honoring her approaching marriage of her daughter, Miss Gertrude to Mr. Herbert Lees, of Big Springs, Texas, Mrs. Dallas entertained in her home last Thursday evening.

This was not a surprise to most of her friends for Mr. Lees has been making frequent trips to Brownfield for the past year. During the war he was an aviator, and now is one of the promising young business men of Big Springs. He is to be congratulated upon winning the heart of one of our fairest maidens.

This announcement party was beautiful and perfect in every detail. Mr. and Mrs. Dallas and Miss Dallas met the guests on the veranda and seated them there for a pleasant chat while the party gathered. They were then ushered into rooms beautifully decorated with carnations. Letters were passed to each guest bearing the message, "After Aug. 3rd my address will be Big Springs, Texas, Gertrude".

Baby Vendell Prideaux, age 2, and Little Clyde Dallas, age 3, dressed as bride and groom came in to the strains of the wedding march thus presaging the event. They created much merriment and were admired as they marched solemnly around. Readings followed by Misses Merriwether and Treadaway, and music by Mrs. Dallas, Miss Dallas and Miss Dorothy Halley.

Delicious sherbet and cake were served, and soon each guest found herself reluctantly bidding her charming hostess goodnight, and wishing Miss Gertrude a long life of happiness unalloyed with care or sorrow.

She takes with her our love for her gentleness has endeared her to all our hearts.

Leonard Stapp Drowns at Ranch in New Mexico

The following is a brief account of the way Leonard Stapp met his death as taken from one of the Roswell, N. M. papers.

Leonard Stapp, a young man employed by the Diamond "A" Cattle Company as a bronc breaker, was accidentally drowned yesterday at the Twin Butte Horse Camp, about forty miles southwest of Roswell.

Stapp and Russell Troutner, another horse breaker were riding near the ranch house and came upon a deep water hole and Stapp said, "I wonder if these horses could swim with us on them?" and they decided to try it. They waded the horses out toward the deep water and both suddenly slipped off a shelf and began plunging. The horses had evidently never been in water before, and both went under several times. Troutner's horse finally drowning. When the horses went under, the boys slid off and tried to make it back by swimming. They both had on chaps, heavy boots and gloves which pulled them down. Troutner managed to get out and taking off his clothes started back to help Stapp who was not a very good swimmer, but the latter went down before Troutner could get to him. Troutner dived several times in an effort to find Stapp, but was unable to find him. He then got on Stapp's horse and went after help, but they were unable to resuscitate him when he was located—Roswell paper.

Rev. M. D. Williams conducted a brief but impressive service at the grave.

The following is from the pen of his sister, Mrs. Artie Shepherd, of Seagraves.

Leonard Stapp was born Jan. 4th, 1902, in Hale county, and was drowned July 11th, 1919, about forty miles from Roswell on the Diamond A ranch, and was buried at Brown-

field on Sunday, the 13th, by the side of his father, who died three years and eleven months ago on that date. All the brothers and sisters attended the funeral with the exception of Russell Stapp, who was at Burk Burnett. His elder brother just returned home on Monday from the army, and all were rejoicing that he was at home again, as healthy as he was when he went away, and after going through four battles without an injury in anyway. But, alas! joy was all turned to sorrow.

How hard it is to give up our youngest brother, who was called Brother by most every one until he entered school. He has always been the life and joy of the family circle. You might be sad or worried, but when Leonard was around, everyone was soon laughing again, as he always saw the bright or funny side of life. One never heard him fussing or complaining because things did not go his way, but he took life joyfully as it came; always brave and never seemed to fear danger of anything he was doing. As free hearted as they ever get to be in the west where he always lived and has many friends. But God has called him to that better home without a moment of warning just as we pluck the beautiful flowers from the branch, so was his life taken, and God will help us to bear our troubles if we will only go to him with them. So let us, one and all live for God that we all may meet again in that Better World, is my prayer.

His loving sister,

Lora Shepherd
We the undersigned wish to offer our heart felt thanks through the columns of the Herald to the good people of Plains for their help and kindness in our time of sorrow; and also to the people of Gomez and Brownfield.

PICNIC IS COMING ON GOOD

Since our last issue, a great deal has been accomplished in the way of making up an attractive program that will draw a record breaking attendance here on August 1st and 2nd and every committee is working in perfect harmony for the best thing ever witnessed in Brownfield, and we are all witnesses that this is saying something.

The following is about what has been decided on up to going to press and we will give the balance next week:

Hon. Pat M. Neff, one of the best orators that Texas ever produced—and she has produced many—will address the people on a live subject on Friday, the first day at 11 a. m.

We have secured the services of a splendid band that will discourse sweet music at intervals throughout the two days.

Airplanes! Negro fight both days free of all cost! ball games galore, and dancing for those who like it.

There will be a lot of stunts for the cowboy that always amuses any crowd, consisting of bronc busting, trick riding, Goat roping, riding the steers and taking bells from the neck while riding him, and steer roping, and a purse of \$640.00 has already been put up for this fund.

An effort is being made to get the railroad company to run a special train down from Lubbock both days that will make connection with the morning trains at that place.

And of course the people will all have their faces feed—FREE—both days, and that alone is worth considering.

Then there will be other speakers here to keep the people from getting restless besides the many side shows and doll racks, etc., for those who care to spend their money that way.

And the best feature of the whole thing is, that it is mainly intended as an honor to our returned heroes

The stock holders of this bank are R. M. Kendrick, H. H. Longbrake, D. J. Broughton, J. C. Scudday, Jr., Joe J. McGowan, Carter Wilder, of Kansas City, Orrie R. Slater, of Mineral Wells, Texas, and Pat McHugh of Sligo, Texas.

**Excellent Showing For
No Accident Week.**

The Santa Fe System made a most excellent record during "No Accident Week", there being only twenty injuries and none killed. The record for the same week last year was 132 injured and four killed. Canadian people take a special pride in the record our railroad men made for this division point, for their record was one hundred per cent clear. There was no accidents of any kind recorded against the Canadian men.

The final report for "No Accident Week" shows that of the 67 roads comprising the Central Western Region, 48 went through the week with a clear record. 19 roads report a total of 97 casualties, compared with 456 during the same week last year, a decrease of 359 casualties, or 79 per cent, the best percentage reduction yet shown by any region in No Accident Campaigns. Santa Fe reduction was 84 8-10 per cent or only 5 8-10 per cent above the average reduction. —Canadian Record.

Demobilization By August 1st

Demobilization will be completed by August 1st, in the opinion of army officials.

The final decision in the matter, they say, will rest with the general staff of the army and not with the Department of Justice. When it has been made General March, as chief of staff, will so advise Attorney General Palmer, who will in turn

formally notify the President, leaving nothing in the way to the suspension of the war time prohibition act.

Officials reason that when the troops to be brought home this month are mustered out the force remaining will be so small that demobilization can be readily declared at an end.

CONSTITUTIONAL AMENDMENT

Providing for an Issue of Bonds by the State for the Purpose of Construction of Highways.

House Joint Resolution No. 13.

A Joint Resolution proposing to amend Section 49, Article 3 of the Constitution of the State of Texas relating to the power to create debts by or on behalf of the State so as hereafter to authorize the Legislature to enact such laws as may be necessary directing the Governor of the State to issue bonds in a sum not to exceed \$75,000,000; providing for the levy of a tax to create the necessary interest and sinking fund therefor; and providing that the proceeds from the sale of such bonds shall be used in the construction of durable, hard surfaced roads upon the public highways of the State.

Be it resolved by the Legislature of the State of Texas:

Section 1. Amend said Section so as to read after its adoption as follows:

Article 3. Section 49. No debt shall be created by or on behalf of the State, except to supply casual deficiencies of revenue, repel invasion, suppress insurrection, defend the State in war, or pay existing debt; and the debt created to supply deficiencies in the revenue shall never exceed in the aggregate at any one time, two hundred thousand dollars (\$200,000); provided however, that the Legislature may enact such legislation as may be necessary to authorize and direct the Governor to issue bonds of the State in a sum not to exceed seventy-five million (\$75,000,000) dollars; the proceeds to be used in the construction of durable, hard-surfaced roads upon the public highways of the State; provided that such proceeds shall be apportioned to the different counties of the State highways in such counties; and, provided further that under Legislative authority a tax not to exceed twenty cents on the one hundred dollars valuation of taxable property in the State may be levied, assessed and collected to provide the necessary interest and sinking fund therefor, and said taxes shall be in addition to the taxes authorized by Article 8, Section 9 of the Constitution.

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors for members of the Legislature at an election to be held throughout the State of Texas on the first Tuesday in November, the same being the 4th day of November 1919, and the Governor of this State is hereby directed to issue the necessary proclamation for said election and to have the same published as required by the constitution and laws of the State. Those favoring the amendment shall have written or printed on their ballots the words "For the Amendment to Section 49, Article 3 of the Constitution, proposing to amend Section 49, Article 3, relating to the power to create debts by or on behalf of the State, so as hereafter to authorize the legislature to enact laws directing the issuance of bonds by the Governor of the State in the sum not to exceed Seventy-Five Million (\$75,000,000) dollars, the proceeds of said bonds to be used in the construction of durable, hard surfaced roads upon the public highways of the State; and providing for the levy of a tax not to exceed 20 cents on the one Hundred Dollar valuation, on taxable property in the State. Those opposing the amendment shall have written or printed on their ballots the words "Against the amendment to Section 49, Article 3, of the Constitution proposing to amend Section 49, Article 3, relating to the power to create debts by or on behalf of the State so as hereafter to authorize the Legislature to enact a law directing the issuance of bonds by the Governor of the State in the sum not to exceed Seventy-five Million (\$75,000,000)

dollars, the proceeds of said bonds to be used in the construction of durable, hard-surfaced roads upon the public highways of the State; and providing for the levy of a tax, not to exceed 20 cents on the one Hundred Dollar valuation, on taxable property in the State."

Section 3. The sum of Five thousand dollars (\$5,000) or so much thereof as may be necessary, is hereby appropriated out of any funds in the State Treasury not otherwise appropriated to defray the expenses of such proclamation, publication and election.

Section 4. The fact that the Legislature is restricted by the provisions of Section 49, Article 3, of the State Constitution from enacting needed Highway Legislation, creates an emergency and an imperative public necessity exists, demanding the suspension of the rule requiring bills to be read upon three several days, and such rule is hereby suspended.

Meadorsville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before."

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Thedford's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects, it has won the praise of thousands of people who have used it. NC-135

News In Brief

Harry S. New is under arrest at Los Angeles California, charged with the murder of Frieda Leaser, with whom, it is alleged, he was too intimate. Harry claims to be a legitimate son of Senator New, of Indiana, and appealed to him for help in his trouble. Senator New vehemently denies that Harry is one of his legitimate off spring, but leaves ample room for belief that he may be his illegitimate son.

It is stated by the highest authority that the international tribunal created to try the ex-Kaiser will be absolutely unfettered; it will have the power to impose any penalty it may think that the crimes of the criminal demand, even the death penalty, if it is considered such a fate is warranted by the evidence brought before it.

Paul Barrier manager of the Barrier Brothers store at Floydada, was over this week visiting his brother, Raymond.

Daylight Saving Going

There will be no more daylight saving after the present season. The law has been repealed, and its death is due to the antipathy felt for this scheme by the farming class of the nation.

On the other hand, we were told when the bill was being first considered that its being made law would save about one fourth of the usual gas and electric bills of city folks, would save a million and a quarter tons of coal annually, increasing gardening by allowing workers to have the long afternoons for such purposes and would add to the health by promoting outdoor sport recreation.

Maybe in later days, we will see it tried again; but, for the present, it is destined soon to become a relic of war memory.

Latter press reports from Washington are to the effect that President Wilson vetoed the measure because it failed to carry certain appropriations that he wanted through and it failed of passing over his veto. Most of the Texas Congressmen including our own, voted to pass the bill over the president's veto, in order to kill the daylight saving law, which none of the farmers like.

A Large Tabernacle Is

Badly Needed.

One of the great needs of our city is a large tabernacle that will seat two or three thousand people. There is no auditorium in the city that will hold that many people, and it is frequently needed, especially in the summer time, and if it could be built so that it can be closed up and heated it would come in handy during the winter months. This should be built from public subscriptions and be available to all purposes. A few thousand dollars spent in this manner at present will supply the need till our city has grown to a sufficient size that an auditorium will be built to take care of these requirements. A proposition of this kind could be handled in a way that it would not cost any one a great deal and the money that is spent for temporary arrangements for revival meetings, etc. could be used in the erection of this tabernacle.—Lubbock Avalanche.

This advice applies forcibly to Brownfield. A permanent tabernacle does not cost a great deal, and is so much better to hold our meetings under than make shift frame work with jute bagging stretched over it. Such a covering is just about as near imaginary as is possible to construct.

Lets build a tabernacle before meeting time next year.

Bell Slayer Dies

Jas. A. Gafford of Crowell who was injured in the shooting affray in front of the Bell theater of that town when the late Senator W. S. Bell was killed, died at his home Wednesday night of last week from the wounds. From the various reports of the shooting it seems that Mrs. Gafford attempted an assault on the young son of Senator Bell. The boy and a Gafford girl, both quite young, married about a year ago contrary to the wishes of both families. The young wife died suddenly six months later, and one report is that the Gaffords intimated that poison might have been used. When Mrs. Gafford assaulted young Bell in front of the theatre some two weeks ago, she had a revolver but it snapped without firing. Bell knocked her hand up and attempted to stop her from further activities. Gafford then took a hand with a gun and Bell responded in kind. When the smoke cleared away Bell was injured from bullet wounds and he died four hours later. Another son of Bell was injured by a gun shot but not seriously. Gafford was injured but he walked to the home of a physician where he received emergency treatment. The following afternoon he was arrested at his home, but his condition prevented him from being taken to jail, and he was guarded until able to attend his preliminary trial, when he was released on a bond of \$5,000. His wife, who was also held in connection with the slaying of the Senator, was also released on a bond of \$5,000, and their 16-year old son, who was present at the time of the shooting, was released on a bond of \$1,000.

Big Attendance At

Idalou Singing.

Idalou, July 7. The Lubbock County Singing Convention met at Idalou the 29th of June with one of the largest crowds ever present at a like occasion in this part of the country. By nine o'clock the crowd had begun to gather, and by twelve there was over one thousand people present, there being 110 cars, 40 wagons and hacks and over 50 buggies, bringing the people in from every direction, from far and near. There were people from Abilene, Plainview, Ralls, Floydada, Lockney, and in fact many from all the adjoining counties. The singing began at 10 o'clock and dismissed at 12:30 for noon and one of the best dinners ever served was spread on the benches in front of the church. This part of the convention was enjoyed by all, and all had plenty and some to spare. The crowd began singing again at 2 p.m., and some of the best songs we have ever heard were rendered, and all pronounced it one of the best singing conventions they ever attended. The convention will meet with Acuff the 5th Sunday in August. Everybody invited to come and bring a well filled basket and somebody with you on that date.—Slaton Slatonite.

Six big farm wagons were drove in here yesterday morning from Gomez, and an inquiry for the big reason, we were first informed that they were over to move Brownfield over to Gomez, and wanted to know where we wanted to be set down. Later, however, we were informed that they were freight wagons after the lumber for the Church of Christ at that place. The Higginbotham-Harris Co. got the bill.

Mrs. Wicker and children, of Seagraves, passed through here Tuesday on the train, bound for Slaton, where she will visit her sister.

County Clerk J. C. Green and family, visited relatives at Snyder, last week.

Mrs. Luke Scott is visiting her sister at Flagstaff, Ariz.

Dick Brownfield returned the first part of the week from Burkburnett, where he has been looking after his interests.

A. M. Crews and family of the draw community, between here and Seagraves, attended the Leonard Stapp funeral here Sunday. He reports sufficient rain there last week to make the moisture meet.

Thomas Brooks informed us this week that the Santa Fe railroad had called for his services again, and he was making preparation to accept the job. He worked for this company prior to going to France with the Ninetieth, and he says he is going to the Santa Fe again and do all he can to work himself up with this big system.

O. T. Halley, cashier of the Brownfield State Bank, returned this week from Grayson county, where he finally succeeded in buying a car of thoroughbred gilts, that he will distribute among the farmers of this county. He says he had a time getting them, as the corn crop, which is a fine one, is already made down there and the hog raisers are reluctant to sell that which they can eas-

ily feed. He looks for them in sight of a week or ten days.

J. C. Green had a wire this week to the effect that his son, Gladys, had landed in New York from overseas.

Bill Fulton came in Monday from Lubbock, where he had been on business.

Lee Johnson, of the west side, had business in the county capital, this week.

Prof. and Mrs. Farrar came in Monday, and he will take up his duties as Superintendent of our public schools at once.

Mrs. A. V. Taylor and daughter, of Tokio, were here Monday, shopping, and paid the Herald a pleasant call.

Mr. Morgan, manager of the Bowman Lumber Co., of Lubbock, and Russell Jones of the Security State Bank of that city, were here Saturday night and Sunday AGAIN. We wonder why these young men like Brownfield so well.

L. G. Scott left this week for Upton, N. M., to look after his property interests at that place.

Claud Burrus, of Gomez, had business in Lubbock, this week.

Homer Hughes, of Dallas is visiting his parents, Mr. and Mrs. R. R. Hughes. This is a splendid young man, almost a product of old-Terry, and has made a well educated man and a good dentist out of himself. He has been working for Uncle Sam for the past year or two in his profession and of course has had a lot of practice, and we believe he has about decided that Brownfield is the right place for him to begin to build up for himself. Anyway, we will not say too much just now, but keep your eye on the Herald for an announcement later.

Mrs. J. B. Dumas and daughter, Miss Mollie, of Tyle, Texas, who have been here on a visit to her sister, Mrs. M. S. Dumas, left Tuesday for home.

Mrs. H. G. Bliss of Warsaw, Mo., is here visiting her daughter, Mrs. O. T. Halley, and enjoying the good old Plains breezes.

There was no preaching here at any of the churches Sunday, which seemed quite odd, but the protracted meeting at the Baptist church begins Sunday, and one at the Church of Christ Sunday week. So we suppose the people of Brownfield will get up on preaching before these meetings are over.

The Wrenn Library.

The Wrenn Library, which was given to the University of Texas by Major George W. Littfield, is attracting many visitors. This collection is one of the most complete and interesting in this country. Two manuscripts of Izaak Walton are the only ones in America. A Hebrew Bible, bound in filigree silver of a beautiful and intricate pattern, is one of the most interesting volumes in the library. An old Flemish manuscript, hand illuminated on vellum, is an attractive feature. Original manuscript letters prove to be favorites of visitors. Once Poe wrote to his publisher, Griswold, contains a correction for "Lenore," and another from Poe's mother-in-law to Griswold, asks a loan while her poor "Eddy" is ill. Perhaps the rarest volume in the library is a little one called "Original Poetry of Victor

and Cazire," which is a first edition of some poems of Shelley. The most complete collection of Tennyson in America is in the library, and will furnish material for many lovers of that author. A folio of the complete works of Shakespeare, printed in 1632, is preserved in its original binding, and is kept in a fireproof case. A Greek and Latin Bible bearing the signature of Ben Johnson with his motto in Latin, and a Greek Grammar belonging to John Locke never fail to attract attention

In Memory Of

Rev. W. L. Lovelady.

The following appeared in the Post City Post last week, and is from the pen of a friend.

In the early twilight hour Friday June 27th 1919, Rev. W. L. Lovelady fell asleep and passed from the kingdom of Grace to the Kingdom of Glory.

He was born in Mississippi Sept. 13, 1844. He married Miss S. M. Smith, in 1872 who preceeded him in death ten years ago. There were six children, three of whom are living, P. S. Lovelady of Post, Phil Lovelady of Seminole, and W. H. Lovelady of Aspermont, and an adopted daughter, Mrs. Le Clare of Seminole. The funeral took place from the Methodist church thence to Terrace Hill Cemetery. The pall bearers were, Rev. R. J. Hall, J. F. Hartford, George Elkin, R. L. Willoughby, J. E. Voss, and Carl Clark.

Brother Lovelady united with the Methodist church at the tender age of eight years, and spent his life in the service of God and humanity, as a christian he possessed a faith that was strong and steadfast, yet childlike in its simplicity accepting the gospel of his Lord in its purity as revealed in his word.

Devoted to the Masters Kingdom he was intensely interested in the preaching of the Gospel to the unsaved as well as the Saints. One of the sweetest traits of his character was "loving the bretheren". His heart was large enough to always take in those who had sorrows and griefs, as well as those who had heavy burdens to bear.

The nearer he came to the end of his journey the brighter the path

grew. Those who knew him best can truly say that the evening time of his life was sweet. He spoke to many friends of his in the last few days about the future one. His testimony was "I am on my way home" and as he thought about it, he was made to shout for joy the prospect was so bright.

Truly he was God's servant and when he heard the call of his loving Heavenly Father saying "come home my tired child" he was glad to answer thee "Here am I" and he answered in peace—Ex.

Rev. Lovelady was well known to the early settlers of Terry, he having been one of the first, settling a farm near Gomez. He was loved and respected by all who knew him.

Mr. Ward and wife of Ampley, Ark., and Mesdames A. J. Kemp and Echols, of Snyder, are here visiting Mrs. H. H. Copeland. Mesdames Kemp and Ward are sisters of Mrs. Copeland, and Mrs. Echols is a sister-in-law.

Mrs. Bucklew and daughter, Miss Nettie, left last week for their home in Shreveport, La., after quite a visit here with their sister and aunt, Mrs. Jno. S. Powell.

Miss Erma Barrier of Canyon, Texas is now clerking for the firm of Barrier Brothers. She is a cousin to the Barrier brothers here.

Rufus Rush and wife, of Muleshoe, Texas, and Mrs. Capt. Anderson, of Plainview, are here on a visit with their parents, Mr. and Mrs. John S. Powell.

Mr. Alva Campbell of the U. S. Aviation service, was here last week visiting with his sister, Mrs. J. A. Gamble.

J. W. Gordon, big boss of the U—, was in after supplies, this week.

Several attempts were made this week to try out the well for the water system, but each time it became sand locked after a short trial, but it made as high as 50 gallons per minute before becoming sand locked.

Mrs. Fancett left this week for Iowa Park, Texas, to nurse her son, who has small pox.

Jackson Brothers are building a 20x60 feet ware house for the storage of coal this week. We have done seen enough of Jackson Brothers to know that they are progressive, and stand strictly for the upbuilding of Brownfield and its trade territory.

Mr. Collins was down from the city of Meadow, this week.

John Day, of the Tokio country, was here this week to meet a number of the boys from his community who are getting back for the wheat belt of the north plains.

J. D. Speegle left Saturday for his home at Sherman, Texas, after a week spent here visiting his daughter, Mrs. Arthur Sawyer. His little daughter will spend the summer here with her sister.

Mrs. S. B. Jackson left Saturday for her home in Wellington, Texas, after a visit with her parents, Mr. and Mrs. J. H. Anderson of the Union neighborhood.

FOR THE gentlest horse in Terry county, see J. H. Hall.

The meeting at the Church of Christ started on schedule time Sunday morning, although the preacher was delayed somewhat on account of car trouble, Mr. Hough Clark having brought him down from Lubbock. They were also accompanied by Mr. Clark's mother. While Elder Dixon is a young minister, he is giving some real masterful sermons, and one and all are cordially invited to go and hear him.

Gladys Green, son of Mr. and Mrs. J. C. Green, arrived home this week after several months service in Europe. He is sound and well and got in time to take in the picnic.

The Baptist meeting that has been going on here for the past ten or twelve days, was brought to a close Tuesday night, and while there perhaps were no visible results that can be seen today, we feel sure that the church has been greatly revived and strengthened, and that the results will show forth later. This has become quite a strong congregation of this faith, and they are now looking for a pastor in keeping with the importance of the church.

Marvin Parks, son of Mr. and Mrs. W. M. Parks, of near Gomez, came near getting seriously hurt Sunday afternoon, when a Ford car turned over with him near the Sawyer residence. Several people eat dinner out there Sunday, and all wanted to attend afternoon church services at Brownfield, and Marvin had brought one load and had started back after another load, and was making good speed when the car left the road. He was crushed under the top, which was wrecked, and was unconscious most of the rest of the afternoon, and until in the night but was getting along alright the last reports from him and seemed to be no worse for the dangerous experience. Boys, don't try to get in to big hurry. It is dangerous.

Otho Welch came in this week from Fort Worth to visit his parents, and to take in the annual picnic.

Rev. O. B. Annis, of Seminole, Texas, passed through last Saturday on his way to Wilson, Texas, where he will assist in a revival.

CONSTITUTIONAL AMENDMENT

Providing for an Issue of Bonds by the State for the Purpose of Construction of Highways.

House Joint Resolution No. 13.

A Joint Resolution proposing to amend Section 49, Article 3 of the Constitution of the State of Texas relating to the power to create debts by or on behalf of the State so as hereafter to authorize the Legislature to enact such laws as may be necessary directing the Governor of the State to issue bonds in a sum not to exceed \$75,000,000; providing for the levy of a tax to create the necessary interest and sinking fund therefor; and providing that the proceeds from the sale of such bonds shall be used in the construction of durable, hard surfaced roads upon the public highways of the State.

Be it resolved by the Legislature of the State of Texas:

Section 1. Amend said Section so as to read after its adoption as follows:

Article 3, Section 49. No debt shall be created by or on behalf of the State, except to supply casual deficiencies of revenue, repel invasion, suppress insurrection, defend the State in war, or pay existing debt; and the debt created to supply deficiencies in the revenue shall never exceed in the aggregate at any one time, two hundred thousand dollars (\$200,000); provided however, that the Legislature may enact such legislation as may be necessary to authorize and direct the Governor to issue bonds of the State in a sum not to exceed seventy-five million (\$75,000,000) dollars, the proceeds to be used in the construction of durable, hard-surfaced roads upon the public highways of the State; provided that such proceeds shall be apportioned to the different counties of the state according to the needs of the State highways in such counties; and, provided further that under Legislative authority a tax not to exceed twenty cents on the one hundred dollars valuation of taxable property in the State may be levied, assessed and collected to provide the necessary interest and sinking fund therefor, and said taxes shall be in addition to the taxes authorized by Article 8, Section 9 of the constitution.

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors for members of the Legislature at an election to be held throughout the State of Texas on the first Tuesday in November, the same being the 4th day of November 1919, and the Governor of this State is hereby directed to issue the necessary proclamation for said election and to have the same published as required by the constitution and laws of the State. Those favoring the amendment shall have written or printed on their ballots the words "For the Amendment to Section 49, Article 3 of the Constitution, proposing to amend Section 49, Article 3, relating to the power to create debts by or on behalf of the State, so as hereafter to authorize the legislature to enact a law directing the issuance of bonds by the Governor of the State in the sum not to exceed Seventy-Five Million (\$75,000,000) dollars, the proceeds of said bonds to be used in the construction of durable, hard surfaced roads upon the public highways of the State; and providing for the levy of a tax not to exceed 20 cents on the one Hundred Dollar valuation, on taxable property in the State. Those opposing the amendment shall have written or printed on their ballots the words "Against the amendment to Section 49, Article 3, of the Constitution proposing to amend Section 49, Article 3, relating to the power to create debts by or on behalf of the State so as hereafter to authorize the Legislature to enact a law directing the issuance of bonds by the Governor of the State in the sum not to exceed Seventy-five Million (\$75,000,000)

dollars, the proceeds of said bonds to be used in the construction of durable, hard-surfaced roads upon the public highways of the State; and providing for the levy of a tax, not to exceed 20 cents on the one Hundred Dollar valuation, on taxable property in the State."

Section 3. The sum of Five thousand dollars (\$5,000) or so much thereof as may be necessary, is hereby appropriated out of any funds in the State Treasury not otherwise appropriated to defray the expenses of such proclamation, publication and

election.

Section 4. The fact that the Legislature is restricted by the provisions of Section 49, Article 3, of the State Constitution from enacting needed Highway Legislation, creates an emergency and an imperative public necessity exists, demanding the suspension of the rule requiring bills to be read upon three several days, and such rule is hereby suspended.

A few days we are reading of an officer in the service being sent some where in the United States, and we will bet a ginger cake to doughnuts that when it is all summed up and down that the direct cause will be traced to where they mistreated some buck private while he had the advantage in the service, and blame them, we can't to save us. It seems to be the first nature with some people to overstep their authority, when placed in a position to have others under them, and they take great pleasure in wrecking vengeance on them that have no come back. But Christ taught that vengeance was his, and that he would repay. This was a good hint to them in authority that they could not get their vengeance here on earth, but that they would have to stand for a settlement once in a while. You can listen at any doughboy talk for five minutes, and maybe he will call the name of some officer in his regiment or company and remark that the boys would have gone through hell if need be for him, and almost in the same breath they will call another officer names that are not fit for the New York underworld to print, and maybe end with the declaration that it is going to be hot times if they ever happen to meet. Now why in the name of Tom Johnson could not all the officers had the good will of the men under them—it would have been just as easy, and their lives not jeopardized, and their conscience not burdened after demobilization.

Race riots seem to be the order of the day all over the United States, having started at Longview, Texas and have now spread to the nation's capital, Chicago, and possible to other places. And nearly every doughboy that we have talked with that went to France has been predicting these riots, for the simple reason that the French women had little enough respect for themselves to go with our negro bucks that went over in the U. S. army, and some of the doughboys go so far as to say that the French women would quit a nice white boy to go with the blacks. And now Mr. Blacks thinks he can come home to America and force his reception and odor upon the de-

cent white people of America. We know just what will happen to him in the south, and believe the people of the north are at last waking up to the dangers of race amalgamation—but our advice to Chicago and other northern cities would be to keep the whites and blacks separated in their schools, as well as on the beaches, and make the negro tip his hat to white folks like they do in the south, and the few negroes they have will soon learn what is what, even if they have to employ the remedy that our ambassador to the Germans that we aimed to use on unloyal Germans in this country, of German birth—the lamp post route. We have a great deal more respect for a good black negro that attends to his own business than we have for a brutish white man that will stand up and say that the negro race is the equal of the white race in any way you may take it. Anyone that has ever lived among negroes know that they lack a great deal of being the equal of the white race in intelligence or in looks, and recent examinations for our national army shows that they do not hold up to the white standard in a physical test. Just be patient till a few more of these stunts are performed, and Mr. Nigger will either settle down and go to work or go back to France where the people do not care where they are a race of pure blooded caucasians, or a mongrel race of the second class. But for the lord sake, while we are enjoying a piece of mind here in old Terry, with not a black closer than Lubbock—we wish we could say Halifax—let's do all we can to keep them away where they do love 'em.

Suffering Described As Torture Relieved by Black-Draught.

Rossville, Ga.—Mrs. Kate Lee Able, of this place, writes: "My husband is an engineer, and once while lifting, he injured himself with a piece of heavy machinery, across the abdomen. He was so sore he could not bear to press on himself at all, on chest or abdomen. He weighed 165 lbs., and fell off until he weighed 110 lbs. in two weeks.

He became constipated and it looked like he would die. We had three different doctors, yet with all their medicine, his bowels failed to act. He would turn up a ten-cent bottle of castor oil, and drink it two or three days in succession. He did this yet without result. We became desperate, he suffered so. He was swollen terribly. He told me his suffering could only be described as torture.

I sent and bought Thedford's Black-Draught. I made him take a big dose, and when it began to act he fainted, he was in such misery, but he got relief and began to mend at once. He got well, and we both feel he owes his life to Thedford's Black-Draught."

Permitting Prisoners to Share in the Net Proceeds From the Penitentiary System

House Joint Resolution No. 38.

Proposing an amendment to Article 16 of the Constitution of the State of Texas, by adding a new Section thereto to be known as section 60; providing that the Legislature shall have power to enact laws authorizing a division of the net proceeds arising from the operation of the prison system of this State between the State and prisoners confined in the Penitentiary or their dependents; providing for the submission of a vote of the people, and making appropriation to defray the expenses of such election.

The Legislature shall have power to authorize a division of the net profits arising from the operation of the prison system during any one fiscal year between the State of Texas and the prisoners confined in the Penitentiary during said fiscal year or any part thereof, or their dependents in such proportion as the Legislature may determine, not to exceed fifty (50) per cent to such prisoners or their dependents.

Those voting against its adoption shall have written or printed on their ballots the following: "Against the amendment to article 16 of the Constitution authorizing a division of the net proceeds of the prison system of this State between the State and prisoners confined in the Penitentiary or their dependents." New Boiler for Tahoka Oil Well

The long looked for boiler for the power plant at the oil derrick of the Tahoka Oil & Gas Co. arrived last Wednesday, and the drilling will be resumed as soon as it can be installed, which will be Thursday or Friday of this week.

J. N. Adams and son, Tull, took the contract to haul the large boiler from the car to the derrick, and with their six big mules and a brand new wagon, took it safely to its destination yesterday morning. The combined weight of the boiler and smoke stack was 9,931 pounds.

The boiler had been ordered from Tulsa, Okla., for several weeks and its delay in shipment has caused considerable anxiety on the part of the promoters and the well drillers, who were forced to discontinue work until it came.

People interested in oil developments in Lynn county may now expect to hear of something good when once more the big drill begins to wend itself downward into old mother earth. The well has reached a depth of 2,350 feet when drilling operations came to a stand still several weeks ago.—Lynn County News.

Big Land and Cattle Deal

Probably one of the largest deals this season was made recently when Geo. C. Wolfarth and W. L. Elwood of this place, traded holding of about seven thousand acres or more located near Littlefield, and eleven hundred head of cattle, for east Texas property.—Lubbock Avalanche.

Mrs. Gertrude McGuire, of Gilliland, Texsa, arrived this week, and will spend some time with her parents, Mr. and Mrs. J. C. Lewis, and of course like most of the ex-Terryites, likes to be here on the annual picnic occasions.

Constitutional Amendments

Read carefully the six constitutional amendments now running in the News, to be voted on next November. These amendments are running in each newspaper in each county in the State. Where there are two or more paper in the county the amendments are equally divided. The News being the only paper in Lynn County, was permitted to print the whole six.—Lynn County News.

Same here folks, and all people that are qualified voters should not only read, but should study them, so that they can vote intelligently upon them, and not have for an excuse that you did not understand them was the reason you blacked them, though admitting at the same time that some of them possibly possessed merits and should have carried. A Mexican or a Negro is able to give the same excuse. We believe if we did not have some semblance of an understanding of anything we were called upon to vote on we would stay at home, for we might vote against something that would not only benefit ourself, but the entire people.—But in the meantime, how are we going to spend all this money we are going to get for publishing them, Haynes? Shall we cook a big goose.

No Beer, More Milk.

One leading city of the southwest formerly had extensive brewing interests, and being a distributing center for the principal stock raising sections of Texas. With the coming of prohibition, the beer plants were paralyzed temporarily, until an ingenious brewer converted his malt factory into a milk depository, and distributing agency. Now other of the brewers are operating as emergency dairies, with the result that many people who used to drink beer are finding the wholesomeness in an abundance of milk.

Washington—Of the \$464,000 appropriation in the Agricultural Bill, for destruction of predatory animals \$250,000 will be spent in Texas, members of congress from that state have been informed by the department of agriculture officials. Montana Cattle Want Grass

Montana is drouth stricken and according to information which has reached various parts of New Mexico this week, the cattle industry of that great State is in jeopardy.

Inquiries are touching every locality in New Mexico a view to determining just how much grass can be procured and where the great northern herds can be unloaded.—Cloviss (N. M.) Journal.

Well, a turn about is fair play, provided both parties play fair. At this time last year, Montana and other of the northwestern states were taking big herds from Texas, and now that we have abundance of good grass, and they have the ruinous drouth with them, Texas and New Mexico should find room for their cattle.

WHAT ABOUT THE CHILDREN?

Are the people of Texas going to continue allowing their children to fall heir to all sorts of constitutional defects, merely because of the lack of knowledge of the means of preventing the acquirement and spread of communicable disease? The State Tuberculosis Sanatorium, Carlsbad, has prepared an excellent little pamphlet,

gotten up attractively in colors, entitled "Communicable Diseases Among School Children." The propaganda department of the institution hopes to get a copy of this pamphlet into the hands of every primary grade teacher, during the fall term of 1919. The pamphlet is intended for parents as well.

Among others things, it is hoped that this pamphlet will help establish the falsity of the old notion that children should be exposed to such dangerous diseases as Mumps, Measles and Whooping Cough "To get it over with." Measles and whooping cough both are apt to leave certain organs of the body—the heart, kidneys, lungs—in impaired condition, so that other disease finds a ready lodgement. Ofttimes the eyes are affected. Because a child can be very sick, yet complain little, it is thought that these diseases "go harder" with the grown person. The grown person can better afford to take the chance of after disease than can the child, because the former's immunity to many diseases is established, whereas that of the child is not.

Prevention is better than cure.

The Business Hypocrites

You know it is right difficult to get people to believe that a man is interested much in Lamesa when he sends all his printing out of town or orders everything he can from mail order houses. It is like the hypocrites in the church. He is just as much a hypocrite as the professed christian that goes to Sunday School and church and runs with the devil during the week days. A business hypocrite and a religious hypocrite are exactly the same—Lamesa Reporter.

Lamesa is not the only place that people send out of town for their printing. Right here in Lubbock, where there is a printing plant that is equipped for turning out anything that is printed, some people have an idea that if it is printed at the home office that will not be as good as if printed in some city shop. As a result they often get inferior printing—printing that they would not accept if the home printer delivered it to them, but they look upon it and call it good if it comes from an out of town shop. Strange but true, these people expect the local newspaper to boost 'em every step in the road, which we meekly do, for the sake of home-town loyalty and see the other fellow get the grapes. Some of them say we cannot print as cheaply as the out of town man—how they know, we cannot tell, for they have never given us a chance, and if they have, they have just placed a small order that will run them "till our order comes in", and expect it to be at the same rate that the fellow filled the 100,000 order for. Business hypocrites. As a general rule, however, Lubbock business people are loyal to the Avalanche, and

with few exceptions we get the lion's share of their printing business, for which we are thankful.—Lubbock Avalanche.

Nor is Lubbock the only place that sports a few of this gentry, for Brownfield has them—yea we have them that do not even take the trouble to see whether we can do the job or not. This is very encouraging to a printer that is working, planning and sweating to install a modern print shop to take care of the printing business of the town. And right here at these mail order business hypocrites' place of business is where you will hear the most about the farmers of the trade territory ordering from mail order houses, and they are the very bucks that expect you to say the hardest things about people that are using the mail order methods. Yet we must admit, like the Avalanche, that the big percent of the business men of Brownfield have us do all their printing.

Stolen Cattle.

About two weeks ago a car of cattle was shipped from Gage by a man giving his name as H. Teal. Later it was discovered the cattle were stolen from Green Bros. ranch just over the state line in Texas, and last Saturday the Texas officials arrested H. C. Thomas of Shuttock, as being implicated in the deal. On Monday Sheriff Bradshaw arrested Harve Everett of near Catesby, as one of the guilty party. He was lodged in jail at Arnett to await his preliminary trial. Thomas gave bond and was released. There are others supposed to be connected with the stealing and more arrests are to follow.—Gage (Okla.) Republican Record.

CONSTITUTIONAL AMENDMENT

Relating to Confederate Pensions and Increasing Tax Rates for the Payment of Same.

House Joint Resolution No. 35.

Proposing an amendment to Section 51 of Article 3, of the Constitution of the State of Texas to provide that the Legislature may grant pensions to Confederate Soldiers, sailors, or their widows, who have been citizens of Texas prior to Jan. 1st 1910, providing that all soldiers, sailors or their widows eligible under the provisions hereof shall be entitled to be placed upon the rolls and participate in the pension fund cre-

ated hereunder; levying a tax of seven cents (\$.07) on the \$100.00 valuation of the property in this State for the payment of such pensions, providing that the Legislature may reduce the rate of pensions for such purposes fixing a time for the election to be held on such amendment, and making appropriation to pay the expenses thereof.

Be it resolved by the Legislature of the State of Texas:

Sec. 1. That Section 51, of Article 3 of the Constitution of the State of Texas shall be amended so as to hereafter read as follows:

Sec. 51 The Legislature shall have no power to make any grant or authorize the making of any grant of public money to any individual, association of individuals, municipal or other corporations whatsoever provided however, the Legislature may grant aid to indigent or disabled Confederate soldiers and sailors, who came to Texas prior to Jan. 1, 1910, and to their widows in indigent circumstances and who have been bona fide residents of the State since Jan. 1, 1910, and who were married to such soldiers or sailors prior to Jan. 1, 1910, and to indigent and disabled soldiers, who under the special laws of the State of Texas during the war between the States served in organizations for the protection of the Frontier against Indian raiders or Mexican marauders and to indigent and disabled soldiers of the militia of the State of Texas who were in active service during the war between the States and to the widows of such soldiers who are in indigent circumstances and who were married to such soldiers prior to Jan. 1, 1910, provided that the word "widow" in the preceding lines of this section shall not apply to women born since the year 1866, and all soldiers and sailors and widows of soldiers and sailors eligible under the above conditions shall be entitled to be placed upon the pension rolls and participate in the distribution of the pension funds of the State under any existing law or laws hereafter passed by the Legislature, and also to grant aid for the establishment and maintenance of a home for said sold-

iers and sailors, and their wives and widows and women who aided in the Confederacy under such regulations and limitations as may be provided by law, provided the Legislature may provide for husband and wife to remain together in the home. There is hereby levied in addition to all other taxes heretofore permitted by the Constitution of Texas a State ad valorem tax on property of seven (\$.07) cents on the \$100.00 valuation for the purpose of creating a special fund for the payment of pensions for service in the Confederate army and navy, frontier organizations and militia of the State of Texas and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided the Legislature may reduce the tax rate herein levied. And providing further, that the provisions of this section shall not be construed so as to prevent the grant of aid in cases of public calamity.

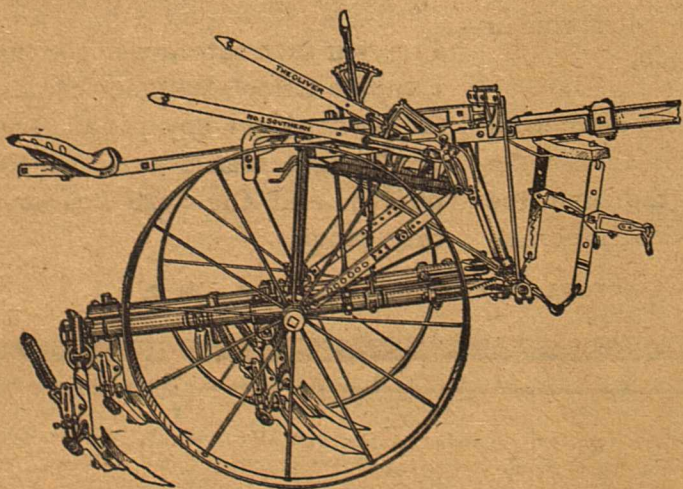

Sec. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified voters of this State at an election to be held on Tuesday after the first Monday in November, A. D. 1919 at which all voters shall have written or printed on their ballots. For amendment to Section 51, Article 3 of the Constitution authorizing the Legislature to grant aid to Confederate soldiers and their widows, who have been residents of this State since January 1st, 1912, and against amendment to Section 51 of Article 3 of the Constitution, authorizing the Legislature to grant aid to Confederate soldiers and their widows.

Sec. 3.
