Rev. J. C. Lewis preached at the school house here Sunday, it being the regular primitive Baptist day.

Earnest Hicks was taken sick in town last Saturday evening, spent the night at the hotel. Dr. Maddux pronounced his condition serious, and Sunday afternoon, Jay McPhaul carried him out to I. H. Hudson's. We learn that he is yet quite sick.

J. M. and Mrs. W. B. Hays were in trading last week, and they stated the Mrs. J. M. is now visiting Mrs. T. C. Ivey in Yoakum county.

W. B. Hays passed through town last Thursday, enroute to Lubbock to New Mexico, where he had been for three weeks looking after his cattle.

Miss Sarah Hudson was right sick with tonsillitis last week, and was out of school Thursday and Friday.

Our baseball nines are "The School nine" and "The Farmers." They played a game last Saturday afternoon and the score was 13 to 11 in favor of The Farmers. Mr. Rassing from Tokio was in and played in the game.

Mrs. Jim Key is visiting here at Mr. S. H. Keys this week. Mrs. S. H. is now at Happy, Texas, enroute home. Alvin Key

and wife, and Joe Black, went to Tahoka Sunday in Joe's auto, on a visit.

Mr. Ikard was trading in town Monday.

Mr. Clifton of Portersville, in Loving county, is here with his family visiting his sister Mrs. West.

Vance Glover has been quite sick for several days with tonsillitis, but is some better now.

Mr. Green, our blacksmith, made a quick trip to Brownfield Monday; he was back home in the afternoon.

Arthur Moore made a trip to Lubbock for freight last week, and purchased an incubator while there. He is now rustling for fresh eggs. This is the fifth incubator in or near town, and surely we will have frying size chickens a plenty on the market this summer.

Mrs. Geo. McWhirter and Miss Jewel Nichols were visiting and trading here last Saturday.

Grover Lewis and wife were in town Saturday.

J. T. Nichols and family attended church here Saturday and Sunday.

Our trustees have employed Prof. Speed and Miss Holgate to teach next term, but Miss Knox has not definitely promised to serve yet, neither has the 4th teacher been employed. Our school will close the last of next week, and there will be an enter-

tainment by the first nine grades of the school on Thursday night, and graduating exercises and a play by the tenth grade Friday night. The entertainment is free and everyone invited.

Will Mathis and little W. C. were here Monday and W. C. was riding a very small mule and is decidedly the best rider for a four year old we have ever seen.

Singing at Mr. Ware's Sunday night; real good singing and a good crowd out.

Roy Cardwell was visiting in Gomez Sunday afternoon.

All the young folks of Gomez and their guests, went buggy riding Sunday afternoon.

There was a musical entertainment a Early Ley's last Saturday night, with a large crowd present. The music was excellent and all report a good time.

Miss Rena Lewis was the guest of Miss Zellica Knox last Saturday night, and Miss Knox visited out at Rev. Lewis' Sunday.

Miss Katie Copeland visited Miss Phyllis Holgate on last Saturday night and Miss Ora Ware Sunday.

In town and at the hotel Saturday night and Sunday, were Messrs. Chris and Harry Timm, Charley and Simp Currier, Lee Johnson, Will Winn and Loyd Greathouse.

Mrs. Ben Hurst came in for

the mail Monday, and stayed over until Tuesday.

News from Lubbock is that Robert Hurst got his collar bone broken and his shoulder dislocated last week.

Mr. Guy Taylor and family visited out at Ben Broughton's Sunday afternoon.

Mrs. Willie, who we reported sick last week, is improving.

Will Black and wife attended church in Brownfield Sunday.

Simon Holgate and wife visited at Jim Burnett's Sunday.

Mr. Limley and wife were in town last Sunday.

Miss Delorus Hill visited her friends here Friday afternoon.

Judge Neill was over Monday attending to legal business.

Sand Bur, we investigated that chuck line as per your request. Dee lives in Gomez, and it seems to me the chuck line is the other way; he foots the bills. Bob don't live here, but we are doing our best to 'suade him to move here; no bills against him here. (West Wind, all this matter was a made up affair between ourself and Bob Glover, to have a little fun at the expense of his sons-in-law, but it seems you've took the matter too serious. Also, will say your writeup about being in, at, nearby, close to or was at Tokio, is good, but that is Sand Bur and Digger's quarrel; and you and ourself had better stay out as mediators in case it

becomes serious.—Ed.)

In requesting correspondents to write regular, we did not refer to you, Sand Bur, as you write regular. You sure scored us on the spelling; we misspelled a name, ye editor called us down and we "sass'd" back. As to our a's and o's, they're hard on the typesetter, but we write better than Horace Greeley the famous editor and politician, for we can read our own writing and he couldn't. The general rule of world is give and take and not get cross; we try to abide by that rule. We are liable to get another call down on either writing or punctuation, for there is just cause for one, and if we do, we wont get mad, but quite likely will sass back again.

Mr. Curlin and wife were trading in both Brownfield and Gomez, Monday.

Geo. McPherson was in town Monday. He reports the farm as being o. k.

The Woodman lodge has decided to pull off the annual picnic in Brownfield on the Fourth of July, and have a big Woodman Celebration and the National Holiday all in one. Those little children of northeast Yoakum county who have never seen their country's flag or a holiday parade, are especially invited, as well as everyone else. Program will be announced later.

The pains of neuralgia seldom fail to yield to Dr. Miles' Anti-Pain Pills. Ask for them yours.—[Advertisement.]

COMMISSIONER PRECINCT NO. 1.

J. F. Winston

It is useless to call the attention to the Commissioners Court to the fact that the northeast well and fixtures are going to rack, as they know it as well as we, but we could never see the economy of letting the tank fall to staves in order to save a few dollars in repairs. Not only is the tank and trough near collapse, but the trees on that side will soon need water as they are too thick to depend on natural rainfall.

Through the medium of one of our exchanges, we learn that it is possible to burn all the old tin cans as we empty them of food, and that they not only make a good fire when filled with fine soft coal, but the zinc in them keep the flue free of soot, thus reducing the liability of fire. The only thing we regret in the matter is that we did not learn this away last winter when it was easier to get tin cans than it was to get coal—but we have laid that recipe away for future reference.

The good old time of year has arrived when all the mails bring the country editor notices from the many state candidates that they would be pleased to have their platform published and a few copies of the paper containing same, mailed their address. Of course they will be very thankful for all this, and they suppose the editor will be pleased almost to death to get his paper filled with such dope, as the fool editor hasn't got enough sense to fill the columns themselves. Of course the editor can come as near living on wind and water as anyone, if not a little nearer, but he can't quite make it.

A Preacher's Hard Time

The preacher has a hard time of it. If his hair is gray he is old. If he is a young man he hasn't experience. If he has ten children he has too many. If he has none he should have and is not setting a good example. If his wife sings in the choir she is presumptuous. If she doesn't she isn't interested in her husband's work. If the preacher reads his notes he is sore. If he speaks extemporaneously he is not deep enough. If he stays at home in his study he does not mix enough with the people. If he is seen around on the streets he ought to be at home getting up a good sermon. If he calls on some very poor family he is playing to the gallery. If he calls at the home of the rich he is aristocratic. Whatever he does some one could have told him better. He has a fine time living off donations that never mature. Next to being an editor the preacher has the world bested for quiet peaceful(?) slide down the toboggan of time.—Celina Record.

SEVERE PUNISHMENT

Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell.

I tried most every kind of medicine, but none did me any good.

I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together.

My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it."

Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlastingly tired feeling?

If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century.

Begin taking Cardui to-day. You won't regret it. All druggists.

H.B. Murry, editor of the Post City Post, and a candidate for the office of representative of the 122 district, came through here this week on his way to Yoakum county, to interview the voters over there during District Court. He informed us that he would be here next week.

Lawrence Green and Ben Dixon have rented the Spencer building and have moved their cold drink and tailoring fixtures into same, and will endeavor to conduct a first class establishment. They went to Lubbock this week to purchase their ice and confectioneries. These are hustling young men, and we predict for them a good business.

Mr. Green, the popular blacksmith of Gomez was here Monday and called to settle for some advertising in the Herald, and informed us that he was doing a nice business. a major portion of which he accredited to the Herald as lots of people had told him that they would not have known there was a shop in Gomez if he had not advertised.

We learned this week that J. L. Randal will likely push back his present drug store and build a twenty foot front to same. With his fast growing trade in drugs and sundries, and addition of cold drinks and confectioneries, he has suddenly realized the fact that he will have to have more floor space to accommodate that trade. We are glad to note such improvements in our little city, which is only an index to the prosperity that is now headed our way.

MILES MEDICAL CO., Elkhart, Ind.

The editor and family visited the Williams home last Saturday evening, one mile northwest of town, and fished about fifteen minutes for carp. That was all the time necessary to catch all the fish we wanted and was the first time in our lives that we ever fished with dough. Talk about fish biting, but you had to get over behind the tank dam to bait your hook.

The house occupied by Ma McPherson, two miles south of town, on one of Dick Brownfield's places, burned about dark Tuesday night. The family had finished supper and had gone out to the barn to milk, when one of the small children discovered the house to be on fire. It caught from the kitchen flue, and the house was in a sheet of flame when it was discovered. They succeeded in saving some of the household goods, but a large portion went up in flames. There was no insurance on either house or contents. A petition is being circulated to help pay for some more furniture, as Mat like the most of us is a poor man, and none of us know when our time to suffer fire loss will occur.

We are glad to announce that J. R. Hill has seen fit to put in a garage in Brownfield. He sent to the railroad this week after lumber and sheet iron, of which the building will be constructed. The building will stand in the rear of the hotel on a lot facing the Coble livery stable, and the dimensions present will be 25X50 feet, or enough to accommodate ten or twelve cars, beside leaving enough room for the work shop. It will be so constructed that any amount of additions can be added should business justify. It has been some time since there was anything like a regular garage in town, but home car owners are becoming so numerous, besides the steadily increasing amount of foreign travel, that Mr. Hill feels justified in fixing up for the repair and storage business. In addition to the above departments, he will, in a few days have a public service car on hand, and will be prepared to carry passengers anywhere on short notice. We heartily congratulate J. R. in his efforts to push the town to the front.

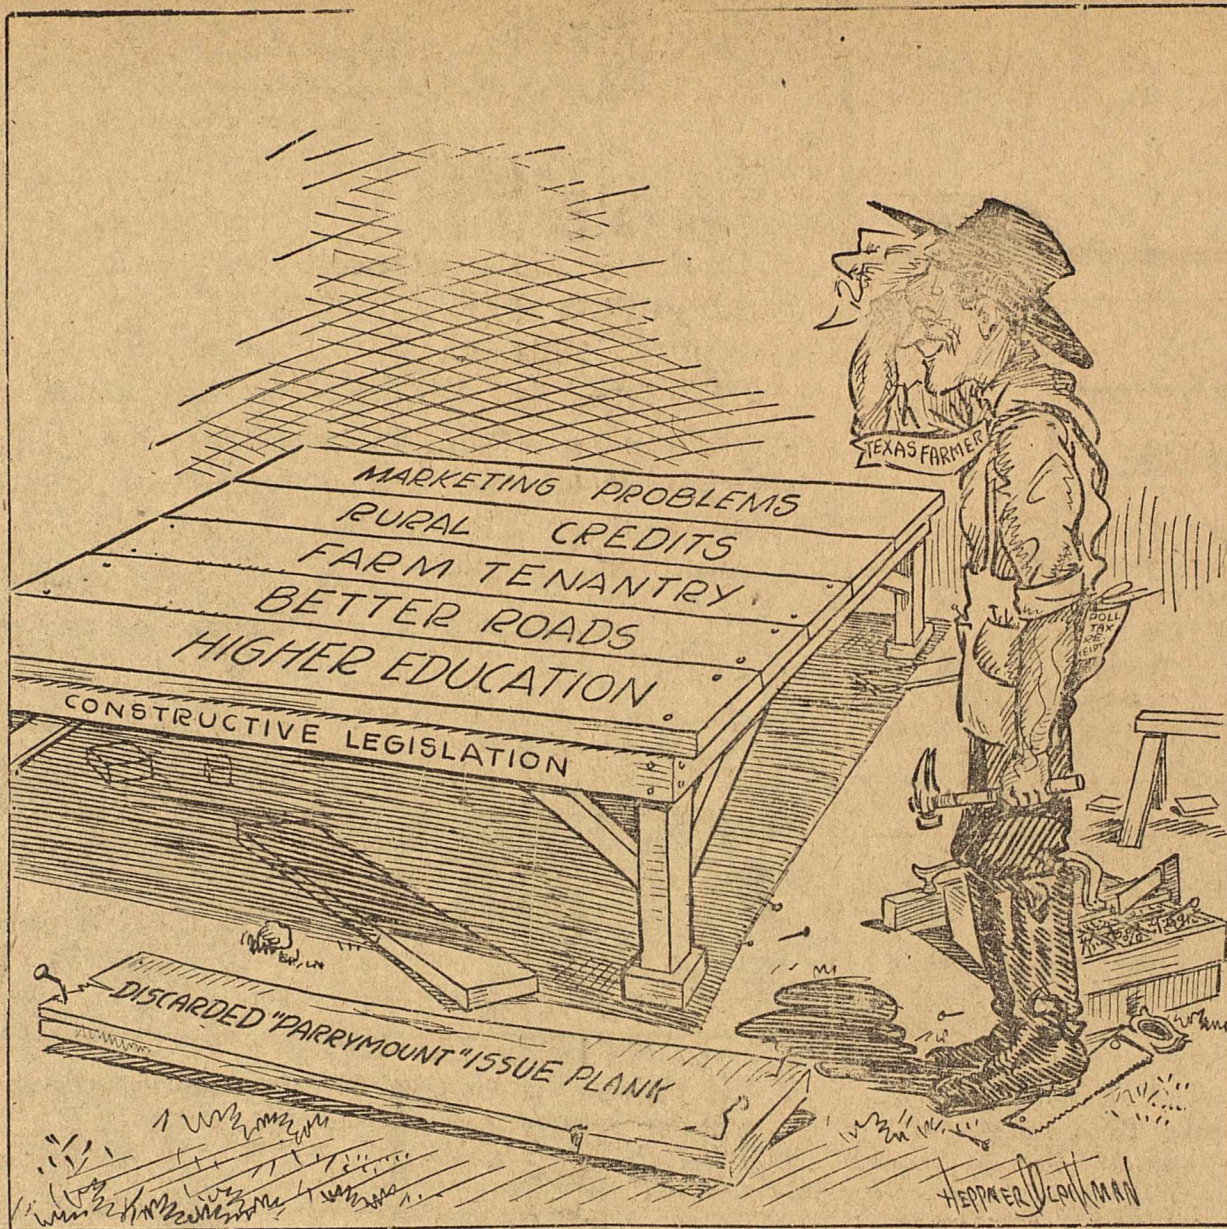

THE CALL OF THE FARM

No Machine Made Governor Wanted.

Candidates and Platforms Should Be Carefully Selected And Compared With Farmers' Union Views.

Fort Worth.—The official cancellation of the Ft. Worth Convention on April 14th clears the gubernatorial atmosphere and the governor's race now rests between the candidates of the July primary. We want to call the attention of the farmers to the importance of selecting the one best acquainted and most in sympathy with the farmers and to carefully scrutinize the platforms of candidates.

We opposed both pro and anti conventions with such ability as we

possessed. We can conceive of no greater calamity to Texas than to elect a machine-made governor at this time and any man who will cower under the lash of the bull whip of the bosses and who will kneel and lick the boots of the mighty politicians has not in him the stuff that governors should be made of. Any kind of a bird can seek shelter in a convention hall, but it takes an eagle to soar in the storm-tossed heavens in defiance of the "powers that be." This state needs a governor who will face men fearlessly and meet issues bravely and to elect a man who does not possess these qualifications would be a blunder little less than a crime.

Study Men and Measures.

The Farmers' Union, as an organization, is not in partisan politics, but the Union is officially committed to the Radford policies of government by the endorsement of the Farmers' Union State Convention and the candidate whose views most nearly approximate those of the Union and who offers the most convincing proof of writing them into our organic law is entitled to the support of farmers and all citizens who consider the material welfare of Texas of paramount importance in this campaign. All farmers should supply themselves with a copy of the Farmers' Union platform and that of the candidates and study and compare them for the purpose of determining which one of the candidates is most favorable to the interests of the farmer. We will send copy of the Farmers' Union platform to any address and we presume copies of the platform of the candidates can be secured on application to them.

In studying the candidates and platforms we want to issue a word of counsel and warning to the farmers of Texas, to the end that reason may not be debauched by prejudice, understanding supplanted by distrust and the welfare of the farmer suborned by political schemers.

Let us subject both candidates and platforms to a strict business test for on no other basis can we hope to unite our forces.

Put "Romans on Guard."

While no occupation, if legitimate, should disqualify any man

for the office of governor, yet the experience and surroundings of a candidate determine their efficiency for gubernatorial responsibilities. We do not believe a man who nurses at the breasts of special interests is as well qualified to deal with agricultural problems as one whose daily life feels the heart throbs of the farmers, for it takes heart as well as brain to interpret the needs and supply the wants of the Texas farmers at this time.

The Farmers' Union wants no liquor legislation during the next administration and all legislation of whatever character should be subordinated to the needs of the farmers, and those who join in this opinion should vote for a candidate for governor who is a part of the agricultural fibre of state and familiar with the business transactions of the farmer. To properly manage a business administration requires a man equipped by experience and ability to cope with the problems of agriculture and commerce backed by a legislature composed in the main of farmers and business men. Too long have we permitted our destinies to be shaped largely by men whose personal ambition overshadowed the public welfare and during the incoming administration let us put nobody but "Romans on guard."

The farmer has never taken much initiative in governmental affairs. Candidates have been groomed and issues framed up as a rule by city men and the farmer had no alternative in many instances but to choose between two or more evils. The politicians have been ordering the farmer to cry aloud for the sins of the cities and we have cried. The politicians have told us how to vote to save the country and we voted and after the election was over the legislatures have told us to stand aside until special interests were served or chastised, as the case might be, and we have obeyed but while we wept, were saved and waited, a line of fallen homes a hundred miles in length (if stood side by side) annually marks the state's pathway; a half million acres of products have rotted on the ground each year for want of a market and we have been paying from ten to thirty per cent interest per annum on \$220,000,000. This has been the result of a lifetime of fighting for principles. Let us unite in this campaign, fighting

for men in the executive and legislative branches of government who will stand by the farmers.

Rally Around the Union.

This is not a stone age and no man's opinion should be adamant. When mental petrification begins progress ends and a closed mind is an abomination to God and a menace to good government. We plead with you to lay aside sentiment, to eliminate prejudice and to break the shackles of superstition that may bind you and in this campaign to serve the interests of those who are near and dear to you.

We appeal to the farmers of Texas to reason together. Consider the wife who toils by your side and whom you covenanted in holy bonds of wedlock to provide for and protect; give heed to the welfare of the innocent children that God Almighty gave you to gladden your heart as happily they play upon your knees and kiss from your cheek the smudge of toil; then think of your own flesh and blood as you battle to shelter the heads and cheer the hearts of those whom you love.

We beg you to discharge the responsibilities that God in His wisdom has placed upon you in preference to the one the politician in his hunger has forced upon you. May we again plead with the farmers of Texas to rally around the Union and in the July primary cast their ballot for John, Sally and the babies?

W. D. LEWIS, President.
PETER RADFORD, Ex-President
Farmers' Educational and Co-Operative Union of Texas.

THE TEXAS STEER

A Record of Progress Made by the Cattle Industry.

Like the Indian, the longhorn steer has been compelled to give way to civilization and he is now used principally in staging moving picture plays, as the star performer in wild west shows and posing before the camera for picture card souvenirs.

Our endless ranges have been cut up into innumerable small stock farms, the cattle barons have given way to farmers and quality has taken

the place of quantity in the livestock industry of the state.

The market demands quality and the Texas steer has shown his ability to master the world's markets and his products fill the nation's larder.

Texas cattle have advanced more rapidly in value than those of any other state in the Union during the past twenty years. The federal census reports show that we had 8,011,195 head in 1890 valued at \$75,227,582 or \$9.40 per head, and in 1910 we had 7,139,400 head valued at \$138,957,404 or a value of \$19.46 each. We show a decrease of 871,795 in number and an increase in value of \$10.06 per head. On January 1st, 1913, we had 12,527,000 head of livestock in the state classifying as follows: Cattle 6,056,000, horses 1,181,000, mules 724,000, hogs 2,493,000, sheep and goats 2,073,000. We have four head of livestock per capita. We have more cattle than any other state in the Union and take first rank in the number of mules. The value of our livestock production per annum approximates \$148,000,000 and the value of meat consumed \$150,000,000, leaving a net deficit of \$2,000,000. The principal loss is on hogs. We consume \$24,000,000 more of pork than we produce, and in leather we suffer a loss of \$17,000,000, although we show a gain of \$28,000,000 in cattle.

The cowboy has been pushed back across the plains. Royal blood has entered the veins of the Texas steer and a marvelous transformation has taken place in the cattle industry of the state. We now have the best grade of cattle in the world and select stock from our farms and ranches will be on exhibition at the Fat Stock Show in Fort Worth, November 22-23.

POULTRY ATTRACTION

Chickens That Have Cackled and Crowed in the Presence of Kings Will be Shown at Ft. Worth Fat Stock Show.

Roosters that have crowed in the presence of kings and hens that have pecked at the judges of poultry shows on both continents, will be exhibited at the Fort Worth Fat Stock Show, November 22-28.

Every year the blooded hens and high-browed roosters from all over the world assemble at the show, chatter about the premiums, cackle and crow over the blue ribbons, return to the barnyard boasting of their triumphs and spread the fame of the Stock Show throughout the length and breadth of the land.

The hen will be one of the leading attractions of the show and she is a splendid entertainer. Her form is exquisitely molded in all shapes and sizes from the ornamental to the useful. Her attire is the pink of perfection and her form and color are of latest design. In utility she is without an equal in the Texas barnyard. Her cackle is as musical as the clink of gold dollars, she buys the baby new dresses, keeps the family in groceries and pays off farm mortgages. She has put on a shell game that has driven the fakers from the fair grounds in shame and she has netted the housewife millions of dollars.

For years she has maintained her supremacy as a star performer and this year she will put on a show that will rival all previous exhibits. In giving the largest returns on the amount invested, she takes sweepstakes. The markets of the world are clamoring for the Texas steer; the packers are loudly calling for more hogs; the sheep boasts of the demand for its fibre, but they must all bow down before the Texas hen. She lays three times her value per annum, raises annually a brood of chickens worth ten times her value and then lays down her life to appease human hunger.

The poultry industry in Texas has reached mammoth proportions. During the past year the total production, including eggs, approximated \$25,000,000. The egg output alone was worth \$18,000,000. We have approximately 25,000,000 domestic fowls. We have more turkeys and geese than any other state in the Union.

On last Tuesday the old Alley house, in which H. F. Wingo and family lived, burnt down. Practically nothing was saved. Mrs. Wingo was at the office and Mr. Wingo was working on his windmill. When he discovered the fire it had made such headway until he could not get in at the doors so he promptly smashed in a window and rescued their four month old infant son, which he handed out to one of the larger children, he then got the covers off of one bed and a rocking chair when the roof began falling in, and he was forced to desist. The fire is supposed to have originated from a defective flue. Kind neighbors at once came to the rescue and donated various articles of clothing, bedding and house keeping utensils. Mr. Wingo's are now living in the Lemond house, which stood right by and is also their property.

Brit Clare spent last Wednesday night at the Mallet ranch.

Miss Latham spent last Thursday night with the Misses Harris.

Misses Eva and Fern Harris, visited Mrs. B. C. Christenson, Saturday night.

Sunday School was organized Sunday. W. H. Harris was elected to be superintendent. We hope to have our Sunday School moving along nicely in a short while.

F. M. Ellington, wife and baby, B. C. Christenson and wife and Miss Emma Spear, visited at W. H. Harris', last Sunday.

A. H. Herring and small son, from near Meadow, came down Sunday. Monday they bought two milch cows from J. M. McMillan, at \$50 and \$60, and left for home with them.

Three prospectors came down from Plainview in a car today, Monday, and are looking at the Wingo land.

Jno. W. Cone and Judge Ferguson, of Lubbock, passed through today on their way to court at Plains.

J. M. McMillan and L. H. Hooker, are attending court at Plains, this week.

Hershal Timmons and Floyd Ellington helped Oscar Boyd dehorn his calves last Wednesday.

Our school closed last Wednesday. Several of the mothers, also two or three young couple were present in the afternoon but none of the fathers. We

think the fathers should visit the school too, especially the trustees. We enjoyed hearing the children read and recite a few pieces which were hurriedly gotten up, then we all joined in the spelling match, and such fun the children had turning down their mothers. After the mothers expressed themselves as being so well pleased with the work of their children and of the teacher's ability to instruct them and Miss Nannie's expression of gratitude and love for her pupils, also her patrons, and her appreciation of the co-operation of the trustees, they all enjoyed a lunch spread by Mesdames Hamlets. Miss Nannie too, read a paper she'd written "Should the standard of Teachers be Raised?" which was good.

Mrs. I. A. Boyd visited her son, Oscar Boyd, a day or two last week.

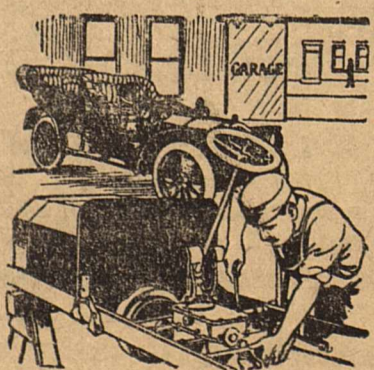

Mrs. Wilson is visiting at her fathers, J. W. Peeler.

A 42 party at the home of G. W. Ellington was enjoyed immensely by all who attended, judging the time they made their departure. The number was few on account of two dances in the country the same night. Those present were: Misses Nannie Campbell, May Parker and Rena Peeler. Messrs. Carrol Nettles and Claud Peeler, who enjoyed dainty refreshments of fruit jello, cakes and coffee.

Had a good crowd at preaching Sun. afternoon and they decided not to move the church and the people got busy and are to meet Sunday afternoon and organize a Union Sunday School and order some new song books, so come everyone and help.

Sa n Arnett and wife went to Colorado City, last week.

Jim Burnett left yesterday with his son, Earnest, for a hospital in Kansas, where his son will take treatment for appendicitis.

To the Sheriff or any Constable of Terry County, Texas.—Greeting:

You are hereby commanded to summon the Unknown Heirs of E. E. Buffington, deceased; E. E. Buffington; The Unknown Heirs of J. P. Kindred, deceased; J. P. Kindred; the Unknown Heirs of D. Theo. Ayres, deceased; D. Theo. Ayres; the Unknown Heirs of Jno. H. Gibson, deceased; Jno. H. Gibson; the Unknown Heirs of Leopold Fellman, deceased; Leopold Fellman; the Unknown Heirs of Bernard Tierman, deceased; Bernard Tierman, by making publication of this writ in some newspaper published in your county for eight consecutive weeks prior to the return day hereof, commanding said defendants to appear before the Honorable District Court of Terry County, Texas, at the next regular term thereof, to be holden at the court house in Brownfield, Texas, on the fourth Monday in April, A. D. 1914, same being the 27th day of April, 1914, then and there to answer the plaintiff's petition, filed in a suit in said court on the 24th day of February, A. D. 1914, wherein E. S. Buffington is plaintiff and the above named parties, together with A. J. Beardsley, are defendants; file number of said suit being 211. The nature of plaintiff's demands are as follows, to-wit:

That the plaintiff is the owner in fee simple, and has possession of the following described lands, situated in Terry county, Texas; being 640 acres, known as Survey No. 35, in Block 4-X, about 13 miles N., 27 E. from the center of the county, located by virtue of Certificate No. 318, issued to the Central & Montgomery Ry. Co., and patented to A. J. Beardsley, with field notes as follows:

Beginning at stake the N. E. cor. or Survey No. 34, this Block for the S. E. cor. of this survey; thence north 1900 vrs. to stake for N. E. cor. this survey; thence west 1900 vrs. to stake for N. W. cor.; thence south 1900 vrs. to stake for S. W. cor.; thence east 1900 vrs. to the beginning.

That plaintiff purchased said land from defendant A. J. Beardsley, paying valuable consideration therefor, and receiving deed of conveyance thereto which instrument was duly recorded in Vol. 1, page 403, of Terry County Deed Records, which now appear in the name of E. E. Buffington; that this name is an error, either of the draftsman of said conveyance, or the clerk in recording, which of the two plaintiff does not know. That the other defendants are setting up some claims, or title to said land, to plaintiff unknown, in that they have transferred certificate to lands, of the same number as to this plaintiff's land. That these claims constitute a cloud on plaintiff's title to said land, and plaintiff pleads the three, five and ten years' limitation to same, and prays that all claims, right and title of each of the defendants be divested out of them and vested in plaintiff; that he be quieted in the title and possession of said land, and that the error in his deed be corrected and remedied.

Herein fail not, but have you before said court on the first day of the next term thereof, with your return thereon, showing how you have executed the same.

Witness, D. J. Broughton, Clerk of the District Court of Terry County, Texas.

Given under my hand and seal of said court, at office in Brownfield, Texas, this 24th day of February 1914, (SEAL) D. J. BROUGHTON, Clerk of the District Court of Terry County, Texas.
