vituals and came around at the last minute and tried to bribe the editor not to say anything about it, as they did not want Lubbock people to hear of their adventure. We hope the Avalanche will copy this. However the boys made excellent music and we heard scores of compliments passed on them, many saying they had made wonderful progress since last year. At 6:30 they boarded their cars for home, giving three vigorous cheers for Brownfield.

The doli rack, merry-go-round duck the negro, and other amusement people informed the Herald that they had all been treated royally and had made money by coming here. The cold drink boys said they were just about even for the reason that they run out of several good sellers, such as ice cream and fruits in mid afternoon.

All in all, we suppose this was about the best picnic ever pulled off in Terry county. The only knocking we heard of was from a few drunken rowdys from Tahoka, but we care mighty little about their opinions.

### Commissioners Court.

Met Monday in regular session and continued until Tuesday afternoon, when it adjourned to meet again next month. Considerable road work was done, and a surveyor from Amarillo will be here next week to survey out the roads running north from here and south from Gomez.

Just as soon as the surveyor's stakes is set, work will begin immediately on the Lubbock road to the county line, and it is expected that all wagon and auto travel will turn over this road and Lubbock will be asked to come across with their part of this work, as the road will certainly be a great thing for them, and we believe the business men will fall in line.

The jury of veivs report on the road running south of Gomez was accepted and road ordered opened as per their report. This is known as the Brownfield-Seminole road.

Report of county officials received and approved. Accounts allowed those who held special election. Fifteen hundred dollars was transferred from General to Road and Bridge Fund.

Coms. Duke and Burnett ordered to employ some one to work in draw just west of town.

The people that attended the old soldiers reunion from other counties and towns were to numerous to mention personally.

## Correspondents Association.

Four of The Herald correspondents, Sweet William, Sand Bur, Digger and Cricket, with the editor, met in the Clerks office Friday afternoon and formed what is known as The Herald Correspondent's Association. Two were absent, West Wind on the account of sickness in her family, and James Rinwater came in too late to participate. After becoming acquainted a delightful running conversation, with yarns and jokes were enjoyed for some time. Then an organization was formed as per the report of Sec. Digger.

This being the first time we ever met some of our correspondents, we had no idea The Herald possessed such a brilliant, enthusiastic bunch of pencil pushers. There is no foolishness with them; they are all business and we are proud of them.

We hope there will be more present at the next meeting, and also, we hope the progressive people in each community, will help the editor to secure a live writer for each community in Terry county. The President appointed two of the scribes to draft resolutions of sympathy for West Wind, which follows:

"We, The Herald Correspondent's Association, deplore the absence of our fellow correspondent, West Wind, of Gomez, on account of the serious sickness in her family, and we extend our sincere sympathy and truly hope her mother will soon recover, and that she will be able to attend our next annual meeting, which will be at Gomez next year, during the Old Soldiers' Reunion.

## Dots From Tokio.

The Apostolic Meeting, which was to begin Aug. 13th, at J. Cross has been indefinitely postponed.

Mr. Jim Yates returned Monday from an extended trip in N. M. He says that country is settling fast, and there will soon be no open country. He has not fully decided where he will move to yet.

Mrs. J. W. Spear has returned from her trip to Knox county, where she has been at the bed-

side of her sick daughter, Mrs. Bennett, who is improving rapidly.

Mrs. R. K. Benton left Saton Monday morning, for her home near Tokio. She expects to send her children to school at J. Cross this year. We are all glad to have Mrs. Benton and children with us again.

Mrs. Vanzant, of Colorado, is visiting her parents Mr. and Mrs. M. A. Hill, of Glen Park, and her sister, Mrs. E. D. Ware, of Tokio this week.

A good many people from this vicinity attended the Old Soldiers reunion at Brownfield, and all are loud in their praise of the bountiful dinner and supper, and the variety of entertainments provided by the public spirited citizens of Brownfield and surrounding country.

With no desire to meddle with other people's business, we wish to call the attention of the good people of Terry and Yoakum counties to the fact that it would be a great convenience to the traveling public, if those who live on the public roads would fix their watering troughs so that travelers could water their stock. At present there is only two water troughs accessible between Gomez and Plains.

Surry county was represented by several families at the Old Soldiers reunion. Among whom were Mr. and Mrs. Bedford Favors, Mr. and Mrs. Clyde Miller, and Miss Ada Riley.

The Herald Correspondents Association met at the Clerk's office in Brownfield, Friday Aug. 8th at 2 p. m. and after an interesting meeting designed for the purpose of becoming better acquainted, they elected the following officers: For Pres. Sweet William; Vice Pres., West Wind; Sec., Digger, and after drafting resolutions of regret for the absence of West Wind on the account of her mother's sickness, they adjourned to meet again at the next old soldiers reunion at Gomez.

Digger.

## Value of Advertising

By W. Holt Harris, Chairman of Mercantile Committee Commercial Sec. Assn.

No store is so small or town so

insignificant that it does not pay the merchant to advertise. He should send a weekly message into the homes of the people in his trade territory. They are all interested in bargains and consistent and conscientious advertising cannot fail to pay for itself over and over again during the year.

The country merchant oft times takes it for granted that the people know his line of goods and will come to the old stand to make their purchases, but the wise merchant knows that business follows an ad. The merchant who does not advertise can not do business in competition with one who advertises.

No business is so small that a merchant cannot afford to take a half page or a page ad the year around. Try it and watch your business grow.

## Domestic Science

By Mrs. E. P. Turner, Chairman Rural Homes and Schools, Farm Life Commission.

Many men do not fully appreciate their wives or perhaps it would be more courteous to say they do not understand them. A woman is God Almighty's greatest handiwork and a triumph of creation. Her mental faculties are highly developed and distinctively feminine. She is by nature more lofty, refined and cultured and has a higher sense of duty and devotion. There is nothing that deadens womanly nature as a home that is commercialized and surroundings that are compelled to yield to the demands of a dollar.

A swing for the children may not be a revenue producer, pictures upon the walls may not pay annual dividends; musical instruments cannot be fattened and sold and good books and periodicals will not swell the bank account, but they build character, make happiness and contribute towards our enlightenment. A mother with her ideals stifled by business greed is a queen robbed of her crown.

Many people with sour stomach find relief in Dr. Miles' Laxative Tablets. Try them yourself. [Advertisement.]

## STOMACH TROUBLES

Mr. Ragland Writes Interesting Letter on This Subject.

Madison Heights, Va.—Mr. Chas. A. Ragland, of this place, writes: "I have been taking Theford's Black-Draught for indigestion, and other stomach troubles, also colds, and find it to be the very best medicine I have ever used.

After taking Black-Draught for a few days, I always feel like a new man." Nervousness, nausea, heartburn, pain in pit of stomach, and a feeling of fullness after eating, are sure symptoms of stomach trouble, and should be given the proper treatment, as your strength and health depend very largely upon your food and its digestion.

To get quick and permanent relief from these ailments, you should take a medicine of known curative merit.

Its 75 years of splendid success, in the treatment of just such troubles, proves the real merit of Theford's Black-Draught. Safe, pleasant, gentle in action, and without bad after-effects, it is sure to benefit both young and old. For sale everywhere. Price 25c. N. C. 127.

# THOUSANDS WILL VISIT TEXAS ON WAY TO THE GREATEST OF WORLD'S EXPOSITIONS.

Huge Agricultural and Live Stock Displays a Part of Marvelous Universal Exposition in 1915

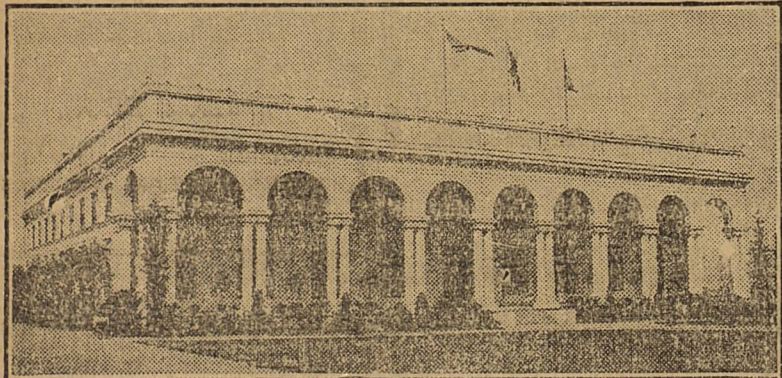

THE whole world is interested in the United States' great Panama Canal Exposition, the Panama-Pacific International Exposition, to be held in San Francisco in 1915. More than a year and a half before its opening the Exposition is assured as the greatest celebration in the history of the American people.

Thousands of visitors from all parts of the earth will attend the Exposition. Each one of the eight transcontinental railroads terminating upon the

sands of travelers will see Texas for the first time, and great numbers of them will take advantage of stopover privileges to see Texas either on their way to the Exposition or else upon the return trip.

From foreign lands will come multitudes to America for the first time. Twenty-seven of the world's great nations are preparing to make governmental displays, and from each foreign country delegates will attend to see the part their native land is taking at America's Panama exhibition.

The opening of the Panama canal marks a new epoch in the world's trade. The shifting of trade routes that have endured for centuries and the opening of new fields of commercial expansion to the nations of the earth are anticipated in every financial center in the world. Many of the greatest manufacturers of the world will bring their wares and display them upon an elaborate scale at San Francisco.

The United States is shortening the sea voyage between the Pacific and Atlantic coasts by 8,000 miles. It is providing markets in South America for the products of hundreds of thousands of farms, ranches, factories and great industrial plants in the United States. It is opening up to the profitable commerce of the European nations the Pacific coasts of North and South America and is rendering possible direct commerce between the orient and the Atlantic coasts of North, South and Central America. Every state, territory and colonial possession of the United States will share in our increased national prosperity. Every country in the world will profit. The nations of the world are preparing to participate in the Exposition upon a vast scale.

The Panama-Pacific International Exposition will be unlike any great world's exposition ever held. In the first place, it will not commemorate a past achievement, but one that is making history today and which holds out almost unlimited possibilities for the future. As the Exposition will be educational, all exhibits will be shown in action wherever practicable. It is planned among other exhibits to present the greatest displays ever made of the processes of cotton manufacture. The most modern cotton gins ever shown will be exhibited. The heaviest exhibits in the world will unload directly on the Exposition grounds

from the ferry slips and thence be carried by train into the exhibit palaces.

Of particular interest to the citizens of Texas will be the wonderful live stock displays. These will, it is now known, surpass any ever made at the greatest of world's expositions. They will indeed be comparable to a tremendous state fair at which are shown the most valuable prize winners from half a hundred states as well as from dozens of great foreign countries. Prize live stock from Holland, Belgium, England, the Argentine, China, France and other lands will be shown side by side with the greatest live stock animals of America. Texas, with its vast herds of range cattle and its thousands of head of high grade dairy stock, is in position to make a showing that will rival that of any part of the world.

The sum of \$175,000 has been appropriated by the exposition management for prizes and premiums in live stock and \$225,000 has been set aside for harness racing. An unusual feature of the live stock exhibit is that the cattle will be on exhibition during the entire course of the Exposition from Feb 20 to Dec. 4, 1915.

The Panama-Pacific International Exposition will represent an expenditure of many millions. According to a recent statement gathered from the comptroller of the Exposition, the to-

ferent states. It seems certain that every state will be at the exposition, more than \$2,000,000 having already been set aside for state exhibits.

### The Paper wedding.

The "paper wedding" marks the completion of the second year of married life, and is sometimes the first one celebrated, since the cotton anniversary seems to offer very few possibilities in the way of unique entertainment. For the paper wedding we can decorate our rooms and table with some of the beautiful paper flowers that are now being modeled most exquisitely after the natural flowers.—Harper's Bazar.

### Musician and Wit.

M. Camille Saint-Saens, the great musician, and the life-long friend of animals, took into his home a little dog. The enraged concierge waited his chance and notified the owner of the house. Soon a letter arrived for the musician which said, "Monsieur, my house is not a zoological garden!" Saint-Saens sent back the answer, "Monsieur, if you wish your house to be a zoological garden you have only to live in it."

### Woodpecker's Hearing.

It is not easy to explain why woodpeckers select one tree rather than others of the same kind in the forest upon which to begin their operations, or why they attack one side of a tree and leave the other untouched. Commonly it will be found, no doubt, that worms or ants are concealed beneath the point selected and that the woodpecker is guided in his search by the sense of hearing.

Set the eggs while fresh.

Keep dirt out of the dairy.

It always pays to treat the cow with gentleness.

## STATES ARE HUSTLING---EXHIBIT SPACE FREE.

Exhibit space is absolutely free to all exhibitors at the Panama-Pacific International Exposition in San Francisco in 1915.

All the capital that is being put into the great Exposition and all the benefits to be derived from the millions of visitors who will view the exhibits are at the disposal of the exhibitor without any cost whatever to him, except the cost of transportation, installation and maintenance.

Every state in the United States will be represented at the Exposition. In most of the states the legislatures have made direct appropriations for participation. In the few that have not done so commercial interests are co-operating to raise large sums in order to have their states represented. This is being done in Iowa, Oklahoma and other commonwealths which feel that as they bore a part of the expense of building the Panama canal their citizens should participate in the Exposition that is to celebrate the canal's completion.

## Original Turkey Trot.

Cuero, Texas, August—Elaborate preparations have been made here for the Second Annual Turkey Trot which will start November 18th, lasting through the 21st. The programme com-

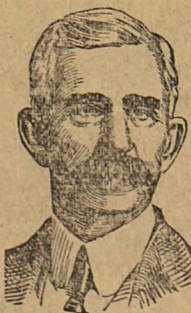

mittee has completed its work of arranging details for the event and many special features have been added this year. It was planned to have 5,000 live turkeys in the parade but from present indications this number will be materially increased. The third United States Calvary Band, stationed at San Antonio will head the parade and will be followed by decorated floats and other attractions. Governor Colquit will be in attendance and will deliver an address. Additional entertainment includes horse races, carnival, grand ball, and foot ball game between A. & M. College and some worthy opponent. It is expected that several thousand people will be in attendance.

## Texas Building at World's Fair.

Fort Worth, Texas, August—Considerable interest is being manifested all over Texas in the movement by the Texas Commercial Executives Association for a state building at the World's Fair, San Francisco, 1915. At the recent Institution of that Association a resolution was passed and forwarded to the Governor asking his assistance in securing appropriation to cover the cost of constructing the building and gathering an exhibit. In connection with the resolution passed by the State Association it was decided to place the matter before the clubs represented at the meeting and as a result of the movement over forty petitions have been sent to Austin asking for favorable action on the appropriation. Practically every commercial organization is in favor of a building at the Exposition.

## Heart Disease Almost Fatal to Young Girl

"My daughter, when thirteen years old, was stricken with heart trouble. She was so bad we had to place her

bed near a window so she could get her breath. One doctor said, 'Poor child, she is likely to fall dead any time.' A friend told me Dr. Miles' Heart Remedy had cured her father, so I tried it, and she began to improve. She took a great many bottles, but she is spared to me today, a fat, rosy checked girl. No one can imagine the confidence I have in Dr. Miles' Heart Remedy." A. R. CANON, Worth, Mo.

The unbounded confidence Mr. Canon has in Dr. Miles' Heart Remedy is shared by thousands of others who know its value from experience. Many heart disorders yield to treatment, if the treatment is right. If you are bothered with short breath, fainting spells, swelling of feet or ankles, pains about the heart and shoulder blades, palpitation, weak and hungry spells, you should begin using Dr. Miles' Heart Remedy at once. Profit by the experience of others while you may.

Dr. Miles' Heart Remedy is sold and guaranteed by all druggists. MILES MEDICAL CO., Elkhart, Ind.

## GOOD ROADS

By Homer D. Wade, Secretary Texas Good Roads Association.

"Over the roads to the market," is the ever sounding cry of the nation. It reverberates a long the highways of commerce and finds its way into the minds of men. To reduce the cost of transportation and make farming more remunerative is the thing that is attracting the attention of those who strive for the uplift of mankind. In Texas the evolution is going steady onward. So far this year over \$4,000,000 in good roads bonds has been issued, an amount sufficient to improve 1,000 miles of public highways.

The farmers of Texas will market this year over ten million tons of products, entailing a highway expense of approximately \$21,090,000. If all our roads were in first class condition this enormous expense would be reduced one-half, as the cost of hauling freight over the mud hole and through the sand is 43 cents per ton mile while the cost over proved highway is 23 cents per mile.

Good roads reduce expense and distance as well.

### Primrose.

Miss May Smith has been visiting her uncle for some time, has returned to her home in Lamesa.

Miss Lela Clifford is visiting her sister Mrs. Harry Copeland, and intends staying until the 1st of Sept., when she will return to school at Clarendon. Her brother, Walter came with her but only remained a few days.

Mr. Sharp's family from Pleasant Valley neighborhood; visited at Mr. Lee Cowan's Thursday.

Forrest Ellington and wife, are making a visit to his parents near Meadow.

Mr. Cowan and Lence Price are scraping out the former's tank this week.

Mr. A. W. Blankinship moved to the little George Rose place and built an addition to his residence, last week.

The trustees have received word from our teacher that he would move up about the 15th of this month.

Lee Marrow, from Rotan, is up looking after his place and visiting.

Well, most all the neighbors attended the picnic and pronounced it the best ever. We heard quite a compliment passed on it by a traveling man, who said it was the best picnic he had attended on the who south Plains in years. Hurrah for Terry, that grateful shade in the court yard, is a delight to any wayworn traveler; and that dinner, and supper too, for that matter; no wonder the watermelons went begging, and we saw some nice ones, too, raised in old Terry county.

H. L. Smith and his hand are running the binder these days, but he broke down several times last week and had to have so many repairs that he went to Brownfield and bought a new one. The early planted corn and maize is made, and is fine too, but the late plantings will have to have an

other ground soaker to make good feed.

Mr. Elitor, we sure did enjoy that little scribes meeting. It strengthened us to push onward and upward, and during the day we had several persons to introduce themselves and tell us they had enjoyed the Primrose Items, and missed them when they failed to appear. It makes us feel like life was not all a shadow; it encouraged us to help our mite, be it ever so little, for life is made up of little things, and some little things count the most. Everyone should remember the "widow's mite" and what a mighty lesson it has left for us all to follow.

### Harris Happenings.

Mrs. J. W. Spear, who has been visiting her daughter at Knox City, returned Friday.

H. F. Wingo returned from Plainview, last week.

Rev. Cox, of Plains, is holding a protracted meeting at Harris schoolhouse this week. His wife and children are with him.

Roy Fitzgerald made a trip to Lubbock last week for material to put up a windmill.

Gertrude Wingo, who has been staying with her Grandmother at Plainview, came home last week.

Mrs. Brit Clare and children, are visiting friends and relatives in the Dumas neighborhood.

Mr. and Mrs. Ellington, who have been visiting their parents at Meadow, came home Monday.

Ethel Harris is the crack shot of Harris neighborhood. She recently killed four rabbits with four cartridges.

Mr. Arthur Cotton ate dinner at H. F. Wingo's Monday.

Miss Eula Alexander was trading at Harris store Tuesday.

Grace and Floyd Ellington, are spending a few days at the home of their brother, F. M. Ellington.

The Harris neighborhood was well represented at the Reunion at Brownfield last week and all report a good time.

Geo. McDowell had the honor of having the first ripe watermelons of the season.

W. B. and Pearl Cotton, were trading at Harris last week.

Oscar and Edgar Spear and Jas Wright, are prospecting in New Mexico this week.

What is sometimes called an overproduction is merely the clogging of the markets by a bad system of distribution.

The farmer gets more out of a fair than anyone else. The fair to a city man is an entertainment to the farmer it is educational.

An exhibition of perfect products of the soil stirs the genius in artists, and their purity furnishes models for growth of character.

The farmer's assignment in the vineyard of industry is one of toil and his compensation is fixed by competitive lines of industry.

### GOMEZ DOTS

Mr. Chas. Sawyer and family of Lometa, San Saba county, is visiting his sister, Mrs. Guy Taylor, at this time.

Grandmother Maddux, accompanied by Mrs. and Miss Tanner visited out at Mr. Elé-rege Maddux, last week.

Mr. and Mrs. Barnes, of Ralls, Texas., left for home on Monday morning, after several days visit to Mrs. Barne's cousin, Mrs. L. T. Brooks,

A letter from Miss Addie George, at Ralls, brings the information that during a revival meeting held at that place recently by the Missionary Baptist denomination, she united with that church.

Mr. "Boss" Edwards and family, from near Rotan, Fisher county, were here on Sunday and Monday, enroute home after a visit to Mr. Edward's son Haskell, who lives south-west of here in Gaines county. Mr. Edwards was very favorably impress with Terry county and stated that he would exchange his land near Rotan for land here.

Prof. Harrison and family will leave us next week for Plainview, where he and Mrs. Harrison will teach next term. We certainly will miss them in church, school and social circles, but we hope they will have success, and will be happy in their new home.

The Christian meeting is now going on at the tabernacle, and we understand that it will run all this week and next.

Many thanks to the Herald correspondents for their remembrance of me in their meeting last week, and also to you Mr. Herald for that badge. Affliction at home prevented me from being with them last Friday, but I will as in the future as in the past, try to be prompt and ever present with the news from this part of the country, and I hope to be able to attend the next correspondents meeting.

Mr. Booth Hays went to Lubbock last week and Mrs. Hays and little Edna are staying here attending the metting during his absence.

Mr. and Mrs. J. M. Hays stopped here last Saturday on their way home from attending the reunion, at Brownfield.

Mrs. A. P. Moore spent several days last week, visiting her daughter, Mrs. Alvin Duke.

Mr. J. T. Gainer and Paul came over from Plains last week and attended the reunion and also visited old friends here. They returned home Saturday.

Verily New Mexico would get full of people if it were not for the fact that for every family moving west, to New Mexico, there is one going back east, and they generally express their opinion that they are glad enough to get back to a land where it rains enough to make crops that can be depended upon. A country that only has one or two rain a year is certainly not a poor man's country.

Two brothers, named Trapp, from Topeka, Kansas, stopped here Tuesday. They had been visiting at Willard New Mexico and they were going home in an automobile. They pronounced the crops in Terry as being for ahead of anything they had seen this year, and they seemed to

By L. M. Ward, President Texas Commercial Executive Association.

Duty is the science of sacrifice.

Courtesy is the fountain of character.

No one will help you unless you help yourself.

Honesty and industry are weak without knowledge.

Never mind who you talk about as long as it boosts.

Do not stand for the city knocker - lay for him

Whoever enlarges the prosperity of the city is a good citizen.

Truthfulness in exploitation is always the strongest argument.

Good intentions are bulwarks over which failure seldom climbs.

Education is to the human race what sculpture is to a block of marble.

Performance, not promises, is the first requisite to great undertakings.

God gave us tools to work with, but do not expect Him to do the toiling.

Unless you find pleasure in your work the lesson of life re-

mains half taught.

A commercial organization is a thought factory and an action distribution center.

Knowledge worth having comes slow. The other kind usually strikes us like an avalanche.

The mistakes of the past should be utilized in cementing the prosperity of the future.

When a man assumes a public trust he should consider himself public property.
