If You are a Real Booster

You will visit the school house.

You are going to inspect the school house occasionally, even though you are not on the school board, and if you find it unsanitary you are going to make Rome howl, because the health of your children and of every other parent children is being jeopardized. If the accommodations are not amply sufficient some children are being prevented from getting an education, and you are going to be their champion and fight for the needed improvements, even though you know it will take an extra dollar or two out of your pocket for taxes.

You will fight for the kids.

You are going to see that every boy in your town is given a fair square chance to become a decent man and useful citizen. Eighty five percent of the prisoners in your county jail are illiterate. It is cheaper to give a boy a good education and start him on the road to decency and success than to allow him to remain an illiterate, become a criminal and execute him for his crime.

You have a sincere respect for the church.

Even if you are not a member of the church you are going to recognize it as one of the greatest institutions for promoting the religious and moral welfare of your town, and you are going to attend service at least occasionally out of respect for the minister, and because you want him to know you endorse the things that he stands for in your community.

You are not a "Tight Wad"

You are going to make your own dollar jingle along with the

dollars of your neighbors in the collection plate, to help buy the coal supply for the church in winter, for planting the roof or window blinds in summer, and you are going to make the dominie's heart happy by telling him his sermons have helped you.

You will back up the Chautauqua

You are going to be strong for the Chautauqua because you realize that unless your young people as well as your older people, are provided the opportunity for this sort of wholesome, clean and elevating recreation and entertainment, people with lower ideals are going to bring in amusements of the sort that tend to demoralize and to degrade.

You believe in pulling together

You will be a leader in promoting community co-operation, which is simply getting together and pulling together, realizing that a dozen determined business men who will lay aside petty self interest and work together for the general good will put your town on the map and keep it there.

You radiate enthusiasm and inspire progress

Your town may be very small but if it has a few citizens of your caliber it is bound to grow for your young men and young women will realize that in the process of a community development in the making of better schools in the building of better roads in introducing better methods of agriculture, in improving the facilities for merchandising and in the launching of new manufacturing enterprises there will be abundant opportunity for them to achieve within the very sight of the old "Home, Sweet Home," just as splendid and successful careers

as any great city in this country could offer them.

You have a warm heart and wise head

Your fellow men always extend you the open hand, for you never thrust at them the closed fist. The corners of your mouth turn up instead of down. You radiate cordiality because your heart is warm. The young men come to you for counsel concerning plars. The unfortunate come to you for solution of their problems. The little children love you because they understand you.

You are a citizen any town will be proud of

Finally my dear Booster you will never grow old for the foundation of Eternal Youth is in the heart of every Booster. You will not have to die in order to enter Heaven for you have already built your home in the very center of it.

Marriages

Two of our popular young carpenters, recently here from Lamesa, greatly surprised their friends this week by bringing in helpmates.

Mr. B.L. Lendley left Sunday for Lamesa, where he was united in marriage to Miss Minnie Willis of that city.

Mr. J. M. Wilson was married Monday at Lovington, N. M. to Miss Bertha Love. Both couples are boarding at the Swink rooming house. The Herald extends congratulations.

AM going to sell section 133 Block D11 abstract 46 Terry county near Gomez, look at it and make me a bid. Address box 274 Big Springs, Texas.

Hogs and Artichokes

Every Terry County man that has kept hogs as late as February has found or will find out that they do not do well at this time of the year and pigs do much worse. This is owing to the fact that they tire out on dry hard corn or maize.

It is the nature of a hog to root in the earth for a portion of its feed; artichokes furnish every necessary element to keep hogs fat and thrifty during the winter and spring months.

Artichokes should be planted about the 1st of April. They can be cut up into small pieces to plant, every eye of the potato will produce a plant. They should be planted in rows from three to three and one half feet apart the hills same space as row is wide.

They produce best on flat broke land and can be planted as much as eight inches deep. They will produce fruit in extremely dry weather. Last year (dry as it was) my artichokes produced 10,000 pounds per acre under normal conditions they will produce 15 to 20 thousand pounds per acre.

My horses, cows, hogs and chickens all eat and are very fond of them.

150 pounds will plant an acre. If one is situated so he can't turn in his hogs he can turn them out with a middle buster and with a cotton sack can pick up two tons per day.

Until March the 1st I will sell artichokes for seed for 2c per pound. Get them at Ernest Parks four miles west of Brownfield.

S. D. Lofton, Tokio, Tex.

Don't forget the City Cafe when you get hungry.

Santa Fe Cafe Opens

There probably never opened a cafe under better circumstances than the new Santa Fe in a town the size of Brownfield, than when the doors of this one was thrown open to the public Wednesday afternoon.

They have nine nice rooms up stairs, with a neat parlor where ladies can assemble without being in the rush and babble down stairs, as the lower floors are given up to the cafe. The beds and covering are the best they could get and the rooms are large and airy.

Messrs Wicker & Hunter has spared no pains to make this an entirely up-to-date place, the cafe part being finished in the latest models, and the supplies are put in with the intention of contrast and beauty, as well as utility. Take a look at this place when in town.

We congratulate the proprietors in their efforts to give this town something real nice and ask you to note their ad elsewhere in this paper.

Thursday Needle Club

Mesdames Will Alf Bell and Slater, hostess to the Thursday Needle Club and a few visitors, last week.

A very pleasant afternoon was spent in fancy work, after which a delicious salad course was served.

They will meet with Mesdames Barclay and Craven, at Mrs. Barclay's new home next Thursday.

S. E. WALTON

J. R. Lowrie was a business visitor in Brownfield last week and reports that Brownfield is going to have a new bank, which is being promoted by Judge Spencer he having bought a lot on the southwest corner of the square.—Dawson County News. This is a new one on us, though perhaps there is something to it. However the Judge did not buy the lot spoken of but has owned it some ten or twelve years.

He sat in his door at noon day lonely and glum and said; the flies were buzzing about him, led by a blue winged gad; not a costomer darkened his portal not a sign of business was there but the flies kept on buzzing about the old man's hair; at last in misery he shouted: "Great Scott I'm covered with flies!" and the zephyr that toyed with his whiskers, whispered, "Why don't you

advertise?"

A hen is not supposed to have much sense or tact, yet every time she lays an egg she cackles forth the fact. A rooster hasn't got a lot of intellect to show, but never the less most roosters have got sense enough to crow. But man, the greatest masterpiece that nature could devise, will often stop and hesitate before he'll advertise. Put your advertising in this paper.

One of the most popular young ladies went into a drug store for a bath sponge. In asking for it she made the ludicrous mistake of requesting the clerk to give her a sponge bath. The clerk swooned and his recovery is doubtful. In order to get this item we promised to mention no names.

One of Uncle Sams "boys," (a Federal officer) made a swoop on Lamesa this week and in conjunction with Sheriff Russel extended an urgent invitation to about four residents to appear before Federal court in Abilene and tell the Judge thereof from whence their authority to sell "boose" in "dry" territory without a licens. "The wav of transgressor is hard." Why wont you people learn it.—Dawson County News.

DONT forget that John and Clarencs are still scraping chins.

Frank Davenport has re purchased a half interest in the Sanitary Barber Shop from Fred Scudday, and carpenters are building him a new home near the Baptist church, he having sold his other home to his partner Homer Ingle. We did not learn what Fred aims to follow in the future.

FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Theford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble.

Ten years ago a friend told me to try Theford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Theford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Under advisement from Lamesa, Sheriff J. Lewis picked up a man here last Friday, said to be bootlegger, and landed him in jail to await the arrival of the officers of Lamesa, but the stranger took French leave in the night.

Some one, whom the local officers believe to be local people who got nervous about the matter, went to the jail some time during the night cut a hole in the jail screen, knocked out a window pane, and tossed the prisoner an old hack saw. The prisoner soon finished the padlock that kept him from liberty. Some local parties are being

watched by the officers, who hope to soon learn enough about the matter to make some arrests.

Shower Mrs. Bragg.

Mesdames Lester McPherson and A. J. Stricklin were hostess at a shower last Friday, given Mrs. M. P. Bragg, as she has returned from El Paso recently, and she and her son George had decided to do light housekeeping.

Only old friends were invited but they responded with a will, and two were from Gomez, Mesdames T. DeShazo and R. Holgate who also brot many things for other parties at Gomez, Mrs.

Braggs old home.

The recipient did not know or suspect what was up until she was led into her room that she had taken at the Stricklin home, but when her eyes fell on many nice things awaiting her, her joy and thanks were unbounded only by the fullness of heart that prevented words.

Refreshments consisting of cracker sandwiches and pickles, chocolate and cake were served to those present.

Likes Plains

D. M. Johnston, representative of the Barnhart Type Foundry of Dallas Texas called on L. P. Lomi at the Slatonite office Monday and sold us a nice in voice of type.

Incidentally Mr. Johnston stated that his present trip is his first to the South Plains. When the house placed him on this territory he seriously objected because the only mental picture was of a country like the sandy deserts of Southern California. Since he has seen these Plains he says that they are easily the most desirable section of Texas and appear to be by far the most prosperous. He cannot understand now why he so misjudged the South Plains; but his impression is the same as that carried by every man in central and eastern Texas who has never visited this land.

We recognize that the people in other parts misjudge the Plains but we also know the only way they will ever change their ideas is by a personal visit such as Mr. Johnston made. Their fooling them selves about the Plains is their misfortune —Slatonite.

Death

The sad message of the death of Mrs. Jake Adams reached here Monday morning, having died at El Paso that morning at 1 a. m. As she will be buried at Dawson, Texas, the old home of the Adams', her body was prepared to ship to that place.

Uncle Horace Adams and wife left Monday morning for that place to attend the funeral, Will Adams carrying them through to Post City in his car. Aunt Sarah, as Mrs. Adams was called here, was about 69 years old, and was a member of the Missionary Baptist Church, and was beloved by every one that ever formed her acquaintance, without exception. Her life was spent in well doing, and henceforth is layed up for her a crown everlasting. She leaves a husband and three devoted sons, whom the Herald offers its sincere sympathy in their saddest hour.

Officers Raid Poker Game

Last Saturday night while most of Brownfield citizens were peacefully snoozing, our alert officers were on a hot trail, and finally located a bunch of local men, two from Tahoka and one from Post City, having a nice quiet game in an upstairs room of a local hotel, and after watching the game from another room till they got tired, they went into the room where the money was changing hands, and all that were present presented the county with about \$22.50 each and went home.

It was thought that would be the last of gaming for a while, but others were under suspicion and after one of the suspects was given the Third Degree grilling at the County Attorney's office this week he opened his heart and turned in a lot of Crap Shooters.

The P. & O. No. 111 Lister

This lister is known to farmers wherever sold as P. & O. No. 111, but the improved type is called No. 111 on account of important improvements.

There are more of them in the hands of farmers than all other makes combined,—over 2,000 sold by one dealer in one county in West Texas. The special features on this Lister made it deserving of its immense sale. Its use is not confined to preparing for row crops; it is now almost universally used for plowing for small grain crops by listing and re-listing, leaving the ground in oval waves, which not only catches and holds the moisture but prevents the loose soils of the West from blowing away.

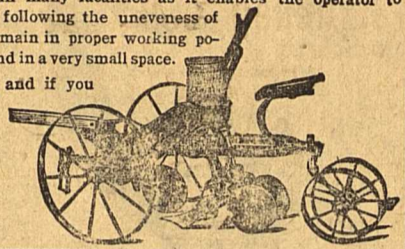

The adjusting link on front end of beam is an important exclusive feature on the No. 111, absolutely preventing the point from running below the desired depth. The wheels are provided with dust-proof boxes, an immense help in the sandy loam lands of the West. The feeding device absolutely deposits one seed at a time of any of the row crops, besides can be equipped for both corn and cotton. You will have to see this wonderful improvement to appreciate it. The tilting hoppers allow change of plates without emptying them. Furnished with either disc or shovel covers. This Lister embodied many other important features that will convince you that it is the best on the market.

The P. & O. No. 123 4-Wheel Lister

This lister has all the advantage of the No. 111 and in addition has rear wheels. This is desired in many localities as it enables the operator to see the seed as planted. The rear wheels have cushion springs to hold them in line with the row and following the unevenness of the ground and conform to the ridge without straining the rear frame, compelling also, the Lister to remain in proper working position at all times. The friction lock disengages automatically, allowing the wheels to castor and turn round in a very small space.

Brownfield Astonished

By Merchant's Story

A merchant relates the following: "For years I could not sleep without turning every hour. Whatever I ate caused gas and sourness. Also had stomach catarrk. ONE SPOONFUL buckthorn bark, glycerine, etc., as mixed in Adler-I-ka relieved me INSTANTLY." Because Adler-I-ka flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It's quickest action of anything we ever sold.
