BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY MARCH 14, 1919

NO. 35

ARMENIA IS CALLING FOR HELP.

Dallas, Texas.
March 4, 1919.

Mr. A. J. Stricklin,
Brownfield, Texas.

Dear Mr. Stricklin:

Did you know that today in one small community there are 3,500,000 destitute people? In the time of Texas' great disaster the Galveston flood, the world became our brothers. We were the recipients of help from the far corners of the earth.

Today a nation, isolated from the Christian peoples of the world is in the direst straits that has ever been known in the history of the world. In Armenia, Syria, Greece and Palestine there are 3,500,000 peoples mostly women and children, without homes food or clothing. They are not idle wanderers from choice but the devastation of war, the horrible Turk and the fiendish Hun have laid waste their land, killed their men and driven the women and children from their homes. They are starving.

President Wilson has asked that America send immediate relief. Terry County's quota being only \$220.00 and the population scattered we have felt that it was unnecessary to organize. Therefore I am writing deeming that you will consider it a privilege to have an oppor-

tunity to share in the great relief work that is being done. A contribution by you will probably save many lives.

Send your donation made payable to S. J. McFarland, Treasurer, mailing same to C. P. Sites, 301 Gaston Bldg., Dallas, Texas. Thanking you, I am,
Yours For Humanity's Sake,
C. P. Sites

North Texas Director & Sec'y
Armenian-Syrian Relief Com.

The above letter is self explanatory, and like many others received here, but if you did not get one and want to donate to this cause, we suggest that all leave their donations and name at the Bank, and let all be sent in together. Donations large and small are appreciated.

FARM for rent. Call K. W. Howell.

M. V. Brownfield and family, also Will Poole, left this week to attend the Cattlemen's Convention in Dallas, and the Fat Stock Show at Ft. Worth. Each city is promising great attractions for the cattlemen.

Sayings of the Avery Demonstrator. "We let no other oils be put in our tractors while demonstrating and until sold, except the Magnolia."

P. N. Montgomery, traveling freight and passenger agent of the Panhandle and Santa Fe, was down this week, looking after business matters.

BIG HAIL FRIDAY

A southeast wind raged here Thursday night and till Friday afternoon until about three o'clock, when a cloud gathered in the northwest, and hailed like fury for about thirty minutes. The hail was soft and spongy however and nothing was hurt. The whole atmosphere was full of sand, and the hail had a muddy tinge. The government gauge here registered .43 inch, after the hail melted.

One spot of the county, the northwest corner, reported no rain or hail, but the southwest part of the county reports rains sufficient to wash out roads in places. A. M. Crews, down on the draw, said he got an inch of rain.

If you don't get good Gas and Oils just kick yourself as they are sold every day within your reach.

Miss Ora House, of Rotan, Tex. is visiting her sister, Mrs. P. A. Smith, for a few weeks.

W. R. Bridges and wife left this week for Arkansas City, Kans., where Mrs. Bridges will undergo treatment for a while.

IT is for your own good when you say, "Give me a quart of that good Magnolene Lube."

Among the recent renewals was S. P. Odum, of southwest Terry, who wanted to help out on the Linotype machine.

The Model L. Linotype Purchased by The Herald. This big machine which weighs 3000 pounds was shipped from New Orleans, La., February 27, by freight, but we have no way of knowing just when it will arrive. Many of our readers are paying in advance to help us pay this big freight, installation and insurance bills. Won't you help us out. We are not asking for charity, but we want all readers to have a direct interest in this machine.

Mr. Plain, owner and manager of the South Plains Telephone Co., left this week for Dallas, where he will attend a convention of the owners of independent companies. We understand that they will protest against government control and we don't blame them. The Government has no more right according to our notion, to take over the private phone system, now that peace is almost assured than they have to take over all the stores, banks, printing offices and farms in this land.

FOR LEASE: 1280 acres, one mile by two miles, nine miles north of the town of Lubbock. Good house, well and windmill and 160 acres in cultivation. There is a bargain here for the right party. For particulars write E. M. Powell, 1707 Main Street, Dallas, Texas.

S. W. Johnson, of the Needmore community, is purchasing lumber this week of the Cicero Smith Lumber Co., to put a nice dwelling on his farm. There is nothing prettier than a nice country home.

Implement Sheds as a Farm Economy

To leave farming implements and farming machinery out under the old oak tree is ruinous. A shed is the proper place—a shed built of Southern Pine lumber, with no leaks and no warpings. You can get the necessary lumber from your nearest dealer with which to build an implement shed—one that will pay for itself many times over. Farming machinery is being used more and more each year. It is getting to be the farmer's most expensive item. It must be protected, or serious loss will result.

COURTHOUSE BIDS

The Commissioners Court was in session this week attending to matters pertaining to the new courthouse for Gaines county.

A. Helf, representing Sanguenet & Staats, of Ft. Worth, the architects employed for this building, was here with sketches for the court's consideration. It is expected that the complete plans and specifications for this building will be completed in the next few days, ready for all contractors who wish to bid on the construction.

GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As To Help Others."

Watoga, W. Va.—Mrs. S. W. Gladwell, of this town, says: "When about 15 years of age, I suffered greatly . . . Sometimes would go a month or two, and I had terrible headache, backache, and bearing-down pains, and would just drag and had no appetite. Then . . . it would last . . . two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three . . . I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children . . . Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years. Begin taking Cardui today. It may be the very medicine you need.

WEDDINGS

BURNETT—NEWSOM.

Mr. Earnest Burnett and Miss Helen Newsome played a trick on their friends here last Thursday by hiring a car to Tahoka, where they were married, after which they cut across country for Post where the afternoon train was boarded for Ft. Worth where they will make their future home.

Miss Helen is the accomplished daughter of Mr. and Mrs. W. W. Newsom of this city, and while she has only been here a little more than a year, she numbers among her friends all she has met, both young and old.

Earnest was practically reared and educated here, but has only recently returned from Camp Travis, where he was training to fight the huns when the armistice went into effect. Before that time he was employed by Swift & Co., of Ft. Worth. He is the son of Mr. and Mrs. Jim Burnett and has many friends here.

COVEY—PIERCE

This couple was scheduled to marry last Thursday, but we understand that the parents in terferred, but gave their consent Sunday and now they are the happiest couple to be found. Rev. M. D. Williams tied the knot.

Miss Ona May Pierce came here several months ago, from Snyder with her parents, Mr. and Mrs. Gaines Pierce, and being a pretty and nice young lady, has won many friends.

Mr. Sam Covey, the bridegroom, is the son of Dr. Covey, who is now living at Gomez. This family formerly lived here, and Sam has many friends and well wishers.

Herald offers its congratulations to both happy couples, and wishes them happiness and prosperity.

C. O. Bergman, one of our prosperous citizens, living south-

west of town, was in Saturday trading. He says he is putting his land in shape for the bumper crop we predict is coming this year.

The Honorable Commissioners Court was in session a couple of days this week, transacting the regular monthly work. Road work was liberally discussed, but we understand that nothing new transpired.

Mrs. V. E. Hargett of Seagraves, accompanied by her son, Earl, and daughters, Misses Rajina and Robena, were here Saturday, shopping with our merchants, and paid the Herald a pleasant call.

Former County and District Court Clerk, F. L. Boyd of Plains, was here this week, transacting business.

RED CROSS GIFTS \$400,000,000

War Council on Retirement Announces Cash and Supplies Contributed.

WORKERS WILL "CARRY ON."

Five Big Societies in World Wide Plan. H. P. Davison heads International American Red Cross Commission. Dr. Livingston Farrand Permanent Leader of Peace Organization.

Washington.—(Special).—Henry P. Davison as chairman issues the following statement on behalf of the War Council of the American Red Cross: "To the American People: "The War Council of the American

Red Cross appointed by President Wilson on May 10, 1917, to carry on the work of the American Red Cross during the war, at their request and by vote of the Central Committee, ceased at midnight, February 23.

"Immediately the armistice was signed the War Council instituted studies to determine when the strictly war work of the organization would have been sufficiently matured to enable the direction of affairs to be resumed by the permanent staff. Henry P. Davison, being in Paris when the armistice was signed, summoned a conference there of the heads of all the Red Cross Commissions in Europe to canvass the situation. After considering all the factors it was concluded to make the transition on March 1. The very fortunate choice of Dr. Livingston Farrand as the new chairman of the Central Committee, and thereby the permanent chief executive of the Red Cross, makes possible the consummation of this plan under the most favorable conditions.

Accounts Audited by War Department. "Detailed reports to Congress and a complete audit of its accounts by the War Department will constitute the final record of Red Cross activity during the war. Although it has been the rule to make public all expenditures when authorized and to give detailed information relative to all work undertaken, the War Council in turning over its responsibilities to Dr. Farrand and his associates desire to give a brief resume of Red Cross war time activities to the American people, to whom the Red Cross belong, and whose generous contributions have made possible all that has been accomplished.

"During the past nearly twenty-one months the American people have given in cash and supplies to the American Red Cross more than \$400,000,000. No value can be placed upon the contributions of service which have been given without stint and oftentimes at great sacrifice by millions of our people.

"The effort of the American Red Cross in this war has constituted by far the largest voluntary gifts of money, of hand and heart, ever contributed purely for the relief of human suffering. Through the Red Cross the heart and spirit of the whole American people have been mobilized to take care of our own, to relieve the misery incident to the war, and also to reveal to the world the supreme ideals of our national life.

"Everyone who has had any part in this war effort of the Red Cross is entitled to congratulate himself. No thanks from anyone could be equal in value to the self satisfaction everyone should feel for the part taken. Fully 8,000,000 American women have exerted themselves in Red Cross service.

Has Over 17,000,000 Adult Members.

"When we entered the war the American Red Cross had about 500,000 members. Today, as the result of the recent Christmas membership Roll Call, there are upwards of 17,000,000 full paid members outside of the members of the junior Red Cross, numbering perhaps 9,000,000 school children additional.

"The chief effort of the Red Cross during the war has been to care for our men in service and to aid our army and navy wherever the Red Cross may be called on to assist. As to this phase of the work Surgeon General Ireland of the U. S. Army recently said: "The Red Cross has been an enterprise as vast as the war itself. From the beginning it has done those things which the Army Medical Corps wanted done, but could not do itself."

"The Red Cross endeavor in France has naturally been upon an exceptionally large scale where service has been rendered to the American Army and to the French Army and the French people as well, the latter particularly during the trying period when the Allied World was waiting for the American Army to arise in force and power. Hospital emergency service for our army in France has greatly diminished, but the Red Cross is still being called upon for service upon a large scale in the great base hospitals, where thousands of American sick and wounded are still receiving attention. At these hospitals the Red Cross supplies butts and facilities for the amusement and recreation of the men as they become convalescent. Our Army of Occupation in Germany was followed with Medical units prepared to render the same emergency aid and supply service which was the primary business of the Red Cross during hostilities. The Army Canteen service along the lines of travel has actually increased since the armistice.

"As for work among the French people, now that hostilities have ceased, the French themselves naturally prefer as far as possible to provide for their own. It has accordingly been determined that the guiding principle of Red Cross policy in France henceforth shall be to have punctilious regard to its every responsibility, but to direct its efforts primarily to assisting French relief societies. The liberated and devastated regions of France have been divided by the government into small districts, each officially assigned to a designated French relief organization.

"The American Red Cross work in France was initiated by a commission of eighteen men who landed on French shores June 13, 1917. Since then some 9,000 persons have been upon the rolls in France, of whom 7,000 were actively engaged when the armistice was signed. An indication of the present scale of the work will be obtained from the fact that the services of 6,000 persons are still required.

"Our American Expeditionary Force having largely evacuated England, the activities of the Red Cross Commission there are naturally upon a diminished scale.

Now that the war has ended and our glorious country is once more on a peace basis, so that factories can turn from the manufacture of war munitions to peace time productions of pleasure and utilities, thus enabling us to obtain our quota of cars and repairs, we have decided to permanently locate our branch house in Brownfield again. We are now stocking up with the best and biggest line of supplies ever brought to this city. We have some cars on the floor and invite you to see these new Ford's. W. B.--Red--Tudor has purchased half interest in the Brownfield house, and that not alone means permanency, but also, that you will get the maximum service at minimum cost, and very courteous treatment. And the district courts and the judges thereof, under their equity powers, shall have the authority to issue, upon suit of the Attorney General, injunctions against infractions or threatened infractions of any part of this constitutional provision.

(d) Without affecting the provisions herein, intoxicating liquors are declared to be subject to the general police power of the State; and the Legislature shall have the power to pass any additional prohibitory laws, or laws in aid thereof, which it may deem advisable.

PROPOSED AMENDMENT TO THE STATE CONSTITUTION, GIVING THE LEGISLATURE POWER TO GIVE OR LEND, OR AUTHORIZE THE GIVING OR LENDING, OF THE CREDIT OF THE STATE FOR THE PURPOSE OF ASSISTING CITIZENS, HEADS OF FAMILIES, TO ACQUIRE OR IMPROVE THEIR HOMES

House Joint Resolution No. 12
To amend Section 50, Article 3, of the Constitution of the State of Texas, to provide that the Legislature shall have power to

give or lend, or authorize the giving or lending, of the credit of the State for the purpose of assisting citizens who are heads of families to acquire or improve their homes; authorizing the State to acquire, improve, sell or lease real estate or assist such citizens to acquire or improve their homes upon terms and conditions prescribed by the Legislature; authorizing the Legislature to create such agencies as may be necessary to carry out the purposes of this section; providing that obligations created under this section shall never be taxed; and providing that the Legislature shall have authority to provide a method of securing any deferred payments for lands purchased hereunder, and that such obligations shall be secured in addition to the usual liens by an annual assessment collected as a tax against the land; and providing that the Legislature shall have no power to relieve any person from any obligation entered into under this provision or any statute enacted thereunder; and providing for the classification of lands acquired under this Act, and limiting acreage sold to any one person where lands are classed as agricultural.

Be it resolved by the Legislature of the State of Texas:

SECTION 1. That Section 50, of Article 3, of the Constitution of the State of Texas, be amended that the same will read and hereafter be as follows:

SEC. 50. The Legislature shall have no power to give or to lend, or to authorize the giving or lending, of the credit of the State in aid of or to any person, association, or corporation, whether municipal or other, or to pledge the credit of the State in any manner whatsoever, for the payment of the liabilities, present or prospective, of any individual, association of individuals, municipal or other corporation, whatsoever, except that the Legislature shall have the power to give or to lend, or to authorize the giving or lending, of the credit of the State for the purpose of assisting native born or naturalized citizens who are heads of families and who will become in good faith actual occupants, to acquire or improve their homes; and for this purpose the State is authorized to acquire, improve, sell or lease real estate to assist such citizens to acquire or improve their homes upon such terms and conditions and in such manner and subject to such limitations as the Legislature may from time to time prescribe. Provided that no land shall be acquired by the State under the terms of this amendment to the Constitution until the said lands are examined, and the value of said lands is appraised and ascertained as to its actual value for agricultural purposes, by a commission hereby authorized, composed of the Governor, Attorney General, Land Commissioner, Comptroller of Public Accounts and the State Treasurer; and their report shall be available to all prospective land purchasers. The Legislature shall have authority to create by law such agencies as may be deemed necessary to effect the purposes of the Act. Obligations created under this section shall never be taxed, and the Legislature shall have authority to provide a method of securing deferred payments for lands purchased hereunder, and in addition to the usual liens may secure the same by an annual assessment collected as a tax against the land; provided, however, the Legislature shall have no power to relieve any person from any obligation entered into with the State under this provision or any statute enacted hereunder. The terms of this Act shall not apply, or be extended to any person who is not a bona fide resident citizen of the State of Texas and who has not been such citizen at least two years prior to the extension of such aid, nor shall the terms of this Act ever be applied to any lands outside of the State of Texas. Provided further that all land acquired by the State under the provisions of this section for which the State may lend its credit shall be classed as agricultural lands or otherwise, and if classed

as agricultural lands, then no more than 200 acres shall be sold to any one person under the provisions herein.

SEC. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of the State of Texas at an election to be held throughout the State on the 24th day of May, A. D. 1919, at which election all voters favoring said proposed amendment shall write or have printed on their ballots the words: "For the amendment to Section 50, Article 3, of the Constitution of the State of Texas," providing that the Legislature shall have power to give or lend or authorize the giving or lending of the credit of the State for the purpose of assisting citizens who are heads of families to acquire or improve their homes," and all those opposed shall write or have printed on their ballots the words: "Against the amendment to Section 50, Article 3, of the Constitution of the State of Texas, providing that the Legislature shall have power to give or lend or authorize the giving or lending of the credit of the State for the purpose of assisting citizens who are heads of families to acquire or improve their homes."

SEC. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have the same published as required by the Constitution and existing laws of the State.

SEC. 4. That the sum of \$500,000, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated, to pay the expenses of such publication and election.

Secretary of State.

SMOKING TOBACCO FACTS FROM THE ENCYCLOPAEDIA

The Use of Flavorings Determines Difference in Brands

The Encyclopaedia Britannica says about the manufacture of smoking tobacco: "... on the Continent and in America, certain 'sauces' are employed ... the use of the 'sauces' is to improve the flavour and burning qualities of the leaves." Which indicates that a smoker's enjoyment depends as much upon the flavoring used as upon the tobacco.

Your nose is a sure guide in the matter of flavorings. Try this simple test with several tobacco brands: pour some tobacco into your palm, rub briskly, and smell. You will notice a distinct difference in the fragrance of every brand. The tobacco that smells best to you will smoke best in your pipe, you can rest assured.

Carefully aged, old Burley tobacco, plus a dash of pure chocolate, gives TUXEDO Tobacco a pure fragrance your nose can quickly distinguish from any other tobacco. Try it and see.

"The work in Italy has been almost entirely on behalf of the civilian population of that country. In the critical hours of Italy's struggle the American people, through their Red Cross, sent a practical message of sympathy and relief, for which the government and people of Italy have never ceased to express their gratitude.

Supplies and Personnel to Near East.

"The occasion for such concentration of effort in Italy, England, Belgium and even in France having naturally and normally diminished, it has been possible to divert supplies and personnel in large measure to the aid of those people in the Near East who have hitherto been inaccessible to outside assistance, but whose sufferings have been upon an appalling scale. The needs of these peoples are so vast that government alone can meet them, but the American Red Cross is making an effort to relieve immediately the more acute distress.

"An extensive group of American workers has been dispatched to carry vitally needed supplies, and to work this winter in the various Balkan countries. In order to co-ordinate their activities, a Balkan commission has been established, with headquarters at Rome, Italy, from which point alone all the Balkan centers can be reached promptly.

"A commission has just reached Poland with doctors and nurses, medical supplies, and food for sick children and invalids. An American Red Cross Commission has also been appointed to aid in relieving the suffering of Russian prisoners still confined in German prison camps.

"An important commission is still working in Palestine. Through the war special co-operation has been given to the Armenian and Syrian Relief Commission, which was the only agency able to carry relief in the interior of Turkish dominions.

Red Cross Will Continue.

"Red Cross effort is thus far flung. It will continue to be so. But the movement represented by this work has likewise assumed an intimate place in the daily life of our people at home. The army of workers which has been recruited and trained during the war must not be demobilized. All our experience in the war shows clearly that there is an unlimited field for service of the kind which can be performed with peculiar effectiveness by the Red Cross. What its future tasks may be it is yet impossible to forecast. We know that so long as there is an American army in the field the Red Cross will have a special function to perform.

"Nothing could be of greater importance to the American Red Cross than the plans just set in motion by the five great Red Cross societies of the world to develop a program of extended activities in the interest of humanity. The conception involves not alone efforts to relieve human suffering, but to prevent it; not alone a movement by the people of an individual nation, but an attempt to arouse all people to a sense of their responsibility for the welfare of their fellow beings throughout the world. It is a program both ideal and practical. Ideal in that its supreme aim is nothing less than verifiable "Peace on earth good will to men," and practical in that it seeks to take means and measures which are actually available and make them effective in meeting without delay the crisis which is daily recurrent in the lives of all peoples.

"For accomplishing its mission in the years of peace which must lie ahead of us the Red Cross will require the ablest possible leadership, and must enjoy the continued support, sympathy, and participation in its work of the whole American people. It is particularly fortunate that such a man as Dr. Livingston Farrand should have been selected as the permanent head of the organization. The unstinted fashion in which all our people gave

of themselves throughout the war is the best assurance that our Red Cross will continue to receive that co-operation which will make its work a source of pride and inspiration to every American."

Mr. Davison, as chairman of the International Commission of the American Red Cross, has undertaken to represent the American Red Cross in the preparation of the program for extended Red Cross activities, and will spend the next several months in Europe in consultation with other Red Cross societies for that purpose.

THE WAR COUNCIL OF THE AMERICAN RED CROSS.

PLENTY ENOUGH

Editor Stricklin, of the Brownfield Herald, is now a firm believer in the old saw which says, "Troubles never come singly." He has just been accumulating some data on that proposition and from all accounts has enough on hand to justify his belief—and he hasn't been long getting it either.

It seems that he and his entire family finally succumbed to the allurements of the fashionable "flu" and the Editor himself added an extra touch by having pneumonia, as so many people do. And right in the midst of all these "goings on" in the editorial family, the eldest Miss Stricklin put in her appearance and, like a dutiful daughter, forthwith followed the example set by her parents and

had the flu also.

Altogether there was so much doing that the Herald missed several issues, it being impossible to secure assistance in the office and then, to cap the climax, a well-to-do citizen of that town stopped his paper because he failed to get those copies!

Some Christian gentleman that!—Panhandle Plainsman

The Terry County Herald editor in his last issue of the paper explained why his paper did not make its appearance the week previous and in part said: The whole Herald family had the flu and right in the midst of the flu their baby daughter, Sallie Truman, came to make her home with the family and had the flu also. The only regret that the Herald man seemed to express that her advent was necessarily a very quiet affair owing to the epidemic of flu that kept the neighbors all away—Lubbock Avalanche.

W. I. Lovelace, of Tokio, was in town last week, and became a regular reader of the Herald.
