Casey Jones Revised

Come all ye rounders if you want to hear
A story of a South Plains Financier
Grading roads through the valley and plowing down the hill
For the pleasure of the tourist from Yonkersville.

Chorus:

Clay road man goin' 'er get to heaven
Clay road man I don't think
Clay road man 'er goin' to get to glory
Goin' 'er get to glory, well I dont think.

Oh! the clay turnpike it is just immense
You fellows on the line will have to move your fence
You must do it gratis; Terry can't pay you know
For she's claying roads for tourist and their big auto.

To poor to pay the interest on our high priced land
As stated in the petition, that you all understand
I wonder where the mischief we're going to get the dough
To clay roads for the tourist in his big auto.

You drove the nail Mr. Roadster, and drove it to the head
Down in the seventh verse that I've just read,
That when the road is finished, for miles and miles
We'll all have to hunt elsewhere for domiciles.

For the last four years we've had hard time
We've hustled after nickles and hustled after times
Had to wear ragged socks and patches on our knees
Raising tax and interest, money's been a blamed tight squeeze.

Yes this great clay road will reach from pond to pond
For the world wide touring car to travel on
It will lap across the country over valley and hill
All regardless of the people who must foot the bill.

You talk of our progress, of our boost and boom
And you speil that Terry will soon need more room
I sadly fear she'll have it, that the farmers why stay
Will go broke paying taxes and too poor to get away.

When poor old Terry dies he'll be burried all alone
You'll find an explanation on a big tomb stone
They'll call it spinal meningitis that he run out of breath
But the facts in the case he was taxed to death.

SCHOOL OPENS MONDAY

At nine o'clock Monday morning the old school bell will ring out the glad tidings, which will proclaim the opening of the 1913-14 term of school. Let not the children be the only ones to whom the call to school means something, but let every patron and friend of the school heed the call and march, march to school with the procession. What little boy or girl wont come with a beaming face if father or mother comes too? They are small, it is true, but their little hearts tell them that papa and mamma has an interest in their future, and they will work the more. Also you show the teacher you are interested in his or her work, and will redouble their efforts to please you and will do their very best for your child.

Already things are under way preparatory for the occasion. The building is being thoroughly scrubbed and some fifty pounds of sulphur will be burned in the rooms to rid them of microbes, make them sweet and sanitary. The good ladies of Brownfield will meet Saturday afternoon at the school house to form a Mothers' Club, which we are sure will do much to beautify the building and grounds. Close your shop and turn out Monday morning.

Children like Dr. Miles' Laxative Tablets because they taste like candy. Try them next time. [Advertisement.]

Lubbock Notes

From the Avalanche.

The south bound train was five hours late Sunday as a result of the burning out of a small bridge north of Tulia.

District Judge Spencer and court associates are running the court mill at Lamesa this week. They go to Gaines county next week.

Mr. M. B. Sawyer came up to Lubbock in his car Tuesday for his daughter, Miss Nettie. He went back the same day. Mrs. W. B. Downing accompanied them to visit her parents, Mr. May.

Endorsement.

Dear Mr. Editor,

I do not know much about writing to Editors of papers, but when I saw your good editorial last week in the Herald about a Mothers' Club and the need of one in Brownfield, I wanted to write and tell you that I heartily endorse every word you say. I am in favor of our getting together and organizing one at the earliest possible moment.

When I think of the bare school ground that needs fences and walks and trees, when I think about the windows without shades, the walls without pictures, I feel that we mothers ought to get busy and provide these things for our children.

This ought to appeal to our civic pride aside from the fact that it will minister to the health, comfort and aesthetic training of the young.

I feel sure that the teachers would welcome such a club, as it will bring us into closer sympathy and cooperation with them.

A Brownfield Mother.

To The Public.

They are shipping seven and eight cars of maize a week to various points in Oklahoma, Kansas and Texas, much of which comes from the broad fields of Terry, over at Tahoka.

One of the most useful publications that has come to our desk recently, is "Industrial Texas" a book gotten out by the Commercial Secretaries. In a short but concise way, it contains more useful information about Texas and its varied industries than can be obtained any other way.

The Herald's candidate for Governor has announced. He is no other than Hon. Will H. Mayes of Brownwood, our present Lieutenant Governor. In his brief announcement he says he will not accept any campaign contributions from any one, and will not thunder campaign oratory over the state, and he means what he says. He received a majority of approximately 100,000 over his opponent for his present office, and spent about \$300, showing that a man of ordinary circumstances can still be elected to important offices in Texas. He is a staunch prohibitionist, both local and state-wide, but is broad enough to see many vital questions beside this one, and if he is successful he will not be under any obligations to anyone except the people. We don't believe the Rankin Gambrel, Littlefield-Walters, or any other political faction will be able to control Will Mayes.

Pigs are hogs, but hogs are not pigs. A man is sometimes called a hog, but never a pig. Hogs are, also, called porcine—the largest ever seen being in the Panhandle and Plains regions. Pigs are sportive, often "cutting up"—hogs, however, only cutting up on the meat block. Texas once had a good governor named Hogg—this state executive breed appearing, however, to have run out. Bacon hogs put on a great deal of side—like-wise some people. Being always healthy, Pandangle and Plains hogs has good livers—while persons eating these hogs are good livers. Adam was the original spare rib man. Milo maize and kaffir corn are important in preparing hogs for markets on the outside and are also important to hogs themselves on the inside. A meat market man may have pigs feet. Hogs often use a pen—a fact which often results in their own obituary notices.—Amarillo Daily News.

As the first College Daily in the South, and the youngest of all college dailies, we humbly enter the arena of college dailies, and extend greetings. Please bear with us in our first attempts, and give us your assistance and cooperation.

Numbers one, two and three of Volume 1. of the Daily Texan published by the students of the University of Texas, has reached our desk, and after a careful perusal of its contents and general make up, we can't see that they are due any paper or the public

any apologies, as the Texan is bright and newsy, and is liberally patronized by Austin merchants.

The Times, published at Canal Winchester, Ohio, had in its issue of September 18, of Plains boosting matter taken from the Lynn County News, Yorum County News and Terry County Herald. It is curious to note how papers published in other States can print complimentary clippings taken from West Texas papers, but who ever heard of an East Texas paper printing anything good about this country.—Lynn County News.

There may be many obvious reasons; some are apparent. One is that Ohio is crowded and they naturally want their people to go to a good country if they leave at all. East Texas is still seeking immigration, and they want to hold what they have. Count less numbers of their people are getting restless for the virgin soil of the Plains country and their prpers have to either assume a statue like silence or blaspheme us on every occasion. Besides the blooming west is fast snatching many of their laurels. For instance, Terry county took their Elberta peach rep at the Dallas Fair year before last, and came near getting their goat on corn last year—got second; also first on melons, beans, etc., and Terry and Hale got ding nigh all the apple prizes and of course the Plains country carried away all that was worth while in the way of kaffir corn and maize. And Bro. Crie, we will get to feed them, their man-servants and maid-servant, horses, mules, oxen, jacks and billy-goats, our high priced kaffir, maize, corn and wheat next year. No wonder they are chewing the rag in silence.

Don't wait for a headache to go away. Use Dr. Miles' Anti-Pain Pills and save suffering. [Advertisement.]

Everything has been hustle and bustle at the Merc. this week, getting ready for the opening tomorrow. Five trail wagons with some 30,000 pounds of groceries have arrived.

The pains of neuralgia seldom fail to yield to Dr. Miles' Anti-Pain Pills. Ask for them yourself. [Advertisement.]

Whole Family Benefited By Wonderful Remedy

There are many little things to annoy us, under present conditions of life. The hurry, hard work, noise and strain all tell on us and tend to provoke nervousness and irritability. We are frequently so worn out we can neither eat, sleep nor work with any comfort. We are out of line with ourselves and others as well.

A good thing to do under such circumstances is to take something like

Dr. Miles' Anti-Pain Pills

to relieve the strain on the nerves. Mrs. J. B. Hartsfield, 82 Plum St., Atlanta Ga., writes:

"I have on several occasions been vastly relieved by the use of your medicines, especially the Anti-Pain Pills, which I keep constantly on hand for the use of myself, husband and two sons. Nothing in the world equals them as a headache remedy. Often I am enabled by the use of one or two of the Pills to continue my housework when otherwise I would be in bed. My husband joins me in my praise of the Anti-Pain Pills and Nervine."

Dr. Miles' Anti-Pain Pills

are relied upon to relieve pain, nervousness and irritability in thousands of households. Of proven merit after twenty years' use, you can have no reason for being longer without them.

Murray For Representative.

Hon. H. B. Murray, of Post City, is a candidate for representative of his district. The people of the plains are fortunate in having a gentleman of his ability who will make a campaign for the position, as the limited salary makes the holding of the office a sacrifice for anyone for anyone who is qualified for it. Mr. Murray is eminently fitted for the position, having been in turn a teacher in the public schools, County and District Clerk, editor of the Post City Post, and traveling representative of the Department of Agriculture, all of which positions call for an active participation in public affairs. He is probably the best informed man in West Texas concerning its needs, and it is doubtful if anyone could be found who would be able to do more for the country. In the course of his duties with the Department of Agriculture, Mr. Murray has visited our city several times, and he has impressed all with whom he has been associated by his ability and attention to the needs of our farmers. We sincerely hope that Mr. Murray will be elected, as such men are of benefit to the whole of Western Texas.—Toyah Enterprise. (Adv.)

Judge Neill had a letter from Wilbur F. Faulley, of New York, on the editorial staff of the New York Times, this week, enclosing a lot of nice snap shots he got on his recent trip to Terry. Mr. Faulley saw his fine section of land in the northern part of the county; got acquainted with real cow boys, which he said were right the reverse of what they have been pictured in the East.

The Terry County Fair

The 4th annual Terry County Fair will meet at Gomez next Thursday and Friday, Oct. 9th and 10th, and as usual the last day will be the big day. It is the duty as well as to the interest of every one to be present at that time. We dare say there is not a family in Terry county, but has some product of the farm, garden or orchard of which they feel proud, and you should carry it along, and show people what you have done. Let others behold the fruits of your toil. It does not make a bit of difference if someone has got you "skinned" on your article or articles, you will find out how he beat you and give him a race for his money next year. We have heard of some who do not aim to bring anything because there are no cash prizes. This seems very unpatriotic. It does seem to us that all might sacrifice a little to try to advertise the county and try to get more settlers here. It will benefit all just alike.

Then there is the question of feeding the big crowd that always comes to Terry county on such occasions. Let everybody carry plenty of grub. What is not used can be carried back home and consumed. There is no waste. And to Brownfield people, we wish to say. Don't you go over there without some grub. Remember how nobly Gomez people helped you feed the big crowd in August. Take a big basket of grub along with you, and only pay back their kindness. Return what you owe.

Geo. W. Reil, Secretary

OFFICE OF

Brownfield Auxiliary

OF THE SOUTHERN NATIONAL HIGHWAY ASSOCIATION

Brownfield, Texas, Sept. 29, 1913

Dear Sir:—The population of Terry county is about 1500, of this town, about 200. We have 240 voters in the county, mostly farmers and small stockmen, and most of these people came here several years ago, when the county was organized, and with heavy expenses, inconveniences; with great sacrifice of pleasure and home comforts, they have opened up farms, small ranches, built home, and with their own money and labor, erected school houses and a few churches, and from time to time have contributed money and labor to many other enterprises, though small that go toward the upbuilding of the county. All this has enhanced the value of lands in the county. By their efforts, labors, expenses and hardships of frontier life, they have enhanced the value of your land, and you have been benefited. You have accepted the increase of value brought about by these local people.

Now, as we are on a move to further upbuild the county; advance its progress by giving wider advertisement, and procure the roads named below, we believe that you will, and think it fair and right that you should contribute something to this cause. In this connection we call your attention to the fact that for the past four years we have sent an exhibit of our county's products to the State Fair at Dallas, Texas, and have taken some premiums. This cost us some \$250 each year. We are sending it again next month; also an exhibit to the Panhandle State Fair at Amarillo at heavy cost, all born by the local people. We have recently by active work, procured the logging of the all Southern Transcontinental Automobile Line through this county, over which many thousand tourists will travel, being of great benefit in advertising the county. This cost us near \$300, paid by local subscription. We are now at work, jointly with other towns, counties and States to build a Southern National Highway from ocean to ocean through this county, and expect to obtain Federal aid, and have bright prospects of getting it through and aid from Congress to build it. You need not be told the value this will be to the county. It requires some active effort on our part and money to do this work. Will you help us raise the money?

From time to time there are many propositions coming before us that need attention and money for the benefit of the county. Your interest here and ours are common. What promotes our fortunes, promotes yours, and you have one in the land if the country is developed, and its resources are well worthy of development. We feel that we are doing our part and hope you will appreciate our efforts, and join us in building up our county.

We therefore ask that you send to the Brownfield State Bank, to the credit of above Association, such amount as you feel like giving, which we hope will range from \$1. to \$10., according to the land you own in this county. We assure you that it will be thankfully received and legitimately expended only on public enterprises as outlined above, and such as benefit the entire county.

Very Respectfully

M. V. BROWNFIELD, Pres. Brownfield Aux. Southern Nat'l Highway Ass'n.

We recommend the above statements to be true, correct and genuine, and that the funds received by them will be handled as stated.

GOMEZ DOTS

"The darkest cloud has a silver lining" and after last weeks cold rain and cloudy weather, the glorious sunshine of this week seems a golden lining to our cloud, and these farmers here are saving every hour of the sunshine, gathering their crops. The way some of them are violating that 8 hours a day labor law, by working 14, would furnish fine material for a strike agitator, only we never have any of that species of bipeds in good old Terry.

Mrs. Will Snodgrass and children, moved to Mrs. Stapps place here last week, to remain while school lasts. Welcome.

H. L. Ware's family moved into the Lewis house here in town, last Monday. We certainly welcome these good people to our midst.

Ernest Hicks returned from Fauquier county Virginia, where he spent the mid-summer months visiting relatives.

Edgar Stapp got in Monday evening from Lockney.

A letter from Arthur Moore last week, tells that he is now living at Douglas, Arizona.

Dr. Maddux went out to the J Cross community Monday, to visit his son E. W. Maddux, returning Tuesday.

E. E. Simms left Monday for Lubbock, after freight.

Bro. Jameson preached an excellent sermon here on last Sunday afternoon. It is the first time he has preached here since the 2nd Sunday in August, and there was a large crowd out and all seemed to appreciate the sermon.

Uncle George Wilkins passed through Monday enroute to Brownfield. He reports that his pet horse, Kruger, aged 13 years got choked to death on oats last Friday night.

Mr. Will Wallace, a former Gomez citizen, but now of N. M., passed through here last Friday going to Tahoka to meet his wife, who has spent the summer with her mother near Abilene.

Mr. Glover moved from the Wallace place west of town, back to the hotel, last Friday.

Ben Hurst is still here with his binder helping to gather the feed crop.

Elmer Green and his sister, Miss Lena, went to Lynn county last Sunday to join their brothers Emmett and Roy, who are helping to gather the cotton crop there. Miss Lena will keep house for them while they work.

One evening last week as Mr. Seitz's children were returning from school, the bolts that held the tongue to the buggy broke, and the horses ran away and in jumping out of the buggy Miss Elmer was hurt and can

Rev. Balch, the Baptist minister, started here to his regular appointment last Thursday, but the rain delayed them so they did not get here till after dark Saturday night. He preached two fine sermons Sunday at 11 o'clock and at night.

Mr. Curlin, of Montague county, has bought the old Morris homestead, two miles West of Gomez, and will be here with his family by the middle of Oct.

The school girls have organized a basket ball team, and just now are getting a "full measure" of fun out of the game.

Robt. Holgate and family, also Mrs. Simon Holgate and Mr. and Mrs. DeShazo, came in from their trip to Roswell, last Friday evening. They report a real pleasant trip and no mishaps, except Mrs. Simon Holgate lost a grip of clothes off of the wagon on their way out there, which they failed to find.

The Parlor Match to Go

The hand of the iconoclast has been laid upon the parlor match and soon the world will know it no more forever. We do not mean the kind of parlor matches that are formed of love and moonshine and other things of like character—these will go on forever—but the phosphorus match, the kind that ignites when stepped upon or handled roughly. These have been legislated out of business. The last

parlor match was manufactured June 30 of the present year, and soon it will be impossible to obtain one of these matches, even as a curiosity. The parlor, or phosphorus match, was put out of business by a tax which is so high that it is prohibitive; the tax was levied because the matches are dangerous and have been the cause of many fires. When the supply of parlor matches has been exhausted we will have only the sulphur match, which doesn't ignite so easily and smells worse, but is less dangerous.—Exchange.

NEAR DEATH BY SMOTHERING

But Husband, With Aid of Cardui, Effects Her Deliverance.

Draper, N. C.—Mrs. Helen Dalton, of this place, says: "I suffered for years, with pains in my left side, and would often almost smother to death.

Medicines patched me up for awhile but then I would get worse again. Finally, my husband decided he wanted me to try Cardui, the woman's tonic, so he bought me a bottle and I began using it. It did me more good than all the medicines I had taken.

I have induced many of my friends to try Cardui, and they all say they have been benefited by its use. There never has been, and never will be, a medicine to compare with Cardui. I believe it is a good medicine for all womanly troubles."

For over 50 years, Cardui has been relieving woman's sufferings and building weak women up to health and strength.

If you are a woman, give it a fair trial. It should surely help you, as it has a million others.

Get a bottle of Cardui to-day.
