High Wind And Rain Flail City; Area

1.08 Rain Follows Blasting Sandstorm

Street Lights On Before 5:30;
Lots Of Wind; Little Hail

Area residents flocked to the Bailey County Law Enforcement Center late Friday afternoon and others warily watched the sky as street lights came on in Muleshoe before 5:30 p.m. in the face of a terrific storm which approached the city.

Older persons remembered one other time when the sky darkened during daylight hours like it did Friday. They said it was in the early 1930s, and sand preceded a blizzard.

Officially reported behind the sand was 1.08 in rain, with some persons reporting up to 1.6 inches, along with high winds and some small hail.

Mrs. M. C. Street, who lives approximately 25 miles southwest of Muleshoe near the New Mexico line, said the cloud buildup began in their area, then roared off toward Muleshoe, Friona and Hereford, who were all blacked out by the roaring, reddish-brown storm clouds. Mrs. Street reported only .10 of an inch of rain and a lot of sand.

At Clay's Corner, 10 miles north of Muleshoe on Highway 214, Mrs. Herbert Clay reported 1.7 inches of rain, very little hail and a lot of wind and sand. She said her husband and a large number of men watched a 'white' tornado in the clouds to the southwest.

The 'white' tornado which apparently did not touch ground, is probably the same tornado watched by a number of Muleshoe residents and Chief of Police Harold White. The tornado bounced in

Area Damage Toll Heavy From Winds

At Friona, Missouri Beef Packers sustained heavy damage, with part of the roof of the facility reported blown away and a number of cars heavily damaged by flying debris. Two women were said to have sustained minor injuries in the debris. Two trailer parks in Friona were damaged with one trailer house said to be completely destroyed and several other trailer homes blown over onto their side or top. A \$50,000 grain dryer at Friona Wheat Growers was reported to be scattered across the countryside and a lot of tree, roof, window and sign damage was reported.

It was estimated that the hard, straight gale force wind that hit Friona was more than 115 miles per hour.

The Hereford Sheriff's office said wind was estimated 115-117 miles per hour in that city. This was based on parked 4,700 pound patrol cars sliding off the road, said the sheriff's office spokesman. Hereford received minor damage in the storm.

Four Local Boys To Competition For JC Titles

Muleshoe Jaycees will send four local boys and a Jaycee sponsor to Abilene for the Jaycee Super Sports Spectacular on June 17, 18 and 19.

The four boys will compete for junior state championships in track and golf. Competing in shot put and discus in the track division will be Don Heathington and the three junior golfers will be Kenny Taylor, Mike Riley and Bruce Chapman.

Chairman of the project for the Muleshoe Jaycees is Glen Watkins.

Dad's Ski Rig Participants Increase Over 100 Merchants Now Included

Sign-up for Pop's Ski Rig is well underway at 110 locations in Muleshoe with the rig scheduled to be given away to some lucky father on Saturday, June 19.

The complete rig is valued at \$800. Included are a 1968, 15-foot fiberglass boat with a 1960 70 HP Mercury motor. The trailer is a 1968 model designed for the boat and motor. The complete outfit is suitable for use as a ski rig or a fishing rig, and Chairman Ken Henry said it is comparable to last year's camping trailer which was won by a Lazbuddie man.

In order to be eligible for the drawing the persons who registers must be above the age of 16 years and the name on the registration card must be male, and the man named must be

above 16 years of age. The 106 business firms participating in the annual Business Activity Committee Dad's Day promotion include:

Muleshoe Antenna Co., Retail Merchants Association, Nowlin Studio, Black Insurance Agency, Central Texaco, XIT Steakhouse, West Sixth Texaco, Little Gulf Service Station, Sears Roebuck and Company, Chapman Supply Company, Beaver's Cont'd, on Page 3, Col. 6

Phony Money Turns Up At Local Banks

With two counterfeit \$20 bills showing up in Muleshoe over the past weekend, a third 'phony' \$20 has been turned in to Sheriff Dee Clements at the Bailey County Law Enforcement Center.

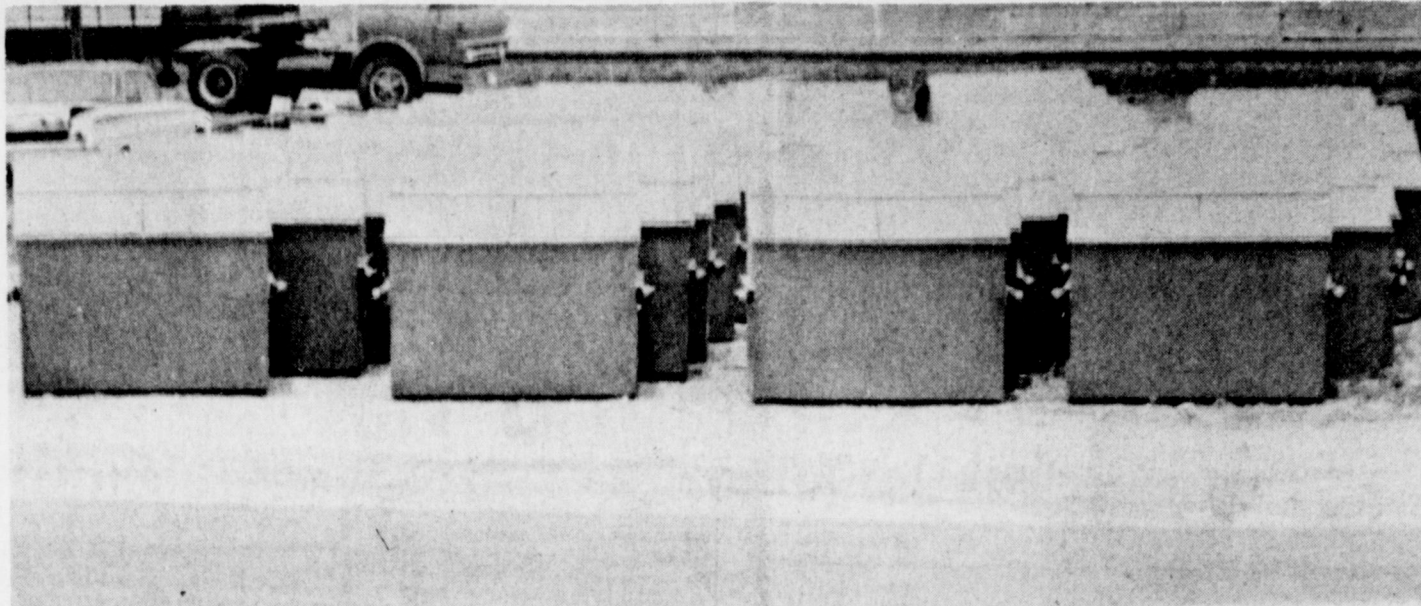

It is uncertain as to where the other \$20 bill was originally passed in Muleshoe, said Sheriff Clements. He said the bank turned the bill over to him. The other two phony \$20s were passed at local drive in restaurants and were detected later.

Counterfeit-jumpy Clovis is undoubtedly checking close as several of the bogus bills have turned up both there and Portales. Wednesday, another New Mexico location turned in a phony twenty and Littlefield, Hereford, Lubbock, Morton, Pampa and other locations have also reported receiving the counterfeit money.

All the phony money has the same serial number, which is K29973226B and although the reproduction is fair, there are a number of discrepancies discernible when checking the fakes against a real \$20 bill.

The fakes are a darker, brighter color and tend to fade together instead of having clear, distinct lines and markings. Andrew Jackson, who is reproduced, tends to be more blurred than the sharp lines in the real money and the edges are blurred somewhat.

Officers are looking for one suspect, a man reported as being in his early forties, around six feet tall, weighing around 200 pounds, with a rough, ruddy complexion and with light sandy hair. The man is also reported to be wearing western-style clothing.

LAST OF GARBAGE CONTAINERS READY TO INSTALL-- Workmen for the City of Muleshoe placed an additional 50 garbage containers in alleys in Muleshoe to bring to a total of nearly 400 of the dumpster-type containers presently in use in the city. City

Manager Albert Field said that when the last of the containers are in place and several damaged containers are repaired, that it will be the last of a project begun some time ago by city officials to update the garbage system in the city.

Garbage Container Project Completed

City Manager Albert Field said almost 400 dumpster-type garbage containers, representing a city expenditure approaching \$85,000 have been placed in Muleshoe alleys.

He added that this basically completes the project begun some time ago, commenting that garbage containers will be placed in selected locations. Field also said that some damaged containers will be picked up for repairs. He thanked Muleshoe residents for their continued patience while the dumpsters were under construction and for their cooperation.

He did ask cooperation from city residents in making sure the garbage and trash is placed in the containers and added

that with the summer months here, cooperation is asked in keeping the lids closed on the containers.

The city manager said that by closing the lids, dogs cannot get into the containers and cited a number of instances where they found dogs inside the containers or have been called to remove dogs who jumped inside the garbage dumpsters to rummage for food.

Field also said that by keeping the lids closed, flies and mosquitoes will not be so prevalent. Commented Fields, "Alleys are cleaner and more sanitary with the dumpster-type containers and it certainly makes operations more efficient for the city workmen who empty

the containers.

"Also, there are fewer instances of garbage and trash strewn in the alleys since we started using the new containers."

On June 1, the City of Muleshoe passed an ordinance which regulates the collection of garbage, trash and rubbish in the city and prohibits depositing the garbage or trash on streets, vacant lots or in alleys.

It is now a requirement that the city-owned dumpsters be used for garbage and trash disposal and provides penalties for non-use or dumping the trash in alleys.

One provision of the new ordinance prohibits setting a fire or burning any trash or material in the city owned dumpsters. It is also unlawful to paint or mark the same, or to place a poster, placard or sign on the container or damage it in any way.

Tree limbs or tree trunks and hedge clippings cannot exceed 10 feet in length or weigh more than 100 pounds. These are to be placed in neat piles at the edge of the alley and the city notified for removal by city vehicles.

Cont'd, on Page 3, Col. 3

Plans Underway For July 4 Celebration

Plans are shaping up for the annual gigantic July 4th celebration according to Chairman Clarence Christian and Publicity Officer Curtis Walker.

This year, the celebration begins officially on Friday, July 2 with a junior rodeo which is scheduled for Friday and Saturday at the Muleshoe Roping Arena.

This will be followed by the

'big' sidewalk sale on Saturday, July 3 and the celebration itself which will be held on Monday, July 5.

R. A. Bradley, longtime coordinator of the July 4th celebration, will be assisting Christian with coordinating the many activities which will be held during the several days. Featured will be the annual Art-Craft exhibit; pony express ride; Jaycee pancake breakfast; Muleshoe pitching; parade followed by presentation of awards and barbecue for parade participants; old settlers reunion; talent show; baseball, featuring Amherst vs. Muleshoe in the Babe Ruth Ball Park and wind up with the gigantic fireworks display.

Other special shows are expected to be added before plans for the celebration are finalized.

The talent show will be something new for this year and \$300 in prizes will be awarded winners in the show which will be held in the Muleshoe High School football stadium.

At the sidewalk sale, prizes will be awarded to the best dressed individual and the best participating merchant in the sale. Hundreds of shoppers generally converge on streets as they take part in the popular sale.

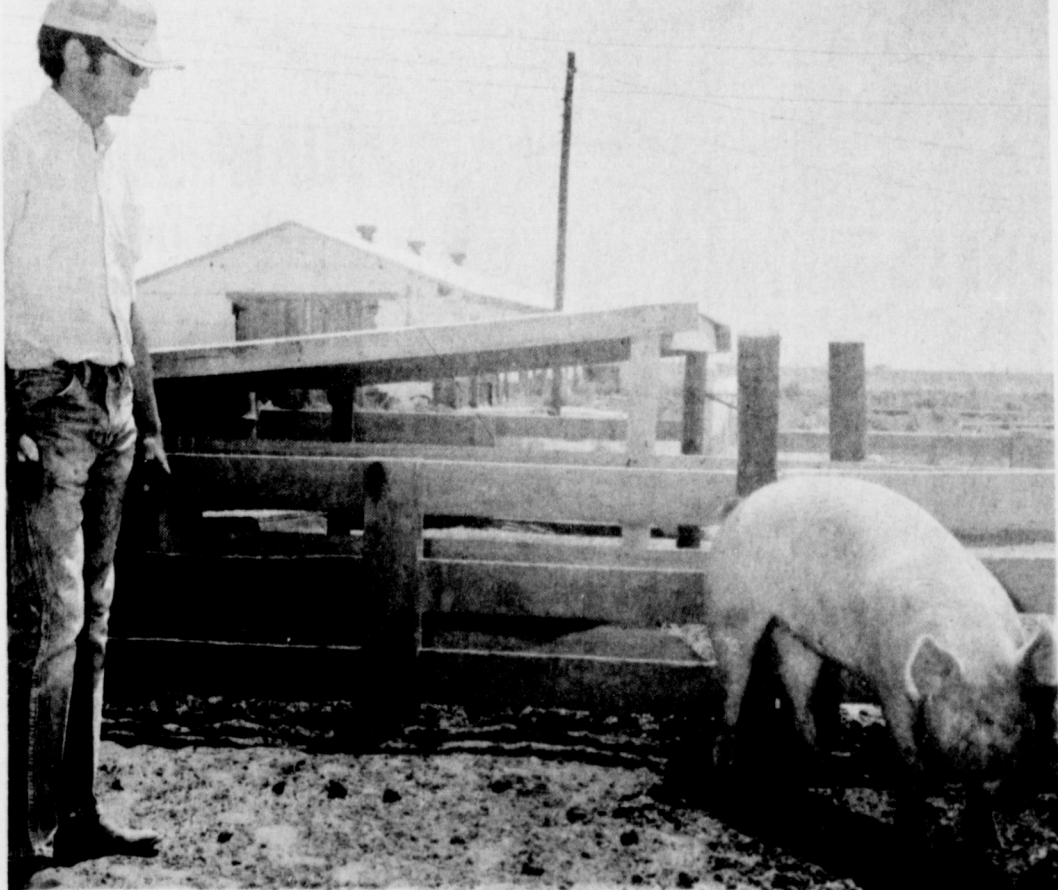

Prior to the celebration, booster trips will be made for at least two days to surrounding towns and communities with local business and professional people, the ambassadorettes and others making the trips.

A new world's champion muleshoe pitcher may be named this year as Doug Bales will be defending the title he won last year from Ed Neutzler.

SHAME, SHAME ON YOU RUFUS--A scrounging Rufus attempts to hang his head in shame when Gordon 'Corky' Green, left, and Jerry Hutton, took him over to the Mule Memorial site for a talk with Pete, the majestic Muleshoe Mule. It seems that Rufus refused to go along with the clean-up campaign which is underway in Muleshoe and Chairman Green and

Chamber Manager Jerry Hutton decided Pete had better consult with his laggard friend. Rufus didn't seem to enjoy the sign he is wearing either, and proceeded to step on Green's toe. Nevertheless, he did promise Pete he would try to do better before the campaign ends.

AW, BUT I DON' WANNA--Charles King shows a reluctant pig who thinks perhaps the gleam in Charles' eye means pork on the table for someone. Joe and Charles King contributed a pig to the Muleshoe Jaycees to be given in the Stegall-Muleshoe Opportunity Plan Inc. project on Saturday, June 19. The pig will be processed by Vance Wagoner at Muleshoe Locker and will be presented, along with two beef halves contributed by Gene McGlaun of Chow Tex Feed Lot, to four lucky winners.

PHONY MONEY--Bailey County Sheriff Dee Clements shows phony money which was passed in Muleshoe last weekend. At least three of the bogus bills were passed off to local business firms. All were \$20 bills. Muleshoe was only one of several locations, including at least three Eastern New Mexico where the counterfeit money turned up.

SPAG Approves Drug Treatment

During a meeting of the executive committee of the South Plains Association of Governments Wednesday at Lubbock, three items of interest to this area were discussed by the committee. Alex Williams, Muleshoe City Councilman, and director on the SPAG executive committee, explained that the three items were on a regional drug treatment program for juveniles and two items concerning hospitals and doctors.

Williams said that discussed and approved was a pilot project for a nine county region including Bailey, Floyd, Hale, Lamb and Motley, in the SPAG region and Briscoe, Parmer, Swisher and Castro Counties in the Panhandle Regional Planning Commission region for the first six months.

After the first six months, added Williams, an evaluation will be made of the program and other counties within the SPAG region would be added when feasible. The program would be subcontracted through the Central Plains Mental Health/Animals Found.

Gabriel Hernandez, who drives a truck for the National Alfalfa Mill, found three strange, young animals at the mill Monday. He took two of the animals to his home, the third was dead when he found it.

After feeding the small animals with a spoon, Hernandez' daughter, Rosemary, took them to a local veterinarian for identification. The veterinarian said the animals were approximately two weeks old, but was unsure as to what they were. He thought they were some kind of cat, and definitely not domesticated. The vet cited their extra large size, the long claws, and the fact that they were hairless took them out of the domestic class.

Mental Retardation Center in Plainview and application was approved to make application to the Texas Criminal Justice Council for \$196,480 in funds. The funds would be supplemented by \$80,047 in in-kind matching funds furnished by the Central Plains Comprehensive Mental Retardation Center for a total year's project cost of \$276,527.

George Johnson, criminal justice coordinator for the SPAG-sponsored drug treatment facility said that a juvenile court judge has only two alternatives when hearing the case of a youngster with a drug problem. He said, "He can either send him home where the problem originated or he can send him to the state correctional school which is not equipped to handle drug problems."

Lubbock's planned medical center was also reviewed and favorable comment was given by the SPAG board of directors.

The Lubbock County Hospital District has applied for \$11,377,964 which would be matched with \$6,063,946 to build a 300-bed teaching hospital for the new Texas Tech University School of Medicine.

Also, Texas Tech University will seek \$33 million for the new school, to be matched with \$35,025,000.

Williams said South Plains College sent a letter to the SPAG board urging approval of the plans. He also commented that the medical outlook for this area would brighten considerably with the teaching facility located less than 100 miles from here.

Vo-Ag Teacher Rain...

Attends Class At Texas Tech

Bill Bickel, vocational agriculture instructor at Muleshoe High School in Muleshoe, is participating in a special short course at Texas Tech University.

The short course is designed to equip high school vocational agriculture teachers with methods and materials for conducting pre-employment laboratories in the field of feedlot management. Two other similar short courses are also being conducted at Texas Tech--one in meat processing and another in agricultural chemicals.

The short courses are being conducted under a cooperative program with the Texas Education Agency and are scheduled to conclude on June 25.

Teaching the feedlot management short course is Dr. Robert Albin, professor of animal science.

Texas Tech is a multi-purpose university with eight academic divisions--the colleges of Arts and Sciences, Engineering, Business Administration, Home Economics, Agricultural Sciences and Education, the School of Law and the Graduate School. Tech has a student body of more than 20,000.

Garbage...

A new monthly charge for trash collection will be \$1.50 for single family homes; \$1.50 each unit for multi-family units or trailer houses with two or less family units and an apartment house or trailer park with three to ten family units will be \$1.25 while an apartment house or trailer park of eleven or more units will be \$1 for each unit.

Business and professional trash pickup will range from \$2 to \$40 according to the new ordinance.

There is also a provision made for fees for hauling trash to the city dump ground and varies from 50 cents to \$2 per load.

Penalties have been provided for violations of the new ordinance.

Criticism springs from two sources--intelligent disapproval and emotional reaction.

Rig...

intersections. For a short time, some of the streets ran like miniature rivers. West Second and West Third Streets near American Blvd, were flooded as were West 10th Street and Avenue C.

Late Friday afternoon, runoff water was filling the new park site on West Avenue D and the Babe Ruth Baseball Park at the south end of Main Street was flooded, cancelling scheduled baseball games.

Beene Grocery at Needmore said there was a 'big sandstorm' there and only a light shower, probably less than 10 of an inch of moisture. A man from Sudan said it was dry over there with no rain received in the storm.

A five-minute hail stripped some leaves off cotton at their farm said Mrs. Eugene Black who lives approximately nine miles northwest of Muleshoe. She said the hail was probably marble sized. They received only .6 inch of rain in the storm, she said.

Apparently, around Muleshoe, most of the moisture was concentrated right in the city as the outlying areas reported less than one inch.

Tire...

Other employees at Shook Tire Company in Muleshoe are Jerry Hilton and Manuel Garcia. Store hours will be 8 a.m. to 6 p.m. Monday through Saturday.

Mrs. Joe Bob Mann, the former Miss Vandale Bleeker

Miss Bleeker, Mann Are Wed

A double ring wedding ceremony in the First United Methodist Church Friday, June 11, at 8:00 p.m., united Miss Vandale Bleeker and Joe Bob Mann, Rev. J. B. Fowler officiated. Parents of the couple are Mr. and Mrs. Vernon Bleeker of Muleshoe and Mr. and Mrs. Joe Mann of Friona.

In the church, the altar featured a centerpiece made of white carnations and white gladiolas with greenery for the background.

Nuptial music was provided by the church choir which sang a selection of favorite hymns and "O Perfect Love". Soloist was M. D. Gunstream who sang "The Lord's Prayer".

Given in marriage by her father, the bride wore a formal white pasque and chiffon-lace empire waisted dress designed with long sleeves of chiffon lace. The train was of chiffon lace as was the veil trimmed in white pasque roses. The bridal bouquet was white carnations surrounding a removable corsage.

Miss Pat Riels of Muleshoe was the maid of honor. She wore a long green and white satin and lace dress with an empire waist and bell sleeves of solid green satin. A bow and ribbon made of solid green satin was around the empire waistline. She carried a nosegay of white carnations.

Best man was John Gilmore of Hereford, Texas. Ushers were Alford Bleeker and Delmer Bleeker of Muleshoe.

The Fellowship Hall of the First United Methodist Church was the scene of the reception following the ceremony.

The centerpiece on the bride's table was her bouquet and a green candle. A three-tiered white cake, designed with white roses, lime sherbert and gingerale punch were served to the guests by Miss Carla Mann and Miss Joy Mann, sisters of the groom. Registering the guests was Mrs. Max Horn, sister of the bride. Others in the house party were Mrs. Eugene Black, Mrs. Earl Harris and Mrs. Calvin Embry.

For the wedding trip to Charleston, South Carolina where they will make their new home, the bride wore a sleeveless empire waisted dress of pink dotted Swiss.

The bride is a 1967 graduate of Muleshoe High School, attended West Texas State University and is employed at the First National Bank of Muleshoe.

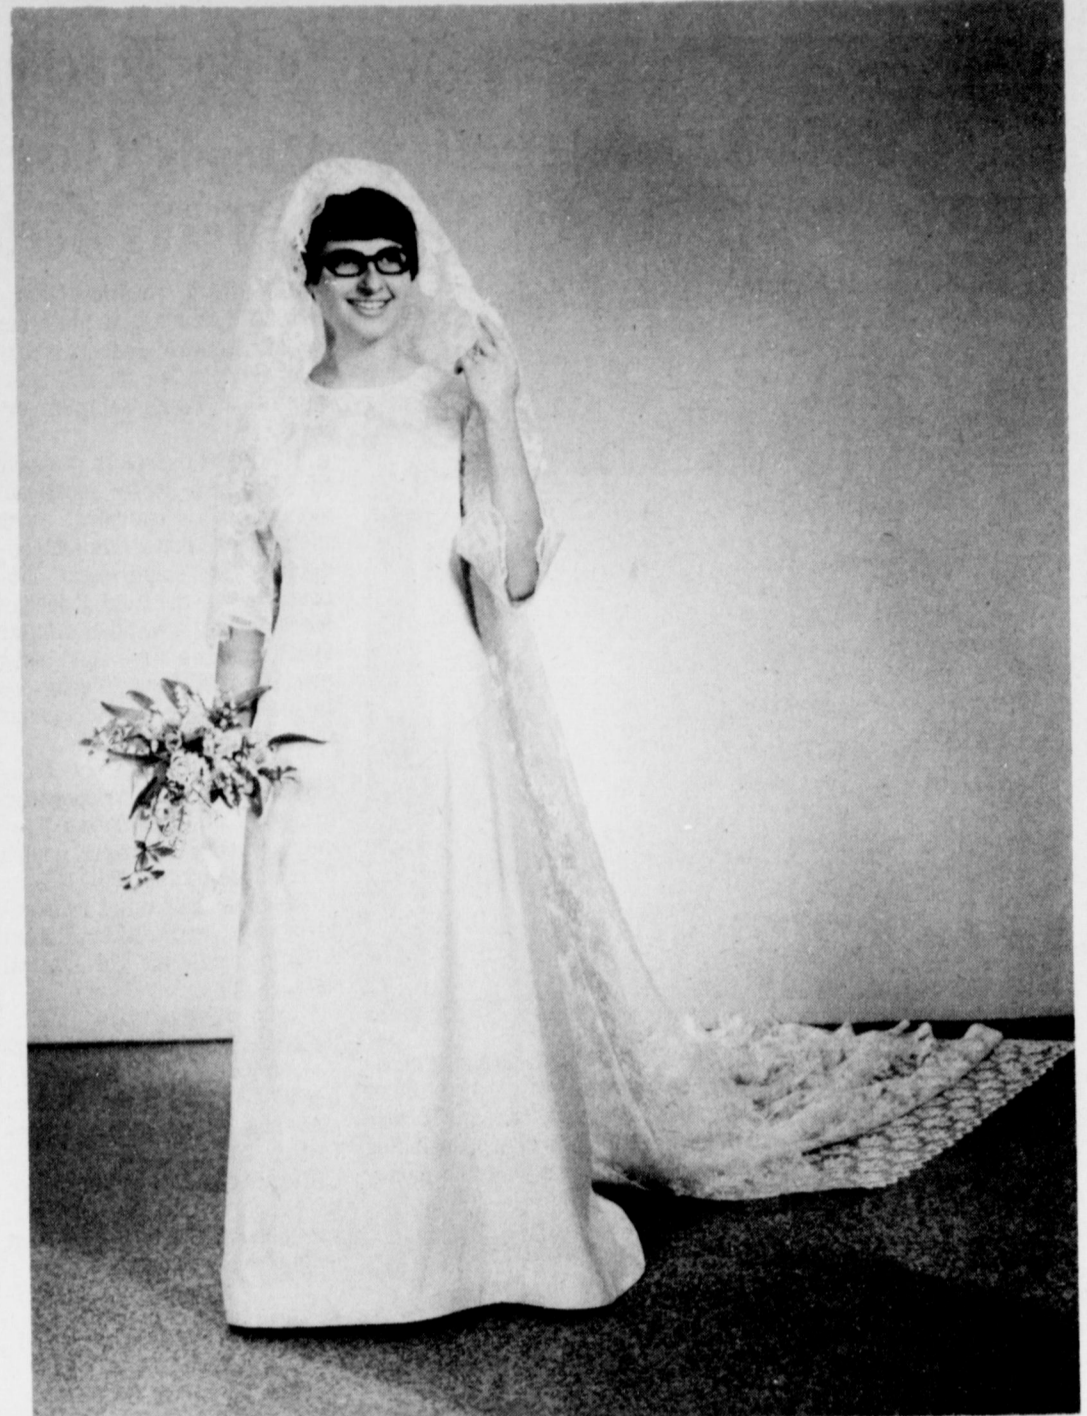

Mann is a 1967 graduate of Friona High School, has graduated from the Denver Automotive Institute in 1968, and is presently serving in the United States Navy, stationed at Charleston, South Carolina.

Out of town wedding guests were Mr. and Mrs. Henry Miller, grandparents of the bride; Mr. and Mrs. Max Horn and children, Brownfield; Mr. and Mrs. Grady Shull, Lubbock; Stormie Cooper, Kathy Morrison, Karen Agee, Teresa McMennamy, Linda Carden, all of Canyon, and Mr. and Mrs. Frank Criswell and girls of Friona.

In Fashion

One of the striking pants suits by a famous designer has a very long coat that reaches almost to the ankles but is split up the front to about four inches below the waist.

Stripes and polka-dots are very popular for resort clothes. A combination of solids is also good.

Mrs. Alvin Foster Moudy, Jr., the former Miss Glenda Jill Mimms

Miss Jill Mimms, Moudy Pledge Vows

Miss Glenda Jill Mimms became the bride of Alvin Foster Moudy, Jr., in a double ring ceremony June 11, 1971, at 7:30 p.m. in the Lazbuddie Church of Christ. Performing the ceremony was Bill Looney, minister of the Happy Church of Christ.

The bride is the daughter of Mr. and Mrs. G. W. Mimms of Lazbuddie. Moudy is the son of Mr. and Mrs. Alvin Moudy, Sr. of Happy, Texas.

Wedding music was provided by the Lubbock Christian College chorus featuring soloists, Ginger Reeves and Jane Hodge.

The church was decorated with a vine covered trellis flanked by spiral candelabras on either side. The aisle was marked by tall pew markers with candles.

The bride, given in marriage by her father, was attired in a formal gown featuring a bodice of scalloped lace, and A-line skirt of white crepe and short bell sleeves. The cathedral length train of lace fell from the empire waist. She wore a matching waist length mantilla and carried a bouquet of yellow jonquils.

Maid of honor was Miss Kathy Wenner of Lubbock. Bridesmaids were Mrs. Waymon Hinson, Lubbock, Janet Moudy, Happy, sister of the groom, and Carolyn Moudy, Happy, sister of the groom.

The attendants wore identical formal A-line dresses of aqua bonded lace. Headpieces were bows matching the dresses. The maid of honor carried red and pink roses which were presented by the bride to the mothers and grandmothers. The bridesmaids carried yellow jonquils with ribbon streamers.

Mark Moudy, Happy, cousin of the groom, was best man. Groomsmen were Dewayne Procter of Friona, Clay Mimms, Lazbuddie, brother of the bride,

and Don Witten of Collinsville, Colorado.

Ushers were Waymon Hinson, Lubbock, Dan Sheets and Steve Vernon of Happy.

Following the ceremony a reception was held in the Fellowship Hall of the church. Registering guests were Mrs. Kelly Mimms, Abilene, sister-in-law of the bride, and Mrs. Jess Holloway, Lubbock, cousin of the bride.

The bride's table was covered with a white lace cloth and featured crystal appointments. Serving the punch, nuts, mints and cake were Mrs. Bob Ray of Amarillo and Marilyn Atchison of Midland. The groom's table featured an olive tablecloth and coffee and pound cake were served to the guests by Mrs. Dewayne Procter of Friona.

After a wedding trip to Colorado Springs, the couple will be at home at 206 White Street, Happy, Texas. For traveling, the bride wore an orchid knit pantsuit with beige accessories and a corsage of roses.

The bride is a 1968 graduate of Lazbuddie High School, attended Lubbock Christian College and is employed there as admissions secretary. She will be a junior student at West Texas State University this fall.

A 1969 graduate of Happy High School, the groom attended Lubbock Christian College and is now engaged in farming at Happy.

Out of town tuests for the wedding wee from Abilene, Amarillo, Lubbock, Friona, Happy, Ft. Worth, Dimmitt, Ralls, Brownfield, Hereford, Clovis and Midland.

The rehearsal dinner was held June 10 at the Colonial Inn in Dimmitt.

Frances Stegall To Have Art Show In Amarillo

Frances Stegall will have a six-day, one-man art show in Amarillo at "The Gallery",

Trades Fair Shopping Center, 3506-A N. E. 24th, beginning Sunday, June 13 through June 18. Mrs. Stegall's work consists of early western scenes. Among local artist whom she has studied under are Blanche Lenderson and Dana Arnold. She has also studied with Caba-

llero, Konis, Cheatham, Taubes and has received encouragement from Peter Hurd critiquing some of her work. She invites any interested persons who would like to see her work to visit Sunday when she will have a reception.

Miss Pierson, Eubanks United In Ceremony

Mrs. Gary Lynn Eubanks

Miss Wando Jo Pierson and Gary Lynn Eubanks were married Friday, June 4, at 8:00 p.m. in the Assembly of God Church of Muleshoe. Rev. H. D. Hunter, Jr. performed the double ring ceremony.

Parents of the couple are Mr. and Mrs. D. W. Pierson of Farwell and Mr. and Mrs. Hoyt Eubanks of Lazbuddie.

A large family Bible and a memory candle centered the front of the church, adorned on either side by candleabras.

Miss Sharon Eubanks, sister of the groom, sang "The Twelfth of Never" and read a poem. She was accompanied by Mrs. W. T. Watson, organist, who played the theme from "Romeo and Juliet" and other selections.

Escorted to the altar and given in marriage by her father, the bride wore a formal gown designed with a bodice of lace over peau de sole and a portrait neckline. The empire waist came to a peak in the front and the full gored skirt featured a V-shaped panel down the front with layers of lace. The sleeves were full monk sleeves over long lace sleeves. The bride carried a nosegay of white roses.

Miss Sharon Farmer of Big Spring was maid of honor. Bridesmaids were Miss Vicki Kunselman of Bovina and Miss Jayne Eubanks, DeKalb, sister of the groom. They wore identical full length dresses of hot pink silk shantung. The long skirt was gathered to an empire waistline featuring lace trim.

The square neckline also had lace trim. The dresses were made with short bell sleeves.

The flower girl, Sharry Christian of Farwell, wore a dress identical to the attendants. Candlelighters, Darla Hunter of Muleshoe and Cindy Caldwell of Bovina, also were dressed like the older attendants. Ring bearers were Cherith Randolph of Friona and Todd Christian of Farwell. She wore a short white dress of organdy, embroidered with pink and olive and featuring ribbon trim at the empire waist. He wore a white double knit suit. Skip Magby of Muleshoe, rolled out the white carpet as the bride entered the church. Mrs. Bobbie Pierson, sister-in-law of the bride, registered the guests.

Best man was Billy Eubanks, DeKalb, brother of the groom. Steve Pierson, brother of the bride, and Max Eubanks, his cousin and her brother-in-law, were groomsmen. Ushers were Alton McCormick, Bovina and Dale Pierson, cousin of the bride, Hereford.

The reception was held in the Fellowship Hall of the church following the ceremony. Registering guests at the reception were Miss Debbie Pierson, cousin of the bride. The registering table was centered with an arrangement of hot pink daisies.

Decorations for the reception carried out the bride's color of hot pink. Cake and punch were served from the bride's table by Merlee Dennis of Big Springs and Vici Stallings of Bovina.

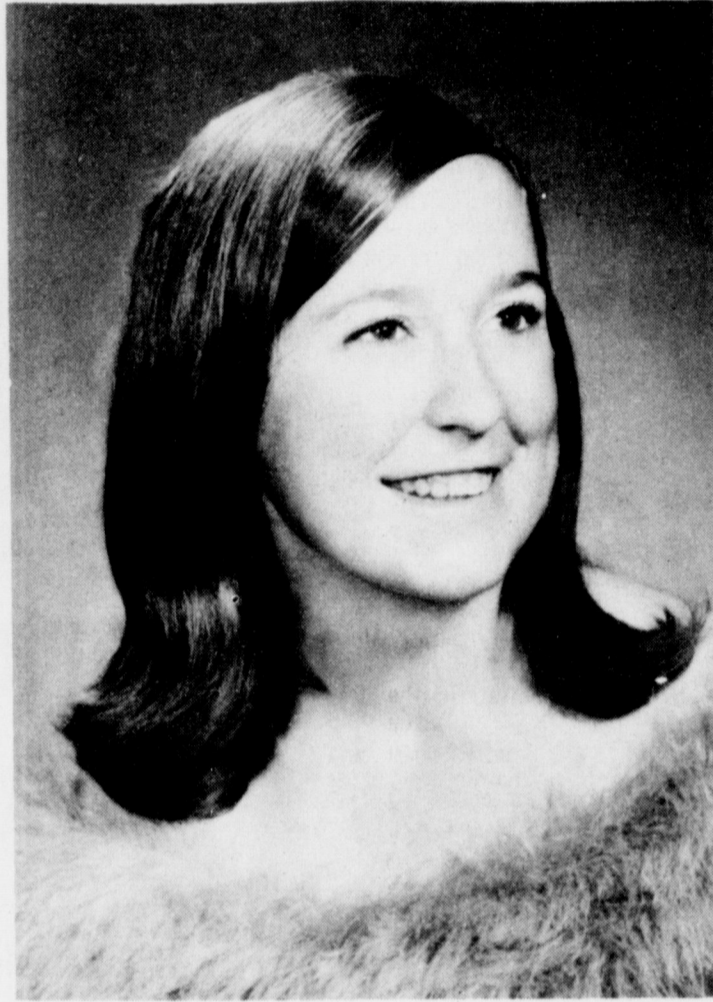

For a wedding trip to Carlsbad and Roswell, the bride wore a peach colored dress with a sleeveless coat of double knit. The couple will be at home in Lazbuddie after their trip.

The bride is a 1970 graduate of Bovina High School and attended Clarendon Junior College one year.

Tight sweaters with long sleeves are paired with short or long pants of contrasting color.

TO WED . . . Mr. and Mrs. Joe L. Langer of Muleshoe announce the engagement and approaching marriage of their daughter, Penny Lee Langer of Muleshoe, to Roger D. Graham, son of Mr. and Mrs. Bill D. Graham of Heavener, Oklahoma. The bride-elect has returned home from two years of college at West Texas State University. Graham has served two and a half years with the United States Air Force at Cannon Air Force Base at Clovis and has signed for four more years. He plans to go to Spain in August.

Wenner Family Has Reunion

The Wenner family reunion was held June 6 in Littlefield at the Plains Motel, owned and operated by Rev. and Mrs. E. L. Merriott who were host and hostess.

Those attending were Mrs. F. L. Wenner, Mr. and Mrs. Lonnie Merriott, Gary and Mickie, all of Muleshoe, Mr. and Mrs. Delter Wenner, Mr. and Mrs. Reaford Wenner and LaReta and Rayborn of Lazbuddie, Ralph Wenner of San Diego, California, Mr. and Mrs. Gilbert Wenner and Shirlee of Friona, Mr. and Mrs. Virgil Merriott and two children of Hereford, Mr. and Mrs. Ronald Ashford of Odessa and Mr. and Mrs. Jimmie Bruton of Canyon.

AUGUST CEREMONY PLANNED . . . Mr. and Mrs. A. L. Nuttall of Bovina announce the engagement and approaching marriage of their daughter, Debra Lou, to Johnny Michael Raney, son of Mr. and Mrs. Edd Edmiston of Muleshoe. Wedding vows will be exchanged Friday, August 13, at 6:00 p.m. in the Bovina First Baptist Church. The bride-elect is a 1971 graduate of Bovina High School and is a 1969 graduate of Muleshoe High School. He is employed by Missouri Beef in Friona.

Square Thru News

reporter: Alisa Dollar

On June 9, 1971, the club met at the Corral Restaurant at 8:00 p.m. in order to elect officers for the next six months. The following were elected: Jim Presley, president; Carl Ellington, vice president; Laverne James, secretary; Sherry Wisian, treasurer; Nelda Hunt, reporter and historian; Curby Brantley, social chairman; Eugene Shaw and Hilbert Wisian, board members; and Jim Presley, delegate to federation. Outgoing officers are Robert

Hunt, president; Hilbert Wisian, vice president; Alisa Dollar, secretary and reporter; Sherry Wisian, treasurer; Nelda Hunt, historian; Laverne James, social chairman; and Ben Roming and Jim Presley, board members.

We all want to acknowledge Robert and thank him for the representation and support he, Nelda and their children have given the club during his term as president.

As you have probably noticed, Sherry and Nelda were so good as treasurer and historian, they were nominated by acclamation and accepted before they could open their mouths to protest!

We have an anniversary dance this next Monday, June 14, 1971, so honor our second year of dancing. It will be at the American Legion at 8:00 p.m. Admission is \$2.00 per couple and 50 cents per person under the age of 12. We will have plenty of homemade ice cream and cake, so come out and join our fun.

The Curby Brantley's and children and the Jim Presleys and children visited the Air Base in Clovis Saturday, June 5, and reported a fun time. That's all!

U.S. acknowledges step-up in Cambodian air war.

Lazbuddie News

Mrs. Richard Engelking

Jimmy Noland, son of Mr. and Mrs. J. E. Noland, left Saturday, June 5, for Austin where he is attending Boys State. Jimmy is sponsored by Lazbuddie Young Homemakers and will return Saturday from a full week of various activities that Boys State offers.

He attended a seminar May 29 in Amarillo for the 64 delegates from the 18 districts that accompanied him on the trip.

Mrs. Shirley Howard was a recent guest in the home of her parents, the DeBoe Carpenters, and her son, Danny, Shirley was enroute back to her home in Houston after being in Los Angeles several weeks in a training program concerning new phases in her job for Shell Oil Corporation.

A warm welcome is extended to Rev. Carl Oglesby, his wife, Edna, and sons Carleton, a recent high school graduate, Sherwood, who will be a junior, Robert, an eighth grader and Darrell, fifth grader. Rev. Oglesby is the new United Methodist Church pastor, replacing Roy Patterson who moved to Turkey.

Mr. and Mrs. Roy Farley, LeAnn, Susan and Scotty returned last week from an Arkansas visit with Roy's father. They reported the magnolias being especially pretty this year, even the smaller trees were in full bloom around Greenwood, Arkansas, Roy's Ole' stompin' ground.

Mr. and Mrs. Finis Jennings returned the last of May from an 18 day stay at Hot Springs or rather Truth or Consequences New Mexico, enjoying the baths there. Mr. and Mrs. Albert Carroll of Muleshoe were there also, for a few days.

Miss Marie Engelking of Many Farms, Arizona, was a brief visitor last week in the homes of her brother, Ike Engelking and nephews, Jerry and Richard. She was enroute to Norman, Oklahoma where she will attend the summer session at O.U. in a training program in her field of work on the reservation with the Indians.

Vacation Bible School is in progress this week at United Methodist Church with their program concluding the week's work, scheduled for 7:15 Sunday night.

The school is directed by Mrs. Kitty Gallman. Other workers are: Mrs. Nancy Honeycutt, babies; Alice Hill, Charlotte Redwine, Leatrice Gallman, nursery; Kay Seaton and Jane Blackburn, Kindergarten; Barbara Lust, Louise Engelking, Marlene McDonald, Elementary I-III; and Linda Elliott and Sandy Gregory, Elementary IV-VI.

The Bill Jennings' home was filled with visitors, most of them here to attend daughter Debbie's graduation from LHS. They included Pug's parents, Mr. and Mrs. Jack Walker and a friend, Ruby Jones of Marshallville, Georgia; an aunt and uncle from Sun City, Arizona, the H. F. Trimmers; a sister and husband, Mr. and Mrs. Tom Fergus of Dallas; an aunt from Duncan, Oklahoma, Betty Zoe Sanders; a sister, Betty Sue Robinson of Hereford and friends Mr. and Mrs. Virgil Scott of Tulsa.

News of Our Servicemen

M.F. Doshier

FT. POLK, LA.--Army Private Michael F. Doshier, 20, son of Mr. and Mrs. Frank J. Doshier Jr., Route 1, Farwell, recently completed eight weeks of basic training at the U. S. Army Training Center, Infantry, Ft. Polk, La.

He received instruction in drill and ceremonies, weapons, map reading, combat tactics, military courtesy, military justice, first aid, and army history and traditions.

L. D. Adrian

ORLANDO, FLA.--Navy Airman Lonnie D. Adrian, son of Mr. and Mrs. G. L. Adrian, of Route Two, Earth, was graduated from basic training at the Recruit Training Command, Orlando, Fla.

He attended West Texas State University at Canyon.

Mr. and Mrs. Cecil Malone have been at their fishing camp in Sapinero, Colorado for some time and Mrs. O. M. (Nannie) Jennings decided to join them for a two weeks stay.

Us Engelkings, Richard, Marilyn, Deb and Dave spent a recent weekend down state at that happened to be host to the San Francisco Giants and Houston Astros. (My goodness, what they have done to the ole ball park, fancee!!) We though for a while we had

traveled those miles just to see our favorite, Willie Mays sit on the bench and blow bubbles and shine his shoes once in a while, but he didn't let the Astrodome bother him too much as he came in and tied the ball game and sent the game into extra innings and brought the huge crowd to life. We also toured Astroworld while there.

Mr. and Mrs. Fred Wilbanks left Friday for a months visit on the farm and with relatives in Marshall, Arkansas.

Mr. and Mrs. Paul Wilbanks and daughter, Melissa, accompanied by Debbie Engelking (Paul's niece), left Saturday, for a weeks visit in Marshall, Arkansas. They have hopes of catching lots of fish, both from the many streams and rivers and from Dad Fred's various ponds on his farm there.

Man's real life is happy, chiefly because he is ever expecting that it soon will be so.

-E.A. Poe.

Local Youth Is Counselor For Boy Scouts

The summer camping season of the South Plains Boy Scout Council is underway, with twelve-hundred Scouts expected to participate by the closing date of August 14, according to Jack F. Strong, Camping Chairman of the council.

The season opened at Camp Post on May 30th. District Scout Executive Ray Hoppens of Lubbock is the director at Camp Post, and District Scout Executive Jerry Stevens of Plainview will direct Camp Tres

Ritos in New Mexico, beginning July 4. Several Texas Tech students are on the staff this year, including Jim Eggleston as program director, Garry Mangum as camp commissioner, Rhonnie Crawford as business manager, Douglas Stahl as aquatics director and David Woodall as assistant camp ranger.

South Plains College in Levelland is represented by David Roden of Littlefield as trading post manager and Richard Scar-

brough of Levelland as Boat and Canoe director.

From Wayland Baptist College in Plainview, Richard Mitchell of Lubbock and Dale McClesky of Farwell will serve as Camp Chaplains at Camp Post and Camp Tres Ritos respectively.

John W. Burghardt of Lubbock is rifle instructor at Post and William Bennett of Crosbyton is the ecology and conservation director for Tres Ritos. Dwayne Day of Lubbock is archery in-

structor. Aquatics Aides at Post include Richard Vigness and

Mr. and Mrs. Clarence Cannon spent Sunday with his brother, Mr. and Mrs. Garlon Cannon in Amarillo. In the afternoon the group toured the museum in Canyon.

John Tower
United States Senate
COMMITTEE ON ARMED SERVICES

This week the House Ways and Means Committee began hearings on the Revenue Sharing proposal which the President has asked the Congress to enact. Treasury Secretary John B. Connally ably explained the advantages of Revenue Sharing in his testimony before the committee. As our former state governor, he knows as well as anyone the financial bind which state and local governments find themselves in today.

Irrigating Between Rows Boosts Skip-Row Cotton

Getting the most from irrigation water, especially where the supply is limited, should be the goal of every producer. In Garza County, this is being accomplished on several cotton farms, and increased profits are the result.

Applying irrigation water in the furrow between rows of skip-row cotton has boosted yields 10 to 20 percent per acre, reports Leon New of Lubbock, area irrigation specialist with the Texas Agricultural Extension Service. New, along with Syd Conner, Garza county agricultural agent, has conducted irrigation studies the past two years on the Travis Lancaster farm and also had a test on the Virgil Bilbo farm in 1970.

Yields ranged from 24 to 82 pounds more lint per acre where irrigation water was applied between the two rows of cotton compared to application in the skipped row in a two-in, one-out planing pattern, says New. Yield differences of 82 and 64 pounds occurred on the Lancaster farm while a 24-pound difference was noted on the Bilbo farm.

Irrigations were the same for the two water placement procedures. Either one or two irrigations of the same quantity

were applied. Timely rainfall last July and August on the Bilbo farm probably minimized the yield differences from the "Between-the-cotton" irrigation.

Verticillium wilt entered into the picture as expected but did not influence yield as much as did the extra boost from having the water closer to the plants. Cotton watered between the rows had 7 to 15 percent more wilt infected plants but yields were still higher than where water was applied in the skipped row. Cotton varieties in the tests were Paymaster 202 and Coker 4104. Similar tests are planned with more wilt tolerant varieties.

Cotton yields were boosted with limited irrigation by placing the water where more plant roots could take advantage of it, contends New. Also, plant shading reduced surface evaporation.

Irrigation water must be managed efficiently to obtain the greatest profit per acre-inch, he emphasizes.

One of the easiest things to do is to start an argument and one of the hardest things to do is to stop one.

governments. Almost half of these funds would be passed on to local governments. These funds would better enable the state and local governments to carry on their growing responsibilities to their citizens for increased public services.

We have come to the point when local property taxes and state sales taxes are simply insufficient to enable the state and local governments to meet their public services demands. The federal government has attempted over the past several years to assist state and local governments in meeting their public service responsibilities by providing financial assistance pretty much on a case by case basis. The federal government has considered specific applications for assistance and attempted to assist those which appear most worthy. The process has involved a great deal of time and in some cases those at the federal level have seen a need to greatly influence a local or state program before funding can be obtained. In the process, funds which could have gone toward increased public service have gone instead to pay bureaucrats.

Revenue Sharing is a new concept designed to solve these problems. It would enable state and local governments to cooperate more effectively and possibly most important, it would allow them to operate free of federal control. I believe that government operates best when it is as close to the people it serves as possible where it can best know the needs of the people and be most responsive to their wishes.

This is the concept of Revenue Sharing.

Under Revenue Sharing a portion of the federal income tax base would be earmarked for general aid to state and local governments. These funds would come from expansion of federal receipts as the nation's economy grows.

Contra to what you would expect, I am very happy to echo the remarks of this fine public servant, John Connally.

On another topic, I would like to take these last few weeks of my report to thank the many hundreds and thousands of you who have taken the time to cooperate more effectively and tend to me your best wishes upon the completion of my tenth year of service in the United States Senate.

Those ten years seem to have passed very quickly. I have tried to provide responsible representation in the Senate for the whole state of Texas and I have tried to stand on the side of the issues which I believed to be the side of the majority of Texans. I know that I have not been able to agree with you of all of the time, but I am deeply honored and deeply moved by the many expressions of appreciation I have received from you, the people for whom I work.

many inaccurate reports, the program would not require a tax increase nor would it result in a reduction of existing government programs.

The states, cities and counties receiving the shared funds will make the decisions as to which purposes the funds should be directed. The federal government would not second-guess local determination on local priorities.

It has been suggested that our welfare programs, now run by the states, be federalized in order to free state money for other programs. This action has been suggested as a substitute for Revenue Sharing. I think such action would make a very poor substitute. It would take control away from state governments and encourage the trend toward big government. This trend needs not to be encouraged but instead to be reversed.

A federalized welfare program also would provide far less financial assistance to the state and local governments, I think Secretary Connally summed up the situation very well when he told the committee, and I quote, "The present system of federal aid to states and localities clearly is not meeting our needs; it is not likely to do so in the future in its present form."

"Revenue Sharing is a new approach that will enable government to respond more effectively to the needs of the people."

I am very happy to echo the remarks of this fine public servant, John Connally.

FLAG ETIQUETTE
Here are some rules and regulations on the proper display of the American flag.

FLY IT PROUDLY FLAG DAY JUNE 14th

The Stars and Stripes should be given peak position, above others when on same halyard.

Men, women in uniform should give right hand salute; civilians should put hand over heart.

Indoors or out, when displayed horizontally or vertically against a wall, the stars should be uppermost and to the flag's own right, that is, to the observers' left.

When flag is flown from window sill, the Union should go to the peak unless the flag is at half staff.

When flag is on platform it should be above and behind speaker. For decoration use bunting with blue stripe up.

A Proud Salute To The Stars And Stripes.

Respect Our Flag. She Still Represents The Greatest Nation In The World.

Eastern Star Conducts Installation Ceremony

An installation was held by Muleshoe Chapter No. 792, Order of the Eastern Star, Monday evening, June 7, in Masonic Hall, as Mrs. Wilford Boren was installed as Worthy Matron.

Other officers installed were: Alex H. Williams, Worthy Patron; Mrs. Owen Jones, Associate Matron; Owen Jones, Associate Patron; Mrs. John Farley, secretary; Mrs. Alex Williams, treasurer; Mrs. Wayne Williams, marshal; Mrs. T. B. Hicks, organist; Mrs. Derrell Nowell, Adah; Mrs. Wyle Bullock, Esther; Mrs. Glenn Lust, Martha; Mrs. Har-

lan Davis, Electa; Spencer Beavers, Warden; and Derrell Nowell, Sentinel.

The installing officer, Mrs. Frank Hinkson, was assisted by Mrs. John Thomson, installing chaplain; Mrs. Spencer Beavers, installing secretary; Mrs. Louie Norwood, installing marshal and Mrs. Bill Johnson, installing organist.

The Bible was presented by Miss Kathy Boren, as she recited the Twenty-Third Psalm. Teri Boren presented the Square and Compasses, and escorted his mother to the East.

Miss Debbie Blaylock presided at the Guest Register. Mrs. Boren dedicated her Eastern Star year to her husband, Wilford, her children, Kathy and Teri, and to all the young people of our time, that we may have more understanding and patience and love for all of them. Her emblem is the Holy Bible; scripture, Pro-

verbs, 3:13; flower, rose; and colors, red and pink. She gave an interesting address and paid tribute to her installing officers, the Master Masons, Past Matrons and Past Patrons.

Mrs. Charleta Treider sang, "My God and I". She was accompanied at the piano by Mrs. Bill Johnson.

Alex Williams, the new Worthy Patron, introduced his wife, Ruth, and daughter, Marcella, who escorted him to the East. He gave a short address

in accepting his office.

The hall was decorated to depict a rose garden. White trellises covered with climbing red roses were placed at the entrances to the chapter room. Large rose trees adorned the East, and in front of the Worthy Matron's Station, a large open Bible made of styrofoam was inscribed in gold letters: "Happy is the man that findeth wisdom, and the man that getteth understanding." Proverbs 3:13.

Arrangements of red roses were placed about the hall, and behind each Star Point Station, an open Bible, inscribed in gold lettering, the chapter and verse of the Star Point.

Mrs. Murrell extended an invitation to her installation, to be held Saturday evening, June 12 at 8:30 p.m.

Worthy Matron, Sidney Dell Bullock, and retiring Worthy Patron, Wyle Bullock, at the Altar by Mr. and Mrs. Glenn Lust, Junior Past Matron and Past Patron of the Chapter.

The newly installed officers, in their red formal, gave the retiring drill. The Benediction was given by Alex Williams. Miss Debbie Blaylock and Miss Nelda Vernon served refreshments in the banquet room from a table, centered with a epergne and crystal service.

Guests from Earth Chapter No. 870, were Mrs. Mary Murrell; Mae Dell Simmons and Leonard Green.

Progress 4-H Horse Club Has Meeting

The Progress 4-H Club met June 3 at the Jimmie Carpenter home. The president called the meeting to order and the secretary called the roll and read the minutes from the last meeting.

Carpenter reminded everyone that 250 points are needed by each member to acquire a breast collar.

The club then voted to give buckles to those going to the District Horse Show. Dates were given for upcoming play-days. Those going to district must turn in their Horse Record Books to Mrs. Carpenter by June 15. Bobby Henderson read an interesting article to the club.

The club discussed plans for a future trail ride. They also decided to ride in the Muleshoe July 5th parade. Carpenter accepted an invitation for the club to attend a closed matched playday in Texas.

The meeting adjourned and refreshments were served.

ENGAGEMENT ANNOUNCED . . . The engagement of Miss Etta Jyniece Callaway and Jock Douglas Lee was announced Sunday, June 6, at a tea in the home of the bride-elect's parents, Mr. and Mrs. E. J. Callaway, Jr., 610 S. Endicott, Spearman, Texas. The prospective groom is the son of Judge and Mrs. Johnnie C. Lee, also of Spearman. Vows will be exchanged July 31, 1971 at 7:00 p.m. in a ceremony at the First United Methodist Church of Spearman. Miss Callaway attended Texas Tech University and Frank Phillips College. She was a member of the Business Administration Student Council at Texas Tech and the traveling Medicine Show and Inter-Faith Chapel and Frank Phillips. Her fiancé is a senior Veterinary student at Texas A&M University. He has been named to the Distinguished Students list the past four semesters which gives him special campus privileges. Miss Callaway is the granddaughter of Mrs. Velma Hogan of Muleshoe.

Dr. Robert Jones of Houston gave the organ sectional on registration.

The voice sectional on "The Teachers Responsibility in Molding the Singer" was directed by Christine Palmer.

The group from Muleshoe returned feeling most benefited from the convention and also with the knowledge that the Texas Music Teachers Association convention will be held in Lubbock next year. This will make it much easier for the Muleshoe Music Teachers association to participate, especially in the Student Affiliate Activities.

Music Teachers, Students Attend Convention At El Paso

Attending the Texas Music Teachers convention in El Paso this week were Mrs. Sam Damron, Mrs. Jim Milner,

JULY WEDDING PLANNED . . . Mr. and Mrs. Jack Riels of Muleshoe announce the engagement and approaching marriage of their daughter, Patricia Karen, to Sgt. James A. Dunnuck, son of Mr. and Mrs. Willis Dunnuck of Denver, Indiana. The bride-elect is a 1969 graduate of Muleshoe High School and is employed by Marion's of Muleshoe. Dunnuck is a 1968 graduate of North Miami High School, Denver, Indiana, and is presently stationed at Cannon Air Force Base, Clovis, New Mexico. The couple will be married July 11 at the Trinity Baptist Church of Muleshoe.

Shannon Sowder and Deborah Burchel. The group left Muleshoe on Friday, June 4, in order to be in El Paso on Saturday morning for the beginning of Student Affiliate Activities in which approximately 350 students and teachers took part.

Mme. Lilli Kraus, native of Budapest, and popular recitalist and lecturer, gave a master class in which 12 advanced students participated.

The students and teachers took out time for recreation in the form of an aerial tramway excursion to the top of the mountain, El Cristo Rey. This was followed by a visit to La Villita, a group of shops.

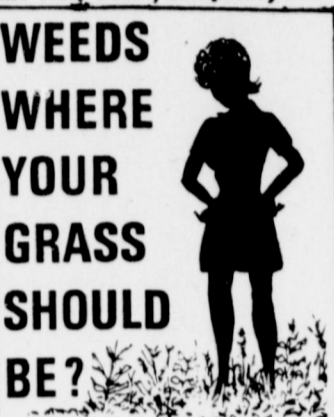

On Sunday afternoon the group enjoyed a trip to Juarez, which featured demonstrations of Mexican dances, eating at a Mexican restaurant and shopping.

On Monday, a day of very active Student Affiliate participation began. Deborah Burchel represented the Muleshoe Music Teachers Association on the Texas Composers Program. This was the climax of her winning tryouts in Muleshoe in March and also passing a required theory test on the state level. Her number on the program was Havana Holiday by Hazel Cobb. She is the daughter of Mr. and Mrs. A. L. Burchel and the piano pupil of Mrs. Jim Milner.

Many piano ensembles, junior and senior solo winners, vocal winners and orchestral instruments winners performed along

Smart parents let their children learn something by experience.

Weeds In Grain Can Be Controlled

LUBBOCK -- Recent rains were a blessing to many parched areas of the High Plains, but this moisture means additional weeds in some grain sorghum.

Weeds can be costly as indicated by research conducted by Texas A&M University in which one carelessweed every 128 feet of row cost more than \$4 in a 4,000 pound per acre yield.

Fortunately, scientific research has produced herbicides which producers can use to combat weed problems in grain sorghum, points out Dr. Robert Metzger, area agronomist with the Texas Agricultural Extension Service. Some of the materials that are effective in controlling established weeds are AATREX, Karmex, Banvel and 2,4-D. Selection depends on such factors as the stage of sorghum growth, weed size, soil type, crop rotation, crops in adjacent fields and local herbicide laws.

According to Metzger, there are two key points in getting effective kill of emerging weeds. First, use a proper surfactant or wetting agent with the herbicide at the rate of two points in 50 gallons of water with each of the chemicals listed above. Secondly, apply the herbicides when weeds are small and growing vigorously.

AATREX at one pound per acre controls carelessweeds less than one inch tall, says the agronomist. Higher rates (1 1/2 to 3 pounds per acre) of AATREX plus crop oil are required for larger carelessweeds. Weeds more than four inches tall may not be killed if under moisture stress. Some small watergrass may also be controlled.

Sorghum on silty loam should be at least two inches tall and on fine sandy loam at least six inches tall before applying AATREX. Do not spray the herbicide on loamy sand and sandy soil, cautions Metzger, since it leaches and will be absorbed by sorghum roots.

Crop rotations are important when using AATREX. Cotton, soybeans, vegetables and sugar beets may be severely damaged or killed if planted on the same land the following year. Reduce residues by using land treatments over the row rather than total spray coverage.

The cheapest chemical for controlling annual and perennial broadleaf weeds in grain sorghum is 2,4-D. However, Metzger emphasizes that this herbicide should be used with caution since sorghum varieties with wheatland parentage are easily damaged by 2,4-D. Nearby cotton or vegetables can also be severely damaged from spray drift.

Treat sorghum after the plants are at least six inches tall but before the boot stage. Weeds of various sizes can be killed but results can be slow. Minimize spray drift by using high gallonage (20 to 40 gallons per acre) and low pressure and spraying when winds are less than 10 miles per hour. Vapor drift can also be reduced by using low volatile formulations such as amines or lithium salt. Ester formulations should not be used.

Do not mix AATREX and 2,4-D since this may cause serious lodging and yield reduction in grain sorghum.

According to Metzger, Banvel also gives excellent control of small annual and perennial broadleaf weeds. However, severe lodging and head blasting can occur if the herbicide is applied later than 25 days after planting or after head development has started. Reduce sorghum injury during later applications with an improvised shield to keep the chemical off the plant, especially the whorl portion.

Although Banvel is not as toxic to cotton as 2,4-D, it can cause severe damage to soybeans and vegetables. Follow similar spray precautions with Banvel as with 2,4-D.

Karmex gives excellent control of carelessweeds that emerge after late irrigation in 15-inch or taller grain sorghum. This herbicide produces no soil residue and can also be used in six-inch cotton to control carelessweeds.

Metzger recommends that producers select the best possible herbicide for the job at hand. Read label instructions thoroughly and then follow them closely.

Each bid shall be accompanied by a Certified or Cashier's check on a State or National Bank of the State of Texas in the amount of \$1,500.00 made payable without recourse to the order of the "State Highway Commission," as a guarantee that the bidder, if successful, will consummate the purchase, Certified or Cashier's Check of the successful bidder may be retained until after the purchase is consummated. Checks of all except the successful bidder will be returned.

In addition to the amount bid, a service fee of 1% of the price bid will be required as a condition precedent to delivery of the State's quitclaim deed to this property.

Bids will be received on or before the hour and date set for the opening thereof, and must be in the hands of the individual indicated above by that time. Bids may be submitted by letter. Bidders or authorized agents are invited to be present at the opening of bids.

The State reserves the right to reject any and all bids. Bid forms and additional information may be obtained from Lloyd Killough, Maintenance Foreman, Muleshoe, Texas or Mr. O.L. Crain, District Engineer, Box 771, Lubbock, Texas (601 Slaton Road, Lubbock)

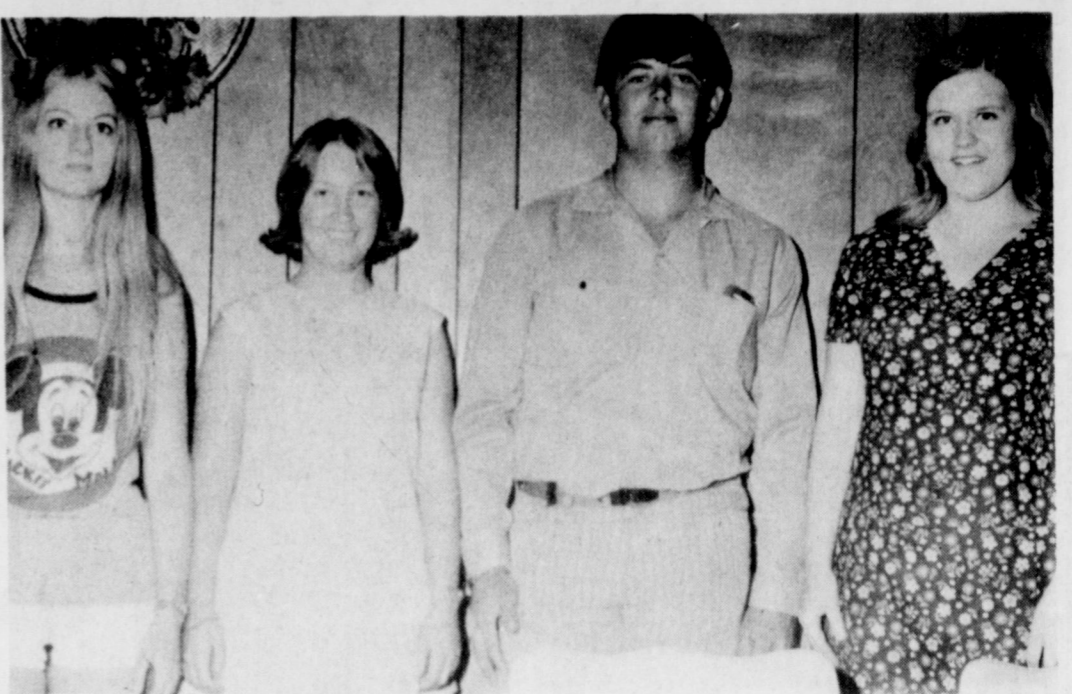

When submitted by mail, the bids shall be addressed to Mr. O.L. Crain, District Engineer, Texas Highway Department, Box 771, Lubbock Texas 79408 and the envelope marked: "BID ON SALE OF STATE LAND," with the date and hour of bid opening shown, 22s-3Stc

We made it over the hundred mark--one hundred six merchants participating in Pop's Ski Rig. We certainly do appreciate the good participation from the businesses, and those who did the contacting, thanks also to Polly Oliver for painting the sign for Pop's Ski Rig.

Plans are beginning to take shape for our Fourth of July celebration, with a talent show being added this year, and possibly a unique motorcycle exhibition.

Lets make Muleshoe sparkle -- support the Muleshoe Annual Clean-up Campaign.

The only way to get anything done is to start doing it.

DAMRON DRUG CO. REXALL 308 MAIN Ph. 272-4210	MULESHOE STATE BANK MEMBER FDIC

PROTECTS ROSES FROM WITHIN!

Contains systemic insecticide, which is absorbed thru the roots to give invisible protection--that can't be washed off and thwarts certain sucking and piercing insects. It's a breakthrough for rose growers, means an end to troublesome dusting and spraying. Contains proper plant food balance
