Brownfield Mercantile Company

District Court

Court met Monday with Judge W. R. Spencer in the chair. Dist. Atty. G. E. Lockhart representing the State, Attys. Geo. W. Neill and Percy Spencer, representing certain clients, District Clerk D. J. Broughton, Sheriff Jim Lewis, Stenographer Smith, all ready for business.

The Grand Jury was empaneled, sworn and set to work, the Court delivering one of the best charges we ever heard, putting special stress on the cost of crime to the county and State. Ben Broughton was appointed foreman, Smokey Beall and Elbert Proctor riding baliffs, and deputy Sheriff Jack Drinkard, as door baliff.

Tuesday morning the Petit Jury were called together, given the oath, and the first case was called:

S. H. Key vs. W. H. Black; attorneys announced that a compromise had been reached.

The next case was the State of Texas vs. Frank Haynes, theft of a horse. There was some talk of contenance, but Court said it was too expensive on the county to keep the prisoner in jail another six months. A jury consisting of the following citizens was selected at 1:30 p. m. W. M. Adams, W. E. Moore, I. A. Lowe, J. T. King, W. G. Hardin, T. H. Green, J. C. Green, F. M. Ellington, J. K. Cunningham, C. S. Cardwell, A. C. Copeland and J. R. Burnett. The State introduced three witnesses, the two White boys, from one of which the horse was alleged to have been taken, and Geo. Tiernan, who Sheriff at that time, and traced Haynes to Hall county, but was

never able to locate where he disposed of the horse he started with, but found where he sold one horse giving bill of sale for another horse. State rested and defence used no witnesses.

Atty. Percy Spencer, for the defence offered a strong plea for the prisoner, contending that the State had failed to prove that defendant, who borrowed the horse to ride to Lubbock, looking for work, had appropriated the horse to his own use in the county in which prosecution was made. He also tried to squash the indictment on technicalities, the initials of White being wrong in the bill.

The District Attorney made a splendid plea in behalf of the State, arguing that defendant surely did appropriate the horse in Terry county, as he had promised to return the horse in Terry county in a few days, which he never did, and further, the defence had never offered any evidence that they had carried the horse to Lubbock county.

The Jury was out less than an hour after receiving the charge from the Court, and returned a verdict of guilty, and assessing his punishment at two years in State penitentiary.

Thus, Terry county, in her eleven years of housekeeping, has sent her first criminal to prison. The Court with Judge Spencer on the bench, District Attorney G. E. Lockhart and the above jury have the distinction of the first criminal conviction in Terry county, and Percy Spencer and Judge Neill the distinction of defending him. Heretofore Terry has had a rep for turning 'em loose, but sentiment has changed and people have lost patience

with crime and criminals, and they had better hunt other dig-ins for their meanness.

J. W. Templeton vs. Edwin C. Rowlin et al; judgement for the plaintiff to clear up land title.

G. E. Lockhart vs. Clyde National Bank, garnishee, dismissed at cost of plaintiff.

First National Bank of Big Springs vs. D. S. Cunningham; continued by agreement.

A. M. Brownfield vs. H. H. Cotton et al, foreclosure on vendor lien notes. Plaintiff was awarded possession of land now held by Mrs. C. E. Moore on which the notes were given.

Court adjourned for term.

Rev. McReynold's is Cupid's Victim.

A quite wedding was solemnized in Stanton last Monday, when Rev. J. B. McReynolds, of this city, and Miss Maida Johnson of Shafter Lake, proceeded to that place and were united in the holy bonds of matrimony by the Rev. A. C. Aston, former Andrews pastor.

The bride is a daughter of Mr. and Mrs. B. A. Johnson, of Shafter Lake. In that city where she has resided for a number of years, she holds a secure place in the esteem of everyone.

The groom was transferred from Brownfield here, a year ago by the Methodist Conference, and we are of the opinion no one ever made more true, loving friends in such a brief time as did Rev. McReynolds.

Mr. and Mrs. McReynolds left Wednesday morning for Roswell, New Mexico, where she will remain while her husband goes to Clarendon to attend the Annual Conference of the Methodist church. It is there that the Bishop will direct them to their new field of labor.—Andrews Times.

On and after Nov. 20, 1915, I will close to all travel the road through my pasture. All trespassers will be dealt with according to law after that date.

HOME!

The love of home is so deeply rooted in all living creatures that we speak of it as the "Homing Instinct." It causes the cat to cling to the deserted home, the dog to return from distant places, the honey bee to make a bee line for the Hive, the savage to fight against the encroachment of civilization, the weary wonderer to return to the "Loved spots that his infancy knew." As mated birds build and feather their nest, so do man and maid. Let us feather your nest with everything used in the home. BRING YOUR CATALOG along, read the description add the freight, and we will sell you the same article for less money, f. o. b. your own wagon, and you see the goods before you pay your money.

WE WANT YOUR BUSINESS

Last spring, a man and his family came to Terry county in hard shape, so that we understand that some of the neighbors had, or did help them. This family settled near Gomez, leased a half section of land, promising money rent, which equaled about \$120. This family has made a big feed crop, consisting of corn, cotton, kaffir and maize, and will have some for sale. The first two bales of cotton he gathered payed for his lease with \$4.00 left over, and neighbors estimate he will get 40 bales of cotton, or 38 to his own part, together with the seed, making him a neat little pot of \$8000, or enough to buy and improve a

half section of good old Terry county dirt. Do you think this man will go back east to suffer and works his lights out the rest of his life? No sir; he will, if he has common sense, and we understand that he has, will buy a nice little 320 acre plantation in Terry, settle down, and look as wise as the rest of Terry's prosperous bunch of farmers. Most any industrious man can make and pay for a home here in one year. We ask, where can this be equaled outside the plains of Texas?

Dr. M. C. Bell, of this place, and J. P. Nichols of Gomez, became readers of the Daily and

Sunday Star-Telegram, through the Herald man, this week. By handing us your \$3.25 now, you get November free. All old subscribers can renew at same old rate.

"THE HOUSE OF QUALITY"

GLORIOUS INAUGURATION OF WORLD'S GREATEST INTERNATIONAL CELEBRATION ASSURES CONTINUED SUCCESS

WITH an attendance for the first week greater than the combined attendance for the same period of the world's expositions at Chicago and St. Louis, the Panama-Pacific International exposition at San Francisco has started on a career that the most conservative judgments predict will break all records for exposition success.

The exposition opened on February 20, 100 per cent complete structurally, and opened to an attendance of one quarter of a million people. From every state of the United States and from the nations of the world came critical visitors to pass on the merits of the celebration that had been so widely heralded. They found nothing to criticize. Every claim made by San Francisco and the exposition was fulfilled. It is safe to say that not a single visitor went away disappointed. The result has been that the advertisement by word of mouth, and by letters home and to friends—the most powerful form of advertisement—has been given the exposition. In consequence the transportation companies report a constantly increasing booking for travel to San Francisco both by land and water.

Exceptionally low rates have been given by the transportation companies from all points within the United States to San Francisco, offering many people an opportunity that could not otherwise be taken, of combining a pleasure journey to the exposition with a sightseeing tour through California and the West.

A feature of the exposition that has called for universal comment is the "action" that marks exhibits, every exhibit capable of operation by steam or electricity being shown in motion.

A flood of inquiries concerning rates and hotel accommodations has been received by the information bureau of the exposition since the news of its successful opening was flashed around the world, all such inquiries being given prompt attention. San Francisco and California are fulfilling their host duties and living up to the reputation the West has always had for hospitable treatment for the stranger.

HANDSOME SIXTY-PAGE BOOK ON THE PANAMA-PACIFIC INTERNATIONAL EXPOSITION SENT FREE OF CHARGE TO ANY ADDRESS.

Those who are interested in this great exposition may obtain free of charge a handsomely illustrated book of sixty pages, reproducing the exhibit palaces in their natural colors and giving essential data about the exposition, San Francisco, California and the Panama canal. To obtain this book send a letter to the Manager, Bureau of Publication, Panama-Pacific International Exposition Grounds, San Francisco, Calif.

Messrs. H. M. Bainer, and L. Johnson, of Amarillo, demonstrator and assistant demonstrator of the Agricultural and colonization department of the Santa Fe railroad, were here Wednesday a few minutes, and made the acquaintance of several people. This was their first trip through this part of the country, and to say they were agreeably surprised with conditions here in their territory, and this far from a railroad, is putting it lightly. Before leaving, they decided to return this winter, and call a meeting of farmers together, and will let the Herald know in advance, so the dates will be well advertised. These are pleasant gentlemen, are well versed on conditions on the plains, and no one could take more interest in the development of this country.

From now to Dec. 1st, we can give you the Daily and Sunday Ft. Worth Record for one year

for only \$3.50. This is just half the regular price, as this paper is now a \$7.00 per year paper. Remember this offer expires Dec. 1st.

J. W. Settle, of Seymour, was here this week and purchased a half section of fine land from R. H. Banowsky, laying four and one half miles south of town, paying \$1760.00 for same, cash. Mr. Settle is well pleased with this country, and states that it might be impossible for him to get out here next year, as he will have to dispose of his land down there but will get here as soon as possible. He also states that an experienced gin man will be in Brownfield in a few weeks looking after locating a gin here next year, if he can get farmers interested in planting cotton. Mr. Settle says that boll weevils are getting so bad down there, they can hardly raise cotton, and are looking toward the plains for relief.

The little folks enjoyed a Halloween party at Dr. Treadways last Saturday night, and the grown and near grown had one at Earl Hill's. We think both crowds must have joined hands near midnight, for Sunday morning every business house in town was more or less barricaded with buggies, gasoline barrels, old plows, binders, stoves and other junk too numerous to mention. If they had brought a horse or two, the Herald would have had enough buggies to start a livery stable.

About every third man you meet now days is a prospector either hunting land to buy or rent. One great drawback is the land owners have no tenant houses and a great many tenants are expecting to find a tenant house with three or four rooms all painted white. I know of a few who won't come west for they can't see how we make out with such little room. But the house comes secondary with a pioneer. The main thing is to get a farm plot in which is no big item as we have no stumps to pull or burn out and very few grubs and some years the crops raised will pay for the land the first year.

Thanks, Mrs. Timms. It does the correspondents good to see their efforts are appreciated.

J. T. Gainer of Plains, passed through Tuesday enroute home from Midlothian, Texas, where he went to visit his brother, Mr. William Gainer, who, he informed us, died on Oct. 24th. Mr. Gainer has frequently visited in Terry and Yoakum counties and has many friends here who will regret to learn of his death. He left a wife and one son and several grand children to mourn his loss.

J. T. Gainer informed us that Irvin Gainer's baby was thought to be improving now and the doctor thought it would recover.

W. E. Cherry passed through Tuesday on the mail car enroute home from Brownfield court. He reported that as usual, "No bills found by the grand jury," and to use a common phrase, "nothing doing over there." Well, it's pleasant to live in a county that hasn't got a jail and doesn't need one, and if it were not for tax collections we would not need a sheriff either. So far Terry's record is almost clear of crime and entirely clear of the shootings and desperado rackets that mark the record of so many other places, and we believe that it is partly due to the good judgment and solid common sense aided by a real good disposition that has characterized both our sheriffs. A good but brave man can keep down trouble in most cases, while an egotistic and unpleasant disposition can find trouble in most any crowd.

Mr. Bill Hardin, a former Gomez citizen, but now of Alpine, Texas, came in last Sunday to visit his aunt, Mrs. W. B. Snodgrass. Mr. Hardin has prosper-
