#### PRESIDENT PROCLAIMS DAY OF THANKSGIVING

Washington, Nov. 4.—Next Thursday, Nov. 28, is Thanksgiving day, and it should be universally observed at some community center such as the school or church house. Terry county has much to render thanks for, asside from the ending of a cruel world war. The President's proclamation follows:

It has been our custom to turn in the autumn of the year in praise and thanksgiving to Almighty God for his many blessings and mercies to us as a Nation. This year we have special and moving cause to be grateful and to rejoice. God has in his good pleasure given us peace. It has not come as a mere cessation of arms, a mere relief from the strain and tragedy of war.

It has come as a great triumph of right. Complete victory has brought us, not peace alone, but but the confident promise of a new day as well, in which justice will replace force and jealous intrigue among the nations. Our galant armies have participated in a triumph which is not marred or stained by another purpose of selfish aggression. In a righteous cause, they have won immortal glory and have nobly served their nation in serving mankind. God has indeed been gracious. We have cause such rejoicing as revives and strengthens in us all the best traditions of our national history. A new day shines about us in which our hearts take take new courage and look forward with new hope and new and greater duties.

#### SEEK DIVINE GUIDANCE

While we render thanks for

these things, let us not forget to seek divine guidance in the performance of those duties and divine mercy and forgiveness of all errors of act or purpose, and to pray that in all we do we shall strengthen the ties of friendship and mutual respect upon which we must assist to build the new structure of peace and good will among nations.

Therefore I, Woodrow Wilson, President of the United States of America, do hereby designate Thursday, the 28th day of November, next, as a day of thanksgiving and prayer, and invite the people throughout the land to cease upon that day from their ordinary occupations and in their several homes and places of worship to render thanks to God, the ruler of nations.

In witness whereof, I have set my hand and caused the seal of the United States to be affixed

Done in the District of Columbia this 16th day of November, in the year of our Lord, 1918, and in the independence of the United States of America, 143d.

"WOODROW WILSON,"

By the President:

ROBT. LANSING, Sec. of State

There were not many changes in the Lubbock District in the recent Methodist Conference. Rev. W. B. Hicks was returned to the Brownfield charge. Lubbock got a new preacher, Rev. J. T. Hicks having been appointed the Presiding Elder of the Stamford district.

John S. Powell left yesterday for Dallas, where he will attend the State Red Cross Convention.

#### TERRY IS OVER

Terry county went over in due time in its drive for the United War Work fund, and the dollars are still rolling in. It is reported that the Needmore community in the north part of this county, says they are going to double their quota, and they want it so stated, and want us to give them something hard next time.

This and Yoakum county had \$3,000.00 to raise, Terry taking \$2200 and leaving \$800 for Yoakum to raise. Every blessed one of the Plains committee was sick with influenza or pneumonia last week, and they were given another week, and we bet Yoakum will show up alright in the end.

The Banowsky family are all down with flu this week.

Redge Burnett came in this

week from Fort Worth walking with a cane, and when we asked him how it all happened, he informed us that in getting off the train at Mingus, which had taken the siding for another train to pass, he happened to alight where there was a trestle over a little creek and fell in where it was about fifteen feet deep. After laying up in a hotel in Fort Worth a few days, he was able to travel.

The STAR-TELEGRAM BARGAIN DAYS are here. Let the Herald have your renewal please

T. H. Green of the Gomez community has ginned ten bales of cotton and is not over the first time, the field of 100 acres being apparently as white behind as in front. He will realize close to \$5,000 for his cotton, not to say anything about a 160 acre field of splendid grain. He said he did not want \$4,000 for his crop before he started gathering, and do not blame him. Come a-ripping out to old Terry.

YOU can't do much farming without good teams. See Dick Brownfield about those mules.

Everyone in Will Alf Bell's family, except himself are down with flu. In fact, he said, as one of the little girls remarked: Mamma, this is just like a Red Cross hospital.

SEE Dick Brownfield some time soon about that mule team you are going to need.

Clarence McCormack has sold the Littlefield News to other parties, and is here this week visiting his parents.

W. R. Bridges paid up his and his daughter's subscription to the Herald, this week.

Mrs. W. A. Swink, formerly of this place, has ordered the Herald to her home at Dawson, Texas, through T. M. Flippin.

We call your attention to the statement of the Brownfield State Bank in this issue. With the movement of cattle, cotton, cottonseed and maize, to be added to with corn a little later, and their deposits are climbing.

Gus Randolph carried a car of mules to Brownwood this week, where he will dispose of them.

Arthur Cotton of the Harris community received four registered Mohair buckgoats from F. O. Landrum, of Laguna, Texas, this week. Neighbors of Mr. Cotton report that he is making good with his goats, and this will be a great addition to his herd.

Marion Newberry made a trip to Lubbock this week on business.

Mrs. S. P. Odam, of southwest Terry, accompanied by her little daughter, Bell, spent Monday night with the editor and family. They were on their way to Spur to visit her sons.

Arlie Proctor left Tuesday for Amarillo, where he went to seek employment. He informed us that his brother, Felix, was working for the government, in Virginia.

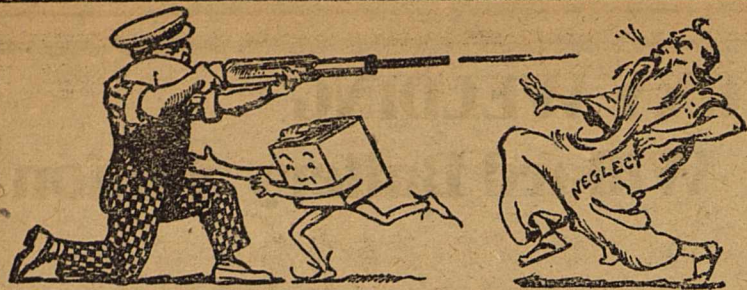

WILL buy your Jumbo or Georgia red peanuts. See popcorn boy.

Hicks Copeland, of Hermleigh, came in this week and was duly installed bookkeeper for the Higginbotham Harris lumber yard. He took the place of W. G. Hardin, who will soon take charge of the postoffice at Brownfield.

The gin will easily gin their 300th bale this week if the weather keeps favorable for gathering.

### MARRIED.

The news came into Brownfield Monday, that Clyde Lewis and Miss Ora Sawyer, were married at Camp Travis last Sunday afternoon at 6:30 p. m., thus terminating several years of youthful sweethearts into that blissful state of permanent sweethearts.

Clyde was one of Terry's favorite young men. He was honorable and honored, had a word of good cheer for every body, and we suppose has no enemy anywhere. About three months ago, he was drafted into the Cactus Division, then forming at San Antonio, and has made as good soldier as he has made a citizen.

His charming young wife, was practically raised and got her high school education in Brownfield, then at Amarillo, and was finishing a special course at Texas Women College, at Ft. Worth. She is one of those rare jewels of feminine beauty and grace, that any man should be proud to mate for life, and is capable in every way to preside charmingly over the home.

Herald joins their many friends in well wishes.

BROWNFIELD

The army boys will be demobilized first, and it will be some time before we get to see the navy boys who have kept the roads of the Atlantic free of submarines unless they get furloughs, as they will be disbanded last.

Of course the Fourth of July will as heretofore remain the big holiday, but that fact will not hinder us Americans from helping the rest of the civilized nations pull off a big one on the ELEVENTH of November.

Tahoka is not only drilling an oil well, but the Commissioners Court of that county have recently invested in a County Agent, and whether they will get oil or not, they are going to make Lynn a well farmed county. A county agent pays.

It is reported that the new head of the German Government is an agnostic. Until Germany pillars her aesthetic and destroys her materialistic literature, she will lag as a nation and always be a dark blot on civilization. What Germany needs more than food and raiment is a good case of "Good Old Time Religion."

Secretary Lansing seems to be getting tired of Sol's notes, and has advised him to address them to the allies instead of all of them to the United States. Sol is worse than a school boy and girl about flipping over his notes. But Germany ought to have took more thought of the notes we sent them throughout 1915-16, and we would respect their notes a little more perhaps.

Herbert C. Hoover says no one in the United States is going to stint to feed Germany. We may stint to feed our little allies that have been overrun, but Germany

he says, must look out for A No 1, or words to that effect. As Knott in his cartoons in Dallas News so ably puts it, they should have been thinking about starvation staring them in the face for the past four years, when they were busy putting food to the bottom of the sea.

The bragging bunch over victory surely are the newspaper men. It looks and reads good alright, and some of them have put out some fine editorials about the matter over the way. The Slaton Slatonite had a real fine one, but a little too long to copy, but that versatile writer generally gets there. However, the newspaper men have some right to brag, as their service flag is well filled with stars, and only this week the editor of the Hale Center paper received a wire that his star was now gold.

One of our readers came in last summer when his subscription expired and informed us that he was unable to pay then, but would do so as soon as he had something to sell, but wanted the paper. He paid up this week. When a friend acts as frank with us as this, there is no limit to the distance we will try to go to accommodate, but when one tries to dodge until we have to cut him off, then gets mad about that, we lose patients. Give us a frank and faithful reader.

Kaiser Bill's dream of world empire has come to no light, and he a fugitive from the justice that is sure to be meted out to him by either his own people, the allies or some anarchist. It has ever been thus, from the earliest dawn of written history that the nation or rulers that forgot God, and trampled under foot the blessed privilege of man-

kind to live, and enjoy the free air and sunshine of heaven, under their own rule, sooner or later has to come down, and they invariably came down with a bang! Its all right if they win, but decided all wrong if they lose.

Little groups of women and girls have been busy around the Randal Drug store this week, packing boxes for the boys over the sea, and with each box goes the love of the senders, whether they be mother, sister, sweetheart, father, brother, neighbor or friend. Keep the home fires burning, and let the brave lads know they are not forgotten at home, even if they cannot share our Christmas dinner personally. But by the grace of Jehovah, we expect before another Christmas holiday shall come, that we can all be together again, and can sing, as the lowly shepherds of Bethlehem once heard: "Peace on earth, and good will to men."

Perhaps it would not be amiss now to make our guess as to who will be the next President of United States. Perhaps after all it would be amiss, but we wonder if there is a man who can beat John J. Pershing. —Slatonite.

Fact, old timers, and it does not make any difference which party nominates the General, he will receive the solid vote of 4,000,000 soldiers and their mothers, wives, sisters and sweethearts.

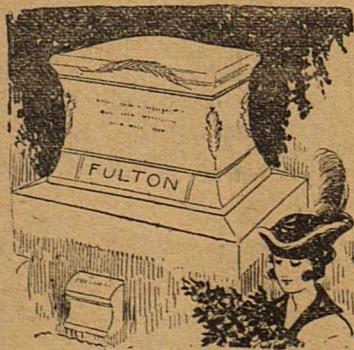

## 1918 XMAS PRESENTS.

Uncle Sam wants folks to give a new kind of Christmas present this year. He urges that all presents, no matter how large or small is the amount to be spent by the giver, be made in the form of War Savings Stamps. Christmas presents of this kind will aid the Government, save labor and materials necessary in the production of the usual kind of presents, allow the giver the opportunity of assisting his country and make the recipient a saver and a Government bond owner. Do your Christmas shopping in War Savings Stamps, and buy them now. Be a real patriot and observe Uncle Sam's request.

## Origin of Biscuits.

Biscuits are said to have been invented by chance in the year 1550 in France. It was the accidental result of an order given by King Henri to produce a cake that could not be secured anywhere else in the kingdom. The little son of a village baker baked the cake for which his father had made the dough, twice instead of once. This is also the origin of the name of "bis cuits," which translated means baked twice.

### "MOST POPULAR ON THE FIELD"

RAYMOND FOSDICK PAYS GREAT TRIBUTE TO WORK OF SALVATION ARMY.

The Salvation Army, tells, in the following statement, how the overseas work actually began:

The men and women whom we first sent to the American camps in France found nothing prepared for them. They lived under the most primitive conditions, spending their every energy, many of them both by day and by night, to make light of the soldiers' lot. In many instances our officers, both men and women, slept in the open fields, sometimes without even a blanket to cover them. In every case they shared the hardships of the soldier.

#### Doughnuts for Doughboys

"In these earliest days another innovation was introduced by these American women who knew not only the heart but the palate of the American boys," writes Commissioner Estill. "Over improvised, rough-and-ready stoves of brick or tin they tried doughnuts and eggs, and made cocoa and coffee, and in strange and wonderful ways they baked apples! Just here began the period of the great popularity of the work of our women officers. I have learned that the fame of these little ten-cent ministers has spread along the entire American line, both at the front and in the training and rest camps. We purchased trucks and other equipment and supplies in Paris and London, and presently a dozen huts were in operation which were made 'like home,' so far as was possible. With 'mother and sister' present by proxy in our women officers the boys developed a profound liking for our huts."

#### Give Without Payment

"It was our purpose to give without cost to the boys," declares Commissioner Estill, "but we soon found that the soldiers resented this as an implication of charity, and a nominal charge was made for all supplies. I impressed upon my officers from the first that they must not confine their work to the mere 'service of the tables' or the formal office or counter work, but must search out ways and means of carrying temporal cheer and spiritual comfort to the men in the trenches. They must not think of office hours or stated periods of service, but must be prepared to sacrifice at all points, in order to serve! These junctions have been carried out, even at the cost of pain and suffering!"

#### Most Popular Organization in France

"As time passed, the first little group of workers has been augmented, until we now have a strong force of officers and employees serving the American troops. Our own trucks driven by our own men, are carrying supplies from our central supply stations in Paris and elsewhere to our huts, and, besides the vast quantities of material bought and shipped from the United States, our buyers have secured other greater quantities in France and England. With the financial incubus finally laid, the Salvation Army is in a position to develop its work with accelerating speed. Highest military officers are placing every possible facility in our way. Mr. Raymond Fosdick upon his return to Washington said, 'The Salvation Army is probably the most popular organization on the field.'"

#### HOT MEALS BETWEEN SHELLS.

(By Harold Miles)

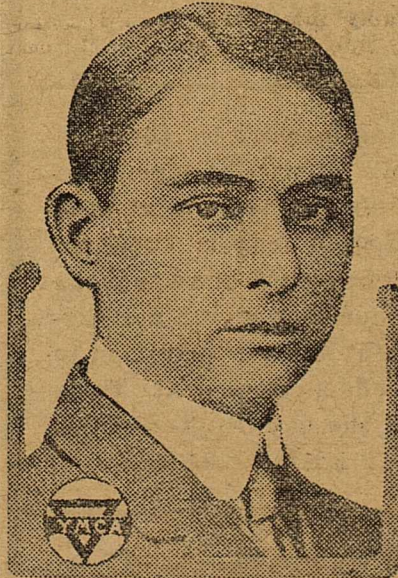

Special correspondent at the front with the American Expeditionary Forces, Somewhere in France, August 20.—"Hot Meals Between Shells" might have been the sign over the doorway of a certain Salvation Army hut in the Toul sector on at least

...n't build  
...e this hut is  
...ned early in the  
...ed after a strenuous  
...to find that there was no  
...st in sight. They went to  
... Salvation Army hut to see if  
...is and needed goods could be  
...urchased, but when the girls, called  
...rom a nearby dugout, heard the sol-  
...iers' story they insisted upon pre-  
...paring breakfast for officers and  
...men.

The village had been under shell fire for over forty-eight hours and during the night there had been several casualties. Because of this the commanding officer was a little dubious about allowing the lassies to run any risk on behalf of his men. Mrs. Adjutant Hammond, who is in charge of the hut, met his objections by saying, 'Why, that is alright, we can work between shells.'

'Shells were arriving with regularity at intervals of about two or three minutes or more, so Mrs. Hammond, assisted by Lieutenant Lulu Lawyer and Captain Ramsey, literally prepared a meal between shells for over a hundred men. Watching the clock and estimating carefully the period between shells they worked calmly until a minute or so before a shell was due when they would rush to their dugout and wait for the explosion. Then they would come out again and go calmly on with their cooking until the clock warned them that another shell was due.

#### HAS A BIG JOB

G. S. Bilheimer.

G. S. Bilheimer of Denver, Colo., has been appointed Southern department campaign director for the next big drive for funds to continue the war work being done by the Red Triangle forces in the army camps of the United States and overseas, army Y. M. C. A., the Y. W. C. A., the War Camp Community Service, the Salvation Army, the National Catholic War Council, the American Library Association and the Jewish Welfare Board.

Mr. Bilheimer is one of the foremost men in the Y. M. C. A. movement. He is a member of the international committee of the organization, a member of the National War Work Council and a master organizer and executive. He successfully directed the last army Y. M. C. A. drive for the Southern department, comprised of Texas, Arkansas, Oklahoma, Louisiana, Arizona and New Mexico, and was unanimously chosen for the larger responsibility of the approaching campaign, during which the country will be called upon to support the Y. M. C. A. and other important war work agencies.

Mr. Bilheimer will be located at Dallas during the campaign period. He will have an able corps of assistants and specialists on his staff to carry out the various activities connected with a campaign of the magnitude of the forthcoming financial drive.

Mr. Bilheimer was chosen to direct the entire United War Work campaign for funds to finance the work of the seven war work agencies because of his successful experience and his unusual ability. His selection came direct from the New York headquarters of the consolidated campaign, with the solid approval of the people of the city Southwestern states, who are under

his leadership, to furnish their part of the \$170,500,000 which the nation will be called on to contribute between November 11 and 18.

If you have any Jumbo or Georgia red peanut, you can sell them at the popcorn stand.

Mrs. Lee Walker was in town Saturday, getting ready to send her boy in France a Christmas box, and had us to send the Herald regularly to Scott. Bill Cook also had us add his brother A. G. Bohannon, to the list of overseas readers. Keep 'er comin' to the boys, they deserve any thing they want.

The popcorn stand will buy your Jumbo or Georgia red peanuts.

Miss Hennie Meriwether, the primary teacher, developed the flu, Monday, and Mrs. Boyce Cardwell took her place in that department.

See the popcorn boy if you want to sell your Georgia red or Jumbo peanuts.

Chas. Acker informed us this week that he got all his feed cut, shocked or ricked before the wind storm last Saturday. The cotton farmers report that but little cotton was blown out, the biggest damage being dust and trash blown into the staple. The storm reached as far east as Cleburne, with cyclones in portions of Oklahoma.

## WHEN THE BOYS COME HOME

BE READY WITH A HOME THAT REFLECTS YOUR WELCOME

Hundreds of homes are looking forward to the day "when the boys come home." It will be a glorious occasion, for, with Victory behind them, our men will come, their hearts filled with eager anticipation of home comforts. It behoves all of us to make ready that eventful day, because we would not disappoint them. It is their right and our privilege to have the home atmosphere reflect our joy at their return. Let us not delay for the day is not distant. **CLEAN UP, PAINT UP AND REMODEL**

## LOCAL BOARD THANKS CITIZENS.

To the People of Terry County:

The Worlds greatest war is practically ended. America and her gallant Allies are the Victors. America did well her part in the conflict and the winning. Terry county did well her part in furnishing men and means. The men having been furnished by draft thru the offices of this local Board, we wish to express, that our feeling of relief and anxiety are second only to that of the Parents of those "over there" and on the way. We rejoice with you. Our burdens and responsibility are about over. We are proud of America, Texas and Terry County, that her people have answered the call and backed it up to the finish.

We wish to publish our deep appreciation to those who have been under the jurisdiction of

this board, for their prompt response to our every call, none have purposely caused us any trouble or worry. We especially thank you for your kind indulgence during our painful task. We especially thank those who voluntarily rendered assistance in much of our work. We laid off fear and favors, personal prejudice and friendships; tried to follow the law, obey orders of our superiors, and be fair as between the boys themselves. Our relations have been satisfactory to us and we hope with you. The Board will likely be in existence for sometime yet, while we can still render assistance to you and the Country. All current calls have been cancelled. Per mit us, however to ask that you not slack up in the other war work now pending before us. Let us see it to a final finish and bring the boys safely home.

Again thanking you, and hop-

ing it wont happen anymore, we are yours in Peace

Terry County Local Board.

## HOW THE GERMANS WOULD HAVE ENDED THE WAR JULY 1

When Germany thought her army had won the world war there was much speculation in the country as to the terms of settlement. One of the statements that were made public was that of Count Roen, a member of Prussian upper house and a pan German junker, made on July 1, 1918. His idea of a settlement with the allies included: Germany is entitled to the following terms because of its strength, and until they are realized there should be no armistice:

Annexation of Belgium. Annexation of the entire Flanders coast, including Calais. Annexation of the Brey and Longwy basins and the Toul, Belfort and Verdun regions eastward.

Restitution to Germany of all her colonies, including Kiaochow

Great Britain must cede to Germany such naval bases and coaling stations as Germany designates.

Great Britain must give Gibraltar to Spain, cede its war fleet to Germany, give Egypt and the Suez canal to Turkey.

Greece must be re established under former King Constantine, with frontiers as before the war. Austria and Bulgaria will divide Serbia and Montenegro.

Great Britain, France and the United States must pay all of Germany's war costs, the indemnity being a minimum of \$45,000,000,000.

They must also agree to deliver raw material immediately.

France and Belgium must remain occupied at their expense until these conditions are carried out.

Keep these in mind when Germany asks for a "peace of justice."

In a clipping from a Georgia paper, a rather novel, yet a very simple prevention of contagious disease, especially Spanish influenza is given—it is to sprinkle a generous supply of sulphur into the shoes which are to be worn throughout the day. The article states that by the process of absorption, the sulphur is diffused throughout the body and the germs of disease are destroyed. If you don't want to try this think of the children of Israel who wouldn't look at the brazen serpent.

There are yet a few tricks left in politics that can't be legislated out.

In one country last summer a woman was nominated in the primary for the office of county and district clerk. Of course the women voted for her, being and were largely responsible for her being nominated. But the women did not vote in the general election and the men compared notes and framed up quietly that they would scratch out the women's name and vote for the man who was beaten in the primary. They did, and when the counting was over the man had been elected instead of the woman. What? Sure, but the man was elected and what can they do about it?—Slatonite.

A. P. Stewart of Tokio, had a wire this week that his son was seriously wounded in France.

## OPTIMISM ON TOP.

Since the recent rains, the optimism spirit for which the Plains citizen are noted has become more aggressively optimistic than ever.

Everybody seems to feel confident that better crop conditions will prevail the coming season and the entire region has taken on renewed activity along all lines.

The splendid news from the "Front" has also helped materially to make the people generally feel more settled and while peace is not, as yet, a certainty, events point to a conclusion of the war in accordance with the terms proposed by President Wilson.

No permanent citizen of the Plains ever lets his "hoper" get out of fix. When that dire catastrophe occurs, the victim moves "back home" for a season—and then returns to the Plains regretting that he had not stayed in the first place.

And the stayer is the one who "makes good" and to whom the success he so richly deserves, always comes.—Panhandle Weekly.

## MARSHAL FOCH SENDS GREETINGS

Paris, Nov. 16.—Marshal Foch, commander in chief, has addressed the following message to the allied armies.

"Officers, noncommissioned officers and soldiers of the allied armies:

"After having resolutely stopped the enemy, you have for months fought him with faith and indefatigable energy, without respite. You have won the greatest battle in history and saved the most sacred cause—the liberty of the world.

"Be proud. You have adorned your flags with immortal glory. Posterity preserves for you its recognition."

that he had just gone through with a good seige of flu in company with most of his townsmen.

Station agent showed us a letter this week from a former railroad man from Slaton, who is now dispatcher on one of Uncle Sams roads in France, that is interesting and at the same time real amusing. Of course we do not understand railroaders terms very well, but we know enough to see the great contrast in American movement of supplies, and the methods used by our French cousins. The letter was addressed to Supt. Ewing of the Slaton division, but was too good to keep, and sent it over to Mr. Shields. There was three closely written typewriter sheets, and ever word counted.

Mr. Dimberry: I get 23 miles out of one gallon of gas. Mr. Blinkey: I can't believe that; I don't get near that much with my car. Bystander: Mr. Dimberry what kind of gas do you use? Mr. D: I never allowed any kind to be put in my car except pure old Magnolia. Mr. B: Oh well, that's different; I can't always get that kind where I live although I try.

O. F. Garner, of the Groves community left yesterday for a visit to his daughter at Plainview, Texas.

## BROWNFIELD AMAZED BY SUDDEN ACTION

The quick action of pure Lavoptik eye wash is startling. A school boy had eye strain so badly he could not read. A week's use of Lavoptik surprised his teacher so much she used it for her old mother. ONE WASH showed benefit. A small bottle is guaranteed to benefit EVERY CASE weak, strained or inflamed eyes. The QUICK result is astonishing. Aluminum eye cup FREE.

## NEWCOMER TO BROWNFIELD.

Judge and Mrs. W. W. Gatewood, of Roswell, have come to make Brownfield their home. Their household effects came in by rail some time ago, and they will occupy the Burnett cottage in the southeast part of town. We have not seen the Judge since he came, as he is in very poor health, we understand, and has not been on the streets. But Judge Gatewood needs no introduction in Texas, as he lived in the State many years before going to New Mexico, and is well and favorably known throughout the State.

In 1896 he represented the San Antonio district in the National Democratic Convention, at Chicago, that nominated Bryan, and it was he who started

the stampede in the convention that resulted in the nomination. Until his health began to break some six or seven years ago, he was conceded the leading attorney of the Pecos Valley, and his practice in big cases extended south of Roswell into Texas, and north into the Panhandle, but he was compelled about two years ago by broken health and advancing years to retire altogether from practice and other activities.

He and his estimable wife have been living alone in Roswell for several years, and as he had withdrawn from active life, they thought life would be worth while if they came to Brownfield where they could be near their daughter and grandchildren, the family of R. L. Graves, living eight miles southeast of town.

For the Herald and its readers

we welcome the Judge and his good wife to Brownfield, and hope they find it pleasant to live among our people.

### NOTICE TO CUSTOMERS.

After this week, I can't make any more city deliveries, only after 4 P. M. So have your orders in by that time unless you are willing to pay a quarter. Walter Gracey.

Mr. N. Cellum, of McCaulley, is here looking after his section known as the Randolph land. Mr. Cellum informed us that he might become an actual settler. Though not able to farm himself, he will likely build in town, in order to be near his other interests. He owns considerable town property here.

Western trees for western people, varieties that have been tested, and adapted to the climate, hardy, seldom get killed by late frost, and stands dry weather well. Plainview Nursery Plainview Texas.

There will be services at the Methodist church, Sunday, Nov. 24th. All members are requested to be present so we may begin our new year work. The Board of Stewards are called to meet Monday night at the parsonage. Sunday School at 9:45 a. m. W. B. Hicks, P. C.

## KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful.

I could not do anything, not even sleep at night. It kept me awake most of the night. . . I took different medicines, but nothing did me any good or relieved me until I took Cardui. . .

I was not able to do any of my work for one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. . . I decided I would try Cardui. . . By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well." If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial. NC-133
