BROWNFIELD MERCANTILE

BROWNFIELD NOW INDEPENDENT SCHOOL DISTRICT

We have been promising our readers for some time, something good concerning the Brownfield High School, and we are ready at this time to give out the information.

Our hustling trustees Messrs A. M. Brownfield, M. A. Smith, and Judge Geo. W. Neill, assisted by our present County Judge W. W. Price have been figuring on a new building, but one complication after another would arise. Finally, it was found that the best thing we could do was to take up the old bonds against the district, held by the State, and when we had the money, \$100,000, a communication from the State Superintendent said they would be glad to let us take them up, if we wanted to build a good school building.

Then it was found that an Independent District would more nearly suit our needs, and Hon. W. H. Bledsoe, our representative, promised his ever faithful aid in railroading an independent district through the called session. A letter from him last week, announced that it had been passed.

Now our trustees are familiarizing themselves with the laws concerning an independent district, and before long will get an election ordered to vote bonds, and elect a full set of trustees for an independent district, seven instead of three, we believe.

We might also mention the fact that we have cut off a tier of sections on the south, and three tiers on the east, and will not make the mistake of Lubbock and Tahoka of incorporating half the county in the district. At the same time we eliminate all friction and opposition to the bond issue, which is always detrimental to a town or communi-

ty. We will still have about 60 sections in the district, and the good will of all concerned. This is better than division and hard feelings.

Now for a greater Brownfield, and a real high school of the first class. Brownfield is going to have the school alright.

CARD OF THANKS

Through the columns of The Herald, we wish to express our sincere thanks and heartfelt gratitude to our many friends for their kindness during our distress at the death of our dear little baby.

Mr. and Mrs. Dalton Reid

We had a letter and remittance from F. H. McCormack, of Columbus, Ohio, a few weeks ago, stating that he hoped to make a trip to Brownfield this summer to see his Terry county property.

NEW THEATRE

Last week, we mentioned the fact that Cleve Williams had purchased a lot on the north side of the square for \$1400 and would put a 24x100 ft. frame building on it, but he would not disclose the nature of the business proposed for it.

In an interview this week, he gave us the following information: "I have come to the conclusion that Brownfield is greatly in need of a movie show of the first class, and it is my intention to give it to them, though it may not pay right off the reel, but it will do so in the near future.

A slanting excavation from the front to the back will be made in the ground, giving an incline floor, of opera style, the walls will be supplied with plenty of electric fans, and a late model Edison Cabinet phonograph will make music. Absolutely no dancing will be allowed, as I understand that some of the people

in and around Brownfield will not go to shows because dancing is allowed; besides I believe the two do not go together.

During opera season, I will make an effort to bring a good line of traveling troops to Brownfield, and there will be a picture show every time one is advertised.

I will install everything new, which will include the latest thing in dynamos, and a 16 horse power Fairbank-Morse gas engine, which will develop enough power to pull the dynamo without any strain. I aim to get lined up on a circuit, so that I will get the latest and best films going. In fact, as I stated above, I am going to give the people of Brownfield and surrounding country a good show for their money."

GUS RANDOLPH

WORK OF A BRAVE PEOPLE.

We took advantage of an opportunity to visit Trent and go through her magnificent school building last Tuesday. The school has been using the building only a week. It is the crowning crown of splendid endeavor by a patriotic, lofty-minded citizenship as ever blessed a community of this great commonwealth. In the face of adversity when fire had destroyed a good building, when the doors of heaven were shut up and drought prevailed the land, this citizenship rose up in mighty purpose and voted bonds that has placed a building on their campus that would do credit to a city many times the size of Trent.

The building stands out in splendid relief as an index to a population whose purpose reaches out to their posterity in beneficent helpfulness.

We called upon Supt. Roy C. Scudday and found him to be aggressive, purposeful, planning a school system that contemplates affiliation with the State University next year. Mr. Scudday is from Simmons College, a young man subject to draft, but the patrons of the school are very hopeful that he will not be called until the close of the term.

Speaking of his faculty, he said he felt very proud of every teacher, believing they could hardly be beat, and that he felt that every one was putting forth every energy to the end of efficiency in the school system. He said he felt that the student body was the best he had ever seen, full of "pep" and possessing a marvelous amount of school spirit.

F. H. Toombs is principle of the school, a very affable and able educator. He is over the science and mathematical departments. Mr. Scudday is over the English and history departments.

Miss Mable Terry, a graduate

of Denton Normal, has charge of the Latin department and is doing fine work.

Miss Delfa Russell, also a graduate of Denton Normal, is primary teacher and is specialist with the little folks.

Miss Minnie Coats teaches the third and fourth grades and is doing splendid work.

Miss Tennie Pope Teaches the fifth and sixth grades. She has a room full and is keeping them hard at work, making envious records.

The school enrollment is 262 with a remarkable attendance. The graduating class consists of nine, the war having effected this part of the school work to an appreciable extent.

Athletics is receiving marked attention in the school system. It is under the directions of Mr. Toombs and is doing effective work. A fine plan is being arranged, grounds prepared and everything is in readiness to bring this feature to the front. Mr. Toombs has had previous experience along this line, having won his spurs as a participant in former athletic contests.

The building is three story, four class rooms being on the third floor, four on the second, and the auditorium being in the basement. A library room is on the third floor and a big shipment of books and furnishings are expected daily. The building is wired, it being the belief of the school board that in the near future the electric power line would be extended to that place. The auditorium is the unique part of the building, with a seating capacity of 550 people. It can be used for all public gathering and is of easy access.

The building is modernly furnished throughout, except the auditorium, the furnishings for which are expected at any time.

The people are all proud of their building, and they have a right to be. The citizen's gathered on the ground last Friday and had a "Clean-up Day." All the rubbish, stumps, and mesquite

trees were taken off. The grounds are as clean as can be. Athletic grounds have been laid off, a complete water works system installed, and it seems that not a thing has been left undone that would in any manner hamper the work of the school.

For the efficiency of the school, the faculty deserves great credit; for the rapid progress and spirit of the school, the students deserves great credit; for the wonderful vision of a great building, the school deserves great credit; for the loyalty of the patrons the schoolship deserves great credit.

God has blessed the whole assemblage and the whole community with a degree of congeniality, progress and high purpose that marks them rank exceedingly high in the choice land of the living.—Merkel Mail.

The above is an example of what Roy Scudday, a graduate of the Brownfield High School has done and is doing. Other boys have the same chance—Ed.

NOW is the time to place your order for fruit trees. See Jno. B. King, agent for Plainview nursery.

Dr. L. C. G. Buchanan, the eye, ear, nose and throat specialist, of Big Springs, has bought land southwest of town and is going to put in rather extensive improvements, and stock it with good hogs and cattle, and put in a 200 acre farm. Mr. George Hogue has charge of the place, and the doctor feels that he is a part of old Terry, now.

NOTICE. For cash, I will give greatly reduced prices on shoes and hats. Call while you can get your money's worth at A. P. Moore's, Gomez, Texas.

School is moving nicely again. All except some who lost time made fine grades. Three new pupils from Mr. Longleys. A program is to be given by the pupils on Friday night, March 29th. All Come.

COMMISSIONER'S COURT.

This body was in monthly session Monday, but transacted no other business except to approve current bills.

Some time ago they gave orders to have a new fence built around the Court house park, and workmen are engaged doing this work.

A great many of the Groves Chapel and Scudday School patrons met with the Court Monday in an effort to map out a consolidation district, down there in which they propose to issue bonds and build a good building and inaugurate a high school.

Nothing definite came of the meeting, but they will meet with the Commissioners one month hence, at which time they expect to have their plans complete.

Herald hopes they get together and build up a good school.

The twelve day old infant boy of Mr. and Mrs. Dalton Reid, of Gaines county, died at the home of Mrs. Reid's parents, Mr. and Mrs. J. C. Lewis, two miles west of town, Monday, and was buried in the Brownfield Cemetery in the afternoon. Herald joins the entire community in sympathy to the bereaved.

THE UNDRAFTED ARMY

To the civilian American who feels keen desire to be represented as directly as possible in his country's service the Red Cross brings an appeal of peculiar force. For the Red Cross worker comes into the closest contact with the actual struggle that is possible to any save the soldier himself. In the heels of death and destruction he presses so closely in his mission of mercy as to be almost a part of the battle. His are the hands that first minister to the shattered body; his are the ears that hear the last faint message of many a parting soul. Through the further help of these brothers and sisters of the Novitiate of Pain, life after life is drawn back from the borderland; cleanliness and comfort and trained care lessen the anguish, or, when death must be, makes easier the passing. To our boys when they land on foreign soil the hand of greeting is held out; as they travel from place to place comforts are provided. The scarred and broken remnant of a people scourged by a ruthless devastation—the aged and the women and the piteously helpless children to whom our longing sympathy goes out, the Red Cross ministers to these in our stead.

In all this and measureless other service these workers are a vital and omnipresent force. We who are left at home may work by proxy through them. We can keep them there and send others, with our money, the least precious possession that men and women are being called on to give up. Our dollars can take us there in spirit and represent us in accomplishment. The little red button is the badge of enlistment in the Army of the Undrafted; the outward symbol of the pledge to serve.

Won't you join the Red Cross during the Christmas membership drive, which begins Dec. 17? Or, better still, send in your \$1 for membership now and then enlist as a solicitor for other memberships in the Christmas drive. It is your duty to do this, and it is a God-given privilege.

Humanity is calling, and if you are human you will respond. Act now!

We take pleasure in presenting to the voters of Terry county, the above gentlemen and citizen, who is seeking the nomination for Sheriff and Tax-Collector of Terry county, subject to the action of the Democratic Primary, July 27th. Mr. Randolph has been a citizen of Terry County long enough to have accumulated a host of warm friends who promise to stand by him in this race, and he comes to us highly recommended by those who knew him best in Knox County, and there is no question but he is well qualified for the office he asks. We believe he would enforce the law without fear or favor, should he be the lucky man, and an efficient collector, always on duty. We ask that you give Mr. Randolph due consideration before making up your ballot. He will try to see all the voters before the primary.

Mr. M. V. Brownfield is doing some fine street work in front of his home, on 7th street, from Small to Hardin. He is having it built up with lime rock. The wagons are now busy putting it on Hardin street from the McAdams Lumber Yard to the square, and so far as we know, he is paying for the work himself. We call this real public spirit.

FROM CAMP TRAVIS.

Division Publicity Office
90th Division U. S. N. A.
Camp Travis, Texas.

That the American soldier will get the chance to fight out his quarrell with the Hun in the open and above ground, is the belief of Major-General Henry T. Allen, Commander of the Ninetieth Division, Major-General Allen has just returned to Camp Travis from an extended visit to the allied front in France and bases his hope on what he saw there.

"There will be open warfare," he says, "it won't always be trench fighting. We are learning and will learn something besides to hide in trenches and throw grenades."

Something of the discipline of the individual soldier of the allied armies is shown by an incident which came under his notice while in France. It was merely the story of a teamster whom the General saw shaving himself while his team was being driven by a fellow soldier, but the General makes it the basis of a lesson to the American National Army men in neatness and "smartness", particularly so, as the incident occurred just back of the firing line. "The soldier was standing at the rear of his wagon shaving himself. He had tied his mirror to a wagon post. It is just an example of the cleanliness and care which the men exercise at the fighting front.

Simultaneously with the return of the Division Commander comes from the report of the Inspector General of the War Department, Major General John F. Morrison, the statement that the Ninetieth Division is farther advanced in training than any other National Army Division. It will be remembered that General Morrison made an inspection of Camp Travis recently, in the course of which he looked into the equipment, instruction and discipline of the men of the camp quite thoroughly.

Several thousand new men from all parts of Texas and Oklahoma have arrived in Camp Travis and are now undergoing the process of being entered upon the insurance, allotment, service record, clothing slip, qualification and designation blanks, not to mention a dozen and one others that cover the asset and liability relations between the army and the soldier.

Officers who have had any dealings whatever with the new ar-

rivals are enthusiastic in their comment. "The finest bunch of men I ever saw go into service", was the way one man put it; he himself has been in the army nineteen years.

The men are in the best of spirits and appear to be surprised to find hot and cold shower baths, well ventilated wooden barracks, tarviated streets, electric lights, and appetizing food at every meal. One company had accumulated, before the coming of the new men a largeness fund owing to the profits obtained from the canteen and the company barber shop. According to the "rookies", as their seniors in service by four months insist on calling them, are fed on grape fruit for breakfast and the like, with plenty of solid food on the side.

As a precaution against epidemic outbreak of disease, the newcomers are kept in quarantine for a few days under the observation of the Medical Corps, but this does not interfere with their learning. All men with previous military experience are set to teaching their fellows the simpler movements of drill, such as "right face," "about face" etc. and both teacher and pupils take to the business with enthusiasm. As a result, the men line up and execute the commands at retreat each evening with the snap and precision almost of regulars, although the majority of them knew nothing of army life when they came a few days ago.

THE RED CROSS NURSES OF EUROPE ARE GIVING TOASTED CIGARETTES TO THE BOYS

To anyone who doesn't know of the wonderful advances that have been made in the preparation of smoking tobaccos in the last few years it may sound strange to speak of toasted cigarettes.

Strictly speaking, we should say cigarettes made of toasted tobacco; the smokers of this country will recognize it more readily by its trade name, "LUCKY STRIKE"—the toasted cigarette.

The American Tobacco Company are producing millions of these toasted cigarettes and these are being bought in enormous quantities through the various tobacco funds conducted by the newspapers of the country and forwarded through the Red Cross Society to the boys in France.

This new process of treating tobacco not only improves the flavor of the tobacco but it seals in this flavor and makes the cigarettes keep better.

The Red Cross nurse is always glad to have a cigarette for the wounded soldier, as, in most instances, that is the first thing asked for.

Job Work That Satisfies

Swift & Company
Publicity

At a recent hearing of the Federal Trade Commission there was introduced correspondence taken from the private files of Swift & Company, which showed that the Company had been considering for some time an educational advertising campaign.

The need for this publicity has been apparent to us for several years. The gross misrepresentation to which we have recently been subjected has convinced us that we should no longer delay in putting before the public the basic facts of our business, relying on the fair-mindedness of the American people.

The feeling against the American packer is based largely on the belief that the income and well-being of the producer and consumer are adversely affected by the packers' operations, resulting in unreasonably large profits.

Swift & Company's net profit is reasonable, and represents an insignificant factor in the cost of living.

For the fiscal year 1917 the total sales and net profit of Swift & Company were as follows:

Sales
\$875,000,000.

Profits
\$34,650,000.

This is equivalent to a \$3,465. profit on a business of \$87,500.

If Swift & Company had made no profit at all, the cattle raiser would have received only one-eighth of a cent per pound more for his cattle, or the consumer would have saved only one-quarter of a cent per pound on dressed beef.

Swift & Company, U. S. A.

HIGH SCHOOL NOTES.

On last Friday morning, at Chapel, the entire school was delightfully entertained by the pupils of Mr. Rhodes room. Appropriate music was furnished by Jack Davis, some of which was patriotic. There was other music which was indeed good. The most humorous was a negro dialogue, which produced laughter all over school.

The following was the program:

Piano Solo	Jack Davis
Reading	Emily Miller
Piano Solo	Ellen Welch
Alphabet	Lillie Mae Price
Piano Solo	Jewelle McBurnett
Solo	Mahota Whisenant
Reading	Lorelle Brownfield
Dialogue:	Ellen Welch, Emily Miller, Lillie M. Price, Romie Stewart, Everett Winston, Hershell Baker.

The county Tract Meet will be held here on March, 29 and 30. There will be athletics, declamation, and debating. Many pupils have been working faithfully to be winners, while others will have to do more. Let's encourage them more and more and win some of the prizes offered.

The Honor Roll for the first grade is as follows:

Ada May Snodgrass, Wade Banowsky, O. J. Daniell, M. A. Smith.

A SIX DAY SCHOOL WEEK

Having a talk with Chas. Acker we learned that he favors a six day school week for the balance of the term. He says that the farmers will need their children on the farms before school is out, should it rain, and we see in other papers that the schools are being run six days in a number of places, in order that the farmers can have the advantage of their children's work when farming begins, and running the school at Brownfield six days for the balance of the term would save several days, or shorten the term that many days. So he thinks it would be an advantage in many respects, and would not injure the children nor discomode the teachers very much. Let others speak out in the matter, he thinks that if the people desire a six day school week for the balance of the term, why the school Board should give it to them.

TO THE FARMERS OF TERRY COUNTY

At a local meeting by a small group of farmers of Terry County on last week, we had a representative from the Agricultural Department to discuss the seed proposition for this year, and learned that we were up against a serious proposition to get seed for this county.

Now the point is, if you haven't seed to plant your farm get them now. Come to the Brown Seed Co. Brownfield, and place your order for any kind of seed you will need, as this firm is representing the farmers of Terry Co. in ordering seed. They are only asking a marginal profit for handling it, and the Agricultural Department has placed the addresses of the seed owners on the Plains in their possession. Get your seed before you are ready to plant them."

HONEST WORK AT HONEST PRICES

There are two highly important points for one to consider before having a car overhauled; the first is to be sure the mechanics who are going to do the work are expert enough to locate the defects and properly repair them, and the second point is, can you actually trust them to give you an honest accounting of the work done. We have the facilities to do the work, and ask you to give us a rigid investigation.

TOKIO

By School Boy

Some people may think we've blown away, but we are still holding down our part of the county. If you don't believe it, just come to our Sunday School. We think it one of the best in Texas. There are something near 75 pupils enrolled, and they come too, for we have a full house every Sunday. Our S. S. in the last week read 2489 chapters and one class alone memorized 200 verses. Can you beat it? Everybody is invited. Union Sunday School.

Mr. Campbell has moved into his new seven-room house, built in Tokio.

Mr. W. E. Cherry has gone to Arkansas to visit an old friend of his. He thought he might return before the war is over.

Our friend, Mr. Ozletree, has bought a place in Arkansas. We have been informed that he likes very well, but when on his way to his farm with a load, he turned his wagon over three times, and broke every piece of furniture he had. He says he has to use a ladder to get to his garden, and on account of being afraid his stock would fall off his farm and hurt themselves, he listed his place for sale the next day after his arrival. We hope yet to have him back as our neighbor in good old Terry.

Mr. Roy Harris has moved his garage to Harris, but we have prospects of a more modern one going up soon.

Mrs. Jim Key and children, of Tatum, N. M., are visiting her parents here this week.

Our school teacher, Mr. Draper, is teaching us a first class school, this year, of which all patrons and pupils are proud.

Come to Tokio.

NINE PAIRS OF SHOES A YEAR.

Gen. Pershing has requested shipment of 18,590 pairs of shoes for each 25,000 men monthly, which approximately nine pairs of shoes per man per year. This quantity is in excess of actual consumption and is being used to build up a reserve for all troops in France. When such a supply is accumulated, the quantities per man will be reduced. The Quartermaster General's Department now has on hand and due on outstanding contracts 7,564,000 field shoes and 7,873,000 marching shoes. It will be necessary to secure more than a additional shoes during the year.

MILLINERY. I wish to announce that I have purchased the millinery business of Mrs. J. M. Currier, and am opening up a shop in the old Brownfield Land office on the north side of the square. New goods are beginning to arrive, and I want you to see me before you make your spring purchase.

THE THIRD LIBERTY LOAN

The campaign for the Third Liberty Loan will be opened on the 6th of April, the anniversary of the declaration of a state of war between United States and Germany

The amount, terms, and conditions of the loan are dependent upon futher legislation and will be announced as soon as congress has granted the necessary powers.

Secretary McAdoo chose the 6th of April as the day to open the campaign as the most fitting date to call for a patrotic response to the summons to duty to every American, to ask from the people at home the same fervent patriotism that actuates our gallant sons on the battlefields of France and on the waters of the Atlantic

"WAR TIME SPIRIT"

A panicky man is a curse to his community, whereas, a sane, practical, and courageous one is a decided blessing. Which one are you going to be in BROWNFIELD? Some people think that all money now should be hoarded, because it is time of war; that the old home will do; that repairs and unkeep can wait until after the war is over. YOU'RE WRONG, BROTHER, DEAD WRONG. Remember, "A stitch in time saves nine." It is the money that is spent, not the money that is hoarded, that is going to make prosperity in this land. There is no cause for blues, no excuse for Pessimism. Think Optimism, Big Rains, Prosperity, and Happiness if you want to help "WIN THE WAR." Let us figure on your requirements.

Mrs. J. E. Woodard and daughters, Ida and Elizabeth, came in two weeks ago from Paducah Texas, on a business trip. Mrs. Woodard owns a well improved section of land in Southwest Terry. She visited friends near there, also Ye Scribe before she left last Saturday for her father's home at Paducah.

Walter Gainer came in last Monday enroute to Brownfield for freight and spent the night here at Mr. Nichols.

One of Mr. Frank Mosiers' sons has been sick with measles for the past four days, but is improving.

Mr. Bennett from Yoakum County came in last Monday, trading and attending to other business here.

Mrs. Artie Shepherd from Seagraves spent last Thursday night and part of Friday here. She sold her dwelling here to Mr. Blankenship, and came up to make the transfer.

Mr. Troupe from Seagraves was here and at Brownfield this returned home Monday afternoon.

T. H. Green and family came in from Lorenzo Texas, to their home here last Saturday and the children entered school Monday. They went away early last fall to help gather crops on the north plains, and this is the first return of the entire family.

Last Friday at noon Mrs. Bishop and her son Eddie Sanders and her parents Mr. and Mrs. Redwine came in from Tahoka. They were trying out a new Overland car. Prof. Bishop accompanied them back to Tahoka that evening and visited there also with his parents at O'Donnell until Monday morning when Eddie Sanders, and Mrs. Bishop brought him back here. Mrs. Bishop returned to Tahoka and will remain there until Eddie leaves for training camp.

Miss Bernice Shepherd spent last Saturday and Sunday the in town the guest of Miss Madeline Wyatt.

The Misses Randolph entertained the young folks with a social party last Friday night. All report a nice time.

Dee Hunter and family visited at R. W. Glovers here last Saturday and Sunday.

Mr. Carter has rented the

blacksmith shop here, and after months of silence the sound of the hammer on the anvil once more is heard every day.

We almost always have a good school here, but this term, judging from the work the pupils are doing, is far above the average. In selecting teachers, our trustees sure used good judgment this term and gave the entire community something to thank them for.

O. E. Adams came last Friday night from the Cattleman's Convention at Roswell N. M. He reports a pleasant and profitable meeting. On Sunday O. E.'s car went dead on him, so Monday he had Boone Hunter to put it into Brownfield where Lester McPherson remedied it and O. E. is on the go again.

Leonard Stapp came in Monday from the S. Ranch and is going on out to Plains to visit his mother, Mrs. Summit before returning to his work at the ranch.

The axle for Russell Stapp's car came in Thursday and he will soon have it ready to ride in.

Waples Platter, also Radford, grocery drummers visited our town Wednesday.

Mr. Roberts bought J. J. Nichols car Tuesday which makes him owner of three, Kissel, Dort, and Ford.

Clyde Alexander passed thro' Wednesday morning from S. W. Terry with an auto load of hides. He reports that cattle on the range are doing real well.

P. G. Stanford from Yoakum county, got to Dr. Maddux just at bedtime Tuesday night his auto lights had played out so he stayed until Wednesday morning before going on to Brownfield.

The road graders are trying to put our roads in first class condition but the freshly plowed dirt is just awful on all present travel especially autos, a real heavy rain now to make the surface pack would sure be appreciated by the traveling public.

CITATION

State of Texas. To the Sheriff or any Constable of Yoakum County Greeting:
You are hereby commanded to summon Geo. W. Nelson by making publication of this citation once in each week for four successive weeks previous to the return day thereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 70th Judicial district; but if there be no newspaper published in said district, then in a newspaper published in the nearest district to said Yoakum County, to appear at the next regular term of the District Court of Yoakum County, to be holden at the courthouse thereof in Plains on the 3rd Monday in April, A. D. 1918, the same being the 15th day of April, A. D. 1918, then and there to answer a petition filed in said Court on the 21st day of February, A. D. 1918, in a suit, numbered on the docket of said Court No. 131,

wherein J. F. Merritt is plaintiff and Geo. W. Nelson is defendant, said petition alleging:

That on the 12th day of November, A. D. 1908, defendant Geo. W. Nelson joined by his wife, Lizzie M. Nelson by his deed duly executed and delivered, in consideration of the sum of Ten Dollars, cash in hand paid, and the execution and delivery on one certain Vendor Lien Note dated November 12th, A. D. 1908, for the sum of Six Hundred and Forty Dollars, (\$640.00) due on or before November 12th, A. D. 1909, payable to the order of Geo. W. Nelson, and signed by L. D. Camp, therein mentioned, granted, bargained, sold and conveyed to L. D. Camp, a certain tract of land, situated in Yoakum County, Texas, described as follows: Survey No. 442, Certificate No. 291, Block D, John M. Gibson Original Grantee in Yoakum County, Texas, containing 640 acres of land. That in said deed the defendant Geo. W. Nelson retained a Vendors Lien against the land described to secure the payment of said note.

That at some date after the execution of said note and prior to September 22nd, A. D. 1909, the defendant transferred said note to W. J. Luna, a Transfer of the Vendors Lien retained in said deed.

That on the 22nd day of September, A. D. 1909, L. D. Camp paid and satisfied said note in full, that said payment and settlement was made to W. J. Luna, and that on said date W. J. Luna made and executed and delivered to L. D. Camp a release of the Vendor Lien retained in the above mentioned deed. But that the defendant had failed to transfer the Vendors Lien retained in said deed to the said W. J. Luna and though said note has been fully paid and satisfied, this plaintiff is unable to secure a release, from the defendant to the Vendors Lien retained by said defendant in said deed.

That the plaintiff is the present owner and holder of said land above described, as an assignee under L. D. Camp and that by reason of the failure of the defendant to transfer the Vendors Lien retained in said deed to W. J. Luna, at the time he transferred said note, and by reason of his failure to execute a release, discharging the Vendors Lien so retained by him, in said deed, a cloud is cast upon the title of the plaintiff to the land and premises.

Herein full not, but have before said court on he said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness W. H. Hague, Clerk of the District Court of Yoakum County.

Given under my hand and the seal of said court in the town of Plains this the 21st day of February, A. D. 1918. W. H. Hague.

NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work.

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep, I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

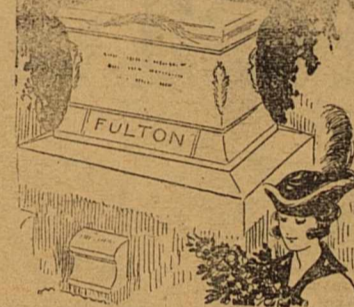

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui. . .

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.
