SPECIAL CAR DOWN

There was a Santa Fe Special car down on Wednesday train, in which some of the road's officials were on, besides Engineer Ross, of Lubbock.

Ex Chief Engineer J. M. Meade of Topeka, Kans. was along, and making an inspection of the road. It was his first trip over the line, but he was well pleased with everything. He remarked that crops looked better here than any place he had seen since leaving home.

TWO LETTERS

LINCOLN'S LETTER

Dear Madam: I have seen in the files of the war department a statement of the adjutant general of Massachusetts that you are the mother of five sons who have died gloriously on the field of battle. I feel how weak and fruitless must be any words of mine which should attempt to beguile you from the grief of a loss so overwhelming. But I cannot refrain from tendering to you the consolation that may be found in the thanks of the Republic they died to save. I pray that our Heavenly Father may assuage the anguish of your bereavement and leave you only the cherished memory of the loved and lost, and the solemn pride that must have been yours to have laid so costly a sacrifice upon the altar of freedom.

THE KAISER'S LETTER

"His majesty the kaiser, hears that you have sacrificed nine sons in defence of the fatherland in the present war. His majesty is immensely gratified at the fact, and in recognition is pleased to send you my photograph, with frame and autograph signature." The woman to whom the above letter was sent has since become a beggar for food on the streets of Delmenhors-Oldenburg.

120 million Allies must eat

United States Food Administration

A BOX FROM HOME

Drawn by Gaar Williams, Division of Pictorial Publicity.

Food savings of millions of Americans during our first year of war enabled this government to send enormous food shipments abroad for our fighting forces and the Allied nations. Our savings in cereals—out of a short crop—amounted to 154,900,000 bushels; all of which was shipped to Europe. We increased our meat and fat shipments 844,600,000 pounds. This was America's "box from home" to our army abroad and the civilians and military forces of the Allied nations.

We had fine rains in this section Wed. night and showers since, some report three inches. Crops are not uniform but some have ideal crops and water melons with flavor to order it seems. With fat stock, beans, peas, tomatoes, roasting ears, water melons and good crops it seems that every body would want to come to Terry.

The old Meadows school opened Monday with a Miss Lee teacher. She is boarding with Raymer's who have bought her a new buggy to attend school. We believe Miss Lee will make good.

Mr. Ellington's family went to Harris last Sunday, Millard's bride wife accompanied them home. Millard is now in France.

Geo. Carter and family spent Sunday at J. T. Stricklin's. Mrs. O. F. Boyd was at W. M. Collins.

Mr. W. M. Hunter and family of Spur, were here last week.

He branded his calves while here.

There must be a house party at Geo. Carter's this week as quite a number of young people from here and Lubbock are there keeping the old folks awake most all night. I believe they call this a house party.

Arnett Bynum one of our sailor boys, on shore duty at Norfolk, Va., is at home this week visiting his parents, Mr. and Mrs. A. B. Bynum. Arnett is an almost perfect picture of young manhood, and his townsmen are proud of him.

W. M. Souter, O. T. Halley, W. W. Price, Will Adams and Mr. Sullivan, returned Sunday from their fishing trip to Young county, and report catching about 125 pounds of the finery tribe, and said they brought back a 25 pound channel cat, though we admit that we did not see it.

FOR SALE: 1050 head of sheep, choice herd. Gibson & Sorrels, Tahoka, Texas.

The Higginbotham-Harris Co. reports the sale of sixteen wagon loads of material this week, which includes the Scudday and Johnson new school buildings, and building and fencing material to Messers. J. R. Smith, Noah Bell, and M. V. Brownfield.

The following message was received from W. R. Bridges this week, who has had his wife in the Lubbock Sanitarium for some time: Dear Jack; wife is gaining some strength but slowly. She has some fever at times, but has been on the operating table every day since she has been here for treatment.

T. J. Price had a letter from his son, Bain one day last week, stating that he had arrived safe over sea. Since he left in June, he has graduated as a horse-shoer and is now keeping the horses' feet in good shape at the front.

Mr. Vaughn who has had charge of construction work on the West Texas Gin plant, left Tuesday for Quanah, for a few days.

Miss Annie Webb Blanton, who has just been nominated for State superintendent of Public Instruction, is an alumna of the University of Texas and has many friends among the faculty and former students of that institution. In her position as head of the public school education system of the state it is expected that she will bring about a better understanding and closer relationship between these schools and the University.

"I have called upon the Nation to put its great energy into this war and it has responded—responded with a spirit and a genius for action that has thrilled the world. I now call upon it, upon its men and women everywhere, to see to it that its laws are kept inviolate, its fame untarnished.

"I can never accept any man as a champion of liberty either for our selves or for the world who does not reverence and obey the laws of our own beloved land whose laws we our selves have made. He has adopted the standards of the enemies of his country, whom he affects to despise."—President Wilson.

CAMPAIGN EXPENSES

It is a very regrettable situation in Texas that men have gotten to the point that they have to spend twelve times as much money to be elected as the salary of one year will bring them. This seems to be true in the case of the Governor of Texas, take Hobby for instance—\$49,000 in round numbers to be elected Governor of Texas. With the present salary of the Governor it would take him twelve years to make his campaign expenses, to say nothing of his living expenses during that period of time. We are of the opinion that there should be some legislation along this line, but what kind we know not. Mr. Ferguson spent a little over \$5,500 in his campaign—that is this is the amount that he turned into the committee we have no record of what other interests paid for him and charged up to "expense" anyway if that is all it is more than a years salary as governor of Texas. The honors of Governor comes high, for according to the campaign expenses that is all they possibly get out of it unless certain interests take care of the living expenses, etc.—Lubbock Avalanche.

DR. TRUITT IN Y. M. C. A. WORK

San Antonio, Texas, August 20, 1918.
Dr. George W. Truitt, prominent Baptist minister of Dallas, Texas and one of the foremost

Baptist of the country, sailed for France the first week in August for service as an Army Y. M. C. A. worker, according to telegraphic advice received here.

Dr. preached his farewell sermon at Dallas some weeks ago, and left for New York in response to a call he had received from prominent military sources. In New York it was learned that he was wanted for important Army Y. M. C. A. work in France, and after a period of preliminary training he sailed in company with several other prominent men from all over the country who had volunteered for Y. M. C. A. Service overseas. Dr. Truitt sailed in the official overseas "Y" uniform, which is similar to the regulation officers uniform of the United States Army.

GHICKENS COME HOME TO ROOST

The Kaiser said something to Ambassador Gerard one day about 100,000 German reservists in America coming to the aid of their "fatherland", in case America declared war. Gerard replied that there was more than a 100,000 lamp-posts in America which could easily be brought in to use on short notice, if necessary. As a matter of fact he knew it would not be necessary.

Where are those 100,000 Germans? Well, as a matter of fact they have sprung to the aid of their fatherland but not the one Wilhelm was thinking about. They sprang to the service of the United States. The Kaiser was crazy as usual. He forgot that a great change takes place in the hearts of men when they get out from under the baleful, hypnotic spell of Prussian militarism and to get to breathing the free air of America.

The German war correspondent of a Berlin newspaper recently made this observation:

"Among the American prisoners a surprisingly large percent bear German names. They say men of German descent are prominent among American army leaders.

Sure enough. They are. Now they are coming back to Germany with blood in their eyes, to avenge the terrible wrongs committed upon their own relatives who have been dragged down under the wheels of despotism, and to fight for the safety of humanity.

In Kansas there lives a German farmer who has brothers and other relatives in Germany. Not long ago he said good-bye to his boy who had enlisted in the American army, and as he gave him his blessings and wished him success, he said:

"Don't stop until you get to Berlin. But on your way back you might stop off at Mecklenburg and say hello to your cousins."—Wichita Beacon.

TOKIO.

(By School Boy.)
We had a nice shower Sunday night. These showers will help hold up the crops, but what we need is a ground soaker. Nearly every one would make tolerable good crops if they could get plenty of rain from now on.

Hillard Ware made friends here a short visit last week.

Charley Logan has secured the Mail route from Tokio to Harris. He is moving his improvements to Tokio where he will make his home in the future.

We all enjoyed a party at Mr. Turner's Friday night.

Lee Thompson took a number of our citizens to the Johnson school house Monday where they donate some work on their new school building.

Mrs. Day is making relatives at Harris a visit this week.

There was an ice cream supper at Mr. S. Johnson's Tuesday night. There was a large crowd and it was a pleased crowd before time to go home.

John Day branded his calves Tuesday.

Ed Spears and Mr. Mengum made a trip to Mexico after honey last week.

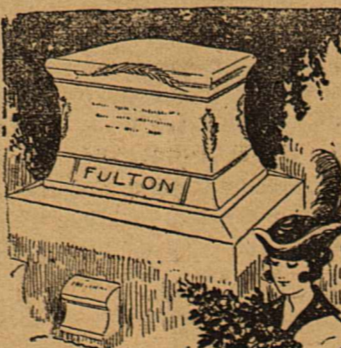

A birth of unusual note was recorded in Slaton Sunday when triplet daughters were born to Mr. and Mrs. C. H. Pittman who were boarding at the Price rooming house. The babies were Lorane weighing four pounds, Murane weighing three and a half pounds and Correne weighing four and a half pounds. One was of fair complexion, one was of dark and one was red. One of the babies died Monday afternoon and was buried in the Slaton cemetery.

CROPS AND FRUIT

From everywhere in West Texas except the Panhandle, and as far east as Fort Worth, thence south to the Gulf, comes the report that the awful drouth of 1917 has been lengthened another year, making conditions unendurable, causing thousands of the poorer classes, who are able to do so, to leave, and some who are unable to leave, face starvation unless succored by charity. The bankers, money lenders and merchants have all reached and passed their limits in extending credits.

Contrasted with this, there is a more fortunate part of west Texas, known as the north and south Plains section, or Panhandle. In fact, probably Terry has best crops since 1914. While a few small sections of the county have had meagre rainfall even they will make enough to tide them through another year, and some cotton for money crop. Four-fifths of the county will make good crops, and the central portion from line to line will make bumper crops.

Then, there has been a very good fruit crop made here, almost enough for all, if efficiently handled, and those who have it, are not asking exorbitant prices for it, and the good wives and daughters are certainly putting up this splendid winter eatables.

Even this editor has a few Elberta peaches that were hunderings, three of them weighing 17 ounces, and were nine inches in circumference, and M. B. Sawyer and M. D. Williams had them that weighed two the pound. There was a light crop of Elbertas, but other varieties were reasonably plentiful. The apple crop is yet to be harvested, and there is a big watermelon crop, red to the rind, just now in full swing.

Terry has a right to be thankful, and should show it in no unmistakable way to Him who gave it.

NEEDS OF Y. M. C. A. GREATLY INCREASED

The Government is planning to put an army of three million men in France by next June, and have another million in training in this country. This means that there will be a greater need for men in the Y. M. C. A. work than ever before.

The work is so varied that men of almost every occupation can do valuable work. The main requirement is that every applicant be a member of some evangelized church, in addition to having the ability to do the work.

The Y. M. C. A. is in many respects the backbone of the army and its work is so valuable that it has received official recognition from the Government.

THE GERMAN BEAUTITUDES.

It is not known whether the following creed was composed by a German or by a foreign student of Germanism. It has the ring of genuiness; it is not far fetched or overdrawn. The military masters of Germany have acted upon this creed, and the German Army, their disciples, have lived up to it.

"Ye have heard how in olden times it was said, 'Blessed are the meek for they shall inherit the earth'; but I say unto you 'Blessed are the valiant for they shall make the earth their throne. And ye have heard men say, 'Blessed are the poor in spirit'; but I say unto you, 'Blessed are the great in soul and the free in spirit, for they shall enter into Valhalla.' And ye have heard men say 'Blessed are the peace-makers'; but I say unto you, 'Blessed are the war makers for they shall be called, if not the children of Jehovah, the children of Odin, who is greater than Jehovah.'"

Mrs. Kennie Garrett and children, of Stevens county, left yesterday for her home, after a visit with her parents, Mr. and Mrs. Jim Humphries.

Mrs. J. E. Woodard and children passed through yesterday bound from Seagraves to Lubbock.

Frank Martin Sr., had business in Lubbock, yesterday.

We learn that Daddy Eperson fell off his wagon Wednesday afternoon, about one mile south of town, spraining his shoulder, and was unable to proceed home. One of the Elmore boys are taking care of him for a few days, until he gets better.

WRITE CHEERFUL LETTERS

Wheezes which have been knocking 'em right out of their chairs for two years are too old for military duty and are barred from accompanying the American Expeditionary Force. In other words, real humor is demanded for duty at the front, comedy that doesn't depend for its punch on swear words, slams at wives or local allusions. With these and all flagwaving gallery play eliminated, to the entertainer who makes good certainly has the real, simon-pure, 100 per cent laugh producers, any one can see.

No war zone permit would be granted to that time honored one in answer who wuz the lady I seen you with,—the one running "That wuz no lady—that wuz my wife." The military police will bar from the war zone any of those sure fire hokum jests of the great city which pause for laughter after some such an nouncement as "Farewell, false world; I'm ending all—I am going to Hoboken—" or Canarise or wherever the joke town is. An entertainment might just as well try to spout German propaganda over there as to try a gag of the type which makes discriminating city audiences fall to the floor writhing with mirth the kind depending entirely on a big cuss word.

The embargo on the questionable gag or the one depending on ridiculing some obscure locality is placed by the Entertainment Section of The Y. M. C. A. National War Work Council which is sending to its huts in France the entertainments recruited by the Over There Theatre League. The hut is the American Soldier's theatre and in it he is going to have good entertainment, with humor, not the imitation stuff.

This does not mean that the "Y" is trying to keep from the soldier the kind of entertainment he sighs for, but is giving him the kind he wants. A good reason is given on every prohibition on bad comedy, all being set forth in the instructions given to entertainers enlisted to go over seas in Y. M. C. A. uniforms. Every entertainer unwilling to abide by these instructions is urged not to go.

Too short skirts, too low necked dresses and all indecent or suggestive acts or words are ab-

solutely prohibited. As to questionable jokes, the actor is reminded that the front seats are often occupied by the most respected women in France, the Red Cross nurses, canteen workers and Y. M. C. A. women. Gags depending on Hoboken or Canarise are pointless to boys who have never been nearer New York than the Jersey shore, and swear jokes fail to amuse clean minded lads from small towns.

Absence from home has surrounded women with the sentimental halo in the eyes of the boys, so the metropolitan knock outs belittling wives is objectionable. The same applies to "bar-room stuff" in entertaining the most temperate army ever formed. As for trying to "get a hand" by howling a "get out and fight for your country" gallery play at men who are doing that hourly, the absurdity is obvious to the most confirmed gallery player.

Actresses going from the champagne district of Broadway to the champagne district of France need not expect to imbibe the golden grape juice with handsome officers, because they must agree before going not to drink or smoke in the presence of officers or enlisted men or be with them after "Traps." They must obey for they cannot "walk the ties" back from there.

NO STATE FAIR

The War Department, through the Division of Aeronautics, having taken over Fair Park for continued use as an aviation concentration camp, the Board of Directors of the State Fair of Texas in patriotic deference to war demands and feeling that any sacrifice, no matter how great, should be made to cooperate in the speedy and successful winning of the war, have promptly acquiesced in every demand that has been made at all times. For this reason, the Thirty-Third Annual Fair and Exposition announced for the dates of October 15-27, 1918, has of necessity, had to be abandoned.

KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful.

I could not do anything, not even sleep at night. It kept me awake most of the night. . . I took different medicines, but nothing did me any good or relieved me until I took Cardui. . .

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. . . I decided I would try Cardui. . . By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui, I continued taking it until I was strong and well." If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial.
