GROCERIES AND FURNITURE
Every thing to eat, wear, or furnish your home. We have it. Our stock is complete. Our prices reasonable, and your business is appreciated. The Store Of Quality.

Brownfield Merc. Co.

More About Frozen People.

Messrs. Albert Crews, W. G. Hardin and W. F. Stewart, are the newly elected Federal Land Board of this county, and had started out last week early to view some land in the southeast part of the county, Mr. Crews furnishing the car and driver, (Mrs. Crews.) They viewed land all day Wednesday, and spent the night with Edwin Groves, ten miles south of town.

It was their intention to come into town Thursday morning, as the weataer promised to be bad, but started east from Edwin's in order to miss some sandy roads, but by the time they arrived at the road that was to take them north, the blizzard had reached such flurry, they missed it, and kept on east. About 10 a. m they run into a drift that tied up their car for good, the radiator having already

frozen, and thinking the storm would abate before night, they got in the car, covered up as best they could with the one quilt, and tried to be comfortable. But, no such luck was in store, as the storm increased toward night, and as they could not see fifty feet from them, they spent an agonizing night in the car, cramped and cold, with the mercurry at 7 below zero, when it had been 60 above on Wednesday.

After a long, weary night, day dawned clear, but cold, and they were able to see Mr. Carter's house about a half mile from them, to which place they went, their clothes were frozen to them from the snow blowing in and melting after coming in contact with their bodies.

All suffered from frosted feet, but Mr. Hardin will be layed up for some time, as his feet were really frozen.

Dr. Ponton and wife of Lubbock, and Homer Scott, of this

city, had about the same experience between here and Lubbock, but they in a very close car, had two blankets and a foot warmer. But Homer says in spite of all this, it looked like they would freeze. The exhaust became plugged with the driven sleet, snow and sand.

It is rumored here that Mr. Farris, the old gentleman and his little boy, who freights from here to Cap Rock, N. M., were both frozen to death.

Two small boys near Seagraves, spent the twenty-four hours under their "suggins" on their freight wagon and came out alright.

GEO. W. NEILL

After considering the matter very seriously, and talking with my friends I have decided to sell my three year old Durham Bull for \$50.00. See him at the pasture or me at the office.

Mail Delays.

Owing to the fact that the roads have been blocked for several days lately, we have very little news. We were without mail facilities from last Wed., to Monday of this week, and it began to look as though we were going to do without Monday, when, Mr. Ross, Asst. Eng. of the Santa Fe, kindly agreed to bring the mail down from Lubbock free of charge on the train. Judge Neill immediately got busy over the phone with the mail men at Lubbock, and it was brought down. There was a big dray load of it.

Heretofore, we have as a town or community, been well satisfied with auto mail delivery, but many such delays as these would make us all want the time hastened for the Santa Fe to take the mail. However, with this exception, auto mail delivery has been entirely satisfactory, but

hardly anybody has had serious objections to this instance, owing to conditions, though they had sure began to want to see a daily or a letter from the folks.

Worthless Cats And Dogs.

The table scraps and kitchen wastes are only to frequently fed to worthless cats and dogs. It is true that we need cats and dogs for various reasons but in this critical period of food and feed shortage, these worthless cats and dogs should not be allowed to exist. The best possible use you can make of your table and kitchen waste, is to feed them to your chickens. They will transform the waste into valuable food that will take the place of red meat.—Extension Service.

WANTED: Fat beef and some fat hens, at Hill Hotel.

TO HELP YOU

Stand the Storm of cold, we have Suits, Caps, Underwear, and Blankets; we are selling below the present WHOLESALE PRICE.

OUR Grocery

Stock is being offered to you at prices that Hoover can't complain at. Let us figure next bill. Be one of our MANY SATISFIED CUSTOMERS.

BARRIER BROS

FEEDS

Did you know there were tons of feed wasted every year, that produce no bone, muscle or fat? We have made a careful study of feeds, and are willing to lend our assistance any time in helping you select the best feeds for your stock, whether it be milk-cow, horse, hog or sheep. We appreciate your trade, whether you buy a 100 lb. sack or 50 tons, and can fill your order promptly.

never have occasion to regret their action. For your benefit we give you the following brief history of Judge McGuire:

He is 39 years old; was born in Washington county, Texas; is a graduate of the Southwestern University, Georgetown, and took his law course at the University of Texas. He has practiced law fourteen years in the cities of Gatesville, Haskell, Dallas and Lamesa. He has never held or asked for but one political office, being that of city attorney Gatesville.

The fact that he has the unanimous endorsement of the county and precinct officers of Dawson county, the city officers of Lamesa, and every business firm in his home town, is proof sufficient of their regard for him as a citizen and a lawyer.

W. R. BRIDGES

Mr. Bridges decided to make the race for Sheriff and Tax-Collector of Terry County, at the last minute this week. A write-up will follow next week.

Constitutional Vigor.

In selecting your birds, always remember that constitutional vigor is a very important factor. Cull your flock frequently, removing all such birds as show signs of physical weakness. They are the first ones to contract diseases and they cannot be kept at a profit under any circumstances.—Extension Service.

GORDON B. MCGUIRE

We take great pleasure in presenting to the voters of Terry county, the name of Hon. Gordon B. McGuire, of the law firm of McGuire & Warren, of Lamesa, Texas, who is seeking the nomination at the Democratic primaries in July, for your next District Attorney. We are sure that should he be elected, that the voters of the district will

year for trained men in the Automobile, truck and tractor field and they are being paid the highest wage of any class of mechanics to day. During the war period every auto mechanic will be needed to take the place of some one called to the Government service. Over 30 of the graduating class of last week who were of draft age enlisted in the Aviation Corps of the Army as these young men were much sought after to serve as mechanics in assembling and repairing airplane engines as the training they received at this school qualified them for splendid positions in this branch of service.

Lester McPherson Graduates

Kansas City, Mo. Special Correspondent.

L. McPherson of Brownfield Texas, who has made this city his home for the past few months as a student in automobile and traction engineering, has completed his course and having passed his examinations with credits was one of the graduating class at Rhe's Automobile and Traction School last week. He expects to return home in a few days, where he will be of service as an expert mechanic on gasoline engines of all kinds in that district. The diplomas were given out to this class by Mr. Fred E. Roberts who had an encouraging word for every graduate and some practical suggestions as to their future business success. The graduating class of last week exceeded in number the class of last year and were of the highest class of efficiency, owing to the added equipment, and instructors in this school. There is a much greater demand this

Tom May, manager of the local Magnolia Oil Co., says he has about 6 cars of oil and gas tied up in Louisiana.

YOUNGEST BIG BANK PRESIDENT HEADS RED CROSS DRIVE

JOHN L. JOHNSTON OF GERMAN SAVINGS INSTITUTION IS SOUTHWEST CHAIRMAN.

WILL GO "OVER THE TOP"

Predicts That His Division Will Exceed Its Quota in Nation-Wide Drive by 1,000,000 Members.

A bank clerk at 15 years of age, a cashier and director at 19 and president of the German Savings Institution of St. Louis, the second oldest bank in the state of Missouri, at 30.

This is the remarkable record in finance achieved by John L. Johnston, who is head of the American Red

JOHN L. JOHNSTON.

Cross Christmas membership drive for 2,000,000 additional members in the Southwestern division, comprising the states of Missouri, Kansas, Arkansas, Oklahoma and Texas, which will be launched Monday, Dec. 17, continuing until Christmas eve.

Johnston, who is applying the same principles to the formation of a gigantic organization for the Christmas membership campaign as those that won for him unprecedented success in the banking world, predicts the five states in his division will pass its al-

lignment by at least 1,000,000 members.

Spurred by his own enthusiasm over the wonderful work which the American Red Cross is accomplishing for Uncle Sam's fighting force, both at home and abroad, Johnston's co-workers are bending every energy to insure a successful opening of the big drive on Monday, Dec. 17. It is expected 25,000 persons will be enlisted in the solicitation of members when the campaign is formally launched.

"If you don't belong to the Red Cross you help prolong the suffering of our soldiers 'over there.'" This is the guiding idea that Johnston hopes will be brought home forcibly to every household in the Southwest between now and Christmas eve, when Red Cross workers and their latest campaign, in many communities, will chant across the streets as a fitting climax to the movement which will cover the width and breadth of America.

"Over the top by one million," is the slogan of the youngest metropolitan bank president in the United States, and the manner in which Johnston is whipping into shape preliminaries of the campaign augurs well for its success.

Born in Louisville, Ky., in 1886, Johnston received his first banking experience, when he was 15 years old by working as a clerk in the Bass-Johnston Banking Company at Ash and, Mo. He continued to work in the bank during the summers until, in 1905, he was elected cashier and a director, at which time he was still not of age.

In 1907 he went to Muskogee, Ok., where he became vice-president of the First National Bank of that city. In 1910 Johnston left Muskogee and became one of the organizers of the National Reserve Bank of Kansas City, which he served as cashier and director for five years. In February, 1915, he went to St. Louis as vice-president and a director of the German Savings Institution of that city. Oct. 28, last year, he was elected president of that institution, which has shown largely increased surplus and deposits under his direction.

Any man of ordinary ability can succeed if he sets his mind hard to it. This is Johnston's rule for success.

25,000,000 TOTAL RED CROSS HOST BY XMAS LIKELY

TEN MILLION GOAL OF BIG DRIVE EXPECTED TO BE DOUBLED, GIBSON PREDICTS.

BOY SCOUTS TO JOIN WORK

Merchants in Country Districts to Make Campaign in Automobiles to Win Support for the Army's Right Hand.

"Make Red Cross membership as universal as citizenship," is the new slogan of the Christmas membership campaign committee of the American Red Cross for the Southwestern division, comprising the states of Missouri, Arkansas, Texas, Kansas and Oklahoma. From the enthusiasm with which the preliminaries of the drive, which opens Monday, Dec. 17, continuing until Christmas eve, are proceeding, officials at Washington expect the original figures of 10,000,000 new members to be doubled.

In fact, if there are only 10,000,000 new members added to the 5,000,000 already enrolled officials will be disappointed, according to a message received at Southwestern division headquarters from Harvey D. Gibson, general manager of the American Red Cross. In Gibson's letter he said officials would not be surprised to see the total membership for the nation on Christmas eve reach a total of 25,000,000.

According to John L. Johnston, chairman of the campaign for the Southwestern division, the drive in many counties already is under way, especially in the rural districts. 3,000,000 Members Wanted.

The Southwestern division, under the original quota of 10,000,000 members, is allotted 2,000,000, but Chairman Johnston predicts his division will pass this figure by 1,000,000, apportioned as follows: Missouri, 750,000; Arkansas, 250,000; Texas, 1,000,000; Kansas, 500,000; Oklahoma, 500,000.

Already the headquarters of the Southwestern division membership committee has begun to assume the aspect of a military headquarters. From counties in the division where the Red Cross armies already have "gone over the top" in the big drive messages are arriving reporting prog-

ress and asking for supplies.

From counties where the intensive campaign has not begun, but where committees are making detailed plans for their drive, the requests, both by letter and telegram, for supplies, circulars, posters and general information are even more numerous. An extra corps of stenographers is kept busy forwarding information, issuing directions and sending telegrams and letters.

The storeroom at division headquarters carries the similarity to a military base even further. Every mail and express delivery brings parcels and boxes of supplies from Washington, circulars, posters, handbooks, cutouts and window cards, the ammunition to be used in the big drive.

What Service Flag Is.

One of the most striking emblems of the campaign is a transparent window card, designed as a service flag. A large Red Cross on a white base is the central figure. Smaller crosses or each additional member of the family who becomes a member of the Red Cross can be added to the card. One of these card service flags will be placed in the window of every home where a membership is obtained. On Christmas eve it is planned to have a lighted candle placed behind these flags. If the canvass equals the expectations of Red Cross leaders there will not be a home in the division on Christmas eve that does not have one of these flags in the window.

Boy Scouts Are to Join.

Boy Scouts are being organized to gain memberships. School programs, signaling the coming of the holidays, will have an appeal for the Red Cross. The work of the children, Red Cross workers feel, will be an important factor in the success of the membership drive.

In country districts merchants with wide acquaintance among farmers are devoting their time, or have promised to do so, making auto trips throughout the country, stopping at every home and urging every member of the family to take out a Red Cross membership.

In some cities a census is being taken of every block, number of houses and apartments in the block being registered. The squad assigned to a particular block is given a number of service flag cards equal in number to the number of families in its territory. Every flag a worker places in a window is counted as a victory on his score. Every flag he brings back is chalked up as a defeat.

In other cities merchants have promised the assistance of their clerks during days of Christmas shopping. Every purchaser will be urged to include a Christmas membership among the gifts for husband, wife, brother, sister, parent or child.

BELGIAN ORPHANS GIVEN NEW LIFE THROUGH RED CROSS

Present the American Red Cross Christmas membership campaign, which is to be inaugurated throughout the nation Monday, Dec. 17, continuing until Christmas eve, national headquarters announces that the organization already is assisting in the care of Belgian orphans who were carried by their captors into Germany and who are beginning to be released. The first groups, consisting of 500 children each, have been received back into the Allies' territory.

These homeless children, sick and under-nourished, all between 4 and 13 years of age, will receive the best possible care from the American Red Cross, which recognizes in them Belgium's hope for its coming generation.

Twenty miles from Limoges, in the southern center of France, on a hillside of a little town called Troche, stands the famous monastery of La Grande Chartreuse, unoccupied at present. There roses bloom the year around. Permission was given to use this place for the Belgian children, and it was rented from the government by the Red Cross, which supplies the funds for the work, while the personnel and management are provided by the Belgian committee. In this monastery the Red Cross hopes to bring back to life and vigor these children, in whom lies the hope of Belgium.

Membership in the Red Cross is synonymous with good citizenship. Are you a member of the Red Cross? If not you will join now, or at latest during the Christmas membership campaign, which begins Dec. 17—that is, you will join if you are a good citizen of the United States. The cost is only \$1.

A Christmas gift of real service to America's fighting forces is a membership in the American Red Cross.

WOMAN'S WORK.

Under the department of Woman's Work are listed all of those articles so necessary for the recovery of the wounded and the comfort of the convalescent.

Red Cross work shops through the country are busily engaged turning out great quantities of the various types of surgical dressings so badly needed in the field dressing stations and base hospitals abroad. These dressings are made with the utmost care in hygienic surroundings and in their preparation are occupying the time of hundreds of thousands of women in the larger cities throughout the country. There can be no fear of an oversupply of hospital dressings and the need for them will become more and more imperative as the military operations are commenced with renewed vigor in the spring. There is also an urgent demand for many articles which come under the heading of hospital garments, directions for the making of which are herewith appended. These articles can be made in the home, or in the church, as women articles can be made in the home, or in church centers, as women find most convenient.

Knitting.

The demand for knitted articles continues unabated. The order of demand now stands: Sweaters, socks, helmets, wristlets, mittens. Send for the Red Cross pamphlet on knitting. If you will follow its directions as to size of needle and thread and number of stitches you will get correct and serviceable garments. When the yarn is thinner than that required by the Red Cross standard a finer needle must be used, with more stitches, or, for the sweater, the thread may be doubled. Never leave a knot in your yarn. Splice the ends by raveling for two inches, crossing in the palm of the hand and rolling into a solid thread. Socks must not have a ridge under the heel, not at the end of the toe. Never finish a toe by placing stitches on two needles and casting off from both needles together; never do this under the heel.

Please make knitting a leisure time occupation. Have it always with you; form the habit of knitting as you talk or as you listen, as you wait or as you ride. It is astonishing how the garment grows from this odd-time activity.

Hospital Garments.

Every pattern company now carries the standard Red Cross patterns. If they are not carried by your local dealer get them through your Red Cross Supply Service, 1227 Olive Street, St. Louis. They give the details of putting the garment together. Order cut garments or cut your own by machinery. Do not waste time by hand cutting.

Pajamas and bed shirts are in greatest demand. Underdrawers and undershirts come next, and just now we have a call for bedspreads. They are made of colored cotton or chintz and measure seven by five feet. Comfort pillows are also in demand. Fill a white container 16x20 inches or smaller with finely snipped pieces of cotton cloth, mixed half and half with shredded cotton and enclose all in a pillow slip.

Here are directions for making hospital garments:
Pajamas—Official American Red Cross Pattern No. 59. Size large. Two sizes, medium and large. For medium size, 5 1/2 yards of 36-inch flannel, light or dark

stripes, 2 1/2 inches wide, or 7 1/2 yards 2 1/2 inches wide. For large size, 5 1/2 yard outing flannel, light or dark stripes, 3 inches wide, or 7 1/2 yards 2 1/2 inches wide. Materials: Four buttons, bone or pearl; white or dark color, 3/4 inch diameter (to coat); two buttons, bone or pearl, white or dark color, 1/2 inch diameter (for trousers). Sewing thread No. 60, white or color to match. Sewing thread No. 50, white or color to match (for button holes). Red Cross emblem. Cut on the pattern outline. All seams, hems and turnings have been allowed.

Hospital Bed Shirt—Size medium. Official American Red Cross Pattern No. 58. Two sizes, medium and large. Three and three-quarters twilled muslin, bleached, 26 inches wide (unbleached muslin accepted). It takes seven yard to cut two shirts at one time. Materials: Five-eighths inch twilled tape, white, 1 1/4 yards long. Sewing thread No. 60, white. Red Cross emblem. Cut on the pattern outline. All seams, hems and turnings have been allowed.

Bandaged Foot Sock—Made singly like lined pajamas, 26 inches or 27 inches wide, 3/4-inch twilled tape, drab color, 4 inches long. Operating leggings, made in pairs, 2 1/2 yards canton flannel, bleached or unbleached, 27 inches for one pair; 3/4-inch twilled tape, white, 8 1/2 inches long (two pieces, each 4 1/2 inches long for one pair).

Bandaged Foot Sock—Made singly like lined pajamas, 26 inches or 27 inches wide, 3/4-inch twilled tape, drab color, 4 inches long. Operating leggings, made in pairs, 2 1/2 yards canton flannel, bleached or unbleached, 27 inches for one pair; 3/4-inch twilled tape, white, 8 1/2 inches long (two pieces, each 4 1/2 inches long for one pair). Sewing thread No. 60, white or to match. Cut on the pattern outline. All seams, hems and turnings have been allowed.

Directions for other hospital garments will follow. MRS. E. F. BROWN, Director of Woman's Work Southwestern Division, A. R. C., 1617 Railway Exchange, St. Louis.

Old wine and old sweethearts, the older the better; The old folks at home what is home without them? The old swimming hole-it must not be forgotten The jewel of Memory's diadem; Old times and old customs, and e'en the old dances (We'll have to admit we cannot turkey trot) But of old institutions, if one must take chances, The old, old subscriber's the best of the lot. The old, old subscriber, the dear old subscriber, The paid up subscriber's the best of the lot.

HIGH SCHOOL NOTES

January 4th closed the fourth month of school. Many unsatisfactory report cards were sent out and we hope there will be a material change for the better by the close of this month. Mid term examinations were taken before Christmas, and all the work has been averaged and placed on the various reports. We advise that the parent keep in touch with the work of the child and if there is a "D" placed on his report card, inquire into the matter or see us.

Owing to the extreme bad weather, there was no school on Friday and Monday. Thursday was a very disagreeable day for us. Snow and sand drifted through the cracks and the wind came in so badly that it was unbearable in two of the rooms. All lessons were recited and we let the children go home about two-thirty. The business men were asked to help take the children home and they responded very readily—to them we offer our gratitude. More especially we offer our thanks to Messrs. Carter, Redge Burnett and Will Adams for bringing their vehicles and carrying the children to their various homes. To all others that helped in any way in getting the children home we feel grateful. Had it not been for the ready response of the loyal business men, the teachers would have had a heavy burden to bear. Thanks to all, friends.

With the beginning of this week every thing is working better than ordinarily. We are now teaching the pupils the conservation of time, as conservation in every thing else has been forwarded. We are also practicing economy in paper, and marked improvement has been shown along this line.

Our Stock of Gold

The gold monetary stock (coin and bullion used as money) in the United States on November 1, 1917, is estimated in Secretary McAdoo's annual report at \$3,041,500,000. The increase in the past 10 months has been \$174,500,000, and in the past three years \$1,236,500,000. In five years the portion of the world's gold monetary stock held by the United States has increased from approximately one-fifth to more than one third.

WATCHES: Largest assortment, greatest value, best prices; 61 to select from, \$1.25 to \$34.50 Come and see. J. L. Randal.

Reports come from Bob Maxler, who moved about 800 head of calves from here to Northeast New Mexico last summer, that he has lost almost two thirds.

Subscribe for the HERALD

From Camp Travis

While war means destruction, destruction can be made complete, in a martial way, only through construction of the forces that are used to such an end. Constructive training, therefore, as well as intensive training is given practically every man of the selected draft now at Camp Travis. When peace comes and the boomings of war are heard no more, peace and civilization will reap profits from much of the training that the soldiers of the National Army are now receiving.

Soldiers will become citizens better fitted to meet the responsibilities that good citizens must ever shoulder. Men who entered the army without a trade or fixed calling, will as result of the instruction they are receiving return to their peaceful pursuits equipped to create wealth from raw material. They will be able to aid commerce, to build endurely, to think orderly, to act quickly and to perform quickly. Soldering in other words is no longer a one idea profession. Rather it is like a great power plant, with every piece of machinery kept in perfect condition, each peice fucinating with precision making for maximum results.

The transportation problems of this country will be less acute as a result of the training now being given in the Army. Literally thousands and tens of thousands of young men are becoming familiar with internal combustion engines and tractors propelled by gasoline and other volatile fluids. The automobilist of the future who finds his "choo choo" won't chug-chug will play in good fortune if an ex soldier should happen along.

But the greatest good to the future that thus far has come from the army training is the physical uplift of the selected draft. Chests are no longer sunken, but reflect the lung expansion that out door exercise has caused to take place. Lassitude and Inertia have been routed by the red corpuscles that have been stored in the blood by healthful living. Eyes that were ashen have become bright and hands that were slow have been quickened by the work that has already been done at Camp Travis.

Uncle Sam believes the way to reach a man's fighting elements is through his stomach and that an empty stomach results in a poor soldier. The food given the men at Camp Travis is plentiful, substantial and prepared in a way that causes it to be relished by the whetted appetites. The supply of food has always been plentiful and the supply of clothing has kept pace with the actual needs. The soldiers are being cared for, without being coddled and the cases of complaints on the two principle things that

things that the soldiers need clothes and food are few indeed.

Private Lewis M. Barton of Brownfield, of the 2nd. Caisson Co, 315th. Ammunition Train, Camp Travis, Texas, has recently been promoted to 1st. Class Private.

Private William T. Morris, of Yoakum county Tex., of the 2nd Caisson Co. 315th. Ammunition Train, has recently been promoted to 1st. Class Private in this Company. He is about the handiest man in the Company as he is the Company barber and has charge of all the laundry which keeps him pretty busy.

Pvt Nathan D. Rentfro, of Brownfield, one of the Terry county boys now with the 2nd Company Military Police, at Camp Travis, has been detailed for detached service in the city of San Antonio, and sent from his company to Military Police headquarters in the city.

Country Boys Little Ahead

According to records of the selective service, country boys do not show much physical

superiority over those of the cities. For purpose of comparison selection was made of cities of 40,000 to 500,000 population, and a corresponding set of counties of the total size. In the physical examinations 28.47 per cent of the city boys were rejected, as against 27.96 per cent of the country boys.

TRASYED: A white faced brindled cow, about 7 years old, heavy built, medium sized, strayed out of M. V. Brownfield's pasture. Reward for information about her. H. L. Ware, Brownfield Texas.

While the blizzard last week might have saved the wheat crop in some localities, it did this part of the country great damage, as it left but little moisture, owing to the drifting, and there is scarcely a home in the county but what lost from one a hundred head of live stock or poultry.

SCUDDAY SCHOOL HOUSE BURNS.

We learned early yesterday morning that the Scudday School House, in the southern part of the county burned about 8 p. m. Wed. Total loss with no insurance.

It is thought it was fired by campers, whether accidentally or on purpose, was not learned.

When Tom sells you 100 gals Oil or Gas it measures 100 Gal's.

There are enough windmills in this town to pay every citizens share of an adequate system of water works that would give us fire protection, and pay for piping it all over town. Wouldn't we look silly some day or night trying to fight a fire with HUGE hand fulls of sand (there is hardly ever a drop of water at either public well), and we would look still "sillier" (appology to grammarians) to view the wreck of our small fortunes many of us have spent years of hard toil to accumulate, and with only partial or no insurance. Shall we lock the stable door, citizens, or wait till the horse is stolen?

GOOD HOME With 50 acres of land in east Texas, to trade for west Texas land. Well improved, log fence, bermuda meadow, good barns, spring water, on national highway pike, and one mile from thriving town of 6000 people. Box 63 Brownfield, Texas.

J. W. Spear was taken real bad sick yesterday morning with diabetes. He had a bad spell about a week ago, but had about recovered. We hope he will get over this attack, also.

Williams & Bowers have added a one ton Maxwell truck to their feed and coal business, and will put on a free delivery in town. These men are progressive, and aim to keep to the front. Bob went to Sweetwater after it last week, but did not get back till Tuesday of this week.

Negotiations were in progress at the Panhandle and Southwestern Stockmen's convention at Sweetwater, this week, to merge it with the Texas Cattle Raisers Association. This would cut down expences considerably, as often secret service men from both associations are needlessly at work on the same case, and both must have an inspector at round ups.

THE HERALD \$1.50

Rabbit A War Meat

State Department of Agriculture, Austin, Texas:—With thousands of jack rabbits remaining on the plains of Texas and destroying many thousands of dollars worth of garden and field crops, not to mention the much needed grass pastures, and in view of the fact that they will provide meat sufficient to release a large amount of other meats for the fighting forces of our nation, further efforts should be made to utilize this hitherto pest to augment the meat supply and to convert it into an asset rather than a liability.

Mature jacks will dress four pounds and may be prepared so as to be very palatable. If a steam canner is available, the meat may be put up for future use and it will be found appetizing if use is made of the following canning recipes. Other meats may be canned with some what the same treatment.

CANNED JACK RABBIT—For 50 pounds of dressed rabbit use 1 pound of salt, 2 oz. black pepper, 1-4 oz. cloves, 1-2 oz. cinnamon, 1-2 oz. cayenne pepper. Cut up the rabbit and boil one hour or until tender. Tie spices in a bag and boil with the meat. Remove the bones and pack the meat in cans within one-half inch of the top; fill in with the boiling water. Cap, tip and cook for 60 minutes under 15 pounds pressure in a steam canner.

POTTED JACK RABBIT—To 50 pounds of dressed rabbit, use 10 pounds of fat pork, 3 lb. onions, 1-2 pound salt, 1-4 pound white pepper. Cut up the rabbit and pork, let simmer until tender, remove bones and grind rabbit and pork together to a fine paste, fill cans, cap, tip and boil in steam canner 60 minutes under 15 pounds pressure.

RABBIT SAUSAGE—To 100 pounds of dressed rabbit, use 25 pounds of fat pork, 2 oz. salt-peter, 2 oz. sugar, 2 lb. salt, 2 lb. of sage. Cook until tender, then remove and grind. Dry and smoke or fill in cans; pour in the liquid boiled down to a jelly, cap, tip and boil under 15 pounds pressure 60 minutes.

RABBIT CHILI CON CARNE—For 50 pounds of rabbit, cut in small pieces, use 15 lbs. Mexican chili beans, 1-2 pound chili pepper, salt to taste. Cook until meat and beans are tender, cap, tip and boil 75 minutes under 15 pounds pressure in a steam canner.

PICKLED RABBIT—Boil the rabbit, cut in small pieces, in sweetened vinegar with a bag of spices composed of mace, spice, cinnamon, cayenne pepper, and fill in enamel cans or glass jars. Cover with the liquid, and pour over this a tablespoonful of cooking or peanut oil, cap, tip, and boil 30 minutes in steam canner under 15 pounds pressure.

Army Facts

Not one person in one hundred hardly one in a thousand, is upon the following army facts. Better clip and study—everyone should know these facts:

- An army corps is 60,000 men
- An infantry division is 19,000 men.
- An infantry brigade is 7,500 men
- A regiment of infantry is 3,600 men.
- A platoon is 60 men.
- A battalion is 1,000 men.
- A corporal's squad is 11 men.
- A field artillery brigade com-

"THE CASH DRY GOODS MAN"

BROWNFIELD, TEXAS

Gomez Dots.

By West Wind.

Well our first severe blizzard in 11 years and 2 months is past, and so far as we have heard; no one frozen to death. The stock losses we are glad to state are not near as heavy as was first reported. Will Black reports none lost "but had to put some calves in the cellar to save them". O. E. Adams reports that in one pasture he had over 200 head and only lost one, but lost more in another pasture, don't yet know the exact number but not over 2 or 3 per cent at the most; also his loss is the calves just weaned. So far the present investigations show only a few grown cows dead. Another herd of over 400 belonging to an eastern man was shipped in here from the brakes late in the fall and were real poor when they got here; the loss was 16 found to date. It was reported a well known Terry stockman had lost 100 head; that is true but we naturally asked how many in the herd and were told in all and in different pastures 5000 or more. So that seemingly big loss is only 2 per cent. We hear quite a number of people say this is the worst weather we have ever seen here. We beg to differ with them. There was one in Jan. or Feb., 1904 that killed more stock also one Nov. 15 and 16 that the thermometer went lower, there was more snow and it did not melt off until the 29th of the month, so a wagon or buggy could travel, but at the time of both these storms this country was covered in sage grass from two to five feet high and so there was protection from the wind for the cattle.

A letter from Billie Crowder at Camp Bowie, states that he is well and getting along o. k.

Several days last week we had no mail, the first failure of daily mail service for Gomez since 1904, when there was over two weeks there was no travel on account of snow.

A letter from Harley Stapp and his photo, came last week. He is yet on American soil, somewhere in New Jersey, is well and his photo shows that he has gained in flesh since joining the army.

That letter in the last Herald, "A Father's Plea," from Geo. W. Sparks, Blanco, Texas, is one to cause a heartache in every reader. We admit all the lacks and deficiencies of our war de-

partment in the effort to do ten years work in six months, but wont somebody please answer one question for me. Why will a man who is old enough and sensible enough to serve in the army go cold for clothes or sleep cold when he gets his board and from \$35 to \$45 or more a month and the camp is at a big city, where anything, clothes, shoes, comforts or blankets can be bought for the money. I know the government is to furnish things, but when they don't, I want to know why a man will suffer before he will buy them for himself.

CATTLE LOSSES.

The following is the cattle losses during the recent blizzard so far as we are able to gather, and when one takes everything into consideration, among which is no loss at all by many, the loss in the entire county will run far below one per cent, though the individual loss of many will hurt them badly.

It seems to be a curious incident and hard to explain that those who have been feeding seem to be the heaviest losers. One man's theory is that the cattle dependent on grass, or rather sagebrush, in most instances, kept stirring about, and escaped death.

One man is reported to have run out at intervals and threw out a sack of cake, and the cattle milling in and out escaped.

The Gomez correspondent reported other losses.

M. and M. Club.

The Maids and Matron's Club met with Mrs. Stricklin, Wednesday, Dec. 9th. Mrs. J. C. Green acting as chairman.

It was, as has been the custom of the Club for years, to start a clean up campaign, of which you will notice printed in the Herald at an early date. The next meeting will be with Mrs. R. H.

Banowsky, first Wednesday in February. Each member is urgently requested to be present as matters of importance will be put before the Club Reporter.

Sheriff's Sale

Notice of Sale of Real estate under Execution State of Texas—County of Midland.
In the District Court of Midland County, Tex. Wilton Brannon Plaintiff vs I. N. Johnson, Jr., Defendant.
Whereas by virtue of an execution, issued out of the District Court of Midland County, Texas, on Judgement rendered in Said Court, On the 2nd day of November A. D. 1917, in favor of Wilton Brannon and against the said I. N. Johnson Jr., Number 1442 on the Docket of said Court, I did, on the 23rd day of December A. D. 1917 at 4 o'clock P. M. levy upon the following described tracts or parcels of land situated in the county of Terry, State of Texas and belonging to the said I. N. Johnson, Jr., to-wit:
The East half (E 1-2) of Section No. 14 in Block K Public School situated in Terry County Texas; on the 5th day of February A. D. 1917, being the first Tuesday in said month between the hours of 10 o'clock A. M. and 4 o'clock P. M. on said day at the Court house door of said county I will offer for sale and sell at public auction for cash, all the right, title and interest of the said I. N. Johnson Jr., in and to said property.
Dated at Brownfield, Texas this 28th day of December A. D. 1917.

J. N. Lewis
Sheriff of Terry County

TERRIBLY SWOLLEN

Offering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs. in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Thedford's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Thedford's Black-Draught."

Thedford's Black-Draught will help you to keep fit, ready for the day's work. Try it! NC-131

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials. F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Hall's Family Pills for constipation.
