The Old Soldiers' Reunion.

Stonewall Jackson Camp U. C. V. met in annual session at Gomez last Saturday, and were greeted with a good crowd of well wishers from Terry and adjoining counties, that wished them another feast and an abundance of pleasure mingling with one another. We heard an old soldier remark recently that he thought they had better disband as their numbers were so few, but several quickly replied that as long as one of these old soldiers remained above the sod, they would be gladly entertained each year.

The day was ideal, there being a gentle breeze coming from the southeast, which kept the heat from being intense, and everyone seemed to have on their reunion clothes and enjoyed the day fully as much as the old veterans themselves. The program was opened by Judge Geo. W. Neill in which he gave some good pointers on the reconstruction period, and Prof. A. K. Huckleberry, who was born in Nebraska but whose father was a copper head Democrat, and believed in letting the South take care of their own affairs, gave us one of the best talks on the immediate causes of the war, we ever listened to, for the simple reason that he could not possibly have been prejudiced either way. Upon the conclusion of his address, dinner—that famous old Terry dinner—that will never be excelled anywhere, was announced. We are not going to take you through the intricacies of that dinner, but in passing will say that Bro. Dixon actually finished eating before Cardwell and Bert Shepherd, which seldom occurs.

After dinner was over, and the

people had time to tell each other how good they felt, District Attorney G. E. Lockhart also made a good talk on the war, its causes, and the Carpetbagger rule, and he did not handle the Carpetbagger with gloves either.

Among the amusements on the ground was a Wild West riding outfit, and a ball game in the afternoon, between Brownfield and Meadow, which was a tie of 3 to 3 when they quit to see the bronk riding.

The editor and family are indebted to Mr. and Mrs. Jake Johnston for conveyance over there, and to say we enjoyed ourselves among the hospitable people of Gomez, is but putting it lightly. They always have a good picnic, and are always glad to be on hand.

GOVERNMENT BY LAWYERS

The Press Denounces and Publicly Condemns Filing of M. K. & T. Suit.

The settlement of the suit against the M. K. & T. Company comes like the fair unfolding of spring and makes us all feel like rejoicing over the happy solution which the battery of lawyers have made of the problem. It is a great day for the common people when lawyers can agree and especially over technicalities which seemed to be about the only point of contention in the Katy suit.

A Victory for the Lawyers.

According to the terms of the settlement the suit for one hundred million dollars is dismissed and the Katy is permitted to improve and expand its properties, a thing it has been doing and was prevented from continuing by the filing of this suit; the Attorney General consents for the consolidation acts of the legislature to become a law; a separ-

ation of the Katy of Texas and the Katy of Kansas is agreed upon and the Katy will pay all the attorney fees which, from a legal standpoint, was no doubt a very important feature of the case and a great victory for the lawyers. So far as the people are concerned railroad development has been halted for the past year; the investor has had his faith in Texas securities shaken and the power of the Attorney General's Department to blight or to build has been demonstrated.

The Press Outspoken.

It is doubtful if in the annals of Texas jurisprudence a greater farce has been enacted or a more purposeless proceeding recorded. Certainly no action on the part of the state in recent years has met with so unanimous a storm of protest from the press and condemnation by the public generally than that of the one hundred million dollar suit filed by the Attorney General against the M. K. & T. Ry. The suit was apparently based upon venom, rather than upon violation of law or conduct on the part of the Katy that was inimical to the interests of the public, and in justice to the people it is proper to observe that those responsible for bringing this suit misinterpreted the conscience of the public.

It is no longer popular for representatives of the people to pursue industry in Texas and the emphatic manner in which the action of the Attorney General has developed this fact is an asset that in a measure offsets the loss which the public has undergone by the evil effects of the suit. The investor in railroad securities knows beyond a doubt that public sentiment in Texas is sound and stable and sufficiently vigorous to restrain unjust action on the part of its official representatives.

The People Stand for Progress.

It is to the credit of the Attorney General that the settlement of the case amounted to an abandonment of the suit. That is about the only comforting thought in the entire proceeding, and it is here the action of the Attorney General shows up at its best. His eagerness to escape the wrath of the

people and his anxiety to weave at the political loom, stand out prominently among his achievements. The incident is a notable one in that it puts the State of Texas officially on record, through its legal department, as getting out of the way of progress. This is encouraging and demonstrates that our public officials are making considerable headway in industrial understanding, and that they may yet reach a point where they will let a prosperity special go by without flagging it.

So long as we are governed by lawyers, we may expect sensational lawsuits, great victories on paper and fictitious advantages acquired through court decrees. But the people will no longer stand for such folly. "There is a rainbow in the railroad sky that promises peace and fair weather."

Typhoid Fever.

CAUSE

But one germ can cause typhoid fever, and that is the typhoid bacillus. Before it can produce disease it must be swallowed into the stomach and pass the intestines. Every person who contracts typhoid fever has previously swallowed unwholesome food or water. The typhoid germ is carried by the fly, and unsanitary conditions are its direct cause.

PREVENTATION

Do not let sewage mix with surface soil or seep into wells, springs, creeks or rivers. Screen all houses, out-houses and stables. Keep stables and barns free from manure.

Vaccination will absolutely prevent typhoid fever and the practice is safe, simple and sane. —Dr. Ralph Steiner, State Health Officer.

Jessie Hamilton and family, of Plainview, came in this week to visit their parent, the Hamiltons and Powell's.

Fewer Business Failures in Texas

Houston, Tex. July—There were only 481 commercial failures in Texas last year, while the year before 589 were reported in this state, according to a recent issue of Dun's Review. The figures verify the fact that business conditions in this State are rapidly improving. The 481 failures reported last year involve 49,043 Texas business concerns, with liabilities aggregating \$6,611,000.

FOR SALE.—Two good residence lots, in first addition to Brownfield, about two and one half blocks from the square. These are corner lots fronting south or west. Price \$75. Apply at Herald office.

Mrs. R. R. Hughes was in this week shopping, and informed us that she, like ourselves, was batching. Mr. Hughes and Clay have been in Mexico about two weeks and Son is working for Dub Dickinson.

Edwin Groves and J. E. Bryant were in Tuesday with some fine apples and grapes.

Mrs. Lee Walker was in town last Friday for the first time in a good while, and paid the Herald a pleasant call.

Fred Scudday came in Wednesday from Eddy, Texas.

Geo. Bragg came in last week from El Paso, and is visiting his friend, Will Adams, this week.

Workmen are busy remodeling the mill this week, getting in good shape for the fall run.

Dr. J. J. Randal, dentist, still is busy tooth carpentering. If the people would give him good patronage and encouragement, we believe he might be persuaded to locate here.

CHEAP FUEL IS NOT ECONOMY

Don't hear your wife roar about that old cheap, soggy, ashy coal any longer. It cost more time and money in the long run, and a lot of temper. Cottonseed cake and meal, hay, post wire and stays. A good wagon yard.

The next thing on the program is the Terry County Fair, and let's make it the biggest, ever.

A comparison of the affairs of honor(?) in Mexico and Europe, would be something like a dog fight to Ringland Bros. circus.

It is getting time for the grown to begin thinking about beginning of school and talking it up. The earlier we get busy in the matter the better the school. It would not be amiss for the children to begin dusting up their books.

We were talking with a gentleman this week that is regarded as an authority in the matter, who said people were going to be demanding more laborers in the next two weeks than they would be able to procure. Anyway the situation looks brighter in old Terry than it has since we have been here, and by Xmas, every man or boy who wants to work, can have a good, fat roll, or better still, a nice bank account.

It has been intimated by some that no one but a citizen of Terry county can exhibit at the Terry County Fair, although part of their land lays over in Terry. Of course it is none of our business, but it does seem that this is carrying the thing to the limit of the ridiculous, and besides losing lots of nice exhibits that would otherwise make our fair more attractive. What if a county liner did win a few measly ribbons—for that is all we would be able to give them—would that be any reflection on Terry? Is not the nature of the soil identical and the people alike? Gentlemen, if we ever aim to make the Fair anything better or bigger than a mere neighborhood affair, we cannot afford to limit the exhibits. The county line is only an imaginary object, and the people who live just across it are entitled to our respect and encouragement, especially if they are unorganized and have no towns of their own. Let's build the Fair on a big, broad foundation.

A 10,000.00 stock in a big dry goods establishment in Comanche, Texas to trade for Terry or Yoakum county land. See B McPherson, Brownfield, Texas.

Roy Scudday has been holding down the barber shop in the absence of his brother, Fred, who attended the funeral of his brother-in-law at Eddy, Texas, last week.

Earl Hill left Wednesday morning with a load of passengers who will take in the big barbecue at Lovington, N. M.

We learn that the mother of County Clerk D. J. Broughton is dead, but did not learn whether he reached her bedside before she died or not. They are also looking for his father to die. The couple are about 90 years old.

WE want you to try one of our Milwaukee binders, the new binder without an equal and made by an independent concern. Brownfield Hardware Co.

G. J. Rose, once a substantial farmer of this county, but now of New Mexico, came in Tuesday after his harvesting implements. As usual, he called on the Herald, and informed us that everything was lovely in his part of the world.

TAKE NOTICE: From now until further notice, the mill will not run but once a month, that being the 2nd Friday in each month. Terry County Mill and Feed Co.

Gus Farrar, of Maryneal, Texas came in this week to visit his aunt, Mrs. John Randal. Gus informed us that he had a good school at a small town near San Antonio, Texas.

The young people were treated to a party at the Welch home last Thursday evening. All report a nice time.

I am still at Dr. Treadaway's office; will be here for two more weeks. Dr. J. J. Randal, dentist.

I. H. Hudson and little son were in this week, and he informed us that they had vegetables in abundance of all kinds this year. He said they were feasting on a fine lot of tomatoes now.

J. C. Patterson was in for the first time in a long spell this week. He said he was sure receiving his share of rain, having received a big one Monday, and that pastures and crops were simply fine.

Uncle Geo. Wilkins came in Tuesday from Childress, Texas, where he went to take in an old Confederate reunion, as that is his old home. Uncle Geo. terms this his hundred dollar trip as he stoutly contends that the trip was worth that price to him. He said a brass band met him at the depot when his train arrived and that Childress did itself proud to the old soldiers.

LOST: A plain band, gold bracelet, between the Methodist church and D. J. Broughton's. Finder will please return same to the Herald office.

We are glad to report that Mrs Duke is a little better this week

Dr. Treadaway informed us this week that his son, who lives in California, had accepted a position as resident engineer in one of the towns out there, where the state is spending several million dollars on the highways, and is receiving a good salary. He is a graduate of the engineering department of the Texas A. & M. College.

HELPLESS AS BABY

Down in Mind Unable to Work, and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work. I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

We neglected to mention that Judge Neill, ever on the alert for anything about the Southern National Highway, had received a new nap of the highway, a few weeks ago, through the courtesy of Mr. Wilber F. Faulley, of New York City. Mr. Faulley who is society editor of the N. Y. Times and who owns considerable Terry county dirt, is ever looking out for our interests at the New York end of the highway. We regret to mention, however, that Mr. Faulley had to use black bordered stationery, caused by the loss of a dear sister in Chicago, a few weeks ago. In his letter that accompanied the map, Mr. Faulley paid the Herald some very nice complements, and said he enjoyed its weekly visits very much. We are glad he enjoys our little unpretentious sheet along with the big metropolis dailies. We might also say that Brownfield is still on the map at the junction point

of the Southern National and the Borderland routes.

Hon. Thomas L. Blanton wishes us to thank the people for him that supported him in the recent primaries, and says he never will forget them.

In conversation with Ote Copeland over at Gomez last Saturday he said one of his neighbors told him that morning that he would have attended the reunion if he had known anything about it, and he told the neighbor that if he would take the Herald he would have known all about it, where up on the said neighbor told him (Ote) to tell us to send him the Herald. That little work of Ote's is very much appreciated, and probably amounted to more than anything we could have done or said, and if all our friends would just put in a word once in a while, we would soon have everybody in the county on our list. By the way, Ote is one of the best stock-farmers in all the Meadow country, and says he has the best crop in years, and will make 1000 bushels of corn on 25 acres.

The Old Soldiers Reunion here last Saturday was attended by a large crowd. Speaking in the morning, business of the camp and memorial service for their former commander, Judge Perryman, who was buried at Tahoka some time since, filled the afternoon.

Just before noon a little son of Mr. and Mrs. Wright, who live two miles north of town, complained to his father that he was tired and a second later fell unconscious. It was over one half before his breathing rallied and he remained unconscious for over an hour.

Owing to the second primary election at Plains that day, Yoakum county was not represented here, as it usually is at all our picnics.

Mrs. S. H. Key grew worse last Saturday morning and they phoned for all her children. They all came in Sunday, Westly and family from Happy Tex. and L. B. and wife from near Tatum N. M. The others live here in Terry. She is very low.

Mrs. Will Craig and children came in Monday for a visit to Mr. S. H. Keys family. Mr. and Mrs. Craig formerly lived here, but their home is now in Stone-wall county.

The Christian meeting is now in progress at the tabernacle here. Elder Key is doing the preaching. The services are at four o'clock in the afternoon and at night. Next Sunday there will be three services, morning afternoon and evening.

W. D. Wian was in town Monday, he says he has finished the digging of his silo. It is 14 by 25 feet and he was only 8 days digging it.

Bert Kennedy was arrested at Plains, Monday, the charge was alleged theft of a yearling and officers decided the evidence was sufficient to hold him over to District Court and Bert protesting his innocence, refused to make bond, so they carried him through here Monday afternoon enroute to Lubbock, as neither Yoakum nor Terry county has any place to keep a prisoner.

Mr. Wammuck and family from Quanah Tex. spent last Friday night in Gomez. Mr. Wammuck is a hardware merchant, and they had been to Roswell on a pleasure trip. They were traveling in an auto and said that trees and vegetables were just as good in Brownfield and Gomez as they were in the irrigated country of New Mexico also they said that Terry county crops were the best they had seen on the entire route from Quanah to Roswell.

To the many friends from all over Terry, who called on us last Saturday, we tender thanks for their kindly remembrance, but our letter is already so long that we will not enumerate the different callers, but say to one and all come again, you are always welcome.

"United, They Stood"

At its annual meeting at Ft. Worth the Farmer's Union of Texas re-elected W. D. Lewis president of that organization by an overwhelming majority.

The re-election of President Lewis is a victory in the fuller and broader sense of the word. It is not only a personal triumph to have his official actions sanctioned by his membership, but it is a sweeping denunciation of the charges that the organized farmers of Texas were not with their President in his efforts for improved legislative methods it puts a stamp of approval on the co operation which has existed during the past year between the farmers and business men of this State, and insures a greater spirit of co operation between them in the future until the State shall have attained the fullest measure of material development.

But above and beyond this, it demonstrates the ability of the farmers to stand together and proves that a new force in economics has been created—a compelling power which must be reckoned with in future by those who would control the affairs of state.

The membership went on record as unanimously approving the management of the Union's affairs under President Lewis' administration and heartily endorsed Peter Ratford and the work of the Texas Farm Life Commission in securing the co operation of the business men of Texas in promoting the interests of the farmers.

Resolutions were also adopted requesting the Thirty-fourth Legislature to enact the following laws: A Graduated Land Tax Statute to the end that large tracts of land now held for speculation will be forced on the market; a law to permit farmers to borrow money at a low rate of interest for the purpose of buying homes; a law making any attempt to collect unlawful interest a felony, with the forfeiture of the debt.

of the Constitution of the State of Texas, authorizing counties bordering on the Gulf of Mexico to build sea-walls, by adding Section 7a, so as to authorize such counties to build sea-walls and designate sea-wall reclamation districts for the protection of life and property from storm overflow, and to build or condemn land for sea-wall and reclamation districts, the county to have State's title to the roads and bay shore line to low tide within the district, and the right to issue district bonds for acquiring and developing the district and building the sea-walls, and when district is developed as townsite to sell such portions of land as not reserved for public use by the county.

BE IT RESOLVED By the Legislature of the State of Texas:

That the following amendment to the Constitution of the State of Texas be proposed to the voters of the State of Texas for their adoption in accordance with law, and that the Constitution of the State of Texas be amended so as to add Section 7a, of Article XI, and that Section 7a, of Article XI shall read, as follows, to-wit: Section 7a. Where protection against the waters of the Gulf of Mexico is needed for protection of life, health, property or the sea-wall, any county bordering on the Gulf of Mexico may acquire title to the land for said sea-wall or sea-wall reclamation district as designated by the County Commissioners' Court by purchase or condemnation of all the land desired for sea-wall and land for the sea-wall reclamation district from the sea-wall to bay shore tide line boundary of the property abutting on the bay, and the State hereby cedes to the county, for such district for reclamation and general uses of the district, the title to bay shore lands in the district between the property tide line boundary and the low tide line of the bay shore, and any land in the reclamation district that may have been retained by the Republic of Texas or (or) the State for roads when the lands adjacent were platted and sold, and the county is given the right to dredge in the bay or to the gulf for fill for the district, and right to sell the land reclaimed and laid off as townsite or otherwise, and where condemnation is used to acquire the land the proceedings to be as under the Statutes for condemnation for railroads, provided that the condemnation shall vest title in fee in the county, and county may issue bonds or other evidence of district indebtedness for acquiring the property, building the sea-wall, reclamation developments and all incident thereto as expense of sea-wall and reclamation district, with lien on land and such terms and conditions as county, through its commissioners' court may deem best, and the County Commissioners' Court shall appoint two persons who are owners of land within the district, and who desire to sell for reclamation and buy back from the county when reclaimed, who with the County Judge as Chairman, shall constitute a sea-wall reclamation district commission, whose compensation shall be fixed by the court, and this commission has power to make all rules and regulations for acquiring the land of district sea-wall building, reclaiming and plating land of district, issuing bonds or other evidence of indebtedness for same, sub-

ject, however, to all such rules, regulations and acts of the commission, being authorized and approved and ratified by County Commissioners' Court. The district must bear all expenses of sea-wall and purchase of the land and expense of filling (filling) same and other expenses, and the same shall not in any way involve the credit of the county or be a basis for a tax by the county on general lands of the county unless authorized by a vote of two-thirds of the property taxpayers of the county voting at a special election therefor. It is further provided that any owner of land in a proposed district may subscribe and pay for the district commission, when organized, as the pro rata of his land of the expense of the wall, reclamation, platting as town lots, on a basis as such area of land is to be to the whole land of the reclamation district and sea-wall, and at any time before the completion of the district may surrender the bonds and receive from the county a bond for title for his land in town lots, less streets and alleys deducted therefrom, for which on surrender deed may be demanded from the county after the district is walled, filled and platted into streets, alleys and lots, and bonds so bought shall so provide. It is further provided that no district shall be formally designated by the County Commissioners' Court until owners of at least one-half of the proposed area of district petition therefor, and subscribe out for bonds for repurchase from the county as herein provided. This amendment may be acted on without delay of legislation in aid thereof or legislative action may be had in furtherance thereof if desired by the county, acting through its Commissioners' Court.

BE IT FURTHER RESOLVED by the Legislature of the State of Texas:

That the foregoing proposed amendment to the Constitution shall be submitted to the qualified voters of the State of Texas for their ratification and adoption at an election to be held throughout the State on the second Tuesday in November, A. D. 1914, and at such election those favoring the ratification and adoption of said amendment shall have written or printed on their ballots: "For the amendment to Article XI, Section 7a, of the Constitution, providing for authorizing counties bordering on the Gulf of Mexico to build sea-walls," and those opposing the adoption and ratification of said amendment shall have written or printed on their ballots: "Against the amendment to Article XI, Section 7a, of the Constitution, providing for authorizing counties bordering on the Gulf of Mexico to build sea-walls." Proclamation of such election shall be made by the Governor, as required by the Constitution and the law, and there is appropriated out of any funds not otherwise appropriated the sum of five thousand (\$5,000.00) dollars, or so much thereof as may be necessary, to pay the expense of advertising and holding such election.

(Note.—S. J. R. 22 passed the senate by a two-thirds vote, yeas 24, nays 1, and senate concurred in house amendments by a two-thirds vote, yeas 27, nays 0; and was passed by the house of representatives with amendments by a two-thirds vote, yeas 114, nays 0.)
