SCHOOL OPENS

The streets were full of school boys and girls early Monday morning. Not only that but intermingled with them, were young men and women putting their oldest child in school, and the more mature couple who had children in all departments from the primary to high school. Then there were the former graduates who in a few days will start to college, or open schools of their own, moving along with the crowd to see their old alma mater open once again. Some afoot others in autos, wagons, hacks and buggies; all with one intent and purpose to make this a term of accomplishments, and of good to the entire community.

Of course as our old school building auditorium had to be done away with to accomodate

an ever increasing enrollment, the largest school room was used for some splendid talks from parents and teachers. But before another term shall have opened a beautiful \$25,000 00 brick or concrete building shall have been reared in our midst with an auditorium second to none in the entire country.

The first days enrollment was 236, against less than 200 last year for the first day, and some one was arguing the other day that our population was less than it was last year.

The teachers are; High school Prof. H. C. Zorns, 9th and 10th grades; Miss Lizzie Dumas, handling 8th grade until a Spanish teacher can be secured. Intermediate, Miss Maggie Hickerson, 6th and 7th grades; Miss Nancy Dumas, 4th and 5th grades; Primary Mrs. Maree Miller, 2nd and 3rd; Miss Hennie Meriwether, 1st grade.

BAPTIST ASSOCIATION

The Brownfield Baptist Association slipped up, on us this time, for it was in session before we knew it was here, but you know there is something doing every day in Brownfield, and unless preposted, one does not catch on to the presence of extra people. However we roasted every prominent Baptist we met for not telling us any thing about the meeting; some pleading that they thought of it but did not want to take the lead, and some pleading that they were not here, among the latter was the pastor, Rev. J. B. Vinson.

Just the same, there is a bunch of these hustling people here, and they are having a good association too, turning out much work, and some splendid sermons are being delivered.

Following the Association, Rev. L. L. F. Parker, of Tahoka will begin a series of revival meetings, and we have been assured that he is a strong man, and will interest you. His brother, J. M. Parker, will lead the song services.

T. J. Price and sons shipped 30 of their finest watermelons to the Harvey House at Brownwood yesterday, and consigned, 75 to F. J. Hartford at Post City. They have a standing contract with the Harvey Houses at Clovis Slaton and Brownwood, and also Mr. Hartford of Post City. The latter gentleman made a trip up here to see this huge watermelon patch.

T. J. Price consigned 80 fine watermelons to the Harvey House at Clovis, Tuesday.

NOTICE

All farmers and stockmen desiring to secure immediate loans through the Brownfield Farm Loan Association are notified to place their applications with Chas. C. Triplett, secretary-treasurer, as the Federal appraiser expects to make a trip through this section shortly.

Chas. C. Triplett
Secretary-Treasurer
Brownfield Farm Loan Association.

S. P. Odams, of southwest Terry, was in Saturday after supplies, and brought the editor a mess of beans, cucumbers and cantalopes galore. He reports a splendid crop.

Geo. Tiernan took the special for Lubbock, Tuesday.

New Arrivals

A lot of pretty new Gingham in Plaids, Checks and Stripes; just the kind you will need for dresses during the cool fall days. Also a good assortment of Outting and Cotton Flannels.

For MEN we have a shipment of Waist PANTS for WORK and others for DRESS wear that are priced very REASONABLY

TOKIO.

(By School Boy.)

Mr. Grant and family of Durhnam are visiting Mrs. Grant's parents Mr. and Mrs. Mangum, this week.

We have certainly had a good meeting this week, held by Rev. Cox and wife. There has been a great interest taken and there were several conversions.

Mr. Henry Kap, Barney Pen-son and wife, relatives of Mrs. B. L. Thompson visited here Sunday. They are from Com-anche county and they say Terry looks good to them for it is very dry in their part of the State.

Mr. S. Johnson returned from Lubbock Sunday where he has been under treatment by doctors there.

Mr. and Mrs. Armstrong made a flying trip to Lubbock Saturday returning Sunday.

Misses Elsie McLary and Ad-die Bell Ware of Brownfield, made a trip here Sunday taking Lela Hill back with them where she will enter school.

Arthur Scudday went to Brownfield Saturday where he will enter school.

Mrs. Cecil Smith returned home Saturday. She has been visiting friends here for the last week.

The young people enjoyed a singing at Mr. Campbell's Sun-day afternoon.

Mrs. Lora Morgan has been visiting Mrs. Armstrong for several days.

(School boy reports this is his last letter, as he is to enter school at Fort Worth right away. We regret very much to lose his effi-cient help on the Herald, but hope the progressive people of Tokio will help us rustle another good writer.—Ed.)

Geo. Tiernan returned last week from Holiday, Texas, where he went after Mrs. Tiernan and little son, Elwood, who have been visiting Mrs. Tiernan's parents. They report an awful dry coun-try.

We stated in last week's issue in his marriage write-up, that Mr. Albert Darden was the Santa Fe Agent here, when we meant to say that he was the assistant agent. We make this correction in justice to both he and agent J. M. Shields.

R. L. Graves returned last

week from Kansas City, where carried several cars of fatcattle. He reports that he received a satisfactory price, but they fell short in weight.

FOR ABSTRACTS, See Terry County Abstract Co. W. G. Hardin Mgr. Office, Court House.

Bob Bowers left yesterday for Ralls, to see his mother, who is visiting his sister, who lives there. Bob will try to buy some rye and wheat for seeding pur-poses while up there.

J. O. Jones, vice-president of the new State Bank, of Lubbock was here Saturday looking after business matters.

HELP WANTED!

We have got to operate our mills with girls while our men fight in France.

Wanted for work in Cotton Mills---

Widows who have girls from 15 to 25 years old, and boys from 15 to 18 years old.

We pay while learning.

POSTEX COTTON MILLS

Post

Texas

ARMY Y. M. C. A. CHIEF

WILMAN E. ADAMS,
Executive Secretary, Army Y. M. C. A.,
Southern Department.

Direction of all Army Y. M. C. A. activities in the entire Southern Department is the large responsibility given to Wilman E. Adams, Executive Secretary, by the National War Work Council early in the development of the extensive program of the Y. M. C. A. in its efforts on behalf of the soldiers.

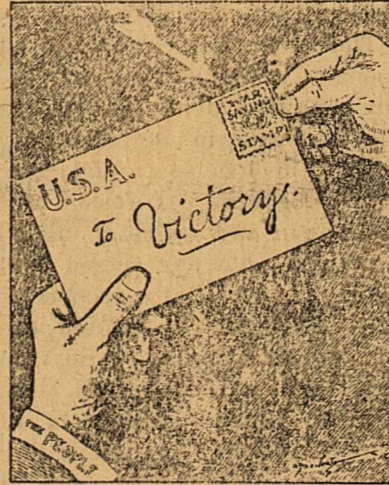

Mr. Adams is the administrative head of the territory made up of Texas, Oklahoma, Arkansas, Louisiana, New Mexico, and Arizona, in which is located a large per cent of the army camps of the entire country. Under his administration the operations of the Army Y. M. C. A. have grown until there is now in operation, or in process of construction, one Y. M. C. A. building for every 3,500 soldiers located in these Southwestern states. When it is remembered that there are several hundred thousand soldiers in training in the Southern Department camps, including Camp Travis, Camp Pike, Camp Bowie, Camp McArthur, Camp Cody, Camp Donphan, Fort Sill, Camp Beauregard, Kelly Field, and the other great flying fields of the department, it will be understood that Mr. Adams occupies a position of similar importance to that of a Major General.

In addition to the camp activities of the Army Y. M. C. A. directed by Mr. Adams and efficiently executed by his army of men in the uniform of the Red Triangle, the Southern Department executive secretary has under his supervision the Army Y. M. C. A. activities along the entire Mexican border, from Brownsville, Texas, to Yuma, Arizona, where many Y. M. C. A. stations are located, and where a fleet of eighteen auto trucks take to the soldiers in isolated places the comforts and pleasures of the Y. M. C. A.

Mr. Adams is one of the pioneers

of the Army Y. M. C. A. movement. He was actively identified with the Army "Y" work with the troops on the border and in Mexico.

VICTORY POSTAGE

PAY THE PRESIDENT.

This is the man you pledged in War Savings Stamps June 28, National War Savings Day. President Wilson is now calling on all loyal Americans, all true Texans, to pay their W.S.S. Pledge just as soon as they can. Put the punch of victory in your patriotism. Pay the President in W.S.S.

Mrs. Fred Benton and son, of Ralls, came in this week for a visit with her parents, Mr. and Mrs. Erank Martin. Mr. Benton has a job laying brick on the new Seagraves school building and they will move down right away.

Mrs. H. M. Lindsey and grand son, came in Friday from Ft. Worth, to visit her daughter, Mrs. Chas. Burk, of Plainview, N. M.

Mrs. C. O. Bergman returned Friday from a visit to relatives at Valley Mills, Texas. Her mother-in-law returned home with her.

Hugh Snodgrass returned to Lubbock Sat. He reports his wife doing well at the Lubbock Sanitarium.

C. K. Johnson got in Friday from Kansas City, where he went with several cars of cattle.

RAINS

Rain has been falling in Terry county for the past 48 hours and the Government gauge at Brown field showed 1.05 inches (Friday) morning, though some portions of the county reposed over an inch yesterday.

Terry county received nearly two and one half inches in August.

Sergeant George C. Wilson, Supply Co., 60th Artillery, writing home from France says in part: "Over here the Y. M. C. A. is absolutely a part of the army. Every body is welcome and they do everything for you. It may sound funny, but you find the 'Y' secretaries selling you a plug of chewing tobacco, cigarets or cigars. They help you mend your clothes, change your money, get a bath, take you a tour of the city, or teach you French. There are a lot of American girls in the canteens and we often buy things just to hear a real American feminine voice. If you ever hear anyone saying they would like to do something to help win this war just tell them to go down and drop some of their plunks into the Y. M. C. A. war fund."

Manion Cosby, of Lubbock, had business here Saturday.

Frank Jones was a north bound passenger, Saturday.

D. Y. Blanton and Uncle Dave Benton, of Ralls, Texas, are here this week looking for grass and visiting relatives.

Mrs. Hall, a sister of Mrs. W. L. Barclay, came in Friday with Lewis, who had been visiting them.

Sheriff Jim Lewis and family and John Hall and family, came in this week from an extended fishing trip to the Llano. They report that spring fed river full of the finery tribe. The Sheriff said he killed one squirrel, the only one he saw.

Mesdames John S. Powell and Chas. Triplett, went to Lubbock yesterday to visit a few days.

Discussion of an economic boycott of Germany by all countries now in arms against her grows in extent and emphasis. The German mind is impressed according to Ludendorff, only by realities. When Germany discovers that she will not be able to either sell or buy from the Allies except upon terms based upon her misconduct, another chapter of realities will be unfolded which may tend to dampen her military ardor. The boycott is a severe argument, but there are people so stupid that they will heed no other.—Lubbock Avalanche.

Jno. S. Powell got to the printing office Monday morning, with three as fine peaches as we have seen in a long time, though he said he started with a dozen, but a lot of his friends and well wishers interrupted his crossing the Rubican. They would measure something like ten inches in circumference, and we judge would have weighed near 20 ounces for the three, from what we have measured and weighed this year John S. is one of the best grape growers in Terry county, and has the biggest and best flavored grapes in the world. Come a bouncing to Terry.

Some of the German leaders are now beginning to wonder where they will spend the winter months, or take up winter quarters as they term it. Possibly there will be nothing but a hot time for them during the coming season, and possibly they will eat dinner back near Berlin in the place of Paris. We doubt if they have time to take up any special quarters as many of the Sammies are accustomed to hunting varments in the winter time and are usually successful, and we might be equally successful in France or Germany in taking the scalp of a hun, in the good old winter time.—Lubbock Avalanche.

A "Home Paper" service organization has been perfected in New York, for the national headquarters, with some of the best publishers, editors and magazine writers in America as its head. The purpose of the organization is to try to put the home town paper in the hands of every man or woman doing war service "over there." It is said by those who have been at the front that the boys in the trenches or the girls doing Red Cross, Y. M. C. A., or other charitable war work crave their old home paper above most any other thing even letters from home, as the paper gives the general happenings, aside from what the family thinks would be interesting to them. The Herald has joined

with the organization, and will announce plans in the near future.

SOCIETY NOTES

The Woman's Club of Brownfield, entertained for the teachers at the beautiful new home of Mr. and Mrs. Fred Smith, on Tuesday night, Sept. 3rd.

The invitations were especially intended for parents and those interested in our schools. Many responded and spent a most pleasant evening. The occasion was a "Welcome" for our teachers, and to bring parents in touch with them. The teachers who labor for our children from day to day, throughout the school year. That there may be sympathy and love and hearty cooperation rather than indifference and criticism.

The evening's entertainment opened with a short welcome by our Club President Mrs. J. E. Shelton, who in her sincerity made all feel welcome, and in behalf of the club, expressed our interest in and desire to do all we can to make our school and town better in many respects. Miss Meriwether presented the school with a beautiful Service Flag, the red border signifying our boys bravery, the field of white contained the blue Stars that represents the 16 boys of the High School, who are now so valiantly defending their country. Mr. Zorns accepted the flag for the school in fitting and appropriate words, recalling the bravery and loyalty of our dear boys who are loyal to their Country and their God. The ladies who were in charge of the evening entertainment proved themselves quite successful. Brief talks on topics pertaining to problems of school life were heard. Many of the gentlemen guests participating and proving themselves equal to the occasion. Several ladies gave helpful ideas also. The Edison was heard at times during the evening, which gave pleasure, as well as the delightful refreshing punch, served by young ladies in the lovely dining room. Mr. and Mrs. Smith as host and hostess, with the members of the Woman's Club made a happy event, long to be remembered by those present. Long live the Woman's Club! And may we have many more delightful evenings.

Reporter.

TAKE HIM

There is a man in Bozeman, Montana, The New York Tribune says, who will probably go through life bewailing the draft board that certified him for service in spite of the fact that he presented a letter written by his wife to prove that he had a de-

pendent family.

Here is the letter:
"Dear United States Army:
My husband asked me to write a recommended that he supports his family. He cannot read so don't tell him. He aint no good to me. He aint done nothing but play a fiddle and drink lemme sense since I married him eight years ago, and I got to feed seven kids of his. Maybe you can get him to carry a gun. He's good on squirrels and eating. Take him and welcome. I need the grub and his bed for the kids, don't tell him this but take him.

BOOK your order for your winter supply of coal with A. G. McAdams Lumber Co.

Rentfro & Newman received five cars of cattle this week from Dickens county to put on grass in one of their pastures here.

Get your McCormick binder extras at the Holgate—Enderson Hardware Co.

Messers. W. R. Bridges and Hugh Snodgrass got off the train Wed. from Lubbock. Each report their wives doing well.

Messers. B. F. Miller, W. H. Robinson and Elmer Hull, of Coahoma, Texas, were here this week prospecting in God's country. W. F. Stewart, who lives on the old Walker place north of town, and used to live in Howard county, says he filled them up on good old "roosenears" and beans something they have not had this year.

SEE W. G. Harden for all kinds of Notary work.

S. J. Treadaway and wife, of Dallas, came in last Friday, on a short visit to his father, Dr. T. L. Treadaway and family.

Miss Vina Bryant, of the Groves neighborhood, is staying with her sister, Mrs. C. L. Williams, and is attending school.

Mrs. Fullingem and family, of Yoakum county, moved in this week for school purposes. They may buy a home here or build and make this their permanent school town.

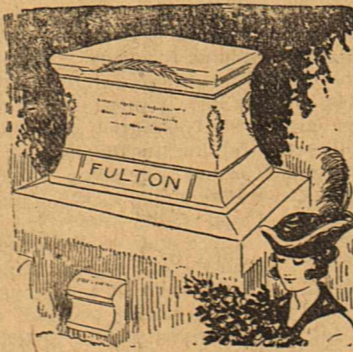

A. F. Campbell, the Tokio merchant, was here this week getting his freight, and doing business with local wholesalers.

MILTON BROWN, JR. MANAGER

Take The Herald

SOW WHEAT AND RYE

At this writing, additional rains are falling over this section which in places have put a season in the ground already, and and every thing looks favorable for continued precipitation.

While we do not think it best to sow wheat or rye on new land unless well prepared, or on our sandiest soil, those who have had to cut their old corn, or failed to get a stand of anything on the land, can now turn it into a rye or wheat field; which will not only afford a splendid winter pasture, but with sufficient moisture through the winter and early spring will assure a money crop early next year.

One of our seed men is now off in quest of seed rye and wheat, and informed us that he had many calls for them. President Wilson has guaranteed the farmers a minimum price of \$2.20 per bushel for their wheat in 1919, whether the war ends or not in that time.

M. & N. W. MAKES FIRST TRIP

The first trip over the tracks of the Midland & Northwestern Railway from their depot site at Seminole to Midland was made Thursday of this week. In honor of the occasion President O'Donnell invited quite a crowd of Seminole citizens to make the trip as his guests.

The train left Seminole at 9:30 in the morning and on the return trip arrived at Seminole from Midland at 11 o'clock in the evening.

This trip was greatly enjoyed by all.—Seminole Sentinel

Born to Mr. and Mrs. J. L. Hyman, Sept. 5, 1918, a son.

A. M. Crews reports over an inch rain at his place Wednesday night and Thursday.

One car of horses and two of cattle were loaded at Seagraves Tuesday.

Births: A girl to Mr. and Mrs. Jas. C. Beavers, Aug. 3rd. A boy to Mr. and Mrs. Ennis Ware on the 2nd inst; a boy to Mr. and Mrs. Lesslie Green on 1st inst; a girl to Mr. and Mrs. Milton Good on the 1st inst.

Tilden Brown took the train for Lubbock, Tuesday, where he went to meet his wife, who was returning from Okla. He said the mosquitoes were eating his baby up.

The Herald added two new home readers this week; I. M. Smith and Bob Gage, both new but Terry boosters.

Will Fisher is here from Cap Rock, N. M., this week, looking for a location in good old Terry, once again.

Knox City, Texas, are here this week visiting his father J. J. Ward and family.

J. M. Story was in from the Lou country this week, and reported a good shower there Tuesday night, and he was feeling so good he had us put him down for a year of the Herald.

J. G. Arnett, one of the good but unfortunate farmers of the Big Springs country, was here this week trying to buy a crop.

Next Thursday is Registration day throughout the land, and there will be registered nearly a third more than there was at the big registration June 5th, 1917, when more than 9,000,000 men registered to knock the blocks from under the Kaiser. We can not speak for the rest of the country, but old Terry will register her full quota next Thursday, as before, without a hitch.

The National War Industries Board has classified the newspaper as a war essential, and includes all allied industries, such as type foundries and paper manufacturers, but our understanding is that it does not include job shop. The Iowa local boards had ruled that newspapers were non-essentials to the winning of the war, causing the suspension of a number of papers, as the publishers were unable to get help. In making this classification, the War Industries Board said the newspaper was a necessity to the Government in many ways, and especially in getting information to the people, selling Liberty Bonds and War Saving Stamp, Red Cross drives, etc.

Miss Evelyne Barbee, left yesterday for her home in Merkel, after a short visit here with her sister, Mrs. W. L. Barclay.

Mrs. Hall, of Dunn, Texas, came in on the train Friday, and left for Plains, where she is engaged to teach school.

W.S.S. DOLLAR MARK YOUR PLEDGE - W.S.S. PAY THE PRESIDENT

The following are the complete returns from the several counties composing the 72nd Judicial District, in the race for District Attorney. There was a total of 7375 votes cast. McGuire received 5083 and Wicks 2292. Majority for McGuire, 2791.

Puck Tate, of Canyon, Texas, recently purchased 7 cars of fat cattle from Bert Ansil, of Ganes county, and loaded them at Sea graves yesterday and shipped them to Kansas City, to put them on the market.

Roy Cardwell left yesterday morning for Camp Mabry, near Austin, to enter the machinery department of the war service. Roy will, like the rest of the Terry county boys, do his duty and like we heard a man express it, "while the single boys are just as brave as the married men, they have no wife or babies to return to, and that the married men would work harder to

clean upon the Huns and get home."

W. E. Poole, the Rafter 4 boss, handed us the coin to head the Herald his way, one year.

Mrs. Murton Judd left Thursday, after a week spent visiting relatives here.

Joe Lane, an erstwhile Terryite, but now an eastern New Mexican, was here Saturday, laying in supplies. Joe, it will be remembered, was here early in the spring and said there would probably be a shower in June 1919, but now acknowledges he missed fire. Now he says, since Foster predicts a severe winter and no rain much in 1919, that he (Joe) has turned optimist and hereby predicts a mild winter and plenty rain next year, the only difference being that while Foster's prognostications were handed out at so much per hand, his forecasts were distinctly philanthropic. He also reports that his cattle breaking in and knocked out considerable of his cotton (?)

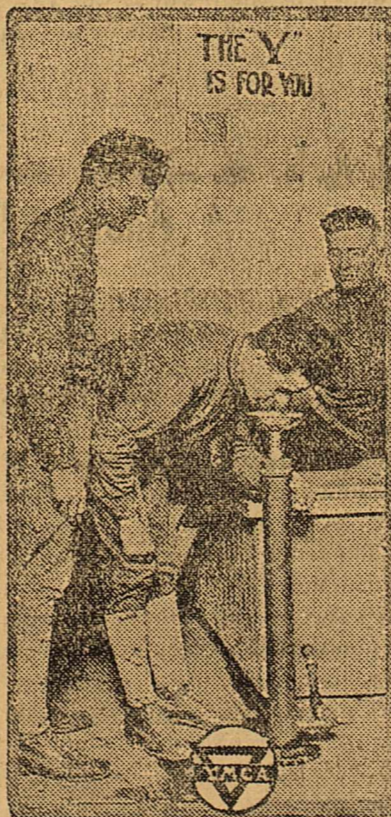

Despite the fact that drouth raged in southeast Terry while most of the rest of the county was getting glorious showers, all the real good farmers down in those digging will show up very good crops with the rains they had this week. A. G. Grott had

some fine roasting ears in this week; Tom Woodward says he will make a thousand bushels of corn; J. M. Story says he has good maize, and reports all feed crops very good in that community.

WATCHES: Largest assortment, greatest value, best prices; 61 to select from. \$1.25 to \$34.50 Come and see. J. L. Randal.

Contractor Nowlin and forces are getting under headway with the big concrete stand pipe for Brownfield's waterwork system. An engine and pump with 100 gallon per minute capacity will be installed, so that in case of a fire it will keep the reservoir full while a hose attached to a six inch main is doing capacity work

AT THE FOUNTAIN

Here is a familiar scene in any Y. M. C. A. building at our army camps. Ice-cooled water "bubblers" quench the thirst of thousands of soldiers, and during a "run" on the fountains the "water line" often extends across the building.

The Army Y. M. C. A. is the enlisted man's club, where he may read, write letters, buy stamps and post cards, have bundles wrapped free of charge, get money orders, play games, and meet his comrades for a social hour.

The bubbling cold water fountain is one of the most popular advantages offered the soldiers by the Army "Y" in the Southern department, which is composed of Texas, Arkansas, Oklahoma, Louisiana, New Mexico and Arizona.

ADVENTIST AND WAR

Private Henry H. McGilvery, Camp Pike, Ark., claiming to be a Seventh Day Adventist, was recently sentenced to five years imprisonment for refusing to clean a latrine on Saturday, claiming that the day was his Sabbath. In reviewing the case Colonel Miller, Camp Commandant, held that such work was a military duty and must be performed on any day that it was necessary, regardless of ones religious beliefs on the matter of Sunday or the Sabbath labor. The finding goes on to say that no more rights can be given a man claiming Saturday as his Sunday than to one who recognizes the usual Sunday.

ONE LADY DIDN'T VOTE

"Well I suppose you registered and will vote," said the Slatonite editor to one of the finest ladies in the Slaton country just before primary day.

"No sir," she answered, "I never registered, and I will not vote. I don't believe in women voting."

Of course I pondered over this as we went down the street Here was a breath of perfume from the fading past, one of the mothers whose ideas did not associate ladies with voting, a noticeable exception from the sworl of imperative womanhood of to day.—Slaton Slatonite.

LEFT OVER

100 Sacks corn, 48 sacks oats, out of county relief feed, that I will now sell for cash. Corn \$2.00 per bushel, \$4.60 per sack; Oats \$5.25 per sack of five bushels each. See Dock Powell.

Mrs. W. B. McEiver, of Wellington, Okla., who has been visiting her parents, Mr. and Mrs. W. S. Posey, left last week for home.

As we said some time ago, we have three big firms handling coal, viz; the Williams & Bowers Grain & Coal Co.; the A. G. McAdams Lumber Co. and the Cisero Smith Lumber Co. These big firms do not have to wait till they sell a car to buy another but can keep them on the road all the time, and if any town has coal this winter, it will be Brownfield, but you had better buy now, for no town will have an abundance this winter. Let us use the surplus railroad cars while we can get them.

Get your McCormick binder extras at the Holgate—Anderson Hardware Co.

The Woman's Club will meet in the Court room Friday afternoon Sept. 20th at 5 o'clock. The members are all urged to be present. Mrs. J. E. Shelton, president.

FOR SALE: Four room house in east part of town; good location; new house and barn. See Homer Ingle for particulars.

BROWNFIELD, TEXAS

FROM WEST WIND

Scholle, N. M., 8-25-18

Editor, Terry County Herald

When I last wrote to the Herald, almost three months ago I intended writing again ere this, but since my arrival the first of July my surroundings have been new and pleasant, and I have just neglected to write.

My home is in the south side of a mountain, surrounded valley that gets wider as it slopes off to Abo Canyon, that borders on the north of it five or six miles from here. Its there that the canyon breaks through the Mts. going west to empty its waters into the Rio Grande. The Santa Fe railroad as it crosses the state from east to west, goes through the mountains in the same Abo canyon valley. North of the canyon is the Manzano Mts. and National Forest reserve. Right west of my home the Mantosa Mts. form a continuous chain extending far to the south. The mountains in many instances are covered in cedar, pine, Pinyon and juniper, also Fir timber but the Mentosas near me, are bare masses of ashy gray soil and rocks.

This is a beautiful valley and I am delighted with my new home. We have had quite a lot of rain here and grass is good and cattle that did not have one bit of feed last winter (except what they got for themselves on the range) are in good condition.

The soil here is gray, red and black, all of it is a fine sandless soil that sticks like middle Texas black land, when it is wet, and there is so much drainage here that surface water runoff rapidly and rain moisture does not last long. I have seen all the grass that I was accustomed to in Texas, except sage grass; also several varieties that I never saw before.

Twenty five miles east of here is the town of Mountainair, and between here and there are Scholle, a R. R. station, with Depot, postoffice, two stores and a copper mine; also a town inhabited solely by Mexicans. Near it, is the famed ruins of Abo. Between Scholle and Abo high mountains of rock rise apparently miles high utterly bare of vegetation. Granite rocks, black and brown are rocks red sandstones, huge flint rocks; The painted rocks or palasides, when the Apache Indians made so much trouble for the U. S. soldiers, the Indians were on the

war path the last time. There is the remains of a cedar picket correll known here as Kit Carson Correll, where that famous scout spent a winter doing U. S. service. He camped in a dohy house near by and the Correll was built for the horses.

This country produces fine fruit and vegetables, when they are irrigated. So far I have not seen any that grew without irrigation. As I see the country this nonirrigated mountain land is strickly a stock range, and to try to make a farm just destroys the grass and there is no certainty of even a feed crop. The rain and water run off as it falls. The earth dries out and bakes in a few hours, and while I know that huge crops of beans were raised near here without irrigation, I know that the successful men who makes a crop, is always written up in the newspapers and the ninety and nine who do not get their seed back that they planted, are not mentioned—why? Oh! you know how it is; we always told of the big rains, the lovely days and the fine crops in Terry. Those long hot dry days when the earth seemed like a desert: those days and nights when the sand filled the air until the sunshine could not reach the earth through the clouds of sand; the years when the farmer planted his crop 3 or four times and the rain failed to come, or the rolling sand killed the crop and finally in the fall, the farmer carried his family to eastern or southern cotton fields to work out a winter support, these facts we sometimes mentioned, but not often. They were all there both the good and the bad, and they are everywhere in some form. I mean every country has its faults, none are perfect. A person can make a living any where they have health and will work. The lest is a Bible law.

So the secret of success is work, save and keep out of dept. The secret of happiness is health and contentment.

There is plenty of land out here to be given to the settlers for homes but, it all has to be lived on or at least your homestead has to be in twenty miles of it, no lands subject to irrigation are given away in 640 acre tracks, but one can get land with plenty of timber for home use on it, and grass land that will support a bunch of cattle that grow a family a living.

We have plenty of springs here

for using and stock water, and the water is as good as it is in Terry. I read the Herald every week and am glad the crops are good there. Our crop here is grass and it is real good. Good wishes to everyone there. May you all be as contented with your surroundings as West Wind.

EMBARKS NEWSPAPER

The printing equipment of the Lorane News has been sold to Don H. Biggers, a veteran writer and newspaper man, and will be removed to Eastland where Mr. Biggers will publish a new paper The Oil Belt News. F. C. Chekel former editor of the Lorane News, will be office manager. It presumed that the drouth is responsible for the suspension of the Lorane paper.—Roscoe Times

R. A. Marshall and family accompanied by Mrs. Fletcher, all of Coahoma, were here this week visiting the Halley and Dallas families, and prospecting.

E. M. Flemming and family got in this week from a three week trip to the Wichata Falls country. They report that the dryest, hardest looking country they ever saw.

FOR SALE: 1050 head of sheep, choice herd. Gibson & Sorrels, Tahoka, Texas.

"A SPLENDID TONIC"

Says Hixson Lady Who, On Doctor's Advice, Took Cardui And Is Now Well.

Hixson, Tenn.—"About 10 years ago I was..." says Mrs. J. B. Gadd, of this place. "I suffered with a pain in my left side, could not sleep at night with this pain, always in the left side..."

My doctor told me to use Cardui. I took one bottle, which helped me and after my baby came, I was stronger and better, but the pain was still there.

I at first let it go, but began to get weak and in a run-down condition, so I decided to try some more Cardui, which I did.

This last Cardui which I took made me much better, in fact, cured me. It has been a number of years, still I have no return of this trouble.

I feel it was Cardui that cured me, and I recommend it as a splendid female tonic."

Don't allow yourself to become weak and run-down from womanly troubles. Take Cardui. It should surely help you, as it has so many thousands of other women in the past 40 years. Headache, backache, sideache, nervousness, sleeplessness, tired-out feeling, are all signs of womanly trouble. Other women get relief by taking Cardui. Why not you? All druggists.
